Low Income Pool Letter of Agreement

THIS LETTER OF AGREEMENT (LOA) is made and entered into in duplicate on the _____ day of_____2025, by and between **Hernando County Board of County Commissioners** (the "IGT Provider") on behalf of **Premier Community HealthCare Group** and the State of Florida, **Agency for Health Care Administration** (the "**Agency**"), for good and valuable consideration, the receipt and sufficiency of which is acknowledged.

DEFINITIONS

"Charity care" or "uncompensated charity care" means that portion of hospital charges reported to the Agency for which there is no compensation, other than restricted or unrestricted revenues provided to a hospital by local governments or tax districts, regardless of the method of payment. Uncompensated care includes charity care for the uninsured but does not include uncompensated care for insured individuals, bad debt, or Medicaid and Children's Health Insurance Program (CHIP) shortfall. The state and providers that are participating in the Low Income Pool (LIP) will provide assurance that LIP claims include only costs associated with uncompensated care that is furnished through a charity care program and that adheres to the principles of the Healthcare Financial Management Association (HFMA) operated by the provider.

"Intergovernmental Transfers (IGTs)" means transfers of funds from a non-Medicaid governmental entity (e.g., counties, hospital taxing districts, providers operated by state or local government) to the Medicaid agency. IGTs must be compliant with 42 CFR Part 433 Subpart B.

"Low Income Pool (LIP)" means providing government support for safety-net providers for the costs of uncompensated charity care for low-income individuals who are uninsured. Uncompensated care includes charity care for the uninsured but does not include uncompensated care for insured individuals, "bad debt," or Medicaid and CHIP shortfall.

"Medicaid" means the medical assistance program authorized by Title XIX of the Social Security Act, 42 U.S.C. §§ 1396 et seq., and regulations thereunder, as administered in Florida by the Agency.

A. GENERAL PROVISIONS

1. Per Senate Bill 2500, the General Appropriations Act of State Fiscal Year 2025-2026, passed by the 2025 Florida Legislature, the IGT Provider and the Agency agree that the IGT Provider will remit IGT funds to the Agency in an amount not to exceed the total of **$200,00.00**.

   a. The IGT Provider and the Agency have agreed that these IGT funds will only be used to increase the provision of health services for the charity care of the IGT Provider and the State of Florida at large.

   b. The increased provision of charity care health services will be accomplished through the following Medicaid programs:

      i. LIP payments to hospitals, federally qualified health centers, Medical School Physician Practices, community behavioral health providers, and

rural health centers pursuant to the approved Centers for Medicare & Medicaid Services Special Terms and Conditions.

2. The IGT Provider will return the signed LOA to the Agency no later than October 1, 2025.

3. The IGT Provider will pay IGT funds to the Agency in an amount not to exceed the total of **$200,000.00**.

    a. Per Florida Statute 409.908, annual payments for the months of July 2025 through June 2026 are due to the Agency no later than October 31, 2025, unless an alternative plan is specifically approved by the agency.

    b. The Agency will bill the IGT Provider when payment is due.

4. The IGT Provider and the Agency agree that the Agency will maintain necessary records and supporting documentation applicable to health services covered by this LOA.

    a. Audits and Records

        i. The IGT Provider agrees to maintain books, records, and documents (including electronic storage media) pertinent to performance under this LOA in accordance with generally accepted accounting procedures and practices, which sufficiently and properly reflect all revenues and expenditures of funds provided.

        ii. The IGT Provider agrees to ensure that these records shall be subject at all reasonable times to inspection, review, or audit by state personnel and other personnel duly authorized by the Agency, as well as by federal personnel.

        iii. The IGT Provider agrees to comply with public record laws as outlined in section 119.0701, Florida Statutes.

        i. The IGT Provider agrees to retain all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to performance under this LOA for a period of six (6) years after termination of this LOA, or if an audit has been initiated and audit findings have not been resolved at the end of six (6) years, the records shall be retained until resolution of the audit findings.

        ii. Persons duly authorized by the Agency and federal auditors shall have full access to and the right to examine any of said records and documents.

iii. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

c. Monitoring

i. The IGT Provider agrees to permit persons duly authorized by the Agency to inspect any records, papers, and documents of the IGT Provider which are relevant to this LOA.

d. Assignment and Subcontracts

i. The IGT Provider agrees to neither assign the responsibility of this LOA to another party nor subcontract for any of the work contemplated under this LOA without prior written approval of the Agency. No such approval by the Agency of any assignment or subcontract shall be deemed in any event or in any manner to provide for the incurrence of any obligation of the Agency in addition to the total dollar amount agreed upon in this LOA. All such assignments or subcontracts shall be subject to the conditions of this LOA and to any conditions of approval that the Agency shall deem necessary.

5. This LOA may only be amended upon written agreement signed by both parties. The IGT Provider and the Agency agree that any modifications to this LOA shall be in the same form, namely, the exchange of signed copies of a revised LOA.

6. The IGT Provider confirms that there are no pre-arranged agreements (contractual or otherwise) between the respective counties, taxing districts, and/or the providers to redirect any portion of these aforementioned charity care supplemental payments in order to satisfy non-Medicaid, non-uninsured, and non-underinsured activities.

7. The IGT Provider agrees the following provision shall be included in any agreements between the IGT Provider and local providers where IGT funding is provided pursuant to this LOA: “Funding provided in this Agreement shall be prioritized so that designated IGT funding shall first be used to fund the Medicaid program (including LIP or DSH) and used secondarily for other purposes.”

8. This LOA covers the period of July 1, 2025, through June 30, 2026, and shall be terminated September 30, 2026, which includes the state's certified forward period.

9. This LOA may be executed in multiple counterparts, each of which shall constitute an original, and each of which shall be fully binding on any party signing at least one counterpart.

Examples include: accounting, human resources, a supervisor or Executive personnel that devotes minimal hours and is not listed as an FTE on the Personnel Detail tab, facilities maintenance, administrative functions, office space rental, and utilities. The indirect costs must be reasonable, allowable, and allocable and a legitimate cost of doing business under the funded program.

Submission of Information

Request for Changes from Currently Contracted Network Service Providers or Request for Funding from Uncontracted Service Providers

Introduction

LSF Health Systems (LSFHS) is the Managing Entity for the Florida Department of Children and Families (DCF) Substance Abuse and Mental Health (SAMH) programs in the Northeast and North Central Florida Region. LSFHS is responsible for the administration of mental health and substance abuse treatment programs for the underserved populations creating a safety net for vulnerable consumers.

Each program serves the neediest individuals that meet DCF's SAMH target population criteria in the Northeast and North Central region and provides for a comprehensive array of outpatient, inpatient and residential services including, but not limited to; therapy, case management, medication management, residential, room and board, crisis and emergency support, prevention, intervention, outreach, peer services, supported housing, and supported employment.

LSFHS uses the Submission of Information process for the following:

- Requests for funding from uncontracted service providers;
- Requests for restoration of funds pulled due to lapse;
- Requests for changes to programming;
- Request for shifts between funding areas;
- Requests for an increase in funding for any reason.

It is the policy for contracted Network Service Providers to provide information and justification for any of the above circumstances. LSFHS accepts submissions from providers at any time and may also initiate this process due to a specific funding concern within the system of care including the need to redistribute lapsed funding.

Submissions shall be submitted to the Network Service Provider's assigned Network Manager via email. LSFHS Management Team will review all submissions, conduct an analysis of the impact of the request, and provide a written response, if chosen for the next step in the selection process. Additional information and follow-up questions may be solicited based on this review.

Funding Request Form

Please fill out the information below accurately and completely, then submit to procurement@lsfnet.org.

1. **Organization Name, Address and Contract Number (if current Network Service Provider):**

Hernando County Fire Rescue
15470 Flight Path Drive
Brooksville FL 34604

2. **Organization Contact Person Name, Email, and Phone Number for this Submission:**

John S. Pearson, EMS Supervisor MIH-CP Coordinator.
jpearson@co.hernando.fl.us
(352) 540-0697

3. **Briefly describe the programs, counties and populations served which are impacted by this request.**

Hernando County's estimated 2025 population is 224,551 with a growth rate of 2.69% in the past year according to the most recent United States census data. Hernando County is the 26th largest county in Florida. The 2010 population was 172,978 and has seen a growth of 29.81% since that time.
Hernando County consistently shows higher fentanyl incident rates than the Florida average. The gap between Hernando County and Florida has widened from 16.7% in January 2023 to over 60% by early 2025. A significant spike occured in October 2024, when Hernando's rate jumped to 48 incidents per 100,000. By Q1 2025, Hernando's rate (54 per 100,000) is 62% higher than Florida's average (33.3 per 100,000). The trend shows an accelerating crisis in Hernando County compared to the rest of Florida.

4. **Briefly describe your organization's need for additional funding, for a change in programming and/or for a change in funding as currently allocated. Please include the dollar amount(s) you are requesting and whether or not the amount requested is for a full year or partial. If the need for additional funding is due to funding being lapsed in the previous Fiscal Year, please provide an explanation for the lapse and describe your organization's capacity to spend funds if restored.**

Hernando County Fire Rescue is requesting a budget in the third year of $691,161. This is a full year's cost of the program as it continues to grow. The budget is inclusive of three personnel and two vehicles dedicated to the program and operating costs of the program. This budget also includes a capital expense of one Life Pak 35 Monitoring unit of $60,000 to be utilized in the second paramedicine vehicle.

5. **Briefly describe your organization's plan for the additional funding, change in funding or change in programming. In the event that a service is being discontinued, this plan should outline how the previously served population will be served after the change is made.**

Hernando County Fire Rescue hired an EMS Supervisor / MIH-CP Coordinator to implement and oversee the Florida Mobile Integrated Healthcare Community Paramedicine Program. The coordinator will manage the Coordinated Opioid Recovery (CORE) Network which resulted in the hiring of two dedicated Community Paramedics. This funding will pay for the three mentioned employee's salaries, as well as the operational costs associated with running the program. EXHIBIT G / SUBSECTION 3 outlines the need for additional funding to effectively manage the fentanyl crisis in Hernando County.

6. **If a license is required for the proposed program, have you obtained it (DCF Substance Abuse license for Outpatient services, AHCA license, etc.)? If not, but you have submitted your application, please describe what stage in the process you are in?**

No additional licenses are required.

7. **Briefly describe your organization's expertise about the delivery of service to the identified population which will be impacted by this change.**

Hernando County Fire Rescue (HCFR) has been treating overdoses since its inception on October 01, 2000 when the county EMS provider merged with its local fire departments. The population of Hernando County has grown exponentially as the United States Census Bureau reported a population of 131,390 in 2000; whereas, the last study reported in 2022 showed the population had increased to 206,896. Due to the National Opioid Crisis, Hernando County Paramedics can finally treat these patients successfully through Medication Assisted Therapy (MAT) via the CORE Network. Rather than just simply administering Nalaxone to the patient and transporting them to the local ER's, HCFR Paramedics who are trained in MAT, can now successfully treat those individuals who have an Opioid Use Disorder (OUD) or Substance Use Disorder (SUD) and also assist them by providing resourses such as clinicians who are trained in helping the patient with their addictions, mantal health, or any other problems the patient may need help managing.

8. **Are the changes outlined above to be made for this fiscal year only or to be continued beyond year-end into subsequent fiscal years, assuming an ongoing contractual relationship between the agency and LSF Health Systems? Please explain this response.**

The above mentioned is for the continuation into subsequent fiscal years. HCFR has purchased most of the relevant equipment and supplies required for year one; however, the program is designed to provide continued and uninterrupted service for subsequent years.

9. **Define and describe the Program Goals.**

The goals for the Community Paramedicine program are to assist the citizens of Hernando County who currently have addictions to opioids by providing Medication Assisted Treatment (MAT). HCFR will schedule appointments to visit a patient at either their residence, or wherever the patient can be located. The Community Paramedic and Social Worker will provide a consultation and evaluation to the patient for any needed assistance, treatment, or services. By providing the resources necessary for recovery, the goal is to create a healthier environment and assist the patient by providing information that will assist them with all of their healthcare needs.

10. **Define and describe the Proposed Outcome Measures for the program in which funding is being requested.**

HCFR documents all patient care via ePCR. Currently, information (stats) is ascertained through EPR FireWorks, or biospacial data. We can run a query on specific call types as well as the patients outcome post treatment through our ePCR reporting software. We can currently track overdoses, nalaxone usage, etc, so we'll be able to track MAT administration as well as patient outcomes.

11. **Outside organizations only: Describe your organization's data collection capacity and list the name of the data collection system. If you utilize an Electronic Health Record (EHR) system, confirm its capacity to export data as an XML file.**

12. **Outside organizations only: Describe your organization's business administration capacity specifically related to human resources and financial management.**

13. **Outside organizations only: Level 2 Background Screening, through the DCF Clearinghouse, is a requirement for staff members from each agency who enters into a contract with LSFHS. Does your organization currently conduct Level 2 Background Screenings for staff members using this method? If not, are you willing to conduct the required screenings for compliance with the contract?**

14. **Please provide, as an attachment, the Exhibit C and D - Projected Operating and Capital Budget, using the most recent template, outlining the requested funding including OCAs and associated covered services. Statistics or data regarding utilization to substantiate the request may also be supplied.**

If in the course of the performance of the duties of any Contractor, at all tiers, any officer, employee, or agent of the Contractor, provides any professional services or provides or administers any prescription drug or medication or controlled substance, the ME shall cause the Contractor, at all tiers, to obtain and provide proof to the ME and the Department of professional liability insurance coverage, including medical malpractice liability and errors and omissions coverage, to cover all employees and shall not exclude claims resulting from physical and sexual abuse. The limits of the coverage shall be no less than $300,000 per occurrence with a minimal annual aggregate of no less than $1,000,000.

The ME reserves the right to require additional insurance. The limits of coverage under each policy maintained by the Contractor do not limit the Contractor's liability and obligations under this agreement. Upon the ME's request, the Contractor shall furnish the ME with written verification supporting the existence of such insurance coverage.

4.5.10. All such insurance proposed by the Contractor shall be submitted to and confirmed by the assigned Primary Point of Contact no later than execution initially and thereafter, updates shall be provided annually which reflect no lapse in insurance coverage.

4.6.2. The Contractor shall fully indemnify, defend and hold harmless LSF, the State, from any suits, actions, damages, and costs of every name and description, including attorney's fees, arising from or relating to violation of infringement of a trademark, copyright, patent, trade secret or intellectual property rights, provided, however, that the foregoing obligation shall not apply to LSF's misuse or modification of Contractor's products or LSF's operation or use of Contractor's products in a manner not contemplated by the agreement or the purchase order. If any product is the subject of an infringement suit or in the Contractor's opinion is likely to become the subject of such a suit, the Contractor may at its sole expense procure for LSF the right to continue using the product or modify it to become non-infringing. If the Contractor is not reasonably able to modify or otherwise secure LSF the use, LSF shall not be liable for any royalties. The Contractor's indemnification for violation or infringement of a trademark, copyright, patent, trade secret or intellectual property rights shall encompass all such items used or accessed by the Contractor, its officers, agents or subcontractors in the performance of this agreement or delivered to LSF for the use of LSF, its employees, agents, or contractors.

4.6.4. LSF shall not be liable for any costs, expense, or compromise incurred or made by the Contractor in any legal action. The Contractor's inability to evaluate liability or its evaluation of liability shall not excuse its duty to defend and indemnify after receipt of notice. TITLE

Ratification of Application to America 250 Grant Program for Proposed, Voices of Liberty: Civic Literacy and Living History at the Library, Initiative for Library Services Department

BRIEF OVERVIEW

The America 250 Florida Grant Program, administered by the Florida Department of State, supports civic, cultural, and educational projects that commemorate the 250th anniversary of the signing of the Declaration of Independence. With a focus on promoting the principles of liberty, self-government, and national unity, the grant encourages programs that deepen public understanding of America's founding ideals and honor those who have defended them.

In alignment with these goals, the Hernando County Public Library System proposes *"Voices of Liberty: Civic Literacy and Living History at the Library"*, a year-long, all-ages initiative designed to promote civic education, cultural engagement, and historical reflection. Through strategic partnerships with the Daughters of the American Revolution, local veterans' groups, and community educators, the Library will offer inclusive programming that reinforces democratic values and honors those who have preserved them.

Key elements include a *Founding Principles Family Night*, an engaging *Veterans Day Tribute*, and winter programming such as *Civics Through Storytime*, a *Let Freedom Read!* Winter Reading Challenge, and an *American Symbols* exhibit. Spring 2026 will feature a *Charters of Freedom* lecture mini-series and a *Living History Day* with reenactors and student dramatizations. The initiative will culminate in *Freedom Is…,* a community art project inviting patrons of all ages to reflect on the meaning of freedom through visual and written expression.

Together, these programs will foster civic pride, increase public understanding of foundational American principles, and offer meaningful engagement opportunities for all ages in Hernando County. The Library has requested $10,000 to support this commemorative and educational initiative and submitted its grant application prior to the closing deadline of August 6, 2025. The Board is now asked to ratify this action. Any funding agreement will be presented to the Board upon receipt.

FINANCIAL IMPACT

There is no financial impact. If awarded, Library Services may receive $10,000 in funding for this project.

LEGAL NOTE

The Board has the authority to act upon this matter pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION

It is recommended that the Board ratify staff's application for America 250 Grant funding.

3. **Project Description*:**
Please provide an overview of the project that explains how your project will promote and encourage, among other things:

- Civic, cultural, and historic education facilitating public understanding of the principles of the Declaration of Independence, the origin and meaning of inalienable rights, American's triumph in the Revolutionary War, the meaning of "E Pluribus Unum," and America's "Charters of Freedom;"
- Awareness of the necessity and virtue in preserving self-government; or
- Honoring of veterans of all generations who have served and sacrificed to preserve freedom in America and around the world.

The Hernando County Public Library System proposes "*Voices of Liberty: Civic Literacy and Living History at the Library*", a year-long, all-ages initiative that promotes civic education, cultural engagement, and historical understanding. Through strategic partnerships—including the Daughters of the American Revolution (DAR) and local veterans' groups—the project will offer inclusive programming that reinforces the values of freedom and equality in honor of individuals who have fought to preserve them.

Key fall programs will include *Founding Principles Family Night*, an interactive experience with stations on the Declaration of Independence, "E Pluribus Unum," and American symbols, and a *Veterans Day Tribute* featuring storytelling and recognition events. In winter, *Civics Through Storytime* will introduce core civic ideas to children and families, supported by a curated *Let Freedom Read!* Winter Reading Challenge and an interactive *American Symbols* exhibit.

In spring 2026, the Library will present a *Charters of Freedom* mini-series exploring America's founding documents, leading into a *Living History Day* with reenactors and student dramatizations. The program will culminate in a community art project, *Freedom Is…*, where patrons of all ages reflect on what freedom means through visual and written expression.

Together, these programs will foster public understanding of the principles of liberty and self-government, cultivate civic pride, and honor those who have protected our freedoms.

4. **Project TimeLine:**
   What is the project's timeline, including key dates or benchmarks.

Fall 2025 (October–December)

- **"Founding Principles Family Night"**
  Interactive, all-ages evening event with hands-on stations on the Declaration of Independence, "E Pluribus Unum," and early American symbols. May include a scavenger hunt, trivia contest, and DAR-led mini-presentations.
- **"Freedom's Women: Heroines of the Revolution"**
  Partner with DAR to present on the roles women played in the Revolutionary War—great for all ages and ties in well with civic and historical education.
- **Veterans Day Tribute (November)**
  Host an intergenerational program that honors local veterans with storytelling, student essays or artwork on "What Freedom Means to Me," and a display of veterans' photos and memorabilia.

Winter 2025–2026 (January–February)

- **"Civics Through Storytime"**
  A short series of themed storytimes for children and families focusing on themes like freedom, unity, and community (books like *We the Kids*, *I Pledge Allegiance*, *Shh! We're Writing the Constitution*).
- **"American Symbols: Interactive Exhibit"** Create a small, kid-friendly walk-through exhibit in the library featuring the Liberty Bell, bald eagle, flag, Great Seal, etc. Include activity sheets for school-age kids.
- **"Let Freedom Read!" Winter Reading Challenge**
  Encourage all ages to read books that explore U.S. history, civic themes, and American heroes. Include a curated booklist for adults, teens, and children.

Spring 2026 (March–June)

- **"Voices of Freedom: Living History Day"**
  Invite reenactors, DAR speakers, or local school drama groups to present short skits or first-person portrayals of historical figures. This can be a capstone event for the project.
- **"Charters of Freedom: A Civic Literacy Pop-Up Series"**
  Mini workshops that highlight the Declaration of Independence, U.S. Constitution, and Bill of Rights. Make them accessible for adults, teens, and homeschool groups.
- **"Freedom Is… Community Art Installation"**
  Invite patrons of all ages to contribute to a public art piece reflecting on what freedom means to

them. Display in the library during the final month of the grant period.

5. **Project Impact:**
   How does the proposed project create public engagement and/or community engagement around Florida's America250 celebrations? Things to consider: estimated project participation numbers; for education products, how will they be distributed and in what amounts; economic impact on the surrounding community; and educational or other public benefit.

Voices of Liberty: Civic Literacy and Living History at the Library is designed to be a cornerstone of Hernando County's contribution to Florida's America250 celebrations. By engaging the public in a series of thoughtful, intergenerational programs that explore America's founding principles and honor the legacy of service and sacrifice, the project will foster a deeper connection to American history and civic identity within Hernando County communities.

Public Engagement and Estimated Participation

The project is expected to engage over **1,000 individuals** across its 11-month span. This includes:

- 200+ attendees across core events such as **Living History Day**, **Veterans Tribute**, and **Founding Principles Family Night**.
- 100+ participants in the **Let Freedom Read!** Winter Reading Challenge.
- 150+ school-age children and families through **Civics Through Storytime** and interactive exhibits.
- Ongoing daily engagement with public exhibits and art installations in library lobby's and children's areas.
- Online reach through social media promotion and recorded content will further extend the project's visibility beyond in-person attendance.

Educational Product Distribution

Educational materials developed or curated for this project—such as take-home civic literacy packets, patriotic bookmarks, activity sheets, and curated reading lists—will be distributed to an estimated **500+ patrons**, including:

- 300 printed educational packets for children and teens (aligned with Florida curriculum standards).

- 100 civic reading guides and handouts for adults and educators.
- 100 printed community engagement forms to encourage submissions to the "Freedom Is…" community art installation.

All materials will also be made available digitally through the library's website and social media, allowing schools and homeschool families to download resources at any time.

Economic and Community Benefit

The project supports local economic activity by:

- Partnering with local vendors, artists, and reenactors who will be compensated for participating in events.
- Attracting foot traffic to the four (4) library locations and adjacent businesses during large events.
- Strengthening community pride and engagement, which has indirect positive effects on civic participation and local quality of life.

The library will also collaborate with the local chapter of the **Daughters of the American Revolution**, veterans' groups, and schools—encouraging inter-organizational partnerships and amplifying local impact.

Public and Educational Value

This initiative directly supports Florida's America250 goals by:

- Providing free, accessible, and inclusive civic education.
- Creating shared learning experiences for people of all ages and backgrounds.
- Highlighting Florida's role in the broader American story through local perspectives.
- Encouraging reflection on American identity, unity, and civil participation.

In doing so, *Voices of Liberty* will help ensure that Florida's America250 celebration is not only a commemoration of the past, but also a call to civic responsibility, community cohesion, and lifelong learning.

TITLE

Ratification of Donation Agreement Through County Travel Trailer Unit Program for Disaster Housing Relief

BRIEF OVERVIEW

The primary goal of the 2024 Hurricanes Helene/Milton Post Disaster Housing Plan ("Disaster Housing Plan") is to ensure that all survivors of Hurricanes Helene and Milton in Hernando County who do not have their own housing solutions are referred to suitable housing programs. These programs may be for-profit (insurance), governmental (federal, state, and county), or nonprofit and are designed to meet survivors' needs, both immediate and long-term.

The Travel Trailer Units (TTU) [State Donated] Program, made possible by TTUs donated by the Florida Division of Emergency Management to requesting counties within Florida, will be overseen by the Disaster Housing Working Group. The Disaster Housing Working Group will determine the survivor's eligibility to be granted one of these donated TTUs to satisfy the survivor's short-term or long-term post-disaster housing needs. This process ensures that the TTUs are allocated to those most in need.

The Disaster Housing Plan was approved by the Board of County Commissioners on March 11, 2025.

Attached for ratification by the Board is one Donation Agreement signed by the County Administrator for Eric Kessler of 20043 Rainbow Drive, executed in August of 2025:

FINANCIAL IMPACT

Disaster Case Management staff shall verify whether the applicant can financially afford to pay the title transfer cost for the awarded TTU, utility installation at the proposed TTU location, and monthly costs of related utilities and/or site rental if the recipient places the TTU in a commercial park.

The County will NOT pay for any of the aforementioned costs. Disaster Case Management staff will refer applicant to the United Way of Hernando County or affiliated non-profit organizations that may offer financial assistance based on the organization's award criteria.

LEGAL NOTE

The Board is authorized to act upon this matter pursuant to Chapters 125 and 252, Florida Statutes.

RECOMMENDATION

It is recommended that the Board ratify the attached Donation Agreement that was signed by the County Administrator in August of 2025.

5. **Time.** Unless specified otherwise, all references to "days" within this Agreement refer to calendar days.

6. **Term of Agreement.** This Agreement shall commence upon full execution by both Parties ("Effective Date") and continue through June 30, 2027. If the Agency does not complete the Project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed prior to the Effective Date or after the expiration date of this Agreement will not be reimbursed by the Department.

   a. __ If this box is checked the following provision applies:

   Unless terminated earlier, work on the Project shall commence no later than the __ day of __, or within __ days of the issuance of the Notice to Proceed for the construction phase of the Project (if the Project involves construction), whichever date is earlier. The Department shall have the option to immediately terminate this Agreement should the Agency fail to meet the above-required dates.

7. **Amendments, Extensions, and Assignment.** This Agreement may be amended or extended upon mutual written agreement of the Parties. This Agreement shall not be renewed. This Agreement shall not be assigned, transferred, or otherwise encumbered by the Agency under any circumstances without the prior written consent of the Department.

8. **Termination or Suspension of Project.** The Department may, by written notice to the Agency, suspend any or all of the Department's obligations under this Agreement for the Agency's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected.

   a. Notwithstanding any other provision of this Agreement, if the Department intends to terminate the Agreement, the Department shall notify the Agency of such termination in writing at least thirty (30) days prior to the termination of the Agreement, with instructions to the effective date of termination or specify the stage of work at which the Agreement is to be terminated.

   b. The Parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the Parties shall agree upon the termination conditions.

   c. If the Agreement is terminated before performance is completed, the Agency shall be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed the equivalent percentage of the Department's maximum financial assistance. If any portion of the Project is located on the Department's right-of-way, then all work in progress on the Department right-of-way will become the property of the Department and will be turned over promptly by the Agency.

   d. In the event the Agency fails to perform or honor the requirements and provisions of this Agreement, the Agency shall promptly refund in full to the Department within thirty (30) days of the termination of the Agreement any funds that were determined by the Department to have been expended in violation of the Agreement.

Docusign Envelope ID: 3416BDA6-7AD1-4C89-A48E-D8617E9ED35F

e. The Department reserves the right to unilaterally cancel this Agreement for failure by the Agency to comply with the Public Records provisions of Chapter 119, Florida Statutes.

9. Project Cost:

a. The estimated total cost of the Project is $701,054. This amount is based upon **Exhibit "B", Schedule of Financial Assistance**. The timeline for deliverables and distribution of estimated amounts between deliverables within a grant phase, as outlined in **Exhibit "B", Schedule of Financial Assistance**, may be modified by mutual written agreement of the Parties and does not require execution of an **Amendment to the Public Transportation Grant Agreement**. The timeline for deliverables and distribution of estimated amounts between grant phases requires an amendment executed by both Parties in the same form as this Agreement.

b. The Department agrees to participate in the Project cost up to the maximum amount of $350,527 and, the Department's participation in the Project shall not exceed 50.00% of the total eligible cost of the Project, and as more fully described in **Exhibit "B'', Schedule of Financial Assistance**. The Agency agrees to bear all expenses in excess of the amount of the Department's participation and any cost overruns or deficits involved.

10. Compensation and Payment:

a. Eligible Cost. The Department shall reimburse the Agency for allowable costs incurred as described in **Exhibit "A"**, **Project Description and Responsibilities**, and as set forth in **Exhibit "B", Schedule of Financial Assistance**.

b. Deliverables. The Agency shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described more fully in **Exhibit "A", Project Description and Responsibilities**. Modifications to the deliverables in **Exhibit "A", Project Description and Responsibilities** requires a formal written amendment.

c. Invoicing. Invoices shall be submitted no more often than monthly by the Agency in detail sufficient for a proper pre-audit and post-audit, based on the quantifiable, measurable, and verifiable deliverables as established in **Exhibit "A", Project Description and Responsibilities**. Deliverables and costs incurred must be received and approved by the Department prior to reimbursement. Requests for reimbursement by the Agency shall include an invoice, progress report, and supporting documentation for the deliverables being billed that are acceptable to the Department. The Agency shall use the format for the invoice and progress report that is approved by the Department.

d. Supporting Documentation. Supporting documentation must establish that the deliverables were received and accepted in writing by the Agency and must also establish that the required minimum standards or level of service to be performed based on the criteria for evaluating successful completion as specified in **Exhibit "A", Project Description and Responsibilities** has been met. All costs invoiced shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in proper detail the nature and propriety of charges as described in **Exhibit "F", Contract Payment Requirements**.

e. Travel Expenses. The selected provision below is controlling regarding travel expenses:

__ Travel expenses are NOT eligible for reimbursement under this Agreement.

X Travel expenses ARE eligible for reimbursement under this Agreement. Bills for travel expenses specifically authorized in this Agreement shall be submitted on the Department's

Docusign Envelope ID: 3416BDA6-7AD1-4C89-A48E-D8617E9ED35F

Contractor Travel Form No. 300-000-06 and will be paid in accordance with Section 112.061, Florida Statutes, and the most current version of the Department's Disbursement Handbook for Employees and Managers.

f. Financial Consequences. Payment shall be made only after receipt and approval of deliverables and costs incurred unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes, or the Department's Comptroller under Section 334.044(29), Florida Statutes. If the Department determines that the performance of the Agency is unsatisfactory, the Department shall notify the Agency of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Agency shall, within thirty (30) days after notice from the Department, provide the Department with a corrective action plan describing how the Agency will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Agency will not be reimbursed. If the deficiency is subsequently resolved, the Agency may bill the Department for the amount that was previously not reimbursed during the next billing period. If the Agency is unable to resolve the deficiency, the funds shall be forfeited at the end of the Agreement's term.

g. Invoice Processing. An Agency receiving financial assistance from the Department should be aware of the following time frames. Inspection or verification and approval of deliverables shall take no longer than 20 days from the Department's receipt of the invoice. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the deliverables are received, inspected or verified, and approved.

If a payment is not available within 40 days, a separate interest penalty at a rate as established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount, to the Agency. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices that have to be returned to an Agency because of Agency preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agency who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

h. Records Retention. The Agency shall maintain an accounting system or separate accounts to ensure funds and projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these records shall be furnished to the Department upon request. Records of costs incurred include the Agency's general accounting records and the Project records, together with supporting documents and records, of the Contractor and all subcontractors performing work on the Project, and all other records of the Contractor and subcontractors considered necessary by the Department for a proper audit of costs.

i. Progress Reports. Upon request, the Agency agrees to provide progress reports to the Department in the standard format used by the Department and at intervals established by the Department. The Department will be entitled at all times to be advised, at its request, as to the status of the Project and of details thereof.

Docusign Envelope ID: 3416BDA6-7AD1-4C89-A48E-D8617E9ED35F

j. **Submission of Other Documents.** The Agency shall submit to the Department such data, reports, records, contracts, and other documents relating to the Project as the Department may require as listed in **Exhibit "E", Program Specific Terms and Conditions** attached to and incorporated into this Agreement.

k. **Offsets for Claims.** If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement that it has with the Agency owing such amount if, upon written demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

l. **Final Invoice.** The Agency must submit the final invoice on the Project to the Department within 120 days after the completion of the Project. Invoices submitted after the 120-day time period may not be paid.

m. **Department's Performance and Payment Contingent Upon Annual Appropriation by the Legislature.** The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this Project is in multiple fiscal years, a notice of availability of funds from the Department's project manager must be received prior to costs being incurred by the Agency. See **Exhibit "B", Schedule of Financial Assistance** for funding levels by fiscal year. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

A cost policy statement and de minimis certification form must be submitted to the Department for review and approval.

