

APP-0548

Information

Application Number	APP-0548	Legislative Appropriation Program	Hurricane Idalia Legislative Appropriation Program
Agency	Hernando County	Status	New
Primary Contact	Michelle Miller	Alternate Point of Contact	
County	Hernando	Fiscally Constrained County	<input type="checkbox"/>
Project Type	Other	Determination Memo	No
Scope of Work	Debris Collection for Hurricane Idalia. Hernando County has pre-positioned contracts for Debris Collection; however, the debris collection contracts were amended in February of 2023. In recent communications with Grants Compliance with the Florida Division of Emergency Management, the compliance team recommended that the debris collection and monitoring were not allowable actions under the FEMA Public Assistance Program since the amendment was considered a cardinal change and altered the scope of work in the original executed contracts. Therefore, the County is seeking reimbursement for costs already expended for debris collection in response to Hurricane Idalia.	Applicant has 50/50 Match	Yes
Eligibility for Other Programs	The County is continuing to work with FEMA to validate whether the change to the contract is considered a cardinal change and will provide updates to FDEM upon receiving confirmation.	Estimated Request Amount	\$107,720
