

To Whom It May Concern,

I am proud to recommend Monty Floyd for appointment to the Hernando County Library Advisory Committee.

Monty is a committed conservative and active community leader who consistently puts Hernando County first. From organizing a post-hurricane kayak flotilla in Ridge Manor to deliver supplies to flooded residents, to boldly standing up for our children against woke and liberal ideologies, Monty has shown true dedication to service and principle.

I have full confidence that Monty will work to ensure our libraries remain safe, neutral spaces, free from woke and leftist agendas. Our libraries should reflect the values of Hernando County families, not radical fringe ideologies.

Sincerely,

Louis Johns
