Renovations will include a new single-lane concrete boat ramp, a new floating boarding dock, a new sidewalk, and improvements to the access road. Construction of the boat ramp and floating boarding dock will be completed under a later agreement.
- B. Project Benefits:** The new concrete boat ramp will provide a safer launching surface and allow for launching vessels when water levels are lower. The new floating dock and sidewalk will make the boat ramp ADA accessible.
- C. Type of Agreement:** This is a cost reimbursement agreement in accordance with Cost Reimbursement Contract Payment Requirements as shown in the Department of Financial Services, Bureau of Accounting and Auditing, *Reference Guide for State Expenditures*, attached hereto and made a part hereof as **Attachment D**.
- D. Term of Agreement:** The term of the Agreement shall begin upon execution by the last Party to sign and shall remain in effect until March 31, 2023. 3. FINANCIAL CONSEQUENCES

- A.** Pursuant to 215.971(1)(c), Florida Statutes, the Commission will withhold payment of Program funds for failure to complete the Project as described herein within the timeframe allowed, or for failure to correct any Project deficiencies, as noted in the final Project inspection. Only those tasks completed, or items purchased and received in accordance with the scope of work and within the agreement period of performance will be eligible for reimbursement. Failure of the Grantee to perform the tasks and provide the deliverable shall be considered non-compliant with terms and payment will not be processed.
- B.** In addition to nonpayment for tasks which are not satisfactorily or timely completed, or for failure to correct any project deficiencies, as noted in the final project inspection, the Commission will impose a financial consequence of twenty-five percent (25%) of the total contract amount for failure to complete any tasks satisfactorily or timely, or for failure to correct any project deficiencies, as noted in the final project inspection. The final project inspection will be done by a Commission employee verifying that the project was completed according to the project scope of work.
- C.** Failure of Grantee to have all receipts and evidence of project performance reflecting costs were incurred within the period of performance may jeopardize payment of funds to the Grantee per the Agreement.
- D.** Following the end of the term of this Agreement, the Grantee shall repay any Program funds received for the Project for failure to maintain the Project site as a public boating access facility according to the terms and conditions herein for a period of twenty (20) years. This section shall survive any Agreement termination.

4. PERFORMANCE

- A. Permit Requirements:** The Grantee agrees to adhere to all federal, state, county and city permit requirements of the Project.
- B. Procurement:** The Grantee shall procure goods and services through a competitive solicitation process in accordance with Chapter 287, Florida Statutes. The Grantee shall forward one copy of any solicitation to the Commission's grant manager for review prior to soliciting for quotations or commencing any work. The Grantee shall forward one copy of the bid tabulation, or similar list of responses to the solicitation, along with the award recommendation to the Commission's grant manager, to retain in their own records.
- C. Engineering:** If applicable, all engineering must be completed by a professional engineer or architect registered in the State of Florida. All work must meet or exceed minimum design standards and guidelines established by all applicable local, state and federal laws. The Grantee agrees to adhere to all federal, state, county and city requirements of the Project and all requirements of the 2010 Standards issued pursuant to the Americans with Disabilities Act, 1003 – Recreational Boating Facilities. Standard 235.3 for Accessible Design requires that where boarding piers are provided at boat launch ramps, no fewer than one must be accessible. When compliance with ADA wheelchair accessibility requirements is in question with regard to reimbursable costs under this Agreement, the Commission may engage a third-party engineer at its own expense to review the design and report to the Commission concerning compliance. The Commission's determination based on this review will be final.
- D. Construction:** If applicable, the Contractor shall be certified by the Division of Construction Industry Licensing Board of the Florida Department of Business and Professional Regulation for the duration of this contract and shall provide evidence of such certification upon request.
- E. Commencement of Work:** The Grantee shall commence work on the Project within ninety (90) days of execution of the Agreement. Failure by the Grantee to begin work shall constitute a breach of the Agreement and may result in termination of the Agreement by the Commission.
- F. Performance Criteria:** The Grantee shall complete the Project as described in this Scope of Work and Florida Boating Improvement Program Application 18-023, incorporated herein by reference, according to any bid specifications. Failure to complete the project in a satisfactory manner could result in financial consequences as specified herein.
- G. Certificate of Completion:** Upon completion of all Project deliverables, the Grantee shall sign and submit to the Commission's grant manager, the final Project Progress Report Form, attached hereto and made a part hereof as **Attachment F**, and a Certification of Completion Form, attached hereto and made a part hereof as **Attachment G**, which certifies the Project was completed in accordance with the provisions herein. Final photographs shall be submitted with the form.
- H. Site Dedication:** For construction grants, but not for grants which involve only design, engineering, permitting, or for grants for the installation of waterway markers or other projects on sovereign submerged lands, the Grantee agrees to dedicate the project site as a boat access facility for the use and benefit of the public as a condition of receiving funds under this Agreement. The Notice of Grant Agreement / Site Dedication Form is attached hereto and made a part hereof as Attachment C. If required, the Grantee shall execute and record this document in the official records of the County where the Project is located. As proof of the site dedication, a copy of the recorded document shall be submitted to the Commission in addition to the Certification of Completion, Attachment G.

