INTERLOCAL AGREEMENT

THIS INTERLOCAL AGREEMENT (the "Agreement") is made and executed as of October 24, 2023, by and between Hernando County, a political subdivision of the State of Florida (the "County"), and the Cabot Citrus Farms Community Development District ("District"), a local unit of special-purpose government established and existing pursuant to Chapter 190, Florida Statutes (the "Act") and Ordinance No. 2023-14 enacted by the Board of County Commissioners of the County effective October 24, 2023 (the "Establishment Ordinance"):

WITNESSETH:

WHEREAS, The County enacted the Establishment Ordinance establishing the District as a local unit of special-purpose government and granted to the District those general powers as well as certain special powers authorized pursuant to the Act to design, finance, construct and operate certain public infrastructure needed to support the development of the Cabot Citrus Farms community in the County; and

WHEREAS, the County and the citizens of the County will materially benefit from the development of Cabot Citrus Farms for numerous reasons, including but not limited to, the increased direct and indirect funds that will be received from ad valorem tax revenue, sales tax revenue, gross receipts tax revenue, and other fees and charges which may be realized as a result of the development of Cabot Citrus Farms and associated growth; and

WHEREAS, concurrently with the development of Cabot Citrus Farms, it will be necessary to construct certain public improvements which will, among others, benefit the residents of the District and which are identified on the District's capital improvement plan, as adopted from

time to time, including without limitation: public roads, stormwater management systems, drainage works, utilities, landscaping, and security facilities (collectively, the "Public Improvements"); and

WHEREAS, the Public Improvements will benefit the District and will also directly and materially benefit the County and the residents of the County by providing a more extensive network of public improvements and amenities; and

WHEREAS, by executing this Agreement, the parties hereto acknowledge and recognize the need for efficient and orderly planning and growth management by and among governmental entities as described in Part II of Chapter 163, Florida Statutes; and to meet the requirements of a future Cabot Citrus Farms Development Agreement; and

WHEREAS, construction of the Public Improvements will assist the County and the District in meeting the obligations contained in the Cabot Citrus Farms Development Agreement; and

WHEREAS, in consideration for the agreements and covenants in the Cabot Citrus Farms Development Agreement and those of the County as herein set forth, the District has agreed to plan, design, engineer, finance, construct, own (to the extent not conveyed to another governmental entity) and operate the Public Improvements; and

WHEREAS, in light of the material benefit to be received and enjoyed by the County and its residents as a result of the construction of the Public Improvements and the fiscal benefit anticipated to be received by the County as a result of the development of Cabot Citrus Farms, and in consideration of performance by the District of the obligations herein described, the County has agreed to participate in the development of the Public Improvements by reimbursing the District

for a portion of the costs attributable to the Public Improvements in accordance with the terms of this Agreement: and

WHEREAS, financing and construction of the Public Improvements for use by the public is a valid and important public purpose, and the County is authorized to expend County funds for the accomplishment of such purpose: and

WHEREAS, in light of the material benefits anticipated to flow to the County as a result of the development of Cabot Citrus Farms and the construction of the Public Improvements, the County has determined that it is in the best interests of the County to induce District to construct the Public Improvements as herein described, by entering into and performing the covenants set forth in this Agreement: and

WHEREAS, the Parties have agreed to execute this Agreement for the purpose of setting forth the involvement of the District in providing the Public Improvements: the conditions under which the County shall pay funds to the District: the procedures for determining the amounts to be paid by the County to the District from time to time: the sources from which the County may, and may not, pay such funds: and other specific provisions relating to the reimbursement of funds by the County to the District: and

WHEREAS, each of the Parties hereto has the authority to execute this Agreement and perform each of its obligations and duties hereunder, and each Party hereto has satisfied all conditions precedent to the execution of this Agreement so that this Agreement constitutes a legal and binding obligation of each of the Parties hereto.

NOW, THEREFORE, for and in consideration of the mutual premises set forth above and the covenants, obligations, duties and benefits herein set forth, the County and District agree as follows:

ARTICLE I

DEFINITIONS AND CONSTRUCTION

SECTION 1.01. DEFINITIONS. As used in this Agreement, the following terms shall have the following meanings, unless the context hereof otherwise requires.

"Agreement" means this Interlocal Agreement, including any amendments and supplements hereafter executed and delivered in accordance with the terms hereof.

"Annual Budget" means the annual budget of the County adopted pursuant to applicable law.

"Annual Payment" means the payments made to the District, for each Benefit Determination Year, calculated as a percentage of the Net County Benefit pursuant to Section 5.01 of this Agreement.

"Authorized District Officer" means the Chair or Vice Chair of the Board of Supervisors of the District or the Chair or Vice Chair's designee, and when used in reference to any act or document, also means any other person authorized by resolution of the Board of Supervisors of the District to perform such act or sign such document.

"Benefit Determination Year" means the Fiscal Year prior to the Fiscal Year for which the Annual Payment is to be computed. e.g., if the Annual Payment is to be computed on August 1, 2025, for the Fiscal Year beginning October 1, 2024 and ending September 30, 2025, the

"Benefit Determination Year" means the twelve months beginning on October 1, 2023 and ending on September 30, 2024.

"**Bonds**" means one or more series of debentures, notes, bonds, or other forms of indebtedness issued by District, all or any portion of the proceeds of which will be used for payment of the Construction Cost of the Public Improvements or to refund a series of debentures, notes, bonds, or other forms of indebtedness issued for such purpose.

"**Capitalized Interest**" means an amount designated upon issuance of any series of Bonds to be used for the purpose of paying a portion of the interest which shall thereafter become due on such series of Bonds.

"**Community Reinvestment Trust**" means a trust fund established by the County to receive and to administer the funds from the Annual Payment. The Trust will be administered by a three member board: two appointed by the County Administrator and one appointed by Cabot Citrus OpCo LLC and its affiliated and related entities, with the consent of the District. The funds will be used only to fund recreational facilities in the County. Cabot Citrus OpCo LLC and its affiliated and related entities will support in an advisory capacity in the deployment of those funds with support on general advisory services, land planning, consulting, etc.

"**Consolidated Fund**" means the aggregate of each of the following funds established by the County pursuant to the Uniform Accounting System Manual for Florida Local Governments as maintained and published by Florida's Department of Financial Services: General Fund (fund group 001); Special Revenue Fund (fund group 100); Permanent Fund (fund group 050); Internal

Service Fund (fund group 500); Pension Fund (fund group 650); and Component Funds (fund group 800).

"Construction Cost" means (A) the cost of physical construction, reconstruction or completion of the Public Improvements; (B) the cost of all lands and interests therein, property rights, easements and franchises of any nature whatsoever that are not donated to the County, the State, the District or other governmental entity, including costs associated with the acquisition thereof; (C) the cost of all labor, materials, machinery and equipment; (D) the cost of any indemnity or completion and/or surety bonds and premiums for insurance during construction; (E) the cost of construction plans and specifications, surveys and estimates of costs; (F) the cost of engineering, legal and other consultant services associated with design and construction; and (G) all other costs and expenses properly attributable to such acquisition or construction under generally accepted accounting principles and section 190.003(8), Florida Statutes; and including reimbursement to District for any moneys advanced for any costs incurred in connection with any of the foregoing items of Construction Cost.

"County" means Hernando County, a political subdivision of the State of Florida.

"County Employee Population" means the total number of persons employed within the County, according to the most recent estimate published for the Benefit Determination Year by the U.S. Census Bureau <https://onthemap.ces.census.gov/>. If at any time the foregoing data source is no longer available, the parties shall mutually agree upon a comparable alternative method of computing "County Employee Population."

"County Administrator" means the chief executive officer of the County, or such chief executive officer's designee.

"County Resident Population" means the total number of persons residing within the County, according to the most recent estimate published for the Benefit Determination Year by the Bureau of Economic and Business Research, College of Business Administration, University of Florida. If at any time the foregoing data source is no longer available, the parties shall mutually agree upon a comparable alternative method of computing "County Resident Population."

