FDOT's work program is a five-year plan that includes:

- Every year on June 30, the current year of the work program ends.
- On July 1, Year 2 moves up to become the new current year.

- This is where we are currently in the process.
- This presentation will outline changes to the first five years of the work program and new projects in the new fifth year.
- The **proposed work program** is submitted to the Florida Legislature later this year for review and then to the Governor for review and signature.

 After the Governor signs the work program, the first year is included in the state budget and the work program is considered Adopted.
