Re: Key No 1314839

Section 33, Township 23, Range 19 East

File No 1493948 – Class D Subdivision

Dear Board of Hernando County Commissioners,

Today, we were denied our request to create a Class D subdivision of 2 parcels, because it is not a parent parcel. We are petitioning the county for relief of hardship, as we have run into financial and medical struggles. Our business has been failing steadily over the past year or so, and it has become difficult to make ends meet. Selling a portion of our property is the only way for us to rectify our situation. On top of an already difficult situation, it was determined that my husband has generalized atrophy of the brain, and we are trying to navigate through.

Please reconsider and approve our property split. We do not want to have to sell our entire property and move elsewhere. We have an amazing group of supportive neighbors and want to stay where we are.

We appreciate your consideration!

Sincerely,

William and Debra Goldman
