

**PROCLAMATION NO. 2022-2**  
**Declaration of State of Local Emergency**

**WHEREAS**, there exists the present threat of a major disaster from natural causes; and,

**WHEREAS**, it is incumbent upon Hernando County, Florida, a political subdivision of the State of Florida, to take every measure to ensure the safety and well-being of its citizens and their property located in Hernando County; and,

**WHEREAS**, Hernando County has enacted an Emergency Plan pursuant to Florida Statutes; and in support of such plan, it is necessary that the departments, agencies, and services of Hernando County make effective preparation to discharge emergency responsibilities for management of several conditions of possible disaster and to promote rapid recovery from the effects thereof; and,

**WHEREAS**, it appears imminent that **TROPICAL STORM NICOLE** will make landfall somewhere in the State of Florida and due to the attendant weather conditions associated with **TROPICAL STORM NICOLE**, it is likely to bring heavy rains and winds which can result in flooding, severe wind damage, high storm surge and spawn possible tornado activity; and,

**NOW, THEREFORE**, pursuant to the powers vested in me by Chapter 252, Florida Statutes and the Hernando County Code, Article XII, § 21-201 through 21-210, I, Steve Champion, Chairman of the Board of County Commissioners of Hernando County, Florida, proclaim and declare as follows:

**SECTION 1.** A state of local emergency is hereby declared due to the likelihood that **TROPICAL STORM NICOLE** will bring heavy rains and winds which can result in flooding, severe wind damage and spawn possible tornado activity; and

**SECTION 2.** This State of Local Emergency is declared for a period of seven (7) days from the date of this proclamation, and may be altered or rescinded during the continued or threatened existence of the local emergency by the issuance of subsequent directives or orders by myself or my designee.

**SECTION 3.** During this State of Local Emergency, Hernando County may impose any and all emergency powers and restrictions enumerated herein and in its Emergency Plan which emergency powers and restrictions are incorporated, but not limited to herein by reference and made a part hereof, to wit:

(1) Prohibit or regulate the purchase, sale, transfer, or possession of explosives, combustibles, or alcoholic beverages;

(2) Prohibit or regulate any demonstration, parade, march, vigil or participation therein from taking place on any public right-of-way or upon any public property;

(3) Prohibit or regulate any sale or use of gasoline, kerosene, naphtha or any other explosive or flammable fluids or substances, but may allow the delivery of such into a tank properly affixed to an operable motor vehicle, bike, scooter, boat, or airplane and necessary for the propulsion thereof;

(4) Prohibit or regulate the possession of any portable container containing gasoline or other flammable or combustible liquid;

(5) Prohibit or regulate the participation in or carrying on of any business, activity, and the keeping open of places of business, places of entertainment, and any other place of public assembly when such activities may negatively impact public health, safety and welfare;

(6) Prohibit or regulate travel upon any public street or highway or upon any other public property. Persons in search of medical assistance, food or other commodity or service necessary to sustain the well being of themselves or their families may be exempted from such prohibition or regulation;

(7) A curfew upon all or any portion of the county prohibiting persons from being on public streets, highways, parks or other public places during the hours the curfew is in effect;

(8) Prohibit state and/or local business licensees, vendors, merchants and any other person operating a retail business from charging more than the normal average retail price for any goods, materials or services sold during a declared state of local emergency. The "average retail price," as used herein, is defined as that price at which similar goods, materials or services were being sold during the ninety (90) days immediately preceding the declared state of local emergency. If the wholesale price or the cost of obtaining the goods, materials or services has increased as a direct result of the local emergency, the average retail price may be increased, but only to the degree that the maximum increase in retail price shall be less than or equal to the amount representative of the average mark-up between the wholesale and average retail price for any goods, materials or services during the ninety-day period immediately preceding the declared state of local emergency;

(9) Prohibit any person, firm, or corporation from using the fresh water supplied by public water systems for any purpose other than cooking, drinking or bathing.

**SECTION 4.** By appropriate proclamation, decree, directive, or other lawful order, the County acting through its officers, employees, agents and through the Sheriff's Department of Hernando County, may take any other necessary actions required to cope with the conditions related hereunder.

**SECTION 5.** All departments and agencies of Hernando County shall perform emergency functions as designated in the promulgated Emergency Plan, and shall make available other resources of such departments and agencies as necessary to effectuate this Proclamation.

**SECTION 6.** This Proclamation may be extended by separate action of the Chairperson, or other authorized person, upon continuing emergency conditions.

**IN TESTIMONY WHEREOF**, I have hereunto set my hand and caused this Proclamation to become effective November 7, 2022 and through November 16, 2022 at 3:00 p.m., in Brooksville, Hernando County, Florida.
