

Hernando County, Florida Board of County Commissioners Fiscal Year 2024-2025 Annual Budget

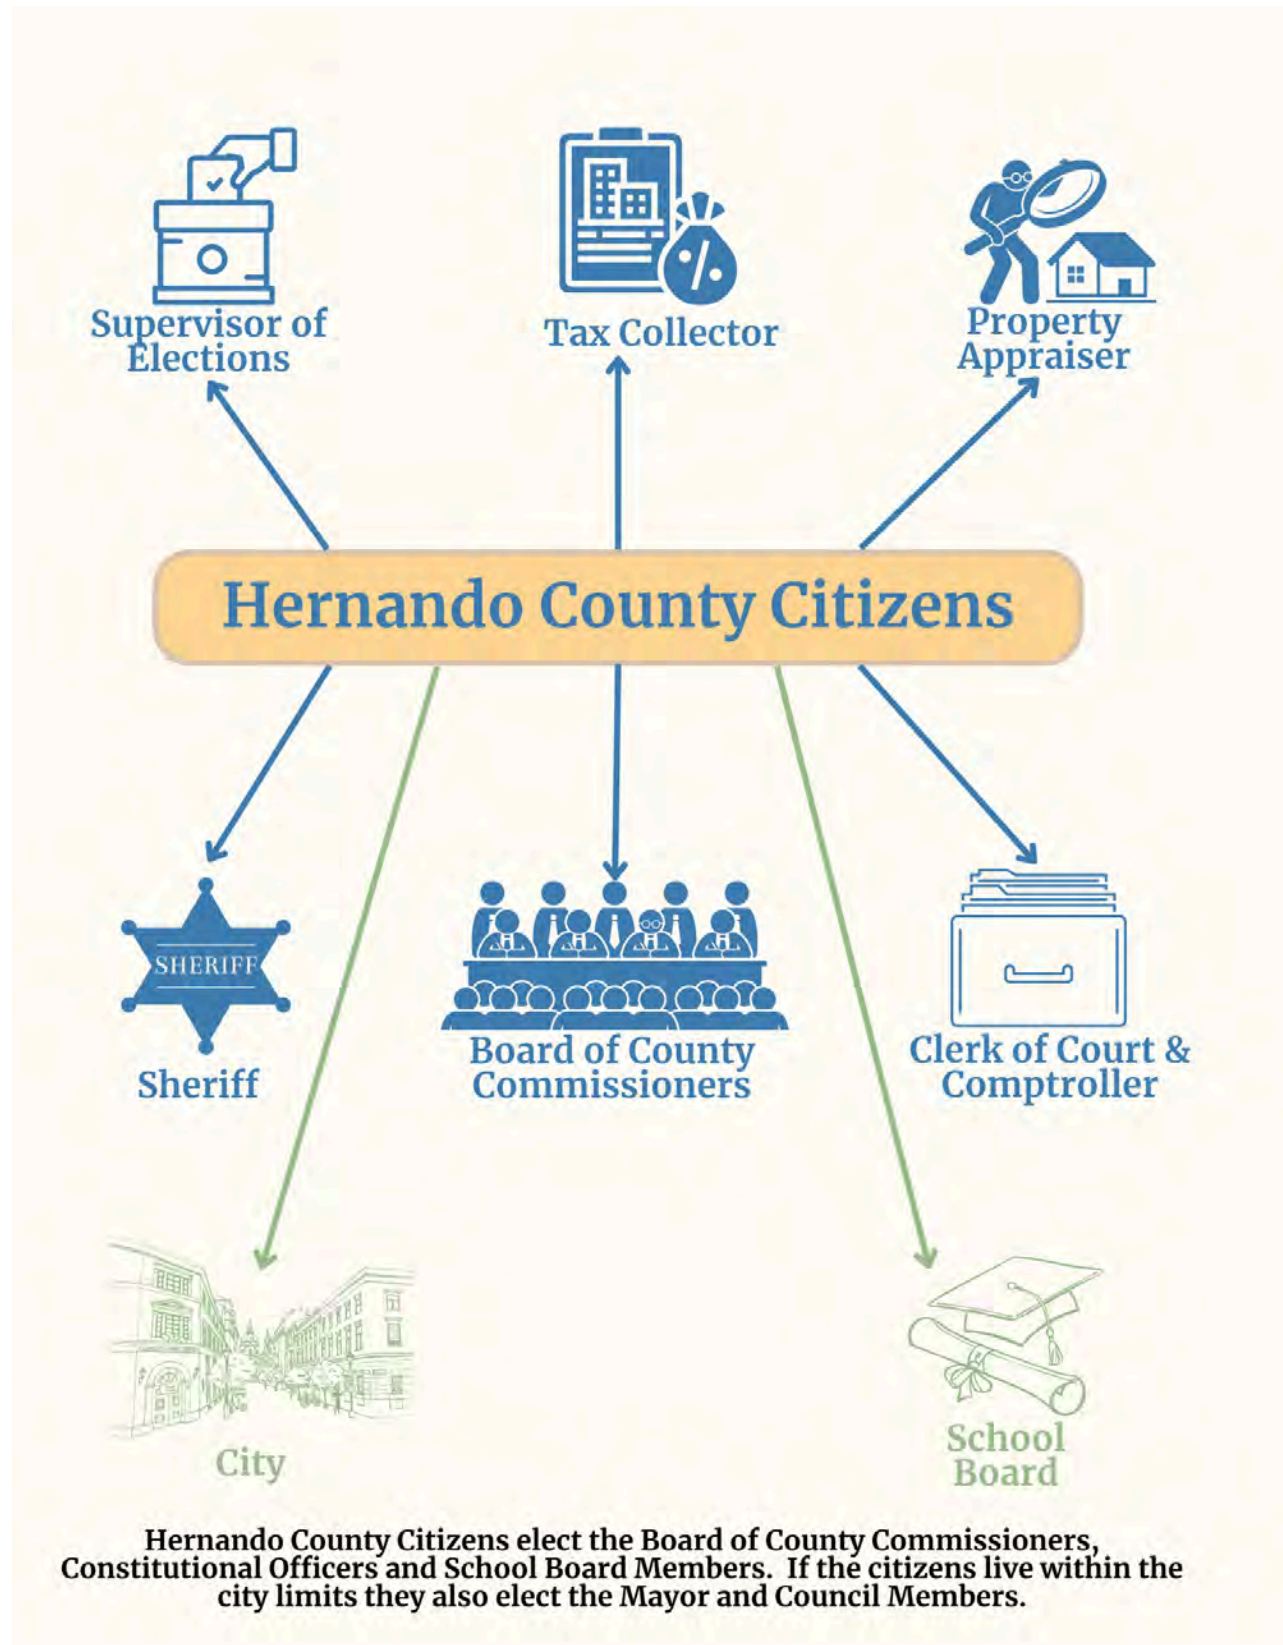

Recommended Budget – July 11, 2024

OVERVIEW

Hernando County Citizens

Message from the Administrator

BOARD OF COUNTY COMMISSIONERS

20 NORTH MAIN STREET • ROOM 263 • BROOKSVILLE, FLORIDA 34601
P 352.754.4002 • F 352.754.4477 • W www.HernandoCounty.us

July 11, 2024

Honorable Chairperson and Members
Hernando County Board of County Commissioners
15470 Flight Path Dr.
Brooksville, FL 34604

Chairperson and Members:

We are pleased to present the Hernando County Recommended Budget for Fiscal Year 2024-25 to the Board of County Commissioners (BOCC) and the Citizens of Hernando County. Developed with input from County departments and senior staff, requests from Constitutional Officers, and feedback from citizens, this budget provides my funding plan for the projects, programs and policies that have been established by the Board.

This past year we have accomplished and made progress on significant infrastructure improvements. Some of the projects include groundbreaking of Splash Park, Fire Station 5, 6, and 2 reconstruction and improvements, Courthouse remodel and security upgrade, scoreboard upgrades, addition of Pickle ball courts, playground upgrades, Water and Wastewater plant and transmission system updates, addition of new roadway signals, and sidewalks.

Significant progress has been made in Economic Development projects which is vital for the future economic situation of the county to reduce the amount of funding that is obtained from homeowners. The successful projects include Cabot Citrus Farms, Barrette Outdoors Manufacturing Factory, Pem-Air corporate headquarters, Cardinal Point Industrial project, and Dr. Dennis Wilfong Center for Success.

The County was victim to a network interruption that impacted our ability to serve the citizens of Hernando County. There are increased financial investment in technology to improve the county computer network in the recommended Budget with the Clerk's Office for our combined IT departments. This situation is a reminder that it is important to maintain adequate reserves for unknown events, and that it is important to invest in infrastructure. As the

community and the world changes the government should also be changing and investing in to maintain a safe and enjoyable quality of life for our residents.

The current FY25 recommended budget along with conservative spending has allowed a projected cash carried forward balance of \$ 369,654,587.

The Fiscal Year 2025 budget is \$889,053,042 which is an 15.86 percent increase over the Fiscal Year 2024 Adopted Budget. General Fund reserves are recommended at 25 percent, which is above the 18.5 percent County Reserves policy, and equal to the 25 percent goal the BOCC has directed. Adequate reserves are critical to absorb unanticipated economic revenue losses and unexpected expenditures.

The General Fund ad-valorum rate for this year is recommended to remain constant at 6.6997 mills. Hernando County is the 27th largest county in the state of Florida. Currently, we are the 36th highest ad-valorum tax rate in the state. Hernando County Total Property Tax Rate is 15.96 mills.

Looking at the Per capita total Property Tax rates; Hernando is currently ranked number 44 of 67 counties in the state of Florida. This information is from Florida Tax Watch report, 2023 How Florida Counties Compare.

The Disaster Recovery program established in FY21 for hurricane storm debris removal continues to be funded through Solid Waste and is available to minimize financial impacts to Hernando County for any storm event.

This budget provides full funding for the Constitutional officers requested budgets. The County recognizes and appreciates the cooperation of all of the Constitutional officers in working to provide an efficient local government to serve all citizens.

The County is growing through residential and commercial development. This year, the current rate of growth is 10.53 percent which added a taxable value increase of \$ 1,564,270,328. The County continues to grow; however, at a slower rate than the previous two years. There are numerous subdivisions under construction and several more being planned that will increase the number of residents in the County. While residential growth will bring increased revenue, the need for increased services usually exceeds the associated revenue growth. As a result, the increased residential growth will

need to be complemented by a growth in commercial businesses to maintain and lower the rate of taxes in the county. We do have several commercial structures under construction, and the prioritization of economic development will assist in bringing more commercial development to our community.

The Fiscal Year 2025 Recommended Budget also includes several important financial impacts to consider. Mandated expenses the county has to pay have maintained and, in most instances, have increased. These expenses include, County Courthouse and Court System, Jail, Animal Control, Juvenile Detention, Emergency Management, Medicaid, Indigent Care, Health Department, Mental Health & Substance Abuse, and Medical Examiners among others.

There are forty-one (41) new positions in the Recommended Budget including (13) in the General Fund located (1) in Code Enforcement, two (2) in Planning & Zoning, one (1) in Facilities, two (2) in Parks and Recreation, two (2) in Human Resources, three (3) in Housing and Support Services, (1) Office of Management and Budget, and one (1) in County Administration. Additionally, (1) in Public Works, two (2) in Mosquito Control, and twenty-five (25) in Fire and Emergency Services.

Included in this budget are investments to maintain the quality of life as the county grows and changes from a rural community to a rural/ urban community.

This FY 2025 Recommended Budget has a proposed \$168,548,448 in Capital Improvement projects from all funding sources. This General Fund has a proposed \$10,266,981 in funding for Capital Improvement to maintain the quality of life as the County grows and changes.

Hernando County has significant environmental assets. The Recommended budget includes projects to improve and protect our environment. The projects include septic to sewer construction, wastewater plant upgrades and Pine Island seawall strengthen designs.

Fire Rescue demands increase as the community grows. They ensure we keep the same level of service for the citizens as the community grows. This budget includes Construction of Fire Station 15 and funding of the first quarter for personnel at Fire Station 15. A new Fire Engine is funded for Fire Station 15 also.

Maintenance of existing assets is always the top priority for funding of Capital projects. Significant funding is allocated to maintenance of county buildings, including roof replacements, air Conditioner replacement, and parking lot resurfacing.

Traffic congestion has been a concern in the county and is increasingly getting to be a more significant concern. This budget does include funding to widen a portion of Barclay Avenue and Coastal Way intersection improvements, along with a new signal at Evergreen Woods and Cortez Boulevard. The County does not have a funding source for funding roadway capacity expansions to keep up with growth. The sales surtax the BOCC has approved for the general election ballot in November provides funding for transportation projects.

This budget does not include funding for a Capital Improvement Fund that we funded in past budgets. Capital Improvement Funds allow for needed infrastructure improvements to proceed when unforeseen circumstances, or price increases occur beyond budgeted amounts. I recommend the BOCC continue to look to provide a Capital Improvement Fund reserve when funding allows, especially during times of growth and increased inflation to be able to accomplish the needed projects for the community.

I recommend the BOCC continue to look at diversification of revenue sources. Revenue sources that are not based on property valuation will minimize that amount of revenue required of homeowners in our community and reduce impacts to services during lower economic times.

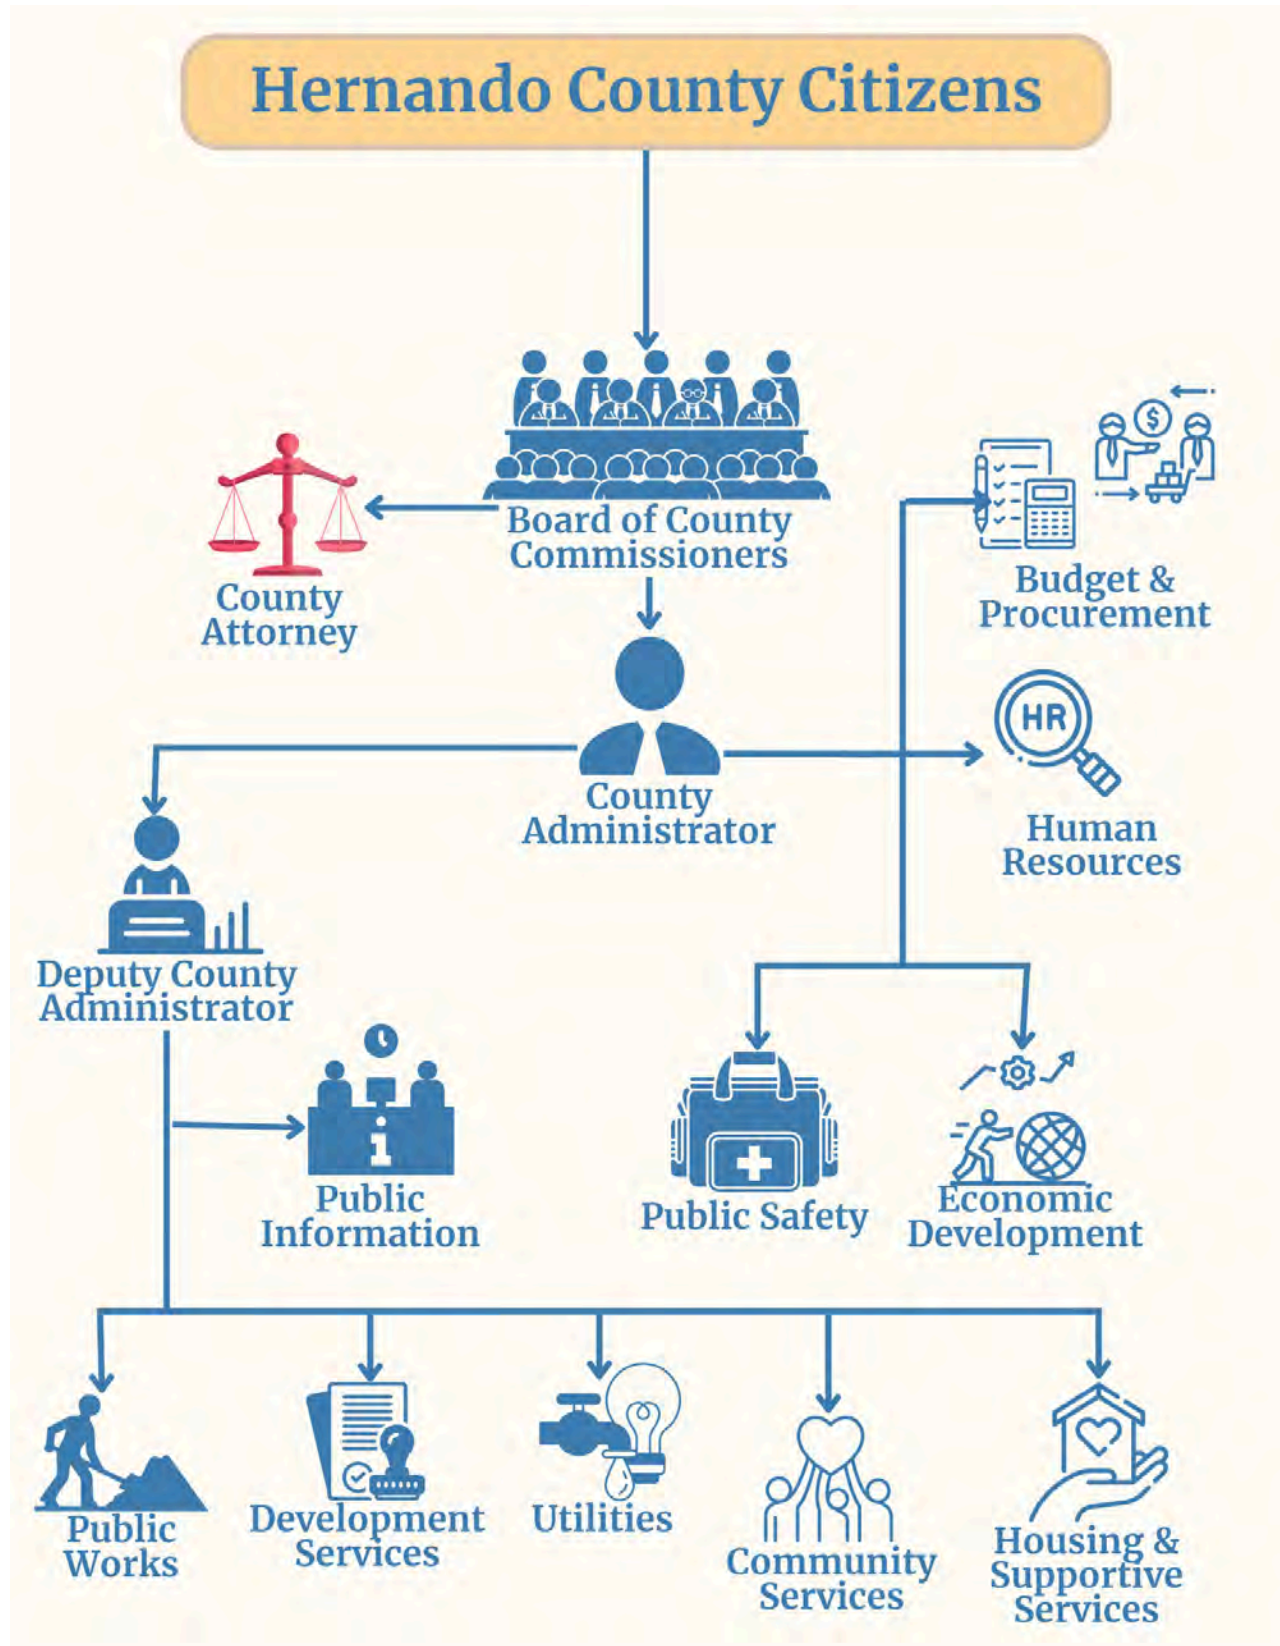

I recommend the BOCC keep the ad-valorem millage the same this year, maintain an adequate reserve level and invest in infrastructure in the county to accommodate for growth.

Sincerely,

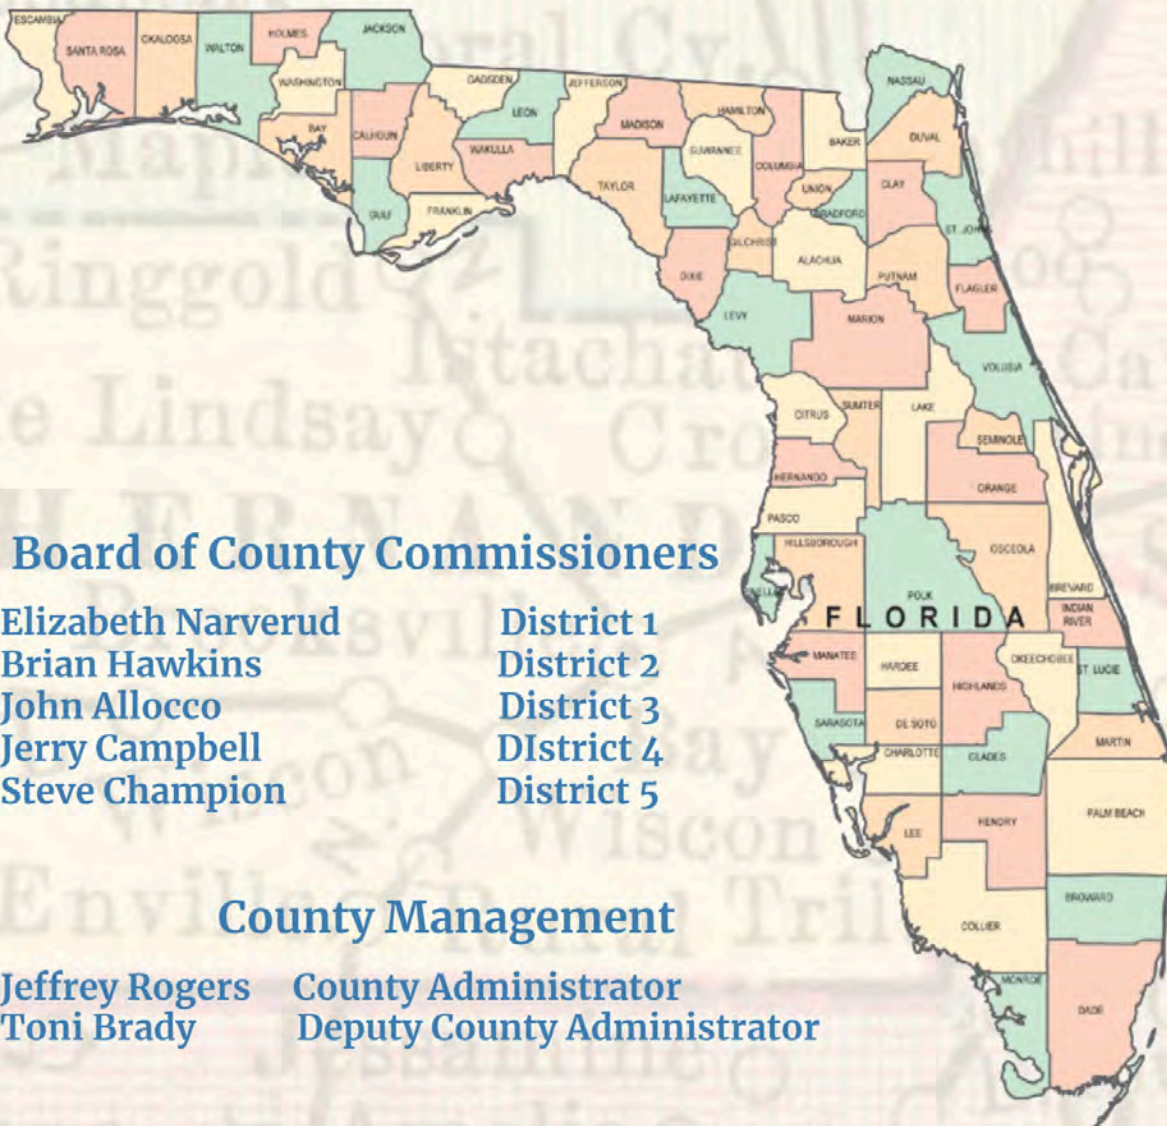

Jeffrey Rogers, P.E.
County Administrator

Commissioner Elizabeth Narverud Chairperson

District 1

Elected: November 17, 2020

Term expires: November 2024

Elizabeth Kirshy-Narverud, of Spring Hill, has owned and operated a small business in Hernando County since settling here, in 1987. Upon arrival, she and her dad owned Kirshy's New York Deli and Caterers. In 1990 Beth met and later married her best friend, Marty Narverud. Together they owned and operated a multi store Domino's Franchise for over 30 years. They are the proud parents of three grown children.

Commissioner Narverud was elected to the Board of County Commissioners in November 2020. Beth was previously elected and served on the Hernando County School Board from 2014-2018. Previously, Beth was a gubernatorial appointee to Pasco Hernando Early Learning Coalition Board of Directors. Beth Narverud was a volunteer Board Member who then became the Executive Director of the Hernando County Education Foundation. Beth was a member of the Kiwanis Club, Junior Achievement, HCA Oak Hill Community Advisory Committee, and the Hernando County Sheriff Charities Board of Directors.

Today, Commissioner Narverud remains very active in our community as a Realtor® and Business Owner and Consultant. Beth has been a member of the Greater Hernando County Chamber of Commerce since 1988 and is a graduate of Leadership Hernando, class of 2012. She is a member of the Nature Coast Chapter of 100+ Women Who Care. Beth believes it is an honor to represent and serve her community.

Commissioner Narverud's Top Priorities

Maintaining, planning, and building the infrastructure necessary to support our county's residential and economic growth. Diverse Economic development to raise median income levels and create better career opportunities for our residents. Ensuring Hernando County remains a Safe and Affordable place to live.

Commissioner Brian Hawkins

Vice Chair

District 2

Elected: November 8, 2022

Term expires: November 2026

As a lifelong Florida Resident, originally from St Petersburg, Fl and becoming a permanent resident in District 2 of Hernando County in 2007. Commissioner Hawkins' professional career began and continues as an entrepreneur, possessing exceptional leadership and delegation skills with the crucial ability to function well both independently and in fast-paced business and political environment. With more than 20 years of extensive experience. Besides supervising and coordinating large management teams and developing and implementing new operating processes, Commissioner Hawkins also excels at monitoring and analyzing data and reducing unnecessary expenses, while investing in technology and infrastructure to ensure long term success. Commissioner Hawkins' professional career was built on becoming an expert in Government contract execution during the RFQ and RFP bid process, implementation, and safely executing the awarded contracts for many City, County, State and Federal Governments. Commissioner Hawkins is a veteran of the United States Navy. Serving onboard the USS John F Kennedy CV-67 from 2000-2004. He Served in support of Operation Enduring Freedom, Combat Cruise March-October 2002. Commissioner Hawkins received numerous awards and accommodations during his service including a Naval Achievement Medal, Meritorious Unit Accommodation and Service during time of war. Commissioner Hawkins is a staunch supporter of military active duty, veterans and their families, as well as our brave first responders of Hernando County. Honor, Courage and Commitment are values he learned at a young age and continue to be the cornerstone of his life. At the end of his military service, Commissioner Hawkins was honorably discharged as a BM2 (SW) Second Class Petty Officer E-5. Commissioner Hawkins lives in District 2 with his wife of 17 years, who was a Teacher in Hernando County, they have three children, two of which attend Hernando County Schools.

Commissioner John Allocco

District 3

Elected: November 8, 2016

Re-Elected: November 17, 2020

Term expires: November 2024

Born in Port Jefferson, N.Y., John Allocco came to Hernando County in 1999. Commissioner Allocco earned his bachelor's in exercise and sports sciences from the University of Florida; and his master's of physical therapy and post-graduate certification from the University of St. Augustine. John and his wife, Randi, co-founded a physical therapy company in 2006 that grew to one Spring Hill and one Hudson clinic with a total of 15 employees in 2021. He and his wife, Randi, have two adult children, two daughters in college, and eight grandchildren.

Commissioner Allocco was elected to the Board of County Commissioners in November 2016 and re-elected in 2020. He has served two times as Second Vice Chairman.

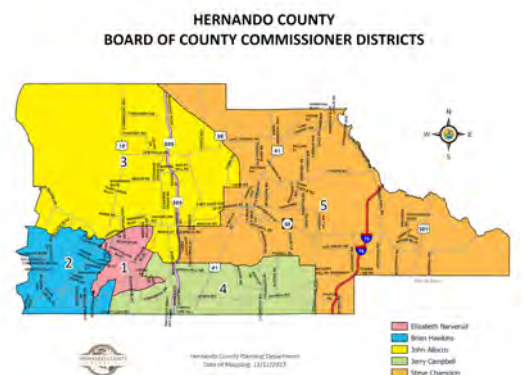

He has been active in several professional organizations, the Greater Hernando County Chamber of Commerce and is currently the Chairman of the Hernando County Republican Party. Early in his professional career, he volunteered as athletic trainer for Springstead and Hernando High schools. John and his family are also active members at their local church.