"County Visitor Population" means the number of full-time equivalent visitors within the County, which includes hotels, Airbnb's and short-term rentals. This data shall be provided by the County, for each Benefit Determination Year.

"Design Engineer" means an engineer or firm of engineers of reputation for skill and experience with respect to the construction, operation, and maintenance of facilities similar to the Public Improvements, which is duly licensed under the laws of the State.

"Development Property" means the developable property within the District.

"Development Property Employee Population" means the total number of persons employed within the Development Property, computed as the sum of the number of employees calculated for each of the commercial use classifications set forth in the Institute Transportation Engineers (ITE) publication "Building Area Per employee By Business Type" as of the Benefit Determination Year. The number of employees for each of the commercial use classifications shall be calculated as the product of (A) the employment factor set forth in the above ITE publication, and (B) the number of units for such commercial use classification located within the Development Property that could be lawfully occupied or used as of December 31 of the Benefit Determination Year.

If the foregoing data source is no longer available, the parties shall mutually agree upon a comparable alternative method of computing "Development Property Employee Population."

"Development Property Expenses" means, for any Fiscal Year, the sum of (A) the County's expenses that are attributable to the Development Property, calculated in the manner set forth in Article VII hereof, and (B) the amount, if any, by which the Development Property Expenses exceeded the Development Property Revenue during the prior Fiscal Year.

"Development Property Resident Population" means the total number of persons residing within the District, computed as the product of (A) the number of dwelling units located within the District for which the County has issued certificates of occupancy as of December 31 of the Benefit Determination Year, and (B) the average household size for the County, according to the most recent estimate published for the Benefit Determination Year by the Bureau of Economic and Business Research, College of Business Administration, University of Florida. If the foregoing data source is no longer available, the parties shall mutually agree upon a comparable alternative method of computing "Development Property Resident Population." Notwithstanding the foregoing, the County may determine "Development Property Resident Population" by survey, at the County's sole election and expense.

"Development Property Revenue" means, for any Fiscal Year, the sum of the County's revenue that is attributable to the Development Property, calculated in the manner set forth in Article VI hereof.

"Development Property Visitor Population" means the number of full-time equivalent visitors within the Property, provided by the County for the Benefit Determination Year.

"Disposition Event Adjustment" means the sale of land in the future development area of the project (+/- 600 acres in phase 2 specifically excluding phase 1) to an entity not affiliated with the Landowner. In such an event the Annual Payment would be reduced by 5% for only the sold parcel. The Annual Payment would not change on all other parcels.

"District" means the Cabot Citrus Farms Community Development District, an independent a local unit of special district-purpose government established and existing pursuant to Chapter 189 of the Florida Statutes and a community development district pursuant to Chapter 190 of Act and the Florida Statutes.

"District Property" means the property within the boundaries of the District and described in Appendix A to this Agreement.

"Excusable Delay" means a delay in achieving the milestones outlined in Annual Payment provisions caused by a disruption to Florida's residential market. The delay period begins when one of the following market disruptions occurs. (A) Monthly building permits for new single-family homes in Florida drop by 20%, measured on year-over-year basis. The delay period ends when those permits increase by 20% measured on year-over-year basis. (B) Monthly cost inflation rises by 10% measured on a year-over-year basis using data from Engineering News Record's "Building Cost Index History". The delay period ends when those costs increase by no more than 5% measured on year-over-year basis. (C) Force majeure events such as hurricanes or supply chain disruptions. During the delay periods outlined *supra*, the penalties for missing milestones will be suspended.

"FDOT" means the Florida Department of Transportation.

"Fire Station Cost Impact" means a reduction in the Annual Payment equal to 50% of the County's actual cost to construct the fire station servicing Cabot Citrus Farms, not to exceed \$5 million in total cost, divided into five equal annual installments. The District has the option to prepay the \$5 million.

"Fiscal Impact Analysis Model" means the fiscal impact analysis model ("FIAM") prepared and updated annually by District, and as may be revised from year to year and then approved each year by District and the County to quantify the Net County Benefit of the Development Property on the County's budget. As an example, Appendix C contains a fully calibrated FIAM and an explanatory report, reviewed and approved by the County to calculate Net County Benefit based on: (a) the current development plan for the Development Property and (b) the County's latest budget as reported to the Florida Department of Financial Services.

"Fiscal Year" means the period commencing on October 1 of each year and continuing through the next succeeding September 30, or such other period as may be prescribed by law as the fiscal year for the County and District, or such other meanings as defined herein.

"Landowner" means Cabot Citrus OpCo LLC, its affiliated and related Cabot entities, and VICI Lendco LLC, its affiliates and subsidiaries, and each of their respective successors and assigns.

"Minimum FDOT Standards" means the uniform standards for design and construction of public roads adopted by FDOT and revised from time to time pursuant to Section 336.045, Florida Statutes, or its successor in function.

"Net County Benefit" means, for any Fiscal Year, an amount computed by subtracting the Development Property Expenses from the Development Property Revenue as calculated using FIAM.

"Non-Ad Valorem Funds" means all revenue of the County derived from any source whatsoever other than ad valorem taxation on real or personal property, which is legally available to make the payments required herein, but only after provision has been made by the County to pay for services and programs which are necessary for essential public purposes affecting the health, welfare and safety of the inhabitants of the County or which are legally mandated by applicable law.

"Public Improvements" means the Public Improvements described in the recitals hereto and listed in the attached Appendix B.

"Reimbursement Amount" means any amount received by District, either directly or through the County, or from any other source to reimburse the Construction Cost of the Public Improvements.

"Reimbursable Cost" means the Construction Cost for all Public Improvements shown in Appendix B.

"State" means the State of Florida.

"Uniform Accounting System Manual" means the uniform accounting system chart of accounts promulgated by the Florida Department of Financial Services.

SECTION 1.02. CONSTRUCTION

(A) Words importing the singular number shall include the plural in each case and vice versa, and words importing persons shall include firms and corporations. The terms "herein,"

"hereunder," "hereby," "hereto," "hereof," and any similar terms, shall refer to this Agreement; the term "heretofore" shall mean before the date this Agreement is executed; and the term "hereafter" shall mean after the date this Agreement is executed.

(B) Each recital, covenant, agreement, representation and warranty made by a party herein shall be deemed to have been material and to have been relied on by the other parties to this Agreement. All parties have participated in the drafting and preparation of this Agreement, and the provisions hereof shall not be construed for or against any party by reason of authorship.

SECTION 1.03. SECTION HEADINGS. Any headings preceding the texts of the several Articles and Sections of this Agreement and any table of contents or marginal notes appended to copies hereof, shall be solely for convenience of reference and shall neither constitute a part of this Agreement nor affect its meaning, construction or effect.

ARTICLE II REPRESENTATIONS

SECTION 2.01. REPRESENTATIONS OF THE COUNTY. The County makes the following representations as the basis for the undertakings on the part of District herein contained:

(A) The County is duly organized and validly existing as a political subdivision of the State.

(B) The County has full power and authority to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder.

(C) The County is not in default under any provisions of the laws of the State material to the performance of its obligations under this Agreement.

(D) The County has duly authorized the execution and delivery of this Agreement and assuming the due authorization, execution and delivery by District, this Agreement constitutes a valid and legally binding obligation of the County, enforceable in accordance with its terms, except to the extent that the enforceability thereof may be limited by any applicable bankruptcy, insolvency, moratorium, reorganization or other similar laws affecting creditors' rights generally, or by the exercise of judicial discretion in accordance with general principles of equity.

(E) To the County's knowledge, the authorization, execution and delivery of this Agreement and the compliance by the County with the provisions hereof will not conflict with or constitute a material breach of, or default under, any existing law, court or administrative regulation, decree, order or any provision of the Constitution or laws of the State relating to the County or its affairs, or any ordinance, resolution, agreement, mortgage, lease or other instrument to which the County is subject or by which it is bound.

