DATE: 3/11/24

TO: Gina Grimmer
Hernando County BOCC

FROM: Mike Brown

SUBJECT: Design and construct 999 foot extension to Runway 9/27
Brooksville - Tampa Bay Regional Airport

CONTRACT NUMBER: G1G22

AMENDMENT NUMBER:

FINANCIAL MANAGEMENT NUMBER: 445742 -1

The Public Transportation Grant Agreement ("Agreement") between the Florida Department of Transportation ("Department") and Hernando County BOCC ("Agency"), dated 01/24/2020, is scheduled to expire on the 30 day of June, 2024.

The Agency requests an Amendment of the Agreement, to extend the end date of the Agreement to the 30 day of June, 2025, for additional time to complete the Project for the following reasons: The FAA is requiring an AGIS survey be performed for Safety Critical data collection and Obstruction analysis, Vertically Guided Approach Obstruction Surfaces and PAPI OCS/LSCS surfaces for the proposed 09/27 runway extension. The survey was performed, but rejected by the FAA due to faulty camera imaging. The contractor rescheduled, but by that time it was determined it was too late in the season to show full leaf coverage. The survey has been rescheduled for the end of March. We're anticipating the entire process to be completed by October at the latest.

Additionally, an Environment Assessment is being funded with this grant and there continues to be federal agency coordination associated with the forecast of aviation activity and subsequent justification of the project before approval is granted. The time period for resolution of this critical process is a minimum of 6 months.

The Department agrees to the requested extension of the Agreement. All of the terms and conditions of the Agreement and any amendments thereto shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties have executed this Amendment on _____ (to be completed by Department).