Final reimbursement or 25% of the award, whichever is greater, shall be withheld until receipt of Site Dedication and Certificate of Completion. Following this initial site dedication, the project site shall remain a public boat access facility for a period not less than twenty (20) years following the date the Site Dedication was recorded. Land under control other than by ownership by the Grantee (i.e. lease, management agreement, cooperative agreement, inter-local agreement or other similar instrument) shall be managed by the Grantee as a public boat access facility for the entirety of this site dedication period surviving the Agreement termination. Grantee agrees to secure all authorizations necessary for continuing use and management of the property for the duration of this site dedication period. Title to all improvements shall be retained by the Grantee upon final payment by the Commission.

The Grantee shall repay all funds received for the Project under this Agreement for failure to maintain the Project site as a public boating access facility according to the terms and conditions herein for the duration of the site dedication period. Should the Grantee convert all or any part of the Project to other than Commission approved uses prior to the end of this site dedication period, or should the Grantee lose authorization to use and manage the property on which the Project is completed before the end of the site dedication period, the Grantee shall replace the area, facilities, resource or site at its own expense with a project acceptable to the Commission of comparable scope and quality. In the event the Project is converted to use for other purposes or the Grantee loses authorization to use and manage the property on which the Project is completed within the site dedication period and Grantee has not replaced the Project with a like project acceptable to the Commission, the Grantee agrees to return to the Commission all funds tendered under this Agreement for the original Project.

Site dedication, the site dedication period, and all terms of this section survive any Agreement termination. If mutually agreed upon by both parties in writing the site dedication may be rescinded. The Commission shall waive the site dedication requirement if no program funds were dispersed.

- I. Acknowledgement:** Upon completion of the Project, and prior to the reimbursement of funds, the Grantee, at its expense, shall purchase, erect and maintain a permanent sign, not less than three (3) feet by four (4) feet in size, displaying the Commission's logo acknowledging the Commission and the Florida Boating Improvement Program as a funding source for the Project. Any other form of acknowledgement must be approved in writing by the Commission's grant manager. Such acknowledgement shall be maintained for the duration of the site dedication period described in Section H, Site Dedication, above in Section 4, Performance. Should the sign or acknowledgement be damaged, removed or destroyed, the Grantee shall, at its expense, replace it within ninety (90) days. Should the Grantee fail to maintain such acknowledgement other than the ninety (90) day replacement term, the Grantee agrees to return to the Commission all funds tendered under this Agreement for the original Project. The Grantee shall provide a draft copy of the acknowledgement sign for approval by the Commission prior to displaying on site. Language to place on the sign shall include: This Project was funded by the Florida Fish and Wildlife Conservation Commission through the Florida Boating Improvement Program. This section survives any Agreement termination.
- J. Directional Signs:** Prior to the reimbursement of funds, the Grantee, at its expense, shall purchase, erect and maintain directional signs, approved by the Commission, on main public highways to direct public users to each boating facility funded through the Program regardless of which portion of the Project the Program funded. The Grantee agrees to provide and maintain such signs at its expense for the entirety of the site dedication period described in Section H, Site Dedication, above in Section 4, Performance. Should the signs be damaged, removed or destroyed, the Grantee shall,

at its expense, replace them within ninety (90) days. Should the Grantee fail to erect and maintain such signs other than the ninety (90) day replacement term, the Grantee agrees to return to the Commission all funds tendered under this Agreement for the original Project. This requirement can be waived by the Commission’s Grant manager, in writing, if the Grantee receives a written denial from the Florida Department of Transportation for the installation of the signs. This section survives any Agreement termination.

5. BUDGET

A. Project Budget: For satisfactory completion of the tasks and deliverables described in this Scope of Work, by the Grantee under the terms of this Agreement, the Commission shall pay the Grantee on a cost reimbursement basis in an amount not to exceed \$91,500.00. All amounts noted in the budget are estimates based on preliminary quotes or prior project activities from the application amount. Deviations from this budget that exceed ten percent (10%) of the total amount in any budget category/deliverable must be approved by the Commission’s Grant manager in writing prior to the deviation. The Grantee shall be reimbursed only for budgeted eligible expenses incurred during the Agreement Period that are directly related to the Project.