(F) To the County's knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body pending or, to the best knowledge of the County, threatened against or affecting the County, wherein an unfavorable decision, ruling or finding would materially adversely affect the transactions contemplated hereby, or which, in any way, would materially adversely affect this Agreement or any agreement or instrument to which the County is a party and which is used or contemplated for use in the consummation of the transactions contemplated hereby.

SECTION 2.02. REPRESENTATIONS OF DISTRICT. District makes the following representations as the basis for the undertakings on the part of the County herein contained:

(A) District is local unit of special-purpose government established and existing pursuant to the Act and the Establishment Ordinance, an independent special district pursuant to Chapter 189 of the Florida Statutes and a community development district pursuant to Chapter 190 of the Florida Statutes.

(B) District has full power and authority to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder and thereunder.

(C) District is not in default under any provisions of the laws of the State material to the performance of its obligations under this Agreement.

(D) District has duly authorized the execution and delivery of this Agreement and assuming the due authorization, execution and delivery by the County, this Agreement constitutes a valid and legally binding obligation of District, enforceable in accordance with its terms, except to the extent that the enforceability thereof may be limited by any applicable bankruptcy, insolvency, moratorium, reorganization or other similar laws affecting creditors' rights generally or by the exercise of judicial discretion in accordance with general principles of equity.

(E) To District's knowledge, the authorization, execution and delivery of this Agreement and the compliance by District with the provisions of this Agreement will not conflict with or constitute a material breach of, or default under, any existing law, court or administrative regulation, decree, order or any provision of the Constitution or laws of the State relating to District

or its affairs, or any ordinance, resolution, agreement, mortgage, lease or other instrument to which District is subject or by which it is bound.

(F) To District's knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court, public board or body pending or, to the best knowledge of District, threatened against or affecting District, wherein an unfavorable decision, ruling or finding would materially adversely affect the transactions contemplated hereby or which in any way would materially adversely affect the validity of this Agreement or any agreement or instrument to which District is a party and which is used or contemplated for use in the consummation of the transactions contemplated hereby.

ARTICLE III

CONSTRUCTION OF THE PUBLIC IMPROVEMENTS

SECTION 3.01. DESCRIPTION OF THE PUBLIC IMPROVEMENTS. The parties agree that the Public Improvements shall be financed and constructed pursuant to this Agreement.

SECTION 3.02. CONSTRUCTION BY STATE AGENCIES. District may enter into agreements with the FDOT for the design and construction of all or any portion of the roadway improvements owned by FDOT. Notice and copies of each such agreement shall be provided to the County Administrator.

SECTION 3.03. CONSTRUCTION BY DISTRICT. Each Public Improvement that is not to be designed and constructed pursuant to an agreement with the FDOT shall be designed and constructed in accordance with this Section 3.03.

(A) District shall engage one or more Design Engineers in accordance with applicable law to design and supervise construction of the Public Improvements.

(B) The Design Engineer shall develop plans and specifications for each Public Improvement that are consistent with the description set forth in Section 3.01 hereof.

(C) District shall acquire or cause the acquisition of all of the lands and interests therein, property rights, easements and franchises of any nature whatsoever, necessary for construction of the Public Improvements, either by donation, dedication, purchase or otherwise.

(D) District shall be responsible for construction and equipping of the Public Improvements in accordance with the plans and specifications approved by its Board of Supervisors. To the extent that such Public Improvements are located within the jurisdictional limits of the County, the County hereby authorizes District to construct and equip the Public Improvements in accordance with such plans and specifications.

(E) In order to effectuate the purposes of this Agreement, District will make, execute, acknowledge and deliver, or cause the making, execution, acknowledgement and delivery of all contracts, orders, receipts, writings and instructions, in the name of District or otherwise, with or to other persons, and in general perform or cause the performance of all such other acts as may be requisite or proper for the acquisition, construction, installation and equipping of the Public Improvements and fulfillment of the obligations of District under this Agreement.

(F) District agrees to construct the Public Improvements at or prior to the earliest date required by either the Development Agreement for Cabot Citrus Farms, or the County's adopted comprehensive plan, or the transportation and capital improvement elements of County's adopted comprehensive plan, such elements and plans having been prepared and adopted pursuant to Part II of Chapter 163, Florida Statutes. District may elect to issue Bonds and construct the Public Improvements at any time earlier than that required by this Section 3.03(F). District shall diligently pursue all necessary approvals from any and all governmental agencies requisite to the acquisition, construction, installation and equipping of the Public Improvements and such Public Improvements shall be acquired, constructed, installed and equipped in compliance with all State, federal and local laws, ordinances and regulations applicable thereto.

(G) Absent a separate, written agreement, the County shall not be responsible for the installation, maintenance, repair or replacement of landscaping, hardscaping, signage, irrigation and lighting funded or installed by the District. Instead, the District shall arrange for the installation, maintenance, repair or replacement of landscaping, hardscaping, signage, irrigation and lighting funded or installed by the District in compliance with applicable laws, ordinances and regulations.

(H) *Recreation.* All recreation facilities built or financed by the District shall be open to the public, subject to the District's rights under Florida law to levy and collect special assessments and establish and collect user charges and fees. The District shall own and maintain all recreation facilities within the boundaries of the District which are built or financed by the District, unless and until the ownership and maintenance of such facilities are accepted by another unit of local government.

ARTICLE IV
DISTRICT BONDS

SECTION 4.01. ISSUANCE OF THE BONDS

(A) District agrees to diligently obtain approval for and pursue the issuance of Bonds of one or more series in an aggregate principal amount sufficient to fund the Construction Cost of the Public Improvements. The proceeds of each series of Bonds shall also be sufficient to pay the Transaction Cost and Capitalized Interest associated with such series.

(B) Upon issuance of any series of Bonds, District shall prepare and deliver to the County, at the address specified for the County in Section 10.06 hereof, a report including the following information: (a) the principal amount of Bonds, (b) the Transaction Cost, (c) the amount of Capitalized Interest, (d) the amount of Bond proceeds allocated to the Construction Cost of each Public Improvement, (e) a schedule of the Debt Service Amount becoming due in each Fiscal Year following issuance of such series of Bonds if such Bonds bear interest at fixed rates, and (f) the maximum annual interest rate if such Bonds are Variable Rate Bonds. District may satisfy its obligation hereunder by delivering to the County a copy of the disclosure and other bond documents for the financing of such Public Improvements, so long as the information described above is contained in such document or documents. If for any reason the Debt Service Amount for any Fiscal Year is changed for Bonds bearing interest at fixed rates, District shall promptly prepare and deliver a revised schedule of Debt Service Amounts to the County.

SECTION 4.02. APPLICATION OF BOND PROCEEDS. The proceeds of each series of Bonds shall be applied as required by Chapter 190, Florida Statutes and each trust indenture applicable to any series of Bonds.

SECTION 4.03. BOOKS AND RECORDS. District shall keep or cause to be kept accurate books, records and accounts of the proceeds of each series of Bonds, which shall be kept separate and apart from all other books, records and accounts of District, and the County shall have the right at all reasonable times to inspect such books, records and accounts and any agreements entered into by District with respect to construction of the Public Improvements.

ARTICLE V
COUNTY FUNDING OBLIGATIONS

SECTION 5.01. ANNUAL PAYMENT.

(A) The Annual Payment shall be calculated based on the following:

<i>Milestone</i>	<i>Date</i>	<i>% Revenue Share</i>	<i>Penalty if Delay < 1 Year</i>	<i>% Share if Delay > 1 Year</i>
<i>District Approval</i>	10/24/2023	50%	NA	NA
<i>Building Permit for Racquets & Pool Issued</i>	3/1/2024	+5%	-1%	-2%
<i>Building Permit for Main Clubhouse Issued</i>	6/1/2024	+5%	-2%	-4%
<i>Building Permit for Marketplace Issued</i>	6/1/2025	+3%	-1%	-2%
<i>Construction permit for the infrastructure for phase 2 residential development is issued</i>	3/1/2029	+4%	-1%	-2%
<i>Cumulative Impact</i>		67%	-5%	-10%

There will be a 2-month grace period for any milestone. All milestones are calculated independently, but the penalties for delay are applied cumulatively. If the Landowner sells property in the District to an unrelated third party, the Annual Payment will be subject to adjustment based on the Disposition Event Adjustment. The Annual Payment will be reduced by 1% per year to fund the Community Reinvestment Trust. Annual Payments shall commence in the Fiscal Year that the Developer has cash payments with respect to any Public Improvement. Annual Payment will be made no later than January 1 in each Benefit Determination Year.

