RE: RFP No. 22-R00049/TPR – LOBBYING SERVICES

Dear Mrs. Brady:

Sunrise Consulting Group (“SCG”) is pleased to reply to the Hernando County Government’s (“County”) RFP for Lobbying Services. SCG has been providing state government consulting services to Florida’s local governments for over 20 years. Through your review of our narratives enclosed with this RFP response, you will see SCG is a firm that specializes in Florida’s local governments, and has a great track record of success in providing the same lobbying services described in this RFP to our local government clients. We feel strongly that our response to this RFP will convey our interest and result in a meaningful presentation, conversation and a continued relationship. SCG will assist Hernando County Government with its interactions with Florida state government. Our firm currently has the privilege of achieving success for Hernando County and you can feel secure in knowing that the County will be represented by a firm that is well respected in Tallahassee.

SCG’s highest priority will be to continue to elevate the County’s relationships with Florida’s lawmakers, not just in the Hernando County delegation, but with key lawmakers statewide. This will continue to allow the County’s needs to remain first and foremost on these elected officials’ agenda. So that the right message is delivered at the right time, we will collaborate directly with the elected Board of County Commissioners, the County Manager, Deputy County Manager and other staff as directed to ensure that all issues of concern are addressed in a forward-looking strategic plan. This approach will work to identify, support, oppose, and amend initiatives that may impact the County.

Whether we are in Tallahassee or in legislators’ district offices, we are unwavering in our pursuit to educate, inform and drive the conversation. It is with this same strategy that we will present the unique issues of one of Florida’s fastest growing counties.

In order to advance the County’s priorities, we would be honored to continue to serve as the County’s key partner as the County navigates the corridors of government power. Leaning on SCG’s key relationships will put the County in the best position to achieve its goals. It is with great enthusiasm that we submit this proposal. We look forward to a partnership with the County, serving the citizens of Hernando for years to come. Please do not hesitate to reach out to me at the number below.

Scincerely,

Shawn Foster, President

Executive Summary

Sunrise Consulting Group (“SCG”) is a specialty lobbying firm focusing on the needs of Florida’s Local Governments. Not just school boards, municipalities, or special districts, but SCG has had the privilege of representing county governments as well. SCG has represented county governments not just in front of the Florida Legislature, but in front of the Governor and executive branch regulatory agencies, as well. We are headquartered in New Port Richey, with offices and staff one block away from the Florida State Capitol, in Tallahassee.

With more than sixty years of combined legislative and executive lobbying, general government affairs, and campaign experience, we bring a unique perspective and deep relationships that give us a time-tested understanding of the political process in Florida. Our team is experienced, and always involved, keeping SCG, and therefore our clients, abreast of the continuous happenings within Florida state government.

Through our representation of local governments, we know that agencies are always in exploring opportunities to improve the services provided to citizens, and that will be of the highest priority for an agency like Hernando County Government. Having SCG as the county’s advocate puts the county in the best position to immerse itself in the numerous and complex fiscal policies that affect the availability and potential expenditure of state dollars on Hernando County’s budgetary needs. SCG is a firm that specializes in helping our local government clients achieve success in their appropriation requests. This is supported by our track record of over \$450 million in legislative requests appropriated by SCG’s clients since our inception.

Assisting our clients explore and secure funding opportunities is just one part of the value the SCG will provide to the County. We at SCG seek to serve the county as a resource deeply integrated into the County’s operations. SCG can be relied upon to help the County with its relationships with other local governments, local government stakeholders and associations, and with other organizations that are critical to the successful administration of a County government.

As we serve our clients, we pair our perspective with a well-supported and comprehensive strategic plan. No other firm our size can match the relationships and trust that we have with Florida’s government leaders.

There are 160 legislators, and almost 500 local governments, all with their own elected governance. Having a partner that has the relationships to elevate Hernando County’s policy positions and funding needs to a position of top consideration that is key for continued success in this process.

Andrew Kalel / Government Affairs Consultant

Andrew brings a unique and deep understanding of the intricacies of local and state government to Sunrise Consulting. Andrew's family has been a part of Florida's legislative and regulatory process for many years and has a firm grasp on the importance of building lasting relationships. He also is a critical thinker, thoughtfully crafting strategy to engage decision makers in a variety of subjects.

Andrew started his career in and around state government as an undergraduate in college, holding positions with the Florida Department of Law Enforcement, in the Secretary's office of the Florida Lottery, and as a court-appointed auditor for the Justice Administrative Commission. In these roles, he was exposed to executive decision makers and the workflow process of large state agencies with multi-million-dollar budgets impacting every day Floridians. He interned for the Florida Sheriffs Association, the House of Representatives, and with Security First Insurance Company, one of Florida's top five, Florida-based property insurance companies.

