VARIANCE INFORMATION

A variance is a request to deviate from the strict application of the provisions of the zoning ordinance in order to proceed with a proposed development. Upon submittal of a completed application, the administrative official shall review all variances based on the criteria listed below. **Please check the criteria that applies to your request:**

- Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district.
- The special conditions and circumstances do not result from the actions of the applicant.
- The requested variance will not be detrimental to the development pattern in the neighborhood.
- The requested variance will enable the petitioner to avoid building in the flood plain.
- The requested variance will enable the petitioner to protect one or more specimen trees.
- The requested variance is the result of a development plan proposing a more efficient and safe design through an access management plan approved by the development review committee.
- The requested variance is for a front yard corner lot and will not have any adverse impact on the established development pattern of the adjacent lots.
- The requested variance is for an addition for a building with an existing portion already encroaching into the yard and will not extend past a line established by the existing encroachment running parallel to the lot line.
- The requested variance will further the reconstruction, rehabilitation, or restoration of structures listed in or classified as contributing to a district listed in the National Register of Historic Places, the Local Register of Historic Places, or the State Inventory of Historic Places.

The administrative official shall, following review of the request, issue a notice of intent, for either the approval or the denial of the variance.

(a) If the notice of intent is to approve the variance, a mailing shall be issued to the property owners within five hundred (500) feet of the property under consideration for the variance. This notice shall indicate that it is the administrative official's intent to approve the requested variance fifteen (15) calendar days after the date of the mailing if no appeal is filed.

(b) If no appeal is filed within fifteen (15) calendar days objecting to the administrative official's decision to approve the variance, the decision shall stand. If an appeal is filed by 4:30 pm on the fifteenth day, the administrative official shall schedule a public hearing for the governing body to hear the application for the variance.

(c) If the administrative official's intent is to deny the requested variance, the administrative official shall send notification letters to the applicant and the property owners within five hundred (250) feet of the property under consideration for the variance, indicating the administrative official's intent to deny the variance.

(d) If no appeal is filed within fifteen (15) calendar days objecting to the administrative official's decision to deny the variance, the decision shall stand. If an appeal is filed by 4:30 pm on the fifteenth day, the administrative official shall schedule a public hearing for the governing body (board of county commissioners) to hear the application for the variance.

If a public hearing before the Board of County Commissioners is scheduled, the Zoning Division shall, after setting a date for the Public Hearing:

- (a) Prepare the required legal notice for publication in the local newspaper.
- (b) Mail a notice of the upcoming public hearing to all owners of property within 250 feet of the boundaries of the subject property.
- (c) Petitioner or representative will pick up the required signage for posting of the subject property.
 1. The petitioner shall post the property with sign provided by the Zoning Division at least fifteen days prior to the scheduled public hearing.
 2. After posting the sign, the petitioner will sign an affidavit certifying he has met the requirements of Item 1. above.
 3. The sign posting affidavit shall be delivered to the Zoning Division at least seven days prior to the scheduled public hearing date.
 4. The sign is to remain posted on the property until after the scheduled public hearing.

The Board of County Commissioners (BCC) has final authority for granting or denying requests for variances. The BCC may specify conditions for the granting of a variance.

A dimensional variance runs with the land: A dimensional variance applies to the property for which it is granted, and not to the individual who applies for it. A dimensional variance is transferable to any future owner of the land, but it cannot be transferred by the applicant to a different site.

A variance shall not be granted to allow a use not otherwise permitted in the zoning district.

An aggrieved party may appeal a final administrative order of the governing body to the circuit court. Such an appeal shall not be a hearing de novo but shall be limited to appellate review of the record created before the governing body. An appeal shall be filed within thirty (30) days of the execution of the order to be appealed.