(B) On or prior to August 1 of each year, the County shall compute the Annual Payment for the next ensuing Fiscal Year and deliver copies of (1) the County's annual financial report to the Department of Financial Services for the Benefit Determination Year and (2) its computation

of the Annual Payment for the next ensuing Fiscal Year to District, at the address specified for District in Section 10.06 hereof.

(C) The County shall pay to District on January 1 of each Fiscal Year during the term of this Agreement, an amount equal to the Annual Payment. The Annual Payment shall be delivered in clearinghouse funds to the address specified for District in Section 10.06 hereof.

(D) The County's obligation to make Annual Payments shall terminate on the earlier of: 40-years from the date of this Agreement or when the Bonds are fully paid or defeased. If payment in full of any Annual Payment would result in payment of an amount in excess of the County's maximum obligation, such Annual Payment shall be reduced, as necessary, to avoid the overpayment.

(E) The Annual Payment can be used by District to pay (or to reimburse the Landowner) for Public Improvement costs directly, regardless of whether such costs were incurred in the current Fiscal Year or in prior Fiscal Years. Annual Payments may also be used by the District to pay debt service on any debt obligations of the District, the proceeds of which were used to finance the Public Improvements.

SECTION 5.02. COVENANT TO BUDGET AND APPROPRIATE

(A) The County will require the County Administrator to include an amount equal to the Annual Payment (which amount shall be specifically identified to this Agreement) in the tentative budget transmitted by the County Administrator to the Board of County Commissioners for each Fiscal Year during the term of this Agreement.

(B) The County covenants and agrees to appropriate in its Annual Budget, by amendment, if necessary, from Non-Ad Valorem Funds lawfully available in each Fiscal Year.

amounts required to fund the Annual Payment. The County's covenant and agreement to budget and appropriate such amounts of Non-Ad Valorem Funds shall be cumulative to the extent not paid and shall continue until such Non-Ad Valorem Funds or other legally available funds in amounts sufficient to make all such required payments shall have been budgeted, appropriated and actually paid. Notwithstanding the foregoing, the County does not covenant to maintain any services or programs, now provided or maintained by the County, which generate Non-Ad Valorem Funds.

(C) The foregoing covenant to budget and appropriate does not create any lien upon or pledge of such Non-Ad Valorem Funds, nor does it preclude the County from pledging its Non-Ad Valorem Funds in the future, nor does it require the County to levy and collect any particular Non-Ad Valorem Funds, nor does it give the District a prior claim on the Non-Ad Valorem Funds as opposed to claims of general creditors of the County. The covenant to appropriate Non-Ad Valorem Funds is subject in all respects to the payment of obligations secured by a pledge of such Non-Ad Valorem Funds heretofore or hereafter entered into (including the payment of debt service on bonds and other debt instruments). However, the covenant to budget and appropriate in its Annual Budget for the purposes and in the manner stated herein shall have the effect of making Non-Ad Valorem Funds available for the Annual Payment, in the manner described in this Agreement and placing on the County a positive duty to appropriate and budget, by amendment, if necessary, amounts sufficient to meet its obligations hereunder; subject, however, in all respects to the restrictions of Section 129.07, Florida Statutes, which provides that the governing body of each County shall not make appropriations in a Fiscal Year which exceed the amount to be received from taxation or other revenue sources during such Fiscal Year; and subject, further, to the

payment for services and programs which are necessary for essential public purposes affecting the health, welfare and safety of the inhabitants of the County or which are legally mandated by applicable law.

(D) Notwithstanding any other provision hereof, the County's obligation to make the Annual Payment will be secured solely by its agreement to appropriate Non-Ad Valorem Funds in its annual budget pursuant to this Section 5.02.

SECTION 5.03. COUNTY'S RIGHT OF PREPAYMENT. At its sole option, the County may prepay its obligations hereunder after the conditions set forth in Section 5.01(C) are satisfied by depositing with District a sum sufficient to fully redeem or defease all outstanding Bonds, any accrued but unpaid interest thereon and any transaction fees and costs associated with such prepayment, redemption or defeasance.

SECTION 5.04. STATUS OF COUNTY OBLIGATION. Notwithstanding anything in this Agreement to the contrary, it is understood and agreed that the ad valorem taxing power and the full faith and credit of the County has not been pledged to secure the Annual Payment. District shall not have the right to compel the exercise of any ad valorem taxing power of the County to make the Annual Payment. The Annual Payment shall be payable solely from Non-Ad Valorem Funds budgeted and appropriated by the County pursuant to Section 5.02 hereof.

SECTION 5.05. BOOKS AND RECORDS. The County will prepare records of its calculation of the Development Property Revenue and Development Property Expenses and will maintain books and records of its revenues and expenses in accordance with generally accepted accounting principles and the Uniform Accounting System Manual. District shall have the right at all reasonable times to inspect the records, accounts and data of the County relating thereto.

ARTICLE VI

DEVELOPMENT PROPERTY REVENUE

SECTION 6.01 ASSESSMENT DISCLOSURE. The District will provide disclosure of the existence or imposition of assessments to potential and actual landowners within the District as required by Florida law.

SECTION 6.02. CALCULATIONS USING THE FISCAL IMPACT ANALYSIS MODEL. All calculations for Development Property Revenue will be made using FIAM. No later than April 1 of each year, District will prepare a Fiscal Impact Report and send it to the County. The Fiscal Impact Report will contain: (a) an updated calibration for FIAM based on the County's latest budget submitted to the Florida Department of Financial Services; (b) updated economic and demographic data for the County; (c) updated data for the volume, value, and

characteristics of development for the Development Property: (d) calculation of the Net County Benefit: (e) calculation of the Annual Payment: and (f) a schedule showing expenditures of bond funds describing what the funds were spent on. No later than May 1 of each year the County will send District a Fiscal Impact Reply Report that will either: (a) agree with the Fiscal Impact Report or (b) describe in detail any disagreements with the Fiscal Impact Report and specific questions concerning any of the data, calculations, or assumptions used in FIAM. If the County agrees with the Fiscal Impact Report, its calculations will be used to set the Annual Payment. If the County disagrees, then no later than May 15 of each year, District will reply to the County's Fiscal Impact Reply Report. No later than May 31 of each year the County will either: (a) agree with District's reply and the Annual Payment will be set accordingly or (b) trigger the Dispute Resolution Process.

SECTION 6.03. AD VALOREM TAXES. The amount of Ad Valorem Tax Revenue attributable to the Development Property shall be computed for each Benefit Determination Year by the amount of revenue actually received by the County from ad valorem taxes levied against the Development Property and deposited in or credited to the Consolidated Fund during the Benefit Determination Year (determined from the records of the County and the County Tax Collector).

SECTION 6.04. TAX ON GROSS SALES OF RETAIL AND WHOLESALE MERCHANTS ("GR Tax"). The amount of GR Tax attributed to the Development Property shall be computed for each Benefit Determination Year by the County and determined by specific identification from the merchants that occupy space in the commercial facilities of the Development Property. The amount of GR Tax collected will be provided by the County and

deposited in or credited to the Consolidated Fund during the Benefit Determination Year (determined from the records of the County and the County Tax Collector).

SECTION 6.05. ALL OTHER DEVELOPMENT PROPERTY REVENUE.

All other Development Property Revenues will be calculated according to FIAM. These are calculated for each individual revenue account for the Consolidated Fund. FIAM uses a modified per capita approach to calculate the revenue contribution for each account based on the development in the Development Property. In general, the modified per capita amount for each account is the ratio of the revenue for that account divided by the County Resident Population plus the County Employee Population and County Visitor Population as appropriate.

