TITLE

Utilization of U.S. Communities Contracts and Agreements With Various Vendors for Purchase of Services and Supplies by County Departments

BRIEF OVERVIEW

On October 25, 2011, Hernando County Purchasing and Contracts was awarded use approval of US Communities Term Contracts (MT5813) to streamline the procurement process.

Hernando County Code of Ordinances, Article V, Purchasing Regulations/Procurement Section 2-108 Bidding Procedure paragraph c.2 allows "*The purchase and/or leasing of goods, supplies, materials or services for county use from a valid current continuing contract or from other valid current continuing contracts with the State of Florida or other local governments or similar entities, including but not limited to associations acting on behalf of state, county or municipal officials.*"

U.S. Communities is the leading national cooperative purchasing program, providing world-class government procurement resources and solutions to local and state government agencies, school districts (K-12), higher education institutions, and nonprofits looking for the best overall supplier government pricing. The list of awarded, competitive let contracts has expanded since 2011.

Hernando County Purchasing and Contracts would like authorization from the Board of County Commissioners to approve use of the U.S. Communities Contracts and Agreements annually. Multiple County-wide departments will be utilizing these contracts.