Commissioner Allocco's Top Priorities

Smart economic growth, creating an environment that is favorable to attract new businesses and expand current businesses all while being fiscally responsible.

- Republican Executive Committee – State Committeeman

Commissioner Jerry Campbell

2nd Vice Chair

District 4

Elected: November 8, 2022

Term expires: November 2026

Jerry Campbell was born in Alabama and moved to Hernando County in 2005. Jerry and his wife Tracy of over twenty-five years have two adult daughters. Jerry started delivering pizza for Domino's Pizza. Over the next 25 years Jerry turned this delivery job into a small family business, eventually owning seven Domino's locations with over 175 team members.

Commissioner Campbell is involved in several community organizations including the Rotary Club of Brooksville and believes in Rotary's mission of "service above self".

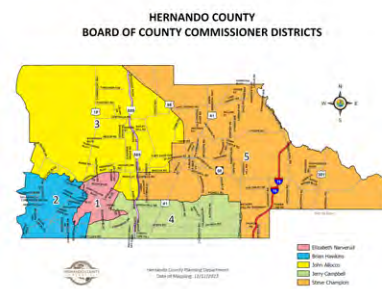

Commissioner Campbell believes in servant leadership and welcomes all comments, concerns, feedback and ideas through his county email.

Commissioner Campbell's Top Priorities

Creating an environment where families and businesses have an opportunity to succeed, smart economic development attracting both small and large career-based businesses and being fiscally responsible.

- Small County Coalition – Member

Commissioner Steve Champion

District 5

Elected: November 8, 2016

Re-Elected: November 17, 2020

Term expires: November 2024

Steve Champion is a fifth generation Brooksville/Hernando County resident. Commissioner Champion graduated from Fort Lauderdale High School and earned a bachelor's in business administration at Hamilton University. He owns two businesses in Brooksville (firearm sales and military police supplies) and previously spent more than 20 years working for Target Corporation as an executive and director. Commissioner Champion has five children; a son Christopher, a Staff Sergeant in the US Marine Corps, a daughter Kara, a soon-to-be graduate of UCF with her bachelor's degree in 2020, and three school-age children that attend Hernando County Public Schools.

Commissioner Champion was elected to the Board of County Commissioners in November 2016 and was re-elected in 2020. He has previously served as Chairman in 2018 and 2022, and Vice Chairman in 2017. He is a lifelong member of the National Rifle Association and an annual sponsor for the Hernando High School Future Farmers of America. Commissioner Champion sponsored the change of policy to allow Hernando County employees to conceal carry and sponsored the County becoming a Second Amendment Sanctuary.

Commissioner Champion's Top Priorities

Making Hernando County government more efficient and business friendly. He consistently votes against tax increases and unnecessary regulations.

Committee Assignments

- Metropolitan Planning Organization (MPO)
 - Member
- Robert Whitmore Board of Directors – Member
- Mid Florida Community Services Governing Board – Member
- Safety Council – Member
- Value Adjustment Board – Member
- Fair Association – Liaison
- Pasco-Hernando Workforce Board (CareerSource Pasco Hernando) – Liaison

County Administration

County Administrator – Jeff Rogers, P.E.

Mr. Jeff Rogers, P.E., became County Administrator on May 14, 2019. He joined Hernando County Government as Deputy County Administrator on September 25, 2017, and served as Acting County Administrator starting January 30, 2019.

Rogers has more than twelve years of local government experience with a concentration in administration, public works, budgeting and overall operational leadership and organization change.

He has an aptitude for identifying organizational weaknesses, deploying effective solutions, increasing employee efficiency and embodying an organizational vision.

A U.S. Navy Veteran, Rogers earned two Navy Achievement Medals.

Deputy County Administrator – Toni Brady

Toni Brady has been announced as Hernando County's Deputy County Administrator. As Brady is new in the position, she is not new to local government. Brady originally joined the Hernando County Clerk's office in 2016. She worked closely with the Board of County Commissioners in her role within the Finance Department.

It was a natural transition into the Budget Director position in 2020. From there, Brady then transitioned into the role of Deputy County Administrator on October 2, 2023.

Brady earned a Bachelors of Science in Accounting and a Masters of Business Administration both from Saint Leo University. She graduated in 2020 from the Certified Public Manager's program with Florida State University. She earned the Florida Government Finance Officers Association's Certified Government Finance Officer designation in 2023.

Brady was born and raised in Spring Hill and has been married to her high school sweetheart for 28 years. They have 20-year-old twins.

As Deputy County Administrator, Brady supervises daily activities of Department Directors and Managers, and is accountable for the management function of planning, organizing, leading and controlling for all departments, programs and services under the county administrator with emphasis in coordination and measurement of the core services of public works, utilities, planning and development.

Hernando County, Florida

Location

Our county is the geographic center of the state, and is located on the central-west coast of Florida. Businesses are drawn to this location because of our affordability, accessibility and; abundant space to relocate or expand. It's a place where community and commerce thrive. These are just some of the reasons why Hernando is great place to start or grow a business.

The City of Brooksville is the county seat and is rich in history and traditions. Weeki Wachee, the only other city in the county, incorporated many decades ago to appear on Florida maps to promote the Weeki Wachee Springs as the “City of Mermaids.” Unincorporated areas include Spring Hill, Ridge Manor, Ridge Manor West, Masaryktown, Bayport, Aripeka, Lake Lindsey and Hernando Beach.

History

Fort DeSoto was established in the northeast edge of present-day Brooksville to protect these settlers in the area from Native Americans. The fort became a small community center, trading post, and way station on the route to Tampa. Further settlements started to grow near the fort beginning around 1845; two towns developed, Melendez and Pierceville, which would later merge to create Brooksville in 1856. Then encompassing a significantly larger area of west central Florida than it does today, Hernando County was officially established on February 27, 1843, two years prior to Florida's admission into the Union. It was created from portions of Alachua, Hillsborough and Orange Counties and included all of present-day Citrus and Pasco Counties. Named for Spanish explorer Hernando de Soto. In 1855, town founder Joseph Hale donated land for a county courthouse in the center of present-day Brooksville. Soon thereafter, the structure was completed, but was destroyed by a fire on September 29, 1877. On June 2, 1887, the Florida State Legislature divided Hernando County into three independent counties: Pasco County to the south, Citrus County to the north, and Hernando County in the middle. Since then, Hernando County's borders have remained unchanged.

Now known as Florida's Adventure Coast, our freshwater rivers and springs, state forests and preserves and Gulf waters provide opportunities for many land and water adventures for residents and tourists.

Government

By the authority of General Law, as found in the Constitution of the State of Florida, the Board of County Commissioners shares the functions of government with Hernando County's Constitutional Officers including the Clerk of the Circuit Court and Comptroller, Property Appraiser, Tax Collector, Supervisor of Elections and Sheriff. This provides a system of checks and balances with each office fulfilling a distinct role in the local government. Hernando County's five commissioners are elected to serve four-year staggered terms. The commissioners are each elected at large to represent a geographic district within the County. The Chairperson of the Commission is elected annually by the other Board Members and presides over all meetings of the Board.

The Board of County Commissioners has a responsibility to provide general government services (fire/rescue, library services, and building inspections), to oversee the development of infrastructure (roads, utility systems, parks, government buildings), and to determine regulations regarding zoning and land use provisions. The Board of County Commissioners is also responsible for determining the millage rate (tax on real property) to fund functions of County government with the exception of the Tax Collector (a fee officer) and some court-related functions. The Board of County Commissioners is a policy-making board similar in nature to a board of directors of a major corporation. The Board approves the County's operating and capital budgets, passes ordinances, and takes actions, which provide for the health, safety and welfare of the citizens of Hernando County. The daily responsibilities for running Hernando County Government are vested in the County Administrator, who is appointed by the Board.

Historic Areas

Hernando County of Historic Places has 9 properties and districts listed on the National Register of Historic Places:

Chinsegut Hill Manor House
William Sherman Jennings House
May-Stringer House
Richloam General Store and Post Office

The County adopts budgets for all governmental funds and expendable trust funds on a modified accrual basis. The budgets for proprietary funds are adopted on an accrual basis. Depreciation expense is not budgeted, but expenditures for capital outlays are budgeted.

As explained in Hernando County's Annual Comprehensive Financial Report (ACFR), budgets for all funds are prepared on a basis consistent with Generally Accepted Accounting Principles (GAAP) with the exception of the budgeting of fixed assets and contributed capital in the enterprise funds, which are budgeted as capital outlay expenditures and revenues, respectively.

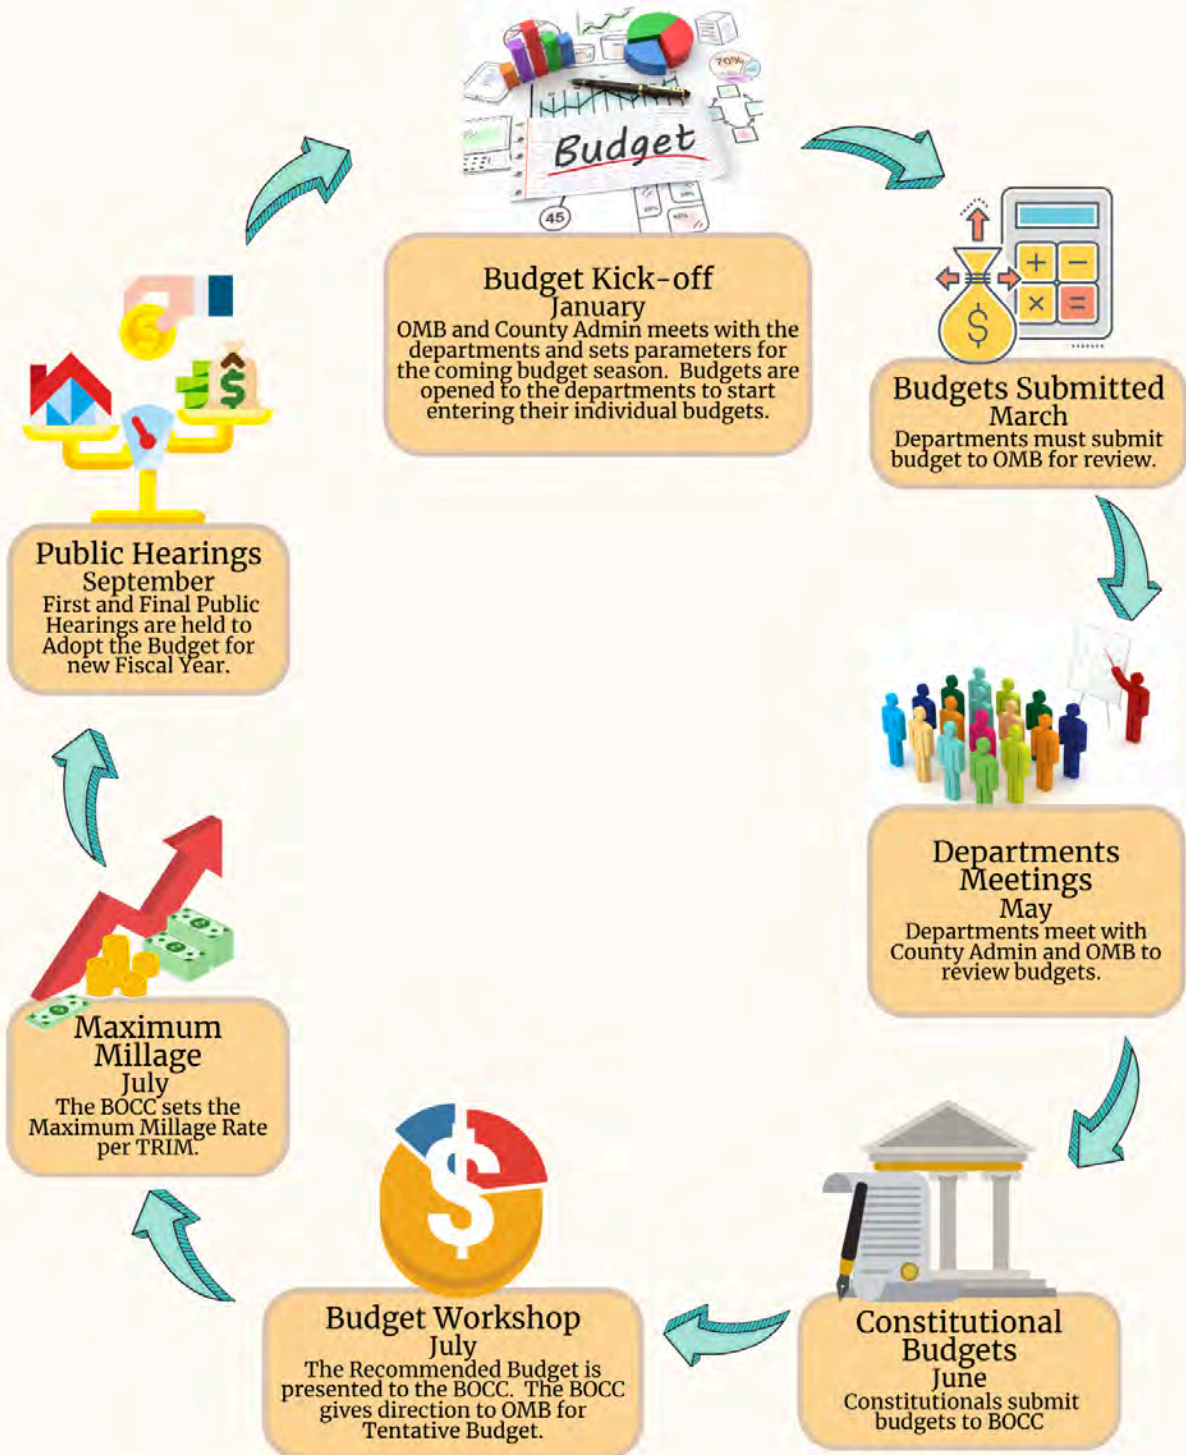

Exceptions to this general rule include: (1) accumulated sick and vacation pay, which are not recorded as expenditures because these amounts will not be paid from expendable available resources and (2) principle and interest on general long-term debt, which are recognized when due.

Revenues are recognized when they are earned and become measurable, i.e. when the County has provided service. Expenses are recognized when they are incurred.

Budget Process

Budget Process

During the first quarter of the fiscal year, the Office of Management and Budget (OMB) reviews and develops data useful in preparing revenue and expenditure forecasts. This data is compiled and analyzed and used in preliminary budget discussions for the upcoming year with the Board of County Commissioners and the County Administrator.

In March, departmental budgets are submitted to the Office of Management and Budget staff for review. Staff analyzes these budgets for accuracy and content to make sure budget guidelines have been followed.

In April, preliminary Capital Improvement Projects are submitted to the Office of Management and Budget staff for review. Staff analyzes these budgets for accuracy and content to make sure budget guidelines have been followed.

In May, departments meet with the County Administrator and OMB. These staff meetings provide each department head with the opportunity to discuss and clarify the requested amounts for the individual departmental budget as submitted.

The Office of Management and Budget staff prepares the recommended budget document and submits to the Board for review at the budget workshop held in July. The workshop provides the opportunity to establish millage rates, finalize department budgets, etc.

The Constitutional Officers submit to the Board their proposed operating budgets on June 1. Florida Statute allows most Constitutional Officers to submit their budgets on June 1.

Two public hearings are held in September. The first public hearing is held to adopt tentative millage and the budget. The second public hearing is held to adopt final millage and the budget. The CIP (Capital Improvement Plan) is adopted at the same time as the operating budget. Following Board approval of the budget, the Office of Management and Budget staff prepares the adopted budget document for distribution to departments and other interested parties. The adopted budget becomes effective October 1 through September 30. The dates for the budget cycle are listed in the Budget Timeline.

Amendments to the Adopted Budget

Hernando County has two (2) methods of budget modification. The annual budget can either be modified by resolution or budget amendment. Budget modifications follow the rules set forth in Florida Statute 129.06. The purpose of this process is to adjust fund amounts to reflect the level of revenues reasonably anticipated to be received and to balance expenditures to these revenues according to state law and sound financial practices.

BUDGET RESOLUTION is processed for Board approval to recognize an unanticipated excess amount of an anticipated revenue and revenue from an unanticipated source. A resolution is also required when transferring revenues between funds. In general, a budget resolution with Board approval is required anytime the overall budgeted fund increases.

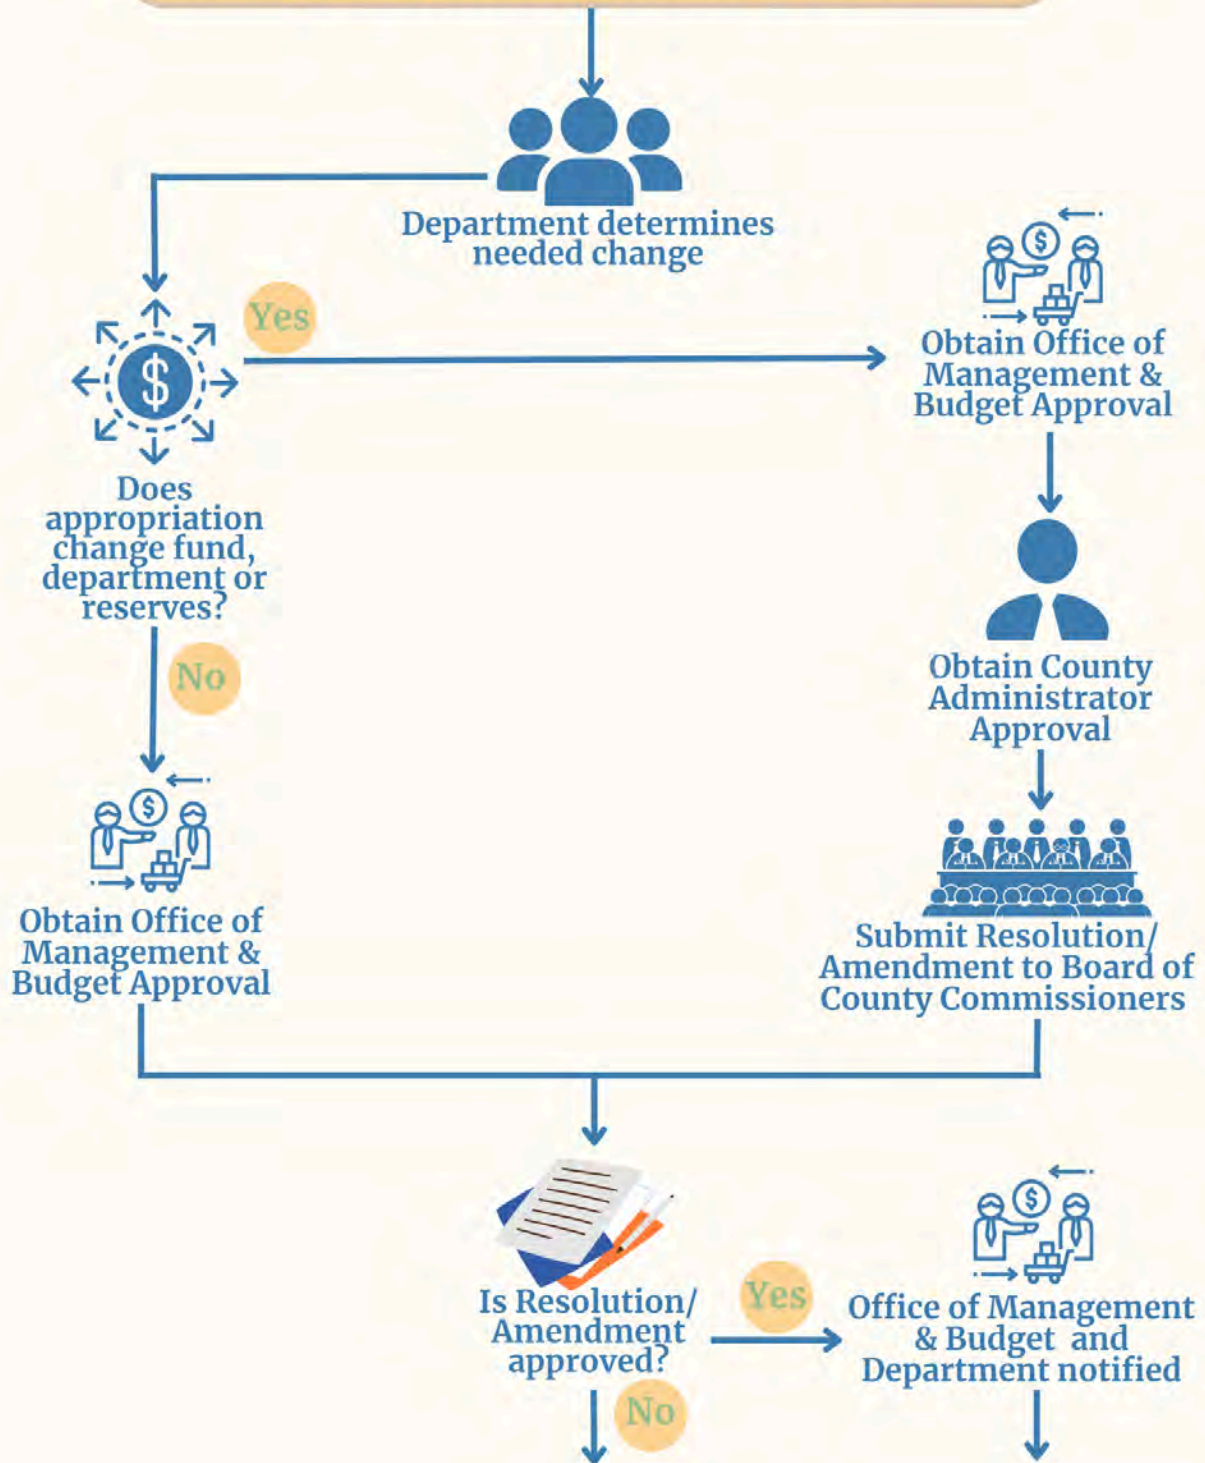

BUDGET AMENDMENT

Hernando County has two (2) levels of budget amendments.

1. Any transfer relating to reserves or that will increase staffing levels must have Board approval. This also includes any transfer of positions from one department to another. Any grant matches remaining after a grant has been closed or canceled by its sponsor requires a budget amendment from same department/division to move funds to reserves and must be Board approved.
2. The Budget Officer or his/her designee must approve any transfers affecting personnel costs, capital projects/equipment, and/or all other forms of budget changes (changes by line item) within the same fund.

All requests for budget modifications must be submitted on a form entitled “Budget Amendment” and signed by the Department Head. They are then sent to the Office of Management and Budget (OMB) for review and approval. If required, they are sent onto the next level for further approval.

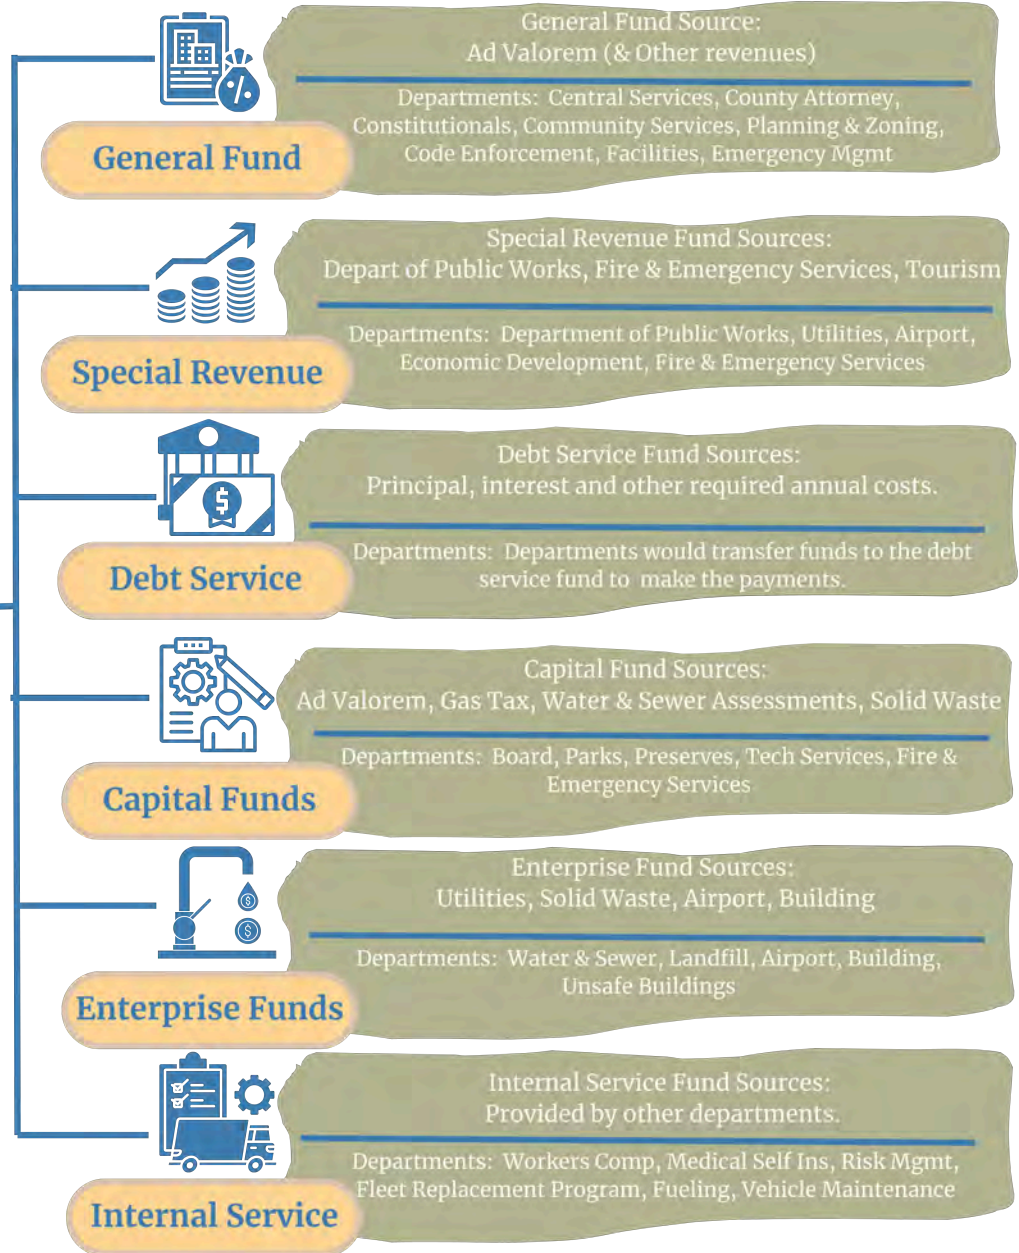

Budget Amendment Process

Revenue Description for County Budget Totals

Taxes include Ad Valorem taxes which are collected as a percentage of the value of real and personal property in the County. They support various operating funds of the local government. Local Option and County Fuel Taxes, Tourist Development Tax and Local Communication Services Taxes are included.

Licenses and Permits is largely Fire Assessment Fees but also includes Building, Zoning and Fire Inspection fees. Impact fees round out this category.

Intergovernmental consists of State Revenue Sharing which includes Local Government Sales Tax, State Housing Partnership (SHIP) funding, Constitutional Gas Tax, Florida Boating Improvement Program and various licenses for Mobile Homes, Alcoholic Beverages and Insurance Agents. Federal, State and Local grants are also included in this category.

Charges for Services include water and sewer fees, landfill fees, internal service fund fees, ambulance fees, school resource officer fees, various other public safety related fees, planning and zoning fees, public works fees, engineering fees, recreation fees, park parking fees, administrative fees for various services, hydrant testing fees, animal service licensing and control service fees and fees for various court related services.

Fines and Forfeitures relating to court appearances, violations and special master fines for Code Enforcement, Sheriff and Animal Services and forfeit or confiscated funds.

Miscellaneous includes rents and royalties from Airport leases, rent of other real property owned by the County and Payment in Lieu of Taxes from local hospitals.

Transfers are either within the same fund or between different funds. Transfers within the same fund are often the local match of grant funding. Transfers between funds when programs are established to share funding from different funds or to pay debt service.

Other Sources includes returned fees from Constitutional Officers and Inmate Revenue Fund. Enterprise grant funding, debt proceeds, and Balance Forward Cash or Fund Balance. Fund Balance is a term used in governmental accounting referring to the difference between assets and liabilities. In

practical terms, fund balance is the unused portion of financial resources from the prior fiscal year due to accumulation of emergency, capital, and project reserves; encumbrances carried forward from prior fiscal year; as well as revenues collected in excess of budgeted amounts.