Failure to obtain such approval, and subsequent execution of an amendment to the Agreement if required, shall be sufficient cause for nonpayment by the Department, in accordance with this Agreement.

c. **Consultants' Competitive Negotiation Act.** It is understood and agreed by the Parties to this Agreement that participation by the Department in a project with the Agency, where said project involves a consultant contract for professional services, is contingent on the Agency's full compliance with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act.     c. The terms of provisions “a” and “b” above shall survive the termination of this Agreement.

        i. The terms shall remain in full force and effect throughout the useful life of facilities developed, equipment acquired, or Project items installed within a facility, but shall not exceed twenty (20) years from the effective date of this Agreement.

The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.

If the Agency fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:

The policy/ies and coverage described herein may be subject to a deductible and such deductibles shall be paid by the Named Insured. No policy/ies or coverage described herein may contain or be subject to a Retention or a Self-Insured Retention unless the Agency is a state agency or subdivision of the State of Florida that elects to self-perform the Project. Prior to the execution of the Agreement, and at all renewal periods which occur prior to final acceptance of the work, the Department shall be provided with an ACORD Certificate of Liability Insurance reflecting the coverage described herein. The Department shall be notified in writing within ten days of any cancellation, notice of cancellation, lapse, renewal, or proposed change to any policy or coverage described herein. The insurance described herein shall be maintained through final acceptance of the work. Both the Department and the railroad shall be notified in writing within ten days of any cancellation, notice of cancellation, renewal, or proposed change to any policy or coverage described herein. The Department's approval or failure to disapprove any policy/ies, coverage, or ACORD Certificates shall not relieve or excuse any obligation to procure and maintain the insurance required herein, nor serve as a waiver of any rights the Department may have.

e. When the Agreement involves work on or in the vicinity of utility-owned property or facilities, the utility shall be added along with the Department as an Additional Insured on the Commercial General Liability policy/ies procured above.

Contract Payment Requirements
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

(1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

(2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

(3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.

(4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.

(5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.

(6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and/or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

5. **Time.** Unless specified otherwise, all references to "days" within this Agreement refer to calendar days.

6. **Term of Agreement.** This Agreement shall commence upon full execution by both Parties ("Effective Date") and continue through June 30, 2027. If the Agency does not complete the Project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed prior to the Effective Date or after the expiration date of this Agreement will not be reimbursed by the Department.

   a. __ If this box is checked the following provision applies:

   Unless terminated earlier, work on the Project shall commence no later than the __ day of __, or within __ days of the issuance of the Notice to Proceed for the construction phase of the Project (if the Project involves construction), whichever date is earlier. The Department shall have the option to immediately terminate this Agreement should the Agency fail to meet the above-required dates.

7. **Amendments, Extensions, and Assignment.** This Agreement may be amended or extended upon mutual written agreement of the Parties. This Agreement shall not be renewed. This Agreement shall not be assigned, transferred, or otherwise encumbered by the Agency under any circumstances without the prior written consent of the Department.

8. **Termination or Suspension of Project.** The Department may, by written notice to the Agency, suspend any or all of the Department's obligations under this Agreement for the Agency's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected.

   a. Notwithstanding any other provision of this Agreement, if the Department intends to terminate the Agreement, the Department shall notify the Agency of such termination in writing at least thirty (30) days prior to the termination of the Agreement, with instructions to the effective date of termination or specify the stage of work at which the Agreement is to be terminated.

   b. The Parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the Parties shall agree upon the termination conditions.

   c. If the Agreement is terminated before performance is completed, the Agency shall be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed the equivalent percentage of the Department's maximum financial assistance. If any portion of the Project is located on the Department's right-of-way, then all work in progress on the Department right-of-way will become the property of the Department and will be turned over promptly by the Agency.

   d. In the event the Agency fails to perform or honor the requirements and provisions of this Agreement, the Agency shall promptly refund in full to the Department within thirty (30) days of the termination of the Agreement any funds that were determined by the Department to have been expended in violation of the Agreement.

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

e. The Department reserves the right to unilaterally cancel this Agreement for failure by the Agency to comply with the Public Records provisions of Chapter 119, Florida Statutes.

9. Project Cost:

a. The estimated total cost of the Project is $975,716. This amount is based upon **Exhibit "B", Schedule of Financial Assistance**. The timeline for deliverables and distribution of estimated amounts between deliverables within a grant phase, as outlined in **Exhibit "B", Schedule of Financial Assistance**, may be modified by mutual written agreement of the Parties and does not require execution of an **Amendment to the Public Transportation Grant Agreement**. The timeline for deliverables and distribution of estimated amounts between grant phases requires an amendment executed by both Parties in the same form as this Agreement.

b. The Department agrees to participate in the Project cost up to the maximum amount of $487,858 and, the Department's participation in the Project shall not exceed 50.00% of the total eligible cost of the Project, and as more fully described in **Exhibit "B'', Schedule of Financial Assistance**. The Agency agrees to bear all expenses in excess of the amount of the Department's participation and any cost overruns or deficits involved.

10. Compensation and Payment:

a. Eligible Cost. The Department shall reimburse the Agency for allowable costs incurred as described in **Exhibit "A"**, **Project Description and Responsibilities**, and as set forth in **Exhibit "B", Schedule of Financial Assistance**.

b. Deliverables. The Agency shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described more fully in **Exhibit "A", Project Description and Responsibilities**. Modifications to the deliverables in **Exhibit "A", Project Description and Responsibilities** requires a formal written amendment.

c. Invoicing. Invoices shall be submitted no more often than monthly by the Agency in detail sufficient for a proper pre-audit and post-audit, based on the quantifiable, measurable, and verifiable deliverables as established in **Exhibit "A", Project Description and Responsibilities**. Deliverables and costs incurred must be received and approved by the Department prior to reimbursement. Requests for reimbursement by the Agency shall include an invoice, progress report, and supporting documentation for the deliverables being billed that are acceptable to the Department. The Agency shall use the format for the invoice and progress report that is approved by the Department.

d. Supporting Documentation. Supporting documentation must establish that the deliverables were received and accepted in writing by the Agency and must also establish that the required minimum standards or level of service to be performed based on the criteria for evaluating successful completion as specified in **Exhibit "A", Project Description and Responsibilities** has been met. All costs invoiced shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in proper detail the nature and propriety of charges as described in **Exhibit "F", Contract Payment Requirements**.

e. Travel Expenses. The selected provision below is controlling regarding travel expenses:

__ Travel expenses are NOT eligible for reimbursement under this Agreement.

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

X Travel expenses ARE eligible for reimbursement under this Agreement. Bills for travel expenses specifically authorized in this Agreement shall be submitted on the Department's Contractor Travel Form No. 300-000-06 and will be paid in accordance with Section 112.061, Florida Statutes, and the most current version of the Department's Disbursement Handbook for Employees and Managers.

f. **Financial Consequences.** Payment shall be made only after receipt and approval of deliverables and costs incurred unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes, or the Department's Comptroller under Section 334.044(29), Florida Statutes. If the Department determines that the performance of the Agency is unsatisfactory, the Department shall notify the Agency of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Agency shall, within thirty (30) days after notice from the Department, provide the Department with a corrective action plan describing how the Agency will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Agency will not be reimbursed. If the deficiency is subsequently resolved, the Agency may bill the Department for the amount that was previously not reimbursed during the next billing period. If the Agency is unable to resolve the deficiency, the funds shall be forfeited at the end of the Agreement's term.

g. **Invoice Processing.** An Agency receiving financial assistance from the Department should be aware of the following time frames. Inspection or verification and approval of deliverables shall take no longer than 20 days from the Department's receipt of the invoice. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the deliverables are received, inspected or verified, and approved.

If a payment is not available within 40 days, a separate interest penalty at a rate as established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount, to the Agency. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices that have to be returned to an Agency because of Agency preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agency who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

h. **Records Retention.** The Agency shall maintain an accounting system or separate accounts to ensure funds and projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these records shall be furnished to the Department upon request. Records of costs incurred include the Agency's general accounting records and the Project records, together with supporting documents and records, of the Contractor and all subcontractors performing work on the Project, and all other records of the Contractor and subcontractors considered necessary by the Department for a proper audit of costs.

i. **Progress Reports.** Upon request, the Agency agrees to provide progress reports to the Department in the standard format used by the Department and at intervals established by the Department. The Department will be entitled at all times to be advised, at its request, as to the status of the Project and of details thereof.

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

j. **Submission of Other Documents.** The Agency shall submit to the Department such data, reports, records, contracts, and other documents relating to the Project as the Department may require as listed in **Exhibit "E", Program Specific Terms and Conditions** attached to and incorporated into this Agreement.

k. **Offsets for Claims.** If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement that it has with the Agency owing such amount if, upon written demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

l. **Final Invoice.** The Agency must submit the final invoice on the Project to the Department within 120 days after the completion of the Project. Invoices submitted after the 120-day time period may not be paid.

m. **Department's Performance and Payment Contingent Upon Annual Appropriation by the Legislature.** The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this Project is in multiple fiscal years, a notice of availability of funds from the Department's project manager must be received prior to costs being incurred by the Agency. See **Exhibit "B", Schedule of Financial Assistance** for funding levels by fiscal year. Project costs utilizing any fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

n. **Limits on Contracts Exceeding $25,000 and Term more than 1 Year.** In the event this Agreement is in excess of $25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

> "The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

o. **Agency Obligation to Refund Department.** Any Project funds made available by the Department pursuant to this Agreement that are determined by the Department to have been expended by the Agency in violation of this Agreement or any other applicable law or regulation shall be promptly refunded in full to the Department. Acceptance by the Department of any documentation or certifications, mandatory or otherwise permitted, that the Agency files shall not constitute a waiver of the Department's rights as the funding agency to verify all information at a later date by audit or investigation.

p. **Non-Eligible Costs.** In determining the amount of the payment, the Department will exclude all Project costs incurred by the Agency prior to the execution of this Agreement, costs incurred

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

after the expiration of the Agreement, costs that are not provided for in **Exhibit "A"**, **Project Description and Responsibilities**, and as set forth in **Exhibit "B", Schedule of Financial Assistance**, costs agreed to be borne by the Agency or its contractors and subcontractors for not meeting the Project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangement that has not been approved in writing by the Department. Specific unallowable costs may be listed in **Exhibit "A"**, **Project Description and Responsibilities.**

11. **General Requirements.** The Agency shall complete the Project with all practical dispatch in a sound, economical, and efficient manner, and in accordance with the provisions in this Agreement and all applicable laws.

    a. **Necessary Permits Certification.** The Agency shall certify to the Department that the Agency's design consultant and/or construction contractor has secured the necessary permits.

    b. **Right-of-Way Certification.** If the Project involves construction, then the Agency shall provide to the Department certification and a copy of appropriate documentation substantiating that all required right-of-way necessary for the Project has been obtained. Certification is required prior to authorization for advertisement for or solicitation of bids for construction of the Project, even if no right-of-way is required.

    c. **Notification Requirements When Performing Construction on Department's Right-of-Way.** In the event the cost of the Project is greater than $250,000.00, and the Project involves construction on the Department's right-of-way, the Agency shall provide the Department with written notification of either its intent to:

        i. Require the construction work of the Project that is on the Department's right-of-way to be performed by a Department prequalified contractor, or

        ii. Construct the Project utilizing existing Agency employees, if the Agency can complete said Project within the time frame set forth in this Agreement.

    d. __ If this box is checked, then the Agency is permitted to utilize its own forces and the following provision applies: **Use of Agency Workforce.** In the event the Agency proceeds with any phase of the Project utilizing its own forces, the Agency will only be reimbursed for direct costs (this excludes general overhead).

    e. __ If this box is checked, then the Agency is permitted to utilize **Indirect Costs: Reimbursement for Indirect Program Expenses** (select one):

        i. __ Agency has selected to seek reimbursement from the Department for actual indirect expenses (no rate).

        ii. __ Agency has selected to apply a de minimus rate of 15% to modified total direct costs. Note: The de minimus rate is available only to entities that have never had a negotiated indirect cost rate. When selected, the de minimus rate must be used consistently for all federal awards until such time the agency chooses to negotiate a rate. A cost policy statement and de minimis certification form must be submitted to the Department for review and approval.

        iii. __ Agency has selected to apply a state or federally approved indirect cost rate. A federally approved rate agreement or indirect cost allocation plan (ICAP) must be submitted annually.

    f. **Agency Compliance with Laws, Rules, and Regulations, Guidelines, and Standards.** The Agency shall comply and require its contractors and subcontractors to comply with all terms

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this Project.

g. **Claims and Requests for Additional Work.** The Agency shall have the sole responsibility for resolving claims and requests for additional work for the Project. The Agency will make best efforts to obtain the Department's input in its decisions. The Department is not obligated to reimburse for claims or requests for additional work.

12. Contracts of the Agency:

a. **Approval of Third Party Contracts.** The Department specifically reserves the right to review and approve any and all third party contracts with respect to the Project before the Agency executes or obligates itself in any manner requiring the disbursement of Department funds, including consultant and purchase of commodities contracts, or amendments thereto. If the Department chooses to review and approve third party contracts for this Project and the Agency fails to obtain such approval, that shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same. If Federal Transit Administration (FTA) funds are used in the Project, the Department must exercise the right to third party contract review.

b. **Procurement of Commodities or Contractual Services.** It is understood and agreed by the Parties hereto that participation by the Department in a project with the Agency, where said project involves the purchase of commodities or contractual services where purchases or costs exceed the Threshold Amount for CATEGORY TWO per Section 287.017, Florida Statutes, is contingent on the Agency complying in full with the provisions of Section 287.057, Florida Statutes. The Agency's Authorized Official shall certify to the Department that the Agency's purchase of commodities or contractual services has been accomplished in compliance with Section 287.057, Florida Statutes. It shall be the sole responsibility of the Agency to ensure that any obligations made in accordance with this Section comply with the current threshold limits. Contracts, purchase orders, task orders, construction change orders, or any other agreement that would result in exceeding the current budget contained in **Exhibit "B", Schedule of Financial Assistance**, or that is not consistent with the Project description and scope of services contained in **Exhibit "A", Project Description and Responsibilities** must be approved by the Department prior to Agency execution. Failure to obtain such approval, and subsequent execution of an amendment to the Agreement if required, shall be sufficient cause for nonpayment by the Department, in accordance with this Agreement.

c. **Consultants' Competitive Negotiation Act.** It is understood and agreed by the Parties to this Agreement that participation by the Department in a project with the Agency, where said project involves a consultant contract for professional services, is contingent on the Agency's full compliance with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act. In all cases, the Agency's Authorized Official shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

d. **Disadvantaged Business Enterprise (DBE) Policy and Obligation.** It is the policy of the Department that DBEs, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement. The Agency and its contractors agree to ensure that DBEs have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBEs have the opportunity to compete for and perform contracts. The Agency and its contractors

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

13. **Maintenance Obligations.** In the event the Project includes construction or the acquisition of commodities then the following provisions are incorporated into this Agreement:

    a. The Agency agrees to accept all future maintenance and other attendant costs occurring after completion of the Project for all improvements constructed or commodities acquired as part of the Project. The terms of this provision shall survive the termination of this Agreement.

14. **Sale, Transfer, or Disposal of Department-funded Property:**

    a. The Agency will not sell or otherwise transfer or dispose of any part of its title or other interests in real property, facilities, or equipment funded in any part by the Department under this Agreement without prior written approval by the Department.

    b. If a sale, transfer, or disposal by the Agency of all or a portion of Department-funded real property, facilities, or equipment is approved by the Department, the following provisions will apply:

        i. The Agency shall reimburse the Department a proportional amount of the proceeds of the sale of any Department-funded property.

        ii. The proportional amount shall be determined on the basis of the ratio of the Department funding of the development or acquisition of the property multiplied against the sale amount, and shall be remitted to the Department within ninety (90) days of closing of sale.

        iii. Sale of property developed or acquired with Department funds shall be at market value as determined by appraisal or public bidding process, and the contract and process for sale must be approved in advance by the Department.

        iv. If any portion of the proceeds from the sale to the Agency are non-cash considerations, reimbursement to the Department shall include a proportional amount based on the value of the non-cash considerations.

    c. The terms of provisions “a” and “b” above shall survive the termination of this Agreement.

        i. The terms shall remain in full force and effect throughout the useful life of facilities developed, equipment acquired, or Project items installed within a facility, but shall not exceed twenty (20) years from the effective date of this Agreement.

        ii. There shall be no limit on the duration of the terms with respect to real property acquired with Department funds.

15. **Single Audit.** The administration of Federal or State resources awarded through the Department to the Agency by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or State financial assistance or limit the authority of any state agency inspector general, the State of Florida Auditor General, or any other state official. The Agency shall comply with all audit and audit reporting requirements as specified below.

    Federal Funded:

    a. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

Department staff and/or other procedures, including reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the Agency agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The Agency further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO), or State of Florida Auditor General.

b. The Agency, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a subrecipient of a Federal award awarded by the Department through this Agreement, is subject to the following requirements:

i. In the event the Agency expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the Agency must have a Federal single or program-specific audit conducted for such fiscal year in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit "H", Audit Requirements for Awards of Federal Financial Assistance**, to this Agreement provides the required Federal award identification information needed by the Agency to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining Federal awards expended in a fiscal year, the Agency must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the Department by this Agreement. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

ii. In connection with the audit requirements, the Agency shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.

iii. In the event the Agency expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the Agency is exempt from Federal audit requirements for that fiscal year. However, the Agency must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Agency's audit period for each applicable audit year. In the event the Agency expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the Agency's resources obtained from other than Federal entities).

iv. The Agency must electronically submit to the Federal Audit Clearinghouse (FAC) at https://harvester.census.gov/facweb/ the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.

Docusign Envelope ID: D0B74694-63AE-40A1-8E7D-554D6061034B

v. Within six months of acceptance of the audit report by the FAC, the Department will review the Agency's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the Agency fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:

1. Temporarily withhold cash payments pending correction of the deficiency by the Agency or more severe enforcement action by the Department;
2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
3. Wholly or partly suspend or terminate the Federal award;
4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
5. Withhold further Federal awards for the Project or program;
6. Take other remedies that may be legally available.

vi. As a condition of receiving this Federal award, the Agency shall permit the Department or its designee, the CFO, or State of Florida Auditor General access to the Agency's records, including financial statements, the independent auditor's working papers, and project records as necessary. 11. Formula Information. As authorized in Section 341.052, F.S., the annual appropriation in the program is divided by formula and then distributed to each eligible transit system. The formula described below is adjusted each year based on data received from the transit systems' federally required National Transit Data (NTD) report. A copy of the NTD report is required to be sent to the Department each year.

Distribution is accomplished through a multiple step process. 15% of the appropriation is given to the Commission for the Transportation Disadvantaged to be distributed to the Community Transportation Coordinators in accordance with Chapter 427, F.S. The remaining 85% is divided into three equal portions. Each eligible transit system gets a percentage of the first portion based on their percentage of total population served; the second portion is allocated based on their percentage of total revenue miles of service provided; and the third portion is allocated based on their percentage of total passengers carried. The total from all three portions is the total available allocation for each eligible transit system in the state.

Contract Payment Requirements
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

(1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

(2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

(3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.

(4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.

(5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.

(6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and/or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

TITLE

Utility Agreement Between Hernando County Water and Sewer District and Lennar Homes, LLC, for Freedom Ridge Offsite Improvements to Coastal Way Pump Station and Oversizing of Offsite Utilities for Utilities Department

BRIEF OVERVIEW

Lennar Homes, LLC (Developer) is developing Freedom Ridge, a residential subdivision of approximately 250 lots, on parcels south of the Sam's Club on Cortez Boulevard. Attached for the board's consideration is a water and sewer oversizing agreement to allow for the construction of the infrastructure and improvements to provide water and sewer service to the development. Per the agreement, the developer will be constructing the necessary infrastructure and capacity upgrades to service the development. HCUD is also asking for the developer to oversize the water and wastewater system to service the additional needs of the County.

For sewer connection, the developer will be constructing a new 6" wastewater force main from the development across SR50 and connect to HCUD's existing pump station. Since the development only requires a 4" force main, HCUD would reimburse the developer to oversize a portion of the force main to 6" for future septic to sewer connections. For the existing pump station, the developer will be upgrading the pumps and electrical system as well as provide a standby generator for backup (at the developer's expense). While under construction, the developer agrees to perform a full maintenance rehabilitation of the pump station, replacing worn piping, valves, and recoating the wet-well as well as installing odor control. HCUD would reimburse the developer for the maintenance rehab work and odor control installation.

For the water connection, the developer agrees to install approximately 1,200 feet of 16-inch water main to service the development. Since the development only requires an 8" connection, HCUD would reimburse the developer to oversize the water main to 16" to deliver more water to the SR50/Mariner Corridor (a current master planned project).

FINANCIAL IMPACT

Funds in the amount of $455,986.28 will be available in the FY26 budget in the following accounts:

Fund: 4132 - HCUD Connection Fee-Water, **Department: 07213** - Connection Fees-Water, **Account: 5626302** - Improv-Water Line Upgrade - Amount - **$201,146.54**

Fund: 4133 - HCUD Connection Fee-Sewer, **Department: 07215** - Connection Fees-Sewer, **Account: 5626323** - Improv-WWTP/Liftstation - Amount - **$254,839.74**

LEGAL NOTE

The Board has authority to act on this matter pursuant to Chapter 125, Florida Statute.

RECOMMENDATION

It is recommended the Board approve and authorize the Chairman's signature on the attached oversizing agreement with Lennar Homes, LLC for the Freedom Ridge offsite improvements.

TITLE
Acceptance of Perpetual Utility Easement From CFT NV Developments, LLC, a/k/a Panda Express With Hernando County Water and Sewer District for Existing Utility Infrastructure Located at 7165 Mariner Boulevard

BRIEF OVERVIEW
In the late 1990's, an easement at Key No. 710519 was given by the owners of Barnett Bank (which parcel is now owned by CFT NV Developments, LLC) to Eckerds (now CVS) to allow construction of wastewater infrastructure for both entities; however, after construction was completed, the proposed utility easement for the improvements was never dedicated to Hernando County Utilities (HCUD) by the Developer.

This Easement will correct the oversight and provide Hernando County Utilities Department (HCUD) access to its existing utility infrastructure on the property for the purposes of repairs, upgrades, maintenance, etc., as necessary.

FINANCIAL IMPACT
No financial impact.

LEGAL NOTE
The Board has the authority to act on this item pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION
It is recommended that the Board accept the attached Perpetual Utility Easement from CFT NV Developments, LLC.

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.

- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.
  - Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).

The attached request for disbursement does not appear to be in compliance with Hernando County Purchasing Policy and Procedures, for the following reason:

The invoice was received by the Department of Public Works in December 2024. There was a delay at Tetra Tech with processing the final invoice for back office work completed for TS Debby and the Emergency Purchase Order (24000931) was closed as the only bill received was Inv 52308413 for services through 8/23/2024. Due to delays at Tetra Tech with Hurricanes Helene and Milton impacts, the finalization of services for back office work in October were not invoiced until December 2024.

MEMORANDUM

TO: **Carla Rossiter-Smith, Chief Procurement Officer**

FROM: **Lillian Hoyt, Finance Manager**

DATE: **June 17, 2025**

RE: **Exception payment for Invoice from Tetra Tech for PTC424-TS Debby**

In August 2024 Hernando County was in preparations and minor impact from Tropical Storm Debby. Emergency Purchase Order #24000931 was issued for Storm Monitoring services in the event of a major impact. We received an invoice for services through August 23, 2024, at the end of September and thought this was the complete billing for these services. Invoice 52308413 was processed as final payment, and the purchase order was closed out.

In December of 2024, we received an additional invoice for Data Manager and Administration time for back-office processes that went into October 2024. Due to the impacts of Hurricanes Helene and Milton in late August/September 2024, the invoicing and completion of these back-office project close out at Tetra Tech were delayed.

We requested additional clarification from Tetra Tech in December, however, due to email contact limits for this project since there was not a major impact, no response was received from Tetra Tech. Today, a follow up phone call from Tetra Tech provided the requested clarification of the October service dates for a storm impact in early August.

We request processing of the payment in the amount of $2,771.08 for services rendered in response to TS Debby with a final billing period ending October 25, 2024.

Good morning, sharing Legal's opinion on how to proceed with the M&G contracts. You'll see that the Novation is no longer an option. Legal's direction may not be the outcome we'd hoped for but does provide clarity on moving ahead.

Gina and Nick: please submit Intake Requests for a new Term ITB for services needed by your respective departments. Please proceed to pay the appropriate vendor(s) for work performed – if Time Savers performed work then pay via PPE (which go directly to Carla). If M & G performed work, then pay per the PO. For all future work, please obtain a written quote. If the quote is under $5K, then process accordingly via RQ – but please do not refer back to contract as the RQ will be treated as a standalone RQ. If the written quote is over $5K then reach out to me for next steps.

Gina: Intake Request deadline: **this Friday, 4/25.**
Nick: Intake Request deadline: **next Friday, 5/2.**

Joe or Julie: please prepare the termination of convenience letter for contract **#T00043 and send to Legal no later than Wednesday, 4/23**. Hoping Legal can provide approval by 5/7, which could mean a termination date of: 8/7/25.

Fran/Lindsey/Mary: FYI as you may see the RQs.

Thanks everyone, and please reach out to me with any questions or concerns. -cht

Subject: LR 22-095-4 - M&G Lawn Service - Contracts T00034 and T00043.

Hey, Cathy:

Background: M&G has two contracts with the County, T00034 and T00043. Time Savers purchased M&G's assets and rights under the two contracts, but did not assume the contractual obligations. Therefore, technically, Time Savers doesn't have to do the contract work; however, as long as the work gets done, regardless of what company does it, Time Savers is entitled to payment for that work. Due to litigation between M&G and Time Savers, M&G has refused to sign a novation for Time Savers to assume either contract.

As to T00034 – This contract will expire on June 27, 2025. Therefore, you can unilaterally renew the contract; if you do, Time Savers will continue to receive payment under that contract as long as the work gets done, regardless of who does the work. Keep in mind, however, that you cannot compel Time Savers to perform the contract. Of course, if no one performs the work, Time Savers will not get paid. For these reasons, it's better to allow this contract to expire. Keep in mind, you will have to put the project out to bid and time your solicitation so that there is a new contract in place by June 27, 2025.

As to T00043 – This contract's current renewal period doesn't expire until March 21, 2026. Based on the above reasons, it's best to terminate the contract for convenience with 90 days' notice under section 31.2 of the contract. Just as with T00034, you'll have to put the project out to bid. Time your notice of termination and solicitation accordingly. (Notice of termination will go to M&G, with a courtesy copy to Time Savers.)

Please let me know if you have any questions or concerns.

This LR is concluded.

Melissa A. Tartaglia

PROFESSIONAL is advised that the COUNTY has entered into an agreement with U.S. Immigration and Customs Enforcement (ICE) wherein the COUNTY will, in part, seek to promote the principles of ethical business conduct, prevent the knowing hiring of unauthorized workers through self-governance, and encourage voluntary reporting of the discovery of unauthorized workers to ICE (the IMAGE Agreement). Accordingly, by entering into this Agreement, PROFESSIONAL represents and warrants (a) that the PROFESSIONAL is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States, (b) that all of the PROFESSIONAL employees are legally eligible to work in the United States, and (c) that the PROFESSIONAL has actively and affirmatively verified such eligibility utilizing the Federal Government's Employment Verification Eligibility Form (I-9 Form).

A mere allegation of PROFESSIONAL's intent to use and/or current use of unauthorized workers may not be a basis to delay the COUNTY'S award of a contract to the PROFESSIONAL unless such an allegation has been determined to be factual by ICE pursuant to an investigation conducted by ICE prior to the date the contract is scheduled to be awarded by the COUNTY.

Legitimate claims of the PROFESSIONAL's use of unauthorized workers must be reported to both of the following agencies:

(i) The COUNTY'S Procurement Department at (352) 754-4020: and
(ii) ICE (Immigration and Customs Enforcement) at 1-866-DHS-2-ICE

In the event it is discovered that the PROFESSIONAL's employees are not legally eligible to work in the United States, the COUNTY may, in its sole discretion, demand that the PROFESSIONAL cure this deficiency within a specified time frame, and/or immediately terminate the contract without any cost or penalty to the COUNTY, and/or debar the PROFESSIONAL from bidding on all COUNTY contracts for a period up to twenty-four (24) months, and/or take any and all legal action deemed necessary and appropriate.

PROFESSIONAL is required to incorporate the following IMAGE Best Practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors:

1. Use the Department of Homeland Security employment eligibility verification program (E-Verify) to verify the employment eligibility of all new hires.
2. Use the Social Security Number Verification Service and make good faith effort to correct and verify the names and Social SECURITY numbers of the current workforce.
3. Establish a written hiring and employment eligibility verification policy.
4. Establish an internal compliance and training program related to the hiring and employment verification process, to include, but not limited to, completion of Form I-9, how to detect fraudulent use of documents in the verification process, and how to use E-Verify and the Social Security Number Verification Service.
5. Require the Form I-9 and E-Verify process to be conducted only by individuals who received appropriate training and include secondary review as to each employee's verification to minimize the potential for a single individual to subvert the process.
6. Arrange for annual Form I-9 audits by an external auditing firm or a trained employee not otherwise involved in the Form I-9 process.

2. Limited reliance by Vendor/Contractor on technical data authorized: Vendor/Contractor may rely upon the general accuracy of the technical data contained in such reports and

drawings, but such reports and drawings are not Contract Documents. Such technical data is identified in the Quote/Contract Documents. Except for such reliance on such technical data, Vendor/Contractor may not rely upon or make any claim against Owner or Engineer, or any of their related entities with respect to:

a. The completeness of such reports and drawings for Vendor/Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Vendor/Contractor,

b. Other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

c. Any Vendor/Contractor interpretation of or conclusion drawn from any technical data or any such other data, interpretations, opinions, or information.

d.

3. Differing Subsurface or Physical Conditions:

a. Notice: If Vendor/Contractor believes that any subsurface or physical condition at or contiguous to the site that is uncovered or revealed either:

i. Is of such a nature as to establish that any technical data on which Vendor/Contractor is entitled to rely as provided in Titled "UNDERGROUND FACILITIES" is materially inaccurate; or

ii. Is of such a nature as to require a change in the Quote/Contract Documents; or

iii. Differs materially from that shown or indicated in the Quote/Contract Documents; or

iv. Is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Quote/Contract Documents; then Vendor/Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any work in connection therewith, notify Owner and Owner Designated Representative in writing about such condition. Vendor/Contractor shall not further disturb such condition or perform any work in connection therewith until receipt of written order to do so.

b. Owner Designated Representative's Review: After receipt of written notice, Owner Designated Representative will promptly review the pertinent condition, determine the necessity of Owner's obtaining additional exploration or tests with respect thereto, and advise Owner in writing (with a copy to Vendor/Contractor) of Owner Designated Representative's findings and conclusions.

c. Possible Price and Times Adjustments:

i. The contract price or the contract times, or both, will be equitably adjusted to the extent that the existence of such differing subsurface or physical condition causes an increase or decrease in Vendor/Contractor's cost of, or time required for, performance of the work; subject, however, to the following:

I. Such condition must meet any one (1) or more of the categories described in Section Titled "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES" paragraph titled "DELAYS" and

II. With respect to work that is paid for on a unit price basis, any adjustment in contract price will be subject to the provisions of stated in the Quote/Contract Documents.

ii. Vendor/Contractor shall not be entitled to any adjustment in the contract price or contract times if:

I. Vendor/Contractor knew of the existence of such conditions at the time Vendor/Contractor made a final commitment to Owner with respect to contract price and contract times by the submission of a bid or becoming bound under a negotiated Quote/Contract; or

II. The existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the site and contiguous areas required by the bidding requirements or Quote/Contract Documents to be conducted by or for Vendor/Contractor prior to Vendor/Contractor's making such final commitment; or

III. Vendor/Contractor failed to give the written notice as required by provisions above.

iii. If Owner and Vendor/Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the contract price or contract times, or both, a claim may be made therefore as provided in Quote/Contract Documents. However, Owner and Owner Designated Representative, and any of their related entities shall not be liable to Vendor/Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Vendor/Contractor on or in connection with any other project or anticipated project.

