Dear Alaina Kidd

My wife and I are sending this letter to request a petition for relief from a family hardship appeal in regard to our age and health conditions. I am a stage 4 cancer survivor with continuous health issues. We are asking for consideration to build a small home for our son on our family property. Our son was raised on this property and would like to raise his family on this property too. Our goal is to enable our son to help with the maintenance of the property, so we don't have to sell. Since we are unable to carry out those duties ourselves having our son and his family allows us to live our last years surrounded with love and care. Please take into consideration that by building a home for our son on our property you are allowing us the grace and respect we have worked for our entire lives.

Sincerely,

 Authentic: 05/15/23
