Letter to appeal the denial a. Class D-Subdivision

To Whom It may Concern,

This letter ~~ist~~ is to appeal the denial of the Class D-Subdivision on my property. This is a petition for relief from a hardship.

The Subdivision would split into two parcels. Both parcels have access to County maintained rd (Culbreath) via Private Rd. Both Proposed lots will have at least the minimum of 15ft. easement.

There would be two parcels if approved. One will be two Acres with Home, the other will be two acres and three quarters. Vacant land, which has garages/out buildings will be host of new Home/dwelling.
