Subject: Re: INC-52308 - Fleet RTA Solution Review

Hi Brenda,
This has been reviewed by our development and security teams, this has been approved.

Ticket: <https://hernandoclerk.freshservice.com/helpdesk/tickets/52308>

Brenda has a solution pending IT approval in OpenGov/ProcureNow that requires IT Approval for County Attorney.

This is a cloud hosted solution, the vendor will convert all work order history and the vendor advised they will integrate with a fuel vendor the county chooses, and the telematics company the county currently uses.

Please review for security approval. Franki and George have already reviewed and have no concerns