4. Underground Facilities:

a. Shown or Indicated: The information and data shown or indicated in the Quote/Contract Documents with respect to existing underground facilities at or contiguous to the site is based on information and data furnished to Owner or Engineer by the owners of such

underground facilities, including Owner, or by others. Unless it is otherwise expressly provided in the quote documents:

i. Owner and Engineer shall not be responsible for the accuracy or completeness of any such information or data; and

ii. The cost of all of the following will be included in the contract price, and Vendor/Contractor shall have full responsibility for:

I. Reviewing and checking all such information and data,

II. Locating all underground facilities shown or indicated in the Quote/Contract Documents,

III. Coordination of the work with the owners of such underground facilities, including Owner, during construction, and

IV. The safety and protection of all such underground facilities and repairing any damage thereto resulting from the work.

iii. The Vendor/Contractor shall locate all existing utilities, vertical and horizontal, prior to commencement of construction and any excavation.

b. Not Shown or Indicated:

i. If an underground facility is uncovered or revealed at or contiguous to the site which was not shown or indicated, or not shown or indicated with reasonable accuracy in the Quote/Contract Documents, Vendor/Contractor shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any work in connection therewith, identify the owner of such underground facility and give written notice to that owner and to Owner and Engineer. Engineer will promptly review the underground facility and determine the extent, if any, to which a change is required in the Quote/Contract Documents to reflect and document the consequences of the existence or location of the underground facility. During such time, Vendor/Contractor shall be responsible for the safety and protection of such underground facility.

ii. If Engineer concludes that a change in the Quote/Contract Documents is required, a Change Order will be issued to reflect and document such consequences. An equitable adjustment shall be made in the contract price or contract times, or both, to the extent that they are attributable to the existence or location of any underground facility that was not shown or indicated or not shown or indicated with reasonable accuracy in the Contract Documents and that Vendor/Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated. If Owner and Vendor/Contractor are unable to agree on entitlement to

or on the amount or extent, if any, of any such adjustment in contract price or contract times, Owner or Vendor/Contractor may make a claim therefore as provided in the Quote/Contract Documents.

c. Obstructions:

i. Any pipes, conduits, wires, mains, footings, driveways, or other structures encountered shall be carefully protected from injury or displacement. Any damage thereto shall be fully, promptly, and properly repaired by the Vendor/Contractor to the satisfaction of the Owner Designated Representative and the Owner thereof. Should it become necessary to change the position of water or gas or other pipes, sewer drains, or poles, the Engineer shall be at once notified of the locality and circumstances, and no claims for damages arising from the delay in adjusting the pipe, sewer drains or poles shall be made. Failure of the plans to show the locations, nature or extent of any existing structures or obstructions shall not be the basis of a claim for extra work. Any survey monument or bench mark which must be disturbed shall be carefully referenced before removal, and unless otherwise provided for, shall be replaced upon completion of the work by a registered land surveyor. Any survey monuments or bench markers which are disturbed shall be replaced by a Florida registered land surveyor.

11.13. AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS; REFERENCE POINTS: (continued)

A. Reference Points:

1. Owner shall provide engineering surveys to establish reference points for construction which in Owner Designated Representative's judgment are necessary to enable Vendor/Contractor to proceed with the work. Vendor/Contractor shall be responsible for laying out the work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Vendor/Contractor shall report to Owner Designated Representative whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

2. Vendor/Contractor will furnish all surveys and construction stakeouts unless otherwise specified. The Vendor/Contractor will provide horizontal control and bench marks or elevations for vertical control. The number and extent of such control will be designated to the Vendor/Contractor by the Owner Designated Representative prior to bid opening, upon request. It shall be the responsibility of the Vendor/Contractor to check all stakes as set by

the Engineer for possible error. The Vendor/Contractor shall furnish, free of charge, all additional stakes, all templates, and other materials necessary for marking and maintaining points and lines given. The Vendor/Contractor shall be held responsible for the preservation of all stakes and marks, and if any of the stakes or marks are destroyed or disturbed, the cost of replacing them shall be charged against, and shall be deducted from the payment for the work. The Vendor/Contractor shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

3. The Vendor/Contractor shall provide reasonable and necessary opportunities and facilities for setting points and making measurements. He shall not proceed until he has made timely demand upon the Owner Designated Representative for, and received from him, such points as may be necessary as the work progresses. The work shall be done in strict conformity with such points.

    a. Alignment Markers. The markers for alignment and location information which are shown on the plans have been previously established by a Florida registered land surveyor. Monuments and other field markers consist of railroad spikes, iron pins, concrete monuments, and other markers in customary use in the area. The Vendor/Contractor shall lay out his work from these markers, and shall be responsible for all measurements in connection therewith. The Vendor/Contractor shall preserve all alignment and right-of-way markers, and shall reset or replace at his own expense, any and all which are removed, destroyed or covered up by his work. In the event that additional markers, stakes or monuments are required, or in the event that previously established markers must be replaced, the Vendor/Contractor shall employ a Florida registered land surveyor to reset or replace them.

    b. Bench Marks. The Vendor/Contractor shall lay out his work from bench marks and elevations set by the Engineer. Bench marks and elevations set by the Engineer will be shown and explained to the Vendor/Contractor. Thereafter, these bench marks and elevations become the sole responsibility of the Vendor/Contractor, and if replacement is required, either at the request of the Vendor/Contractor or in the judgment of the Owner Designated Representative, the Vendor/Contractor shall pay for the cost of replacement. The Vendor/Contractor shall furnish, at his own expense, all templates, stakes, equipment, labor and materials as may be required in laying out any part of the work.

B. Hazardous Environmental Condition at Site:

1. Reports and Drawings: Any reports and drawings relating to a hazardous environmental condition identified at the site, if any, that have been utilized by the Engineer in the preparation of the Quote/Contract Documents will be included in the Quote/Contract Documents as Attachments under Reference Documents.

2. Limited Reliance by Vendor/Contractor on Technical Data Authorized: Vendor/Contractor may rely upon the general accuracy of the technical data contained in such reports and drawings, but such reports and drawings are not Quote/Contract Documents. Such technical data is identified in the Technical Specifications. Except for such reliance on such technical data, Vendor/Contractor may not rely upon or make any claim against Owner or Engineer, or any of their related entities with respect to:

    a. The completeness of such reports and drawings for Vendor/Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Vendor/Contractor and safety precautions and programs incident thereto; or

    b. Other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings;

3. Vendor/Contractor shall not be responsible for any hazardous environmental condition uncovered or revealed at the site which was not shown or indicated in drawings or specifications or identified in the Quote/Contract Documents to be within the scope of the work. Vendor/Contractor shall be responsible for a hazardous environmental condition created with any materials brought to the site by Vendor/Contractor, subcontractors, suppliers, or anyone else for whom Vendor/Contractor is responsible.

4. If Vendor/Contractor encounters a hazardous environmental condition or if Vendor/Contractor or anyone for whom Vendor/Contractor is responsible creates a hazardous environmental condition, Vendor/Contractor shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all work in connection with such condition and in any area affected thereby; and (iii) notify Owner and Owner Designated Representative (and promptly thereafter confirm such notice in writing). Owner shall promptly consult with Owner Designated Representative concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any.

5. Vendor/Contractor shall not be required to resume work in connection with such condition or in any affected area until after Owner has obtained any required permits related thereto and delivered to Vendor/Contractor written notice: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of work; or (ii) specifying any special conditions under which such work may be resumed safely. If Owner and Vendor/Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in contract price or contract times, or both, as a result of such work stoppage or such special conditions under which work is agreed to be resumed by Vendor/Contractor, either party may make a claim therefore as provided in the Quote/Contract Documents.

6. If after receipt of such written notice Vendor/Contractor does not agree to resume such work based on a reasonable belief it is unsafe, or does not agree to resume such work under such special conditions, then Owner may order the portion of the work that is in the area affected by such condition to be deleted from the work. If Owner and Vendor/Contractor cannot agree as to entitlement to or on the amount or extent, if any, of an adjustment in contract price or contract times as a result of deleting such portion of the work, then either party may make a claim therefore as provided in the Quote/Contract Documents. Owner may have such deleted portion of the work performed by Owner's own forces or others in accordance with Section "Other Work at the Site".
7. The provisions in this paragraph do not apply to a hazardous environmental condition uncovered or revealed at the site.

11.14. PRE-CONSTRUCTION CONFERENCE

Within fourteen (14) calendar days after the effective date of the quoted project, but before Vendor/Contractor starts the work at the site, a conference attended by Vendor/Contractor, Owner Designated Representative, and other County staff personnel as appropriate will be held to discuss such topics as may include, but not limited to; schedules, procedures for handling shop drawings and other submittals and for processing Applications for Payment, MOT, initiation of coordination with affected utilities, agreement upon the Notice to Proceed date, and to establish a working understanding among the parties as to the work.

11.15. INITIAL ACCEPTANCE OF SCHEDULES:

At least ten (10) days before submission of the first application for payment, a conference attended by Vendor/Contractor, Owner Designated Representative, and others as appropriate will be held to review for acceptability to Owner Designated Representative. Vendor/Contractor shall have an additional ten (10) days to make corrections and adjustments and to complete and re-submit the schedules. No progress payment shall be made to Vendor/Contractor until acceptable schedules are submitted to Owner Designated Representative.

A. The Progress Schedule will be acceptable to Owner Designated Representative if it provides an orderly progression of the work to completion within the contract times. Such acceptance will not impose on Owner Designated Representative responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the work nor interfere with or relieve Vendor/Contractor from Vendor/Contractor's full responsibility therefore.

B. Vendor/Contractor's Schedule of Submittals will be acceptable to Owner Designated Representative if it provides a workable arrangement for reviewing and processing the required submittals.

C. Vendor/Contractor's Schedule of Values will be acceptable to Owner Designated Representative as to form and substance if it provides a reasonable allocation of the contract price to component parts of the work.

11.16. CHANGES IN THE WORK; CLAIMS:

A. Authorized Changes in the Work:

1. Without invalidating the Quote/Contract and without notice to any surety, Owner may, subject to written approval by Agency at any time or from time to time, order additions, deletions, or revisions in the work by a Change Order. Upon receipt of any such document, Vendor/Contractor shall promptly proceed with the work involved which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).

2. If Owner and Vendor/Contractor are unable to agree on entitlement to, or on the amount or extent, if any, of an adjustment in the contract price or contract times, or both, that should be allowed as a result of a change order, a claim may be made therefor as provided in the Paragraph titled: "CLAIMS" below.

B. Unauthorized Changes in the Work: Vendor/Contractor shall not be entitled to an increase in the contract price or an extension of the contract times with respect to any work performed that is not required by the Quote/Contract Documents as amended, modified, or supplemented, except in the case of an emergency as stated in Paragraph titled "EMERGENCIES" above, or in the case of uncovering work as stated in Paragraph titled "UNCOVERING WORK", below.

C. Execution of Change Orders:

1. Owner and Vendor/Contractor shall execute appropriate change orders recommended by Owner Designated Representative covering:

   a. Changes in the work which are: (i) ordered by Owner pursuant to Paragraph titled "AUTHORIZED CHANGED IN THE WORK" above, (ii) required because of acceptance of defective work pursuant to Paragraph titled "ACCEPTANCE OF DEFECTIVE WORK", below or Owner's correction of defective work pursuant to Paragraph titled "OWNER MAY CORRECT DEFECTIVE WORK" , below or (iii) agreed to by the parties;

   b. Changes in the contract price or contract times which are agreed to by the parties, including any undisputed sum or amount of time for work actually performed in accordance with a change order; and

   c. Changes in the contract price or contract times which embody the substance of any written decision rendered by Owner Designated Representative pursuant to Section titled "TESTS AND INSPECTIONS: CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK", below ; provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the Quote/Contract Documents and applicable laws and regulations, but during any such appeal, Vendor/Contractor shall carry on the work and adhere to the Progress Schedule as provided in Section titled "STARTING THE WORK", above.

2. The contract price constitutes the total compensation payable to the Vendor/Contractor for performing the work. All duties, responsibilities and obligations assigned to or undertaken by the Vendor/Contractor shall be at his expense without change in the contract price. The Quote/Contract Price may only be changed by a change order. Any claim for an increase in the Quote/Contract Price shall be in writing and delivered to the Owner Designated Representative within fifteen (15) days of the occurrence of the event giving rise to the claim. All claims for adjustment in the contract price shall be determined by the Owner Designated Representative. Any change in the contract price shall be incorporated in a change order.

D. Notification to Surety: If notice of any change affecting the general scope of the work or the provisions of the Quote/Contract Documents (including, but not limited to, contract price or contract times) is required by the provisions of any bond to be given to a surety, the giving of any such notice will be Vendor/Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

E. Claims:

1. Chief Procurement Officer's Decision Required: All claims, except those waived pursuant to Paragraph titled "WAIVER OF CLAIMS", below, shall be referred to the Chief Procurement Officer for decision. A decision by the Chief Procurement Officer shall be required as a condition precedent to any exercise by Owner or Vendor/Contractor of any rights or remedies either may otherwise have under Paragraph titled "OWNER MAY CORRECT DEFECTIVE WORK", below or by laws and regulations in respect of such claims.

2. Notice: Written notice stating the general nature of each claim shall be delivered by the claimant to the Chief Procurement Officer and the other party to the Quote/Contract promptly (but in no event later than thirty (30) days) after the start of the event giving rise thereto. The responsibility to substantiate a claim shall rest with the party making the claim. Notice of the amount or extent of the claim, with supporting data shall be delivered to the Chief Procurement Officer and the other party to the Contract within sixty (60) days after the start of such event (unless the Chief Procurement Officer allows additional time for claimant to submit additional or more accurate data in support of such claim). A claim for an adjustment in contract price shall be prepared in accordance with the provisions of Paragraph titled "CHANGE OF CONTRACT PRICE", above. A claim for an adjustment in Quote/Contract Time shall be prepared in accordance with the provisions of Paragraph titled "CHANGE OF CONTRACT TIMES". Each claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to the Chief Procurement Officer and the claimant within thirty (30) days after receipt of the claimant's last submittal (unless the Chief Procurement Officer allows additional time).

3. Chief Procurement Officer's Action: Chief Procurement Officer will review each claim and, within thirty (30) days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any, take one (1) of the following actions in writing:

    a. Deny the claim in whole or in part,

    b. Approve the claim, or

    c. Notify the parties that the Chief Procurement Officer is unable to resolve the claim if, in the Chief Procurement Officer's sole discretion, it would be inappropriate for the Chief Procurement Officer to do so. For purposes of further resolution of the claim, such notice shall be deemed a denial.

4. In the event that Chief Procurement Officer does not take action on a claim within said thirty (30) days, the claim shall be deemed denied.

5. Chief Procurement Officer's written action or denial pursuant to Paragraphs 3. and 4., above will be final and binding upon Owner and Vendor/Contractor, unless Owner or Vendor/Contractor invoke the dispute resolution procedure set forth in Section titled "DISPUTE RESOLUTION" within thirty (30) days of such action or denial.

6. No claim for an adjustment in contract price or contract times will be valid if not submitted in accordance with the provisions stated in Section titled "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES" .

11.17. COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

A. Cost of the Work:

1. Costs Included: The term cost of the work means the sum of all costs, except those excluded according to Section titled "COSTS EXCLUDED" below, necessarily incurred and paid by Vendor/Contractor in the proper performance of the work. When the value of any work covered by a change order or when a claim for an adjustment in contract price is determined on the basis of cost of the work, the costs to be reimbursed to Vendor/Contractor will be only those additional or incremental costs required because of the change in the work or because of the event giving rise to the claim. Except as otherwise may be agreed to in writing by Owner, such costs shall be in amounts no higher than those prevailing in the locality of the project, shall include only the following items, and shall not include any of the costs itemized in Section titled "COSTS EXCLUDED".

    a. Payroll costs for employees in the direct employ of Vendor/Contractor in the performance of the work under schedules of job classifications agreed upon by Owner and Vendor/Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time at the site. Payroll costs for employees not employed full time on the work shall be apportioned on the

basis of their time spent on the work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include Social Security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, vacation and holiday pay applicable thereto. The expenses of performing work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by Owner.

b. Cost of all materials and equipment furnished and incorporated in the work, including costs of transportation and storage thereof, and suppliers' field services required in connection therewith. All cash discounts shall accrue to Vendor/Contractor unless Owner deposits funds with Vendor/Contractor with which to make payments, in which case the cash discounts shall accrue to Owner. All trade discounts, rebates and refunds and returns from sale of surplus materials and equipment shall accrue to Owner, and Vendor/Contractor shall make provisions so that they may be obtained.

c. Payments made by Vendor/Contractor to subcontractors for work performed by subcontractors. If required by Owner, Vendor/Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Vendor/Contractor and shall deliver such bids to Owner, who will then determine, with the advice of Owner Designated Representative, which bids, if any, will be acceptable. If any subcontract provides that the subcontractor is to be paid on the basis of cost of the work plus a fee, the subcontractor's cost of the work and fee shall be determined in the same manner as Vendor/Contractor's cost of the work and fee as provided in this Section titled "COST OF THE WORK".

d. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the work.

e. Supplemental costs including the following:

    i. The proportion of necessary transportation, travel, and subsistence expenses of Vendor/Contractor's employees incurred in discharge of duties connected with the work.

    ii. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the site, and hand tools not owned by the workers, which are consumed in the performance of the work, and cost, less market value, of such items used but not consumed which remain the property of Vendor/Contractor.

    iii. Rentals of all construction equipment and machinery, and the parts thereof whether rented from Vendor/Contractor or others in accordance with rental agreements

approved by Owner with the advice of the Owner Designated Representative, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the work.

iv. Sales, consumer, use, and other similar taxes related to the work, and for which Vendor/Contractor is liable, imposed by laws and regulations.

v. Deposits lost for causes other than negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

vi. Losses and damages (and related expenses) caused by damage to the work, not compensated by insurance or otherwise, sustained by Vendor/Contractor in connection with the performance of the work (except losses and damages within the deductible amounts of property insurance established in accordance with the Quote/Contract Documents), provided such losses and damages have resulted from causes other than the negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses shall be included in the cost of the work for the purpose of determining Vendor/Contractor's fee.

vii. The cost of utilities, fuel, and sanitary facilities at the site.

viii. Minor expenses such as telegrams, long distance telephone calls, telephone service at the site, expressages, and similar petty cash items in connection with the work.

ix. Vendor/Contractor is required by the Quote/Contract Documents to purchase and maintain all bonds and insurance.

2. Costs Excluded: The term cost of the work shall not include any of the following items:

a. Payroll costs and other compensation of Vendor/Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Vendor/Contractor, whether at the site or in Vendor/Contractor's principal or branch office for general administration of the work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 1. (in this

section) or specifically covered by Paragraph 1. d. (in this section), all of which are to be considered administrative costs covered by the Vendor/Contractor's fee.

i. Expenses of Vendor/Contractor's principal and branch offices other than Vendor/Contractor's office at the site.

ii. Any part of Vendor/Contractor's capital expenses, including interest on Vendor/Contractor's capital employed for the work and charges against Vendor/Contractor for delinquent payments.

iii. Costs due to the negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

iv. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraphs 1. and 2. (in this section).

3. Vendor/Contractor's Fee: When all the work is performed on the basis of cost-plus, Vendor/Contractor's fee shall be determined as set forth in the Agreement. When the value of any work covered by a change order or when a claim for an adjustment in contract price is determined on the basis of cost of the work, Vendor/Contractor's fee shall be determined as set forth in Section titled: "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES" Paragraph titled: "VENDOR/CONTRACTOR'S FEE".

4. Documentation: Whenever the cost of the work for any purpose is to be determined pursuant to Paragraph 1.(in this section), Vendor/Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Owner Designated Representative an itemized cost breakdown together with supporting data.

B. Allowances:

1. It is understood that Vendor/Contractor has included in the contract price all allowances so named in the Quote/Contract Documents and shall cause the work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.

2. Cash Allowances:

a. Vendor/Contractor agrees that:

i. The cash allowances include the cost to Vendor/Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the site, and all applicable taxes; and

ii. Vendor/Contractor's costs for unloading and handling on the site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Quote/Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

3. Contingency Allowance: Vendor/Contractor agrees that a contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.

4. Prior to final payment, an appropriate change order will be issued as recommended by Engineer to reflect actual amounts due Vendor/Contractor on account of work covered by allowances, and the contract price shall be correspondingly adjusted.

C. Unit Price Work:

1. Where the Quote/Contract Documents provide that all or part of the work is to be unit price work, initially the contract price will be deemed to include for all unit price work an amount equal to the sum of the unit price for each separately identified item of unit price work times the estimated quantity of each item as indicated in the Agreement.

2. The estimated quantities of items of unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial contract price. Determinations of the actual quantities and classifications of unit price work performed by Vendor/Contractor will be made by Owner Designated Representative subject to the provisions stated in the Quote/Contract Documents.

3. Each unit price will be deemed to include an amount considered by Vendor/Contractor to be adequate to cover Vendor/Contractor's overhead and profit for each separately identified item.

11.18. CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES

Change of Contract Price:

A. The Quote/Contract Price may only be changed by a change order. Any claim for an adjustment in the Quote/Contract Price shall be based on written notice submitted by the party making the claim to the Owner Designated Representative and the Chief Procurement Officer to the Quote/Contract in accordance with Section titled "CHANGES IN THE WORK; CLAIMS" Paragraph titled "Claims" above .

B. The value of any work covered by a change order or of any claim for an adjustment in the Quote/Contract Price will be determined as follows:

1. Where the work involved is covered by unit prices contained in the Quote/Contract Documents, by application of such unit prices to the quantities of the items involved (subject to the provisions stated in Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled: "UNIT PRICE WORK"; or

2. Where the work involved is not covered by unit prices contained in the Quote/Contract Documents, but by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with above Section titled: COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled "CASH ALLOWANCES"); or

3. Where the work involved is not covered by unit prices contained in the Quote/Contract Documents and Agreement to a lump sum is not reached under above Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled: "COST OF THE WORK" , on the basis of the cost of the work, plus a Vendor/Contractor's fee for overhead and profit as described in this Section, Paragraph titled "VENDOR/CONTRACOTR'S FEE", immediately below.

C. Vendor/Contractor's Fee: The Vendor/Contractor's fee for overhead and profit shall be determined as follows:

1. A mutually acceptable fixed fee; or

2. If a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the cost of the work:

   a. For costs incurred under Paragraphs B.1. and B.2. (in this section), the Vendor/Contractor's fee shall be fifteen percent (15%);

   b. For costs incurred under Paragraph B.3. (in this section) , the Vendor/Contractor's fee shall be five percent (5%);

   c. Where one (1) or more tiers of Sub-Contracts are on the basis of cost of the work plus a fee and no fixed fee is agreed upon, the intent of Paragraph C.2.a. above (in this section) is that the subcontractor who actually performs the work, at whatever tier, will be paid a fee of fifteen percent (15%) of the costs incurred by such subcontractor under Paragraphs B.1 and B.2. (in this section) and that any higher tier subcontractor and Vendor/Contractor will each be paid a fee of five percent (5%) of the amount paid to the next lower tier subcontractor;

   d. No fee shall be payable on the basis of costs itemized under Section titled "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled "COST OF THE WORK", "COSTS INCLUDED" paragraph 1.A.4, 1.A.5 and 1.B.;

   e. The amount of credit to be allowed by Vendor/Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Vendor/Contractor's fee by an amount equal to five percent (5%) of such net decrease; and

f. When both additions and credits are involved in any one (1) change, the adjustment in Vendor/Contractor's fee shall be computed on the basis of the net change in accordance with above Paragraphs (in this section) C.2.a. through C.2.f., inclusive.

D. In such case, the Vendor/Contractor will submit in the form prescribed by the Owner, an itemized cost breakdown together with supporting data. The amount of credit to be allowed by the Vendor/Contractor to the Owner for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the Owner. When both additions and credits are involved in any one (1) change, the combined overhead and profit shall be figured on the basis of the net decrease, if any.

11.19. CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES (continued)

Fuel Escalation: **(IF INDICATED IN QUOTE AS ALLOWED)** Fuel escalation may be requested by the Vendor/Contractor's as follows:

A. The County will, in the Quote/Contract documents, provide an estimated quantity for fuel requirements to cover the work specified in the Quote/Contract. Price adjustments will be made only for the amount of fuel estimated by the County as required to complete the Quote/Contract. The requirement of fuel for each pay item is estimated by multiplying the County's standard fuel factor for that pay item by the quantity of that pay item. On Quote/Contracts with an original contract time in excess of one hundred twenty (120) calendar days, the County will make price adjustments on each applicable progress estimate to reflect increases or decreases in the price from those in effect during the month in which bids were received. The Vendor/Contractor will not be given the option of accepting or rejecting these adjustments. Price adjustments for fuel will be made only when the current fuel price (CFP) varies by more than five percent (5%) from the price prevailing in the month when bids were received (BFP), and then only on the portion that exceeds five percent (5%).

B. Price adjustments will be based on the monthly bulk average price as derived by FDOT. These average indexes shall be determined by averaging bulk fuel prices on the first day of each month as quoted by major oil companies that are reasonably expected to furnish fuel for projects in the State of Florida. Average price indices for will be available on the FDOT Construction Office website before the 15th of each month, at the following URL: https://www.fdot.gov/construction/fuel-bit/fuel-bit.shtm

C. Payment will be based on the quantities shown on the progress estimate on all items for which established standard fuel factors are on a file maintained by the Department.

D. Payment on progress estimates will be adjusted to reflect adjustments in the prices in accordance with the following:

1. When fuel prices have decreased between month of bid and month of the progress estimate:

Ai = Fi (Pi - 0.95 Pb) during a period of decreasing prices.

Ai = Total dollar amount - positive or negative - of the cost adjustment for

fuel used by the Contractor during the month "i."

Fi = Total gallons calculated as being used during the month.

Pi = Average price for fuel prevailing during month "i."

Pb = Average price for fuel prevailing during the month "b" when bids were

received on this Contract.

2. When fuel prices have increased between month of bid and month of this progress

estimate:

Ai = Fi (Pi - 1.05 Pb) during a period of increasing prices.

Ai = Total dollar amount - positive or negative - of the cost adjustment for

fuel used by the Contractor during the month "i."

Fi = Total gallons calculated as being used during the month.

Pi = Average price for fuel prevailing during month "i."

Pb = Average price for fuel prevailing during the month "b" when bids were

received on this Contract

E. Payment will be made on the current progress estimate to reflect the index difference at

the time work was performed.

F. Adjustments will be paid or charged to the Prime Contractor only. Any Vendor/Contractor

receiving an adjustment under this provision shall distribute the proper proportional part of

such adjustment to subcontractors who perform applicable work.

11.20. CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES (continued)

Material Cost Escalation:

A. If during the performance of this Quote/Contract, the cost of materials significantly increases, through no fault of the Vendor/Contractor, the price of the Quote/Contract shall be equitably adjusted by change order, by an amount reasonably necessary to cover any such significant increase in the costs of materials. As used herein, a significant cost increase shall mean any increase in cost of materials exceeding two and one half percent (2.5%) experienced by Vendor/Contractor from the date of the Quote/Contract signing. Such increase in material costs shall be documented through quotes, invoices, or receipts.

B. While the delivery of materials delays, through no fault of the Vendor/Contractor, as a result of the shortage or unavailability of the materials, Vendor/Contractor shall not be liable for any additional costs or damages associate with such delay(s).

C. Vendor/Contractor to provide original Vendor quote as backup documentation when submitting a price increase request.

11.21. CHANGE OF CONTRACT PRICE; CHANGE OF QUOTE/CONTRACT TIMES (continued)

A. Change of Quote/Contract Times:

1. The Quote/Contract Times may only be changed by a change order. Any claim for an adjustment in the Quote/Contract Times shall be based on written notice submitted by the party making the claim to the Engineer and the other party to the Quote/Contract in accordance with the provisions of Section titled " CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".

2. Any adjustment of the Quote/Contract times covered by a change order or any claim for an adjustment in the Quote/Contract times will be determined in accordance with the provisions of this paragraph.

B. Delays:

1. Where Vendor/Contractor is prevented from completing any part of the work within the Quote/Contract times due to delay beyond the control of Vendor/Contractor, the Quote/Contract times will be extended in an amount equal to the time lost due to such delay if a claim is made therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS, paragraph titled "CLAIMS". Delays beyond the control of Vendor/Contractor shall include, but not be limited to, acts or neglect by Owner, acts or neglect of utility owners or other Vendor/Contractors performing other work, fires, floods, epidemics, abnormal weather conditions, or acts of God.

2. If Owner, Engineer, or other Vendor/Contractors or utility owners performing other work for Owner, or anyone for whom Owner is responsible, delays, disrupts, or interferes with the performance or progress of the work, then Vendor/Contractor shall be entitled to an equitable adjustment in the Quote/Contract price or the Quote/Contract times, or both. Vendor/Contractor’s entitlement to an adjustment of the Quote/Contract times is conditioned on such adjustment being essential to Vendor/Contractor’s ability to complete the work within the Quote/Contract times.

3. If Vendor/Contractor is delayed in the performance or progress of the work by fire, flood, epidemic, abnormal weather conditions, acts of God, acts or failures to act of utility owners not under the control of Owner, or other causes not the fault of and beyond control of Owner and Vendor/Contractor, then Vendor/Contractor shall be entitled to an equitable

adjustment in Quote/Contract times, if such adjustment is essential to Vendor/Contractor's ability to complete the work within the Quote/Contract times. Such an adjustment shall be Vendor/Contractor's sole and exclusive remedy for the delays described in this paragraph.

a. Time Extensions for Delays Caused by Weather - Extensions of Quote/Contract Time for delays caused by the effects of inclement weather are justified only when inclement weather conditions or related adverse soil conditions prevent the Contractor from productively performing controlling items of work resulting in:

    i. The Vendor/Contractor being unable to work at least fifty percent (50%) of the normal work day on the predetermined controlling work items; or

    ii. The Vendor/Contractor must make major repairs to work damaged by weather, providing the damage was not attributable to a failure to perform or neglect by the Contractor.

    iii. Vendor/Contractor must submit a written notice along with their updated Progress Schedule with their monthly progress payment request. If no monthly progress payment is being submitted for the month, then a written notice within thirty (30) days after occurrence of the event(s) giving rise to the weather delays must be submitted to the Owner, Engineer or designated person.

b. Project Manager/Inspector - Daily reports shall be maintained for all projects by the Project Manager/Inspector. This shall include weather conditions, working conditions, erosion control, and effects of weather on major work items identified on the progress schedule and general comments as a minimum.

c. Project Manager/Inspector - Daily reports shall be maintained for all projects by the Project Manager/Inspector. This shall include weather conditions, working conditions, erosion control, and effects of weather on major work items identified on the progress schedule and general comments as a minimum.

d. Weather Delays for Projects - Time extensions will be granted on a contract day per delayed day.

    i. The Contractor provides a schedule which identifies the intended work week, thus determining the scheduled work days and the controlling items of work. The initial progress schedule must be approved and agreed to by Owner, Engineer, or designated person and Contractor's Representative prior to the notice to proceed being issued and before any work has been performed and monthly when submitted with the pay request if any changes have occurred during the reporting period. No weather delays will be recognized before the Vendor/Contractor actually begins work or attempts to begin work in accordance with the approved project

work schedule. Weather delays will be granted only during the authorized contract time period.

ii. The Owner, Engineer or designated person shall review the request and the daily reports and determine if these delays are authorized. A written response will be given to the Contractor/Vendor within five (5) business days after receipt of the request. The Chief Procurement Officer will be provided a copy of this letter and any related correspondence.

4. Owner, Engineer and the related entities of each of them shall not be liable to Vendor/Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Vendor/Contractor on or in connection with any other project or anticipated project.

5. Vendor/Contractor shall not be entitled to an adjustment in contract price or contract times for delays within the control of Vendor/Contractor. Delays attributable to and within the control of a subcontractor or supplier shall be deemed to be delays within the control of Vendor/Contractor.

11.22. TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK:

A. Notice of Defects: Prompt notice of all defective work of which Owner or Engineer has actual knowledge will be given to Vendor/Contractor. All defective work may be rejected, corrected, or accepted as provided in this Paragraph.

B. Access to Work: Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and governmental agencies with jurisdictional interests will have access to the site and the work at reasonable times for their observation, inspecting, and testing. Vendor/Contractor shall provide them proper and safe conditions for such access and advise them of Vendor/Contractor's site safety procedures and programs so that they may comply therewith as applicable.

C. Tests and Inspections:

1. Vendor/Contractor shall give Engineer timely notice of readiness of the work for all required inspections, tests, or approvals and shall cooperate with inspection and testing personnel to facilitate required inspections or tests.

2. Owner shall employ and pay for the services of an independent testing laboratory to perform all inspections, tests, or approvals required by the Quote/Contract Documents except:

a. For inspections, tests, or approvals covered by Paragraphs D. and E. below;

b. That costs incurred in connection with tests or inspections conducted pursuant to Paragraph C.2. shall be paid according to Paragraph E.; and

c. As otherwise specifically provided in the Quote/Contract Documents.

3. If laws or regulations of any public body having jurisdiction require any work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Vendor/Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Owner Designated Representative the required certificates of inspection or approval.

4. Vendor/Contractor shall be responsible for arranging and obtaining and shall pay all costs in connection with any inspections, tests, or approvals required for Owner's and Owner Designated Representative's acceptance of materials or equipment to be incorporated in the work; or acceptance of materials, mix designs, or equipment submitted for approval prior to Vendor/Contractor's purchase thereof for incorporation in the work. Such inspections, tests, or approvals shall be performed by organizations acceptable to Owner and Owner Designated Representative.

5. If any work (or the work of others) that is to be inspected, tested, or approved is covered by Vendor/Contractor without written concurrence of Owner Designated Representative, it must, if requested by Owner Designated Representative, be uncovered for observation.