Fund Balance

Hernando County Fiscal Policies state that fund balances are monies which are not expended in a previous fiscal year. The components of fund balance are classified as:

- Non-spendable – Inherently non-spendable (e.g., endowments, inventories of supplies);
- Restricted – Resources subjected to externally enforceable legal restriction, (e.g., Creditors, Grantors);
- Committed – Self-imposed limitations set by governing body;
- Assigned – Intended use of resources;
- Unassigned – Fund balance in excess of non-spendable, restricted, committed and assigned.

Fund balances anticipated at the end of a fiscal year will be budgeted as the beginning fund balance (revenue) for that fund for the upcoming fiscal year.

By definition, a Balanced Budget is one in which anticipated revenues to be collected in one fiscal year are equal to or greater than total anticipated expenditures for that fiscal year.

The committed but “unencumbered” balance of agreed to multi-year and revolving projects and/or contracts anticipated not to be completed by September 30 must be re-budgeted in the subsequent fiscal year.

Cash balances remaining in any fund at year-end will stay in that fund for subsequent years. Upon completion of the fiscal year audit, any increase and/or decrease to fund balance will cause adjustments to revenue and/or reserve accounts. Additional funds should not be used to increase expenditures within the budget.

The County shall strive to maintain a fund balance of 18.5% in the General Fund and sufficient fund balances in all other funds to allow for adequate cash flow from one budget year to the next. Current board direction maintains a 25% fund balance in General Fund.

Each year staff reviews fund balance and amends the budget accordingly. During the budget process, fund balance estimates are made by the beginning of August. These estimates are only adjusted further when there has been a significant change in a fund, which would warrant such an adjustment. Once the fiscal year has begun, and the previous year fully closed, fund balances for the previous fiscal year are then calculated and variances with the estimates are adjusted accordingly through the True-Up process.

The fund balance adjustments are made for various reasons: to reallocate monies for those projects which were planned but not completed, for housekeeping to correctly reflect the budget amounts, increasing reserves, or an allocation to a non-recurring expense. Based on these determinations, the category of allocation is identified with each expense in the budget resolution.

The following information reflects changes in fund balance in Hernando County’s major and non-major funds as reflected in the County's Annual Comprehensive Financial Report (ACFR).

Source: Hernando County Annual Comprehensive Financial Report: Statement of Revenues, Expenditures and Changes in Fund Balances reports from the appropriate reference year.

Revenues

Hernando County receives a wide range of revenue to fund its operations and capital projects. The inflow of financial resources include taxes, fees, special assessments, intergovernmental revenues, charges for services, and other miscellaneous revenues. At any given time, For reporting purposes the revenues are often bundled into the following categories:

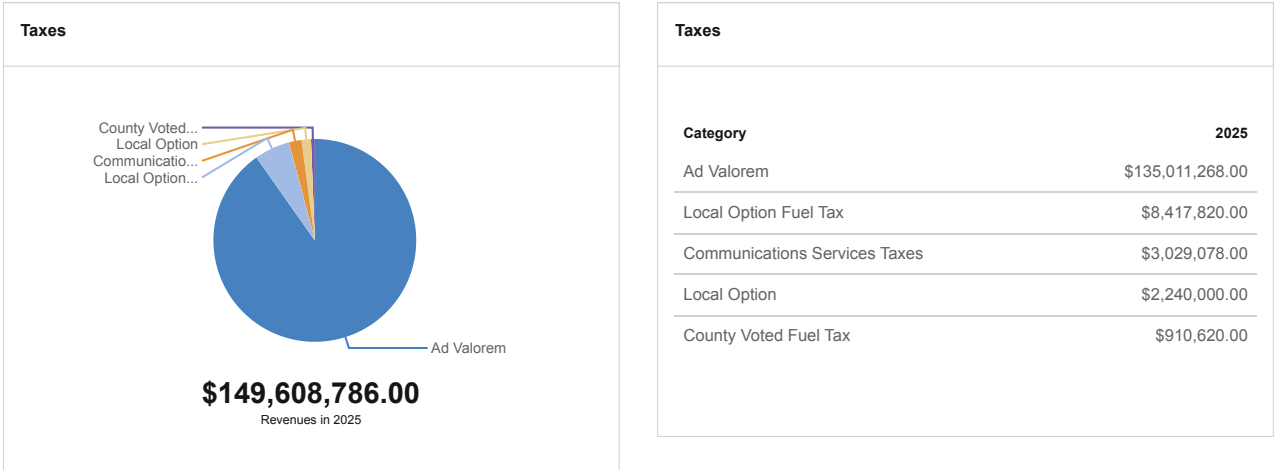

Revenue estimates for budget purposes are based on historical trends, current economic conditions, future financial forecasts, legislative actions, departmental operations, grants, and other sources. The Florida Department of Revenue provides estimates for gas tax revenue, local half cent sales tax revenue, communications services tax revenue, and state revenue sharing. Ad valorem tax is estimated based on taxable property values provided by the Property Appraiser by July 1 of each year.

Ad Valorem Taxes

Ad valorem tax (property tax) is defined as a tax based upon the assessed value of real and personal property. Ad valorem tax rates are expressed in mills. A mill is defined as 1/1000 of a dollar, or \$1 per \$1,000 of taxable value. Property tax revenues depend upon the taxable value of real and personal property determined by the Property Appraiser.

FISCAL YEAR	CERTIFIED TAXABLE VALUE	% CHANGE	CHANGE IN TAXABLE VALUE
2024/2025	16,420,404,258	10.53%	1,564,270,328.00

Hernando County levies taxes on all real and personal property within its borders, including municipalities for services provided throughout the county. Ad valorem taxes account for 90% of all tax revenue proposed in the FY25 Recommended Budget. Growth in the tax base increases the County's ad valorem tax revenues without major increases in the tax rate.

Ad Valorem Taxes (in millions)

Property Tax – Municipal Services Taxing Unit

In addition to Countywide millage, Hernando County also has the authority to levy taxes in Municipal Service Taxing Units (MSTUs): Fire Rescue and Stormwater. MSTUs provide specialized services within legally specified geographic boundaries.

This tax is assessed only on property in the unincorporated areas of the County, and it is reserved to provide operating funds for County services that are comparable to certain activities provided by municipalities, hence the term Municipal Services Taxing Unit. MSTU revenues are kept in separate accounting funds to ensure that the money is spent only in the areas from which this tax was collected, and only for specific purposes: fire rescue and stormwater.

Millage Overview

The following terms are commonly used in budget documentation pertaining to millage:

Millage: The rate charged per thousand of taxable value. For example, on a home with a taxable value of \$100,000 assessed, taxes would equal \$100 (\$1 for each \$1,000 of taxable value). The millage rate is calculated by dividing the amount of the proposed ad valorem into the total taxable value (less 5%).

Aggregate Millage Rate: A rate obtained by dividing the sum of all ad valorem taxes levied by the Hernando County Board of County Commissioners by the taxable value of the County. This rate expresses an average tax rate.

Total Millage: A rate that is the aggregate millage plus the voted debt service millage. Hernando County does not currently have any debt service millage.

Rolled Back Rate: a millage rate that will bring in ad valorem revenues equal to the prior year's dollar amount. The value of new construction is excluded from the calculation of the roll back rate.

The millage comparison chart below includes Hernando County related millage and MSTUs.

Millage Rate Trend

Typical Tax Bill

The following example depicts the increase in taxes from FY24 to FY25 for a constant assessed value of \$300,000, when the adopted combined millage rate is applied. Based on the FY25 recommended millage of 8.6429, a typical County portion of a tax bill would be \$2,592.87 as shown on the example below. This amount includes only County's government millage. Each individual tax bill would be broken down by various rates that apply to the specific area where the home is located.

Typical Tax Bill	FY25 Recommended Millage	FY25 Tax amount
General Fund	6.6997	\$2,009.91
Transportation Trust	0.8091	\$242.73
County Health	0.1102	\$33.06
Subtotal County	7.6190	\$2,285.70
Emergency Medical Services (EMS) MSTU	0.9100	\$273.00
Stormwater Management MSTU	0.1139	\$34.17
Subtotal MSTU	1.0239	\$307.17
Total Including Unincorporated Areas	8.6429	\$2,592.87
Based on an assessed property value of \$300,000		

Below is a table that compares the taxes on the \$300,000 assessed property value for FY24 Adopted compared to FY25 Recommended:

Typical Tax Bill compared to Last Year	FY24 Adopted Tax	FY 25 Recommended Tax	Change	% Change

Total Including Unincorporated Areas	\$2,592.87	\$2,592.87	\$0.00	0%

Actual tax bills contain taxes levied for taxing authorities other than the County government: Special Districts, South Florida Water Management District (SFWMD), School Board, and, when applicable, municipalities. Each of these authorities assesses their own millage and adopts their own annual budgets. The County does not exercise control over the budgets and millage rates of other taxing districts; therefore, their budgets and millage rates are not reflected in the County's budget document.

In County is the tax levies already mentioned, the County is required to levy a separate property tax to meet annual debt service requirements for the payment of voter approved general obligation bonds. At present, the voted debt fund has accumulated sufficient resources to satisfy the remaining debt obligation.

State Revenues

Major revenue types in this category are: local government half-cent sales tax, state revenue sharing, as well as the constitutional and county fuel tax. In addition, Hernando County receives smaller amounts of money for insurance agent county licenses, mobile home license tax, alcoholic beverage license tax, and other minor revenue inflows.

Category	2025

The local government half-cent sales tax has been an important source of revenue for the County for several decades.

Local Government Half-Cent Sales Tax Program

2024 is estimated using year-to-date actuals plus last quarter estimates.

2025 is estimated using 95% of Department of Revenues estimates.

The state revenue sharing is allocated from the State to the County as a portion of the state sales tax and the cigarette tax.

County Revenue Sharing Program

2024 is estimated using year-to-date actuals plus last monthly estimates.

2025 is estimated using 95% of Department of Revenues estimates.

Total Expenditures

The most universal format used by local governments to summarize their budget information is a roll up of planned expenditures into personal, operating, capital, debt service, transfers to constitutional officers, internal transfers, and reserves:

Personal Services consist of salaries and fringe benefits. Operating expenditures cover a vast array of day-to-day governmental activities ranging from road repairs, parks maintenance, to office supplies, printing, and utility payments. Capital expenditures are related to acquisition or construction of fixed assets, and intellectual property, such as software. Debt service includes County short and long-term financial obligations. Transfers to constitutional officers are resources that the County is obligated by law to fund for work or services performed by the Clerk of Courts, Property Appraiser, Sheriff, Supervisor of Elections, Tax Collector, and judicial agencies. Internal transfers are designed to move resources within the County’s fund structure to either contribute funding to specific projects and programs or to reimburse departments for work performed. Reserves are set up to save funds for a variety of governmental purposes: emergency and disaster relief, capital projects, equipment replacement, debt service, and others.

Financial information in this section of the budget document is intended to summarize hundreds of individual accounts that Hernando County utilizes to track its financial transactions. These accounts appear in detail in the budget presentations by department. To facilitate the reading process of this document, it is important to note that Hernando County codifies all of its revenues and expenditures according to the Generally Accepted Accounting Principles and follows a chart of accounts established by the State of Florida's Uniform Accounting System Manual. As a result, each financial transaction is coded with several accounting designators: area of operations, fund, department, account and project. This terminology is used throughout the budget document, and definitions are included below to facilitate the interpretation of the data:

Expenditure Summary by Program

The most commonly used compartmentalization of governmental financial data is based on methodology used in the preparation of annual financial reports where the expenditures are grouped by programs: general government, public safety, physical environment, transportation, economic environment, human resources, culture and recreation, capital outlay, debt service, and transfers out.

Information re-sorted by program allows the users of financial reports to compare the County's major categories of spending to prior years as well as to other county governments of similar size and operations. Presented next are the total Hernando County adopted expenditures planned for the next year, by program:

General Government Services – Non-court related services provided by the legislative and administrative branches of the County for the benefit of the public and the governmental body as a whole. This does not include administrative services provided by a specific department in support of services included in another major classification as listed above. These include: Legislative, Executive, Financial and Administrative, Legal Counsel, Comprehensive Planning, Debt Service and Other General Government.

Public Safety – Services for the security of persons and property. This major category includes: Fire Rescue (fire control and ambulance and rescue services), Emergency & Protective Inspections, Disaster Relief Services, and Law Enforcement (Sheriff, Police, and other Law Agencies).

Physical Environment – Costs of services provided for the primary purpose of achieving a satisfactory living environment by controlling and utilizing elements of the environment. Included in this category are the following: Electric, Gas, and Water Utility Services, Garbage/Solid Waste Control Services, Sewer/Wastewater Services, Water- Sewer Combination Services, Conservation and Resource Management, Flood Control/Stormwater Management, and Other Physical Environment.

Transportation – Cost of services for the safe and adequate flow of vehicles, travelers, and pedestrians. Does not include expenditures incidental to transportation, but directly related to public safety, such as traffic control, law enforcement, and highway safety projects. This major category includes: Road and Street Facilities, Airports, Water Transportation Systems, Mass Transit Systems, Parking Facilities, and Other Transportation Systems/Services.

Economic Environment – Cost of providing services which develop and improve the economic condition of the community and its citizens. This excludes welfare, which is classified under the function “Human Services”. This category includes Employment Opportunity and Development, Industry Development, Veteran’s Services and Housing and Urban Development.

Human Services – Cost of providing services for the care, treatment and control of human illness, injury or handicap; and for the welfare of the community as a whole and its individuals. This includes Hospital Services, Health Services, Mental Health Services, Public Assistance Services, Developmental Disabilities Services, and Other Human Services.

Culture / Recreation – Cost of providing and maintaining cultural and recreational facilities and activities for the benefit of citizens and visitors. Libraries, Parks and Recreation, Cultural Services, Special Events, Special Recreation Facilities, and Charter Schools are all included in this category.

Other Uses – This category includes Inter-Fund Group Transfers Out, Installment Purchase Acquisitions, Capital Lease Acquisitions, Payment to Refund Bond Escrow Agent, Intragovernmental Transfers out from Constitutional Fee Officers, Clerk of Court Excess Remittance, and Non-Cash Transfers Out from General Fixed Asset Account Group.

Other Non-Operating – Use of funds that do not represent expenditures for operating or capital purposes. This category includes Reserves.

Court-Related Expenditures – Includes General Court Administration for criminal and civil court costs.

General Fund

The General Fund is the largest and most comprehensive countywide fund. Funding for operating costs related to parks, libraries, courthouse, Sheriff, facilities, information technology, and other County services come primarily from this fund. The General Fund has a wide range of sources of revenue; however, the primary funding comes from ad valorem taxes.

Constitutionals

General Fund excluding Constitutionals and Reserves

Reserves Trend

General Fund Reserves meets the goal of at least 18.5% of the General Fund operating total, which is the desired level established by the County’s Fiscal Policy. The FY25 Recommended Budget exceeds the County's goal requirement.

Long Range General Fund Forecast

The following chart outlines the County's Three-Year Forecast of the General Fund revenues and expenditures for FY2025 through 2027. The growth in expenditures will be challenging in the future mainly due to the uncertainty of the current economic environment including inflation and limited revenue opportunities. The projections are based on conservative assumptions and does not reflect actions the Board of County Commissioners may take. The general fund represents almost one-third of the total budget which funds operating and capital costs for parks, libraries, courthouse, Constitutional Officers, facilities, information technology, and other general County services.

General Fund	Adopted Budget FY2023	Adopted Budget FY2024	Recommended Budget FY2025	Projected Budget FY2026	Projected Budget FY2027

Mandates

State and federal mandates are proclamations of law—pursuant to a constitutional or statutory provision, or an administrative regulation—which require a local government to carry out a specified activity, service, or expend money in a dictated way.

Florida’s counties rely on ad valorem taxes, service charges, state-shared revenue, utility service taxes, and other lesser revenue sources in order to comply with the numerous mandates handed down to them by the state (and somewhat by the federal government) and fund their own needs. It can be challenging to accurately measure the costs of these mandates for many reasons. Data on the costs of mandates may not always be reliable. Many officials have different definitions of what qualifies as a mandate, and there are countless indirect costs associated with mandates.

Unfunded Mandates Provision

The 1990 Unfunded Mandates provision was one of the most popular amendments to the Florida Constitution ever adopted, with every county in Florida voting in favor of its adoption. In total, over two million electors voted for the amendment sponsored by the Florida Legislature. The amendment contains five subsections pertaining to mandate restrictions: (a) provides that there must be certain conditions met in order to for counties and municipalities to fund the mandated requirement; (b) prohibits altering the local government’s revenue power without supermajority vote; (c) prohibits minimizing the state tax shared with local governments without supermajority vote; (d) provides that laws funding pension benefits, criminal laws, election laws, the general appropriations act, special appropriations act, and laws authorizing but not expanding statutory authority are exempt; and (e) provides a catch-all that if a law has an “insignificant fiscal impact” it is exempt from the mandate restrictions.

Supervision & Control of County Property

Counties have the primary responsibility for the supervision and control of all county property not delegated to another “custodian.” Counties are given the power to “provide and maintain county buildings”—which although this is just an authority bestowed, seems to suggest that the board of county commissioners is responsible for the maintenance of county-owned property that is not delegated.

County Courthouse

The county commissioners are explicitly required to “erect” a courthouse and suitable offices for all county officers that are necessary to be at the courthouse. Counties are also required to fund many aspects of the state court system: including housing for “trial courts, public defenders’ offices, state attorney’s offices,” and clerks’ offices of the circuit and county courts.

County Jail

Florida Statutes require the county to be responsible to provide for its prisoners. In addition, the county commissioners are required to designate a chief correctional officer. A majority of a county commission may charge the county sheriff with the duties of chief correctional officer, delegating to the sheriff responsibility for the daily operation and maintenance of county jails. Counties may also be given the custody of any prisoner via the authority of the United States and can be accountable for the medical expenses of their arrestees.

Animal Control

County commissions are required to establish and maintain pounds or suitable places for the keeping of impounded livestock and to provide truck transportation for the impounded animals. The law mandates procedures that will result in “sterilization of all dogs and cats sold or released for adoption” from any county shelter.

E911 Services

Counties are mandated to comply with the Florida Emergency Communications Number E911 State Plan Act, under which a system for contacting emergency services is required to be created and maintained throughout the state. Boards of county commissioners are required to establish a fund to be used exclusively for receipt and expenditure of 911 fee revenues collected from telephone companies. These funds are received from the state and are based on a percentage of revenues received from wireless, non-wireless, and prepaid wireless telephone services. This money must be appropriated for 911 purposes and incorporated into the annual county budget.

Emergency Management

In accordance with the “State Emergency Management Act,” counties are mandated to create and maintain an emergency management agency and develop a county emergency management plan consistent with the state’s plan—all pursuant the board of county commissioners’ direction. This county agency is also required to coordinate with different entities in order to ensure there is suitable public shelter in case of hurricane or disaster. Because Federal and State grants do not always cover the costs of emergency management, counties may be forced to use their ad valorem funds in order to comply with the program. It is explicitly stated in the Florida Statutes that counties are responsible, in coordination with their local medical and health departments, for developing and planning for special needs shelters. Additionally, “if a county maintains designated shelters, it must also designate a shelter that can accommodate persons with pets.

Juvenile Detention

Counties are statutorily mandated to contribute financial support to juvenile detention care, including a portion of detention care (respite beds), unless the county is deemed “fiscally constrained.” Chapter 985, Florida Statutes, states that the state and the counties have a “joint obligation . . . to contribute to the financial support of the detention care provided for juveniles.” Non-fiscally constrained counties are required to cost-share fifty percent of their shared detention costs. The remaining costs are borne by the state.

State Court Systems

County funding is limited to the cost of communications services, existing radio systems, existing multiagency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the circuit and county courts, public defenders’ offices, state attorneys’ offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions.

Counties are also statutorily required to pay the reasonable and necessary salaries, costs, and expenses of the state courts system, including associated staff and expenses, to meet “local requirements”. Local requirements are those expenses associated with specialized court programs, prosecution needs, defense needs, or resources “required of a local jurisdiction as a result of special factors or circumstances”(1) when imposed pursuant to an express statutory directive; or (2) when circumstances in the local jurisdiction necessitate the implementation of programs impacting the resources of the state courts system. Local requirements specifically include legal aid programs and alternative sanctions coordinators.

Medicaid

Counties are mandated to supply an annual contribution to the State in order to fund Florida’s Medicaid program. . As of the 2015-16 fiscal year, these percentages are based on each county’s respective percentage share of residents who are enrolled in Medicaid. This Medicaid enrollment formula has increased Medicaid costs for many counties.

Indigent Care

Counties are mandated to reimburse participating hospitals which provide care for indigent patients for their respective citizens.

Health Department

County health department units are required to be established within counties to provide for environmental health, communicable disease control, and primary care services. The status of county health departments as a unit of county government (as opposed to state government) has been addressed by the Attorney General, who has found that county health departments should be considered units of county government. However, in practice, the responsibility for county health departments is shared between the counties and the state. In establishing the system of county health department units, it was the intent of the Legislature that the public health needs of Florida citizens be served through contractual arrangements between the state and each county. The use and maintenance of facilities and equipment are to be addressed in the contracts between each county and the Department of Health. Counties may maintain ownership and use of these facilities to the extent that such ownership and use does not interfere with the provision of public health services. Personnel of county health departments are employees of the Department of Health, not of county governments. County health departments may be funded through millage levied for the purpose of the provision of public health services and the maintenance of public health equipment. These proceeds are placed into a County Health Department Trust Fund which contains all state and local funds to be expended by county health departments.

Mental Health & Substance Abuse

“The Community Substance Abuse and Mental Health Services Act” states that local governments are required to participate in the funding of Florida’s mental health and substance abuse system. “Local governing bodies” are required to supply 25% of the community programs’ funding, with the state disbursing the other 75%. Counties are not solely responsible to produce these “local matching funds,” as there are many other sources—e.g. city commissions and special districts—contributing to local match. “The Florida Mental Health Act” (also known as “The Baker Act”) was enacted to “reduce the occurrence, severity, duration, and disabling aspects of mental, emotional, and behavioral disorders.” Counties are not the primary source of funding for the treatment of Baker Act commitment, but there are different exceptions in which a county could be liable for such medical payments.

Unclaimed Bodies

If the anatomical board does not accept an unclaimed body, then the board of county commissioners is required to dispose of the body of persons that die within the confines of their county.

The county is also responsible for making a reasonable effort to identify the body and accepting responsibility to arrange for the body's burial or cremation.

Medical Examiners

The fees, salaries, and expenses associated with the medical examiner must be paid from the funds under the control of the board of county commissioners. These medical examiner expenses, including transportation and laboratory facility costs, are borne by the county.

Child Protective Services

Counties are mandated to pay for the initial costs of the examination of allegedly abused, abandoned, or neglected children; however, parents or legal custodians are required to reimburse the counties of such examination.

Veteran Services

Veteran Service Officers (VSOs) may be employed by the board of county commissioners to assist county residents by providing advocacy and counseling to veterans and their families. While VSOs are not required to be employed by the counties, currently all sixty-seven counties employ at least one VSO.

Mosquito Control

In an effort to suppress disease-bearing and pestiferous arthropods, "mosquito control districts" were created. Counties are not mandated to create such mosquito control agencies, but if they do, there are many sources of funding (including tax levying and state matching funds). In the event state funds do not fully fund mosquito control budgets, counties will need to fund the difference. "County commissioners' mosquito and arthropod control budgets . . . shall be incorporated into county budgets.

Solid Waste

A key responsibility of counties is to provide for the creation and operation of solid waste disposal facilities which can reasonably meet the needs of their incorporated and unincorporated areas.

Recycling

Counties are also mandated to implement a recycling program with goals of recycling at least 75% of recyclable materials annually. Counties are required to ensure that their municipalities participate, to the maximum extent possible, in their solid waste and recycling programs. County contracts for recycling are required to contain provisions for the reduction of contaminated recyclable material.

Water Quality

Counties, along with DEP and water management districts, are also responsible for the development of stormwater management. The federal Clean Water Act (CWA) “establishes the basic structure for regulating discharges of pollutants into the waters of the United States and regulating quality standards for surface waters.” In practice, many counties impose a stormwater assessment or fee to maintain stormwater flow and treatment facilities.

Personnel Services and Staffing

Hernando County government is the County's second largest public sector employer. The FY25 Recommended Budget reflects the addition of 42 Full Time Equivalent (FTE) positions. These new positions focus on public safety, customer service, and an increase in workloads. Each of the additional positions are identified within the departmental budget and justified accordingly. Staffing is divided into two major categories: Board of County Commissioners (BOCC) and Constitutional Officers. The BOCC is responsible for 54% of Hernando County employees; the Constitutional Officers have 46%. When there is a need to maintain existing and enhanced levels of service, an increase in staff is necessary. A detailed personnel summary is provided separately reflecting each department and division change. The Summary of Staffing by Department Table that follows summarizes staffing levels by Department for the prior five years and changes in the FY25 Recommended Budget. Staffing for the Constitutional Officers is determined by each Officer and can be provided upon request.

Each department identifies the positions that are necessary to either provide an enhanced level of service or maintain an existing one. Departments have external and internal customers that have an expectation for the level of service being provided. Not all requests for new positions were included in the FY25 Recommended Budget. Every new position request was reviewed and discussed, with some requests not being fulfilled. Only the BOCC has the ability to add positions, if during the fiscal year a need for additional staffing is approved, then position(s) are added accordingly, and are reflected in the totals of staffing by department.

The comparison from year to year reflects any additional positions that the BOCC may have approved and added during the fiscal year. This generally happens when a new position is funded by a specific revenue source. Some of the additional personnel for the BOCC does not necessarily reflect an increase in service but rather a change in how the County provides the service. The following is a synopsis of the new positions for FY25 and the funding source:

Board Department's Approved FTE Changes				FTE
Department	Position	Justification	Funding Source	FTE
General Fund				
County Administration	Administrative Assistant III	Assist County Administration with County Commissioner's and citizen's requests.	Ad Valorem & Cost Allocation Fees	1.00
Office of Management & Budget	Budget Analyst I	Assist Budget Office with Grant funds and various subject budget tasks.	Ad Valorem & Cost Allocation Fees	1.00
Human Resources	Human Resources Assistant	Assist Employment Coordinator with all Human Resources related matters to support employment growth.	Ad Valorem & Cost Allocation Fees	0.50
Human Resources	Benefits Manager	Assist Benefits Coordinator with all benefit related matters as part of the department's succession plan.	Ad Valorem & Cost Allocation Fees	0.60
Code Enforcement	Code Enforcement Manager	Manage department compliance of County codes.	Ad Valorem, Liens, and Fines	1.00
Facilities Department	Facilities Project Coordinator	Assist Project Coordinator with managing the departments growing number of projects.	Ad Valorem & Cost Allocation Fees	1.00
Planning & Zoning	Zoning Inspector	Assist with citizens requests, performance bonds, and inspections ensuring success as the County grows.	Ad Valorem & Fees	1.00
Planning & Zoning	Zoning & Customer Care Technician	Assist staff, customers and citizens with zoning related matters ensuring success as the County grows.	Ad Valorem & Fees	1.00
Housing Support Services	Homeless Coordinator	Assist in collaboration with agencies with citizens experiencing homelessness.	Entitlement Grant	1.00
Housing Support Services	Program Coordinator	To support Community Development Block Grant with planning, managing and monitoring grant recipients.	Entitlement Grant	1.00
Housing Support Services	Housing Specialist	Assist Housing Coordinator in support of upcoming funding for housing, SHIP and CDBG.	SHIP Grant	1.00
Parks & Recreation	Maintenance Technician I	To support additional maintenance for Anderson Snow Splash Park.	Ad Valorem & Fees	1.00
Parks & Recreation	General Maintenance/Dock Worker	To support additional maintenance for Anderson Snow Splash Park.	Ad Valorem & Fees	2.00
Special Revenue Funds				
Public Works	Property Management Associate I	Assist Property Management department with property relating matters.	Ad Valorem	1.00

HCFES - Hernando County Fire & Emergency Services | EMS MSTU - Emergency Medical Services Municipal Services Taxing Unit

Hernando County is a service driven operation. Personnel and related expenditures are a large portion of the total budget, funded by ad valorem, fees, grants, gas taxes, charges for services and other revenue sources. Also included in personnel funding are fringe benefits that the employer provides to employees. County employees that are eligible, are required to participate in FRS for retirement benefits. The rates the employer must contribute are established by the state and vary depending upon the position classification. The County has experienced continued increases in the employer contribution rate as established by the state to address their Unfunded Actuarial Liability. Employees are required by FRS to contribute 3% of their salary toward their retirement annually. Employee benefits have been reallocated to reduce overall increases. The County has a self-insured health insurance program which allows the County more control over the structure of health insurance offered to employees. Globally, the cost to provide health insurance is rising, but the County strives to minimize increases for the employer and employee contributions for health insurance. Having an Employee Wellness Clinic has reduced health insurance costs and prevented

possible catastrophic health issues. FY25 health insurance program includes a 7% increase in the premiums.

