PRESENTATIONS

Presentation by the General Planning Consultant, Kimley-Horn & Associates, on the Goals and Objectives for the 2050 Long-Range Transportation Plan (LRTP) and the 2050 Preliminary Needs Assessment

[14080](#)

William Roll with Kimley-Horn, General Planning Consultant for the MPO, presented the status

of the 2050 Long-Range Transportation Plan (LRTP), focusing on the goals and objectives and preliminary needs assessment. He explained the 2050 LRTP is a continuation of the 2045 LRTP and is in alignment with federal planning guidelines and the Florida Department of Transportation (FDOT) plan. A fifth goal, *Implementation*, has been added to the 2050 LRTP to identify the essentials needed to implement and complete projects.

Mr. Roll conveyed the 2050 LRTP will not be as robust as the 2045 LRTP as revenues are down, and costs are up dramatically. Albeit there are more vehicles using the road, fuel-tax revenue is flat due to alternative fuel and fuel-efficient vehicles. By 2035, Mr. Roll noted, fuel-tax revenue will decline and not sustain road improvement/maintenance needs. Mr. Roll also relayed that the cost of pavement has increased 55% in two years. Mr. Roll emphasized county roads are not the States responsibility; however, the State is more likely to partner with counties that are able to provide a funding source for projects.

Commissioner Allocco noted the need to add a second left-hand turn lane on the northbound lane at the SR589/Suncoast Parkway and US98/Cortez Boulevard exit. Depending on the time of day, it is not uncommon to have vehicles waiting through three or four cycles of lights to turn left (west) onto Cortez (SR 50). Commissioner Champion expressed his support for an interchange at SR589 and Centralia Road. Siaso Fine, Florida Turnpike Enterprise, conveyed the cost of an interchange is approximately \$150 million dollars. To begin the request process, the local jurisdiction would need to submit an Interchange Access Request (IAR) form. Mr. Fine noted Commissioner Bays inquiry for a report on historical toll revenues and air quality ratings for SR589 and will report back to the MPO Board.

Councilman McBride expressed that the MPO Board should stay up to date on the technology surrounding automated/self-driving vehicles. Mr. Roll affirmed there will be an element in the 2050 LRTP addressing autonomous vehicles and encouraged MPO Board members to attend the Florida Autonomous Vehicle Summit, September 4-6, 2024, in Tampa (www.favsummit.com <<http://www.favsummit.com>>).

Presentation by the General Planning Consultant, Benesch & Associates, on the Traffic Segment Studies in Citrus County (US 41 and SR 200) and Hernando County (US 41 and County Line Road) [14081](#)

Steve Infanti, Project Manager with the MPO's General Planning Consultant, Benesch & Associates, made a presentation on the results of the Traffic Segment Studies in Citrus and Hernando County requested by the MPO Board. The study objectives were to assess the existing traffic conditions for each of the corridors by determining the general level of service, the severity of congestion, and identifying growth trends and travel characteristics.

Motion

A motion was made by Commissioner Schlabach to accept the Traffic Segment Study. The motion was seconded by Commissioner Champion and the motion passed 9-0.

Presentation by the Center for Urban Transportation Research (CUTR) on the Hernando County FY 2025-FY 2034 Transit Development Plan (TDP)

[14082](#)

Jonathan Roberson, AICP, Research Associate for CUTR, made a presentation on the status of the Hernando County Transit Development Plan (Hernando TDP) for FY 2025-FY 2034. Commissioner Allocco asked if data was available on individuals that have no intention of driving for whatever reason. Mr. Roberson stated that data of this type is more difficult to obtain; however, it is a question that will be included on a future public outreach survey. Mr. Roberson informed the MPO Board that public outreach events will continue during the development of the Hernando TDP and encouraged Board members to recommend additional public events at which CUTR could make presentations. Commissioner Schlabach asked Mr. Roberson to email her with any findings that could be used to encourage bus usage. Mr. Roberson advised that updates on the TDP will be provided at the August and October MPO Board and County Commission meetings in preparation for TDP adoption in November and submittal to the Florida Department of Transportation (FDOT) by December 1, 2024.

[It is noted for the record, Mayor Blake Bell, MPO Board Member, City of Brooksville, left the meeting.]

ACTION ITEMS

Review and Approval of the FY 2025-FY 2029 Transportation Improvement Program (TIP)-Draft

[13787](#)

Mr. Esposito reviewed the agenda item for the Hernando/Citrus FY 2025-FY 2029 Transportation Improvement Program (TIP) for adoption. He noted that this is a Public Hearing and that a Roll-Call vote was required.

Chair Campbell asked if there was anyone in the audience wishing to speak on this matter. No one from the audience came forward.

Motion

A motion was made by Commissioner Champion to adopt the Transportation Improvement Plan (TIP) for FY 2025-FY 2029 per the MPO staff 's recommendation. The motion was seconded by Commissioner Narverud, and a Roll-Call vote carried the motion 8-0.

CITIZENS COMMENTS

There were no citizen comments.

MPO DIRECTOR COMMENTS

Mr. Esposito provided the following updates:

- The Florida Transportation Plan (FTP) will be conducting a statewide virtual seminar on Wednesday, June 12, 2024, from 6:00 p.m. to 7:00 p.m. Mr. Esposito will email details to the MPO Board members.
- The July 11, 2024, meeting is canceled as the Hernando County Commission is scheduling a workshop that day. Necessary agenda items will be presented at the August meeting.
- The Good Neighbor Trail (GNT) ribbon cutting ceremony that was held on May 22, 2024, in Tom Varn Park in Brooksville and was well attended.
- The SCTPA's semi-annual meeting is June 14, 2024, in Bartow, Florida (FDOT District 1). Commissioner Narverud was not able to attend. Councilman McBride, Alternate Liaison to the SCTPA for the Hernando/Citrus MPO Board agreed to attend.