6. Uncovering work as provided in Paragraph D. shall be at Vendor/Contractor's expense unless Vendor/Contractor has given Engineer timely notice of Vendor/Contractor's intention to cover the same and Engineer has not acted with reasonable promptness in response to such notice.

7. Periodic inspections will be held throughout the work at the discretion of the Owner and Engineer to verify progress and compliance to Quote/Contract Documents, pay requests and general quality control.

8. Pre-final inspections are held for the purpose of substantiating completion of the work and preparing a punch-list of any deficiencies or corrections to be made. Pre-finals should be made with a representative of the Vendor/Contractor, Owner Designated Representative and Owner.

9. Final inspections will be held prior to acceptance in order to verify that all corrections and/or deficiencies have been performed or resolved and such inspection shall be mandatory prior to approval of final pay request. Finals shall be made with a representative of the Vendor/Contractor, Engineer and Owner.

D. Uncovering Work:

1. If any work is covered contrary to the written request of Owner Designated Representative, it must, if requested by Owner Designated Representative, be uncovered for Owner Designated Representative's observation and replaced at Vendor/Contractor's expense.

2. If Owner Designated Representative considers it necessary or advisable that covered work be observed by Owner Designated Representative or inspected or tested by others, Vendor/Contractor, at Owner Designated Representative's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Owner Designated Representative may require, that portion of the work in question, furnishing all necessary labor, material, and equipment.

3. If it is found that the uncovered work is defective, Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and Owner shall be entitled to an appropriate decrease in the contract price. if the parties are unable to agree as to the amount thereof, Owner may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".

4. If, the uncovered work is not found to be defective, and there are no related inspection requirements in the contract documents, Vendor/Contractor shall be allowed an increase in the contract price or an extension of the contract times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, Vendor/Contractor may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".

E. Owner Designated Representative May Stop the Work: If the work is defective, or Vendor/Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the work in such a way that the completed work will conform to the Quote/Contract documents, Owner may order Vendor/Contractor to stop the work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Vendor/Contractor, any subcontractor, any supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

F. Correction or Removal of Defective Work:

1. Promptly after receipt of notice, Vendor/Contractor shall correct all defective work, whether or not fabricated, installed, or completed, or, if the work has been rejected by Owner

Designated Representative, remove it from the project and replace it with work that is not defective. Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or removal (including but not limited to all costs of repair or replacement of work of others).

2. When correcting defective work under the terms of this paragraph or the paragraph below, Vendor/Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said work.

G. Correction Period:

1. If within one (1) year after the date of substantial completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Quote/Contract Documents) or by any specific provision of the Quote/Contract Documents, any work is found to be defective, or if the repair of any damages to the land or areas made available for Vendor/Contractor's use by Owner or permitted by laws and regulations as contemplated in the Quote/Contract Documents is found to be defective, Vendor/Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:

   a. Repair such defective land or areas; or

   b. Correct such defective work; or

   c. If the defective work has been rejected by Owner, remove it from the project and replace it with work that is not defective, and

   d. Satisfactorily correct or repair or remove and replace any damage to other work, to the work of others or other land or areas resulting therefrom.

2. If Vendor/Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective work corrected or repaired or may have the rejected work removed and replaced. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others) will be paid by Vendor/Contractor.

3. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the work, the correction period for that item may start to run from an earlier date if so provided in the specifications.

4. Where defective work (and damage to other work resulting therefrom) has been corrected or removed and replaced under above paragraph F, the correction period hereunder with respect to such work will be extended for an additional period of one (1) year after such correction or removal and replacement has been satisfactorily completed.

5. Vendor/Contractor's obligations under above paragraph F. are in addition to any other obligation or warranty. The provisions of Paragraph F. shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitation or repose.

H. Acceptance of Defective Work: If, instead of requiring correction or removal and replacement of defective work, Owner (and, prior to Owner Designated Representative's recommendation of final payment, Owner Designated Representative) prefers to accept it, Owner may do so. Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) attributable to Owner's evaluation of and determination to accept such defective work (such costs to be approved by Owner Designated Representative as to reasonableness) and the diminished value of the work to the extent not otherwise paid by Vendor/Contractor pursuant to this sentence. If any such acceptance occurs prior to Owner Designated Representative's recommendation of final payment, a change order will be issued incorporating the necessary revisions in the quote/contract documents with respect to the work, and Owner shall be entitled to an appropriate decrease in the quote/contract price, reflecting the diminished value of work so accepted. If the parties are unable to agree as to the amount thereof, Owner may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "CLAIMS". If the acceptance occurs after such recommendation, an appropriate amount will be paid by Vendor/Contractor to Owner.

I. Owner May Correct Defective Work:

1. If Vendor/Contractor fails within a reasonable time after written notice from Owner Designated Representative to correct defective work or to remove and replace rejected work as required by Owner Designated Representative in accordance with Paragraph F., or if Vendor/Contractor fails to perform the work in accordance with the quote/contract documents, or if Vendor/Contractor fails to comply with any other provision of the Quote/Contract Documents, Owner may, after seven (7) days written notice to Vendor/Contractor, correct or remedy any such deficiency.

2. In exercising the rights and remedies under this paragraph, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Vendor/Contractor from all or part of the site, take possession of all or part of the work and suspend Vendor/Contractor's services related thereto, take possession of Vendor/Contractor's tools, appliances, construction equipment and machinery at the site, and incorporate in the work all materials and equipment stored at the site or for which

Owner has paid Vendor/Contractor but which are stored elsewhere. Vendor/Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other Vendor/Contractors, and Engineer and Engineer's consultants access to the site to enable Owner to exercise the rights and remedies under this paragraph.

3. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred or sustained by Owner in exercising the rights and remedies under Paragraph I. will be charged against Vendor/Contractor, and a change order will be issued incorporating the necessary revisions in the Quote/Contract Documents with respect to the work; and Owner shall be entitled to an appropriate decrease in the contract price. If the parties are unable to agree as to the amount of the adjustment, Owner may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "CLAIMS. Such claims, costs, losses and damages will include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Vendor/Contractor's defective work.

4. Vendor/Contractor shall not be allowed an extension of the contract times because of any delay in the performance of the work attributable to the exercise by Owner of Owner's rights and remedies under Paragraph I.

11.23. PAYMENTS TO CONTRACTOR AND COMPLETION

A. Schedule of Values: The Schedule of Values established as provided in Section titled "STARTING THE WORK", paragraph A. 2. c. will serve as the basis for progress payments and will be incorporated into a form of application for payment acceptable to Owner Designated Representative. Progress payments on account of unit price work will be based on the number of units completed.

B. Progress Payments:

1. Application for Payments:

a. At least twenty (20) business days before the date established in the Agreement for each progress payment (but not more often than once a month), Vendor/Contractor shall submit to Owner Designated Representative for review an application for payment filled out and signed by vendor/contractor covering the work completed as of the date of the application and accompanied by such supporting documentation as is required by the quote/contract documents. If payment is requested on the basis of materials and equipment not incorporated in the work but delivered and suitably stored at the site or at another location agreed to in writing, the application for payment shall also be

accompanied by a bill of sale, invoice, or other documentation warranting that Owner has received the materials and equipment all of which must be satisfactory to Owner.

b. Beginning with the second application for payment, each application shall include an affidavit of Vendor/Contractor stating that all previous progress payments received on account of the work have been applied on account to discharge Vendor/Contractor's legitimate obligations associated with prior applications for payment.

c. The amount of retainage with respect to progress payments will be as stipulated in Article 5.02 of the Work Agreement.

d. All progress payments will be subject to withholding and payment of retainage as specified under the provisions of Ch. 218.735, F.S. (current version) and as stipulated in the Work Agreement attached herein. Payment requests will be processed within the time periods established by applicable provisions of the Florida Prompt Payment Act, Part VII, Ch. 218.735, F.S (current version).

2. Review of Applications:

a. Owner Designated Representative will, within five (5) business days after receipt of each application for payment, either indicate in writing a recommendation of payment and present the application to Owner or return the application to Vendor/Contractor indicating in writing Owner Designated Representative's reasons for refusing to recommend payment. In the latter case, Vendor/Contractor may make the necessary corrections and resubmit the application.

b. Owner Designated Representative's recommendation of any payment requested in an application for payment will constitute a representation by Owner Designated Representative to Owner, based on Owner Designated Representative's observations on the site of the executed work as an experienced and qualified design professional and on Owner Designated Representative's review of the application for payment and the accompanying data and schedules, that to the best of Owner Designated Representative's knowledge, information and belief:

i. The work has progressed to the point indicated;

ii. The quality of the work is generally in accordance with the Quote/Contract Documents (subject to an evaluation of the work as a functioning whole prior to or upon substantial completion, to the results of any subsequent tests called for in the Quote/Contract Documents, to a final determination of quantities and classifications for unit price work under above Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK",, and to any other qualifications stated in the recommendation); and

iii. The conditions precedent to Vendor/Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Owner Designated Representative's responsibility to observe the work.

c. By recommending any such payment Owner Designated Representative will not thereby be deemed to have represented that:

i. Inspections made to check the quality or the quantity of the work as it has been performed have been exhaustive, extended to every aspect of the work in progress, or involved detailed inspections of the work beyond the responsibilities specifically assigned to Owner Designated Representative in the Quote/Contract Documents; or

ii. That there may not be other matters or issues between the parties that might entitle Vendor/Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Vendor/Contractor.

d. Neither Owner Designated Representative's review of Vendor/Contractor's work for the purposes of recommending payments nor Owner Designated Representative's recommendation of any payment, including final payment, will impose responsibility on Owner Designated Representative:

i. To supervise, direct, or control the work, or

ii. For the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

iii. For Vendor/Contractor's failure to comply with laws and regulations applicable to Vendor/Contractor's performance of the work, or

iv. To make any examination to ascertain how or for what purposes Vendor/Contractor has used the moneys paid on account of the contract price, or

v. To determine that title to any of the work, materials, or equipment has passed to Owner free and clear of any liens.

e. Owner Designated Representative may refuse to recommend the whole or any part of any payment if, in Owner Designated Representative's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 2.b., above. Owner Designated Representative may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, revise or revoke any such payment recommendation previously made, to such extent as may be necessary in Owner Designated Representative's opinion to protect Owner from loss because:

i. The work is defective, or completed work has been damaged, requiring correction or replacement;

ii. The quote/contract price has been reduced by change orders;

iii. Owner has been required to correct defective work or complete work in accordance with above Paragraph titled "Owner May Correct Defective Work" in Section titled: "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK"; or

iv. Owner Designated Representative has actual knowledge of the occurrence of any of the events enumerated in below Paragraph titled "Owner May Terminate for Cause: " in Section titled: "TERMINATION AND SUSPENSION OF WORK".

3. Payment Becomes Due: The application for payment, and all of the required Federal and State submittals, with the Owner Designated Representative's recommendations will be presented to the Owner for consideration. If the Owner finds the application for payment acceptable, the recommended amount, less any reduction under the provisions of Paragraph B. 2. (in this section), will become due twenty-five (25) business days after the application for payment is presented to the Owner, and the Owner will make payment to the Vendor/Contractor.

4. Payment to Vendor/Contractor by Electronic Payment Solution: ACH (Direct Deposit): If the Vendor/Contractor is enrolled in the County's ACH electronic payment solution, all payments will be made using the direct deposit which may or may not include a pre-note transaction. The Vendor/Contractor's bank account information will remain confidential to the extent provided by law and necessary to make direct deposit payments. Once the County has approved payment, an electronic remittance advice will be sent to the Vendor/Contractor via e-mail.

5. Reduction in Payment:

   a. Owner may refuse to make payment of the full amount recommended by Owner Designated Representative because:

      i. Claims have been made against Owner on account of Vendor/Contractor's performance or furnishing of the work;

      ii. Liens have been filed in connection with the work, except where Vendor/Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such liens;

      iii. The Vendor/Contractor's performance or furnishing of the work is inconsistent with funding agency requirements;

      iv. There are other items entitling Owner to a set off against the amount recommended; or

v. Owner has actual knowledge of the occurrence of any of the events enumerated in Paragraphs B. 2. e. i. through B. 2. e. iii. (in this section) or below Paragraph titled " Owner May Terminate for Cause" in Section titled: "TERMINATION AND SUSPENSION OF WORK.".

b. If Owner refuses to make payment of the full amount recommended by Owner Designated Representative, Owner will (in no case more than twenty (20) business days after receipt and twenty-five (25) business days for payment) give Vendor/Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and promptly pay Vendor/Contractor any amount remaining after deduction of the amount so withheld. Owner shall promptly pay Vendor/Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Vendor/Contractor, when Vendor/Contractor corrects to Owner's satisfaction the reasons for such action.

c. If it is subsequently determined that Owner's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph B. 3. (in this section).

d. No payments will be made that would deplete the retainage, place in escrow any funds that are required for retainage, or invest the retainage for the benefit of the Vendor/Contractor.

C. Vendor/Contractor's Warranty of Title:

1. Vendor/Contractor warrants and guarantees that title to all work, materials, and equipment covered by any application for payment, whether incorporated in the project or not, will pass to Owner prior to the making of the application for payment, free and clear of all liens, claims, security interests and encumbrances; and that no work, materials or equipment covered by an application for payment will have been acquired by the Vendor/Contractor or by any other person performing the work at the site or furnishing materials and equipment for the project subject to an Agreement under which an interest therein or encumbrance thereon is retained by the seller or otherwise imposed by the Vendor/Contractor or such other person.

2. In compliance with the above and as verification of the Vendor/Contractor's compliance with applicable provisions of the Florida Prompt Payment Act, Part VII, Ch. 218.735, F.S. (current version), concerning payment to subcontractors and suppliers, the Vendor/Contractor, in addition to any other payment provisions set in the quote/contract, shall prior to submission of the second application for payment, produce for the Owner evidence, in the form of releases of lien or subcontractor(s)/suppliers affidavits of payment received, that all subcontractors and suppliers have been paid any sum or sums then due within the time periods so specified. This reporting process shall be repeated following each succeeding payment to the Vendor/Contractor throughout the life of the Quote/Contract. A

failure on the part of the Vendor/Contractor to provide the releases as required herein shall result in further progress or partial payments being withheld until the releases or payment affidavits are provided.

D. Partial Utilization:

1. Prior to Substantial Completion of all the work, Owner may use or occupy any substantially completed part of the work which has specifically been identified in the Quote/Contract Documents, or which Owner, Owner Designated Representative, and Vendor/Contractor agree constitutes a separately functioning and usable part of the work that can be used by Owner for its intended purpose without significant interference with Vendor/Contractor's performance of the remainder of the work, subject to the following conditions.

   a. Owner at any time may request Vendor/Contractor in writing to permit Owner to use or occupy any such part of the work which Owner believes to be ready for its intended use and substantially complete. If and when Vendor/Contractor agrees that such part of the work is substantially complete, Vendor/Contractor will certify to Owner and Owner Designated Representative that such part of the work is substantially complete and request Owner Designated Representative to issue a certificate of substantial completion for that part of the work.

   b. The sum thus computed shall be paid to the Vendor/Contractor within thirty (30) days after the Owner shall have terminated the Quote/Contract and the payment of said sum shall be payment in full for any and all liquidated damages for the termination of the Quote/Contract and shall constitute full settlement of all claims in connection with the Quote/Contract.

GENERAL COMPANY INFORMATION

Goodwin Bros Construction was established in Brooksville, Florida in 1987 by Daniel "Boone" Goodwin. Boone worked in the construction field most of his life and after he and his wife Carol had four sons together, he knew he wanted to start a family business. Opening his own construction company had always been a personal dream of his. With all his experience and knowledge in the field and having four ambitious and hard-working boys, Boone jumped at the opportunity to buy out his partner that he then worked with doing subcontract work in Brooksville specializing in stripping overburden.

The company quickly began to grow and Boone adapted to the need of customers. Goodwin Bros became a licensed underground utility contractor and also specialized in excavation work, asphalt paving, site preparation, and mining operations.

The actual "Goodwin brothers" all had very important rolls in their father's success. They worked long hours, holidays, and often times on jobs that were not local and would be gone for days or weeks at a time. Boone not only wanted to instill in his boys the value of being a hard worker but the commitment it took to be successful and the importance of always having the respect of your clients and community. These are things that Goodwin Bros Construction prides themselves on maintaining to this day.

In 2010 the brothers hard work finally paid off when Boone decided it was time for him to retire

and his boys take over the company. As owners of the company the Goodwin brothers now manage their own different aspects of the business. President, Daniel Jr. handles the estimating and daily operations. Vice President, Eddie works out in the field supervising different crews. Treasurer, David oversees all the mining projects. Secretary, Mike is the lead mechanic and maintains the company's workshop.

Daniel, Eddie, David, and Mike can all be found daily working alongside of any one of their employees. They stay hands on and are very involved of all operations of the business to ensure they maintain the excellent reputation in the community that Goodwin Bros Construction has had for the last 36 years.

Goodwin Bros Construction typically has 30 – 35 employees working on average. The company has field supervisors for their paving, concrete, and site work crews. Each supervisor is responsible for giving direction to their crew. They oversee their jobs and ensure everything runs smoothly and according to the plans. Supervisors will often order materials for their jobs. They also coordinate with the engineers and inspectors. Each crew is made up of general laborers that do things such as flagging traffic, raking or shoveling. The crews also have equipment operators to run the different miscellaneous pieces of equipment on the job site. Goodwin Bros also owns 5 of their own dump trucks as well as a lowboy, dump trailer, two fuel trucks, water truck, service trucks and tack truck just to name a few. The company's fleet contains over 18 vehicles. Goodwin Bros has truck drivers to run these vehicles, haul material on and off the jobsites, and move equipment to different job locations. The company has several clerical employees that run the office and take care of accounts payable, accounts receivable, human resource, and other daily office operations as well as their own mechanics to

repair and maintain all of their equipment.

Goodwin Bros owns approximately 85 pieces of construction equipment. Having a large variety of different machinery readily available for use allows the company to spread its different crews out among multiple jobs at a time. With so many different kinds of equipment it also gives the company the flexibility to rotate the equipment in and out of the shop for routine maintenance and repairs without pulling anything off the jobs and causing any delays. The equipment Goodwin Bros owns includes, 3 backhoes, 11 excavators, 9 dozers, 4 motor graders, 13 loaders, 9 articulated dump trucks, 13 compactors/rollers, 5 brooms/sweepers, 3 tractors, 3 pavers, and a dozen other miscellaneous machines including a crusher, reclaimer, trencher, and curb machine to name a few.

Goodwin Bro's main office is located at 14341 Ponce De Leon Blvd. Brooksville, FL 34601. They have been at this location for over 20 years. Previous to that the office was ran out of Boone and Carol's home, also in Brooksville. The mechanics shop is also located at the property on Ponce De Leon Blvd. Goodwin Bros also owns a second location right down the road from their office. This location is used for storage of materials and equipment.

In the past three years Goodwin Bros Construction has had 2 workers compensation claims.

The first one occurred on June 5th, 2018 and was closed out on January 21st, 2019. Our employee was climbing into the bulldozer and slipped. His lower leg struck the dozer causing a contusion. This was a medical only claim.

Secondly, a claim was filed on August 10th, 2018. This claim was closed out on October 9th, 2018. In this case our employee was manually pulling on a rope causing him rope burn and an abrasion on his left hand. This was also a medical only claim.

In both circumstances neither employee needed to be reimbursed by workers compensation for any lost work. Each employee was treated medically and released back to work. There was no citations issued in either incident.

Goodwin Bros Construction always puts the safety of their employees first. We pride ourselves in adequately training employees and supplying them with any safety equipment they would need, like hard hats, goggles, and vests.

Goodwin Bros Construction has not failed to complete any of our awarded projects in a specified contract time during the last three years.

Goodwin Bros Construction has not been involved within the last 5 years or is not presently involved in any litigations or arbitration.

Goodwin Bros Construction has never filed for bankruptcy, is not currently in bankruptcy and has no bankruptcy action pending.

TECHNICAL STRENGTH AND SUPPORT CAPABILITIES/ABILITY TO HIRE QUALIFIED SUB-CONTRACTORS

Goodwin Bros Construction would be an excellent choice to be one of Hernando county's qualified contractors for construction services under $500k. We have an excellent relationship with the county after doing dozens of jobs for them. Our reputation is a direct reflection of the superb quality of work we supply time and time again. Furthermore, we are familiar with Hernando county's high expectations and can confidently say they have always met or exceeded on every project that they have done.

Having been in business in the area for so long there is no need for us to advertise. We get our work by word of mouth and recommendations. Not to mention we have many repeat customers.

With our vast amount of knowledge and skills we are able to adapt to changing conditions and to react to changes in the scope of work without creating unnecessary expenses.

Every project we do, we have the same standard of excellence on; whether it be a $10,000 driveway or a $1,000,000 road project, we make sure all of our customers are satisfied. Goodwin Bros never cuts corners and is thorough in everything we do. Our dedication to hard work shows through the quality of our work.

Goodwin Bros Construction provides the highest quality of work and gets the job done in a timely manner. We are professional, honest, trustworthy and have a high degree of integrity.

Like Hernando county, Goodwin Bros strives to get the job completed at the lowest cost possible. Having been in the construction industry for so long we have many different connections to get the best quality materials and supplies for the most affordable price. Our goal is to help the county continue to make improvements. When we do a project, we are not just looking to pass the inspections and get paid. We take pride in our name and our work and want to ensure that all citizens of the county are satisfied.

Goodwin Bros Construction is a licensed underground utility and excavation company. We have held this license since July 2008. We are also licensed by the Hernando County Building Division as a paving contractor. With these licenses we are able to do all of our own paving, excavation, clearing, site work, pipework, concrete, silt fence and have the ability to truck our own materials on and off the job site. Having the ability to do so many things in house helps us control every job and helps keep costs down. We are also Florida Department of Transportation qualified and our approved work classes are drainage, flexible paving, grading, and hot plant mixed bituminous courses.

The only items that we typically need to use a subcontractor for are surveying, striping, and sodding. Occasionally, depending on scheduling and availability we may choose to subcontract out something additional. However, this is usually not the case. We do as much of the work in house as possible.

Goodwin Bros Construction has a professional and trusting relationship with each subcontractor that we use. We have worked with each company for many years and have completed a large number of projects with each one of them. We communicate regularly with all of our subcontractors so we can keep things on schedule and they are readily available when needed. We hold them to the same standard that we hold ourselves to. Over the years we have been very selective in hiring the companies that do work for us and we trust them to represent our name, something we take a lot of pride in. Our most often relied on companies are J & J Sod and Landscaping, Inc. for sodding. We use Akca, Inc. for striping and pavement markings. A-1 Silt & Erosion we occasionally subcontract silt fence out to. Coastal Concrete we also subcontract concrete work out to on occasion. Also, Coastal Engineering we use for surveying and as-builts.

LOCATION

Goodwin Bros Construction is locally owned an operated in Hernando County. This is beneficial because we are never far from a jobsite. If there is ever any issues, problems, or questions we are just a quick phone call away. Working within the county helps us keep our travel costs down and in return makes our bids more affordable. It's also beneficial that we are already very familiar with the area of any jobsite. A majority of our projects are road work, so knowing the traffic flow helps us plan accordingly to get the projects completed as fast as possible.

TITLE

Termination of Landfill Gas Purchase Agreement and Nullification of Wellfield Maintenance Agreement With Timberline Energy, LLC, and Bill of Sale With Timberline Energy, LLC, Pertaining to Northwest Solid Waste Landfill

BRIEF OVERVIEW

In 2007, Hernando County entered into an agreement with Timberline Energy, LLC, to generate electricity at the NW Solid Waste Landfill.

The approved agreement dated 2007 is for a term of twenty (20) years and would have come to expire in 2027. In October of 2024, the electricity generating component of Timberline Energy, LLC's equipment experienced technical malfunctions and ceased to operate. Timberline Energy, LLC stated that the repairs are cost-prohibitive and a mutual termination of the agreement has been negotiated.

Timberline Energy, LLC and the Solid Waste Division desire to terminate the Landfill Gas Purchase Agreement, and to nullify the associated Wellfield Agreement which granted the Developer the exclusive right to claim and utilize any emission allowances and reduction credits associated with Carbon Reduction Tonnes (CRT) generated by the Landfill. CRTs are verified by the Climate Action Reserve and represent the capture and avoidance of

greenhouse gas emissions. CRTs represent one tonne of CO_2-equivalent (CO_2e) emissions

reduced or avoided.

Both parties agreed that the Developer shall remain the account holder of the Project in CAR's registry program and retain the exclusive right to generate CRTs for the 2025 Reporting Period, until such CRTs have been issued in accordance with the terms and conditions of this Termination Agreement. The 2025 reporting period is October 7, 2024, through October 6, 2025.

Upon the Emission Credit Termination Date, the County shall be entitled to the right to claim and utilize any emission allowances and reduction credits that may be associated with Landfill Gas, including, without limitation, any CRTs which may be generated by the Project after the Effective Date or earned for the 2025 - 2026 reporting period.

As set forth in the Termination of Landfill Gas Purchase Agreement and Wellfield Maintenance Agreement, a Bill of Sale in favor of Hernando County was prepared and constitutes the entire understanding and agreement between the Buyer and Seller with respect to assets owned by NW Solid Waste Landfill and assets of Timberline Energy, LLC.

The Solid Waste Department is in favor of the early termination and is currently exploring other options relating to methane and CRTs.

FINANCIAL IMPACT
None at this time.

LEGAL NOTE
The Board has the authority to act on this item pursuant to Part II, Chapter 2, Article V of the Hernando County Code of Ordinances.

Budgets - FY 2006/07 - Adoption of Budget Resolution No. 2007-126 Recognizing Additional Revenue Due Mid-Florida Community Services, Inc., From FY 2006

Received a memorandum from Office of Management and Budget Director George Zoettlein advising that as per the contract with Mid-Florida Community Services, Inc., for community legal services, the County was required to pay for these services up to a prescribed amount. Funds were collected in Fund No. 1242, Additional Court Costs, per Florida Statute 939.185. Any revenue collected over this amount was also required to be paid to the agency. At the close of FY 2006 (September 30, 2006), additional funds had been collected but not turned over to the agency. The proposed Budget Resolution recognized these funds in FY 2007 so they could be paid to the agency.

RECOMMENDATION

The staff recommended that the Board adopt Budget Resolution No. 2007-126 recognizing these funds in FY 2007 so they could be paid to the agency.

Contracts and Agreements - Commercial Industrial Corporation - Award of Bid for Aerial Way Force Main Project

Received a memorandum from Purchasing and Contracts Director James Gantt advising of bids received for the Aerial Way Force Main Project. The scope of work included construction of approximately 3,064 lineal feet of 16" force main along Aerial Way and force main realignment from Spring Hill Drive

to Corporate Boulevard. The bids received were as follows: Commercial Industrial Corporation - $341,579.06; Contech Construction Group, LLC - $373,600.43; Lyric Services, Inc. – $389,054.00; Adkins Contracting, Inc. - $394,555.45; Pospiech Contracting, Inc. - $414,564.01; Marion Rock, Inc. - $423,854.20; GWP Construction, Inc. - $431,892.10; Coastal Underground Services, Inc. - $449,306.00; CI Contracting, Inc. - $467,199.00; Carl Hankins, Inc. - $569,429.40; and DAB Constructors, Inc. - $670,000.00.

RECOMMENDATION

The staff recommended that the Board award the bid for the Aerial Way Force Main Project to Commercial Industrial Corporation in the total amount of $341,579.06.

Contracts and Agreements - Department of Transportation - Adoption of Resolution No. 2007-130 Authorizing Execution of Local Agency Program Agreement for Design Phase of Darby Lane Sidewalk Project/Adoption of Budget Resolution No. 2007-131 Establishing Project Budget

Received a memorandum from Public Works Director/County Engineer Charles Mixson advising that the Board had approved participation in the Department of Transportation Local Agency Program (LAP). The proposed agreement provided up to $117,738 reimbursement to the County for the design phase of the Darby Lane Sidewalk Project. Design and construction costs were currently estimated at $200,000.

RECOMMENDATION

The staff recommended that the Board adopt Resolution No. 2007-130 authorizing execution of the LAP Agreement, adopt Budget Resolution No. 2007-131 establishing the project budget, approve the LAP agreement, and authorize the Chairman's signature on all related documents.

Comm. Kingsley understood that Darby Lane was located in the City of Brooksville and questioned the County's involvement in the project.

Mr. Mixson clarified that the Engineering Division was the LAP-certified agency responsible for the design activities involved in the project. He confirmed that the project had been presented to the Metropolitan Planning Organization.

Contracts and Agreements - K&V Real Estate, LLC - Approval of Ground Lease Agreement for Lot 13, Airport Industrial Park, Unit 1/Ground Lease Agreement With Rudolph and Asenath Rostel Terminated

Received a memorandum from Airport Director Donald Silvernell advising that the Airport had had a Ground Lease Agreement with Rudolph and Asenath Rostel for Lot 13, Airport Industrial Park, Unit 1, since April 1987. Mr. and Mrs. Rostel were selling their leasehold improvements to K&V Real Estate, LLC, which had requested a new lease using the current lease template as drafted by the Legal

Department. Approval of a new lease would require termination of the existing lease. Neither document would become effective until the sale of the leasehold improvements had occurred.

RECOMMENDATION

The staff recommended that the Board approve the lease termination with Mr. and Mrs. Rostel and the new lease with K&V Real Estate, LLC, for Lot 13, Airport Industrial Park, Unit 1, and authorize the Chairman's signature thereon.

Contracts and Agreements - Dennis and Pamela Wilfong - Approval of New Ground Lease for Lot 37, Airport Industrial Park, Unit 1/Ground Lease for Lot 36 Terminated

Received a memorandum from Airport Director Donald Silvernell advising that the Airport had had a Ground Lease Agreement with Dennis and Pamela Wilfong for Lot 36, Airport Industrial Park, Unit 1, since April 11, 1995, and for Lot 37 since December 3, 1991. The Airport had negotiated a new lease with Mr. and Mrs. Wilfong for Lot 37 utilizing the new lease template as drafted by the Legal Department. The new lease terminated Mr. and Mrs. Wilfong's lease for Lot 36 allowing the lot to be utilized for construction of the new Airport office facility currently approved in the Airport budget and funded in part with a grant from the Department of Transportation.

RECOMMENDATION

The staff recommended that the Board approve the new lease with Mr. and Mrs. Wilfong for Lot 37, Airport Industrial Park, Unit 1, and authorize the Chairman's signature thereon.

Contracts and Agreements - Patco Transport, Inc. - Award of 24-Month Term Contract for Supply/Delivery of White Concrete Sand for Parks and Recreation Department

Received a memorandum from Purchasing and Contracts Director James Gantt advising of bids received for furnishing white concrete sand for the Parks and Recreation Department. The bids received were as follows: Patco Transport, Inc. - $16.30/ton; Cliff's Construction - $24.75/ton; and E.R. Jahna - $27.50/ton. Patco Transport, Inc., added a 10% increase for the second 12-month period of the 24-month term of the contract; however, even with the increase, the price per ton was 43.5% less than the next lowest bid.

RECOMMENDATION

The staff recommended that the Board award a 24-month term contract, with renewal clause, for the supply and delivery of white concrete sand to Patco Transport, Inc., effective upon date of award and based on the unit price bid. The estimated expenditure during the first 12 months was $48,000.00.

In response to a question from Comm. Kingsley, Parks and Recreation Director Charles "Pat" Fagan described the uses for white concrete sand. He advised that the staff was currently involved in a project with the Port Authority to dredge white sand from the Weeki Wachee River, which was a result of

erosion from Rogers Park over the past several years. He stated that as much dredged sand as possible would be utilized for various projects throughout the county.

Mr. Fagan clarified for Comm. Russell that the sand from the dredging project, as well as the sand from the Hernando Beach Channel Dredging Project, would be stockpiled for future use.

Comm. Kingsley questioned if sand consisting of larger granules had been considered for Rogers Park to reduce the amount of erosion into the Weeki Wachee River.

Mr. Fagan replied that that option would be explored.

Airport - Roadway Improvements Project - Adoption of Resolution Nos. 2007-127 and 2007-128 Recognizing Loan Proceeds and Outside Funding for Project/Award of Bid to Goodwin Bros. Construction, Inc./Airport Director or Designee Authorized to Approve Potential Change Orders Extending Contract

Received a memorandum from Purchasing and Contracts Director James Gantt advising of bids received for the Airport Roadway Improvements Project. The scope of work included construction of approximately 13,000 linear feet of new collector roadway with associated clearing, grubbing and stormwater facilities. The base bids received were as follows: Goodwin Bros. Construction, Inc. - $2,811,194.76; Counts Construction - $3,629,034.76; Southern Site Works – $3,827,374.50; Simmons Construction Company - $4,032,035.26; Prince Contracting Company, Inc. - $4,558,625.50; Hewitt Contracting Company, Inc. - $4,621,658.30; Specialized Services, Inc. - $4,806,983.60; and D.A.B. Constructors, Inc. - $4,888,888.88. A complete bid tabulation was submitted to the Board.

