We are requesting a CPI increase beginning September 1, 2022. Using the all items city average and urban consumers method from June 1, 2021 to June 1, 2022. For this period the CPI was 9.1 percent. This would be a \$ 4.10 per ton increase. Thanks for your consideration as operating costs have gone up substantially ex. fuel, insurance and labor.

Thank you,

Gerald Lourenco