Debt Approval Process

FISCAL POLICIES

Budget Policy No. 29-01

PURPOSE:

The following policy statements are put forth to clarify the formal position of Hernando County as to the preparation, adoption, application, and control of the annual budget.

OVERVIEW:

The establishment of financial policies enables the legislative body, management, and the community to monitor its performance. It also helps in linking long-range financial planning with day-to-day operations and provides for financial emergencies thus improving fiscal stability. This contributes to the credibility and public confidence of the organization. To the credit rating industry and potential investors, such policies and statements show a commitment to sound financial management and fiscal integrity. Sound fiscal policies that are realistic and consistent provide useful guidance for the long-term programming of services and facilities. They also provide a set of assumptions that allow for more accurate budget and tax decisions.

Budgets are vital tools for establishing public policy and maintaining control over the management of public resources. A budget specifies the resources expected to be available to cover the estimated expenditures for carrying out governmental programs and services. The annual operating budget is a financial document projecting revenues and setting forth expenditure to provide services for the fiscal year. The capital budget covers outlays for the acquisition of major long-lived assets, and the resources employed for purchase of those assets. The capital budget should reflect the County's Capital Improvement Program (CIP) which schedules projects over a five-year period.

The Board of County Commissioners set short-term and long-term goals, which are reflected in the budget. These goals are pursued through programs or services that the public sector can provide more efficiently than the private sector. To promote economic efficiency, the budget should allocate resources to the programs and services that generate the greatest benefits and result in the incremental benefit being greater than the incremental cost.

BASIS OF BUDGETING:

The Hernando County budget is prepared in accordance with Generally Accounting Principles (GAAP). The accounts of the county are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that include its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which the spending activities are controlled.

The County adopts budgets for all Governmental Funds and Expendable Trust Funds on a modified accrual basis. Revenues are recognized when they are both measurable and available. Expenditures are recognized when the related liability is incurred. The budgets for Proprietary Funds are adopted on an accrual basis. Revenues are recognized when they are earned and become measurable. Expenses are recognized when they are incurred. For an expense to be incurred the item purchased must be received or the service purchased must be performed. Fund balance allocations (residual unappropriated liquid assets resulting from prior years' operations) are budgeted and included as revenue.

COST ALLOCATION:

The Board of County Commissioners has adopted a Cost Allocation Plan for central services. The practice is to work toward a goal of allocating all costs, wherever practical, to the department receiving the benefits. This involves allocating costs of central services, which include Board of

County Commissioners, Clerk Finance, Clerk Records, County Administration Office, Facilities Maintenance, Human Resources, Legal Department, Office of Management and Budget (OMB), Purchasing and Contracts, and Technology Services. In addition, both building use and equipment use allowance are allocated.

INTERFUND LOANS:

Definition – Interfund loans are loans from one County fund to another County fund for a specific purpose with a requirement for repayment.

Purpose – Interfund loans are temporary short-term borrowing of cash and may be made for the following reasons:

- Interfund loans may be used to offset timing differences in cash flow and to offset timing differences between expenditures and reimbursements.
- Interfund loans may be used to alleviate a temporary cash flow deficiency.

Terms and Conditions – Interfund loans should not be used to solve ongoing structural budget problems. Interfund loans shall not be used to balance the budget of the borrowing fund; nor shall they deter any function or project for which the fund was established.

The term of the interfund loan may continue over a period of no more than one year (for grant purposes) but must be "temporary" in the sense that no permanent diversion of the lending fund results from the failure to repay by the borrowing fund.

Interfund loans may only be made from funds not set aside to meet debt service or legally restricted covenants.

Interest must be paid on any interfund loan not used for grant purposes; rates will be determined based on most recent short-term borrowing rates.

Determination of need will be based on OMB coordinating with Administration and the Clerk's Financial Services to determine fluctuating cash flow amounts.

GENERAL BUDGET POLICY STATEMENT:

Hernando County's budget conforms to all the laws of the State of Florida as they relate to the adoption, amendment, and control of the budget. In addition, all policies set forth in this document are designed to provide for and enhance the financial stability of the County.

Budget Development.

Each year the annual budget establishes the level of funding for each of the County's various funds. The goals and objectives, activities and service levels, are dictated by the level of funding and controlled by the budget. The budget serves as an operational guideline for County staff, and instructs the departments as to level of staff, amounts of operating appropriations, and capital purchases allowed.

The first step in the development of the annual budget is to establish goals by working with the County Commissioners at a Planning and Goal Setting Workshop. Area specific economic data will be gathered and used to prepare revenue and expenditure forecasts. Trends, patterns, indexes, property valuation, growth, etc. will be compiled, analyzed, and applied in the preparation of detailed projections. These forecasts become guidelines for the basis of policy decisions developed to achieve the overall goals of the Board, while developing a financially sound budget.

Budget Guidelines.

The budgetary process is oriented toward the full use of the system. Where possible, the County will continue to integrate performance measurements and/or productivity indicators that will

allow for continued efforts to improve County programs.

The Hernando County budgeting procedures attempt to identify distinct functions and activities performed by the County and to allocate adequate budget resources to perform these functions and activities at a specified level of service.

The County will assume a status quo budget from year to year with only increases based upon justification or need. The budget will be reviewed with the Board and will focus on the following:

- Program Changes – An increase in the service level will be detailed and defined as an enhancement. Where a decrease or a reduction in service level is proposed, it will be detailed for the Board as a defined reduction to a program.
- New Programs – Proposed new programs will be identified as an enhancement and require detailed justification. Analysis is to include long-term fiscal impacts. When requesting a new program, all expenditures must be justified, and a viable revenue source be identified to offset the cost.
- Staffing – Staff increases will be limited to programs where growth and support specifically require the addition of staff. Reduction of staff will be done when there is no adverse effect on approved service levels.

General Budget Policy.

The Board will annually adopt a balanced budget as their yearly operating and capital plan. The budget will balance expenditures with revenues and be adopted according to the established timetable of the Truth in Millage Act (TRIM).

The County budgets revenues and expenditures on a fiscal year that begins on October 1 and ends on the following September 30.

The goal of the County will be to pay for all recurring expenditures with recurring revenues and use nonrecurring revenues for nonrecurring expenditures. If a deficit seems forthcoming, the Board will reduce appropriations or increase revenues.

Therefore, it will be necessary for Officials and Department Heads to review and control expenditures such that the rate of expenditure does not exceed the approved budget.

The budgeted expenditures and reserves of each fund (including reserves for contingencies, balances to be carried forward, and all other purposes) will equal the sum of projected beginning balances for the fiscal year and all revenues that can be reasonably expected to be received during the fiscal year. In other words, the revenues and expenditures must be equal to present a “balanced budget.” Current revenues must equal current expenses.

An effort will be made to keep costs to their absolute minimum so as not to substantially increase the local tax burden.

In accordance with Florida Statutes 129.01(2)(b) and s. 200.065(2)(a), the budgeted receipts must include 95% of all receipts reasonably anticipated from all sources, including taxes to be levied, provided the percent anticipated from ad valorem levies is as specified in s. 200.065(2)(a), and is 100 percent of the amount of the balances estimated to be brought forward at the beginning of the fiscal year. The appropriations must include itemized appropriations for all expenditures authorized by law, contemplated to be made, or incurred for the benefit of the county during the year and the provision for reserves authorized by Florida Statutes 129.01(2)(c).

Authorization of expenditures of County funds will be adopted annually by the Board at the account level (line item).

The budget will provide for adequate maintenance of capital facilities, equipment and for the required replacement of equipment as established by replacement standards.

The County will continue to identify areas for evaluation efforts, by staff, committees, or consultants, to judge the effectiveness and/or efficiency of County services.

OMB must review all agenda items that affect the budget before being placed on the agenda.

The Annual Budget, being an intricate part of maintaining the financial stability of the County and acting as the Financial Plan directing the County in both long-range planning and everyday operations, it is essential that timely reports are generated to inform the Board of County Commissioners and Management Staff of the County's financial progress. OMB will submit to the Board and the County Administrator on a quarterly basis, an overview report of budget to actual, both revenue and expense for all Funds and/or Departments. Any significant changes will be described in detail with any necessary recommended corrective action. Should OMB realize a financial problem exists or trends warrant closer analysis, the Director of OMB is required to inform the Board and County Administrator as soon as the situation is detected.

Budget Fund Balance Policy.

Prior to the end of the fiscal year each department/division will make a good faith estimate of all encumbrances carried forward into the new fiscal year. These estimates will be incorporated into the new year budget prior to its final adoption. Once the actual encumbrance is brought forward, those accounts will be adjusted accordingly from the estimated amount.

Fund balances anticipated at the end of a fiscal year will be budgeted as the beginning fund balance for that fund for the upcoming fiscal year.

By definition, a Balanced Budget is one in which anticipated revenues to be collected in one fiscal year are equal to or greater than total anticipated expenditures for that fiscal year.

The committed but "unencumbered" balance of agreed to multi-year and revolving projects and/or contracts anticipated not to be completed by September 30 must be re-budgeted in the subsequent fiscal year.

Cash balances remaining in any fund at year-end will stay in that fund for subsequent years. Upon completion of the fiscal year audit, any increase and/or decrease to fund balance will cause adjustments to revenue and/or reserve accounts. Additional funds should not be used to increase expenditures within the budget.

The County shall strive to maintain a fund balance of 18.5% in the General Fund and sufficient fund balances in all other funds to allow for adequate cash flow from one budget year to the next.

Budget Revenue Policy.

Hernando County will maintain a diversified and stable revenue system to shelter it from short-term fluctuations in any, one-revenue source.

User fees and charges are established, as permitted by law, at levels related to the cost of providing that service including indirect costs.

OMB will estimate its annual revenues with an objective, analytical process.

The use of revenues pledged to bondholders will conform with every respect to the bond covenants that they have been committed.

The Board and historic collection rates will dictate fee revenue amounts for purposes of budget preparation using fee schedules adopted.

County staff, in conjunction with OMB, will continue to aggressively pursue grant funds. Revenues and expenditures will be budgeted for current grants at grant award levels along with any grant matches and anticipated program income. A budget resolution for the entire grant award including any local matches will be created for new grants at time of award acceptance. (If special circumstances to deviate from this process exist, allowance must be approved by OMB prior to award acceptance.)

Capital Improvement Budget Policy.

Hernando County maintains a Capital Improvement Plan (CIP) that covers a five-year period and is updated annually. Capital Improvements, as they pertain to the CIP, are defined as physical assets, constructed or purchased, that has a minimum useful life of 10 years and a minimum total cost of \$50,000. Proposed projects are ranked, and the available funds are allocated accordingly.

Each year the County will prepare a five-year capital improvement program identifying public facilities and/or equipment by service type and location with estimates of corresponding revenues to pay for such items. The Capital Improvement Program (CIP) will be according to guidelines established by the Capital Improvement Element (CIE) of the Comprehensive Plan.

The CIP will be updated annually.

To show the need for a capital project, the CIP will show all funded and unfunded items for the five-year period.

If funding for the operation of the new project is not available when the estimated completion date is identified, the project should not be funded until a verifiable funding source for operations can be determined.

Should a project be delayed for any reason, an inflation factor (to be determined by the department developing the project) should be added to the cost of the project.

The annual budget will include all capital items identified in the CIP for completing the first year of the five-year program where funding is available.

The County will maintain all assets at a level adequate to protect the County's capital investment and to minimize future maintenance and replacement costs.

The County will determine the least costly financing method for all new projects.

To maintain levels of service to the citizens of Hernando County, a continued stream of funding needs to be associated with the Capital Improvement Fund. Until a dedicated funding source can be established, the Board will direct staff on the amount of funding to be transferred from the General Fund each year for capital projects and an amount for Reserve for Future Capital Projects. Accumulated funding in the Reserve account can only be used for projects included in the Facilities Master Plan and requires a supermajority vote of the Board. Any unused capital funds at the end of each fiscal year will be deposited into the Reserve account.

Budget Reserve Policy.

The County will set aside reserves to address unforeseen and unexpected events and to offset unexpected downturns in revenues from budgeted estimates. Sufficient levels of reserves should ensure continued orderly operation and tax structure stability. Hernando County's reserve policy will conform to the limits stated in Florida Statute 129.01(2) (c).

Reserves in the General Fund will be calculated at 18.5% and will consist of four (4) categories: Reserve for Contingencies, Reserve for Emergencies, Reserve for Stabilization and Reserve Balance Forward. Each of these reserves shall be established at a minimum level based on a percentage of the total approved General Fund budget less reserves, transfers, debt and grants. All Other Fund Reserves will be budgeted in amounts necessary to preserve the financial stability of the individual Fund.

Following describes in further detail each of these reserves:

Reserves for Contingencies should be used for one-time expenditures that do not exceed \$100,000. The reserve shall be established at 0.5% of the total General Fund's operating budget less reserves, transfers, debt and grants. The Board, as needed, should use these reserves for reallocation during the year to provide for small increases in service, delivery costs and unanticipated needs of a nonrecurring nature that may arise throughout the year. While these funds are intended to cover unanticipated budget issues, it is in no way intended to cover poor departmental management of appropriated funds. Use of the Reserves will be by simple majority of the Board in an amount up to \$25,000 and any amount needed to cover costs associated with Federal and/or State mandates. Any amount over \$25,000 must be approved by a supermajority of the Board.

The County will establish a General Fund Emergency Reserve for those cases where expenditures are in excess of \$100,000 and the use of such funds are for one-time emergency expenditures (i.e. hurricanes). The reserve shall be established at 3.5% of the total General Fund's operating budget in any one year less reserves, transfers, debt and grants and will only be used if approved by a supermajority vote by the Board of County Commissioners.

The County will establish a General Fund Stabilization Reserve for those cases where expenditures are in excess of \$100,000 and the use of such funds are for one-time loss of a major revenue source and/or a severe downturn in the local economy. The reserve shall be established at 3.5% of the total General Fund's operating budget in any one year less reserves, transfers, debt and grants and will be used if approved by a supermajority vote by the Board of County Commissioners. In an effort to maintain Hernando County's financial stability, it is imperative that sufficient reserves be established to carry the County through in financial downturn or emergency.

As with many counties, Hernando County relies heavily on Ad Valorem Taxes to fund its General Fund. These funds are not substantially collected until after December 1st. A Reserve for Cash Forward will be budgeted in any fund that requires monies to be carried forward into the following year to support operations until sufficient current revenues are received. The General Fund will maintain a minimum of 11% of the total operating budget in any one fiscal year less reserves, transfers, debt and grants for this reserve.

Insurance reserves will be established at a level consistent with purchased insurance policies, adequately indemnify the County, and its officers and employees against loss.

Additional reserves may be set aside to cover specific expenditures, where the probability of the expenditure is sufficient to plan for, but estimated costs are unknown (i.e., legal cases).

Appropriations from a reserve for future construction and improvement may be made only by resolution of the Board for the purpose or purposes for which the reserve was made.

Balance forward is used to fund reserves. If reserves needed exceed balance forward, expense budgets will need to be reduced. If balance forward exceeds reserves needed, the Board will determine how the one-time remaining funds are to be used.

Reserve Replacement Policy.

In order to maintain a stable financial position, it is imperative that once reserve levels are established and met, a policy exists that if these reserves are used for any reason, there is a methodology in place for the recovery and replacement of these reserves. In order to maintain flexibility and not hinder the flow of operations, the replacement of reserves should consist of a two-step process.

- If the reserve funds used are less than 1% of the total fund budget, they will be required to be replaced in the following budget cycle. Example: Total General Fund Budget equals \$100 million and reserves used were \$600,000 or 0.6%. The entire \$600,000 would be replaced in the following year.
- If the reserve funds used exceed 1% of the total fund budget, then in each of the succeeding years, a minimum of 1% of the total fund budget for that year will be budgeted to replace the reserves until returned to the established levels. Example: Total General Fund Budget equals \$100 million and reserves used were \$3 million or 3%. \$1 million would have to be replaced each year until the full \$3 million was replaced.

BUDGET MODIFICATION:

Hernando County has two (2) methods of budget modification. The annual budget can either be modified by resolution or budget amendment. Budget modifications follow the rules set forth in Florida Statute 129.06.

The purpose of this process is to adjust fund amounts to reflect the level of revenues reasonably anticipated to be received and to balance expenditures to these revenues according to state law and sound financial practices.

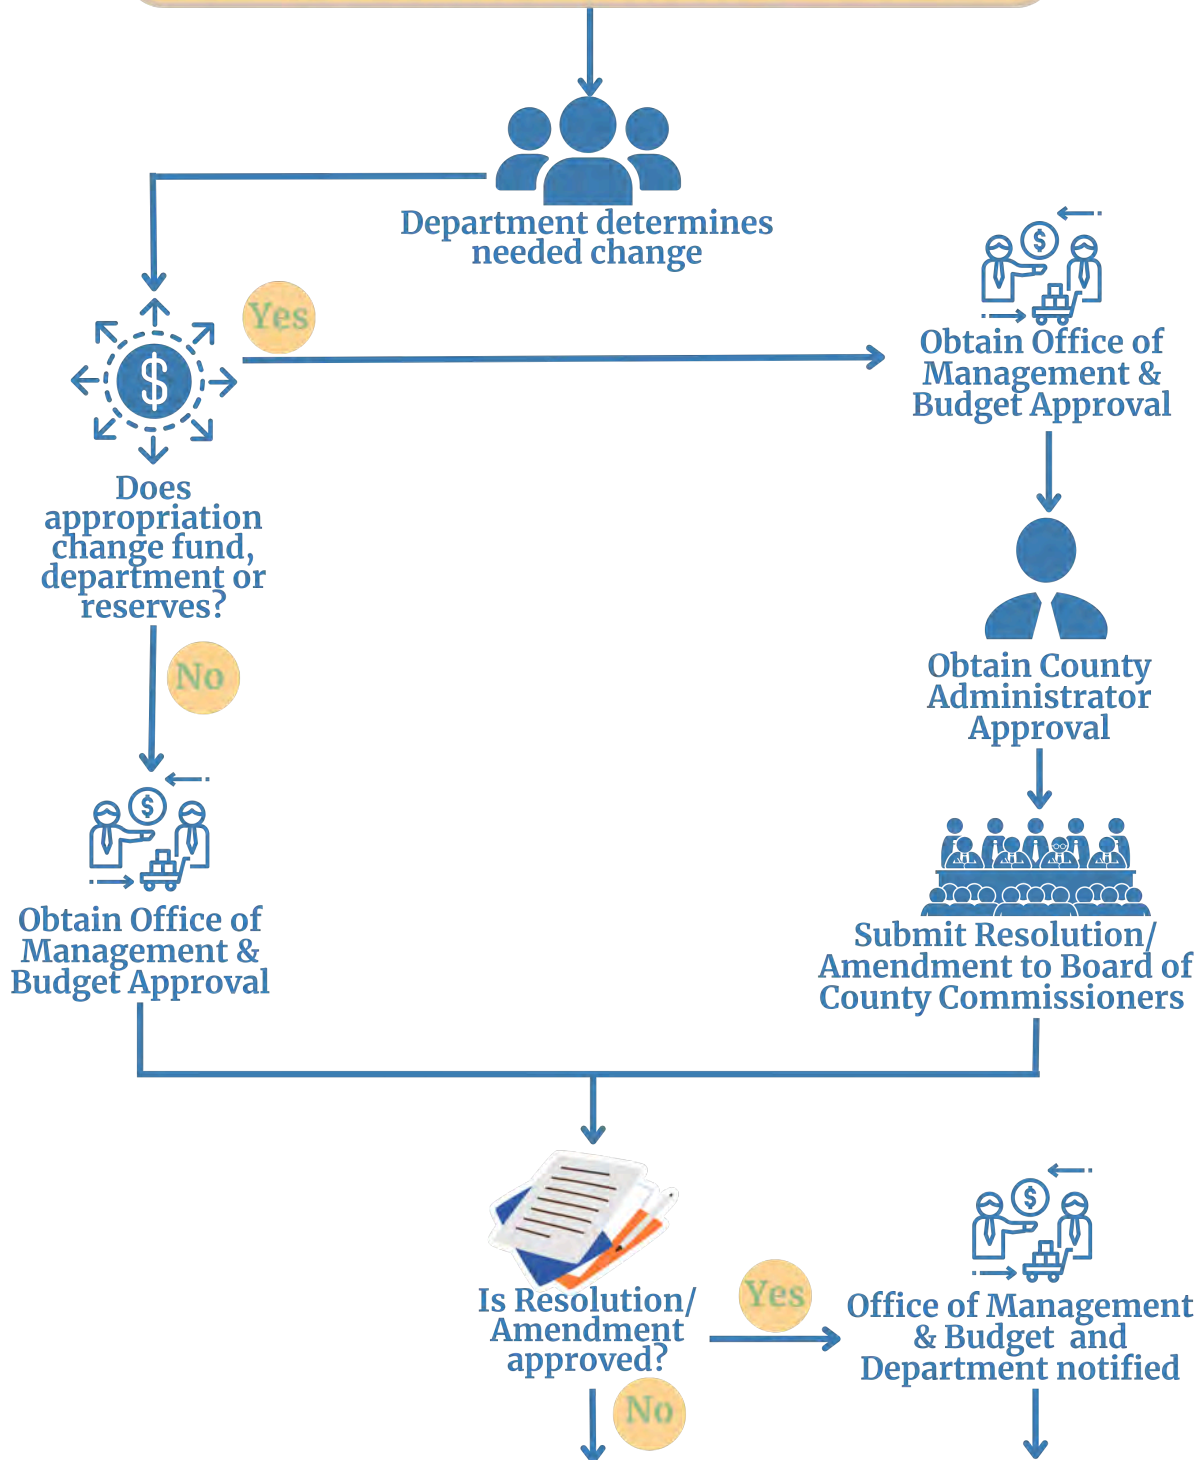

A budget resolution is processed for Board approval to recognize an unanticipated excess amount of an anticipated revenue and revenue from an unanticipated source. A resolution is also required when transferring revenues between funds. In general, a budget resolution with Board approval is required anytime the overall budgeted fund increases.

Hernando County has two (2) levels of budget amendments.

- Any transfer relating to reserves or that will increase staffing levels must have Board approval. This also includes any transfer of positions from one department to another. Any grant matches remaining after a grant has been closed or canceled by its sponsor requires a budget amendment from same department/division to move funds to reserves and must be Board approved.
- The Budget Officer or his/her designee must approve any transfers affecting personnel costs, capital projects/equipment, and/or all other forms of budget changes (changes by line item) within the same fund.

All requests for budget modifications must be submitted on a form entitled “Budget Amendment” and signed by the Department Head. They are then sent to the Office of Management and Budget (OMB) for review and approval. If required, they are sent onto the next level for further approval.

Budget Amendment Process

BUDGET PROCEDURE POLICY:

Budget formulation, adoption, and execution involve year-round interaction of many people at various levels within the County. The purpose of this process is to identify service needs, develop strategies for meeting these needs, and development of detailed revenue and expenditure plans to carry out the strategic plans. The budget process incorporates the following procedures and activities.

- The development of the budget preparation information.
- An annual meeting with the Office of Management and Budget (OMB) staff, County Administrator and the Board of County Commissioners to set goals and priorities for the coming fiscal year (adoption of a tentative annual budget calendar).
- Distribution of budget information to all operating units at a kickoff meeting with the County Administrator. This meeting will serve as a forum to answer questions on budget procedures and to inform department heads of budget policies and priorities for the coming budget year.
- OMB reviews and tabulates all operating budgets, capital improvement projects, and revenue projections. Each submission is analyzed for accuracy, content, and compliance with the previously determined priorities and policies.
- OMB meets with each department to review their budgets in detail and adjust as needed. These meetings give each department head the opportunity to discuss and defend the amounts requested in their individual department budget submission.
- The County Administrator and OMB meet with each department to review and evaluate individual budgets. These meetings provide a forum for the explanation of revisions determined by OMB, and for any additional revisions by the County Administrator.
- Constitutional Officers submit their budgets per statutory guidelines.
- A tentative balanced budget is generated and distributed to the Board by July 15 of each year.
- The Board reviews budget requests during budget workshops.
- The Board certifies proposed millage rates to the Property Appraiser.
- Public hearings are held to adopt the proposed budget, millage rates, and Capital Improvement Program.
- October 1, implementation of the adopted budget and Capital Improvement Program.

A finalized budget is published on County website.

Adopted: March 28, 2000

CAPITAL ASSETS POLICY NO. 07-04

PURPOSE:

To provide for the safeguarding of fixed assets and to provide County personnel with accounting guidance applicable to the several categories of fixed assets.

DEFINITION:

Terms relating to the accounting for fixed assets are defined in the following paragraphs.

Capital Assets.

Fixed assets are tangible assets of significant value having a useful life that extends beyond one year. The fixed assets included in this accounting system are land, buildings, improvements, infrastructure, equipment, leasehold improvements and intangible assets as further defined. The terms 'fixed assets' and 'capital assets' may be used interchangeably throughout.

Land.

Land includes the investment, fee simple in real estate other than building and/or improvements.

Buildings.

Buildings include all local government owned buildings except those whose condition prevents their serving any present or future useful purpose. Permanently installed fixtures to or within the building, such as lighting fixtures and plumbing are considered a part of the building. The costs of major improvements to a building, such as additions and renovations, should be capitalized and recorded as a part of the building asset value.

Improvements.

Improvements are physical property of a relatively permanent nature. Examples include storage tanks, parking areas and park facilities.

Infrastructure.

Infrastructure includes capital expenditures relating to roads, curbs and gutters, streets, sidewalks, shoulder safety, drainage systems and lighting systems.

Equipment.

Equipment includes moveable property of a relatively permanent nature and of significant value, such as mobile equipment, office equipment, data processing equipment, machines, tools and office furniture and fixtures. "Relatively permanent" is defined as a useful life span of one year or longer when it is applied to equipment to be inventoried. The County may consistently exercise the option to include other items which it desires to maintain accounting control over. Exceptions to the "significant value" definition and the one-year life rule should be applied consistently.

Intangible Assets.

Intangible assets include software, easements, and right of ways. An intangible asset can only be recognized as an asset if it is identifiable, meaning it can be sold, transferred, licensed, rented, exchanged, or it arises from contractual or other legal rights as per Governmental Account Standards Board.

Leasehold Improvements.

Costs used to increase the service capacity of a leased asset, such as additions, alterations, remodeling, or renovations.

Maintenance.

Maintenance is defined as expenditures that neither materially add to the value of an asset nor appreciably prolong its life. Rather, maintenance keeps an asset in ordinary efficient operating condition. As such, maintenance costs should not be capitalized.

Betterments.

Betterments consist of the replacement of a unit of an existing asset by an improved or superior unit, usually resulting in a more productive, efficient or longer useful life. Significant betterments are considered as fixed assets and should be added to the value of the asset that is improved. Replacement of a part of an existing asset by another of like quality is not betterment, even though the useful life is maintained or extended.

Land Costs.

The acquisition cost of land includes all expenditures relating to its procurement, such as:

- Purchase price
- Appraisal and negotiation fees
- Title search fees
- Surveying fees
- Costs of consents
- Payment of damages
- Clearing land for use
- Demolishing or removing structures
- Filing costs

Building and Other Improvements.

The acquisition cost of buildings, improvements, leasehold improvements and infrastructure includes all expenditures in connection with its procurement, such as:

- Purchase price or construction costs
- Fixtures attached to the structure
- Architect's fees
- Costs of permits and licenses
- Payment of damages
- Insurance costs during construction
- Interest incurred for the purpose of the project – interest on debt

Equipment Costs.

The acquisition cost of equipment includes all expenditures in connection with its procurement, such as:

- Purchase price or construction costs, before trade-in allowance, less discounts
- Freight or other transportation costs
- Installation costs

Software Costs.

The acquisition cost of software created by the government itself (internally generated), by a contracting party acting on the government's behalf, or the purchase of "off-the-shelf" software.

General Asset Accounts.

The grouping together of assets that share common characteristics, are placed in service in the same fiscal year, and are depreciated as if they collectively represent one asset. Examples include library resources and radio read meters.

Statutory Requirements.

State issued laws and rules addressing local government Capital Assets as follows:

- Florida Statutes Chapter 274
- Florida Statutes Section 274.01
- Florida Statutes Section 274.02
- Department of Financial Services Rule 69I-73

Custodian.

Each department is responsible for the assets assigned to that department and will act as custodian of the property. As specified in FS 274.03, each custodian shall be responsible to the governmental unit for the safekeeping and proper use of the property entrusted to his or her care.