RECOMMENDATION

The staff recommended that the Board adopt Budget Resolution Nos. 2007-127 and 2007-128 recognizing loan proceeds and outside funding for the Airport Roadway Improvements Project (south Airport roads and Aerial Way base bids, plus south Airport roads alternate Item Nos. 1 [$15,840] and 2 [$20,400]), award the bid for the project to Goodwin Bros. Construction, Inc., in the total amount of $2,847,434.76, authorize the Airport Director or his designee to approve Change Orders for contract extension, if necessary due to inclement weather conditions, and authorize the Chairman's signature on all related documents.

In response to a comment from Comm. Russell, Airport Director Donald Silvernell indicated that the actual cost for the project was significantly lower than the projected cost. He noted that the engineer's estimate for the project was approximately $4.8 million.

Public Works Director/County Engineer Charles Mixson responded to a question from Comm. Russell concerning the trend of low bids that had recently been received for road projects.

Liens - Interim Disposal Special Assessment - Approval of Filing Lien Against Property Owned by Gertrude Mahoney

Received a memorandum from Utilities Department Finance Coordinator Brooks Ahrens transmitting an Interim Disposal Special Assessment Lien to be filed against property owned by Gertrude F. Mahoney in the amount of $240.63. The property owner had failed to pay the interim disposal assessment due by Ordinance after three consecutive monthly invoices were mailed and a certified letter was sent to the homeowner.

RECOMMENDATION

The staff recommended that the Board approve the filing of the Interim Disposal Special Assessment Lien and authorize the Chairman's signature thereon.

Liens - Public Nuisance Abatement Special Assessment - Acceptance of Payment With Interest Reduction for Release of Lien Filed Against Madisons Avenue of Gainesville, Inc.

Received a memorandum from Code Enforcement Director Frank McDowell, III, advising of a request received to reduce the payoff of an outstanding Public Nuisance Abatement Special Assessment Lien on property owned by Alex Reece, Madisons Avenue of Gainesville, Inc. The Lien filed against this property had a payoff of $443.33 as of April 1, 2007. The property owner remitted payment in the amount of $380.00 and indicated that the property would be kept properly maintained and in compliance with the Code of Ordinances. This remittance reflected the total amount due with a reduction of interest. Settlement appeared to be in the best interest of the County as actual costs incurred would be recovered.

RECOMMENDATION

The staff recommended that the Board approve the reduction of interest on the Public Nuisance Abatement Special Assessment Lien, accept payment of $380.00 and authorize the Chairman's signature on the Release of Lien.

Contracts and Agreements - Timberline Energy, LLC - Approval to Execute Contract for Purchase of Landfill Methane Gas Being Generated at Northwest Solid Waste Facility

Received a memorandum from Assistant Utilities Director for Solid Waste and Recycling David Horne requesting that the Board approve the execution of an unsolicited, proposed contract from Timberline Energy, LLC, for the purchase of landfill methane gas being generated at the Northwest Solid Waste Facility Landfill (NSWFL). The gas would be utilized as an energy source within the county at the site of Florida Rock. The Solid Waste and Recycling Division was scheduled to install a gas flare during the construction phase of Cell 3. This proposal and its timing were perfect relative to the Landfill Construction Project.

RECOMMENDATION

The staff recommended that the Board approve the execution of the contract with Timberline Energy, LLC. The County would immediately begin generating revenues of $2,000/month until the landfill gas system was operational.

At the request of Comm. Kingsley, Mr. Horne explained the process involved in producing and managing methane gas at the NSWFL.

Comm. Kingsley expressed support for the project. He questioned if the staff had considered manufacturing bio-diesel fuel from organic waste, which he understood had been accomplished in other areas of the state.

Mr. Horne responded negatively. He explained that that technology was relatively new and involved significant costs to implement.

Comm. Kingsley believed there were private enterprises that would be willing to invest in such a project. He felt the County should consider developing a method by which to reduce the amount of waste at County landfills to allow for needed space while producing a product that could be utilized by general consumers.

Mr. Horne advised that the staff was committed to exploring all available solid waste technology.

Subdivisions - Sunrise - Public Hearing Rescheduled for July 24, 2007, to Consider Development of Regional Impact

Received a memorandum from Planning Director Ronald Pianta advising that in May of 2005, Sunrise Lands Partnership had submitted an application for a Development of Regional Impact under Florida Statutes (FS), Section 380.06. The application consisted of 4,800 units, 75 motel rooms, 365,000 square feet of retail, 50,000 square feet of office space, a golf course and a clubhouse. On November 29, 2006, the Withlacoochee Regional Planning Council (WRPC) issued a notice that the applicant had declared sufficiency. Per FS, upon notification from the WRPC that the application had been declared sufficient, the local government must set a public hearing date at its next regular meeting. A public hearing was scheduled by the Board for May 7, 2007; however, this hearing date was canceled at the request of the applicant to allow time for the preparation of an associated Development Order and the scheduling of an interim Workshop on the SR50/I-75 Planned Development District. Therefore, a new public hearing date must be set by the Board.

RECOMMENDATION

The staff recommended that the Board establish July 24, 2007, at 1 p.m., as the public hearing date and time for the Sunrise DRI.

Subdivisions - Seville - Approval of Supplemental Water Agreement

Received a memorandum from Interim Utilities Director Jesse Goodwin advising that the staff had spent several months negotiating a Supplemental Water Agreement with the developer of the Seville subdivision to replace the existing Seville Water Treatment Plant. The new water plant was necessary to serve the proposed 2,780 residential units along with the adjacent 54,000 square feet of non-residential development. A new water treatment plant would be designed and constructed and would include a 2 million gallon ground storage tank; a new, high-service pump station; electrical upgrades; and an emergency generator. The agreement provided that the developer must agree to the prepayment of 25% of the water connection fees equal to 695 Equivalent Residential Units (ERUs) at a cost of $1,147 per ERU for the proposed 2,780-unit Seville subdivision in the total amount of $797,165. After the initial 695 prepaid connections had been used, all other water connection fees would be paid at the current water connection fee rate in effect at the time payment was made.

RECOMMENDATION

The staff recommended that the Board approve the Supplemental Water Agreement since the new Seville Water Treatment Plant would help to supply the future water demand of the proposed Seville subdivision and surrounding area, and the development would provide upfront funding for the project.

Subdivisions - Nature Coast Commons - Approved Commencement of Clearing, Grading and Utility Work in First Phase of Construction

Received a memorandum from Planning Director Ronald Pianta advising of an applicant's request for authorization to clear and perform site grading and utility work for J.C. Penneys on a portion of the proposed Nature Coast Commons subdivision. The plans had been reviewed by the affected County agencies and were in compliance with the County's current development standards. The Southwest Florida Water Management District had issued a completeness letter for the construction of the project. No site work shall commence until all required permits had been issued by the affected agencies.

RECOMMENDATION

The staff recommended that the Board approve commencement of clearing, grading and utility work in the first phase of Nature Coast Commons.

County - Check Register - Approval of Disbursements for Week Ended April 13, 2007

The check register for accounts payable disbursements from Board funds for the week ended April 13, 2007, was submitted for the Board's approval.

The Minutes and Voting Records for the Regular Meeting of April 3, 2007, and the Land Use Meeting of April 11, 2007, were submitted for the Board's approval.

Chairman Stabins stated that he would accept a Motion for approval of the amended Consent Agenda.

Motion

Comm. Rowden so moved; seconded by Comm. Russell and carried unanimously.

Contracts and Agreements - Optima DHM Corporation - Approval of Amendment to Agreement Formalizing Seville Master Plan Conditions Regarding Thrasher Road Extension

Deputy County Administrator Larry Jennings recalled that on April 17, 2007, the Board discussed a proposed amendment to an agreement the Board had entered into in 2005 formalizing the commitment of Optima DHM Corporation (Optima), the developer of the Seville subdivision, to fulfill certain Seville Master Plan approval conditions regarding the Thrasher Road extension. The Board had requested that the proposed amendment be scheduled on this date for additional information and discussion. Since the agreement was entered into, the developer had sold a portion of the property, and the agreement as approved contained a provision that would have required the developer to pave a portion of the road

well in advance of either development of its remaining property and without any coordination with County improvement of the remainder of the road. With staff input and approval, an amendment had been prepared under which the developer's obligation to improve the road was based upon and coordinated with County improvement of that portion of the road which was a County responsibility. When the County began work on the road, the developer was obligated to improve his portion of the road to the same standards (either limerock or paving). The remaining terms of the original agreement regarding provision of right of way were unaffected.

The staff recommended that the Board approve the proposed amendment to the existing agreement with Optima in regard to developer obligations to improve Thrasher Road pursuant to conditions imposed on the Master Plan, and authorize the Chairman's signature thereon.

Mr. Jennings displayed an aerial photograph of the subject property via overhead projection and reviewed the history regarding Thrasher Road as it related to the Seville development. He pointed out that the proposed agreement involved three segments of Thrasher Road, which he outlined.
Mr. Jennings clarified for Chairman Stabins that Thrasher Road would extend underneath the Suncoast Parkway and connect to Royal Highlands.

Public Works Director/County Engineer Charles Mixson confirmed that use of the Suncoast Parkway underpass for the Thrasher Road extension had been authorized by the Florida Turnpike Enterprise.

Mr. Jennings clarified for Comm. Kingsley that the underpass was designed for vehicle activity and interconnectivity between the landfill and a potential sewer plant site.

Mr. Jennings verified for Comm. Rowden that if the County chose to limerock its portion of Thrasher Road, the developer of Seville would be allowed to limerock their portion of the road until the County paved its portion or until development occurred within east Seville, at which time the developer would be responsible for paving the roadway.

Comm. Rowden expressed opposition to constructing the Thrasher Road extension with limerock.

Mr. Mixson explained that the proposed project was merely to provide a temporary connection until funding was available in the future to construct the roadway to County standards.

Comm. Rowden indicated that she would not support the project due to the existing problems in the county regarding limerock roads.

Comm. Kingsley agreed. He believed the expansion should be done by County standards and that limerock should not be used as a surface material for the project. He requested that any reference to limerock be stricken from the proposed agreement.

Comm. Rowden suggested using the same type of surfacing material that was used on Weeping Willow Street, as she understood it did not create dust.

Mr. Mixson explained that it was a more expensive material, but could be budgeted and funded if so desired by the Board.

Mr. Mixson verified for Chairman Stabins that Thrasher Road was anticipated to be paved in approximately five to ten years. He commented that the proposed connection would benefit residents of Thrasher Road.

Comm. Rowden felt the connection should not occur until the existing dust problem on Thrasher Road was resolved.

Mr. Mixson explained that the staff was not proposing to make the connection at this time, and he clarified the proposed agreement.

Comm. Rocco expressed support for the proposed agreement.

In response to Comm. Russell, Mr. Mixson confirmed the staff's intent to apply for Department of Transportation funding for the Thrasher Road connection.

Mr. Jake Varn, representing Optima, agreed with the staff recommendation. He expressed support for deleting any reference to limerock roads from the proposed contract.

There were no public comments.

Motion

Comm. Kingsley moved to approve the staff recommendation with the striking of the opportunity for limerock in that particular section of road; seconded by Comm. Rowden.

County Attorney Garth Coller advised that the Legal Department would revise the contract language as directed by the Board.

The vote was taken on the Motion and it carried unanimously.

RECESS/RECONVENE

The Board recessed at 10:20 a.m. and reconvened at 10:35 a.m.

Commissioners - Ex Parte Communications - Announcement Regarding Quasi-Judicial Hearings

Chairman Stabins and Comms. Kingsley, Rocco, Rowden and Russell announced that they had had no ex parte communications concerning the quasi-judicial petitions being considered at this meeting.

County Attorney Garth Coller provided the standard admonition that only information received in the Board's packet or documentary evidence or testimony provided at the hearing could be considered in the Board's decision-making process.

Commissioners - Meetings - Adoption of Informational Packet Into Evidence

The Agenda packet that was submitted to the Board included written information regarding all cases to be considered, which needed to be accepted into evidence for the hearing.

The staff recommended that the Board accept the Agenda packet, including the staff reports, into evidence as if read aloud in their entirety.

Chairman Stabins stated that he would accept a Motion to adopt the Agenda back-up material into evidence.

Motion

Comm. Rowden so moved; seconded by Comm. Rocco and carried unanimously.

Variances - William T. and Cheryl Woods - Adoption of Resolution No. 2007-132 Approving Request to Increase Fence Height in Front Yard

Proof of publication of Notice of Public Hearing was noted to consider the petition of William T. and Cheryl Woods (V-07-17) for a variance to increase the fence height in the front yard.

The subject property was located on the south side of Warm Wind Way, approximately 550' east of Whisper Ridge Trail, Woodland Waters, Phase 5.

The Board was polled for ex parte communications prior to this petition.

Development Services Director Grant Tolbert, under oath, reviewed the staff report he had submitted, including the Ordinance standards and the surrounding zoning and land uses. He reported that no citizens' responses had been received in favor of or in opposition to the petition. He advised that the petitioners had requested a variance to allow 5'-high ornamental, aluminum fencing in the front yard of their home. The subject parcel was pie-shaped and located on a curve. The front lot line was

approximately 180' long. The petitioners had been informed by their contractor that a 5' fence would provide greater flexibility in trying to match the grade of the property and would avoid the stair-step look. He further advised the petitioners that this would be a more aesthetically pleasing view for the neighbors and community. The petitioners had also proposed to install a decorative gate along their driveway. The drawing submitted illustrated that the clear site triangle requirements would be met. The Code of Ordinances, Chapter 8, Section 8-210.18 (Variances), stated that a variance may be granted from the terms and provisions of the Ordinance for just cause. (Hardship need not be proven.)

The staff recommended that the Board review the petitioners' request and determine if just cause existed to issue the proposed variance.

Mr. Tolbert advised that the Woodland Waters Homeowners Association supported the proposed variance.

Mrs. Woods, under oath, explained the purpose of the variance request.

There were no public comments.

Motion

Comm. Kingsley moved to approve this particular request and adopt Resolution No. 2007-132; seconded by Comm. Rocco and carried unanimously.

Variances - Sandra Perez and Angel Orue - Adoption of Resolution No. 2007-133 Approving Request to Reduce Front Yard Setback for Fence and to Increase Fence Height and Fence Opacity in Front Yard

It was noted that the public hearing to consider the petition of Sandra Perez and Angel Orue (V-06-70) for a variance to reduce the front yard setback for a fence and to increase the fence height and fence opacity in the front yard had been postponed from January 23, 2007.

The subject property was located on the corner of Hawthorne Road and Dorado Street, in Spring Hill, Unit 24.

The Board was polled for ex parte communications prior to the Woods variance petition.

Development Services Director Grant Tolbert, under oath, reviewed the staff report he had submitted, including the Ordinance standards and the surrounding zoning and land uses. He reported that no citizens' responses had been received in favor of or in opposition to the petition. He advised that the petitioners had requested a variance to allow a 6' stockade fence on the property line in the secondary front yard. The subject parcel measured approximately 90' x 125'. A fence permit was issued to the petitioners on August 23, 2005. On March 24, 2006, the petitioners requested that the permit be

reactivated as they did not have time to complete the job. On April 5, 2006, the petitioners were notified that the permit was reactivated. On October 9, 2006, a second request to reactivate the permit was submitted to the Development Services Department, which was approved on October 13, 2006. When the original permit application was submitted, the petitioners signed an interior lot diagram but had later indicated that they did not realize it was for the wrong type of lot. The Code of Ordinances, Chapter 8, Section 8-210.18 (Variances), provided that a variance may be granted from the terms and provisions of the Ordinance for just cause. (Hardship need not be proven.)

The staff recommended that the Board review the petitioners' request and determine if just cause existed to issue the proposed variance.

Mrs. Perez, under oath, detailed the purpose of the requested variance.

At the request of Comm. Kingsley, Mr. Tolbert displayed a photograph via overhead projection to point out the location of the existing fence.

Mr. Orue, under oath, explained that the subject property was not level.

There were no public comments.

Motion

Comm. Kingsley moved to approve this particular request and adopt Resolution No. 2007-133; seconded by Comm. Russell and carried unanimously.

Variances - Roger and Tracie Maler - Adoption of Resolution No. 2007-134 Approving Request to Increase Distance Into Waterway for Boatlift

Proof of publication of Notice of Public Hearing was noted to consider the petition of Roger and Tracie Maler (V-06-71) for a variance to increase the distance into a waterway for a boatlift.

The subject property was located on the south side of Gulfwind Circle, at the beginning of the cul-de-sac.

The Board was polled for ex parte communications prior to the Woods variance petition.

Development Services Director Grant Tolbert, under oath, reviewed the staff report he had submitted, including the Ordinance standards and the surrounding zoning and land uses. He reported that no citizens' responses had been received in favor of the petition and two citizens' responses had been received in opposition to the petition. He advised that the petitioners had requested a variance to install a dock and a boat lift on a canal behind their vacant residential lot in Hernando Beach. The subject

parcel measured approximately 106' x 70'. The petitioner had proposed to extend the dock to 16' and the boat lift to 21'. The petitioners' representative had explained that the reason for the variance request was to avoid the shelf of rock in front of the seawall. The Waterway Maintenance Division (WMD) had reviewed the variance application, visited the site and determined that 21' into the canal would not pose a navigational hazard in the subject area. There had been two appeals filed by residents of the area opposing the Notice of Intent to approve the requested variance.

The staff recommended that the Board review the petitioners' request and approve same because it would not be a navigational hazard and was necessary to avoid the rock shelf in front of the seawall.

Ms. Monica Mills, with Gulfside Docks Corporation, representing the petitioner, under oath, displayed an aerial rendering of the subject area which depicted the width of the canal and simulated existing and prospective boat docks from which to access the canal. She displayed a drawing which illustrated the proposed boat dock as well as the dock of Mrs. Mary Li, an opposing resident on Lily Drive. She stated that she had met with Mrs. Li and Mr. John DePasquale, opposing resident of Gulf Winds Circle, regarding the proposed variance. She pointed out that Mr. John Giordano, resident of Gulf Winds Circle, had expressed support for the proposed variance. She expounded on the design elements of the proposed dock and boat lift.

Mr. DePasquale, under oath, displayed a rendering of the subject area to point out the potential navigational hazard that would occur as a result of the proposed variance. He displayed various photographs of the subject area and described the current access routes from existing boat docks as well as alternate access routes that would be necessary, yet hazardous, should the proposed variance be approved. He emphasized that the proposed variance would reduce the existing turning basin, which was necessary to maneuver boats into their respective docks, particularly larger boats. He asserted that Mr. Giordano's boat was only 12' wide; therefore, he would not be negatively impacted by the proposed variance. He submitted a notarized letter from Mr. John Currie, a neighboring resident, who had concerns with the proposed variance.

Mr. Lee Sanders, husband of Mrs. Mary Li, under oath, indicated that he and his wife were in the process of selling their home. He expressed concern that the ingress/egress from their boat dock into the canal would restrict the boat size desired by prospective buyers, which would hinder his ability to sell his home.

Mr. George Bennett, with the WMD, under oath, indicated that the proposed dock would not extend any further into the canal than an existing dock to the west. He noted that the canal measured 84' wide, leaving approximately 40' of navigable waterway with the proposed dock in place. He stated that the subject portion of the canal was not a high-traffic area and he did not feel the proposed dock would pose a navigational hazard.

Ms. Mills mentioned that there were other canals within the county which were only 50' wide; therefore, she asserted that the average boat owner should be able to navigate in and out of a 40' clearance without difficulty. She described the angle by which the petitioners' 17' boat would be hoisted onto the boat lift.

Mr. Maler, under oath, expressed that he had requested a variance merely to have access to the canal.

Mr. Tolbert clarified for Comm. Russell that the shelf of the canal extended approximately 6' to 8'.

Ms. Mills responded to Comm. Russell that a reduction to the proposed variance would not accommodate the petitioners' needs. She believed the County's Dock Ordinance needed to be updated to include reference to boats and navigation.

County Attorney Garth Coller verified for Comm. Rowden that Mr. Bennett could be considered an expert witness based on education or experience.

Mr. Bennett briefly elaborated on his experience and confirmed that part of his responsibility as a WMD employee was to routinely consider the impacts of boats and docks on waterways within the county.

Comms. Rowden and Rocco agreed to consider Mr. Bennett an expert witness.

Comm. Rocco felt that denying the proposed variance would create a hardship on the petitioner and that individuals should consider navigational issues prior to purchasing a boat.

Motion

Comm. Rocco moved to approve the variance request; seconded by Comm. Russell.

Comm. Kingsley contended that the boat dock to the west of the subject property extended further into the canal and would create more of a potential navigational hazard than the proposed boat dock. He stated that he would not support the Motion as stated unless the boat dock to the west was reduced to 12'.

The vote was taken on the Motion and it carried 4-1, with Comm. Kingsley voting Nay.

Chairman Stabins advised that Resolution No. 2007-134 reflected the variance approval.

Variances - Susan Townsend - Adoption of Resolution No. 2007-135 Approving Request to Reduce Side Setback Requirement

Proof of publication of Notice of Public Hearing was noted to consider the petition of Susan Townsend (V-07-05) for a variance to reduce the side setback requirement.

The subject property was located on the north side of Sumter Drive, approximately 300' east of Ivy Hill Lane, in the Rolling Acres subdivision.
The Board was polled for ex parte communications prior to the Woods variance petition.

Development Services Director Grant Tolbert, under oath, reviewed the staff report he had submitted, including the Ordinance standards and the surrounding zoning and land uses. He reported that no citizens' responses had been received in opposition to the petition and one petition containing six signatures had been received in favor of the petition. He advised that the petitioner had requested a variance to reduce the side setback from 10' to 8.80' to place an addition onto an existing single-family home to which a detached garage would connect. The subject parcel measured approximately 120' x 130'. The petitioner proposed to place a triangular-shaped addition between the house and the detached garage. The present Ordinance standards required the primary structure to be 10' from the side property line and the detached garage to be 5' from the side property line. Attaching the two structures would create one primary structure which would be required to meet the 10' side setback requirement.
The staff recommended that the Board review the petitioner's request and deny same because the hardship was self-imposed and was not emanating from the land.

The petitioner was present at the meeting, but had no comments.

Mr. John Nesseralla, representing the petitioner, under oath, admitted that the hardship was self-imposed as he was unfamiliar with permitting requirements. He expressed that expansion of the home was necessary to accommodate his family. He mentioned that he and the petitioner had received letters of support from all but two of the surrounding residents.

Comm. Russell mentioned that he had received numerous letters in support of the proposed variance, and he commented on the sentiments expressed therein regarding the petitioner and Mr. Nesseralla.

In response to a comment from Comm. Russell, Mr. Tolbert reviewed the applicable Ordinance requirements.

There were no public comments.

Motion

Comm. Russell moved to grant the petitioner's request; seconded Comm. Rocco.

Mr. Nesseralla clarified for Comm. Kingsley that he utilized his garage to repair his company vehicles and that the proposed addition was for two additional bedrooms.

The vote was taken on the Motion and it carried unanimously.

Chairman Stabins announced that Resolution No. 2007-135 reflected the variance approval.

Zoning - Deborah Knight - Administrative Decision Overturned to Allow Pot-Bellied Pig in Residential Zoning District

Proof of publication of Notice of Public Hearing was noted to consider the petition of Deborah Knight (A-07-01) for an appeal of an administrative decision in order to allow a pot-bellied pig in a residential zoning district.

The subject property was located on the north side of Patio Court, at the beginning of the cul-de-sac in Spring Hill, Unit 25.

The Board was polled for ex parte communications prior to the Woods variance petition.

Development Services Director Grant Tolbert, under oath, reviewed the staff report he had submitted, including the Ordinance standards and the surrounding zoning and land uses. He reported that no citizens' responses had been received in favor of or in opposition to the petition. He advised that the petitioner presently had a pot-bellied pig named Cupid on the property. The subject parcel was irregularly shaped and measured approximately 140' deep, 176' across the rear and 100' across the front. The petitioner had mentioned that Cupid was over 12 years old and had lived in the county for over 5 years. The petitioner also stated that Cupid weighed approximately 100 pounds and had a life span of 10 to 12 years. The petitioner requested that the Board overturn the determination of the Administrative Official and allow the pig to remain on the property until its death.

The staff recommended that the Board review the petition and uphold the determination of the Administrative Official that farm animals were not a permitted use in the Planned Development Project(Single-family) residential zoning district.

In response to a question posed by Comm. Rowden, Mr. Tolbert advised that the Board had traditionally upheld the decision of the Administrative Official in regard to not allowing certain animals in residential districts.

County Attorney Garth Coller intervened that, generally, cases pertaining to pot-bellied pigs in residential districts involved a settlement agreement as part of the enforcement process.

Mr. Tolbert submitted two letters of opposition that had been received from Steven and Cynthia Koepke and from Douglas Reuel subsequent to preparation of the staff report.

Mr. Knight, under oath, displayed an aerial photograph of the subject area to point out the proximity of surrounding residents, one of which was Mr. Reuel who resided approximately one-half mile from the subject property. He contended that the U.S. Department of Agriculture had recognized pot-bellied pigs as domesticated pets. He mentioned that he had obtained copies of records reflecting numerous instances in which the Board had approved pot-bellied pigs in residential neighborhoods. He submitted various letters of support from surrounding residents and commented on a complaint filed with Animal Services by an individual who was opposed to the manner by which he cared for his animals. He contended that all his animals were in good health and that Cupid was registered. He displayed various photographs of Cupid to demonstrate its size. He stated that Cupid was small, clean, had no diseases, was current with vaccinations, and did not breed with wild pigs or run wild. He displayed a list of Counties which generated income from pot-bellied pigs.

Mr. Knight responded to Chairman Stabins that he was unaware of any cases of pot-bellied pigs having rabies.

Mr. Knight confirmed for Comm. Russell that he did not intend to replace Cupid.

Comm. Kingsley expressed support for the petitioner's request.

There were no public comments.

Mr. Knight verified that one of the opposing individuals was his brother-in-law, who was not even a neighboring resident.

Motion

Comm. Kingsley moved that a Settlement Agreement be executed by the County and the applicant to provide for and allow Cupid to remain on the premises until his natural death; seconded by Comm. Russell.

Mr. Knight clarified for Comm. Rocco that he had purchased Cupid in 1994 and had never received any complaints until just recently. He expressed support for the Motion.

The vote was taken on the Motion and it carried unanimously.

Comm. Kingsley temporarily left and returned to the meeting.

Zoning - Sandra Price - Administrative Decision Overturned to Allow Pot-Bellied Pig in Residential Zoning District

Proof of publication of Notice of Public Hearing was noted to consider the petition of Sandra Price (A-07-02) to appeal an administrative decision in order to allow a pot-bellied pig in a residential zoning district.

The subject property was located on the south side of Cara Street, approximately 175' east of new Azora Road, in the Horizon North subdivision, Phase 1.

The Board was polled for ex parte communications prior to the Woods variance petition.

Development Services Director Grant Tolbert, under oath, reviewed the staff report he had submitted, including the Ordinance standards and the surrounding zoning and land uses. He reported that no citizens' responses had been received in favor of or in opposition to the petition. He explained that the appellant was appealing an administrative decision regarding the keeping of farm animals (pigs) in a residential zoning district. The petitioner presently had a pot-bellied pig named Mr. Piggy on the property. The subject parcel measured approximately 100' x 215' and was surrounded on three sides by residentially-zoned properties that were developed with single-family homes. The petitioner had mentioned that her pot-bellied pig was 1 year old and had a life span of 8 to 18 years. On several occasions a determination was made by the staff and upheld by the Board that pigs, including pot-bellied pigs, were farm animals that were permitted in the Agricultural district, but not permitted in Residential districts. The petitioner had requested that the Board overturn the determination of the Administrative Official and allow the pig to remain in the Residential district.

The staff recommended that the Board review the petition and uphold the determination of the Administrative Official that farm animals were not a permitted use in the R-1C residential zoning district.

Mrs. Price, under oath, introduced her pot-bellied pig to the Board and described the manner by which he was nurtured.

County Attorney Garth Coller asked Mrs. Price if she would be amenable to the action that was taken by the Board concerning the prior petition that was presented.

Mrs. Price replied affirmatively.

There were no public comments.

Motion

Comm. Rowden moved to enter into a Settlement Agreement with Mrs. Price allowing Mr. Piggy to remain on the premises for the remainder of his natural life and not to be supplanted by any other pet; seconded by Comm. Rocco and carried unanimously.

Budgets - Managing for Results System Through Performance Measurements Program - Update on Implementation

Office of Management and Budget (OMB) Director George Zoettlein announced that OMB Analyst Pam Lee had spearheaded and was working diligently with OMB Assistant Director Terri McClanahan on implementing the Managing for Results System Through Performance Measurements Program (PMP), which involved activity-based costing.

Mrs. McClanahan reviewed that the PMP was fast becoming a management tool in government. She mentioned that the Government Finance Officers Association recommended performance measurements as the best practice and further recommended that performance measurements be an included section in the annual budget. She noted that performance measurements had been used in the private sector for many years and had also been implemented by many Florida Counties and Cities, some of which she highlighted.

Mrs. Lee advised that the staff was currently testing and organizing the PMP on the Development Services Department (DSD). She utilized overhead projection to display and review an existing DSD budget document which included performance measurements. She stated that the staff was currently in the preliminary stage of the PMP and much more information still needed to be accumulated.

Mrs. McClanahan detailed the timeline involved in designing and implementing the PMP.

Ms. Lee provided a Powerpoint presentation which had been reviewed by Department Directors and employees during the training sessions on the PMP. She then conducted a brief demonstration of the computer program that had been designed by the Technology Services Department for the PMP.

Ms. Lee responded to questioning from Comm. Kingsley concerning time management analyses of activities. She explained that the staff was currently in the process of collecting data in order to establish benchmarks for activities.

Comm. Russell remarked that when the State implemented a PMP, it took approximately two to three years to develop a tracking matrix.

Ms. Lee stated that County Departments were encouraged to be very prudent in allocating their activities.

Mr. Zoettlein explained that performance measurements were being geared toward achieving the County's goals and objectives. He mentioned that it would take approximately three to four years to accumulate all the information needed to utilize the PMP as a regular tool for budgeting. He recognized the Technology Services Department for their assistance in developing the computer software for the PMP.

Mr. Zoettlein responded to Comm. Russell that the Department Directors and staff appeared to be embracing the new process.

Comm. Rocco agreed. She expressed that the new system was beneficial to the County, but understood that it would take time to make necessary adjustments.

Facilities - Jail - Update on Proposed Solutions for Long-Term Space Needs

Jail Warden Don Stewart, with Corrections Corporation of America (CCA), advised that he had provided Deputy County Administrator Larry Jennings with information pertinent to a request from the Board as to the monetary offset that CCA would be willing to provide to the County in the event a portion of the services currently performed by CCA was transferred to the Sheriff's Office. In response to an additional request by the Board, he advised that R&N Systems Design, currently contracted with CCA, would provide a report in the near future which would include costs and design concepts to address perimeter security at the Jail. He felt it was prudent to discuss these issues in a manner that would not inadvertently create a threat on public safety. He advised that Dr. Patrick Jablonski, a CCA staff member, had agreed to attend the May 15, 2007, meeting to review what he believed to be a reliable population projection that he had formulated.

Comm. Rowden commented on her tour of the Jail facilities in Orange County, Florida, and Wheeler County, Georgia, on April 18 and April 19, 2007. She noted that her travel expenses were paid by the County.

Warden Stewart stated that he was an advocate of direct supervision in terms of construction costs and long-term maintenance, an issue he wished to further discuss in the future to ensure consideration of all available options.

Warden Stewart confirmed for Chairman Stabins that inmates from Pasco and Charlotte Counties were currently housed at the Jail. He noted that Federal prisoners currently housed at the Jail would soon be relocated to the Citrus County Jail. He agreed that a local-based Jail facility should serve local communities before serving the Federal government.

CONSENT AGENDA
APRIL 24, 2007

1. **ATTACHED**: Copy of a memorandum from Budget Director George Zoettlein advising that as per the contract for Community Legal Services of Mid-Florida, Inc., Hernando County is required to pay for these services up to a prescribed amount. Funds are collected in Fund #1242, Additional Court Costs, per State Statute 939.185. Any revenue collected over this amount is also required to be paid to the agency. At the close of fiscal year 2006 (September 30, 2006) additional funds had been collected but not turned over to the agency. The attached Budget Resolution recognizes these funds in fiscal year 2007 so they can be paid to the agency.
   RECOMMENDATION: Staff recommends the Board adopt Budget Resolution 2007-126 recognizing these funds in fiscal year 2007 so they can be paid to the agency.

