Brooksville, FL 34604

RE: Funding Allocation and Interlocal Agreement

Dear Mr. Rogers,

It is our understanding that the County has appropriated up to \$75,000 to fund their portion of the South Brooksville Community Redevelopment Agency's first plan. We would request that the attached interlocal agreement be approved by County Commissioners and that the city take the lead as before and enter into a piggyback from the City of Sebastian (attached) to contract with Inspire Placemaking Collaborative, who prepared the Finding of Necessity for the South Brooksville area. Also attached is an outline for the subject matters to be addressed by the study and the number of anticipated meetings with the consultant.

Your staff member Haydee C. Padin Alvarez can address any questions you may have.

Sincerely,

John Mitten
Chairman