PROCEDURE:

A. Fixed Asset Accounting Transaction

1. Statutory requirements regarding Local Government Owned Tangible Personal Property shall be adhered to.
2. The Clerk of Court and Comptroller's Department of Financial Services will create and maintain proper subsidiary ledgers to record fixed asset acquisitions, deletions, and changes for all Constitutional Officers with the exception of the Sheriff's Office per Florida Statutes.
3. The Clerk of Court and Comptroller's Department of Financial Services will balance the subsidiary ledgers to the general ledger on a regular basis.

B. Capitalization Threshold

The following capitalization thresholds have been established. They are in accordance with Government Finance Officers Association recommended practice, "Establishing Appropriate Capitalization Thresholds for Capital Assets".

- Equipment \$5,000
- Land Capitalize all
- Improvements \$10,000
- General Asset Accounts \$100,000 Annually per group
- Infrastructure \$150,000
- Software \$150,000
- Easements \$150,000
- Right of Way \$150,000
- Leasehold Improvements \$150,000

C. Physical Tagging of Fixed Assets

1. Asset control numbers will not be assigned to land, building, improvements, leasehold improvements, infrastructure, or intangible assets. Asset control numbers will be assigned to equipment with a cost greater than or equal to \$1,000.
2. Asset control decals will be consecutively numbered tags supplied by the Clerk of Court and Comptroller's Department of Financial Services. All Board departments and Constitutional Officers with the exception of the Sheriff will use these tags.
3. The asset control tag will be physically attached to the item of equipment at the time of its addition to the subsidiary ledger. The Clerk of Court and Comptroller's Department of Financial Services will be responsible for coordinating the tagging of equipment.

D. Depreciation

Depreciation is recorded for fixed assets in accordance with Generally Accepted Accounting Principles. Fixed assets are depreciated using the straight-line method over the following estimated useful lives:

- Buildings 20–40 years
- Improvements 20 years
- Improvements –
- Water/Sewer Lines 50 years
- Infrastructure
- Roads 50 years
- Pavement Management 15 years
- Surface Treatment 5 years
- Culverts 50 years
- Drainage 50 years
- Sidewalks 50 years
- Signals 20 years
- Stormwater 50 years
- Shoulder Safety 50 years
- Intangibles per contractual provisions
- Leasehold Improvements life of the lease or life of the improvement, whichever is shorter
- Equipment 5–15 years
- General Asset Accounts based upon group characteristics

E. Land Control

The Clerk of Court and Comptroller's Department of Financial Services will maintain a current land ledger and will keep all original deeds of county owned land.

F. Buildings, Improvements, Leasehold Improvements, and Infrastructure Control

The Clerk of Court and Comptroller's Department of Financial Services will maintain a current building, improvement, leasehold improvements and infrastructure ledger.

G. Equipment Control

1. Each department is responsible for the equipment assigned to that department. The Clerk of Court and Comptroller's Department of Financial Services will add all new equipment purchased with County funds to the appropriate department's inventory. All equipment additions, transfers and other changes shall be reported to the Finance Office by the department electronically via the County managed asset notification system.
2. The Clerk of Court and Comptroller's office will conduct an annual inventory of equipment in accordance with Statutory Requirements. Any discrepancies between the subsidiary ledger and the actual inventory shall be explained by the department and, if unreconciled, will be reported to the Board of County Commissioners.
3. At fiscal year end, the Clerk of Court and Comptroller's Department of Financial Services will send detail listings of equipment to the Constitutional Officers to verify.

Grant Management Policy 15-01

Purpose: The purpose of this Policy is to establish and clearly define the objectives, responsibilities, internal controls, and authority to efficiently maintain compliance with the administration and management of grant awards received by the Hernando County Board of County Commissioners (BOCC).

Policy:

a. Applicability- This Policy is applicable to all federal, state, and other grant funding received by Hernando County government. This includes but is not limited to Departments under the direction of the County Administrator, agencies/entities administering on behalf of Hernando County and grants administered by the BOCC for other agencies/entities.

b. Delegation of Authority-

Implementing Department- Responsibility for administering the grants and maintaining compliance rests within the Department where the grant is implemented. Each Department under the BOCC shall be responsible for proper administration of its own grant projects, and shall designate a "Project Manager" and "Project Administrator" to manage the grant activities to ensure compliance with all grant terms and requirements. The Project Manager and Project Administrator will be required to communicate and involve the Grants Team from the start of the application to close-out.

1. The "Project Manager" (PM) is the person responsible for the management of the grant project; the PM is also responsible for providing all required information necessary for the Project Administrator to complete all required paperwork and reimbursement requests. The Project Manager is accountable for all reimbursement requests and reports prepared by the Project Administrator prior to submittal.

2. The "Project Administrator" (PA) is responsible for ensuring compliance with the grant terms and requirements pertaining to programmatic and financial grant compliance.

Grants Team- The Grants Team includes the Grants and Operations Performance Coordinator (Office of Management and Budget), the Grants Coordinator (Office of Management and Budget), the Grant & Revenue Manager (Clerk of Court and Comptroller-Financial Services)

The collective goal of the Grants Team is to support departments and offices in the successful acquisition and management of grant awards. To this end, each of the members of the Grants Team is assigned as the primary point of contact for a specific phase or purpose in the Grant Lifecycle.

3. The Grants and Operations Performance Coordinator is responsible for coordinating grant application and award notification also known as the pre-award and award phases of the grants lifecycle.

4. The Grants Coordinator is responsible for the award and post-award phases of the grants lifecycle. The Grants Coordinator is responsible for monitoring program compliance, oversight of grant programs, coordination of grant procurement compliance as well as administration of the Grant Management System (GMS).

5. The Clerk of Court and Comptroller, Department of Financial Services, is responsible for the safekeeping of financial records prepared by the BOCC to ensure compliance with federal and state accounting and financial reporting requirements for all departments under the BOCC. The Grant & Revenue Manager or similar position within the Clerk's Department of Financial Services is responsible for the post-award of the grants lifecycle, including but not limited to, reviewing grant related expenditures and financial grant reporting. The Grant and Revenue Manager also ensures that all grants are properly accounted for on the annual Single Audit Schedule of Expenditures of Federal Awards and State Financial Assistance, which is prepared by the Department of Financial Services.

The Grants Team is responsible for an electronic centralized Grant Management System (GMS) to provide for a uniform tracking of all grants from application, through award and closeout. All

Departments must use the GMS for grant reporting and monitoring. The Grants Team is tasked with implementing and monitoring compliance in accordance with this Policy.

c. Approvals- Application - All applications for grant awards should be coordinated with the Grants Team prior to submitting the application to the funding agency. Internal approvals are as follows:

1. Applications for Competitive grant awards will be coordinated with the Grants and Operations Performance Coordinator prior to proceeding. Applications for competitive awards should be evaluated for program effectiveness and benefits prior to application.
2. Applications for grant renewals, reoccurring awards, or formula grants should be coordinated by the Project Manager with the Office and Management and Budget through the Grants Coordinator or the Grants and Operations Performance Coordinator. Applications for grant renewals, reoccurring awards, or formula grants shall be evaluated for program effectiveness and benefits prior to application.
3. All applications require approval of the Senior Management in chain of command for the implementing department prior to submission of an agenda item to the County Administrator and BOCC for approval to submit the application.
4. The Project Administrator must submit an agenda item and all application documentation for review, processing and placement on the BOCC agenda for approval. The agenda item must include the total project cost, the grant funding amount (specified as federal, state, or other source) and the required local match amount and percent (if any). Additionally, the agenda memo shall explain the purpose of the grant and request authorization for the submission of the application.
5. In the case of time restraints, where applications amount to less than the threshold(s) established by Section 287.017 F.S. Category Two, as amended*, or at the County Administrator's discretion, approval of applications is allowable with concurrence from the Grants Team and the Office of Management and Budget. After approval by the County Administrator, or the County Administrator's designee, an agenda item will be submitted to the BOCC for concurrence at the next available meeting. In the event the BOCC disapproves the application, the funding agency will be immediately notified to withdraw the application.
6. Where possible grant applications shall include charges for indirect costs to the maximum allowed in accordance with the specific grant rules.

* Also see Hernando County Purchasing Manual Section 12.2 (current version)

Award - All grant awards and associated resolutions must be reviewed by Legal and OMB prior to being submitted to the BOCC for approval and signature on the corresponding documents. The current BOCC Chairman or approved designee will be the authorized authority on behalf of the County to sign the grant documents.

Modifications - All amendments/revisions to the grant agreement require the approval of the BOCC. Legal review is required prior to proceeding for BOCC action. Minor amendments/revisions that don't require updates to the grant agreement can be processed administratively, but must be reviewed and approved by the Grants Coordinator prior to submitting to the funding agency.

Close-out - Grant close-out occurs at the implementing Department level in accordance with all requirements and procedures in the grant agreement.

Pass-thru & Sub-recipient - All sub-recipient awards must be approved by the BOCC. Oversight will be the responsibility of the sponsoring Department. A sub-recipient agreement will be brought to the BOCC concurrently (if possible) with the grant award after Legal review.

d. Administration/Implementation

i. Training- The Grants Team along with implementing Department staff is responsible for training new employees who work on grant awards. Employees responsible for the management of grant-funded projects will attend both formal and informal training. The Grants Team may also conduct individualized training for a Department or key staff. There will also be mandatory training provided by the Grants Team.

ii. Budgeting- Grants are to be budgeted in accordance with the current Budget Policy (No. 29-01). Grants should not be budgeted until officially awarded by the funding/granting agency. Budget

Resolutions and Budget Amendments should follow current County OMB Guidelines. If prior approval is required by the granting agency for a budget modification, this should be received before submitting the modification to OMB for processing.¹ Each Department is responsible for processing grant matches after reimbursement is received from the granter and shall be done at the same frequency as the grant requirements for reporting (monthly, quarterly, annually, etc.).

iii. Reporting & Reimbursement Requests– Reports are to be submitted timely to all granters. Unless a different frequency is required by the granter, reimbursement requests should be submitted at a minimum quarterly within 45 days of the end of each quarter. A quarterly report will be completed by the Grants Coordinator from GMS identifying untimely reports. This report will be provided to the Director of Office of Management and Budget and the respective Senior Management for the implementing department(s).

iv. Recording Keeping– Ultimately, the responsibility of all grants related documentation rests within the implementing Department administering the grant. The County's Grants Management System (GMS) must be used as the central repository for all grant related records. All grant records should be kept for the retention period specified in the grant agreement. All Departments should maintain an electronic department file for each grant inclusive of all essential documentation requirements including all information that cannot be included in the GMS (such as personal identifiable information – SSN, DOB, etc ...) and maintain those records for the required retention period.

v. Procedures– By incorporation of reference, administration of grant awards governed by this Policy must follow the processes and procedures outlined in the current Grants Manual. Unless specifically noted in the Grants Manual, all other County Policies & Procedures are to be followed accordingly.

vi. Monitoring/Reviews/Audits– All grant related monitoring reviews and audits shall be coordinated with the Grants Team. All corrective actions are to be reviewed by the Grants Team and approved by the implementing Department's Senior Management prior to submittal to the reviewing agency. Once a department receives final determination/opinion of an audit, they are required to submit an agenda item of note to the BOCC.

vii. Fixed Assets – All fixed assets, as outlined in Capital Assets Policy #07-04, that are reimbursed/purchased with grant funds:¹ Shall be documented properly upon receipt.² Shall be disposed of in accordance with the Fleet Surplus Policy and applicable grant requirements.

viii. Accounting– All federal and state grant awards subject to a single audit, or of a significant transaction class, will be accounted for in its own designated grant department in the County's financial system. Additionally, each grant will be given its own unique revenue account. Only allowable and eligible grant and match/sharing related expenditures and revenues should be recorded in the grant department. Exceptions to this rule must be approved by the Grants Team.

ix. Fraud Reporting – All grant awards are subject to the Fraud Policy of Hernando County and to further include the following:¹ Anti-Fraud awareness training conducted at least annually.² Notification to the appropriate federal or state agency in cases of confirmed fraud related to grant funds.

x. Conflict of Interest – All grant awards are subject to the Conflict-of-Interest Policy of Hernando County and to further include the following:

1. Notification to the appropriate federal or state agency in cases of any potential conflict of interest.
2. All violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting a federal award must be immediately reported to the appropriate funding agency.

e. *Establishment of a Grants Committee*– To further promote the effectiveness and efficiency of the County's grant process and policy, a Grants Committee may be established to regularly meet and discuss grant related matters. Recommendations for changes should be discussed by the Committee for final resolution and recommendation. The Committee may consist of the Grants Team, representatives from Constitutional Offices, Director of Financial Services, County Administrator or designee, County OMB Director, etc.

f. *Compliance* - The County Administrator or Senior Management of their respective departments are responsible for ensuring compliance with the grant management policy 15-01.

Adopted: July 9, 1996

Amended: May 11, 2010

Amended: March 8, 2016

Amended: March 27, 2018

Amended: October 25, 2022

DEBT MANAGEMENT POLICY NO. 41-01

I. PURPOSE

To establish guidelines for the issuance and management of the debt of Hernando County, Florida (hereinafter referred to as to “County”). The County is committed to consistent, best practices financial management, including maintaining the financial strength and flexibility of the County and the full and timely repayment of all borrowings.

II. SCOPE

This debt policy applies to all debt issued by the County. Debt issued by state agencies on behalf of the County is not subject to the provisions of this policy.

III. CAPITAL BUDGETING AND DEBT ISSUANCE POLICY

A. Capital Improvement Plan (CIP)

The CIP serves as the planning guide for the construction of public facilities, infrastructure and other capital purchases in the County. The CIP is designed to balance the need for these assets with the fiscal capability of the County to meet those needs. The County shall issue debt to meet these cash flow needs on a short-term or long-term basis, dependent upon the intended use of the proceeds.

B. Long-Term Debt

Long-term debt will be used to finance essential capital projects and certain equipment where it is cost effective, prudent or otherwise determined to be in the best interest of the County. Long-term debt, which includes capital lease financings, should not be used to fund the County’s operations. Capital improvements financed through the issuance of debt will be financed for a period not to exceed the useful life of the facilities or equipment.

C. Short-Term Debt

Short-term debt can be used to diversify a debt portfolio, reduce interest costs, provide interim funding for capital projects, provide short term funding for capital assets with a shorter useful life, and to improve the match of assets to liabilities. The County may issue commercial paper, lines of credit, other forms of variable rate debt and synthetic variable rate debt from time to time.

D. Issuance Process

Determination of recommendation for the issuance of both short and long-term debt to the Board of County Commissioners should be made by consensus of the following parties:

- County Administrator
- County Budget Manager/Director
- County Finance Director (Clerk of Court & Comptroller)
- Department Director of financed project
- Independent Financial Advisor, Bond Counsel, Disclosure Counsel
- Other appropriate parties as determined by those listed above

IV. MEASURES OF DEBT LEVELS AND DEBT ISSUANCE LIMITS

1. General Obligation Bonds shall have debt ratios necessary to maintain sound credit ratings.
2. Revenue Bonds shall maintain specific coverage ratios not less than the following:
 - i. Utility System Net Revenues excluding connection fees should be at least equal to 110% of maximum combined debt service, and 120% including connection fees.
 - ii. Public Service Tax Revenues should be at least 135% of combined debt service.
 - iii. Sales Tax Revenues should be at least 125% of debt service.
 - iv. State Revenue Sharing moneys should be at least equal to 110% of maximum combined debt service.
 - v. Local Option Gas Tax Revenues should be at least 150% of the combined maximum debt service requirement.

V. SALE METHODS

The County, upon advice of its Financial Advisor will determine whether the sale of debt shall be via a competitive sale or a negotiated sale on a case-by-case basis after considering such factors as the size and the complexity of the offering and market conditions.

VI. CALL PROVISIONS

Call provisions for the County bond issues shall be made as short as possible considering the impact of shorter call provisions on the interest rate(s) and other factors related to the financing, such as current and expected future interest rate trends and anticipated sources of repayment. The County shall seek to minimize any prepayment premium also considering such factors.

VII. DEBT STRUCTURE

A. Premium Bonds, Discount Bonds, and Capitalized Interest

The County may utilize various debt structures to accomplish its financing goals. These structures may include, but are not limited to, the use of premium bonds, discount bonds, capital appreciation bonds, variable rate and multimodal bonds, and capitalized interest when appropriate.

B. Interest Rate Swaps

The County may consider interest rate swap transactions only as they relate to its debt management program and not as an investment instrument or hedge. Any swap transaction should not include provisions that could impair the outstanding uninsured bond rating of the County.

VIII. VARIABLE RATE DEBT

The County may issue variable rate debt obligations in amounts and in proportion to its fixed rate debt that the County, upon advice of its Financial Advisor, determines are appropriate to achieve the County's goals with respect to its credit rating, risk management, debt management flexibility and debt service costs. The specific amount of variable rate obligations permitted will be set considering cash reserves, market conditions, matching of current and future assets and liabilities, budget procedures and other factors deemed relevant by the County, its Financial Advisor and national credit rating agencies. Variable rate obligations that are swapped to a fixed rate for a term of greater than five (5) years will be considered as fixed rate obligations.

IX. DEBT REFUNDING

The County will monitor outstanding debt in relation to existing conditions in the debt market and may refund any outstanding debt when sufficient cost savings can be realized. Refunding outstanding debt may be considered when the net present value savings between the refunded bonds and the refunding bonds is equal to or greater than 3% for either a current refunding or for an advance refunding. A higher savings threshold may be adopted for when the present value savings could vary from the amount presented at closing (i.e. synthetic refunding, put bonds, swaptions, etc.). Conversely, a lower savings level may be acceptable for certain refunding opportunities (i.e. refunding with a very short duration). The County may also refund existing debt for the purpose of revising bond covenants to meet organizational and/or strategic needs of the County.

X. CREDIT OBJECTIVES

It is the County's intent to maintain and improve the credit ratings on its outstanding bonds. The County will actively seek to adhere to benchmarks and overall debt coverage ratios contemplated in its planning process. The County will also maintain frequent communications with the credit rating agencies and bond insurers.

XI. CREDIT ENHANCEMENT AND LIQUIDITY

Bond insurance, surety policies, letter of credit, liquidity facilities and other credit enhancements or liquidity facilities, may be used when it provides an economic savings and/or enhances investor demand for the County's obligations.

XII. REPORTING AND COMPLIANCE

A. Continuing Disclosure

The County will (1) provide disclosure in connection with the initial sale and distribution of its publicly marketed debt instruments and (2) provide ongoing secondary market information, in compliance with the requirements of applicable federal and state securities laws, rules and regulations.

B. Debt Service Payments

The County will include the appropriations necessary to make the required debt service payments in its annual budget.

C. Compliance with Bond Covenants, Federal and State Law

The County shall comply with all covenants and requirements of bond resolutions, and State and Federal laws authorizing and governing the issuance and administration of debt obligations.

D. Bond Yield Arbitrage Monitoring

The County shall contract for arbitrage calculation services to monitor the earnings on its bond proceeds for each debt series and determine whether a rebate is necessary.

Adopted: July 16, 2019

Purchasing Procedures Overview

For the complete Purchasing Policy Manual click here: [Hernando County Purchasing Policies and Procedures](#)

1. Purpose

The County maintains a central procurement system which promotes efficiency, economy, and fair and open competition in an effort to reduce the appearance and opportunity for favoritism or impropriety, and to inspire public confidence that all purchases and contracts are awarded equitably and economically. The purpose and objectives of this Purchasing Manual (the "Manual") are:

- A. To deal fairly and equitably with all vendor/contractors wishing to do business with Hernando County.
- B. To assure adherence to all purchasing laws, regulations, and procedures.
- C. To maximize competition for all procurements.
- D. To administer the contracting function with internal efficiency.
- E. To purchase goods and services at the lowest price, consistent with quality, performance, and delivery requirements from capable vendor/contractors meeting the County's needs.

This Manual is to serve as a permanent, up-to-date guide to County procurement policies and procedures.

7. Code of Ethics

Ethics, Generally

Hernando County is committed to a purchasing process which fosters fair and open competition, is conducted under the highest ethical standards, and enjoys the complete confidence of the public. To achieve these purposes, the County subscribes to the following code of ethics:

- A. The County will avoid unfair practices by granting all competitive respondents' equal consideration as required by State, Federal, and County regulations.
- B. The County will conduct business in good faith, demanding honesty and ethical practices from all participants in the purchasing process.
- C. The County will promote positive respondent and vendor/contractor relationships by affording respondent representatives courteous, fair, and ethical treatment.
- D. The County will make every reasonable effort to negotiate equitable and mutually agreeable settlements of dispute or disagreement with a respondent.
- E. The County will avoid involvement in any transactions or activities that could be a conflict between personal interest and the interest of the County.

Employee Ethics

Employees are subject to the Human Resources Policy - Code of Conduct and Florida Statute Section 112.313 as may be revised and amended from time-to-time. All employees, regardless of position, will maintain high standards of ethics and conduct and will avoid the appearance of unethical or compromising practices in relationships, actions, and communications. Procurement staff shall maintain complete independence and impartiality in dealings with vendors to preserve the integrity of the competitive process and to ensure public confidence in all procurement activities.

In addition, the provisions of Section 112.313, Florida Statutes, pertaining to the standards of conduct for public officers and employees, shall expressly apply to all county officials and employees. A violation of Section 112.313, Florida Statutes, pertaining to purchasing or contractual relationships shall also be deemed a violation of this Manual. Violations of these provisions of ethics and standards of conduct will be subject to disciplinary action up to and including termination of employment.

9. Categories, Thresholds and Guidelines

Delegation of Threshold Amounts

- A. The procurement method and authorization authority vary based upon the amount of the purchase. Generally, all purchases for commodities, equipment and services, when the estimated cost thereof equals or exceeds \$50,000, shall be purchased competitively; purchases below \$50,000.00 shall be handled in the manners specified herein, which are designed to maximize competition and ensure the County is receiving a fair price while balancing the need for an efficient use of staff resources. The Board may waive the competitive solicitation requirements when deemed to be in the best interest of the County. (The threshold amount for the procurement of planning and study activity by professionals is \$35,000, pursuant to section 287.055(3)(a)1., Fla.Stat.. See also section below titled "Request for Qualifications, CCNA" below.)
- B. Table 1 establishes the thresholds and procedures to govern procurement of commodities, equipment and services. Additionally, the authority for approving purchases within the established threshold set forth below is hereby delegated to the person(s) with designated signature authority. For purchases utilizing a Purchasing Card, refer to Appendix 1.
- C. All procurements will be procured in accordance with the methods permitted according to the threshold amounts, and as set forth in this Manual.

Change Orders

Change orders and contract amendments must be executed by the authorized individual pursuant to Table 1 who approved and executed the original purchase order or contract, unless the change order or contract amendment increases the total dollar amount to such a level that in accordance with Table 1, it shifts to another authorized individual/entity (the approval authority). In such instances the change order or contract amendment will be required to be approved and executed by the new appropriate authority pursuant to Table 1. Change orders and contract amendments shall not be used to avoid any standard purchasing procedure for procurement by the competitive procedures. The valuation of the procurement will be calculated based upon the value of the initial term of the contract to be awarded. The valuation of contract renewals will be based upon the value of the renewal term.

For purposes of construction contracts, the County department shall not be required to have a change order executed by the individual who approved the original purchase order or contract if such change order(s) includes minor changes in the Work not involving an adjustment to the Contract Amount or an extension to the Contract Time which would cumulatively exceed ten percent (10%) of the Original Contract Time.

10. Table 1 – Process Thresholds

10.1. Single Written Quotes

Department Director \$0 - \$5,000

Department Director and Chief Procurement Officer \$5,001 - \$10,000

Department Director and Chief Procurement Officer and BOCC N/A

Each category above includes designees of the various parties.

10.2. Three (3) Written Quotes

Department Director \$0 - \$5,000

Department Director and Chief Procurement Officer \$5,001 - \$50,000

Department Director and Chief Procurement Officer and BOCC \$50,000+

Each category above includes designees of the various parties.

10.3. Requisitions

Department Director \$0 - \$5,000

Department Director and Chief Procurement Officer \$5,001 - \$50,000

Department Director and Chief Procurement Officer and BOCC \$50,000+

Each category above includes designees of the various parties.

10.4. Non- PO (Direct) Payments

Department Director \$0 - \$5,000

Department Director \$5,001 - \$50,000

Department Director \$50,000+

Each category above includes designees of the various parties.

10.5. Blanket Purchase Order (Non-Contract)

Department Director \$0- \$10,000 (Single transaction limit of \$5,000)

Each category above includes designees of the various parties.

10.6. Contract Amendments

Department Director \$0 - \$5,000

Department Director and Chief Procurement Officer \$5,001 – \$50,000

Department Director and Chief Procurement Officer and BOCC \$50,000+

Each category above includes designees of the various parties.

10.7. Task Orders

Department Director \$0 - \$5,000

Department Director and Chief Procurement Officer \$5,001 - \$500,000

Each category above includes designees of the various parties.

10.8. Change Orders

Department Director \$0 - \$2,500

Department Director and Chief Procurement Officer \$2,501 – \$50,000

Department Director and Chief Procurement Officer and BOCC \$50,000+

Each category above includes designees of the various parties.

10.9. Change Orders where CPO is authorized by BOCC at time of award to approve COs up to budgeted amounts

Department Director \$0 - \$2,500

Department Director and Chief Procurement Officer \$2,501 – \$50,000

Department Director and Chief Procurement Officer \$50,000+ up to budgeted amounts not to exceed 25% of approved contract value. In the event a budget amendment is required, the procedures of the Office of Management and Budget shall apply to the Change Order.

Each category above includes designees of the various parties.

Jon A. Jouben, County Attorney

The County Attorney is the Chief Legal Officer of the County and as such, may not provide private legal advice to individual citizens, but is instead responsible for protecting the legal rights of the general public.

The County Attorney and his staff serve as counsel to the county commissioners, Planning and Zoning Commission, Contractor's Licensing Board, Supervisor of Elections, Property Appraiser, Clerk of Circuit Court, Tax Collector and all county departments.

Due to inherent conflicts of interest, this office is prohibited from meeting with individual constituents concerning legal matters. If you are having issues with a department, you may contact the deputy county administrator, county administrator, or ask the department director to set up a meeting with our office.

Mission Statement

The County Attorney's Office provides a variety of legal representation, legal advice, and professional guidance to the Hernando County Board of County Commissioners, County Administrator, County Departments, Brooksville-Tampa Bay Regional Airport (BKV), and boards that have been delegated authority by the Board of County Commissioners. Moreover, the County Attorney's Office occasionally provides counsel to the Supervisor of Elections, Property Appraiser, Clerk of Circuit Court, Tax Collector and Housing Authority.

The County Attorney's Office prosecutes and defends civil actions on behalf of Hernando County government. The office drafts or reviews all county ordinances, resolutions, contracts, interlocal agreements, settlements, releases, bonds, and other written instruments, including those necessary to buy or sell real property. The office is committed to providing quality legal services that include counseling and training to support the functions of county government.

Accomplishments

- Prosecuted 1,740 Hernando County Code violations wherein the Defendant failed to come into compliance or deliberately, knowingly committed a violation. Provided prosecuting attorney for Sheriff's Office deputies and Animal Services Officers, Florida Fish & Wildlife, Building Department, Code Enforcement, and Fire Department code violation hearings.
 - Processed 1,086 Civil Restitution Lien Orders to recover costs from those persons sentenced to jail time and issued Satisfactions when any of those liens were paid.
 - Responded to 1,993 formal legal requests presented by the Board and their departments/committees as well as the Constitutional Officers; attended 832 meetings; and, prosecuted or defended 64 Civil Court cases on various governmental issues.
 - Represented the Clerk of the Circuit in 19 foreclosure and quiet title proceedings, as well as 66 bond estreatures.
-

- Reviewed and signed closing documents for 36 sales of real property totaling \$2,718,876 and the acquisition of 6 properties worth \$3,905,792.

Goals

- Continue to keep the office current with the ever-changing world of technology; strive towards a paperless office; retain accurate and precise historical records; remain prepared to respond to the needs of the County.
- Provide our clients with thorough research and expeditious responses.

Board of County Commissioners

The Board of County Commissioners is the chief legislative body in Hernando County. The Board meets the second and fourth Tuesdays of the month at 9 a.m., with the first Tuesday reserved for workshops, as needed. The Board meets in the John Law Ayers room located on the first floor of the Government Center at 20 North Main Street in Brooksville.

The five county commissioners are elected to four-year terms by the voters at large and represent the geographical district in which they reside. The Board approves the budget, adopts local ordinances and resolutions and establishes policies which govern the County and ensure the health, safety and welfare of the citizens.

Commissioners' duties are specifically delineated in Chapter 125, Florida Statutes. The Board also serves as the Governing Board for the Hernando County Water & Sewer District, which provides water and sewer systems for residents within the unincorporated areas of the County.