2. **ATTACHED**: Copy of a memorandum from Purchasing and Contracts Director James Gantt advising of bids received for the Aerial Way Force Main Project. The scope of work includes construction of approximately 3,064 lineal feet of 16-inch force main along Aerial Way, and force main realignment from Spring Hill Drive to Corporate Boulevard. The bids received are as follows: Commercial Industrial Corp. - $341,579.06; Contech Construction Group LLC - $373,600.43; Lyric Services, Inc. – $389,054; Adkins Contracting, Inc. - $394,555.45; Pospiech Contracting, Inc. - $414,564.01; Marion Rock, Inc. - $423,854.20; GWP Construction, Inc. - $431,892.10; Coastal Underground Services, Inc. - $449,306; CI Contracting, Inc. - $467,199; Carl Hankins, Inc. - $569,429.40; DAB Constructors, Inc. - $670,000.
   RECOMMENDATION: Staff recommends the Board award the bid for the Aerial Way Force Main Project to Commercial Industrial Corp., in the total amount of $341,579.06.

3. **ATTACHED**: Copy of a memorandum from Public Works Director/County Engineer Charles Mixson, P.E., advising that the Board approved participation in the Florida Department of Transportation's Local Agency Program. The attached agreement provides up to $117,738 reimbursement to the County for the design activities phase of the Darby Lane Sidewalk Project. Design and construction costs are currently estimated at $200,000.
   RECOMMENDATION: Staff recommends the Board adopt Resolution 2007-127 authorizing the execution of the Joint Participation Agreement, Budget Resolution 2007-128 establishing the project budget, approve the Local Agency Program agreement, and authorize the Chairman's signature on all related documents.

4. **ATTACHED**: Copy of a memorandum from Airport Director Donald Silvernell advising that the Airport has had a Ground Lease Agreement

with Rudolph and Asenath Rostel for Lot 13 of the Airport Industrial Park, Unit I since April 1987. The Rostel's are selling their leasehold improvements to K&V Real Estate, LLC. K&V has requested a new lease using the current lease template as drafted by the County Attorney's Office. Approval of a new lease will require termination of the existing lease. Neither document will become effective until the sale of the leasehold improvements has occurred.
RECOMMENDATION: Staff recommends the Board approve the lease termination with Rudolph and Asenath Rostel and the new lease with K&V Real Estate, LLC, for Lot 13 of the Airport Industrial Park, Unit I, and authorize the Chairman's signature thereon.

5. **ATTACHED**: Copy of a memorandum from Airport Director Donald Silvernell advising that the Airport has had a Ground Lease Agreement with Dennis and Pamela Wilfong for Lot 36 of the Airport Industrial Park, Unit I since April 11, 1995, and Lot 37 of the Airport Industrial Park, Unit I since December 3, 1991. The Airport has negotiated a new lease with the Wilfong's for Lot 37 utilizing the new lease template as drafted by the County Attorney's Office. The new lease terminates the Wilfong's lease on Lot 36 allowing this lot to be utilized for construction of the new Airport Office Facility currently approved in the Airport's budget and funded in part with a grant from the Florida Department of Transportation.
RECOMMENDATION: Staff recommends the Board approve the new lease with Dennis and Pamela Wilfong for Lot 37 of the Airport Industrial Park, Unit I, and authorize the Chairman's signature thereon.

6. **ATTACHED**: Copy of a memorandum from Purchasing and Contracts Director James Gantt advising of bids received for furnishing white concrete sand for the Parks and Recreation Department. The bids are as follows: Patco Transport - $16.30/ton; Cliff's Construction - $24.75/ton; E.R. Jahna - $27.50/ton. Patco Transport added a 10% increase for the second twelve-month period of the 24-month term of the contract; however, even with the increase, the price per ton is 43.5% less than the next lowest bid.
RECOMMENDATION: Staff recommends the Board award a twenty-four month term contract, with renewal clause, for the supply and delivery of white concrete sand to Patco Transport, Inc., effective upon date of award, and based on the unit price bid. The estimated expenditure during the first twelve months is $48,000.

7. **ATTACHED**: Copy of a memorandum from Purchasing and Contracts Director James Gantt advising of bids received for the Airport Roadway Improvements Project. The scope of work includes: construction of approximately 13,000 linear feet of new collector roadway with associated clearing, grubbing and storm water facilities. The bids received are as follows: Goodwin Bros. Construction, Inc. - $2,811,194.76; Counts Construction - $3,629,034.76; Southern Site works – $3,827,374.50;

Simmons Construction Co. - $4,032,035.26; Prince Contracting Co., Inc. - $4,558,625.50; Hewitt Contracting Co., Inc. - $4,621,658.30; Specialized Services, Inc. - $4,806,983.60; D.A.B. Constructors, Inc. - $4,888,888.88. (See complete bid tabulation attached).
RECOMMENDATION: Staff recommends the Board adopt Budget Resolutions 2007-127 and 2007-128 recognizing loan proceeds and outside funding for the project, award the bid for the Airport Roadway Improvements Project, in the total amount of $2,847,434.76 (South Airport Roads and Aerial Way Base Bids plus South Airport Roads Alternate Items #1 and #2), to Goodwin Bros. Construction, Inc., authorize the Airport Director, or his designee, to approve change orders for contract time extension, should such time extension be necessary due to inclement weather conditions, and authorize the Chairman's signature on all related documents.

8. **ATTACHED**: Copy of a memorandum from Utilities Department Finance Coordinator Brooks Ahrens transmitting an Interim Disposal Special Assessment Lien to be filed against property owned by Gertrude F. Mahoney in the amount of $240.63. The property owner has failed to pay the interim disposal assessment due by ordinance after three consecutive monthly invoices were mailed and a certified letter was sent.
RECOMMENDATION: Staff recommends the Board approve the filing of the above listed Interim Disposal Special Assessment Lien and authorize the Chairman's signature thereon.

9. **ATTACHED**: Copy of a memorandum from Code Enforcement Director Frank McDowell III advising of a request received to reduce the payoff of an outstanding public nuisance abatement special assessment lien on property owned by Alex Reece, Madison Avenue of Gainesville. The lien filed against this property has a pay-off of $443.33 as of April 1, 2007. The property owner remitted payment in the amount of $380 and stated that the property will be kept properly maintained and in compliance of Hernando County Code. This remittance reflects the total amount due with a reduction of interest. Settlement appears to be in the best interest of the County, as actual costs incurred would be recovered.
RECOMMENDATION: Staff recommends the Board approve the reduction of interest on the public nuisance abatement special assessment lien and accept payment of $380, and authorize the Chairman's signature on the release of lien.

10. **ATTACHED**: Copy of a memorandum from Assistant Utilities Director David Horne requesting the Board approve the execution of an unsolicited proposed contract from Timberline energy, LLC for the purchase of the landfill methane gas being generated at the Hernando County Northwest Solid Waste Facility Landfill. The gas will be utilized as an energy source within Hernando County at the site of Florida Rock. The Hernando County Solid Waste Department is scheduled to install a gas flare during

the construction phase of cell 3. This proposal and its timing are perfect relative to the landfill construction project.
RECOMMENDATION: Staff recommends the Board approve the execution of the contract with Timberline Energy, LLC. The County will immediately begin generating revenues of $2,000/month until the landfill gas system is operational.

11. **ATTACHED**: Copy of a memorandum from Planning Director Ronald Pianta advising that Sunrise Lands Partnership submitted an application for a Development of Regional Impact under Section 380.06, F.S., in May of 2005. The application consists of 4,800 units, 75 motel rooms, 365,000 square feet of retail, 50,000 square feet of office, a golf course and clubhouse. On November 29, 2006, the Withlacoochee Regional Planning Council (WRPC) issued a notice that the applicant declared sufficiency. Under the Statute, upon notification from WRPC that the application has been declared sufficient the local government must set a public hearing date at its next regular meeting. A public hearing was scheduled by the Board for May 7, 2007; however, this hearing date was canceled at the request of the applicant to allow time for the preparation of an associated Development Order and the scheduling of an interim workshop on the SR50/I-75 PDD. Therefore, a new public hearing date must be set by the Board.
RECOMMENDATION: Staff recommends the Board establish July 19, 2007, at 9:00 A.M., as the public hearing date and time for the Sunrise DRI.

12. **ATTACHED**: Copy of a memorandum from Interim Utilities Director Jesse Goodwin advising that staff has spent several months negotiating a Supplemental Water Agreement with the developer of the Seville Subdivision to replace the existing Seville Water Treatment Plant. The new water plant is necessary to serve the proposed 2,780 residential units along with adjacent 54,000 square feet of non-residential development. A new water treatment plant will be designed and constructed and will include a 2 million gallon ground storage tank, a new high service pump station, electrical upgrades and emergency generator. The Agreement provides that the developer agrees to the prepayment of 25% of the water connection fees equal to 695 ERUs at a cost of $1,147 per ERU for the proposed 2,780 unit Seville Subdivision in the total amount of $797,165. After the initial 695 prepaid connections have been used all other water connection fees will be paid at the current water connection fee rate in effect at the time payment is made.
RECOMMENDATION: Staff recommends the Board approve the Supplemental Water Agreement, since the new Seville Water Plant will help to supply the future water demand of the proposed Seville Subdivision and surrounding area and the development will provide upfront funding for the project.

13. **ATTACHED**: Copy of a memorandum from Planning Director Ron Pianta advising of an applicant request to be allowed to clear, perform site grading and utility work for J.C. Penneys on a portion of the proposed Nature Coast Commons subdivision. The plans have been reviewed by the affected County agencies and are in compliance with the County's current development standards. The Southwest Florida Water Management District (SWFWMD) has issued a completeness letter for the construction of the project. No site work shall commence until all required permits have been issued by the affected agencies.
RECOMMENDATION: Staff recommends the Board approve the clearing, grading and utility work to commence in the first phase of Nature Coast Commons.

14. **APPROVAL OF DISBURSEMENTS**
Week Ending April 13, 2007.

15. **APPROVAL OF MINUTES/VOTING RECORDS**
Regular Meeting of April 3, 2007.
Land Use Meeting of April 11, 2007.

THIS AGREEMENT, made and entered into this _____ day of _____, 2007 by and between the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, an agency of the State of Florida, hereinafter called the Department, and HERNANDO COUNTY hereinafter called the Agency.

W I T N E S S E T H:

WHEREAS, the Agency has the authority to enter into this Agreement and to undertake the project hereinafter described, and the Department has been granted the authority to function adequately in all areas of appropriate jurisdiction including the implementation of an integrated and balanced transportation system and is authorized under Section 339.12, Florida Statutes, to enter into this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants, promises and representations herein, the parties agree as follows:

1.00 Purpose of Agreement: The purpose of this Agreement is to provide for the Department's participation in the design activities of the Darby Lane Sidewalk Project and as further described in Exhibit "A" attached hereto and by this reference made a part hereof, hereinafter called the "project," and to provide Department financial assistance to the Agency and state the terms and conditions upon which such assistance will be provided and the understandings as to the manner in which the project will be undertaken and completed.

1.01 Attachments: Exhibit(s) 1, A and B are attached and made a part hereof.

2.01 General Requirements: The Agency shall complete the project as described in Exhibit "A" with all practical dispatch, in a sound, economical, and efficient manner, and in accordance with the provisions herein, and all applicable laws. The project will be performed in accordance with all applicable Department procedures, guidelines, manuals, standards, and directives as described in the Department's Local Agency Program Manual, which by this reference is made a part hereof as if fully set forth herein. Time is of the essence as to each and every obligation under this Agreement.

A full time employee of the Agency, qualified to ensure that the work being pursued is complete, accurate, and consistent with the terms, conditions, and specifications of this Agreement shall be in charge of each project.

Removal of Any Unbilled Funds

If Agency fails to timely perform its obligations in submitting invoices and documents necessary for the close out of the project, and said failure results in a loss of the remaining unbilled funding either by Federal withdrawal of funds or loss of State appropriation authority (which may include both federal funds and state funds, if any state funds are on the project), Agency will be responsible for the remaining unbilled funds on the project. No other funds will be provided by the Department. Agency waives the right to contest such removal of funds by the Department, if said removal is directly related to Federal (FHWA) withdrawal of funds or loss of State appropriation authority due to Local Agency's failure or nonperformance. In addition to loss of funding, the Department will consider de-certification of said Agency for future LAP projects.

Removal of All Funds

If all funds are removed from the project, including amounts previously billed to the Department and reimbursed to the Agency, and the project is off the state highway system, then the department will have to request repayment for the previously billed amounts from the Local Agency. No state funds can be used on off-system projects.

2.02 Expiration of Agreement: The Agency agrees to complete the project on or before December 31, 2009. If the Agency does not complete the project within this time period, this Agreement will expire on the last day of the scheduled completion as provided in this paragraph unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the project. The cost of any work performed after the expiration date of this Agreement will not be reimbursed by the Department.

2.03 Pursuant to Federal, State, and Local Laws: In the event that any election, referendum, approval, permit, notice or other proceeding or authorization is requisite under applicable law to enable the Agency to enter into this Agreement or to undertake the project hereunder or to observe, assume or carry out any of the provisions of the Agreement, the Agency will initiate and consummate, as provided by law, all actions necessary with respect to any such matters so requisite.

2.04 Agency Funds: The Agency shall initiate and prosecute to completion all proceedings necessary, including federal-aid requirements, to enable the Agency to provide the necessary funds for completion of the project.

2.05 Submission of Proceedings, Contracts, and Other Documents: The Agency shall submit to the Department such data, reports, records, contracts, and other documents relating to the project as the Department and the Federal Highway Administration (FHWA) may require.

3.00 Project Cost:

3.01 Total Cost: The total cost of the project is $ 117,738. This amount is based upon the schedule of funding in Exhibit "B." The Agency agrees to bear all expenses in excess of the total cost of the project and any deficits involved. The schedule of funding may be modified by mutual agreement as provided for in paragraph 4.00.

3.02 Department Participation: The Department agrees to participate, including contingencies, in the project cost to the extent provided in Exhibit "B." This amount includes federal-aid funds which are limited to the actual amount of federal-aid participation.

3.03 Limits on Department Funds: Project costs eligible for Department participation will be allowed only from the date of this Agreement. It is understood that Department participation in eligible project costs is subject to:

a) Legislative approval of the Department's appropriation request in the work program year that the project is scheduled to be committed;

b) Availability of funds as stated in paragraphs 3.04 and 3.05 of this Agreement;

c) Approval of all plans, specifications, contracts or other obligating documents and all other terms of this Agreement; and

d) Department approval of the project scope and budget at the time appropriation authority becomes available.

3.04 Appropriation of Funds: The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this project is in multiple fiscal years, funds approval from the Department's Comptroller must be received each fiscal year prior to costs being incurred. See Exhibit "B" for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

3.05 Multi-Year Commitment: In the event this Agreement is in excess of $25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"(a) The department, during any fiscal year, shall not expend money, incur any liability, or enter into any

contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

3.06 Notice-to-Proceed: No cost may be incurred under this Agreement until the Agency has received a written Notice-to-Proceed from the Department.

3.07 Limits on Federal Participation: Federal-aid funds shall not participate in any cost which is not incurred in conformity with applicable Federal and State laws, the regulations in 23 Code of Federal Regulations (C.F.R.) and 49 C.F.R., and policies and procedures prescribed by the Division Administrator of FHWA. Federal funds shall not be paid on account of any cost incurred prior to authorization by the FHWA to the Department to proceed with the project or part thereof involving such cost (23 C.F.R. 1.9 (a)). If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported and the Department shall notify the Agency in writing citing the reasons why items and amounts are not eligible for federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists, Federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in parcel or project costs in part or in total.

For any amounts determined to be ineligible for federal reimbursement for which the Department has advanced payment, the Agency shall promptly reimburse the Department for all such amounts within 90 days of written notice.

4.00 Project Estimate and Disbursement Schedule: Prior to the execution of this Agreement, a project schedule of funding shall be prepared by the Agency and approved by the Department. The Agency shall maintain said schedule of funding, carry out the project, and shall incur obligations against and make disbursements of project funds only in conformity with the latest approved schedule of funding for the project. The schedule of funding may be revised by mutual written agreement between the Department and the Agency. If revised, a copy of the revision should be forwarded to the Department's Comptroller and to the Department's Federal-aid Program Office. No increase or decrease shall be effective unless it complies with fund participation requirements of this Agreement and is approved by the Department's Comptroller.

5.00 Records:

5.01 Establishment and Maintenance of Accounting Records: Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for 5 years after the final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the Agency's general accounting records and the project records, together with supporting documents and records of the Agency and all subcontractors performing work on the project and all other records of the Agency and subcontractors considered necessary by the Department for a proper audit of costs. If any litigation, claim or audit is started before the expiration of the 5-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.

5.02 Costs Incurred for Project: The Agency shall charge to the project account all eligible costs of the project except costs agreed to be borne by the Agency or its contractors and subcontractors. Costs in excess of the programmed funding or attributable to actions which have not received the required approval of the Department shall not be considered eligible costs.

5.03 Documentation of Project Costs: All costs charged to the project, including any approved services contributed by the Agency or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges.

5.04 Audit Reports: Recipients of federal and state funds are to have audits done annually using the following criteria:

The administration of resources awarded by the Department to the Agency may be subject to audits and/or monitoring by the Department, as described in this section.

Monitoring: In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, Florida Statutes, as revised (see "Audits" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department staff to the Agency regarding such audit. The Agency further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the FDOT's Office of Inspector General (OIG), and the Chief Financial Officer (CFO) or Auditor General.

Audits

Part I - Federally Funded: Recipients of federal funds (i.e., state, local government or non-profit organizations as defined in OMB Circular A-133, as revised) are to have audits done annually using the following criteria:

1. In the event that the recipient expends $500,000 or more in federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. Exhibit "1" of this Agreement indicates federal resources awarded through the Department by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department. The determination of amounts of federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1 the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

3. If the recipient expends less than $500,000 in federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. However, if the recipient elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than federal entities).

4. Federal awards are to be identified using the Catalog of Federal Domestic Assistance (CFDA) title and number, award number and year, and name of the awarding federal agency.

Part II - State Funded: Recipients of state funds (i.e., a non-state entity as defined by Section 215.97(2) (l), Florida Statutes) are to have audits done annually using the following criteria:

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $500,000 in any fiscal year of such recipient, the recipient must have a state single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes, applicable rules of the Executive Office of the Governor and the CFO, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. Exhibit "1" to this Agreement indicates state financial assistance awarded through the Department by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other non-state entities. State financial assistance does not include federal direct or pass-through awards and resources received by a non-state entity for federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1, the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2) (d), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than $500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. However, if the recipient elects to have audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

Part III - Other Audit Requirements: The recipient shall follow up and take corrective action on audit findings. Preparation of a Summary Schedule of Prior Year Audit Findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

Records related to unresolved audit findings, appeals or litigation shall be retained until the action is completed or the dispute is resolved. Access to project records and audit work papers shall be given to the Department, the Department of Financial Services, and the Auditor General. This section does not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of state financial assistance or limit the authority of any other state official.

Part IV - Report Submission:

1. Copies of financial reporting packages for audits conducted in accordance with OMB Circular A-133, as revised, and required by Part I of this Agreement shall be submitted, when required by Section .320 (d), OMB Circular A-133, as revised, by or on behalf of the recipient directly to each of the following:

6. Recipients, when submitting financial reporting packages to the Department for audits done in accordance with OMB Circular A-133, as revised, or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the financial reporting package was delivered to the recipient in correspondence accompanying the financial reporting package.

Part V - Record Retention: The recipient shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of at least 5 years from the date the audit report is issued and shall allow the Department or its designee, the state CFO or Auditor General access to such records upon request. The recipient shall ensure that the independent audit documentation is made available to the Department, or its designee, the state CFO or Auditor General upon request for a period of at least 5 years from the date the audit report is issued, unless extended in writing by the Department.

5.05 Inspection: The Agency shall permit, and shall require its contractors to permit, the Department's authorized representatives and authorized agents of FHWA to inspect all work, workmanship, materials, payrolls, and records and to audit the books, records, and accounts pertaining to the financing and development of the project.

The Department reserves the right to unilaterally cancel this Agreement for refusal by the Agency or any contractor, sub-contractor or materials vendor to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received in conjunction with this Agreement (Section 287.058(1)(c), Florida Statutes).

5.06 Uniform Relocation Assistance and Real Property Statistical Report: For any project requiring additional right-of-way, the Agency must submit to the Department an annual report of its real property acquisition and relocation assistance activities on the project. Activities shall be reported on a federal fiscal year basis, from October 1 through September 30. The report must be prepared using the format prescribed in 49 C.F.R. Part 24, Appendix B, and be submitted to the Department no later than October 15 of each year.

6.00 Requisitions and Payments: Requests for reimbursement for fees or other compensation for services or expenses incurred shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof (Section 287.058(1)(a), Florida Statutes).

All recipients of funds from this Agreement, including those contracted by the Agency, must submit bills for any travel expenses, when authorized by the terms of this Agreement, in accordance with Section 112.061, Florida Statutes, and Chapter 3-"Travel" of the Department's Disbursement Operations Manual, Topic 350-030-400 (Section 287.058(1)(b), Florida Statutes).

If, after project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement which it has with the Agency owing such amount if, upon demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

7.00 Department Obligations: Subject to other provisions hereof, the Department will honor requests for reimbursement to the Agency in amounts and at times deemed by the Department to be proper to ensure the carrying out of the project and payment of the eligible costs. However, notwithstanding any other provision of this Agreement, the Department may elect by notice in writing not to make a payment if:

7.01 Misrepresentation: The Agency shall have made misrepresentation of a material nature in its application, or any supplement thereto or amendment thereof or in or with respect to any document of data furnished therewith or pursuant hereto;

7.02 Litigation: There is then pending litigation with respect to the performance by the Agency of any of its duties or obligations which may jeopardize or adversely affect the project, the Agreement or payments to the project;

7.03 Approval by Department: The Agency shall have taken any action pertaining to the project which, under this Agreement, requires the approval of the Department or has made related expenditure or incurred related obligations without having been advised by the Department that same are approved;

7.04 Conflict of Interests: There has been any violation of the conflict of interest provisions contained here in paragraph 12.06 or 12.07.

7.05 Default: The Agency has been determined by the Department to be in default under any of the provisions of the Agreement.

7.06 Federal Participation: The Department may suspend or terminate payment for that portion of the project which the FHWA, or the Department acting in lieu of FHWA, may designate as ineligible for federal-aid.

7.07 Disallowed Costs: In determining the amount of the payment, the Department will exclude all projects costs incurred by the Agency prior to the effective date of this Agreement or the date of authorization, costs incurred after the expiration of the Agreement, costs which are not provided for in the latest approved schedule of funding in Exhibit "B" for the project, costs agreed to be borne by the Agency or its contractors and subcontractors for not meeting the project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department.

7.08 Final Invoices: The Agency must submit the final invoice on the project to the Department within 120 days after the completion of the project. Invoices submitted after the 120-day time period may not be paid.

8.00 Termination or Suspension of Project:

8.01 Termination or Suspension Generally: The Department may, by written notice to the Agency, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected or the Department may terminate this Agreement in whole or in part at any time the interest of the Department requires such termination.

If the Department determines that the performance of the Agency is not satisfactory, the Department shall have the option of (a) immediately terminating this Agreement or (b) suspending this Agreement and notifying the Agency of the deficiency with a requirement that the deficiency be corrected within a specified time; otherwise this Agreement will be terminated at the end of such time. Suspension of this Agreement will not affect the time period for completion of the project.

If the Department requires termination of this Agreement for reasons other than unsatisfactory performance of the Agency, the Department shall notify the Agency of such termination, with instructions as to the effective date of termination or specify the stage of work at which this Agreement is terminated.

If this Agreement is terminated before performance is completed, the Agency shall be paid for the work satisfactorily performed. Payment is to be on the basis of substantiated costs.

8.02 Action Subsequent to Notice-of-Termination or Suspension: Upon receipt of any final termination or suspension notice under this paragraph, the Agency shall proceed promptly to carry out the actions required therein which may include any or all of the following: (a) necessary action to terminate or suspend, as the case may be, project activities and contracts and such other action as may be required or desirable to keep to a minimum the costs upon the basis of which the financing is to be computed; (b) furnish a statement of the project activities and contracts and other undertakings the cost of which are otherwise includable as project costs. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and cost as approved by the Department or upon the basis of terms and conditions imposed by the Department upon the failure of the Agency to furnish the schedule, plan, and estimate within a reasonable time. The closing out of federal financial participation in the project shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

9.00 Contracts of Agency:

9.01 Third Party Agreements: Except as otherwise authorized in writing by the Department, the Agency shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same.

9.02 Compliance with Consultants' Competitive Negotiation Act: It is understood and agreed by the parties hereto that participation by the Department in a project with the Agency, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Agency's complying in full with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act. At the discretion of the Department, the Agency will involve the Department in the consultant selection process for all projects. In all cases, the Agency's attorney shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

10.00 Disadvantaged Business Enterprise (DBE) Policy and Obligation: It is the policy of the Department that DBE's, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement.

The Agency and its contractors agree to ensure that DBE's have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBE's have the opportunity to compete for and perform contracts. The Agency and its contractors and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

11.00 Compliance with Conditions and Laws: The Agency shall comply and require its contractors and subcontractors to comply with all terms and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this project. Execution of this Agreement constitutes a certification that the Agency is in compliance with, and will

require its contractors and subcontractors to comply with, all requirements imposed by applicable federal, state, and local laws and regulations, including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions," in 49 C.F.R. Part 29, when applicable.

12.00 Restrictions, Prohibitions, Controls, and Labor Provisions:

12.01 Equal Employment Opportunity: In connection with the carrying out of any project, the Agency shall not discriminate against any employee or applicant for employment because of race, age, religion, color, sex, national origin, disability or marital status. The Agency will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, age, religion, color, gender, national origin, disability or marital status. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Agency shall insert the foregoing provision modified only to show the particular contractual relationship in all its contracts in connection with the development of operation of the project, except contracts for the standard commercial supplies or raw materials, and shall require all such contractors to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials. When the project involves installation, construction, demolition, removal, site improvement or similar work, the Agency shall post, in conspicuous places available to employees and applicants for employment for project work, notices to be provided by the Department setting forth the provisions of the nondiscrimination clause.

12.02 Title VI - Civil Rights Act of 1964: The Agency will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964, the regulations of the U.S. Department of Transportation issued thereunder, and the assurance by the Agency pursuant thereto.

The Agency shall include provisions in all contracts with third parties that ensure compliance with Title VI of the Civil Rights Act of 1964, 49 C.F.R. Part 21, and related statutes and regulations.

12.03 Americans with Disabilities Act of 1990 (ADA): The Agency will comply with all the requirements as imposed by the ADA, the regulations of the Federal government issued thereunder, and assurance by the Agency pursuant thereto.

12.04 Public Entity Crime: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

12.05 Discrimination: In accordance with Section 287.134, Florida Statutes, an entity or affiliate who has been placed on the Discriminatory Vendor List, kept by the Florida Department of Management Services, may not submit a bid on a contract to provide goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity.

12.06 Suspension, Revocation, Denial of Qualification or Determination of Contractor Non-Responsibility: An entity or affiliate who has had its Certificate of Qualification suspended, revoked, denied or have further been determined by the Department to be a non-responsible contractor may not submit a bid or perform work for the construction or repair of a public building or public work on a contract with the Agency.

12.07 Prohibited interests: Neither the Agency nor any of its contractors or their subcontractors shall enter into any contract, subcontract or arrangement in connection with the project or any property included or planned to be included in the project in which any member, officer or employee of the Agency or the locality during tenure or for 2 years thereafter has any interest, direct or indirect. If any such present or former member, officer or employee involuntarily acquires or had acquired prior to the beginning of tenure any such interest, and if such interest is immediately disclosed to the Agency, the Agency, with prior approval of the Department, may waive the prohibition contained in this paragraph provided that any such present member, officer or employee shall not participate in any action by the Agency or the locality relating to such contract, subcontract or arrangement.

The Agency shall insert in all contracts entered into in connection with the project or any property included or planned to be included in any project, and shall require its contractors to insert in each of their subcontracts, the following provision:

> "No member, officer or employee of the Agency or of the locality during his tenure or for 2 years thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."

The provisions of this paragraph shall not be applicable to any agreement between the Agency and its fiscal depositories or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

12.08 Interest of Members of, or Delegates to, Congress: No member or delegate to the Congress of the United States shall be admitted to any share or part of this Agreement or any benefit arising therefrom.

13.00 Miscellaneous Provisions:

13.01 Environmental Regulations: The Agency will be solely responsible for compliance with all the applicable environmental regulations, for any liability arising from non-compliance with these regulations, and will reimburse the Department for any loss incurred in connection therewith. The Agency will be responsible for securing any applicable permits.

13.02 Department Not Obligated to Third Parties: The Department shall not be obligated or liable hereunder to any individual or entity not a party to this Agreement.

13.03 When Rights and Remedies Not Waived: In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the Agency and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

13.04 How Agreement Is Affected by Provisions Being Held Invalid: If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance, the remainder would then continue to conform to the terms and requirements of applicable law.

13.05 Bonus or Commission: By execution of the Agreement, the Agency represents that it has not paid and, also agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

13.06 State Law: Nothing in the Agreement shall require the Agency to observe or enforce compliance with any provision or perform any act or do any other thing in contravention of any applicable state law. If any of the provisions of the Agreement violate any applicable state law, the Agency will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the Agency to the end that the Agency may proceed as soon as possible with the project.

13.07 Contractual Indemnity: To the extent permitted by law, the Agency shall indemnify, defend, save, and hold harmless the Department and all its officers, agents, and employees from any claim, loss, damage, cost, charge or expense arising out of any act, error, omission or negligent act by the Agency, its officers, agents or employees during the performance of this Agreement except that neither the Agency, its officers, agents or its employees will be liable under this paragraph for any claim, loss damage, cost, charge or expense arising out of any act, error, omission or negligent act by the Department or any of its officers, agents or employees during the performance of this Agreement.

The parties agree that this clause shall not waive the benefits or provisions of Chapter 768.28, Florida Statutes, or any similar provision of law.

When the Department receives a notice of claim for damages that may have been caused by the Agency in the performance of services required under this Agreement, the Department will immediately forward the claim to the Agency. The Agency and the Department will evaluate the claim and report their findings to each other within 14 working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require the Agency defend the Department in such

claim as described in this paragraph. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by the Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

13.08 Plans and Specifications: In the event that this Agreement involves constructing and equipping of facilities on the State Highway System, the Agency shall submit to the Department for approval all appropriate plans and specifications covering the project. The Department will review all plans and specifications and will issue to the Agency a written approval with any approved portions of the project and comments or recommendations covering any remainder of the project deemed appropriate. After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Agency a written approval with said remainder of the project. Failure to obtain this written approval shall be sufficient cause of nonpayment by the Department.

13.09 Right-of-Way Certification: Upon completion of right-of-way activities on the project, the Agency must certify compliance with all applicable federal and state requirements. Certification is required prior to advertisement for or solicitation of bids for construction of the project, including those projects for which no right-of-way is required.

13.10 Agency Certification: The Agency will certify in writing, prior to project closeout, that the project was completed in accordance with applicable plans and specifications, is in place on the Agency's facility, adequate title is in the Agency's name, and the project is accepted by the Agency as suitable for the intended purpose.

13.11 Agreement Format: All words used herein in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words used in any gender shall extend to and include all genders.

13.12 Execution of Agreement: This Agreement may be simultaneously executed in a minimum of two counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one in the same instrument.

13.13 Restrictions on Lobbying:

Federal: The Agency agrees that no federally-appropriated funds have been paid, or will be paid by or on behalf of the Agency, to any person for influencing or attempting to influence any officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement.

If any funds other than federally-appropriated funds have been paid by the Agency to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

The Agency shall require that the language of this paragraph be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

State: No funds received pursuant to this contract may be expended for lobbying the Legislature, the judicial branch or a state agency.

13.14 Maintenance: The Agency agrees to maintain any project not on the State Highway System constructed under this Agreement. If the Agency constructs any improvement on Department right-of-way, the Agency ☒ will ☐ will not maintain the improvements made for their useful life.

13.15 Vendors Rights: Vendors (in this document identified as the Agency) providing goods and services to the Department should be aware of the following time frames. Upon receipt, the Department has 5 working days to inspect and approve the goods and services unless the bid specifications, purchase order or contract specifies otherwise. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days

are measured from the latter of the date the invoice is received or the goods or services are received, inspected, and approved.

If a payment is not available within 40 days after receipt of the invoice and the receipt, inspection, and approval of goods and services, a separate interest penalty in accordance with Section 215.422(3)(b), Florida Statutes, will be due and payable in addition to the invoice amount to the Agency. Interest penalties of less than one $1 will not be enforced unless the Agency requests payment. Invoices which have to be returned to the Agency because of Agency preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. The Vendor Ombudsman may be contacted at 850-410-9724 or by calling the State Comptroller's Hotline, 1-800-848-3792.

IN WITNESS WHEREOF, the parties have caused these presents to be executed the day and year first above written.