BOARD COMMENTS

- Commissioner Allocco asked if there were any updates on the concern raised during the May 2, 2024, MPO Board meeting on the lack of sidewalk access to Moton Elementary School. Mr. Scott Herring, Hernando County Public Works Director/County Engineer, informed the Board the matter is being researched and that Moton is a charter school and there are different transportation issues associated with that.
- Councilman McBride invited everyone to come enjoy Patriotic Evening, a free event including live music and fireworks, on Wednesday, July 3, 2024, beginning at 5:30 p.m. at Liberty Park, 286 N. Apopka Avenue, Inverness, Florida.
- Chair Campbell thanked the City of Brooksville for hosting the 2024 MPO Board meetings and for the support and presence of Hernando County officials and law enforcement at the meeting today. Chair Campbell encouraged everybody to honor the 80th anniversary of D-day and remember those that made the ultimate sacrifice for our country and to show appreciation to those that continue to serve.

AGENDA ITEM

TITLE

Review and Approval of the Proposed 2025 Meeting Schedule for the Hernando/Citrus Metropolitan Planning Organization (MPO) Board and Committees

BRIEF OVERVIEW

Attached is a proposed schedule for calendar year 2025 for the Hernando/Citrus Metropolitan Planning Organization Board and associated committees. Pursuant to the Bylaws, the meeting locations alternate between Hernando and Citrus counties. The meetings of the MPO Board alternate on an annual basis and for 2025 will be held in Citrus County at the Lecanto Government Building on the first Thursday of the month beginning at 1:30 p.m. The Transportation Disadvantaged Local Coordinating Boards for Citrus and Hernando meet in their respective counties.

The meetings of the Technical Advisory Committee, Citizens Advisory Committee and the Bicycle/Pedestrian Advisory Committee are proposed for 2025 per the attached schedule. Upon a review of the meetings conducted the past few years, the schedule was developed in anticipation of when meetings are likely to occur based upon deadlines and deliverables and then alternated on that basis. This method appears to provide efficiency and equity to the many volunteers that serve on the committees from Citrus and Hernando counties and the incorporated cities represented.

It is not anticipated that all scheduled meetings will be necessary as they are dependent upon the local, state and federal deadlines and work processes. However, meeting space must be reserved well in advance for availability purposes. Cancellation of meetings may occur if there is no business to conduct that otherwise may be scheduled on a subsequent date.

On July 25, 2024, the Technical Advisory Committee (TAC), the Citizens Advisory Committee (CAC), and the Bicycle/Pedestrian Advisory Committee (BPAC) voted to recommend approval by the MPO Board of the schedule of meetings for 2025.

AGENDA ITEM

TITLE

Presentation by the General Planning Consultant, Kimley-Horn & Associates, of the Needs Assessment for the 2050 Long-Range Transportation Plan (LRTP) and Review of the 2050 LRTP Draft Cost Feasible Plan

BRIEF OVERVIEW

The General Planning Consultant, Kimley-Horn & Associates, will be making a presentation of the Hernando/Citrus Metropolitan Planning Organization's (MPO's) Needs Assessment and the preliminary Cost Feasible Plan associated with the 2050 Long-Range Transportation Plan (LRTP).

Safety, traffic congestion, and travel time will continue to be concerns in the two counties as the areas continue to grow. The local region and Florida as a whole are experiencing unprecedented growth due to a favorable business climate, weather, and attractions. The Hernando/Citrus MPO is responsible for developing the 2050 Long-Range Transportation Plan (LRTP) which is an essential element of the transportation planning process.

The LRTP sets the vision and identifies the projects that will be funded using state and federal money for the next 20-25 years, through the year 2050, and is updated every five years. Public involvement is one way that the MPO is able to develop the transportation plan to meet the specific needs of the public.

In terms of growth, the population in Hernando County is expected to grow from over 192,000 people in 2019 to over 270,000 people in 2050. This represents an increase of nearly 78,000 persons, or over 40%. Likewise, Citrus County is expected to grow from 151,000 people in 2019 to nearly 206,000 people in 2050. This represents an increase of nearly 55,000 persons, or a 36% increase in population. Total employment in the two counties is anticipated to grow by 44,300 jobs, representing an increase of nearly 39%. This anticipated growth will develop better business climates and economic diversity for the two counties and will consequently present transportation challenges.

The MPO has identified the transportation capacity needs for the two counties and is identifying priority projects which will be considered for funding. Priority projects in the plan may include such improvements on portions of the following facilities:

- Suncoast Parkway Phase 3 to US 19 (Citrus)
- US 41 north of Inverness (Citrus)
- US 41 Spring Hill Drive to Powell Road (Hernando)
- County Line Road (Hernando)
- Lecanto Highway to SR 200 (Citrus)

On July 25, 2024, the Technical Advisory Committee, the Citizens Advisory Committee, and

the Bicycle/Pedestrian Advisory Committee reviewed the maps for the High Priority Needs. The Citizens Advisory Committee and the Bicycle/Pedestrian Advisory Committee recommended that a bike lane connector from Whispering Pines Park to the SUNTrail (US 41) in Citrus County be added to the needs list.
