William Roll with Kimley-Horn, General Planning Consultant for the MPO, reviewed the Needs Assessment for the 2050 Long-Range Transportation Plan (LRTP) and the draft Cost Feasible Plan. The MPO has identified the transportation capacity needs for the two counties and is identifying priority projects which will be considered for funding. Priority projects in the plan may include such improvements on portions of the following facilities:

- Suncoast Parkway Phase 3 to US 19 (Citrus)
- US 41 north of Inverness (Citrus)
- US 41 Spring Hill Drive to Powell Road (Hernando)
- County Line Road (Hernando)
- Lecanto Highway to SR 200 (Citrus)

**MPO DIRECTOR COMMENTS**

Mr. Esposito provided the following updates:

- There will be two public workshops for the 2050 Long-Range Transportation Plan (LRTP) on August 5, 2024, at 2:00 p.m. in Brooksville and at 5:00 p.m. in Inverness. The workshops can be attended in person or virtually. An email invitation was sent earlier this week - please share with others who would benefit from this information. *[Subsequent to the meeting, the workshops were postponed due to tropical storm Debby and rescheduled for August 22, 2024.]*
- A 2055 Florida Transportation Plan development is also in progress. A flyer was distributed for the public and partners to engage in the process, and the website is

<https://www.floridaftp.com>.

- A Gulf Coast Safe Streets Summit Dignitary Panel Representative is needed for an October 9, 2024, meeting from 1:00-5:00 pm at the Port Tampa Bay Cruise Terminal-2, 651 Channelside Drive, Tampa, Florida. The Summit is an educational event that brings together community partners to elevate our efforts on how to design and implement safe and equitable transportation facilities for all modes of transportation. Each MPO/TPO is being asked to provide high level decision makers (appointed, elected, board member, county administrator, division director or community leader) to be part of a moderated dignitary panel. The moderator will ask questions to prompt a dialogue following Gil Penalosa's presentation. It's envisioned that panelists will respond and discuss doable change they now see possible.