Goals

Hernando County Government is committed to providing a community of recognized stability and excellence for our citizens by:

- Managing public business in a responsive and efficient manner
- Preserving and enhancing public assets
- Ensuring a safe and healthy community
- Creating continuous improvement by means of a proactive exchange of ideas within the organization and with our customers

American Rescue Plan

The American Rescue Plan provided \$350 billion dollars in emergency funding for state, local, territorial, and Tribal governments to remedy this mismatch between rising costs and falling revenues. This includes:

- \$195 billion for states, (a minimum of \$500 million for each State);
- \$130 billion for local governments (a minimum of \$1.25 billion per state is provided by the statute inclusive of the amounts allocated to local governments within the state);
- \$20 billion for tribal governments; and
- \$4.5 billion for territories

The Rescue Plan provided needed relief to state, local, and Tribal governments to enable them to continue to support the public health response and lay the foundation for a strong and equitable economic recovery. In addition to helping these governments address the revenue losses they have experienced as a result of the crisis, it helped them cover the costs incurred due responding to the public health emergency and provide support for a recovery – including through assistance to households, small businesses and nonprofits, aid to impacted industries, and support for essential workers. It also provided resources for state, local, and Tribal governments to invest in infrastructure, including water, sewer, and broadband services.

Goals

On March 11, 2021, the American Rescue Plan Act was signed into law and established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund which together make up the Coronavirus State and Local Fiscal Recovery Funds (“SLFRF”) program. This program is intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses.

On May 20, 2021, Hernando County received the first half of the allocation in the amount of \$18,833,344.00. May 2022, Hernando County received the second half of the allocation in the amount of \$18,833,344.00. In collaboration with the Balmoral Group, the County has created a list of projects using the following five statutory categories:

1. To respond to the COVID-19 public health emergency or its negative economic impacts.
2. To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to such eligible workers of the recipient or by providing grants to eligible employers that have eligible workers who performed essential work.
3. For the provision of government services, to the extent of the reduction in revenue of such recipient due to the COVID-19 public health emergency, relative to revenues collected in the most recent full fiscal year of the recipient prior to the emergency.
4. To make necessary investments in water, sewer, or broadband infrastructure.
5. Provide Revenue Replacement for minimizing future debt service for citizens.

Dori Slosberg Driver Ed

Dori Slosberg Driver Education Safety Act. FS 318.1215—Notwithstanding the provisions of s. 318.121, a board of county commissioners may require, by ordinance, that the clerk of the court collect an additional \$5 with each civil traffic penalty, which shall be used to fund driver education programs in public and nonpublic schools. The ordinance shall provide for the board of county commissioners to administer the funds, which shall be used for enhancement, and not replacement, of driver education program funds. The funds shall be used for direct educational expenses and shall not be used for administration. Each driver education program receiving funds pursuant to this section shall require that a minimum of 30 percent of a student’s time in the program be behind-the-wheel training. This section may be cited as the “Dori Slosberg Driver Education Safety Act.”

History.—s. 98, ch. 2002-20; s. 10, ch. 2005-164; s. 49, ch. 2006-290.

County Administration

The Hernando County Senior Leadership Team (SLT) consists of the County Administrator, Deputy County Administrator, Public Information Officer and nine of the County's department directors. This team works together to carry out the directives and policies of the Board of County Commissioners, as well as serve the citizens of Hernando County. The SLT and their staff work hard to make Hernando County a beautiful place to live, work and play.

Personnel Services & Transfers increased due to an FTE being added and annual increases. Operating Expenses increased with the addition of strategic planning proposal and implementation.

Charge for Services revenues are cost allocation charged by the Central Service department to non-general fund departments for assistance.

The Human Resources Department leads innovative human resources related systems by recruiting and retaining a talented, diverse workforce to ensure excellence in service for employees and others served. The department strives to provide effective human resources related guidance, consultation, and services to all departments. The Human Resources Department is comprised of the functional areas of general human resources operations, benefits and self-insured medical insurance administration, performance management, classification and compensation, new employee onboarding and orientation, employee development/training, labor and employee relations, recruitment and selection, risk management, Worker's Compensation, and employee safety/health services.

Mission Statement

General Human Resources Operations. Employee and Labor Relations. Benefit Administration. Employee Development. Recruitment and Selection.

Accomplishments

Implementation of Neogov modules including Insight and Online Hiring Center, Onboard, E-forms and Perform (performance management). Improved background system for recruitment and selection purposes. Implementation of FMLA Source for tracking and approval of employee leave requests.

Goals

Continued updates and improvements for human resources policies, processes and procedures. Continued incorporation of employee development and training programming, wellness activities and strategies. Improved employee appraisal system. Expansion of employee recognition program. Incorporating the County's core values into all areas of employee relations. Improved system for tracking of retiree insurance.

Management and Budget

What is a budget?

Financial Plan – how much are we going to get, when are we going to get it, where are we getting it from and what are we allowed to spend it on. The plan of what is projected to be received in revenue, as well as how much will be spent over the next fiscal year.

Operations Guide – using the amount we have, determining who is responsible for having work/services done. Ensuring those bills are paid on time and paid correct amounts.

Policy Document – what rules are in place that control what and how we spend the money. It provides information on goals, objectives, service levels, challenges, trends and policies.

Communications Device – transparency is key with the public giving them the ability to access information often helps elevate misinformation. Communicates to the Board and public what is being done with revenue received, particularly taxes.

Mission Statement

The mission of the Office of Management and Budget is to provide a financial plan and outline for the Board of County Commissioners and Management staff in order to make educated policy decisions and to ensure their financial decisions are implemented and followed to guarantee that the taxpayers of Hernando County receive the best possible services through the most effective and efficient methods.

Procurement

Procurement is responsible for the purchase of products and services for all departments under the Board of County Commissioners. We issue purchase orders and contracts and assure compliance with applicable laws, rules and regulations. Our procurement process is operated in accordance with Hernando County Purchasing Policies and Procedures, Hernando County Ordinance, Florida Statutes, the Florida Sunshine Law and Code of Silence to ensure fairness, competition and best value.

Also within Procurement, the Grants Management department is responsible for assisting County departments and agencies in identifying and applying for grant opportunities, while also overseeing grant administration and ensuring compliance with Federal, State, and Local funding requirements.

Mission Statement

Our mission is to maximize the purchasing value of public funds in procurement; to provide safeguards for maintaining a procurement system of quality and integrity; and to provide for fair and equitable treatment of all persons involved.

Ethical

- We are dedicated to ensuring consistency, accountability and transparency in all aspects of public procurement.
- We strive to build relationships that are mutually beneficial with our partners.

Knowledgeable

- We are a dedicated support system providing knowledge and guidance to our partners.
- We strive to fulfill the needs in our community with confidence and dependability.

Professional

- We are dedicated to respectfully serving the needs of our partners
- We strive to build relationships while being responsive, efficient and helpful in a professional manner.

Personnel and operating expenses were reduced by moving grant related staff over to the newly established Grants Management department.
Charge for Services revenues is cost allocation charged to all non-general fund departments for assistance from Central Service Departments.

Hernando County Utilities

Provide affordable and uninterrupted high-quality water and wastewater services to the residents and businesses within the County.

Goals

Accomplishments:

Fitch Upgrades Hernando County (FL) Water and Sewer Revenue Bonds to 'AAA' from 'AA+'.
Completed a Revenue Sufficiency Analysis (RSA) for FY22/23, to review the systems operating revenues to adequately fund the identified expenditures and funding requirements, including the capital improvement plan from FY23 to FY29.

Managed 15 Grant/CIP Projects, \$59,576,137 along with 29 other CIP Projects \$135,019,419, to ensure grant reimbursements are timely to maintain sufficient cash on hand/ cash flow for all CIPs.

Decommission Spring Hill Water Reclamation Facility.

Airport Water Reclamation Facility Expansion.

Solid Waste & Recycling

Process solid waste (garbage) through proper disposal methods to protect the environment. Reduce the waste stream generated in Hernando County by promoting the recycling of materials.

Provide Convenience Centers for residents to properly dispose of solid waste and recycling. Educate residential and commercial companies on proper hazardous waste disposal. Provide a disposal area for residential and commercial customers preventing illegal disposal of tires.

Operating Expense and Capital Outlay decreased due to reduction of capital projects being designed and implemented.

Budget Reserves increased due to the carry forward of the Cell 4 construction loan proceeds received in FY23.

Licenses and Permits and Charges for Services revenues increased due to the board approving rate increases.

Other Sources revenue is Balance Forward Cash

Veterans Services

Animal Services

At Hernando County Animal Services (HCAS) our mission is to Rescue-Rehome and Reunite stray or abused animals. Our mission combines elements of public safety, animal welfare, and services to our community for their beloved pets. HCAS also serves an important role in natural or manmade disasters that require emergency pet-friendly sheltering.

Goals

Rescue: HCAS works hand in hand with the animal control authority to provide medical expertise and housing for abused animals that are seized from their owners. The animals taken under these circumstances are provided for in all aspects including medical care and expert veterinary testimony to support criminal and civil investigations.

Rehome: HCAS will rehome animals that become county property through county ordinance and state law. Most of our animals are rehomed through adoptions from our shelter or transfers to rescue

organizations. All animals that are adopted or sent to rescues are sterilized, rabies vaccinated, microchipped, and receive a county license as required.

Reunite: HCAS receives animals found as strays in Hernando County. Once we receive the animal, we begin efforts to locate an owner. This includes checking for a microchip, posting photos of the animal online and reviewing lost reports. We reunite hundreds of animals annually with their family.

Pet friendly Sheltering: HCAS serves as Hernando County's Emergency Support Services 17 (ESF-17) representatives. We work closely with Emergency Management to set up pet-friendly shelters during disasters. These are typically set up in designated Hernando County Schools where the animals are housed in one section of the school and the owners in another. Prior activations have shown we have the capacity to arrange functional housing for over 700 animals.

Aquatic Services

What We Do:

The Aquatic Services and Waterways Department was created to assist in efforts to protect and enhance our vital freshwater and marine resources and promote recreation and tourism on the waterways in a manner that will preserve and improve the natural ecosystem. This includes conducting waterways maintenance and providing guidance to the Waterways Advisory Committee.

Aquatic Services manages completion of projects such as marine habitat enhancement projects, new boat ramps and facilities, management of aquatic plants in lakes, and management of project funded through grants such as RESTORE funds.

Waterways Maintenance consists of maintenance of the County's network of aids-to-navigation, docks, boat ramps piers, lights, signage, and buoys consistent with state and federal regulations. This also includes the removal of hazards from waterways such as fallen trees. Maintenance of boating speed and safety zones and collaborating state agencies such as FFWCC. Florida Boating Improvement focuses on larger scale projects including the replacement or upgrades of boat ramps, channel navigation systems, or docking structures. Waterways also supports the Building Department by completing the initial inspections for permitting of residential and commercial seawalls, docks, and boat lifts.

Goals

• Accomplishments:

Aquatic Services completed the following projects:

- State Road Canal Maintenance Dredge
- Lake Townsen Boat Ramp Design and Permitting
- Aquatic Plant Management of Hunters Lake – Herbicide Treatment
- Seagrass Mitigation Monitoring for Hernando Beach Channel Dredging

Goals:

Aquatic Services:

- Initiate Lake Townsen Boat Ramp Construction (FBIP).
- Continue design and permitting of large-scale artificial reef program funded through RESTORE and continue small scale deployments at the Bendickson Reef.
- Aquatic plant management to assist with large abundance of tussocks in waterbodies throughout the County by utilizing the Eco Harvester vessel.

Waterways Maintenance:

- Replace Floating Docks at Bayport and Hernando Beach boat ramps.
- Continue to refurbish offshore navigation light tripods.
- Continue maintenance of all navigational aids.
- Upgrade waterways facilities and docks.

Key Projects:

- Artificial Reef Deployment at Bendickson Expansion
- RESTORE 14-1 Artificial Reef Program
- Lake Townsen Boat Ramp Design and Permitting

FL Boating Improvement Program

The Florida Boating Improvement Program provides funding through competitive grants for boating access projects and other boating-related activities benefitting motorized vessels in Florida. Eligible program participants include county governments, municipalities and other governmental entities of the state of Florida.

Eligible uses of program funds include:

- Boat ramps; lifts and hoists; marine railways; and other public launching facilities
- Piers, docks, mooring buoys, and other mooring facilities
- Recreational channel marking and other uniform waterway markers
- Boating education
- Economic development initiatives that promote boating
- Other local boating-related activities that enhance boating access for recreational boaters

Goals

Notable projects includes:

CIP 111260 Lake Townsen Boat Ramp

FL Boating Improvement Program operating and capital outlay expenses increased due to CIP 111260 Lake Townsen Boat Ramp, design and construction.

Other sources increased to setaside for the project.

UF/IFAS County Extension

The University of Florida's Institute of Food and Agricultural Sciences (UF/IFAS) Extension Hernando County is a federal, state, and county partnership dedicated to developing knowledge in agriculture, human and natural resources, and the life sciences and to making that knowledge accessible to sustain and enhance the quality of human life.

There are Extension offices in all 67 counties of Florida. Here at UF/IFAS Extension Hernando County, we have five faculty members (or agents), two multi-county faculty, and two support staff. Each faculty member specializes in a different program area, suited for their clientele within Hernando. Faculty specialize in 4-H Youth Development, financial management, residential horticulture, commercial horticulture, marine science, natural resources, agriculture, urban pest management, livestock, and sustainable agriculture and food systems.

Goals

It is estimated that for every \$1 invested in agricultural research and Extension, there is a return of \$20 to the community (Alston, Anderson et. al. 2010).

In addition, Hernando County has available to them University of Florida research specialists and the latest scientific publications, as a result of having a UF/IFAS Extension service the county.

Library Services

Mission: The Hernando County Public Library System is an innovative center for lifelong community enrichment, education, and entertainment providing quality resources and services in a welcoming, customer friendly environment.

Vision: The Hernando County Public Library System will be the dynamic, constantly evolving center of our community by embracing the wisdom of the past, the technologies of the future, and the needs and contributions of our customers.

Goals

- Maintain a Knowledgeable, Creative and Engaged Staff
- Offer Exceptional Customer Service
- Grow Early Learning Initiatives
- Expand Artistic and Cultural Offerings
- Expand Service to Disadvantaged and Underserved Populations
- Increase Strategic Partnerships in the Community
- Create Collections and Services to Support Community Priorities and Needs

Capital Outlay is for Capital Improvement Project 112203 to conduct a Libraries Master Plan.

Parks and Recreation

The Parks Department oversees operations of 20 parks throughout unincorporated Hernando County. Our responsibilities entail general maintenance for park properties including buildings, facilities, and sports athletic fields. As well as piers, boardwalks, and boat ramps that are commonly used throughout our waterways in Hernando County.

The Recreation Department administers and manages programs of recreational activities including leagues, special events, and summer camps. As well as reservations, rentals, and issuance of annual park passes. All of these programs enhance quality of life for the diverse population of Hernando County and enable our residents to participate in recreational opportunities.

Goals

Parks and Recreation Department's primary goal is to provide safe, clean and functional Parks and Recreation facilities, and to assist in the planning and development of new and improved facilities to meet continued growth within the County. We are committed to fulfilling our mission through visionary leadership, individual dedication, and the responsible use of available resources.

Businesses and Individuals can sponsor various scoreboards around the county parks for advertising purposes.

Sensitive Lands

The mission of Hernando County's Environmentally Sensitive Lands (ESL) program is to preserve the County's natural, cultural, and scenic resources while enhancing the quality of life for present and future generations. The ESL program is responsible for the management of five County-owned or managed preserves: Chinsegut Hill, Cypress Lakes, Fickett Hammock, Lake Townsen, and Peck Sink. Together, these five preserves cover 1,087 acres completely within Hernando County. Because many of the preserves adjoin or are in close proximity to other conservation lands, they additionally serve as important components of a regional and statewide network of conservation areas.

Goals

- Construction of an informational kiosk at Fickett Hammock Preserve.
Construction of an informational kiosk and pavilion at Cypress Lakes Preserve.

Goals:

The Conservation Element of the Hernando County 2040 Comprehensive Plan (Hernando County 2018) was consulted for guidance in the development of the Land Management Plan Update for all ESL Preserves. All portions of the Land Management Plan are consistent with the Conservation Element and share its six goals:

1. Protect Wildlife and Habitat
2. Natural Groundwater Aquifer Protection
3. Surface Waters and Wetlands
4. Minerals, Soils and Trees
5. Cultural Resources
6. Environmental Health Hazards

Key Projects:

Removal of invasive species and restoration of an upland pine (sandhill) community at the Chinsegut Hill historic property.

Construction of recreational facilities including a restroom, observation boardwalk, and kayak/canoe launch at Cypress Lakes Preserve.

Restoration of sandhill community and permitting of a Gopher Tortoise recipient site at Lake Townsen Preserve.

Airport

Brooksville-Tampa Bay Regional Airport & Technology Center (BKV), is a general aviation facility and technology center encompassing 2,400 acres that is owned by the Hernando County Board of County Commissioners. The BKV team guides this award-winning airport with professional integrity and a focus on service, safety, and economic development. Airport tenants and the Hernando County community gain cost-effective and high-quality general aviation and business facilities through BKV land leasing services while improving Hernando County's economy.

Tourist Development Tax

What We Do:

The Hernando County Tourist Development Department and Tourist Development Council will identify, create, support, and enhance activities, consistent with community assets that increase visitation and provide local economic impact.

Goals

Accomplishments:

In FY2023, the Tourism Department brought in \$2,277,712 in TDT Collections; in increase of 12.5% over FY2022

We launched the Florida Tale Trail of Mermaid Statues; selling 27 statues in our first round The Mermaid Tale Trail unveiling at Weeki Wachee Springs garnered both live morning show coverage and national media attention valued at over \$1.2 Million

Promoting the 75th Anniversary of Weeki Wachee Springs State Park, the destination has enjoyed coverage from around the world, including Southern Living Magazine, The New Yorker Magazine, Parade Magazine and The Daily Telegraph in the UK.

Goals:

Continue to grow the Mermaid Tale Trail

Develop and launch two additional attractions trails with digital passport programs

Increase Tourism in shoulder seasons and off-peak seasons

Continue to define and develop the Florida Adventure Travel Network in conjunction with Visit Florid and the ATTA

Key Projects:

Implement the new Strategic Plan, including new messaging and advertising channels

Develop more partner co-op advertising programs

Transportation Trust

What We Do:

The Department of Public Works is responsible for maintaining a safe, quality transportation infrastructure for the citizens and visitors who live, work and travel throughout Hernando County.

The Engineering Division provides civil, facility and traffic engineering design and project management for the Commission, Board of County Commissioners departments, other governmental agencies and constitutional offices.

The Road Maintenance and Traffic divisions maintain more than 1,200 miles of paved roadways, 350 miles of unpaved roadways, 230 miles of concrete sidewalk, 40 miles of multi-use paths, signage, traffic control devices and streetscapes.

Goals

Accomplishments:

Engineering:

- English Sparrow Road Paving
- Eskimo Curlew Road Paving
- Hope Hill Road Resurfacing
- Lambeth Road Resurfacing
- SR50/Cortez Blvd New Frontage Road (East of I75)
- Deltona Boulevard New Sidewalk
- Howell Avenue New Sidewalk

Road Maintenance:

- Potholes Filled: 460+
- Roads Graded: 320+ miles
- Swales Cleaned/Dug Out: 61,300+ LF
- Culverts Cleaned: 220+ Locations
- Right-of-Way Tree Trimming: 287,800+ LF
- Right-of-Way Trash Pickup: 870+ Instances

Traffic:

- Accepted Maintenance of 4 New Traffic Signals
- Signal Preventative Maintenance: 430+
- Signal Resets: 50+
- Sign Repair/Installations: 600+

Stormwater Management:

- Coronado/Godfrey Drainage Improvement
- Weeki Wachee Springs Flood Improvements (10 drainage locations)

Goals:

Department of Public Works strives to provide the services necessary to maintain infrastructure in a safe, economical and responsive manner.

Key Projects:

- Anderson Snow @ Corporate Way Intersection Improvements
-

- Barclay Road Multilaning
- County Line @ Linden Signalization
- Lake Lindsey Road Phase 4 Resurfacing
- Spring Hill Area 4C Resurfacing
- South Brooksville BMP-2 Drainage Improvements
- West Landover Sidewalk

Gas Taxes

Constitutional Fuel Tax (2 Cents)

Article XII, Section 9(c), Florida Constitution

Sections 206.41(1)(a), 206.45, 206.47, 336.023, and 336.024, Florida Statutes

Pursuant to constitutional authorization and statutory implementation, a state tax of 2 cents per gallon on motor fuel is levied.¹ The first call on the tax proceeds is to meet the debt service requirements, if any, on local bond issues backed by the tax proceeds. The remaining balance, called the surplus funds, is also used, as necessary, to meet the debt service requirements on local bond issues backed by the surplus funds. Any remaining surplus funds are used for the acquisition, construction, and maintenance of roads.

County Fuel Tax (1 Cent)

Sections 206.41(1) and 206.60, Florida Statutes

The county fuel tax is levied on motor fuel at the rate of 1 cent per gallon. The proceeds are to be used by counties for transportation-related expenses, including the reduction of bonded indebtedness incurred for transportation purposes. It is the legislative intent that these proceeds be used for such purposes in order to reduce the burden of county ad valorem taxes. The proceeds are allocated to each county via the same formula used for distributing the Constitutional Fuel Tax.

Motor Fuel and Diesel Fuel Taxes

(Ninth-Cent and Local Option Fuel Taxes)

Sections 206.41(1)(d)-(e), 206.87(1)(b)-(c), 336.021, and 336.025, Florida Statutes

County governments are authorized to levy up to 12 cents of local option fuel taxes in the form of three separate levies. The first is a tax of 1 cent on every net gallon of motor and diesel fuel sold within a county. Known as the ninth-cent fuel tax, this tax may be authorized by an ordinance adopted by an extraordinary vote of the governing body or voter approval in a countywide referendum, and the proceeds are used to fund specified transportation expenditures. The second is a tax of 1 to 6 cents on every net gallon of motor and diesel fuel sold within a county. This tax may be authorized by an ordinance adopted by a majority vote of the governing body or voter approval in a countywide referendum, and the proceeds are used to fund specified transportation expenditures. The third tax is a 1 to 5 cents levy upon every net gallon of motor fuel sold within a county, and diesel fuel is not subject to this tax. This additional tax may be levied by an ordinance adopted by a majority plus one vote of the membership of the governing body or voter approval in a countywide referendum, and the proceeds are used for transportation expenditures needed to meet the requirements of the capital improvements element of an adopted local government comprehensive plan.

A countywide referendum to adopt, amend, or reenact any of these taxes must be held at a general election, as defined in s. 97.021, F.S. Furthermore, a referendum to reenact an expiring tax must be held at a general election occurring within the 48-month period immediately preceding the effective date of the reenacted tax, and the referendum may appear on the ballot only once within the 48-month period.

The Legislature has authorized the statewide equalization of local option tax rates on diesel fuel by requiring that the full 6 cents of the 1 to 6 cents fuel tax as well as the 1 cent ninth-cent fuel tax be levied on diesel fuel in every county even though the county government may not have imposed either tax on motor fuel or may not be levying the tax on motor fuel at the maximum rate.⁴ Consequently, 7 cents worth of local option tax revenue on diesel fuel are distributed to local

governments, regardless of whether or not the county government is levying these two taxes on motor fuel at any rate.

Operating Expense and Capital Outlay decreased due to reduction of capital improvement projects as a result of increased costs and decreased expected revenues from the State.

Mass Transit

There are currently three types of public transportation services available to residents of Hernando County. The Hernando County Board of County Commissioners provides fixed-route and Americans with Disabilities Act (ADA) demand response service. Fixed-route service operates along a designated route with set stops on a predetermined schedule. ADA service provides curb-to-curb service (including a connection to the fixed route service) to eligible riders within 3/4 mile on either side of a fixed-route. ADA service is required when providing a fixed-route service. For additional information on the ADA service, eligibility requirements and/or how to apply for rider status, please visit the [ADA Service](#).

Transportation Disadvantaged Service is provided door-to-door for county residents that are unable to drive or do not have available transportation due to age, income or disability. The State's Commission for the Transportation Disadvantaged contracts with Mid-Florida Community Services Inc. d/b/a Trans-Hernando to provide this transportation service. To use this service, the rider will have to contact Trans-Hernando by calling (352) 799-1510.

Building Division

The Hernando County Building Department is to promote health, safety, and welfare of the residents of Hernando County through efficient and effective implementation of building codes and County regulations. Services include but not limited to permit issuance, inspections, contractor registrations, certificates of occupancy, fee schedules, and public service announcements.

Goals

Implement the new Invoice Cloud so customers can pay for their permits faster without additional wait time and new Permitting Software Program.

Planning

The Planning Department encourages quality growth and development through its management of the County's Comprehensive Plan and Land Development Regulations. We are involved with rezoning, master plan review, special exception permits, conditional use permits and concurrency; while working in tandem with the Zoning Department, and Code Enforcement. The department conducts the review of new development projects and provides expertise to the Planning & Zoning Commission and the Board of County Commissioners.

Goals

A goal for the Planning Department is to keep up with the growth within the County, while maintaining quality reviews.

Code Enforcement

Hernando County realizes the need to enforce property maintenance standards and zoning regulations to ensure a reasonable quality of life for its residents. We strive to lower the number of public nuisances and unsafe conditions by working with our citizens.

As a citizen, you can play an important role in keeping the communities and neighborhoods of this county attractive, clean, and safe. Here are just a few of the things you can do to help if you reside in Hernando County:

- Check with Development Services before you build to determine if a permit is needed
- Check with Zoning or Code Enforcement to determine what is allowed in your zoning district
- Keep your trash cleaned up and disposed of properly
- Conceal or remove inoperable vehicles
- Keep temporary signs on private property and not in the county right-of-ways

HC Fire Rescue – Fire

Thank you in advance for your time in reviewing the following Hernando County Fire Rescue fiscal year 23/24 budget proposal. The recommendations outlined are some of the actions we can work on to realize our belief to provide the best service possible to residents of and visitors to the Hernando County.

The Hernando County Fire Rescue mission statement is *Hernando County Fire Rescue exists to provide high quality community-oriented fire, medical, and emergency services*. This statement truly shows the desire to take care of people, which is the ultimate mentality needed to be successful as a fire department.

Goals

We continue to empower those on our staff to analyze different components of training, operations, and equipment that has resulted in both increased financial responsibility in some areas and greater efficiency in others. We have assigned specific areas of responsibility to members of the department to ensure a continuous review and increased level of pride and ownership throughout the department. There is a vast amount of experience and knowledge within the fire department, and we are striving to use everyone’s strengths as a strategic advantage to challenge the status quo in the fire service and empower those we serve to reduce fire and critical health risks.

We will be good stewards of allocated funds by regularly reviewing staffing needs, operational expenses, and planning for future capital purchases.

HC Fire Rescue – Rescue line item increases are associated with allocation changes for expenses between the fire and rescue departments. This change aligns with applicable uses and better balances resource between the departments, when compared to the previous methodology.

Reserves/Other sources have increased associated with setting aside funds for future capital projects/purchases and the need for additional fire/rescue locations.

Emergency Management

Thank you in advance for your time in reviewing the following Hernando County Fire Rescue fiscal year 24/25 budget proposal. The recommendations outlined are some of the actions we can work on to realize our belief to provide the best service possible to residents of and visitors to the Hernando County.

The Hernando County Fire Rescue mission statement is *Hernando County Fire Rescue exists to provide high quality community-oriented fire, medical, and emergency services*. This statement truly shows the desire to take care of people, which is the ultimate mentality needed to be successful as a fire department.

Goals

We continue to empower those on our staff to analyze different components of training, operations, and equipment that has resulted in both increased financial responsibility in some areas and greater efficiency in others. We have assigned specific areas of responsibility to members of the department to ensure a continuous review and increased level of pride and ownership throughout the department. There is a vast amount of experience and knowledge within the fire department, and we are striving to use everyone's strengths as a strategic advantage to challenge the status quo in the fire service and empower those we serve to reduce fire and critical health risks.

We will be good stewards of allocated funds by regularly reviewing staffing needs, operational expenses, and planning for future capital purchases.

The following budget recommendations are respectfully submitted for your review and consideration.

Emergency Management

Mosquito Control

What We Do:

Our department uses a combination of methods to reduce mosquito nuisance and prevent disease. These include surveillance such as trapping, source reduction such as removing tires, biological and chemical control of breeding sites, and public outreach and education.

Goals

Accomplishments:

We set 48 traps throughout the county and sample 35 sentinel chickens weekly during the season from April to November. Every winter we pre-treat thousands of stormwater structures to prevent breeding. So far this year we have treated 1,254, and 857 other sites. Pools of mosquitoes (maximum 50) are tested by our lab each week. Participated in a study with University of South Florida that resulted in a publication in the Journal of Medical Entomology.