SINGLE AUDIT ACT

Federal Resources Awarded to the Recipient Pursuant to This Agreement Consist of the Following:

Federal Agency: Federal Highway Administration

CFDA #: 20.205 Highway Planning and Construction

Amount: $ 117,738.00

Compliance Requirement:

Allowable Activities: To be eligible, most projects must be located on public roads that are not functionally classified as local. The major exceptions are the Highway Bridge Replacement and Rehabilitation Program, which provides assistance for bridges on and off the federal-aid highways, highway safety activities, bicycle and pedestrian projects, transportation enhancement activities, the recreational trails program, and planning, research, development, and technology transfer. Proposed projects meeting these and other planning, design, environmental, safety, etc., requirements can be approved on the basis of state and local priorities within the limit of the funds apportioned or allocated to each state.

Allowable Costs: Eligible activities and allowable costs will be determined in accordance with Title 23 and Title 49 C.F.R. and the OMB cost principles applicable to the recipient/sub-recipient.

Eligibility: By law, the federal-aid highway program is a federally assisted state program that requires each state to have a suitably equipped and organized transportation department. Therefore, most projects are administered by or through State Departments of Transportation (State DOTs). Projects to be funded under the federal-aid highway program are generally selected by state DOTs or Metropolitan Planning Organizations (MPOs), in cooperation with appropriate local officials, as specified in 23 U.S.C. and implementing regulations. Territorial highway projects are funded in the same manner as other federal-aid highway projects, with the territorial transportation agency functioning in a manner similar to a state DOT. Most Florida Land Highway Program (FLHP) projects are administered by the Federal Highway Administration (FHWA) Office of Federal Lands Highway and its Divisions or by the various Florida Land Management Agencies (FLMAs). Under the FLHP, projects in the Indian Reservation Road (IRR) Program are selected by Tribal Governments and are approved by the Bureau of Indian Affairs (BIA) and the FHWA. Due to recent legislation, Tribal Governments meeting certain requirements may now administer various IRR projects on behalf of the BIA and FHWA. The Fish and Wildlife Service (FWS) and the National Park Service (NPS) select projects in the Refuge Road and Park Roads and Parkways Programs, respectively. For the Forest Highway Program, the Forest Service, the States and the FHWA jointly select projects.

Compliance Requirements Applicable to the Federal Resources Awarded Pursuant to This Agreement Are As Follows: The recipient of Local Agency Program (LAP) funding must comply with the statutory requirements in Sections 112.061, 215.422, 339.12, and 339.135, Florida Statutes, and Title 23 and Title 49, C.F.R.

THIS AGREEMENT, made and entered into this 15TH day of MAY, 2007 by and between the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, an agency of the State of Florida, hereinafter called the Department, and HERNANDO COUNTY hereinafter called the Agency.

W I T N E S S E T H:

WHEREAS, the Agency has the authority to enter into this Agreement and to undertake the project hereinafter described, and the Department has been granted the authority to function adequately in all areas of appropriate jurisdiction including the implementation of an integrated and balanced transportation system and is authorized under Section 339.12, Florida Statutes, to enter into this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants, promises and representations herein, the parties agree as follows:

1.00 Purpose of Agreement: The purpose of this Agreement is to provide for the Department's participation in the design activities of the Darby Lane Sidewalk Project and as further described in Exhibit "A" attached hereto and by this reference made a part hereof, hereinafter called the "project," and to provide Department financial assistance to the Agency and state the terms and conditions upon which such assistance will be provided and the understandings as to the manner in which the project will be undertaken and completed.

1.01 Attachments: Exhibit(s) 1, A and B are attached and made a part hereof.

2.01 General Requirements: The Agency shall complete the project as described in Exhibit "A" with all practical dispatch, in a sound, economical, and efficient manner, and in accordance with the provisions herein, and all applicable laws. The project will be performed in accordance with all applicable Department procedures, guidelines, manuals, standards, and directives as described in the Department's Local Agency Program Manual, which by this reference is made a part hereof as if fully set forth herein. Time is of the essence as to each and every obligation under this Agreement.

A full time employee of the Agency, qualified to ensure that the work being pursued is complete, accurate, and consistent with the terms, conditions, and specifications of this Agreement shall be in charge of each project.

Removal of Any Unbilled Funds

If Agency fails to timely perform its obligations in submitting invoices and documents necessary for the close out of the project, and said failure results in a loss of the remaining unbilled funding either by Federal withdrawal of funds or loss of State appropriation authority (which may include both federal funds and state funds, if any state funds are on the project), Agency will be responsible for the remaining unbilled funds on the project. No other funds will be provided by the Department. Agency waives the right to contest such removal of funds by the Department, if said removal is directly related to Federal (FHWA) withdrawal of funds or loss of State appropriation authority due to Local Agency's failure or nonperformance. In addition to loss of funding, the Department will consider de-certification of said Agency for future LAP projects.

Removal of All Funds

If all funds are removed from the project, including amounts previously billed to the Department and reimbursed to the Agency, and the project is off the state highway system, then the department will have to request repayment for the previously billed amounts from the Local Agency. No state funds can be used on off-system projects.

2.02 Expiration of Agreement: The Agency agrees to complete the project on or before December 31, 2009. If the Agency does not complete the project within this time period, this Agreement will expire on the last day of the scheduled completion as provided in this paragraph unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the project. The cost of any work performed after the expiration date of this Agreement will not be reimbursed by the Department.

2.03 Pursuant to Federal, State, and Local Laws: In the event that any election, referendum, approval, permit, notice or other proceeding or authorization is requisite under applicable law to enable the Agency to enter into this Agreement or to undertake the project hereunder or to observe, assume or carry out any of the provisions of the Agreement, the Agency will initiate and consummate, as provided by law, all actions necessary with respect to any such matters so requisite.

2.04 Agency Funds: The Agency shall initiate and prosecute to completion all proceedings necessary, including federal-aid requirements, to enable the Agency to provide the necessary funds for completion of the project.

2.05 Submission of Proceedings, Contracts, and Other Documents: The Agency shall submit to the Department such data, reports, records, contracts, and other documents relating to the project as the Department and the Federal Highway Administration (FHWA) may require.

3.00 Project Cost:

3.01 Total Cost: The total cost of the project is $ 117,738. This amount is based upon the schedule of funding in Exhibit "B." The Agency agrees to bear all expenses in excess of the total cost of the project and any deficits involved. The schedule of funding may be modified by mutual agreement as provided for in paragraph 4.00.

3.02 Department Participation: The Department agrees to participate, including contingencies, in the project cost to the extent provided in Exhibit "B." This amount includes federal-aid funds which are limited to the actual amount of federal-aid participation.

3.03 Limits on Department Funds: Project costs eligible for Department participation will be allowed only from the date of this Agreement. It is understood that Department participation in eligible project costs is subject to:

a) Legislative approval of the Department's appropriation request in the work program year that the project is scheduled to be committed;

b) Availability of funds as stated in paragraphs 3.04 and 3.05 of this Agreement;

c) Approval of all plans, specifications, contracts or other obligating documents and all other terms of this Agreement; and

d) Department approval of the project scope and budget at the time appropriation authority becomes available.

3.04 Appropriation of Funds: The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this project is in multiple fiscal years, funds approval from the Department's Comptroller must be received each fiscal year prior to costs being incurred. See Exhibit "B" for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

3.05 Multi-Year Commitment: In the event this Agreement is in excess of $25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"(a) The department, during any fiscal year, shall not expend money, incur any liability, or enter into any

contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

3.06 Notice-to-Proceed: No cost may be incurred under this Agreement until the Agency has received a written Notice-to-Proceed from the Department.

3.07 Limits on Federal Participation: Federal-aid funds shall not participate in any cost which is not incurred in conformity with applicable Federal and State laws, the regulations in 23 Code of Federal Regulations (C.F.R.) and 49 C.F.R., and policies and procedures prescribed by the Division Administrator of FHWA. Federal funds shall not be paid on account of any cost incurred prior to authorization by the FHWA to the Department to proceed with the project or part thereof involving such cost (23 C.F.R. 1.9 (a)). If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported and the Department shall notify the Agency in writing citing the reasons why items and amounts are not eligible for federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists, Federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in parcel or project costs in part or in total.

For any amounts determined to be ineligible for federal reimbursement for which the Department has advanced payment, the Agency shall promptly reimburse the Department for all such amounts within 90 days of written notice.

4.00 Project Estimate and Disbursement Schedule: Prior to the execution of this Agreement, a project schedule of funding shall be prepared by the Agency and approved by the Department. The Agency shall maintain said schedule of funding, carry out the project, and shall incur obligations against and make disbursements of project funds only in conformity with the latest approved schedule of funding for the project. The schedule of funding may be revised by mutual written agreement between the Department and the Agency. If revised, a copy of the revision should be forwarded to the Department's Comptroller and to the Department's Federal-aid Program Office. No increase or decrease shall be effective unless it complies with fund participation requirements of this Agreement and is approved by the Department's Comptroller.

5.00 Records:

5.01 Establishment and Maintenance of Accounting Records: Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for 5 years after the final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the Agency's general accounting records and the project records, together with supporting documents and records of the Agency and all subcontractors performing work on the project and all other records of the Agency and subcontractors considered necessary by the Department for a proper audit of costs. If any litigation, claim or audit is started before the expiration of the 5-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.

5.02 Costs Incurred for Project: The Agency shall charge to the project account all eligible costs of the project except costs agreed to be borne by the Agency or its contractors and subcontractors. Costs in excess of the programmed funding or attributable to actions which have not received the required approval of the Department shall not be considered eligible costs.

5.03 Documentation of Project Costs: All costs charged to the project, including any approved services contributed by the Agency or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges.

5.04 Audit Reports: Recipients of federal and state funds are to have audits done annually using the following criteria:

The administration of resources awarded by the Department to the Agency may be subject to audits and/or monitoring by the Department, as described in this section.

Monitoring: In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, Florida Statutes, as revised (see "Audits" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department staff to the Agency regarding such audit. The Agency further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the FDOT's Office of Inspector General (OIG), and the Chief Financial Officer (CFO) or Auditor General.

Audits

Part I - Federally Funded: Recipients of federal funds (i.e., state, local government or non-profit organizations as defined in OMB Circular A-133, as revised) are to have audits done annually using the following criteria:

1. In the event that the recipient expends $500,000 or more in federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. Exhibit "1" of this Agreement indicates federal resources awarded through the Department by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department. The determination of amounts of federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1 the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

3. If the recipient expends less than $500,000 in federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. However, if the recipient elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than federal entities).

4. Federal awards are to be identified using the Catalog of Federal Domestic Assistance (CFDA) title and number, award number and year, and name of the awarding federal agency.

Part II - State Funded: Recipients of state funds (i.e., a non-state entity as defined by Section 215.97(2) (l), Florida Statutes) are to have audits done annually using the following criteria:

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $500,000 in any fiscal year of such recipient, the recipient must have a state single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes, applicable rules of the Executive Office of the Governor and the CFO, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. Exhibit "1" to this Agreement indicates state financial assistance awarded through the Department by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other non-state entities. State financial assistance does not include federal direct or pass-through awards and resources received by a non-state entity for federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1, the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2) (d), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than $500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. However, if the recipient elects to have audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

Part III - Other Audit Requirements: The recipient shall follow up and take corrective action on audit findings. Preparation of a Summary Schedule of Prior Year Audit Findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

Records related to unresolved audit findings, appeals or litigation shall be retained until the action is completed or the dispute is resolved. Access to project records and audit work papers shall be given to the Department, the Department of Financial Services, and the Auditor General. This section does not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of state financial assistance or limit the authority of any other state official.

Part IV - Report Submission:

1. The recipient shall ensure that the independent audit documentation is made available to the Department, or its designee, the state CFO or Auditor General upon request for a period of at least 5 years from the date the audit report is issued, unless extended in writing by the Department.

5.05 Inspection: The Agency shall permit, and shall require its contractors to permit, the Department's authorized representatives and authorized agents of FHWA to inspect all work, workmanship, materials, payrolls, and records and to audit the books, records, and accounts pertaining to the financing and development of the project.

Part 24, Appendix B, and be submitted to the Department no later than October 15 of each year.

6.00 Requisitions and Payments: Requests for reimbursement for fees or other compensation for services or expenses incurred shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof (Section 287.058(1)(a), Florida Statutes).

All recipients of funds from this Agreement, including those contracted by the Agency, must submit bills for any travel expenses, when authorized by the terms of this Agreement, in accordance with Section 112.061, Florida Statutes, and Chapter 3-"Travel" of the Department's Disbursement Operations Manual, Topic 350-030-400 (Section 287.058(1)(b), Florida Statutes).

If, after project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement which it has with the Agency owing such amount if, upon demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

7.00 Department Obligations: Subject to other provisions hereof, the Department will honor requests for reimbursement to the Agency in amounts and at times deemed by the Department to be proper to ensure the carrying out of the project and payment of the eligible costs. However, notwithstanding any other provision of this Agreement, the Department may elect by notice in writing not to make a payment if:

7.01 Misrepresentation: The Agency shall have made misrepresentation of a material nature in its application, or any supplement thereto or amendment thereof or in or with respect to any document of data furnished therewith or pursuant hereto;

7.02 Litigation: There is then pending litigation with respect to the performance by the Agency of any of its duties or obligations which may jeopardize or adversely affect the project, the Agreement or payments to the project;

7.03 Approval by Department: The Agency shall have taken any action pertaining to the project which, under this Agreement, requires the approval of the Department or has made related expenditure or incurred related obligations without having been advised by the Department that same are approved;

7.04 Conflict of Interests: There has been any violation of the conflict of interest provisions contained here in paragraph 12.06 or 12.07.

7.05 Default: The Agency has been determined by the Department to be in default under any of the provisions of the Agreement.

7.06 Federal Participation: The Department may suspend or terminate payment for that portion of the project which the FHWA, or the Department acting in lieu of FHWA, may designate as ineligible for federal-aid.

7.07 Disallowed Costs: In determining the amount of the payment, the Department will exclude all projects costs incurred by the Agency prior to the effective date of this Agreement or the date of authorization, costs incurred after the expiration of the Agreement, costs which are not provided for in the latest approved schedule of funding in Exhibit "B" for the project, costs agreed to be borne by the Agency or its contractors and subcontractors for not meeting the project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department.

7.08 Final Invoices: The Agency must submit the final invoice on the project to the Department within 120 days after the completion of the project. Invoices submitted after the 120-day time period may not be paid.

8.00 Termination or Suspension of Project:

8.01 Termination or Suspension Generally: The Department may, by written notice to the Agency, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected or the Department may terminate this Agreement in whole or in part at any time the interest of the Department requires such termination.

If the Department determines that the performance of the Agency is not satisfactory, the Department shall have the option of (a) immediately terminating this Agreement or (b) suspending this Agreement and notifying the Agency of the deficiency with a requirement that the deficiency be corrected within a specified time; otherwise this Agreement will be terminated at the end of such time. Suspension of this Agreement will not affect the time period for completion of the project.

If the Department requires termination of this Agreement for reasons other than unsatisfactory performance of the Agency, the Department shall notify the Agency of such termination, with instructions as to the effective date of termination or specify the stage of work at which this Agreement is terminated.

If this Agreement is terminated before performance is completed, the Agency shall be paid for the work satisfactorily performed. Payment is to be on the basis of substantiated costs.

8.02 Action Subsequent to Notice-of-Termination or Suspension: Upon receipt of any final termination or suspension notice under this paragraph, the Agency shall proceed promptly to carry out the actions required therein which may include any or all of the following: (a) necessary action to terminate or suspend, as the case may be, project activities and contracts and such other action as may be required or desirable to keep to a minimum the costs upon the basis of which the financing is to be computed; (b) furnish a statement of the project activities and contracts and other undertakings the cost of which are otherwise includable as project costs. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and cost as approved by the Department or upon the basis of terms and conditions imposed by the Department upon the failure of the Agency to furnish the schedule, plan, and estimate within a reasonable time. The closing out of federal financial participation in the project shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

9.00 Contracts of Agency:

9.01 Third Party Agreements: Except as otherwise authorized in writing by the Department, the Agency shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same.

9.02 Compliance with Consultants' Competitive Negotiation Act: It is understood and agreed by the parties hereto that participation by the Department in a project with the Agency, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Agency's complying in full with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act. At the discretion of the Department, the Agency will involve the Department in the consultant selection process for all projects. In all cases, the Agency's attorney shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

The Agency and its contractors agree to ensure that DBE's have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBE's have the opportunity to compete for and perform contracts. The Agency and its contractors and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

11.00 Compliance with Conditions and Laws: The Agency shall comply and require its contractors and subcontractors to comply with all terms and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this project. Execution of this Agreement constitutes a certification that the Agency is in compliance with, and will

require its contractors and subcontractors to comply with, all requirements imposed by applicable federal, state, and local laws and regulations, including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions," in 49 C.F.R. Part 29, when applicable.

12.00 Restrictions, Prohibitions, Controls, and Labor Provisions:

12.01 Equal Employment Opportunity: In connection with the carrying out of any project, the Agency shall not discriminate against any employee or applicant for employment because of race, age, religion, color, sex, national origin, disability or marital status. The Agency will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, age, religion, color, gender, national origin, disability or marital status. Such action shall include, but not be limited to, the following: employment upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Agency shall insert the foregoing provision modified only to show the particular contractual relationship in all its contracts in connection with the development of operation of the project, except contracts for the standard commercial supplies or raw materials, and shall require all such contractors to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials. When the project involves installation, construction, demolition, removal, site improvement or similar work, the Agency shall post, in conspicuous places available to employees and applicants for employment for project work, notices to be provided by the Department setting forth the provisions of the nondiscrimination clause.

The Agency shall include provisions in all contracts with third parties that ensure compliance with Title VI of the Civil Rights Act of 1964, 49 C.F.R. Part 21, and related statutes and regulations.

12.03 Americans with Disabilities Act of 1990 (ADA): The Agency will comply with all the requirements as imposed by the ADA, the regulations of the Federal government issued thereunder, and assurance by the Agency pursuant thereto.

12.04 Public Entity Crime: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

12.05 Discrimination: In accordance with Section 287.134, Florida Statutes, an entity or affiliate who has been placed on the Discriminatory Vendor List, kept by the Florida Department of Management Services, may not submit a bid on a contract to provide goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity.

12.06 Suspension, Revocation, Denial of Qualification or Determination of Contractor Non-Responsibility: An entity or affiliate who has had its Certificate of Qualification suspended, revoked, denied or have further been determined by the Department to be a non-responsible contractor may not submit a bid or perform work for the construction or repair of a public building or public work on a contract with the Agency.

12.07 Prohibited Interests: Neither the Agency nor any of its contractors or their subcontractors shall enter into any contract, subcontract or arrangement in connection with the project or any property included or planned to be included in the project in which any member, officer or employee of the Agency or the locality during tenure or for 2 years thereafter has any interest, direct or indirect. If any such present or former member, officer or employee involuntarily acquires or had acquired prior to the beginning of tenure any such interest, and if such interest is immediately disclosed to the Agency, the Agency, with prior approval of the Department, may waive the prohibition contained in this paragraph provided that any such present member, officer or employee shall not participate in any action by the Agency or the locality relating to such contract, subcontract or arrangement.

The Agency shall insert in all contracts entered into in connection with the project or any property included or planned to be included in any project, and shall require its contractors to insert in each of their subcontracts, the following provision:

> "No member, officer or employee of the Agency or of the locality during his tenure or for 2 years thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."

The provisions of this paragraph shall not be applicable to any agreement between the Agency and its fiscal depositories or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

12.08 Interest of Members of, or Delegates to, Congress: No member or delegate to the Congress of the United States shall be admitted to any share or part of this Agreement or any benefit arising therefrom.

13.00 Miscellaneous Provisions:

13.01 Environmental Regulations: The Agency will be solely responsible for compliance with all the applicable environmental regulations, for any liability arising from non-compliance with these regulations, and will reimburse the Department for any loss incurred in connection therewith. The Agency will be responsible for securing any applicable permits.

13.02 Department Not Obligated to Third Parties: The Department shall not be obligated or liable hereunder to any individual or entity not a party to this Agreement.

13.03 When Rights and Remedies Not Waived: In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the Agency and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

13.04 How Agreement is Affected by Provisions Being Held Invalid: If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance, the remainder would then continue to conform to the terms and requirements of applicable law.

13.05 Bonus or Commission: By execution of the Agreement, the Agency represents that it has not paid and, also agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

13.06 State Law: Nothing in the Agreement shall require the Agency to observe or enforce compliance with any provision or perform any act or do any other thing in contravention of any applicable state law. If any of the provisions of the Agreement violate any applicable state law, the Agency will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the Agency to the end that the Agency may proceed as soon as possible with the project.

13.07 Contractual Indemnity: To the extent permitted by law, the Agency shall indemnify, defend, save, and hold harmless the Department and all its officers, agents, and employees from any claim, loss, damage, cost, charge or expense arising out of any act, error, omission or negligent act by the Agency, its officers, agents or employees during the performance of this Agreement except that neither the Agency, its officers, agents or its employees will be liable under this paragraph for any claim, loss damage, cost, charge or expense arising out of any act, error, omission or negligent act by the Department or any of its officers, agents or employees during the performance of this Agreement.

The parties agree that this clause shall not waive the benefits or provisions of Chapter 768.28, Florida Statutes, or any similar provision of law.

When the Department receives a notice of claim for damages that may have been caused by the Agency in the performance of services required under this Agreement, the Department will immediately forward the claim to the Agency. The Agency and the Department will evaluate the claim and report their findings to each other within 14 working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require the Agency defend the Department in such

claim as described in this paragraph. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by the Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

13.08 Plans and Specifications: In the event that this Agreement involves constructing and equipping of facilities on the State Highway System, the Agency shall submit to the Department for approval all appropriate plans and specifications covering the project. The Department will review all plans and specifications and will issue to the Agency a written approval with any approved portions of the project and comments or recommendations covering any remainder of the project deemed appropriate. After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Agency a written approval with said remainder of the project. Failure to obtain this written approval shall be sufficient cause of nonpayment by the Department.

Certification is required prior to advertisement for or solicitation of bids for construction of the project, including those projects for which no right-of-way is required.

13.11 Agreement Format: All words used herein in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words used in any gender shall extend to and include all genders.

13.12 Execution of Agreement: This Agreement may be simultaneously executed in a minimum of two counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one in the same instrument.

13.13 Restrictions on Lobbying:

If any funds other than federally-appropriated funds have been paid by the Agency to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

State: No funds received pursuant to this contract may be expended for lobbying the Legislature, the judicial branch or a state agency.

13.14 Maintenance: The Agency agrees to maintain any project not on the State Highway System constructed under this Agreement. If the Agency constructs any improvement on Department right-of-way, the Agency ☒ will ☐ will not maintain the improvements made for their useful life.

The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days

are measured from the latter of the date the invoice is received or the goods or services are received, inspected, and approved.

If a payment is not available within 40 days after receipt of the invoice and the receipt, inspection, and approval of goods and services, a separate interest penalty in accordance with Section 215.422(3)(b), Florida Statutes, will be due and payable in addition to the invoice amount to the Agency. Interest penalties of less than one $1 will not be enforced unless the Agency requests payment. Invoices which have to be returned to the Agency because of Agency preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. SINGLE AUDIT ACT

Federal Resources Awarded to the Recipient Pursuant to This Agreement Consist of the Following:

Federal Agency: Federal Highway Administration

CFDA #: 20.205 Highway Planning and Construction

Amount: $ 117,738.00

Compliance Requirement:

Allowable Activities: To be eligible, most projects must be located on public roads that are not functionally classified as local. The major exceptions are the Highway Bridge Replacement and Rehabilitation Program, which provides assistance for bridges on and off the federal-aid highways, highway safety activities, bicycle and pedestrian projects, transportation enhancement activities, the recreational trails program, and planning, research, development, and technology transfer. Proposed projects meeting these and other planning, design, environmental, safety, etc., requirements can be approved on the basis of state and local priorities within the limit of the funds apportioned or allocated to each state.

Allowable Costs: Eligible activities and allowable costs will be determined in accordance with Title 23 and Title 49 C.F.R. and the OMB cost principles applicable to the recipient/sub-recipient.

Eligibility: By law, the federal-aid highway program is a federally assisted state program that requires each state to have a suitably equipped and organized transportation department. Therefore, most projects are administered by or through State Departments of Transportation (State DOTs). Projects to be funded under the federal-aid highway program are generally selected by state DOTs or Metropolitan Planning Organizations (MPOs), in cooperation with appropriate local officials, as specified in 23 U.S.C. and implementing regulations. Territorial highway projects are funded in the same manner as other federal-aid highway projects, with the territorial transportation agency functioning in a manner similar to a state DOT. Most Florida Land Highway Program (FLHP) projects are administered by the Federal Highway Administration (FHWA) Office of Federal Lands Highway and its Divisions or by the various Florida Land Management Agencies (FLMAs). Under the FLHP, projects in the Indian Reservation Road (IRR) Program are selected by Tribal Governments and are approved by the Bureau of Indian Affairs (BIA) and the FHWA. Due to recent legislation, Tribal Governments meeting certain requirements may now administer various IRR projects on behalf of the BIA and FHWA. The Fish and Wildlife Service (FWS) and the National Park Service (NPS) select projects in the Refuge Road and Park Roads and Parkways Programs, respectively. For the Forest Highway Program, the Forest Service, the States and the FHWA jointly select projects.

Compliance Requirements Applicable to the Federal Resources Awarded Pursuant to This Agreement Are As Follows: The recipient of Local Agency Program (LAP) funding must comply with the statutory requirements in Sections 112.061, 215.422, 339.12, and 339.135, Florida Statutes, and Title 23 and Title 49, C.F.R.

Within fifteen (15) days of receiving said notification, the **Lessor** shall advise the **Lessee** in writing of whether the **Lessor** is able to resolve same using diligent effort and within a reasonable amount of time or, failing which, that this Agreement shall be deemed rescinded and canceled and the **Lessor** shall refund the **Lessee** all deposits and advance payments.

2.G. Acceptance of Land. **Lessee** further acknowledges it has had adequate opportunity to inspect the Land hereunder (as also referenced in **Exhibit "1"**) prior to entering into this **Agreement** or has made adequate provision herein. Any such liquids having a flash point of less than 110 degrees Fahrenheit shall be kept and stored in safety containers of a type approved by the Underwriters Laboratories.

ARTICLE 6 - RENTALS AND FEES

6.A. **Lessee** shall pay to the **Lessor** the following Land Rent:

6.A.1. Land Rent. **Lessee** shall pay monthly Land Rent (1/12th of annual Land Rent) in advance and without demand, on or before the first day of each month upon commencement of the term of this Agreement pursuant to the schedule below for the first five (5) years and then adjusted, thereafter, as provided for in **Section 6.A.2** herein. Land Rent shall be calculated as ten percent (10.0%) per annum of the then current fair market appraised value for unimproved land within the applicable area or park of the Airport (see **Section 6.A.2** below) and calculated on a per square foot rate using the gross square footage contained in the Survey (described in **Section 2.D**), or as established by the **Lessor** if no Survey is obtained by the **Lessee**. The parties agree that the gross square footage of the Land for purposes herein is 45,000 square feet.

During the first five years of this Agreement, annual Land Rent shall be at **$.175** per square foot

6.A.2. Adjustment of Land Rent. Beginning in the sixth year, and every fifth year thereafter (i.e. years 6, 11, 16, 21, 26, etc. including renewal and extension periods), the Land Rent shall be adjusted to equal ten percent (10.0%) per annum of the then current fair market appraised value (hereinafter referred to as "Current

Fair Market Value"). The Current Fair Market Value shall be based upon the most recent appraisal performed for and paid for by the **Lessor**, but in no event shall said appraisal be older than 18 months (hereinafter referred to as the "Lessor's Appraisal"). The Lessor's Appraisal shall be prepared by a Florida-registered or Florida-licensed appraiser in accordance with the Uniform Standards of Professional Appraisal Practice ("USPAP") and Chapter 475, Part II, *Fla. Stat.* and Rule Chapter 61J1, *Fla. Admin. Code* ("Florida Appraisal Law") as applicable to the Land. Not less than 90 days and not more than 180 days before imposition of the new adjusted rent, the **Lessor** shall advise the **Lessee** in writing (the "Notice") of the new adjusted rent amount. Not later than thirty (30) days from the date of the Notice, the **Lessee** may dispute the new adjusted rent amount by notifying the **Lessor** in writing of such dispute; however, no later than 60 days from the date of the Notice, the **Lessee** shall provide the **Lessor**, at the **Lessee's** sole expense, its appraisal (the "Lessee's Appraisal") performed in accordance with USPAP and Florida Appraisal Law. In the event that there is a five percent (5%) or less difference in the appraised Current Fair Market Value amount between the Lessor's Appraisal and the Lessee's Appraisal, then the Lessor, in the Lessor's sole discretion, may chose either value or may chose a middle value. In the event that there is more than a five percent (5%) difference in appraised Current Fair Market Value amount between the Lessor's Appraisal and the Lessee's Appraisal, then within 15 days of the date of the Lessee's Appraisal, the two appraisers shall communicate as necessary and agree on the name of a third appraiser who shall be a Florida-registered or Florida-licensed appraiser. The Third Appraisal shall be performed in accordance with Florida Appraisal Law and USPAP. The third appraiser may review and utilize the first two appraisals to the extent permitted under USPAP. The cost of the Third Appraisal shall be split evenly between the **Lessor** and the **Lessee** and an appraisal report shall be prepared within 30 days from the date ordered. The Current Fair Market Value amount stated in the Third Appraisal shall be binding on the parties as the new adjusted rent for that five year period. The provisions in this Section shall be the **Lessee's** sole remedy for disputing the new adjusted rent for each and every five year period.

6.A.3. Cap on Adjustment of Land Rent. Notwithstanding **Section 6.A.2**, rent shall not be adjusted more than five percent (5%) in any one year (or adjusted more than twenty five percent (25%) over any five year period). Adjustments in excess of five percent (5%) in any one year shall be carried over to the subsequent year (not to exceed said cap in such year), and each year thereafter until the Current Fair Market Value is attained or a new appraisal is a required (in connection with the subsequent five year period).

6.A.4. Late Rent; Other Fees. Land Rent shall be due monthly as set forth above and shall be due and payable on the first day of each month. A ten percent (10%) penalty will be applied to all rents received after 5:00 p.m. on the tenth (10th) day

of the month. The **Lessee** is separately responsible for all applicable taxes, sales taxes, late fees, special assessments, charges, other fees and penalties.

6.B. In addition to the Land Rent in **Section 6.A**, the **Lessee** shall pay the **Lessor** an Annual Fee of five hundred dollars ($500) relating to the cost, operation and maintenance of the common areas of the Airport. This Annual Fee shall be paid to the Lessor in equal monthly installments (1/12th of the Annual Fee) at the time the Land Rent is paid . The Lessor reserves the right to adjust this fee every five (5) years; provided, however, that any adjustment shall not exceed five (5%) percent of the preceding period.

ARTICLE 7 - LEASEHOLD MORTGAGE AND SECURITY AGREEMENT

7.A. **Lessor** hereby grants permission to the **Lessee** to execute and deliver unto _____ [name of financial institution] a Leasehold Mortgage and Security Agreement pledging this Agreement, and the buildings and attendant facilities, excluding fixed **Lessor** property, erected upon the Land, as security for said loan, as contemplated by this Section.

Lessor agrees that, in the event that the **Lessee** shall pledge this Agreement pursuant to the terms of a Leasehold Mortgage and Security Agreement, then the **Lessor**, so long as said Leasehold Mortgage and Security Agreement remains outstanding and has not been satisfied of record, will not enter into any agreement with the **Lessee** purporting to change, modify, amend or terminate this Agreement without the mortgagee's joinder and prior consent, which consent shall not be unreasonably withheld as to any non-material change, modification or amendment. The **Lessor** agrees that any attempted change, modification, amendment or mutual termination between the **Lessor** and the **Lessee** without the mortgagee's joinder and prior written consent shall be void and of no force or effect. However, in no event shall the **Lessee** enter into any Leasehold Mortgage or Security Agreement for a duration longer than the Anniversary Date of this Agreement.

In the event that the **Lessee** shall pledge this Agreement pursuant to a Leasehold Mortgage and Security Agreement as herein provided, then the **Lessor** agrees that if and when the **Lessor** notifies the **Lessee** of a default or claim of default by the **Lessee** under this Agreement, **Lessor** shall send a copy of the written notice or a written explanation of any oral notice concurrently therewith to the mortgagee, at an address certified to the **Lessor** in writing by said mortgagee upon the granting of said Leasehold Mortgage and Security Agreement. The mortgagee shall be permitted to remedy any such default or claimed default specified in the notice within an equal period of time, commencing on the date mortgagee receives or is deemed to have received such notice, as the **Lessee** would be permitted to remedy same pursuant to this Agreement. Notwithstanding the foregoing provisions of this paragraph, said mortgagee shall have a minimum of thirty (30) days after its receipt of the notice to remedy the default. The **Lessor** further agrees that in the event that **Lessee** pledges the Agreement pursuant to a Leasehold Mortgage and Security Agreement, then should said mortgagee, or a purchaser at a foreclosure sale, acquire the **Lessee's** interest under this Agreement, through foreclosure or otherwise, the **Lessor** shall recognize said mortgagee, or such purchaser, as the lessee or tenant under this Agreement and shall accept performance by said mortgagee or purchaser under this Agreement provided that said mortgagee or purchaser agrees to be bound by the terms and conditions for the rest of the unexpired term of this Agreement or that the **Lessor**, mortgagee or purchaser can reach mutual agreement on any changes to

the terms of this Agreement. The **Lessor** further agrees that in the event that the **Lessee** shall hereafter file for protection under the bankruptcy laws of the United States and shall reject or otherwise terminate this Agreement, the **Lessor** shall enter into a new ground lease on the exact same terms and conditions as this Agreement with the mortgagee, but only to the extent of the original terms of this Agreement. It is further understood and agreed that the Leasehold Mortgage and Security Agreement described herein and in favor of the named mortgagee shall be the only mortgage, pledge or encumbrance permitted on the Land absent prior written consent of the **Lessor**, which consent the **Lessor** may withhold for any reason or no reason.

