RE: Key No. 893304 Section 18, Township 23, Range 20 File No: 1459262 Class D Subdivision

To Whom it may concern:

We bought our 5 acres (as two 2.5-acre lots) and moved to Brooksville almost 30 years ago. We recently applied for a Class D Subdivision, but it was denied stating:

Sec. 26-3 (e) Class D (2) i- Each lot must be created from a parent parcel and each lot must have frontage on an existing county maintained street or private street built and maintained to county standards.

We live on a private street built and maintained to county standards by ourselves and our neighbors. This provides an access road to this new lot. We are appealing for approval due to a family hardship. Our oldest daughter, who is currently living out of state, was recently diagnosed with cancer. She and her husband still have 6 children at home between the ages of 8 and 18, 3 of them having special needs and require 24/7 care. They need to move closer to family to get the support they will be needing.

We would sincerely appreciate your reconsideration of approval for our Class D Subdivision.

Thank you,

Steve and Mary Dumala
