Questions for Hernando County Development Services
Department & Trimcor Construction of Florida

Base line calculations of the rainfall runoff for undeveloped property 100 & 500 year events?

What type of rainfall retention structures are planned, if any?

Bug control if a pond?

Screening between properties?

What type of sustainable concepts have you incorporated to maintain property over time to prevent depletion of natural or physical resources, so they remain for years to come?

What are the Set backs for the proposed project if approve?

Has or will an impact study been done? Can we get a copy?

What does the county look at to make the determination to change from AG to PDP with deviations?

Do you have a plan of action for the inhabited wildlife/tortoises that are known to reside there?

What are the deviations for this project?

Forest Glenn Co-op

We, the below residents of Forest Glenn Community oppose of the change from AG to PDP (Multi-family with deviations) for the following reasons, but not limited to - height of structures, lighting, noise, storm water runoff, structures looking down over the entire park with no care for personal privacy.
