MPO Board - Adoption June 4, 2026

Priority #	FPN (If Applicable)	Project Name	From	To	Jurisdiction/Area	Status of Application	Consideration Factors(s)						
							Proximity to School(s)?	Proximity to Commercial and/or Transit	Approximate Length	Estimated Cost	Funding Source(s)	Project Ready to Receive Funding (Y/N)	Right-of-Way Acquisition Needed/Proposed?
1	450592-1	California St. / Powell Rd. - Sidewalk	Spring Hill Dr. / California St.	Powell Rd./Rowan Rd.	Hernando County	Application Submitted 2022; Per FDOT PE funded last cycle for FY27	Yes	Yes	.95 mile	\$584,000	Transp Alt Funds	Yes	No
		<i>Excerpt from submitted application:</i> Along California Street between Spring Hill Drive and Powell Road, the Hernando County School system has a bus complex, high school and elementary school. There are residential areas located proximate to the complex and the added sidewalk will provide better/safer pedestrian access to the schools as well as some of the commercial businesses in the area. A sidewalk along California Street from Powell Road to Sandusky has been constructed, and from Spring Parkway to California Street along Powell Road. A sidewalk is also constructed along Spring Hill Drive.											
2		N Independence Hwy-PS/Sidewalk ( <u>Design Only per Committee Recommendation 4-23-26</u> )	E Gulf to Lake Hwy (SR 44)	N Florida Ave (US 41)	Citrus County	Application Submitted 2025	No	Commercial at each end; no transit proximity	2.4 miles	\$5.29 Million	Transp Alt Funds		No
		<i>Excerpt from submitted application:</i> The sidewalk will connect to an existing pedestrian facility along SR44 and extend to US41 with an interconnection to a current and recently rehabilitated Rails to Trails facility. The surrounding neighborhood is currently growing and mostly residential in nature with Commercial establishments at the North and South ends (US41 & SR44; respectively). Anticipated improvements include the construction of a five (5) to six (6)-foot-wide concrete sidewalk within the existing rural section right of way (ROW). Due to existing ROW limitations, the sidewalk may need to be constructed along alternating areas along the road; as such, closed drainage, lighting and ped-crossing improvements may be required. Maintenance would be responsibility of Citrus County and/or City of Inverness for respective jurisdictional areas. School bus stops exist along the Independence. Should homeowners be solicited for public support?											
3		Sunshine Grove Rd. - Sidewalk	Ken Austin Pkwy.	Hexam Rd.	Hernando County	Application Submitted 2022	Yes	Yes (Transit)	1.38 miles	\$1.07 Million	Transp Alt Funds		No
		<i>Excerpt from submitted application:</i> There is a school complex on Ken Austin Parkway which includes an Elementary, Middle and High School. There is a signalized intersection at Ken Austin Parkway and Sunshine Grove Road. A sidewalk has been constructed on the west side of Sunshine Grove Road from Cortez Blvd to Ken Austin Parkway, and a small piece on the west side from Ken Austin Parkway to Sun Road. This project would complete the sidewalk along the entirety of Sunshine Grove Road providing pedestrian access into the school complex. Ownership and maintenance of sidewalk is responsibility of Hernando County. On 4/23/26, Transit Administrator Darlene Lollie noted the implementation of a bus route on Sunshine Grove Road resulting in proximity to transit for a consideration factor.