SECTION 6.06. REVENUE FROM NEW TAXES OR FEES.

(A) If the Florida Legislature authorizes the County to impose any new taxes or fees, the fund or funds in which the revenue derived from such new taxes or fees and the expenses related to such new taxes or fees shall be included in the Consolidated Fund to the extent the County derives revenue from such new taxes that is attributable to the Development Property. (B)

District will update the FIAM accordingly to incorporate the impact of new taxes.

ARTICLE VII

DEVELOPMENT PROPERTY EXPENSES

SECTION 7.01. CALCULATIONS USING THE FISCAL IMPACT ANALYSIS MODEL. As described in Section 7.02, all Development Property Expenses will be calculated using FIAM. The reports and the Dispute Resolution Process also apply to Development Property Expenses.

SECTION 7.02. DEVELOPMENT PROPERTY EXPENSES. All Development Property Expenses will be calculated according to FIAM. These are calculated for each individual expense account for the Consolidated Fund. FIAM uses a modified per capita approach to calculate the expense cost for each account based on the development in the Development Property. The denominator is specific to each revenue account always including County Population and then adding County Employment and County Visitors as appropriate.

ARTICLE VIII

LAW ENFORCEMENT

SECTION 8.01. HERNANDO COUNTY TO PROVIDE LAW ENFORCEMENT. To the extent provided for by law, Hernando County Sheriff's Office protection will be provided to the District Property at the level of service generally available throughout Hernando County. Should the District(s), or any property owner within the District once established, seek a higher level of law enforcement protection the District agrees that the District will not enter into any agreement with the Hernando County Sheriff's Office without submitting said Agreement between the District and the Hernando County Sheriff's Office to the County Commission for approval to assure that a fair and adequate allocation of the true cost of enhanced law enforcement protection is paid for by the District and not shifted to the County.

ARTICLE IX

NATURAL DISASTERS

In order to protect the citizens of Cabot Citrus Farms from immediate health and safety hazards in the event of a natural disaster, the District may provide disaster debris management services to the roadways and rights-of-way owned and maintained by the District or Hernando

County located within, or adjacent to, the District. In the event the President of the United States, or the Governor of the State of Florida, declares Hernando County a natural disaster area, making Hernando County and the District within Hernando County eligible for Federal or State disaster relief funds, the County authorizes the District to have the right of access and to enter all roadways as shown on Cabot Citrus Farms plats as recorded in the Plat Book of the Public Records of Hernando County, Florida for purposes of performing storm-related debris removal services ("Services").

SECTION 9.01. DISTRICT RESPONSIBILITIES. The District shall:

A. Coordinate and contract for the collection of disaster-related debris cleanup within, or adjacent to, the District' boundaries, and be entitled to any and all reimbursement funds received for providing the Services as determined by the State and Federal Agencies assigned for such review:

B. Comply with all applicable laws regarding the procurement of the Services; and

C. Keep records of all Services rendered as necessary for State or Federal reimbursement.

SECTION 9.02. COUNTY RESPONSIBILITIES. The County shall:

A. Delegate to the District the authority to bid and enter into a contract for debris management services, and the authority to direct the performance of the Contractor in the execution of disaster debris management services, within or adjacent to the District:

B. Provide all necessary documentation to the District for State or Federal reimbursement to be made to the District for all eligible Services rendered by the Contractor.

ARTICLE X

GENERAL PROVISIONS

SECTION 10.01. INTERLOCAL AGREEMENT PROVISIONS. To the extent any provision of this Agreement constitutes a joint exercise of power, privilege or authority by and between the County and District, such provision shall be deemed to be an "interlocal agreement" within the meaning of the Florida Interlocal Cooperation Act of 1969. This Agreement shall be filed with the Clerk of the Circuit Court in and for Hernando County.

SECTION 10.02. TERM OF AGREEMENT. The term of this Agreement shall commence on the date of this Agreement and shall expire upon the later to occur of the following events: (1) the fortieth (40th) anniversary of this Agreement, or (2) the date that construction of the last Public Improvement is completed and all obligations of the County under this Agreement have been fully satisfied.

SECTION 10.03. DISPUTE RESOLUTION. The parties agree to resolve any dispute related to the interpretation or performance of this Agreement pursuant to the Florida Governmental Conflict Resolution Act, Sections 164.101-164.1061 of the Florida Statutes.

SECTION 10.04. ENTIRE AGREEMENT This Agreement (including without limitation, the recitals, exhibits and appendices which are incorporated by reference into the body of this Agreement) constitutes the entire agreement among the parties pertaining to the subject matter hereof, and supersedes all prior and contemporaneous agreements, understandings, negotiations and discussions of the parties, whether oral or written, and there are no warranties, representations or other agreements between the parties in connection with the subject matter hereof, except as specifically set forth herein.

SECTION 10.05. AMENDMENTS AND WAIVERS No amendment, supplement, modification or waiver of this Agreement shall be binding unless executed in writing by all parties hereto. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provision of this Agreement, whether or not similar, unless otherwise expressly provided. Each such amendment, supplement, modification or waiver of this Agreement shall be filed with the Clerk of the Circuit Court of Hernando County.

SECTION 10.06. NOTICES. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when hand delivered or mailed by registered or certified mail, postage prepaid, to the parties at the following addresses:

Hernando County:

County Administrator
Hernando County
15470 Flight Path Drive
Brooksville, Florida 34604

With a copy to:

Hernando County Attorney's Office
20 N. Main Street, Room 462
Brooksville, Florida 34601

District:

Chairman
Cabot Citrus Farms Community Development District
3504 Lake Lynda Drive, Suite 107
Orlando, Florida 32817

Either of the parties may, by notice in writing given to the others, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent.

Any notice shall be deemed given on the date such notice is delivered by hand or facsimile transmission or three days after the date mailed.

SECTION 10.07. BINDING EFFECT To the extent provided herein, this Agreement shall be binding upon the parties, their respective successors and assigns and shall inure to the benefit of the parties, their respective successors and assigns. The District shall not assign this Agreement to any third party without the written consent of the County, which consent shall not be unreasonably withheld.

SECTION 10.08. SEVERABILITY. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

SECTION 10.09. EXECUTION IN COUNTERPARTS. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 10.10. APPLICABLE LAW AND VENUE. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any action or proceeding to construe or enforce the provisions of this Agreement shall be in the Circuit Court in and for Hernando County, Florida. Each party hereby waives its right to a jury trial of any claim or cause of action based upon or arising out of this Agreement.

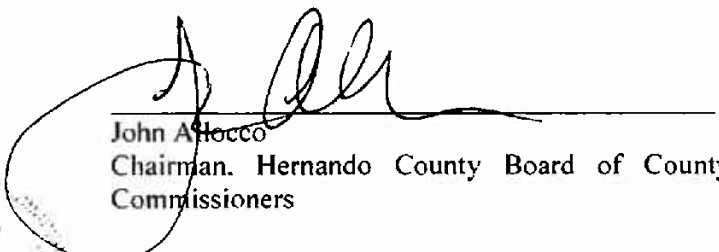

SECTION 10.11. LIMITATIONS ON GOVERNMENTAL LIABILITY. Nothing in this Interlocal Agreement shall be deemed a waiver of immunity limits of liability of either the District or the County beyond any statutory limited waiver of immunity or limits of liability contained in Section 768.28, Florida Statutes, as amended, or any other statute. Nothing in this

Interlocal Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.

SECTION 10.12. NO THIRD PARTY BENEFICIARIES. This Interlocal Agreement is by and between the County and the District(s) and establishes the relationship between these parties. The provisions of this Agreement do not create any rights in any third parties and no such rights should be implied; provided, however, if the District is dissolved by the County, steps will be taken to honor any contractual rights, if any, of all bond holders and other third parties affected by the repeal.

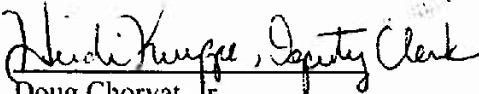

IN WITNESS WHEREOF, the Board of County Commissioners of Hernando County, Florida, has caused this Interlocal Agreement to be executed and delivered as of the day and year first above written.

