Re: Letter of Support for Rebuilding the Tower at Linda Pedersen Park

Dear Mr. Linsbeck,

On behalf of the Sierra Club Adventure Coast Group, we are honored to provide this letter expressing our support for rebuilding the tower at Linda Pedersen Park. We discussed this issue with members and supporters of the Adventure Coast across Hernando County. The consensus was unanimous that rebuilding the tower at its current location provided the best option.

Our members who use all the possible sites provided by the county for consideration all agreed on the location for a replacement tower. Their choice was again unanimous. The Linda Pedersen Park site is best suited for rebuilding the tower both for park users and for taxpayers. This selection is based on our conclusion that best view of the surrounding landscapes would be from a replacement tower placed at the existing location.

We appreciate the invitation to supply our input and the opportunity to provide input on this important issue. Thank you for all that you do, and for considering our recommendation to rebuild the tower at its existing and current location.

Sincerely,

Joe Murphy