Goals:

1. Partnering with the school system, Scouts, 4-H club and others to be able to teach children about mosquitoes, what we do and career paths related to mosquito control. 2. Continue to respond to requests for service within 72 hours.

Key Projects:

While we do not have our own CIP plan, we're hoping to be part of the county's CIP in finding our own facility that better suites our needs. Purchase and deploy an outreach/education trailer for events and festivals.

Mosquito Control Local personnel services increased due to additional staff.

Transfers increased due to increased health insurance cost transfers.

The reserve balance was reduced to allocate those reserves back into the General Fund, directly, instead of within a sub-department.

State funding was reduced for FY25, reductions across all categories reflect that.

Aquatic Plant Mgmt

What We Do:

Aquatic Plant Management is available if/when a body of water is producing a large number of mosquitoes who breed on aquatic plants. We can do so for residents who own part of the water body, or assist the Department of Public Works with clearing aquatic or invasive weeds and plants in natural areas or along right of ways.

Goals

Accomplishments:

This project used to be funded by SFWMD to manage aquatic weeds on water bodies they managed, now the service is available upon request. Our technicians are licenses in aquatic weeds and natural areas, with some having right-of-way licenses as well. These licenses are required through the state which has continuing education units to maintain.

Goals:

Goals are to provide the service when needed. Funding is primarily for technician training.

Key Projects:

There are no current projects at this time. However the department was instrumental in a Brazilian pepper project for DPW a few years ago.

Aquatic Plant Mgmt had a slight increase associated with travel and training.

Kass Cir Neighborhood CRA

What We Do:

The Kass Circle Revitalization program was established to implement the Kass Circle Redevelopment Plan as adopted by the Board of County Commissioners in 2019. The plan allows the Kass circle community to regain a sense of identity and restore community culture, while addressing critical community concerns such as economic development, housing and homelessness, community identity and community-oriented policing and completing key capital improvement projects to enhance the community.

Goals

Accomplishments:

The design and engineering of the Spring Hill Drive Safety Improvements is scheduled for completion in Summer 2022.

Goals:

The goals of the Kass Circle Revitalization program are to implement key capital improvement projects, including utilities, transportation, parks and recreation, sidewalks and landscaping to restore the vitality of Spring Hill's original town center.

Key Projects:

Spring Hill Drive Safety Improvements - Signage and Wayfinding - Landscape Enhancement - Residential Road Paving - Utilities Improvements - Community Park initiatives - Sidewalk improvements

Born and raised in Hernando County, Doug graduated from Hernando High School in 1995 with High Honors, where he was a member of the BETA Club and the National Honor Society. After high school, he went on to attend the University of South Florida where he attained a Bachelor of Science in Management Information Systems in 1999. He was the first Certified Government Chief Information Officer in Hernando County, completing a two-year program through the Florida Institute of Government in 2011. He also was one of the first three Certified Public Managers in Hernando County, completing that program through the Florida Center for Public Management in 2017.

Prior to the voters overwhelmingly selecting Doug to represent the citizens of Hernando County as Clerk of Circuit Court and Comptroller in November 2018, Doug was brought into the Clerk's Office by Clerk Karen Nicolai in April 2000. He started in the service desk area of the Information Technology Department. Within six years, he was managing the Information Technology Department for the Clerk's Office and in 2009 he began managing both the Clerk and County technology departments. He did this successfully for four years and returned to the Clerk's Office full-time when Clerk Don Barbee, Jr., took office in 2013. For a period of two years, Doug also served as the Records Management Liaison Officer to the State of Florida for the Clerk and the County. Doug has been instrumental in the evolution and success of the Clerk's Office over the past two decades.

Duties & Responsibilities

It is the duty of the Office of the Clerk of Circuit Court to provide a wide range of services to the public, judicial system, county government, and other agencies.

The mission of the Clerk of Circuit Court's Office is to provide these services with pride, in an honest, professional, and efficient manner while fostering a spirit of friendliness and cooperation.

Our "Customer Vision" is to see our services through the customer's eyes and respond to their needs as a team. It is the duty of the Office of the Clerk of Circuit Court to provide a wide range of services to the public, judicial system, county government, and other agencies.

Budget Regulations for Clerk of the Circuit Court & Comptroller

Florida Statute 218.35 County fee officers; financial matters.—(1) Each county fee officer shall establish an annual budget for carrying out the powers, duties, and operations of his or her office for the next county fiscal year. The budget must be balanced so that the total of estimated receipts, including balances brought forward, equals the total of estimated expenditures and reserves. The budgeting of segregated funds must be made in a manner that retains the relation between program and revenue source, as provided by law.

(2) The clerk of the circuit court, functioning in his or her capacity as clerk of the circuit and county courts and as clerk of the board of county commissioners, shall prepare his or her budget in two parts:

(a) The budget for funds necessary to perform court-related functions as provided in s. 28.36.

(b) The budget relating to the requirements of the clerk as clerk of the board of county commissioners, county auditor, and custodian or treasurer of all county funds and other county-related duties, which shall be annually prepared and submitted to the board of county commissioners pursuant to s. 129.03(2), for each fiscal year. Expenditures must be itemized in accordance with the uniform accounting system prescribed by the Department of Financial Services as follows:

1. Personnel services.
2. Operating expenses.
3. Capital outlay.
4. Debt service.
5. Grants and aids.
6. Other uses.

(3) The clerk of the circuit court shall furnish to the board of county commissioners or the county budget commission all relevant and pertinent information that the board or commission deems necessary, including expenditures at the subobject code level in accordance with the uniform accounting system prescribed by the Department of Financial Services.

Doug Chorvat, Jr.

Clerk of Circuit Court & Comptroller - Hernando County

May 31, 2024

Hernando County Board of County Commissioners
20 North Main Street
Brooksville, FL 34601
Via Electronic Mail

Dear Honorable Commissioners:

The Office of the Clerk of Circuit Court and County Comptroller respectfully requests a total budget authority of \$12,591,036.00 for fiscal year 2024-25.

We have not been apprised of the new health care costs for FY 2025, therefore a second request may be forthcoming should we be notified by the County of changes to the health care rates.

The budget includes funding based upon the following statutory object codes:

Personal Services	\$ 6,065,550
Operating Expenses	6,046,086
Capital Outlay	300,000
Debt Service	0
Grants and Aids	0
Other Uses (Article V - Court Communications)	5,000
CARE ATC	174,400

Pursuant to Florida Statute 218.35(2), I hereby certify that the amounts requested are reasonable and necessary for the statutory and constitutional functions that my office performs on behalf of county government. My staff and I have worked diligently to ensure that we are operating at the most efficient levels possible while continuing to provide the excellent service our constituents have come to expect.

Respectfully submitted,

Doug Chorvat, Jr.
Clerk of Circuit Court & Comptroller

Sheriff Al Nienhuis

Sheriff Nienhuis holds both a Bachelor's Degree and a Master's Degree in Business Management from the University of South Florida. He is a graduate of the FBI National Academy (Class 197), Quantico, VA. Sheriff Nienhuis has been married to his wife, Rhonda, since June 1990 and they have three lovely daughters.

Duties & Responsibilities

The Hernando County Sheriff's Office is committed to responding to the needs of the citizens of Hernando County. Our mission is to maintain peace and order, safeguard life and property, and protect individual rights through the delivery of professional services. The measure of our service will be judged by the community.

Budget Regulations for Sheriff

Florida Statute 30.49 Budgets.—(1) Pursuant to s. 129.03(2), each sheriff shall annually prepare and submit to the board of county commissioners a proposed budget for carrying out the powers, duties, and operations of the office for the next fiscal year. The fiscal year of the sheriff commences on October 1 and ends September 30 of each year.(2) (a) The proposed budget must show the estimated amounts of all proposed expenditures for operating and equipping the sheriff's office and jail, excluding the cost of construction, repair, or capital improvement of county buildings during the fiscal year. The expenditures must be categorized at the appropriate fund level in accordance with the following functional categories:1. General law enforcement.2. Corrections and detention alternative facilities.3. Court services, excluding service of process. (b) The sheriff shall submit a sworn certificate along with the proposed budget stating that the proposed expenditures are reasonable and necessary for the proper and efficient operation of the office for

the next fiscal year. (c) Within the appropriate fund and functional category, expenditures must be itemized in accordance with the uniform accounting system prescribed by the Department of Financial Services, as follows: 1. Personnel services. 2. Operating expenses. 3. Capital outlay. 4. Debt service. 5. Grants and aids. 6. Other uses. (d) The sheriff shall submit to the board of county commissioners for consideration and inclusion in the county budget, as deemed appropriate by the county, requests for construction, repair, or capital improvement of county buildings operated or occupied by the sheriff. (3) The sheriff shall furnish to the board of county commissioners or the budget commission, if there is a budget commission in the county, all relevant and pertinent information concerning expenditures made in previous fiscal years and proposed expenditures which the board or commission deems necessary, including expenditures at the subobject code level in accordance with the uniform accounting system prescribed by the Department of Financial Services. The board or commission may not amend, modify, increase, or reduce any expenditure at the subobject code level. The board or commission may not require confidential information concerning details of investigations which is exempt from s. 119.07(1). (4) The board of county commissioners or the budget commission, as appropriate, may require the sheriff to correct mathematical, mechanical, factual, and clerical errors and errors as to form in the proposed budget. At the hearings held pursuant to s. 200.065, the board or commission may amend, modify, increase, or reduce any or all items of expenditure in the proposed budget, as certified by the sheriff pursuant to paragraphs (2)(a)-(c), and shall approve such budget, as amended, modified, increased, or reduced. The board or commission must give written notice of its action to the sheriff and specify in such notice the specific items amended, modified, increased, or reduced. The budget must include the salaries and expenses of the sheriff's office, cost of operation of the county jail, purchase, maintenance and operation of equipment, including patrol cars, radio systems, transporting prisoners, court duties, and all other salaries, expenses, equipment, and investigation expenditures of the entire sheriff's office for the previous year. (a) The sheriff, within 30 days after receiving written notice of such action by the board or commission, in person or in his or her office, may file an appeal by petition to the Administration Commission. The petition must set forth the budget proposed by the sheriff, in the form and manner prescribed by the Executive Office of the Governor and approved by the Administration Commission, and the budget as approved by the board of county commissioners or the budget commission and shall contain the reasons or grounds for the appeal. Such petition shall be filed with the Executive Office of the Governor, and a copy served upon the board or commission from the decision of which appeal is taken by delivering the same to the chair or president thereof or to the clerk of the circuit court. (b) The board or commission shall have 5 days following delivery of a copy of such petition to file a reply with the Executive Office of the Governor, and shall deliver a copy of such reply to the sheriff. (5) Upon receipt of the petition, the Executive Office of the Governor shall provide for a budget hearing at which the matters presented in the petition and the reply shall be considered. A report of the findings and recommendations of the Executive Office of the Governor thereon shall be promptly submitted to the Administration Commission, which, within 30 days, shall either approve the action of the board or commission as to each separate item, or approve the budget as proposed by the sheriff as to each separate item, or amend or modify the budget as to each separate item within the limits of the proposed board of expenditures and the expenditures as approved by the board of county commissioners or the budget commission, as the case may be. The budget as approved, amended, or modified by the Administration Commission shall be final. (6) The board of county commissioners and the budget commission, if there is a budget commission within the county, shall include in the county budget the items of proposed expenditures as set forth in the budget required by this section to be submitted, after the budget has been reviewed and approved as provided herein; and the board or commission, as the case may be, shall include the reserve for contingencies provided herein for each budget of the sheriff in the reserve for contingencies in the budget of the appropriate county fund. (7) The reserve for contingencies in the budget of a sheriff shall be governed by the same provisions governing the amount and use of the reserve for contingencies appropriated in the county budget, except that the reserve for contingency in the budget of the sheriff shall be appropriated upon written request of the sheriff. (8) The items placed in the budget of the board of county commissioners pursuant to

this law shall be subject to the same provisions of law as the county annual budget; except that no amendments may be made to the appropriations for the sheriff's office except as requested by the sheriff.(9) The proposed expenditures in the budget shall be submitted to the board of county commissioners or budget commission, if there is a budget commission within the county, by June 1 each year; and the budget shall be included by the board or commission, as the case may be, in the budget of either the general fund or the fine and forfeiture fund, or in part of each.(10) If in the judgment of the sheriff an emergency should arise by reason of which the sheriff would be unable to perform his or her duties without the expenditure of larger amounts than those provided in the budget, he or she may apply to the board of county commissioners for the appropriation of additional amounts. If the board of county commissioners approves the sheriff's request, no further action is required on either party. If the board of county commissioners disapproves a portion or all of the sheriff's request, the sheriff may apply to the Administration Commission for the appropriation of additional amounts. The sheriff shall at the same time deliver a copy of the application to the Administration Commission, the board of county commissioners, and the budget commission, if there is a budget commission within the county. The Administration Commission may require a budget hearing on the application, after due notice to the sheriff and to the boards, and may grant or deny an increase or increases in the appropriations for the sheriff's offices. If any increase is granted, the board of county commissioners, and the budget commission, if there is a budget commission in the county, shall amend accordingly the budget of the appropriate county fund or funds. Such budget shall be brought into balance, if possible, by application of excess receipts in such county fund or funds. If such excess receipts are not available in sufficient amount, the county fund budget or budgets shall be brought into balance by adding an item of "Vouchers unpaid" in the appropriate amount to the receipts side of the budget, and provision for paying such vouchers shall be made in the budget of the county fund for the next fiscal year.(11) Notwithstanding any provision of law to the contrary, a sheriff may include a clothing and maintenance allowance for plainclothes deputies within his or her budget.(12) Notwithstanding any other law, and in order to effectuate, fulfill, and preserve the independence of sheriffs as specified in s. 30.53, a sheriff may transfer funds between the fund and functional categories and object and subobject code levels after his or her budget has been approved by the board of county commissioners or budget commission.

Hernando County Sheriff's Office

Proposed Annual Budget Fiscal Year 2024 - 2025

Hernando County Sheriff's Office

May 31, 2024

Honorable Chair Elizabeth Narverud and Board Members
Hernando County Board of County Commissioners
20 North Main Street, Room 460
Brooksville, FL 34601

Dear Chair and Commissioners:

Enclosed you will find my budget request for Fiscal Year 2024-2025, submitted in compliance with Florida Statute 30.49. These proposed expenditures are reasonable and necessary for the proper and efficient operation of the office for the next fiscal year.

I would like to begin by thanking the Board of County Commissioners (BOCC) and the County Administrator for your collaboration and support over the past year. Together, we continue to face new issues and opportunities. Our shared commitment to effective communication and cooperation is instrumental in serving the needs of our citizens.

As our county experiences continued growth in both residential and commercial sectors, it is imperative that public safety services evolve accordingly. This requires keeping up with the many residential and commercial development projects and the associated projected population growth. Our county continues to experience an **inflation rate of more than 3%** and a **growth rate of approximately 12%** this year. As the county plans for the development of the community and growing the commercial and industrial opportunities, this growth necessitates a proportional enhancement of public safety services.

In light of current and future growth, my proposed budget includes those funds necessary to ensure we have adequate law enforcement, court security, detention, and corresponding support services in place to maintain a safe county for our current and future residents. We ensure we have enough staff to handle expected workloads, with backup plans for different days and times, using on-call help when needed during non-peak hours.

Along with growth also comes increased demands related to providing around-the-clock law enforcement, detention, and dispatching services. This budget includes several mandated financial impacts to consider. For the second year in a row, inflation has driven costs up across all areas of the budget, from supplies and gas prices to personnel costs. It is important to note that, contrary to what some might believe, the vast majority of a sheriff's proposed budget is *directly* related to personnel costs.

Maintaining a full-service law enforcement, detention, and court services agency, one that fulfills our statutory obligations and meets the needs of our citizens, now and in the future, therefore, is challenging during the best of times. We continue to feel significant pressure from regional public employers that are competing to both attract and retain employees, especially ones that can meet the extremely high standards a law enforcement agency demands of its applicants. Many regional employers, for example, are offering higher salaries and substantial hiring bonuses.

P.O. BOX 10070 - BROOKSVILLE, FL 34603-0070 FAX 352 796-0493 PHONE 352 754-6830

In response to these and other pressures, we must continue to work together and must focus on necessary increases in personnel expenditures. Since the Sheriff's Office mission relies on people rather than projects, our effectiveness depends on our ability to continue **attracting and retaining** the best personnel. My staff, toward that end, constantly conducts in-depth research to ensure we remain both equitable and competitive when compared to our regional competitors.

It is noteworthy that according to Florida Tax Watch, Hernando County ranks as the 27th largest county in the state, yet it currently stands at 56th in public safety expenditures.

Our budgetary approach to addressing personnel needs and responding to the growth in Hernando County is strategic and forward-thinking. The Academy Program has played a significant role in helping us fill deputy vacancies, while still maintaining our very high standards. Working together, HCSO and Simpson Tech have offered both full-time and part-time academies this past year. These efforts enable my office to recruit locally and meet the staffing needs of the community. Given the growth of the county, providing such long-term and cost-effective solutions requires an initial and ongoing investment in this worthwhile program. That is the reason I must request that the driving pad and shooting range be a top-priority this year, *since these two projects are at least two to three years behind schedule.*

Consistent with county operations, the Sheriff's Office must manage mandated costs. As you are probably aware, operational and administrative costs are rising exponentially in many cases. It is important to note that mandated increases in personnel costs alone will require an additional obligation of **\$3.7 million**, accounting for a **4.73%** budget increase from last fiscal year before including needed staffing requests. While such increases are notable, they are unavoidable for a large public safety agency.

Furthermore, the collaborative efforts of our Information Technology department on several county-wide projects such as the much-needed radio system upgrade, the CAD project, and Next Generation 911 implementation demonstrate a commitment to staying at the forefront of technological support for law enforcement. As cybersecurity becomes increasingly critical, we must also protect against attacks. Accordingly, additional funds have been added to the budget to facilitate enhancing our network security. These initiatives not only improve operational efficiency but also enhance the agency's ability to adapt to emerging challenges and meet the evolving needs of the community.

My commitment to fiscal responsibility remains steadfast, entailing a thorough internal budget planning process that accurately identifies our agency's prioritized needs and leverages alternate funding sources whenever possible. Our process involves middle managers up to the level of the Colonel who work to prioritize needs prior to being presented to me. Documentation supporting the original requested needs of the agency resulted in an **increase to our budget of 29%**. However, we had to make some difficult decisions resulting in a **\$13 million reduction** of the initial proposed budget. We take this approach seriously, always striving to present only the most pressing needs and optimal solutions to the BOCC with a goal to stay well below the historical and projected revenue growth.

Toward that end, we believe that County financial growth can be measured by looking at the three current and main general fund revenue sources: Ad Valorem Tax, State Revenue Sharing, and the current Local ½ Cent Sales Tax. These sources illustrate the financial growth in the county's general fund budgets. Over the past five years, Hernando County has seen a cumulative increase of 73% in these three revenue streams, averaging 15% per year. In comparison, the Sheriff's Office has

experienced a cumulative increase in budget requests of 39% over the same period, averaging 8% per year. Had the Sheriff's Office budget requests grown at the same rate as the county's actual revenue collection, its budget would be more than \$19.5 million higher than it is today.

	FY2020	FY2021	FY2022	FY2023	FY2024 - Actuals not yet available
Actual Revenue Received	18.4%	9.1%	15.0%	18.6%	12.0%
Sheriff's Budget	5.1%	4.7%	7.3%	10.1%	12.0%
Sheriff's Budget requested BELOW Growth	13.3%	4.5%	7.7%	8.5%	0.0%

In conclusion, our ongoing partnership is crucial for addressing the current economic challenges and ensuring that the Sheriff's Office remains well-equipped to fulfill its mission of protecting and serving the community. Just like fire and emergency medical services, law enforcement, detention, and dispatch services are vital and must be funded at a level that is better than reasonable when compared to similar-sized counties.

I would be glad to provide more detailed information regarding the mandates, cost increases, and workload analyses affecting this year's budget proposal. ***I welcome and strongly encourage your questions and constructive discussion.*** Please feel free to call my assistant and set up a meeting time that is convenient for you over the next month. I stand ready to work together with you through the budgeting process in the furtherance of our mutual responsibilities to the citizens of Hernando County.

I thank you in advance for your support.

Sincerely,

Al Nienhuis
Sheriff

AN/tsr

**HERNANDO COUNTY SHERIFF'S OFFICE
BUDGET CERTIFICATION
ANNUAL BUDGET 2024-2025**

To: Board of County Commissioners
Hernando County, Florida

I hereby submit to you the following proposed budget for the operation of the Hernando County Sheriff's Office for the fiscal year beginning October 1, 2024 and ending September 30, 2025.

	Law Enforcement	Detention	Courthouse
Personnel Services	\$ 54,157,738	\$ 18,654,556	\$ 1,847,835
Operating Expenditures	7,485,928	2,933,308	523,883
Capital Outlay	1,933,900	43,000	-
Totals	\$ 63,577,566	\$ 21,630,864	\$ 2,371,718
HCSO Reserves held by BOCC	\$ 15,894,392	\$ 5,407,716	\$ 592,930

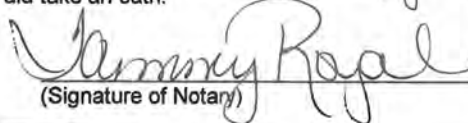

I further certify that these proposed expenditures are reasonable and necessary for the proper and efficient operation of the Hernando County Sheriff's Office for the ensuing year.

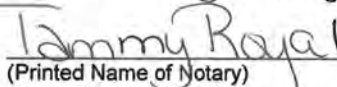

Al Nienhuis
Sheriff of Hernando County

STATE OF FLORIDA
HERNANDO COUNTY

The foregoing instrument was acknowledged before me this 31st day of May 2024, by Al Nienhuis who is personally known to me and who did take an oath.

(Signature of Notary)

(Printed Name of Notary)

(Title and Stamp)

Hernando County Sheriff's Office Proposed Fiscal Year 2024 - 2025

Law Enforcement

Law Enforcement is a statutory responsibility of the Sheriff. The Law Enforcement budget funds functions like Patrol, Specialty Units, Investigations, Civil and Warrants, School Safety, and Animal Enforcement. It also includes support functions such as Forensics, Crime Analysis, Property & Evidence, Professional Standards, administrative functions and countywide dispatch services.

Revenues are collected from various contracts and a few miscellaneous sources. The revenues earned by the Sheriff's Office help reduce the amount of budget monies needed from taxpayers.

Hernando County Sheriff's Office Budget Proposed Fiscal Year 2024 - 2025

Detention

By statute, the Hernando County jail is the responsibility of the Board of County Commissioners but the Sheriff currently manages the jail and its programs. The Detention budget includes the costs of operating and managing the Hernando County Detention Center. The functions include Booking, Classification, Housing, in-house Medical Services, Maintenance, Transportation, and Administration. Revenues include a work squad contract with the County for inmate labor.

Several revenue sources help reduce the budget impact on taxpayers. These include the collection of reimbursements for inmate medical services, garnishment of inmate social security benefits during incarceration, and charging processing fees and subsistence fees to those able to pay.

	Approved FY2024	Proposed FY2025	FY2024 to FY2025 Difference
Inmate Work Squad - Dept of Public Works	\$ 83,322	\$ 85,822	\$ 2,500

**Hernando County Sheriff's Office
Inmate Revenue Fund
FY2024 - 2025**

The Inmate Revenue Fund is generated through the extra effort of the Sheriff and his staff in housing inmates from federal and other county jurisdictions. This not only makes good use of any available beds the jail has, but allows the Sheriff's Office to fund those positions that make the program possible and pay for most repair and maintenance without any costs to local taxpayers. The expenditures listed in the below budget are paid for from this program.

The available fund balance as of May 2024 is approximately \$6 million

	Actual Expenditures FY2023	Approved Budget FY2024	Proposed Budget FY2025	FY2024 to FY2025 Difference

Total - Expenditures	\$ 2,483,828	\$ 3,114,681	\$ 3,497,035	\$ 382,354

Projects listed in the 3 Year Maintenance & Improvement Plan on the next page are included in this budget if projects are to be completed by the Sheriff's Office staff (typically internal building repairs). The amount for FY2025 is **\$540,000**. The projects involving structural building repairs are to be completed by County Facilities Maintenance and included in Fund 1203 in the Sheriff's Revenue Fund in the BOCC budget. The amount for FY2025 is **\$3,620,000**. The County portion is also noted in the 3 Year Maintenance & Improvement Plan on the next page.

Hernando County Detention Center - 3 Year Maintenance & Improvement Plan

Projects listed in the 3 Year Maintenance & Improvement Plan are included in the Sheriff's Inmate Revenue Fund budget if projects are to be completed by the Sheriff's Office staff (typically internal building repairs). The amount for FY2025 is \$540,000. The projects involving structural building repairs are to be completed by County Facilities Maintenance and included in Fund 1203 in the Sheriff's Revenue Fund in the BOCC budget. The revenue earned from this program is budgeted to pay for \$3,620,000 out of the Sheriff's Revenue Fund held by the BOCC.

Hernando County Sheriff's Office
800 MHz Fund
FY2024 - 2025

This budget derives its resources from lease payments for space leased on the tower sites, fees assessed to each radio user department for maintenance contract costs, and a \$12.50 fee included in each fine paid for a traffic citation. The 800 MHz system is maintained to provide radio communications for all public safety and County radio users.

Shirley Anderson was elected as our Supervisor of Elections in 2012. During her tenure she has used precious resources to make the office run efficient and transparent. She manages a vital department which employs 11 full time workers – however those numbers swell during an election to 350+. Since taking office in 2013 Supervisor Anderson has instituted the following programs:

- Implemented Spanish language voting materials
- Clear Ballot Audit System
- Ballot Trax
- ADA accessible Vote-by-Mail
- Vote in Honor of a Vet
- Adopt a Precinct
- Double Click Democracy – an online school election program

Currently, she is the chair of District 7 for the Florida Supervisor of Elections (FSE) and serves on the FSE Board of Directors. She also has earned distinctions as a Master Florida Certified Election Professional (MFCEP–state certification) and Certified Elections Registration Administrator (CERA–federal certification)

Prior to being elected Shirley served as District Director for Congressman Rich Nugent. She also served in that capacity under Congresswoman Ginny Brown-Waite.

Ms. Anderson is a fifth generation Floridian who has called Hernando County her home for the past twenty-three years. She is a mother of three grown children and grandmother of nine. She is a graduate of USF.

She believes her role as Supervisor of Elections is one of the most important elected offices. Although this office is seldom referred to unless there is a problem, she regards this position as the gatekeeper to our democracy and feels honored to be entrusted with this important position.

Duties & Responsibilities

It is the mission of the Supervisor of Elections office to ensure the integrity of the electoral process and empower each voter through continuous education.

Budget Regulations for Supervisor of Elections

Florida Statute 129.201 Budget of supervisor of elections; manner and time of preparation and presentation.—

(1) Pursuant to ss. 129.01 and 129.03(2), each supervisor of elections shall annually prepare and submit to the board of county commissioners, or county budget commission if there is one in the county, a proposed budget for carrying out the powers, duties, and operations of the office of the supervisor of elections for the next fiscal year. The fiscal year of the supervisor of elections commences on October 1 of each year and ends on September 30 of the following year.

(2) Expenditures must be itemized in accordance with the uniform accounting system prescribed by the Department of Financial Services as follows:(a) Personnel services.

(b) Operating expenses.

(c) Capital outlay.

(d) Debt service.

(e) Grants and aids.

(f) Other uses.

(3) The supervisor of elections shall furnish to the board of county commissioners or the county budget commission all relevant and pertinent information that the board or commission deems necessary, including expenditures at the subobject code level in accordance with the uniform accounting system prescribed by the Department of Financial Services. The board or commission may not amend, modify, increase, or reduce any expenditure at the subobject code level.

(4) The board or commission, as appropriate, may require the supervisor of elections to correct mathematical, mechanical, factual, and clerical errors and errors of form in the proposed budget. At the hearings held pursuant to s. 200.065, the board or commission may amend, modify, increase, or reduce any or all items of expenditure in the proposed budget as submitted under subsections (1) and (2); and, as amended, modified, increased, or reduced, such budget shall be approved by the board or commission, which must provide written notice of its action to specific items amended, modified, increased, or reduced.

(5) The board or commission shall include in the county budget the items of proposed expenditures set forth in the budget which are required by this section to be submitted, after the budget has been reviewed and approved. The board or commission shall include the supervisor of elections' reserve for contingencies in the general county budget's reserve for contingencies account.