Fiscal Impact Analysis Cabot Citrus Farms

Executive Summary

Cabot is building a world class destination golf resort featuring a luxury amenity community which will be known as Cabot Citrus Farms ("Project"). The Project will encompass the following amenities: (a) two club houses, (b) marketplace, (c) fitness and pool club, (d) racket club, (e) health and fitness center, (f) central service facility. These facilities will total 181,275 square feet of buildings. The existing 57 holes of golf courses known as World Woods Golf Club will be renovated and in addition, 27 holes of golf courses will be constructed. The Project is designed to become included in the top ten rankings of the country. The residential component of the masterplan golf course community will incorporate the former World Woods property and an addition of 600 acres. The estimated property value that will be created from the construction of the 504 residential units is estimated at \$1.5 billion and the amenity facilities property value is estimated at \$143 million. In total the Project will have an estimated property value of \$1.6 billion when completed.

Cabot's infrastructure investment in this masterplan luxury golf community will be more than \$250 million. A public/private partnership ("P3 Program") with Hernando County is purposed to accelerate installation of the infrastructure, which will enable Cabot to accelerate and increase the number of amenities, thereby appealing to luxury homeowner buyers, providing venues for golf tournament play, and providing additional amenities to be enjoyed by the local surrounding community. The average selling point for a home greater than 2,000 square feet is estimated at more than \$3 million per home.

The development of Cabot Citrus Farms will generate significant net positive fiscal impact to Hernando County. The strong home pricing along with an all-encompassing amenities program generate annual net fiscal surpluses ranging from \$580,530 in 2025 to \$16 million in 2054. On a cumulative basis, the operating surplus is \$15 million by 2029, growing to \$347 million by 2054. By 2054, the present value at 5% interest of the net fiscal impact is estimated at \$162 million.

Money shared under the P3 Program to fund infrastructure will be channeled to the proposed community development district ("CDD") pursuant to Florida Statute Chapter 190 and not to Cabot. These funds will offset portions of the costs of the public infrastructure. The CDD and County will need to enter an interlocal

agreement to construct and to fund, through bonds issued by the CDD, the construction of the public infrastructure.

The CDD is 100% responsible for the construction and financing of the public infrastructure costs. The County's only obligation is to share a portion of the net fiscal revenues generated by Project. The County's share to contribute is estimated at 67% of the net revenues generated by the Project. Without the County's 67% share of the net fiscal revenue, Cabot will need to revise its development plans for the investment to provide a satisfactory return.

The revised development plan without a P3 Program would result in a diminution of Cabot's investment. This is accomplished by eliminating the following facilities: (a) health and fitness center, and (b) the future clubhouse along with 27-hole golf course. Without the foregoing amenity facilities, the product mix for the 350-unit future community would be customary to what is produced in the area today. These changes will result in a property valuation of \$606.9 million. In 2034, property values will be \$532 million and the net fiscal impact to the County will be \$4.3 million. On a cumulative basis, the operating surplus is \$11 million by 2029, growing to \$126 million by 2054. By 2054, the present value at 5% interest of the net fiscal impact is estimated at \$62 million.

The difference between net fiscal revenue from a P3 Program to a scenario without a P3 Program will research 67% of the net fiscal revenues generated by the development plan with the P3 Program.

1.0 Introduction and Summary of Results

1.1 Background

Redeveloping the World Woods Golf Club to ultimately become Cabot Citrus Farms ("Project"), which will include renovating the golf courses, constructing a destination resort clubhouse, and a 504-unit residential club development. Table 3 summarizes the development plan and the pricing based on the Master Plan Concept by Hart Howerton. The Project also includes resort amenities, tennis courts, pools, fitness center, restaurants, retail, and a spa.

1.2 Assignment

Cabot Citrus Farms retained Fishkind Litigation Services, Inc. ("FLS") to analyze the economic impact of the proposed Project, and the fiscal impact (the cost and revenue effects) of the proposed change to Hernando County. This report focuses on the fiscal impacts of the proposed change to the County of Hernando.

1.3 Summary of Results - Tables 1 and 2

The Project is economically feasible with the assumption that a Public, Private Partnership ("P3 Program") with Cabot Citrus Farms Community Development District ("CDD") and Hernando County is in place. As summarized in Section 4, the development of the Project will have significant, positive fiscal impacts on the County as shown in Table 1. The analysis is based on the development planned for 504 units. The strong product pricing generates annual net fiscal surpluses ranging from \$580,530 in 2025 to \$16 million 2054. As Table 2 shows on a cumulative basis, the operating surplus is \$15 million by 2029 growing to \$347 million by 2054. By 2054, the present value at 5% interest of the net fiscal impact is estimated at \$162 million.

1.4 Summary of Results - Consequences of Change from P3 Program to without P3 Program - Charts 1 and 2

Chart 1 - Demonstrate the comparison of net fiscal revenues generated by the development plan with a P3 Program against net fiscal revenues generated by the revised development plan without the P3 Program.

Chart 2 - Demonstrate the comparison of the net present value of the fiscal revenues generated by the development plan with a P3 Program against the net present value of the net fiscal revenues generated by the revised development plan without the P3 Program.

On a cumulative basis, net fiscal impact for the development of a P3 Program is estimated to be \$347 million by 2054 and the present value at 5% interest of the net fiscal impact is estimated at \$162 million. The development without a P3 Program on a cumulative basis net fiscal impact is estimated to be \$126.5 million by 2054 and the present value is estimated to be \$62 million.

2.0 Methodology

2.1 Overview

The County of Hernando requested the submission of a fiscal impact report quantifying the costs and revenue impacts on the County's budget from the proposal to permit the Project and enter into a Public, Private Partnership ("P3 program") with Cabot Citrus Farms Community Development District ("CDD").

The fiscal impact study is a set of statistical data and information based on new development in a jurisdiction. Its purpose is to justify legally to the County of Hernando the ability to provide capital improvement, mill levy increases, as well as impact fees. The Fiscal Impact Analysis encompasses multiple methods to demonstrate that a development will pay the full costs of all public facilities and services that are required to support the development.

The County has requested a study as backing and support for any amendment or change to their subdivision regulations. Fiscal impact analysis seeks to connect planning and local economics by estimating the public costs and revenues that result from change in the land use. This type of analysis is required to meet the full costs of all public facilities and services that are required to support the development and that are required to meet the level of service standards adopted by the Hernando County.

To accomplish consistency in the analysis, FLS complies with the guide standards prepared for Sarasota County by AECOM (Architecture, Engineering, Construction, Operations, and Management) in support of permitting for Cabot Citrus Farms. Our analysis is conducted according to the 2015 report by AECOM. AECOM outlines several methodologies to conduct the fiscal impact analysis including the per capita approach.¹ AECOM notes that the per capita methodology is the most used type of analysis. The per capita approach estimates the cost of providing services on a per unit basis. The unit varies depending upon how the services are used and can include: per person, per employee, and per visitor. Similarly, most expenditures and revenues are appropriately estimated on a per capita basis, again depending upon the revenues generated.

FLS uses all these factors depending upon the expenditure or revenue category involved. For example, law enforcement and public safety are provided to all residents, visitors, and employees. FLS measures residents, visitors, and employees on a full-time equivalent ("FTE") basis. However, not all expenditures or all revenues are generated by residents, visitors, and employees. State revenue sharing funds are provided through a population-based formula, so for

¹ AECOM (2015), page 2.

this revenue item FLS only uses population. FLS's application of the per capita method for both revenues and expenditures is consistent with AECOM.

FLS uses all categories of revenue and expenditures included in the County of Hernando budget (but not all fund types as discussed above). The FY2021 actual reported to the State includes 121 revenue line items and 148 expenditure categories. Not all revenues and expenditures relate to the fund types included in our analysis. As discussed above, except for ad valorem tax revenues, each category of revenue and expenditure is included and analyzed using the modified per capita approach. It is impractical to discuss each category, however, FLS has included our fiscal impact analysis model in excel with this report to provide a full and detailed submission of our calculations.

