RE: Permit Extension Request
Project Name: Avalon West Phase 2
Permit Number: 1438453

Dear Alaina,

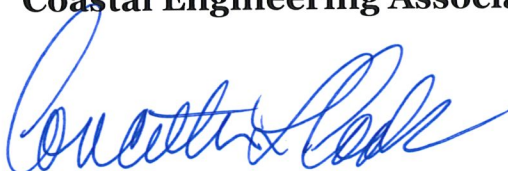

Per the July 13, 2022, letter from the Hernando County Planning Department approving the project for construction attached hereto, construction of the project is to start and be completed by July 13, 2023, and January 13, 2024, respectively.

Since the time of the above approval, due to the delay caused by financial market changes, we are requesting a twelve-month time extension to start the Avalon West Phase 2 project.

If you have any questions, please feel free to contact me at the number listed below.

Sincerely,

Coastal Engineering Associates, Inc.