(6) The supervisor of elections' reserve for contingencies is governed by the same provisions governing the amount and use of the reserve for contingencies appropriated in the county budget.

(7) The proposed budget shall be submitted to the board of county commissioners or county budget commission pursuant to s. 129.03(2) and included by the board or commission in the general county budget.

(8) The items placed in the budget of the board are subject to the same provisions of law as the county annual budget; however, an amendment to the appropriations of the office of the supervisor of elections may not be made without due notice of the change to the supervisor of elections.

(9) The budget of the supervisor of elections may be increased by the board of county commissioners to cover expenses for emergencies and unanticipated expenses as are recommended and justified by the supervisor of elections.

Board of County Commissioners
Via Electronic Mail Only

Dear Commissioners,

Pursuant to Florida Statute 129.201, I am attaching the budget request for the Supervisor of Elections for the 2024-2025 fiscal year. The total amount of the request is \$2,774,309.

Election(s) costs differ from year to year based on the type of election(s). This budget request reflects:

- 2024 General Election.
- Increased costs of operating and administrative expenses.
- Increased costs of in-person voting due to changes in voting trends and recent legislation.
- Increase security protocols.

This request also includes \$1,600 per full-time employee, totaling \$19,200 for CareATC costs that we now are required to budget for.

I hereby certify that the attached budget request is reasonable and necessary for the statutory and constitutional functions that my office performs.

Respectfully,

Shirley Anderson
Hernando County Supervisor of Elections

John Emerson is a Florida native and was raised in Hernando County. Of his 40 plus years in the real estate appraisal field, 35 of those were spent working in Hernando County's Property Appraisal Office.

He started in the office in 1988 as a commercial appraiser. He later became the chief appraiser and then chief deputy before he was elected as the property appraiser in 2012.

Emerson is a State Certified General Appraiser and a Florida Real Estate Broker. At the recent Property Appraiser's Association of Florida (PAAF) conference, John Emerson was awarded the past President's award in recognition of his outstanding achievements and accomplishments serving as President on behalf of PAAF.

Duties & Responsibilities

The Hernando County Property Appraiser is an elected official charged with the duty and responsibility to appraise all of the property in the County. This includes real estate and tangible personal property (the equipment, machinery and fixtures) of businesses. The Property Appraiser is required by law to assess all property within the county each January 1st. In Hernando County, this means the Property Appraiser determines the market value for thousands of individual parcels, including residential, agricultural, multifamily, commercial and industrial, as well as thousands of personal property accounts.

In addition to appraising property, the Property Appraiser must administer homestead exemptions, agricultural classification, determine the eligibility of certain religious, charitable, educational and municipal property for tax exemption, as well as administer widow, widower's

and disability exemptions. The Property Appraiser also maintains current and up-to-date legal descriptions and ownership tax maps of all the real property in Hernando County. The Property Appraisers office is also the lead agency which manages Hernando County Central GIS and the Central Addressing Office.

Budget Regulations for Property Appraiser

Florida Statute 192.091 Commissions of property appraisers and tax collectors —

(1)(a) The budget of the property appraiser's office, as approved by the Department of Revenue, shall be the basis upon which the several tax authorities of each county, except municipalities and the district school board, shall be billed by the property appraiser for services rendered. Each such taxing authority shall be billed an amount that bears the same proportion to the total amount of the budget as its share of ad valorem taxes bore to the total levied for the preceding year. All municipal and school district taxes shall be considered as taxes levied by the county for purposes of this computation.

(b) Payments shall be made quarterly by each such taxing authority. The property appraiser shall notify the various taxing authorities of his or her estimated budget requirements and billings thereon at the same time as his or her budget request is submitted to the Department of Revenue pursuant to s. 195.087 and at the time the property appraiser receives final approval of the budget by the department.

Florida Statute 195.087 Property appraisers and tax collectors to submit budgets to Department of Revenue. —

(1)(a) On or before June 1 of each year, every property appraiser, regardless of the form of county government, shall submit to the Department of Revenue a budget for the operation of the property appraiser's office for the ensuing fiscal year beginning October 1. The property appraiser shall submit his or her budget in the manner and form required by the department. A copy of such budget shall be furnished at the same time to the board of county commissioners. The department shall, upon proper notice to the county commission and property appraiser, review the budget request and may amend or change the budget request as it deems necessary, in order that the budget be neither inadequate nor excessive. On or before July 15, the department shall notify the property appraiser and the board of county commissioners of its tentative budget amendments and changes. Before August 15, the property appraiser and the board of county commissioners may submit additional information or testimony to the department respecting the budget. On or before August 15, the department shall make its final budget amendments or changes to the budget and shall provide notice thereof to the property appraiser and board of county commissioners. Once the department makes its final budget amendments, the budget is final and shall be funded by the county commission pursuant to s. 192.091.

From: John C. Emerson, Property Appraiser
Re: FY 24-25 Budget

Attached please find a copy of the Signed Certification Sheet and Exhibit A, which is a summary of the Property Appraiser's Operating Budget by Appropriation Category for FY24-25. The operating budget shows an increase of \$459,823 and represents a 12.96% increase over current year.

Because our budget is due to the Department of Revenue (DOR) on June 1st and decisions regarding benefits and insurance are not finalized by the Board of County Commissioners, we have increased our previous figures by 10%. More funds may be requested if decisions are made that surpass what the Hernando County Property Appraiser has budgeted.

This budget will be adjusted by the DOR once the Property Appraiser's salary has been determined and retirement rates have been finalized. Per DOR, the proposed budget shows the Property Appraiser's current salary, FICA/Medicare Tax and retirement calculations.

The percentage breakdown to be used in the FY25 Quarterly Billings for Property Appraiser's Operating Budget:

BCC/BPI/Cities:	87.1876%
Transportation Trust:	4.8208%
County Health:	0.6566%
EMS MSTU:	5.4220%
Stormwater:	0.6786%
SWFWMD:	1.2344%

Attached is a copy of the FY24-25 Addressing Budget, which is 100% charged to the General Fund.

A copy of the FY24-25 GIS Planning Business Unit and GIS Environmental Services Business Unit are also included.

It is estimated at this time, that approximately \$50,000 will be turned back to the county at the end of Fiscal Year 2025 as excess funds. It is also estimated that approximately \$10,000 will be returned to the Board at the end of Fiscal Year 2025 representing fees collected for services.

BUDGET REQUEST FOR PROPERTY APPRAISERS

I, John Emerson, the Property Appraiser of Hernando County, Florida, certify the proposed budget for the period of October 1, 2024, through September 30, 2025, contains information that is an accurate presentation of our work program during this period and expenditures during prior periods (section 195.087, F.S.).

Surplus (Deficit)	(\$2,766,500)	(\$3,166,000)	(\$3,518,500)	-	-

Born in Michigan, Sally Daniel moved to Hernando County in 1974. She married her husband, Michael, in 1976. They have two wonderful daughters, Katina Real (H-Mike) and Billie Jo Phillips (H-Frank).

In 1983, Sally started her career with the Hernando County Tax Collector. Throughout her years of service to Hernando County, she has processed many types of transactions in the office. Sally has worked in Property Taxes, DMV, Occupational Licenses, Hunting & Fishing Licenses, Phone Operator, Human Resources, Payroll and the Finance Department. At times, you will still find her answering phones or working at the counter in all three offices.

In 1986, Mrs. Daniel completed coursework with the University of Florida and Florida State University, rendering her a Certified Florida Collector Assistant with the Florida Department of Revenue. Unopposed, she was elected in 2012, 2016 and 2020. After being elected, Sally completed all prerequisites for the Department of Revenue in 2013 and is a Certified Florida Collector.

Sally is very involved with the Florida Tax Collector's Association, currently on the Board of Directors and is Chair of the Hunting & Fishing Coalition for the State of Florida. Some of Sally's past and current affiliations have included being Vice President and serving on the Board for Habitat for Humanity of Hernando, being Treasurer and Secretary and serving on the Board for Kiwanis Club of Brooksville, and serving on the Board for the Lighthouse for the Blind. In her free time, she enjoys fishing and reading.

Duties & Responsibilities

It is the responsibility of the Hernando County Tax Collector to collect the myriad of taxes and fees imposed by all governmental units. The nature of the office under Florida's constitution and statutory system is two-fold: independent election; and budgetary review by the state. The Tax Collector deals with many state agencies, all local governments and all taxpayers within the county. The revenue funding the office of the Tax Collector comes from state agency licensure through the charge of basic fees; the contract-based charging of certain fees or commissions between the Tax Collector and various local governments regarding special services; and statutory based commissions for collecting property taxes and some non-property assessments. In addition to ad valorem property taxes, the Tax Collector also bills and collects special assessments generated by almost 100 municipal service benefit units for improvements such as street lighting, road paving, fire protection, subdivision maintenance, etc.

Budget Regulations for Tax Collectors

Florida Statute 192.091 Commissions of property appraisers and tax collectors -

(2) The tax collectors of the several counties of the state shall be entitled to receive, upon the amount of all real and tangible personal property taxes and special assessments collected and remitted, the following commissions:

(a) On the county tax:

1. Ten percent on the first \$100,000;
2. Five percent on the next \$100,000;
3. Three percent on the balance up to the amount of taxes collected and remitted on an assessed valuation of \$50 million; and
4. Two percent on the balance.

(b) On collections on behalf of each taxing district and special assessment district:

- 1.a. Three percent on the amount of taxes collected and remitted on an assessed valuation of \$50 million; and
- b. Two percent on the balance; and
2. Actual costs of collection, not to exceed 2 percent, on the amount of special assessments collected and remitted.

(3) In computing the amount of taxes levied on an assessed valuation of \$50 million for the purposes of this section the valuation of nonexempt property and the taxes levied thereon shall be taken first.

195.087 Property appraisers and tax collectors to submit budgets to Department of Revenue. —

(2) On or before August 1 of each year, each tax collector, regardless of the form of county government, shall submit to the Department of Revenue a budget for the operation of the tax collector's office for the ensuing fiscal year, in the manner and form prescribed by the department. A copy of such budget shall be furnished at the same time to the board of county commissioners. The department shall examine the budget and, if it is found adequate to carry on the work of the tax collector, shall approve the budget and certify it back to the tax collector. If the department finds the budget inadequate or excessive, it shall return such budget to the tax collector, together with its ruling thereon. The tax collector shall revise the budget as required and resubmit it to the department. After the final approval of the budget by the department, there shall be no reduction or increase by any officer, board, or commission without the approval of the department. However, all moneys received by tax collectors in complying with chapter 119 shall be accounted for in the same manner as provided for in s. 218.36, for moneys received as county fees and commissions, and any such moneys may be used and expended in the same manner and to the same extent as funds budgeted for the office and no budget amendment shall be required.

Subject: FY 2025 Tax Collector Fees

Good morning Albert,

Per F.S. 192.091 the Tax Collector is to charge fees of 10% of the first \$100,000; 5% of the next \$100,000; 3% of the balance up to the assessed value of \$50 million; and 2% on the balance. Based on the Property Appraiser's reported taxable value of \$17,070,000,000; 2023 Tax roll millage rates (FY 2024); and the BCC fees charged YTD of \$5,160,730.60 - it is estimated FY 2025 fees will be:

Fees Charged to General Fund: \$ 4,250,000
Total BCC fees charged (including General Fund): \$5,750,000
Postage for General Fund: \$ 18,500

FY 2024 unused fees for the General Fund are estimated at \$750,000.

Have a great day!
Amy

INDEX

Glossary

Accrual Basis – The basis of accounting under which transactions are recognized when they occur and are significantly complete.

Ad Valorem Tax – A tax levied on the assessed value (net of any exemptions) of real or personal property. This is commonly referred to as “property tax.”

Adjusted Final Millage – Under Florida law, the actual tax rate levied by a local government when tax bills are issued. The rate is adjusted for corrected errors in property assessments for tax purposes and for changes in assessments made by property appraisal adjustment boards in each county. Usually, such changes are very slight and the adjusted millage rarely changes from the levy set by the taxing authority.

Adjusted Taxable Value – The value of the portion of a jurisdiction’s taxable property for a new year, which represents only the increased value of property on the tax roll from the previous year, and excludes the assessed value of new construction.

Adopted Budget – The financial plan of revenues and expenditures for a fiscal year as approved by the Board of County Commissioners.

Aggregate – Constituting or amounting to a whole; total.

Aggregate Millage Rate – The weighted sum of all property tax levies imposed by the governing body of a county. State law limits the aggregate rate for a county or municipality to \$10 per \$1,000 of assessed taxable value.

Amendment – A change to an adopted budget that realigns funds within a fund total.

Appropriation – A specific amount of funds authorized by the Board of County Commissioners to which financial obligations and expenditures may be made.

Article V – As used herein is Revision 7 of Article V of the Florida Constitution passed in 1998. The revision changed the way that State Courts and related programs are funded. Full implementation occurred in 2003. However, the legislature has passed bills both in 2004 and 2005 making adjustments to various court funding mechanisms.

Assessed Value – A value established by the County Property Appraiser for all real or personal property for use as a basis for levying property taxes.

Balance Forward – Amount of cash remaining in a particular fund brought into a new fiscal year.

Balanced Budget – A budget in which anticipated revenues to be collected in one fiscal year are equal to or greater than the total anticipated expenditures for any one fiscal year.

Base Budget – Ongoing expenditures for personnel, operating expenses, and replacement of supplies and equipment required to maintain service levels previously authorized by the Board of County Commissioners.

Basis of Budgeting – The basis of budgeting refers to the conversions for recognition of costs and revenue in budget development and in establishing and reporting appropriations that are the legal authority to spend or collect revenues.

Board of County Commissioners - The governing Body of Hernando County composed of five persons elected at large.

Bond - A written promise to pay a sum of money on a specific date at a specified interest rate as detailed in a bond ordinance. Bonds are typically used for long-term debt to pay for specific capital expenditures.

Budget – Comprehensive financial operating plan that allocates limited revenues among competing expenditure requirements for a given time period. The budget, once adopted, is the legal authorization to expend county funds during the the fiscal year. It may be amended during the fiscal year by the governing body and/or management in accordance with procedures, rules and regulations.

Recommended Budget: County Administrator’s recommendation to the Board of County Commissioners.

Tentative Budget: Board’s modification to the recommendation (basis for the first public hearing).

Adopted Budget: Board-approved budget adopted by resolution at the second and final public hearing.

Budget Accounts – Accounts used to enter the formally adopted annual operating budget into the general ledger as part of the management control technique of formally integrating the budgetary and financial systems.

Budget Calendar - The schedule of key dates involved in the process of adopting and executing an annual budget.

Budget Document - The official written statement of the annual fiscal year financial plan for the county as presented by the County Administrator.

Budget Hearing - The public hearing conducted by the Board of County Commissioners to consider and adopt the annual budget.

Budget Message - A written statement presented by the County Administrator to explain principal budget issues and to provide policy recommendations to the Board of County Commissioners.

Capital Improvement Funds – Used to account for financial resources to be used for acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds).

Capital Improvement Project - Physical assets, constructed or purchased, that has a minimum cost of \$50,000, and a minimum useful life of ten (10) years.

Capital Improvement Programs (CIP) – Multi-year program for planning and financing public facilities improvements. The program is developed from departmental requests and is based on studies of financial resources available and consistency of proposed improvements with adopted Comprehensive Plan policies. The first year of the CIP will be adopted as an integral part of the annual budget. It includes land acquisitions, building improvements, transportation improvements, improvements, improvements to other public facilities, and equipment over \$50,000, with a useful life of at least ten years.

Capital Outlay - Construction and Improvements - Major construction projects that increase the value of the county’s fixed assets.

Capital Outlay - Equipment - Durable items more than \$1,000 value which are non-consumable (e.g., vehicles, computers) but do not include capital items such as buildings.

Capital Project Funds – Used to account for financial resources to be used for acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds).

Cash Basis – A basis of accounting under which transactions are recognized only when cash is received or disbursed.

Certificates of Participation – A type of lease financing where the lessee makes debt service payments to the lessor in exchange for the asset being leased. However, the lessor sells certificates that represent a share of the lease payments to investors.

Commercial Paper – Short-term, unsecured promissory notes issued in either registered or bearer form, and usually backed by a line of credit with a bank. Maturities do not exceed 270 days and generally average 30–45 days.

Contingency Reserve – A budgetary reserve to provide for emergency or unanticipated expenditures during the fiscal year.

Contracted Services – Services rendered to the county by private firms, individuals or other county departments on a contract basis. Examples include consulting services and legal services.

County Administrator – The Chief Executive Officer of the county appointed by the Board of County Commissioners.

County Share – The difference between the total expenditures and the amount of revenues supplied by other sources, which is necessary to support the department or program.

Debt Service – The costs and payments associated with payment of general long-term debt of principal and interest resulting from the issuance of bonds or other financing.

Debt Service Funds – Used to account for accumulation of resources for, and payment of, general long-term debt principal and interest. Specific revenue sources are pledged to provide repayment of various bond issues.

Dedicated – Committed for a particular use or function.

Deficit – The excess of expenditures over revenues during a fiscal year.

Dependent Special District – A special district, organized to perform a single, or restricted number of governmental functions, whose budget is established by the governing body of the County to which it is dependent, i.e., Municipal Service Benefit Unit (MSBU), Municipal Service Taxing Unit (MSTU).

Depreciation – The periodic expiration of an asset's useful life.

Economic – Of, or relating to the production, development, and management of material wealth, as of a country or household.

Encumbrance – The commitment of appropriated funds to purchase an item or service.

Enhancement – An improvement to a programmatic service level.

Enterprise Fund – A governmental accounting fund in which the services provided is financed and operated similarly to those of a private business enterprise, i.e., through user charges such as

Expenditure – Decreases in financial resources for the procurement of assets or the cost of goods and/or services received.

Expenses – Charges incurred for operation, maintenance, interest and other charges.

Final Millage – The tax rate adopted in the final public budget hearing of a taxing authority.

Fiscal Year (FY) – The annual budget year for the county which runs from October 1 through September 30.

Fixed Assets – Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, improvements other than building, i.e., recreation facilities, parking lots, etc.; machinery and equipment with a life expectancy of one year or more.

Franchise Fees – User fees charged by the county for use of public rights of way by utility companies. The fee is typically a percentage of gross revenues of the utility company.

Full-time Equivalency (FTE) – The percentage of a full year's employment, e.g., one full years' employment is 1.0 FTE, 1/2 years' employment is 0.5 FTE.

Fund – A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance – The excess of fund assets over liabilities, also called cash carried forward. These unspent funds are included as revenue in the following year's budget. A negative fund balance is sometimes referred to as a

Function – A major class or grouping of tasks directed toward a common goal, such as general government, public safety, physical environment, etc. For the purposes utilized in budgetary analysis, the State of Florida has established these categories of functions and financial reports must be grouped according to those established functions.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standard of and guidelines for financial accounting and reporting. They govern the form and content of an entity's basic financial statements. GAAP encompasses the conventions, rules, and procedures necessary to define accepted accounting practices at a particular time.

General Fund – The governmental accounting fund supported by ad valorem (property) taxes, service charges, and other general revenues to provide countywide operating services. This may be referred to as the Operating Fund.

Goal – A statement that describes the purpose toward which an endeavor is directed, such as a target or target area.

Grant – A contribution of assets (usually cash) by one governmental unit or other organization to another made for a specified purpose.

Gross Taxable Value – The total taxable value of real property, plus personal property for operating purposes, plus centrally assessed property for operational purposes for a single year.

Hazmat – The department established for the handling and cleanup of hazardous materials during emergency situations.

Homestead Exemption – Deduction from the total taxable assessed value of owner-occupied property. The current maximum exemption is \$25,000. Taxpayers must request exemptions.

Impact Fees – Fees charged to a developer and/or owner/builder to offset, in whole or part, the cost of capital improvements to meet growth demands.
Impact fees are assessed for county owned capital facilities for parks, fire-rescue, library, law enforcement, public buildings, schools and roads.

Indirect Costs – Costs associated with, but are not directly attributable to the providing of a product or service. These are usually costs incurred by administrative departments in the support of operating departments.

Interfund Transfers – Budgeted amounts transferred from one governmental accounting fund to another for work or services provided. These represent a “double counting” of expenditures. Therefore, these amounts are deducted from the total county operating budget to calculate the “net” budget.

Intergovernmental Revenue – Revenue received from another government unit for a specific purpose, e.g. such as grant awards or sales tax distribution.

Internal Service Fund – A governmental accounting fund used to account for the financing of goods or services provided by one county department to another on a cost reimbursement basis.

Key Objectives – A broad statement of the purpose of a department and how it relates to other departments within the organizational structure. It establishes the purpose of the departmental organization and states the primary result to be accomplished.

Level of Service – Service that comprises actual output of a given program. The focus is on results as indicated by certain units of measure.

Levy – To impose taxes, special assessments, or service charges; or, another term used for millage rates.

Liability – Debt or other obligations arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date. The term does not include encumbrances.

Line-Item Budget – A budget that lists each account category separately along with the dollar amount budgeted for each account, such as office supplies, overtime, or rolling stock purchases.

Local Option Sales Tax – An infrastructure surtax to be levied by local governments as approved by referendum at a rate of $\frac{1}{2}$ cent or 1 cent. Tax may be effective for up to fifteen years from the date of levy. Proceeds must be expended on fixed capital expenditures or fixed capital costs for construction, reconstruction, or improvement of public facilities that have a life expectancy of five or more years and land acquisition, land improvement, and related design and engineering costs.

Mandate – Any responsibility, action, or procedure that is imposed by one sphere of government on another through constitutional, legislative, administrative, executive, or judicial action as a direct order, or that is required as a condition of aid.

Mill, Millage – $\frac{1}{1000}$ of one dollar; used in computing taxes by multiplying the rate times taxable value divided by 1,000. Example: a millage rate of 5.60: taxable value of \$50,000 = $(\$50,000/1,000)$

x \$5.60 = \$280.00.

Mission Statement – Describes the overall broad purpose of an entity to which all efforts are directed. A mission statement describes general purposes and values, states the overall reason for existence in terms of results, and show direction.

Modified Accrual Basis of Accounting – A basis of accounting for governmental funds in which revenues are recognized when they become measurable and available as net current assets, and expenditures are recognized when the related fund liability is incurred.

Municipal Services Benefit Unit (MSBU) – A specific benefit unit established by the Board of County Commissioners, via an adopted ordinance, which derives a specific benefit for which a levy or special assessment is imposed to defray part or all of the cost of providing that benefit.

Municipal Services Taxing Unit (MSTU) – A specific taxing unit established by the Board of County Commissioners, via an adopted ordinance, which derives an indirect benefit for which an ad valorem tax levy is imposed to defray part or all of the cost of providing that benefit.

Non-operating Expenditures – Costs of government services that are not directly attributable to a specific County program or operation. Examples include debt service obligations and contributions to community service organizations.

Non-operating Revenue – Income received by a government not directly attributable to providing a service. An example would be interest on investments.

Non-taxing Revenue – Revenue derived from non-tax sources, including licenses and permits, intergovernmental revenue, charges for services, fines and forfeitures, and other miscellaneous revenue.

Object Category – An account to which an expense or expenditure is recorded in order to accumulate and categorize the various types of payments that are made by governments. These are normally grouped into Personal Services, Operating Expenses, Debt Service, Capital Outlay, and Other categories for budgetary analysis and financial reporting purposes. The State of Florida Uniform Accounting System mandates certain object codes.

Objective – A defined method to accomplish an established goal; a unit of measurement for performance for the following budget cycle.

Operating Budget – Financial plan that presents proposed expenditures for the fiscal year and estimates of revenue to finance them.

Operating Expenses – The costs associated with the annual operation of a particular department or division. Operating expenditures vary between departments and/or divisions due to the variations in the requirements for each program area. Operating expenses can include expenditures for travel and per diem, office supplies, postage, advertising costs, insurance premiums, telephone bills, utility charges, and other costs associated with the day-to-day operation of the department or division.

Operating Revenue – Revenue directly related to a fund's primary service activities. They consist primarily of users charges for services.

Personnel Services – The costs associated with the salaries and benefits paid to county employees. Personal Services include regular salaries, overtime wages, Class C travel, FICA matching taxes,

retirement contributions, life and health insurance, workers' compensation premiums, and unemployment charges.

Program Area – A specialized area of service within a divisional unit of government. For example, Pavement Management could be considered a program area within the Road Maintenance Division of the Public Works Department.

Property Appraiser – The elected county official responsible for setting property valuations for tax purposes and for preparing the annual tax roll.

Property Tax – A tax levied on the assessed value (net of any exemptions) of real or personal property.

Proposed Millage – The tax rate certified to the property appraiser by each taxing authority within a county. This proposed millage rate is placed on the proposed tax notice sent to property owners. No taxing authority may approve a tax rate that is larger than the one it originally proposed without renotifying the property owners.

Proprietary Fund – Fund category that often emulates the private sector and focuses on the measurement of net income. User charges and fees fund expenditures.

Rebudgets – Funds budgeted for specific items or projects that were not completed during the prior budget year and budgeted again in the new fiscal year.

Reserves – A specified amount of funds set aside to meet future or unanticipated expenses. Expenditure of reserve funds requires approval of the Board of County Commissioners.

Revenue – Funds that a government receives as income. These receipts may include the payments, interest earnings, service charges, grants, and intergovernmental payments.

Revenue Bonds – Bonds usually sold for constructing or purchasing capital projects. Reliable revenue other than ad valorem taxes is pledged as the source for funding to pay bond principal and interest.

Revenue Estimates – A formal estimate of how much revenue will be earned from a specific revenue source for some future period, such as the next fiscal year.

Rolled Back or Roll Back Rate – A tax rate that will generate the same tax dollar revenue as in the current fiscal year based on the new assessed value exclusive of new construction.

Service Level – Services or products, which result from actual or anticipated output of a given program. Focus is on results, not measures of workload (for example, for the Sheriff's Office – the number of assaults investigated is a workload measure, while the number of assaults cases cleared is a service level).

Sinking Fund – An amount sometimes called a debt service fund, into which the issuer makes periodic deposits to assure the timely availability of sufficient monies for the payment of debt service requirements. The revenues to be deposited into the sinking fund and payments there from are determined by the terms of the bond contract.

Special Revenue Fund – A governmental accounting fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Statute – A written law enacted by a duly organized and constituted legislative body.

Tax Base – The total property valuations on which each taxing authority levies its tax rates.

Tax Rate – Amount of tax stated in terms of a unit of the tax base. For example, 5.000 mills yield \$5 per \$1,000 of taxable value.

Taxes – Compulsory charges levied by a government to finance services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. It does not include charges for services such as water and sewer service charges.

Tax Rate Limit – Maximum legal property tax rate at which a municipality may levy a tax. It may apply to or for a particular purpose, or for general purposes.

Tax Roll – The certification of assessed/taxable values prepared by the Property Appraiser and presented to the taxing authority by July 1 (or later if an extension is granted by the State of Florida) each year.

Tax Year – The calendar year in which ad valorem property taxes are levied to finance the ensuing fiscal year budget. For example, the tax roll for the 2005 calendar year would be used to compute the ad valorem taxes levied for the FY 2006 budget.

Taxable Valuation – The value used for computing the ad valorem taxes levied against property. The taxable value is the assessed value less any exemptions allowed by law. The most common exemption is the \$25,000 exemption allowed if the owner uses the property as the principal residence. There are also exemptions for disability, government owned, nonprofit owned property and widow's exemption.

Tentative Millage – The tax rate adopted in the first public budget hearing of a taxing agency. Under state law, the agency may reduce, but not increase, the tentative millage during the final budget hearing, unless notifying property owners by mail of an increase.

Transfers – Amount of funds shifted from one fund to another for a specified purpose.

TRIM Notice – “TRuth In Millage,” a tentative tax notice sent to all property owners in August to provide information reflecting tentatively adopted millage rates.

Truth in Millage Law – Also called the TRIM bill. A 1980 law enacted by the Florida legislature, which changed the budget process for local taxing agencies. It was designed to keep the public informed about the taxing intentions of the various taxing authorities.

Trust and Agency Funds – Funds used to account for assets held by the county in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

Unencumbered Balance – The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of funds still available for future needs.

Unfunded Mandate – Any responsibility, action, or procedure that is imposed by one sphere of government on another through constitutional legislative, administrative, executive, or judicial action as a direct order or that is required as a condition of aid without an aligned funding source.

Unincorporated Area – Portion of the county not within the boundaries of any municipality.

User Fees – Fees charged for direct receipt of a public service.

Utility Tax – A tax levied by the county on consumption of various utilities such as electricity, telephone, gas, and water. The basic tax rate may be levied up to 10.0% of gross receipts or most utility services or commodities.

Voted Millage – Property tax levies authorized by voters within a taxing authority. Bond issues that are backed by property taxes are a common form of voted millage in the State of Florida. Such issues are called general obligation bonds.