After college, Andrew leveraged his knowledge of state government to work in the private sector in a project management position under Jason Gonzalez at Shutts & Bowen. There he supported large government affairs projects for the firm by liaising with the Executive Office of the Governor, as well as assisting with tracking legislation and gathering and analyzing political research.

Over his career Andrew obtained both his insurance adjuster, and broker license. He has worked as a catastrophe adjuster after Hurricane Matthew, and as a daily claims adjuster. Andrew continues to stay abreast of insurance public policy, and emerging industry trends.

Before joining Sunrise Consulting Group, Andrew was the joint Legislative Affairs Director for the Offices of Criminal Conflict and Civil Regional Counsel (Offices). Andrew was successful in building these agencies' first legislative program and devised a strategy to increase awareness of the agencies' mission, purpose, and policy and budgetary needs. During his tenure, the offices saw an over a 30% increase in funding and passed several pieces of legislation that were critical to agency operations and the clients the offices serve.

Response Summary and Questionnaire Responses

4.1 *Written narrative describing the method or manner in which your firm proposes to satisfy the requirements of the Scope of Services.*

SCG will satisfy the requirements of the scope of services by assisting the County in strategically crafting its annual legislative agenda. Then SCG will work to educate and promote the County's legislative agenda on a year-round basis to the state's elected officials and decision makers such as the Governor, his staff, legislative chamber leadership, and State agencies on a year-round basis.

SCG will tenaciously advocate for the County in the State Capitol each day during Florida's legislative session. Keeping the County's priorities at the top of legislative leaders agenda is, in-part, a product of attending legislative session and committee meetings, where policy and budget items of concern to the County are presented and workshopped.

After assisting the County with building its legislative agenda, SCG will work with the legislature to secure drafts of legislation for the County's review. SCG will ensure success for the County through consistent communication with the Hernando County Legislative Delegation, by keeping them informed of what both the County is working on, and what we are working on for the County. During session, we will visit the delegation and their staff weekly. This will allow SCG to have conversations that may lead to new opportunities and to gain valuable information for the County about their priorities as session is progressing.

We will communicate with the County by sending weekly reports during Legislative session and legislative committee weeks that outline all pending legislation that will have positive or negative consequences for the County.

4.2 *Description of your firm's experience providing the same or similar service as contained in this Request for Proposals.*

In short, SCG has worked with over a dozen local governments for over a decade providing the same services as requested in RFP No. 22-R00049.

Expand on that?

SCG has helped local governments create their legislative agendas. Relying on our key relationships, we help local governments create those agendas by receiving information as to the priorities of the legislature, the priorities of the executive branch, combined with the resources available to this state's government. We look at the Florida Association of Counties, and help our county clients work in lockstep with FAC, or, help stakeholders advocate for the priorities of our county clients, so that a unified voice will ultimately lead to success.

Response Summary and Questionnaire Responses

6.14 *What distinguishes your firm from your competitors?*

The most important question! There are many other great firms out there that do a noteworthy job representing clients. These firms may be bigger, they may have more clients, they may have an appealing name too, but, they may not always be the best fit for an agency like Hernando County Government. At SCG, we know that there is competition, and we know that through hard work and a genuine engaging partnership with our clients, we will find continued success.

Emphasizing on “engaging”, there are firms that assist their clients, as requested, but do not actively take part in two-way conversations with their clients. SCG follows up with our clients, offers thoughtful alternatives or modifications to assist our clients in quickly pivoting a strategy, and we work to gather information regarding new and changing policies and opportunities that will impact Hernando County.

At SCG, we often say “we traffic in information”. This isn’t reactionary, we proactively traffic in information. This will allow us to be aware of when other government agencies may be competing for opportunities that the County is also seeking. This allows us to advise the County as how to align needed support to best position the County for success.

SCG will act as the County’s trusted intermediary with the state’s leadership, but we will also work to serve as a key contact for the County with the Hernando County delegation. While any firm would ostensibly serve in that role, SCG brings the additional benefit of being close to home, as we are headquartered in New Port Richey. The element of SCG’s location plays a key role not just in our interactions with the County’s delegation, but with our availability to interact with the state’s leadership. With offices in New Port Richey and Tallahassee, we are able to more easily interact with legislative leaders year-round from Pensacola to Miami; only serving to bolster the County’s relationships statewide.

On top of year-round opportunities to interact with the County’s delegation, it is an SCG standard to visit with each member of the County’s delegation during each committee week and each week of legislative session. We believe that this emphasis on delegation interaction during the most critical time of a successful legislative strategy prevent important items from being lost in the hustle and bustle of legislative session and sets SCG apart from other firms.

No job is too small, or, outside of our scope of work. If we can help, we do. From helping a County department find a grant that will assist with equipment costs, to helping search for surplus vehicles from another agency, we are here to help.

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.