Ad valorem revenues are calculated directly based on the development program, product pricing, and estimates for homestead exemptions and assessment ratios. All other revenues are estimated via the per capita, unit, approach with the unit varying as required.

Capital impacts are measured by the formulae for impact fees. County of Hernando sets its impact fees.

2.2 Operating Revenues

Except for ad valorem revenues, which are discussed in more detail below, operating revenues were calculated using the modified per capita method based on the County's actual for FY2021 as reported to the State of Florida, Division of Banking. Consistent with the AECOM parameters, FLS included the following fund types: (a) general fund; (b) special revenue fund; (c) debt service fund; (d) permanent fund; (e) internal service; (f) pension; and (g) component. FLS excluded the following fund types: (a) debt service; (b) capital projects; and (c) enterprise.

The debt service fund relates to prior commitments and is not directly impacted by future growth or the Project. While the Project will contribute to this fund, the impact is relatively small. The impact of the Project on capital funds is calculated separately, so this fund is excluded to avoid double counting. The enterprise fund is also excluded because enterprise funds are designed to be self-funding.

Ad valorem taxes generated by the Project are a function of: (a) the development program for the Project; (b) its projected valuation and absorption; and (c) the County's adopted millage rates for general revenue, transportation, health, EMS, and stormwater totaling 8.9344 mills. Concerning timing, FLS takes a stricter and more conservative approach than AECOM. FLS recognizes that there is a 2-year lag between the time residential units are permitted and consuming services, and the time that property is included in the tax roll and paying ad valorem taxes. Regarding amenities, there is a 1-year lag between the time amenities are

permitted and consuming services, and the time that property is included in the tax roll and paying ad valorem taxes.

2.3 Operating Expenses

Operating expenses are correctly calculated by fund type using the modified per capita approach. As noted above, the per capita units are carefully tailored to the type of expenditure. We have included impacts from residents and employees measured on an FTE basis and included FTE visitors who also consume these services.

2.4 Capital Revenues

The categories of capital revenues that are evaluated in a fiscal neutrality report include: roads, law enforcement, fire, EMS, parks, library, public building, jail, and education. These are all calculated based on the County's impact fee schedule.

2.5 Capital Expenses

No separate analysis of the impact of the Project on the County's capital expenses is requested.

2.6 Fiscal Impact Analysis for the Hernando County School District

Fiscal impact analysis includes both operating and capital budgets. In Florida, school district funding is tightly controlled by the State as summarized below based on information from Florida's Department of Education.² Essentially, the State controls the amount of spending per student based on the Florida Education Finance Program ("FEFP").

Article IX, section 1 of the Florida Constitution commits Florida to provide to fund kindergarten through grade 12 education, as follows: "The education of children is a fundamental value of the people of the State of Florida. It is, therefore, a paramount duty of the state to make adequate provision for the education of all children residing within its borders. Adequate provision shall be made by law for a uniform, efficient, safe, secure, and high-quality system of free public schools that allows students to obtain a high-quality education ... "

In 1973, the Florida Legislature enacted FEFP making State policy to equalize funding to guarantee to each student in the Florida public education system the availability of programs and services appropriate to his or her educational needs that are substantially equal to those available to any similar student notwithstanding geographic differences and varying local economic factors. To equalize educational opportunities, the FEFP formula recognizes: (1) varying local

² Florida Department of Education (FY2021-22), "Funding for Florida School Districts".

property tax bases; (2) varying education program costs; (3) varying costs of living; and (4) varying costs for equivalent educational programs due to sparsity and dispersion of the student population. As a result, there is little that a District or a Developer can do to augment or to detract from the operational funding for a school district.

The FEFP is the primary mechanism for funding the operating costs of Florida school districts. A key feature of the FEFP is that it bases financial support for education upon the individual student participating in a particular educational program rather than upon locally generated revenues, the number of teachers, or classrooms. FEFP funds are primarily generated by multiplying the number of full-time equivalent ("FTE") students in each of the funded education programs by cost factors to obtain weighted FTE students. Weighted FTE students are then multiplied by a base student allocation ("BSA") and by a district cost differential ("DCD") to determine the base funding from state and local FEFP funds. Program cost factors are determined by the Florida Legislature and represent relative cost differences among the FEFP programs.

In FY 2021-2022, school districts received 65% of their financial support from State sources (primarily through FEFP), 34% from local sources coming from the Required Local Effort ("RLE") portion of the FEFP, and 1% from federal sources. RLE is the State-prescribed amount of ad valorem taxes levied to fund the majority of FEFP funds. Each district's share of the state total required local effort is determined by a statutory procedure.

School district may set discretionary tax levies limited to the following types:

- (1) Current operation - The Florida Legislature set the maximum discretionary current operating millage for the 2021-22 fiscal year at 0.748 mills.
- (2) Capital outlay and maintenance - School boards may levy up to 1.5 mills as prescribed in s. 1011.71(2), F.S.

However, any violation of these expenditure provisions results in an equal dollar reduction of FEFP funds in the year following an audit citation.

Given these facts, FLS focused the fiscal impact assessment for the district on the capital budget. Operating revenues are strictly controlled, and districts manage their operating expenditures based on their budgets.

The school district reports that the State exerts substantial control over the district's capital improvement program by statute and rule. Facility requirements are specified in Chapter 1013, Florida Statutes, and Section 1013.35 sets forth that the state-mandated Plan must provide a "financially feasible district facilities work program" for the next five-year period. The district's current Educational Plant Survey was approved by Florida Department of Education ("FDOE") in June 2021

and verifies which of the District's intended capital projects are "survey approved" and therefore eligible to be funded by state revenues.³

Since 1997, the state of Florida has used the cost per student station unit of analysis to quantify construction costs related to traditional kindergarten through grade 12 school facilities. Maximum cost thresholds have been established to ensure equivalency of costs and standards related to construction for Florida's school population. Districts must adhere to these limits to qualify for State construction funding.

Florida's Department of Education estimates the costs per student station. Their 2020 report (the latest available) has the following estimates.⁴

Summary of Average Cost Results

	2019 Cost Per Student Station	Reported Average Cost Per Student Station from 2006-2019	Percentage Variance from Statute	Unaltered RSMeans Average Cost per Student Station*	Percentage Variance from Statute	DOERSMeans Average Modeled Cost Per Student Station	Percentage Variance from Statute
Elementary School	\$ 20,939	\$ 23,922	14.25%	\$ 13,993	-33.17%	\$ 23,231	10.95%
Middle School	\$ 22,767	\$ 23,586	5.92%	\$ 16,294	-26.82%	\$ 25,049	12.49%
High School	\$ 28,733	\$ 25,673	-10.65%	\$ 17,327	-39.70%	\$ 31,142	8.39%

FLS used the DOE RS Means Average Modeled Cost Per Student Station as our base. Since these data were estimated as of 2019, FLS escalated them at 3% per year. As of 2023, FLS projects the following student station costs:

Elementary \$26,420
 Middle \$28,487
 High \$35,417

The State's cost estimates include: (a) the student station, (b) furniture and equipment, and (c) architectural and engineering fees. However, they exclude land costs. FLS estimates land costs at 20% of the student station cost.

FLS projected the students by grade level based on the school district's FY 2022 budget and the number of households in the County. School capital costs are the product of student generation from the Project and the cost per student station adjusted for land.

Capital revenues generated by the Project flow from three main sources: (a) school impact fees, (b) State funds under PECO ("Public Education Capital Outlay"); and (c) the District's 1.5 mill capital levy. Impact fees are one-time levies applied to each unit in the Project. PECO funds are estimated based on the projected

³Hernando County School District (2021), "2021-22 Capital Improvement Plan"

⁴ Florida Department of Education (January 1, 2020), "Review and Adjustment for Florida's Cost per Student Station"

number of students from the Project. The 1.5 mill capital levy is imposed each year.

