

It's a New Day in Public Health.

The Florida Department of Health works to protect, promote, and improve the health of all people in Florida through integrated state, county, and community efforts.

Emergency Medical Services Grants

Section 401.113, Florida Statutes, gives authority to the Florida Department of Health to dispense funds contained in the Emergency Medical Services (EMS) Trust Fund to counties via county, matching, and rural grants. These grants are to improve and expand prehospital emergency medical services in the state. Funds deposited into the EMS Trust Fund are dispensed annually as follows:

County Disbursements

Forty-five (45) percent of the monies are divided among Florida's 67 counties according to the proportion of the combined amount deposited in the trust fund from the county. These funds may not be used to match grant funds.

Matching/Rural Grants

Forty (40) percent of the monies are available to local agencies, municipalities, emergency medical services organizations, and youth athletic organizations for the purpose of conducting research, increasing existing levels of emergency medical services, evaluation, community education, injury-prevention programs, and training in cardiopulmonary resuscitation and other lifesaving and first aid techniques.

- **Matching Grants:** Ninety (90) percent of the monies are available on a cash matching basis. Matching grants are contingent upon the recipient providing a cash sum equal to 25 percent of the total grant amount approved by the Department. For example, if an agency is awarded \$10,000, the Department would provide \$7,500 (75%) to the agency and the recipient's required contribution would be \$2,500 (25%).
- **Rural Grants:** Ten (10) percent of the monies are available to rural EMS agencies. These monies may also be used for improvement, expansion, or continuation of services provided, and may require up to a 10 percent match.

2024-2025 EMS County Funds

Paragraph (a) of Subsection 401.113(2), Florida Statutes
(http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=0400-0499/0401/Sections/0401.113.html)

ANNOUNCEMENT: Fiscal Year 2024-2025 EMS County Funds will be distributed directly to each county's Board of County Commissioners by direct disbursement. This process does not require counties to submit a grant application or a Board of County Commissioners resolution. EMS county funds will be distributed starting in December 2024. Once the Board of County Commissioners receives the funds, they will have the authority to distribute the funds as they see fit to improve and enhance prehospital care in their jurisdiction.

Reporting Requirements

- **FY 2024-25:** Counties will not be required to submit quarterly and final reports to the Department regarding EMS county funds received through this process. Record-keeping for these funds will be solely the responsibility of the recipient.
- **FY 2023-24:** Counties are still required to submit quarterly and final reports on funds received in earlier funding cycles and must expend all funds from those awards prior to the end of their current Memorandum of Agreement.

Upcoming Informational Session

The Department will host an informational session on Tuesday, December 10, 2024, from 9:00 a.m. to 12:00 p.m. EST to outline the new county disbursement process. All agencies are encouraged to participate.