3.0 Development Program - Tables 3 and 4

The fiscal impact analysis is based exclusively on the projected development of Cabot Citrus Farms. The residential development plan, which includes the absorption of the residential units, is provided in detail in Table 4. The units are a combination of 435 single family units greater than 2,000 SF (86%), and 69 single family units less than 2,000 SF (14%). The building amenities program will comprise the following (a) resort clubhouse of 85,475 square feet ("SF") in total of which 70,000 SF are climate controlled, (b) fitness & pool club 14,067 SF, (c) future clubhouse - 10,000 SF (d) the marketplace -12,065 SF, (e) racket club - 2,158 SF, (f) central services - 32,510 SF, and (g) health and fitness- 25,000 SF. The existing 57-hole golf course will be renovated, and a new 27-hole golf course will be constructed. Core sports amenities will be comprised of tennis courts, pools, and fitness equipment.

4.0 Fiscal Impact – Operating Revenues and Expenses – Tables 5,6,7,8, and 9

Using the methodology described in Section 2, the fiscal impacts of Cabot Citrus Farms on the County's operating budget are summarized on the next page in Table 5. The Project produces a fiscal surplus in its first year of \$580.530, 2025, when its value is included in the County's taxable value base determined by the property appraiser. By 2034, the net fiscal impact is estimated at \$13 million with a cumulative total of nearly \$57 million. In 30 years, 2054 the Project would have generated a cumulative net fiscal impact of \$347 million with a present value at 5% interest equal to \$162 million.

Table 5
Cabot Citrus Farms
Fiscal Impact - Operating Revenue and Expenditures

Year	Total Taxable Property Values	Ad Valorem	Total Operating Revenue	Total Operating Expenditure	Net Fiscal Impact	Cumulative Net Fiscal Impact
2025	69,586,538	621,714	639,526	58,995	580,530	580,530
2029	513,809,635	4,590,581	4,642,630	208,937	4,433,693	15,105,855
2034	1,514,555,196	13,531,642	13,674,656	638,048	13,036,608	57,037,509

	5 Years	10 Years	15 Years	20 Years	25 Years	30 Years

The strong growth in net fiscal surpluses is driven by the gains in total taxable values. Table 6 displays the growth in taxable value generated by the Project. Taxable value rises from almost \$70 million in 2025 to more than \$1.5 billion by 2034.

[The balance of this page left intentionally blank.]

Table 6- Displays the growth in taxable value generated by the Project. All residential units and amenity assets are on the tax roll by 2034.

Table 7 shown below, presents the key assumptions employed in calculating the taxable values shown previously. Our assumptions related to the assessment ratio and percentage of homes expected to take advantage of the homestead exemption are more conservative than those of AECOM making our analysis more conservative than if we had adopted the AECOM assumptions for these parameters.

Using data from Census On-the-Map, we determined that there were 86,210 County residents who also work in the County. Since we also included all employees, FLS weighted resident employees by 0.7619 to avoid double counting. Non-working residents are weighed at 1.0 FTE. Seasonal residents are at 34.6 % reflecting seasonal demands on County services.

Persons per household and total households are from Florida Population Studies.

Table 8 summarizes the results of the fiscal analysis for the County's operating budget and is presented through 2034 when all residential units and amenity assets are on the tax roll.

Table 9 Continued-Expenditures.

5.0 Fiscal Impact Capital Revenues and Capital Expenses – Tables 10 and 11

The categories of capital revenues/expenses that are evaluated include transportation, parks, fire, and police. The capital revenue sources are impact fees. The impact fee rates are applied 100% to each dwelling unit permitted in accordance with the rates determined by the Hernando County's Impact Fee Schedule effective November 9, 2020. The Project is contributing \$3,730,796 in impact revenues as follows: a) roads \$1,283,529; b) law enforcement \$65,278; c) fire \$155,231; d) EMS \$17,200; e) parks \$207,144; f) library 53,928; (g) public buildings \$342,601; (h) jail 5,178; and i) education \$1,600,704. All rates are applied 100% for determining impact fees.

6.0 Fiscal Impact School District – Table 12

Table 12 presents the fiscal impact on the Hernando district for elementary, middle, and high schools. This Project satisfies the fiscal impact neutrality standard. Revenues generated by the Project exceed the costs needed to provide the student stations required by the Project’s school enrollment.

7.0 Development Revised Plan without a P3 Program with Hernando County – Tables 13,14,15 and 16

FLS conducted an analysis for the property based on its Developer's plan without the P3 program with Hernando County. The plan components are in Table 13, and the development scenario is presented in Table 14.

The development plan without a P3 Program would result in a diminution of the developer's investment so that a satisfactory return can be achieved. This is accomplished by the following cutbacks in facilities generated and residential building product type produced for sale under the P3 Program. The health and fitness center, the future clubhouse along with 27-hole golf course would not be produced. Without the foregoing amenity facilities, the product mix for the 350-unit future community would be customary to what is produced in the area today. These changes will result in a property valuation of \$606.9 million.

2054	\$ 126,525	5%	30	\$ 62,089

The Project is economically feasible without the P3 Program, but the County will get a reduced benefit. The development of the Project will have a positive fiscal impact on the County as shown in Table 15. The analysis is based on the development planned for 484 units without the following amenity facilities: (a) health and fitness center; (b) future clubhouse; and (c) 27-hole golf course. The 350-unit residential community will be priced in accordance with present market conditions in the area. In 2034, property values will be \$532 million and the net fiscal impact to the county will be \$4.3 million. As Table 16 shows on a cumulative basis, the operating surplus is \$11 million by 2029, growing to \$126 million by 2054. By 2054, the present value at 5% interest of the net fiscal impact is

estimated at \$62 million.

8.0 Fiscal Impact Change from a P3 Program to without a P3 Program – Tables 17,18 and 19

Total Sport Amenities	27	916,780	\$	24,753,067
Total Property Valuation			\$	981,798,392

Without the P3 Program, the consequences resulting from the change in the development plan will generate a loss in property value of \$981.8 million, as per Table 17. This will have a significant influence on the net fiscal impact results that can be achieved with the P3 Program. As per Table 18, the Net fiscal impact will decrease in 2029 by \$1.258 million, and by 2054, the decrease will equal \$10.7 million. As Table 19 shows on a cumulative basis, the operating surplus decreases

by \$3.6 million by 2029 decreasing to \$221 million by 2054. By 2054, the present value at 5% interest of the net fiscal impact is estimated to decrease from \$162 million to \$62 million resulting in a decrease of net present value of \$100 million.

IMPORTANT NOTICE CONCERNING “FISCAL IMPACT ANALYSIS REPORT”

1. Fiscal Impact Analysis Report (“FIAR”)

Certain portions of the FIAR have various sections of the analysis that contain forecasted financial performance based upon several current and projected market conditions. These conditions are subject to numerous risks and uncertainties that cannot be determined at this time. Each section of the FIAR contains forecasted data. While presented with numerical specific County, projected information of the type furnished above is based on estimates and assumptions that are inherently subject to significant economic and competitive uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the FLS's control. Accordingly, there can be no assurance that such estimates and assumptions will be accurate, and the actual results may be significantly higher or lower than those set forth.

2. Actual Results May Differ from FIAR

Due to a variety of risks and uncertainties, actual results may be materially different from the results projected in the FIAR. Accordingly, the FIAR is meant only to serve as a guide and is not intended to be relied upon as to the reasonableness of the underlying facts or assumptions. This FIAR does not contain and is not to be construed as legal, business, investment, or tax advice.

3. The Fishkind Litigation Services Inc. (FLS) Has No Duty to Update FIAR

The FIAR is current only as of July 2023. Following delivery of this report, FLS expectations of results may change. FLS may come to believe that the FIAR is no longer accurate. FLS shall not have any obligation to update any corrections or revisions to the FIAR contained herein, even if the FLS believes the forward-looking analysis is no longer accurate. FLS does not intend to update or otherwise revise the FIAR to reflect circumstances existing after the date when made or to reflect the occurrence of future events even if any or all the assumptions underlying the projections are shown to be in error. FLS assumes no responsibility for the accuracy or validity of the FIAR.