7.B. The mortgagee named above shall be a bona fide federal or state chartered financial institution insured through the Federal Deposit Insurance Corporation.

7.C. The parties further understand and agree that any requests for the **Lessor** (County) to subordinate in any manner or form its position relative to, or any rights under, this Agreement shall be in the sole discretion of the County; and the County reserves the right to refuse requests for "subordination" for any reason or no reason. Notwithstanding anything in this Article, in no event shall the County, as a political subdivision of the State of Florida, give, lend, pledge or use its taxing powers or credit to any corporation, association, partnership or person in connection with or furtherance of this Agreement.

9.D. Failure to Repair and Maintain Premises. If the **Lessee** fails to perform the **Lessee**'s maintenance responsibilities, the **Lessor** shall have the right, but not the obligation, to perform such maintenance responsibilities, provided the **Lessor** has first, in any situation not involving an emergency, by written notice to the **Lessee**, delivered in accordance with **Article 33**, afforded the **Lessee** a period within which to correct the failure of thirty (30) days, or of such longer duration as may be reasonably required to rectify the failure through the exercise of prompt, diligent and continuous effort said extension must be approved by the **Lessor**. All costs incurred by the **Lessor** in performing the **Lessee**'s maintenance responsibility, plus a fifteen percent (15%) administrative charge, shall be paid by the **Lessee** within thirty (30) days of receipt of billing therefore. Failure of the **Lessee** to pay within thirty (30) days after receipt of the **Lessor**'s notice of delinquency shall be deemed a condition of default. The **Lessor** retains the right, after giving reasonable advance notice to the **Lessee**, to enter upon the Land to repair any utilities thereon that serve any areas, including the **Lessee**'s Premises. **Lessor** shall endeavor to use commercially reasonable efforts to minimize interference or disruption to the **Lessee**'s operations.

ARTICLE 10 - FUTURE IMPROVEMENTS AND ALTERATIONS BY LESSEE

10.A. Written Approval. Following completion of the construction of the **Lessee**'s Improvements (per **Exhibit "2"** if applicable), the **Lessee** shall make no further improvements or alterations whatsoever to the Premises without the prior written approval of the **Lessor**, which consent shall not be unreasonably withheld, provided, however, that such improvements do not conflict with the current use and future development of the Airport and that such alterations or fixed leasehold improvements shall be commenced only after plans and specifications thereof have been submitted to and approved in writing by the **Lessor**, and the **Lessee** has obtained the required building permits. Within thirty (30) days after receipt by the **Lessor** of the **Lessee**'s plans and specifications, the **Lessor** shall inform the **Lessee** that the plans are either approved, approved subject to certain stated conditions and changes; or not approved. The **Lessor**'s failure to either approve or disapprove the **Lessee**'s plans and specifications within thirty (30) business days after the **Lessee** delivers written notice to the **Lessor** that the **Lessor** has not acted within the thirty (30) day period described above will constitute the **Lessor** approval of the **Lessee**'s plans and specifications.

10.B. Conditions. If the **Lessee**'s request for approval to make improvements or alterations is permitted pursuant to **Section 10.A** (whether by express grant of the **Lessor** or by estoppel), the following conditions shall apply: **(1) Lessee** shall obtain all required permits and licenses necessary under, and shall comply with applicable zoning laws, building codes and other laws or regulations of all appropriate governing entities, including the Federal, State and County, applicable to the construction or installation of approved improvements or alterations.; **(2) Lessee** agrees that all construction shall conform to the general architectural and construction requirements of the Florida Building Code, as may be amended, from time to time, as well as the development standards and ordinances of Hernando County; **(3) Lessee**

The **Lessee** agrees to repair any damage caused by the removal of the **Lessee**'s personal property or trade fixtures. If the **Lessee** fails to remove any personal property or trade fixtures, said property shall, at **Lessor**'s sole discretion, be deemed abandoned and become the property of the **Lessor**, or the **Lessor** shall have the right to remove and store such property at the expense of the **Lessee** without further notice to the **Lessee**, and hold the **Lessee** responsible for any and all charges and expenses incurred by the **Lessee** therefor. All expenses incurred by the **Lessor** in the removal and storage of the **Lessee**'s personal property or trade fixtures shall be reimbursed by the **Lessee** on demand as Additional Rent. The provisions of this Section shall survive the expiration date or earlier termination of this Agreement.

ARTICLE 12 - EVENTS OF DEFAULT AND REMEDIES

12.A. Events of Default. The occurrence of any one or more of the following events shall constitute a default on the part of the **Lessee**: **(1)** the **Lessee** fails to pay when due any rental (including Land Rent and Additional Rent) or any other sum of money payable hereunder within ten days after such rental or payment is due; **(2)** the conduct of any business or performance of any acts at the Airport not specifically authorized in this Agreement or by other agreements between the **Lessor** and the **Lessee**, and the **Lessee's** failure to discontinue that business or those acts within thirty (30) days of receipt by the **Lessee** of the **Lessor**'s written notice to cease said business or acts; **(3)** the **Lessee** breaches or fails to comply with any other term, provision, covenant or condition of this Agreement and such breach or failure shall continue for a period of thirty (30) days or more after written notice thereof from the **Lessor**; **(4)** the **Lessee** transfers, assigns, or sublets this Agreement, in whole or part, other than as provided for in **Article 30** herein; **(5)** the **Lessee** mortgages, pledges or encumbers the Premises, in whole or part, or this Agreement, other than as expressly provided for in this Agreement or upon prior written consent of the **Lessor**; **(6)** the **Lessee** abandons, deserts or vacates the Premises; **(7)** the divestiture of the **Lessee's** estate herein by operation of law, by dissolution or by liquidation (not including a merger or sale of assets); or **(8)** a receiver, custodian or trustee is appointed to take possession of all or substantially all of the assets of the **Lessee**, or an assignment is made by **Lessee** for the benefit of its creditors, or any action is taken or suffered by the **Lessee** under any insolvency, bankruptcy or reorganization act. Any or all of the foregoing shall hereinafter be referred to as "Events of Default".

12.B. Lessor's Remedies. Upon the occurrence of any of the above Events of Default, the **Lessor** shall have the option to perform any one or more of the following, in addition to, and not in

limitation of, any other remedy or right permitted by law or in equity: **(1)** the **Lessor** may at once or any time thereafter, without notice to the **Lessee** or any other person, re-enter and repossess the Premises and remove all persons and effects therefrom, using such forces as may be needed without being deemed guilty in any manner of trespass or forcible entry or detainer; **(2)** the **Lessor** may at once or any time thereafter, without notice to the **Lessee** or any other person, re-enter the Premises and cure, correct or repair any condition which shall constitute a failure on the **Lessee**'s behalf to keep, observe, perform, satisfy or abide by any term, condition, covenant, agreement or obligation of this Agreement or any alteration, amendment, change or addition thereto, and the **Lessee** shall fully reimburse and compensate the **Lessor** upon demand for any costs and expenses incurred in connection with such cure, correction or repair, which sums shall be deemed to be Additional Rent hereunder; **(3)** the **Lessor** may at once or any time thereafter either declare this Agreement to be terminated without prejudice to any and all rights which the **Lessor** may have against the **Lessee** for rents, damages or breach of this Agreement, or attempt to relet the Premises on such terms as the **Lessor** shall determine. In the event the **Lessor** relets the Premises, such reletting shall not be considered as a surrender or acceptance back of the Premises or a termination of this Agreement, and the **Lessee** shall pay the **Lessor** any deficiency between the amount received, if any, from such reletting after such amount is applied first to **Lessor**'s expenses in connection with re-entry, taking possession and reletting, including brokerage fees and commissions, alterations and redecorating as the **Lessor** may deem appropriate to prepare the Premises for reletting, and the amount of Land Rent, Additional Rent and other fees payable by the **Lessee** hereunder. The **Lessee** hereby waives the service of any notice of intention to terminate this Agreement or to re-enter the Premises, and waives the service of any demand for payment of rent or repossession. The **Lessee** further waives any and all rights of redemption granted by or under any present or future laws in the event of the tenant being evicted or dispossessed for any cause, or in the event of the **Lessor** obtaining possession of the Premises by reason of the violation by the **Lessee** of any of the covenants and conditions of this Agreement or otherwise.

12.C. Continuing Responsibilities of Lessee. Notwithstanding the occurrence of any Events of Default, the **Lessee** shall remain liable to the **Lessor** for all payments payable hereunder and for all preceding breaches of any covenant of this Agreement. Furthermore, unless the **Lessor** elects to cancel this Agreement pursuant to **Section 12.B**, the **Lessee** shall remain liable for and promptly pay any and all payments accruing hereunder until such time as this Agreement has been duly canceled. No retaking of possession of the Premises by the **Lessor** (under **Section 12.B** above) shall be construed as an election on its part to terminate this Agreement, unless a written notice of such intention be given to the **Lessee**, nor shall pursuit of any remedy herein provided constitute a forfeiture or waiver of any payments or other moneys due to the **Lessor** hereunder, or of any damages accruing to the **Lessor** by reason of the violations of any of the terms, provisions, and covenants herein contained. **Lessor**'s acceptance of payments or other moneys following any event of default hereunder shall not be construed as the **Lessor**'s waiver of such event of default unless the event of default is the delinquency in the payment of the amount accepted. No forbearance by the **Lessor** of action upon any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of the terms, provisions and covenants herein contained. Forbearance by the **Lessor** to enforce one or more of the remedies herein provided upon an Event of Default shall not be deemed or construed to constitute a waiver of any such remedy. It is agreed by the Parties that losses or damages that the **Lessor** may suffer by reason of termination of this Agreement, or the deficiency from any reletting as provided for above, shall include the expense of repossession or reletting, any unpaid amounts for

construction of improvements, and any repairs or remodeling undertaken by the **Lessor** following repossession.

12.D. Lessee's Remedies. **Lessee** may, in its option, terminate this Agreement and all of its obligations hereunder, if the **Lessee** is not in default in the payment of any payments or other charges to the **Lessor** or in breach of any of the provisions of this Agreement, and only upon or after the happening of any of the following events: **(1)** the inability of the **Lessee** to use Airport for a period of longer than ninety (90) consecutive days due to war, terrorism, disaster or Act of God; **(2)** the issuance of any order, rule or regulation by a competent governmental authority or court having jurisdiction over this Agreement, preventing the **Lessee** from operating its business for a period of ninety (90) consecutive days, provided, however that such inability or such order, rule or regulation is not due to any fault of the **Lessee**.

12.E. Time of the Essence. Time is of the essence of this Agreement.

ARTICLE 13 - NO LIENS

13. **Lessee** shall pay for all labor done or materials furnished in the repair, replacement, development or improvement of the Premises by the **Lessee**, and shall keep said Premises and the **Lessee**'s possessory interest therein free and clear of any lien or encumbrance of any kind whatsoever created by the **Lessee**'s act or omission (excluding any Leasehold Mortgage and Security pursuant to **Article 7** herein). **Lessee**'s Personal Property is not subject to this provision.

ARTICLE 14 - TAXES AND FEES

14. **Lessee** shall timely pay applicable sales, use, intangible and ad valorem taxes of any kind, against the Premises, the real property and any improvements thereto or leasehold estate created herein, or which result from the **Lessee**'s occupancy or use of the Premises, whether levied against the **Lessee** or the **Lessor**. In this regard, **Lessor** will attempt to cause the appropriate taxing authorities to send the applicable tax bills directly to the **Lessee** and the **Lessee** shall remit payment directly to such authorities, and to the extent that such notices are sent to the **Lessor**, the **Lessor** agrees to immediately forward same to the **Lessee**. Additionally, **Lessee** shall timely pay any and all other taxes, assessments and fees (including, without limitation, Hernando County Fire Rescue assessment fees) against the Premises or leasehold estate created herein or any part thereof. **Lessee** may reserve the right to contest such other taxes or assessments and withhold payment of such taxes upon written notice to the **Lessor** of its intent to do so, so long as the nonpayment of such taxes does not result in a lien against the real property or any improvements thereon or a direct liability on the part of the **Lessor**. The lessee's failure to timely pay its taxes, assessments, and fees hereunder shall be deemed a material breach of this Agreement.

ARTICLE 15 - INDEMNIFICATION

15.A. **Lessee** agrees to protect, defend, reimburse, indemnify and hold the **Lessor**, its agents, employees and officers and each of them forever, free and harmless at all times from and against any and all claims, liability, expenses, losses, costs, fines and damages (including reasonable attorney fees) and causes of action of every kind and character (this is to the extent allowed by law, and except to the extent

caused by the **Lessor**'s gross negligence or intentional misconduct) by reason of any damage to property, or the environment (including, without limitation, any contamination of Airport property, such as the soil or storm water, or by fuel, gas, chemicals or any Hazardous Substances as defined in **Section 18.A**, or as may be redefined by the appropriate regulatory agencies in the future), or bodily injury (including death) incurred or sustained by any party hereto, any agent or employee of any party hereto, or any other person whomsoever, or any governmental agency, arising out of or incident to or in connection with the **Lessee**'s performance under this Agreement, the **Lessee**'s use or occupancy of the Premises, the **Lessee**'s acts, omissions or operations hereunder or the performance, non-performance or purported performance of this Agreement or any breach of the terms of this Agreement. **Lessee** recognizes the broad nature of this indemnification and hold harmless clause, and voluntarily makes this covenant and expressly acknowledges the receipt of Ten Dollars ($10.00) and such other good and valuable consideration provided by the **Lessor** in support of this indemnification in accordance with laws of the State of Florida. This clause shall survive the termination of this Agreement. Compliance with the insurance requirements herein shall not relieve the **Lessee** of its liability or obligation to indemnify the **Lessor** as set forth in this Article.

15.B. Notwithstanding anything to the contrary in the foregoing or within this Agreement, the **Lessor** shall not relinquish or waive any of its rights as a sovereign local government and the **Lessor** reserves all rights and defenses under applicable sovereign immunity law.

ARTICLE 16 - INSURANCE

16.A. General Insurance Terms and Conditions. In the event the **Lessee** becomes in default of the following requirements, the **Lessor** reserves the right to take whatever actions deemed necessary to protect its interests. All insurance herein shall have a Best's Rating of "A" or better.

16.B. Minimum Coverage Requirements. **Lessee** shall maintain the following minimum limits and coverages uninterrupted or amended through the life of this agreement as set forth below:

The minimum limits of liability insurance covering the **Lessee** under this Agreement shall be no less than $1,000,000 and the Hernando County Board of County Commissioners shall be listed as an additional insured on an endorsement to all policies under this provision.

16.B.3. Property Insurance. This insurance shall cover any existing or hereafter constructed (including while under construction) buildings, structures, or any other improvements to the Land leased, rented or otherwise demised by the **Lessor** to

the **Lessee** under this Agreement. Property insurance shall at all times be maintained in such amount to adequately cover the replacement cost of all buildings, structures and improvements located on the Land. The Hernando County Board of County Commissioners shall be listed as an additional insured on all policies hereunder.

16.B.4. Business Interruption Insurance. **Lessee**, at its option and sole expense, may obtain business interruption or rental insurance to cover its loss for any period that the Premises may be wholly or partially untenable or otherwise unusable hereunder; however, in no event shall the **Lessor** be responsible to pay, credit, or set off such sums or any Land Rent hereunder in the event the Premises become untenable or otherwise unusable for any reason whatsoever.

16.C. Evidence of Insurance. The **Lessee** shall deliver to the **Lessor** all certificates or binders, together with the required endorsements, evidencing the existence of the insurance upon execution of this Agreement and shall be obligated to provide evidence of continuing coverage throughout the term of this Agreement. The insurance binder shall provide that the insurance carrier shall notify the Lessor twenty (20) days prior to the date of expiration of coverage thereunder. The **Lessee** shall notify the Lessor in writing a minimum of twenty (20) days in advance in the event of future insurability cancellation.

16.D. Periodic Review of Coverage Limits. Beginning in year six (6), and every five years thereafter, the **Lessor**, in its sole discretion, may review and adjust the required coverage limits set forth in **Section 16.B**; however, in no event may the **Lessor** increase required coverage in excess of one hundred and twenty five percent (125%) of the preceding five-year period.

ARTICLE 17 - DAMAGE OR DESTRUCTION OF PREMISES

17.A. Partial Damage. In the event all or a portion of the Premises are partially damaged by fire, explosion, the elements, a public enemy, terrorism, aircraft accident, or other casualty, but not rendered untenable, the **Lessee** will make the repairs immediately, at its own cost and expense.

17.B. Extensive Damage. In the event damages as referenced in **Section 17.A** shall be so extensive as to render all or a significant portion of the Premises untenable, but capable of being repaired within one hundred twenty (120) days, the **Lessee** will make the repairs with due diligence, at its sole expense.

17.C. Complete Destruction. In the event the Premises are completely destroyed by fire, explosion, the elements, a public enemy, terrorism, aircraft accident, or other casualty or are so damaged that they are untenable and cannot be replaced within one hundred twenty (120) days, the **Lessee** shall fully restore the Premises within twelve (12) months or, pay to the **Lessor**, the **Lessee**'s insurance payment equal to the replacement value of the Premises prior to the destruction.

The **Lessee** acknowledges further that it may be necessary to undertake actions to minimize the exposure of stormwater to "significant materials" (as such term may be defined by applicable stormwater rules and regulations) generated, stored, handled or otherwise used by the **Lessee** by implementing and maintaining "best management practice" (as such term may be defined in applicable stormwater rules and regulations).

18.C.3. **Lessor** will provide the **Lessee** with written notice of any stormwater discharge permit requirements applicable to the **Lessee** and with which the **Lessee** will be obligated to comply including the submittal of Notice of Intent to the appropriate agency along with a copy to the **Lessor**. **Lessee** may also be required to comply with the following requirements including but not limited to: certification of non-stormwater discharges; collection of stormwater samples; preparation of stormwater pollution prevention or similar plans; implementation of best management practices; and maintenance and submittal of necessary records. In complying with such requirements, the **Lessee** shall observe applicable deadlines set by the regulatory agency that has jurisdiction over the permit. **Lessee** agrees to undertake, as its sole expense, those stormwater permit requirements for which it has received written notice from the regulatory agency and that apply to the Premises, and the **Lessee** agrees that it will hold harmless and indemnify the **Lessor** for any violations or non-compliance with any such permit requirements.

18.D. General Conditions: Solid and Hazardous Waste.

18.D.1. 18.F. Environmental Inspection at End of Agreement Term.

18.F.1. At least thirty (30) days, but no more than ninety (90) days, before the expiration of the Term of this Agreement, including renewals or extensions thereto (as provided in **Article 4** herein), the **Lessee**, shall conduct an environmental inspection, examination and audit to be performed within the aforementioned time period. The cost for professional consulting and engineering services required for such audit shall be at the sole cost of the **Lessee**. **Lessee** agrees to pay all associated laboratory and testing fees incurred to test and analyze samples collected during the audit process. If the existence of Hazardous Substances or hazardous waste are detected, the **Lessee** shall immediately take such action as is necessary to clean up the contamination at its own expense, and in accordance with applicable federal, State and local law and the foregoing provisions of this **Article 18**.

18.F.2. If the **Lessor** is unable to lease the Premises during the period of a cleanup, referred to in this Article, due to the environmental condition of the Premises, in addition to any other damages for which the **Lessee** may be liable, the **Lessee** shall be responsible for payment of lost Land Rent or lost use to the **Lessor**.

18.F.3. 18.H. Site Contamination. Nothing in this **Article 18** shall be construed to make the **Lessee** liable to the **Lessor** in any way for any contamination or release of Hazardous Substances affecting the Premises that occurs by reason of the migration or flow to the Premises from verifiable or documented offsite contamination that is not attributable in any way whatsoever to the **Lessee**'s activities at or upon the Premises or under this Agreement.

If the **Lessee**, its officers, employees, agents, subcontractors or those under its control shall fail or refuse to comply with said measures and such non-compliance results in a monetary penalty being assessed against the **Lessor**, then, in addition to any other remedies available to the **Lessor**, the **Lessee** shall be responsible and shall reimburse the **Lessor** in the full amount of any such

monetary penalty or other damages. This amount must be paid by the **Lessee** within ten (10) days of written notice.

19.B. Further, where the **Lessee** is a corporation, limited liability company, limited partnership, professional association or any other business entity, whether domestic or foreign, which is required to be registered with the Florida Secretary of State, then the **Lessee** shall be so registered and in good standing at the time of execution of this Agreement and the **Lessee** shall remain current and in good standing with the Florida Secretary of State at all times during this Agreement (including renewals or extensions thereto).

During the first five years of this Agreement, annual Land Rent shall be at **$.175** per square foot

6.A.2. Adjustment of Land Rent. Beginning in the sixth year, and every fifth year thereafter (i.e. years 6, 11, 16, 21, 26, etc. including renewal and extension periods), the Land Rent shall be adjusted to equal ten percent (10.0%) per annum of the then current fair market appraised value (hereinafter referred to as "Current

In the event that there is more than a five percent (5%) difference in appraised Current Fair Market Value amount between the Lessor's Appraisal and the Lessee's Appraisal, then within 15 days of the date of the Lessee's Appraisal, the two appraisers shall communicate as necessary and agree on the name of a third appraiser who shall be a Florida-registered or Florida-licensed appraiser. The Third Appraisal shall be performed in accordance with Florida Appraisal Law and USPAP. The third appraiser may review and utilize the first two appraisals to the extent permitted under USPAP. The cost of the Third Appraisal shall be split evenly between the **Lessor** and the **Lessee** and an appraisal report shall be prepared within 30 days from the date ordered. The Current Fair Market Value amount stated in the Third Appraisal shall be binding on the parties as the new adjusted rent for that five year period. The provisions in this Section shall be the **Lessee's** sole remedy for disputing the new adjusted rent for each and every five year period.

6.A.3. Cap on Adjustment of Land Rent. Notwithstanding **Section 6.A.2**, rent shall not be adjusted more than five percent (5%) in any one year (or adjusted more than twenty five percent (25%) over any five year period). Adjustments in excess of five percent (5%) in any one year shall be carried over to the subsequent year (not to exceed said cap in such year), and each year thereafter until the Current Fair Market Value is attained or a new appraisal is a required (in connection with the subsequent five year period).

This Annual Fee shall be paid to the Lessor in equal monthly installments (1/12th of the Annual Fee) at the time the Land Rent is paid . The Lessor reserves the right to adjust this fee every five (5) years; provided, however, that any adjustment shall not exceed five (5%) percent of the preceding period.

The mortgagee shall be permitted to remedy any such default or claimed default specified in the notice within an equal period of time, commencing on the date mortgagee receives or is deemed to have received such notice, as the **Lessee** would be permitted to remedy same pursuant to this Agreement. Notwithstanding the foregoing provisions of this paragraph, said mortgagee shall have a minimum of thirty (30) days after its receipt of the notice to remedy the default. The **Lessor** further agrees that in the event that **Lessee** pledges the Agreement pursuant to a Leasehold Mortgage and Security Agreement, then should said mortgagee, or a purchaser at a foreclosure sale, acquire the **Lessee's** interest under this Agreement, through foreclosure or otherwise, the **Lessor** shall recognize said mortgagee, or such purchaser, as the lessee or tenant under this Agreement and shall accept performance by said mortgagee or purchaser under this Agreement provided that said mortgagee or purchaser agrees to be bound by the terms and conditions for the rest of the unexpired term of this Agreement or that the **Lessor**, mortgagee or purchaser can reach mutual agreement on any changes to

the terms of this Agreement. The **Lessor** further agrees that in the event that the **Lessee** shall hereafter file for protection under the bankruptcy laws of the United States and shall reject or otherwise terminate this Agreement, the **Lessor** shall enter into a new ground lease on the exact same terms and conditions as this Agreement with the mortgagee, but only to the extent of the original terms of this Agreement. It is further understood and agreed that the Leasehold Mortgage and Security Agreement described herein and in favor of the named mortgagee shall be the only mortgage, pledge or encumbrance permitted on the Land absent prior written consent of the **Lessor**, which consent the **Lessor** may withhold for any reason or no reason.

7.B. The mortgagee named above shall be a bona fide federal or state chartered financial institution insured through the Federal Deposit Insurance Corporation.

7.C. The parties further understand and agree that any requests for the **Lessor** (County) to subordinate in any manner or form its position relative to, or any rights under, this Agreement shall be in the sole discretion of the County; and the County reserves the right to refuse requests for "subordination" for any reason or no reason. 12.C. Continuing Responsibilities of Lessee. Notwithstanding the occurrence of any Events of Default, the **Lessee** shall remain liable to the **Lessor** for all payments payable hereunder and for all preceding breaches of any covenant of this Agreement. Furthermore, unless the **Lessor** elects to cancel this Agreement pursuant to **Section 12.B**, the **Lessee** shall remain liable for and promptly pay any and all payments accruing hereunder until such time as this Agreement has been duly canceled. No retaking of possession of the Premises by the **Lessor** (under **Section 12.B** above) shall be construed as an election on its part to terminate this Agreement, unless a written notice of such intention be given to the **Lessee**, nor shall pursuit of any remedy herein provided constitute a forfeiture or waiver of any payments or other moneys due to the **Lessor** hereunder, or of any damages accruing to the **Lessor** by reason of the violations of any of the terms, provisions, and covenants herein contained. **Lessor**'s acceptance of payments or other moneys following any event of default hereunder shall not be construed as the **Lessor**'s waiver of such event of default unless the event of default is the delinquency in the payment of the amount accepted. No forbearance by the **Lessor** of action upon any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of the terms, provisions and covenants herein contained. Forbearance by the **Lessor** to enforce one or more of the remedies herein provided upon an Event of Default shall not be deemed or construed to constitute a waiver of any such remedy. It is agreed by the Parties that losses or damages that the **Lessor** may suffer by reason of termination of this Agreement, or the deficiency from any reletting as provided for above, shall include the expense of repossession or reletting, any unpaid amounts for

construction of improvements, and any repairs or remodeling undertaken by the **Lessor** following repossession.

12.D. Lessee's Remedies. **Lessee** may, in its option, terminate this Agreement and all of its obligations hereunder, if the **Lessee** is not in default in the payment of any payments or other charges to the **Lessor** or in breach of any of the provisions of this Agreement, and only upon or after the happening of any of the following events: **(1)** the inability of the **Lessee** to use Airport for a period of longer than ninety (90) consecutive days due to war, terrorism, disaster or Act of God; **(2)** the issuance of any order, rule or regulation by a competent governmental authority or court having jurisdiction over this Agreement, preventing the **Lessee** from operating its business for a period of ninety (90) consecutive days, provided, however that such inability or such order, rule or regulation is not due to any fault of the **Lessee**.

12.E. Time of the Essence. Time is of the essence of this Agreement.

ARTICLE 13 - NO LIENS

13. **Lessee** shall pay for all labor done or materials furnished in the repair, replacement, development or improvement of the Premises by the **Lessee**, and shall keep said Premises and the **Lessee**'s possessory interest therein free and clear of any lien or encumbrance of any kind whatsoever created by the **Lessee**'s act or omission (excluding any Leasehold Mortgage and Security pursuant to **Article 7** herein). **Lessee**'s Personal Property is not subject to this provision.

ARTICLE 14 - TAXES AND FEES

14. **Lessee** shall timely pay applicable sales, use, intangible and ad valorem taxes of any kind, against the Premises, the real property and any improvements thereto or leasehold estate created herein, or which result from the **Lessee**'s occupancy or use of the Premises, whether levied against the **Lessee** or the **Lessor**. In this regard, **Lessor** will attempt to cause the appropriate taxing authorities to send the applicable tax bills directly to the **Lessee** and the **Lessee** shall remit payment directly to such authorities, and to the extent that such notices are sent to the **Lessor**, the **Lessor** agrees to immediately forward same to the **Lessee**. Additionally, **Lessee** shall timely pay any and all other taxes, assessments and fees (including, without limitation, Hernando County Fire Rescue assessment fees) against the Premises or leasehold estate created herein or any part thereof. **Lessee** may reserve the right to contest such other taxes or assessments and withhold payment of such taxes upon written notice to the **Lessor** of its intent to do so, so long as the nonpayment of such taxes does not result in a lien against the real property or any improvements thereon or a direct liability on the part of the **Lessor**. The lessee's failure to timely pay its taxes, assessments, and fees hereunder shall be deemed a material breach of this Agreement.

ARTICLE 15 - INDEMNIFICATION

15.A. **Lessee** agrees to protect, defend, reimburse, indemnify and hold the **Lessor**, its agents, employees and officers and each of them forever, free and harmless at all times from and against any and all claims, liability, expenses, losses, costs, fines and damages (including reasonable attorney fees) and causes of action of every kind and character (this is to the extent allowed by law, and except to the extent

caused by the **Lessor**'s gross negligence or intentional misconduct) by reason of any damage to property, or the environment (including, without limitation, any contamination of Airport property, such as the soil or storm water, or by fuel, gas, chemicals or any Hazardous Substances as defined in **Section 18.A**, or as may be redefined by the appropriate regulatory agencies in the future), or bodily injury (including death) incurred or sustained by any party hereto, any agent or employee of any party hereto, or any other person whomsoever, or any governmental agency, arising out of or incident to or in connection with the **Lessee**'s performance under this Agreement, the **Lessee**'s use or occupancy of the Premises, the **Lessee**'s acts, omissions or operations hereunder or the performance, non-performance or purported performance of this Agreement or any breach of the terms of this Agreement. **Lessee** recognizes the broad nature of this indemnification and hold harmless clause, and voluntarily makes this covenant and expressly acknowledges the receipt of Ten Dollars ($10.00) and such other good and valuable consideration provided by the **Lessor** in support of this indemnification in accordance with laws of the State of Florida. This clause shall survive the termination of this Agreement. Compliance with the insurance requirements herein shall not relieve the **Lessee** of its liability or obligation to indemnify the **Lessor** as set forth in this Article.

15.B. Notwithstanding anything to the contrary in the foregoing or within this Agreement, the **Lessor** shall not relinquish or waive any of its rights as a sovereign local government and the **Lessor** reserves all rights and defenses under applicable sovereign immunity law.

ARTICLE 16 - INSURANCE

16.A. General Insurance Terms and Conditions. In the event the **Lessee** becomes in default of the following requirements, the **Lessor** reserves the right to take whatever actions deemed necessary to protect its interests. All insurance herein shall have a Best's Rating of "A" or better.

Property insurance shall at all times be maintained in such amount to adequately cover the replacement cost of all buildings, structures and improvements located on the Land. The Hernando County Board of County Commissioners shall be listed as an additional insured on all policies hereunder.

16.B.4. Business Interruption Insurance. **Lessee**, at its option and sole expense, may obtain business interruption or rental insurance to cover its loss for any period that the Premises may be wholly or partially untenable or otherwise unusable hereunder; however, in no event shall the **Lessor** be responsible to pay, credit, or set off such sums or any Land Rent hereunder in the event the Premises become untenable or otherwise unusable for any reason whatsoever.

16.C. Evidence of Insurance. The **Lessee** shall deliver to the **Lessor** all certificates or binders, together with the required endorsements, evidencing the existence of the insurance upon execution of this Agreement and shall be obligated to provide evidence of continuing coverage throughout the term of this Agreement. The insurance binder shall provide that the insurance carrier shall notify the Lessor twenty (20) days prior to the date of expiration of coverage thereunder. The **Lessee** shall notify the Lessor in writing a minimum of twenty (20) days in advance in the event of future insurability cancellation.

16.D. Periodic Review of Coverage Limits. Beginning in year six (6), and every five years thereafter, the **Lessor**, in its sole discretion, may review and adjust the required coverage limits set forth in **Section 16.B**; however, in no event may the **Lessor** increase required coverage in excess of one hundred and twenty five percent (125%) of the preceding five-year period.

ARTICLE 17 - DAMAGE OR DESTRUCTION OF PREMISES

17.A. Partial Damage. In the event all or a portion of the Premises are partially damaged by fire, explosion, the elements, a public enemy, terrorism, aircraft accident, or other casualty, but not rendered untenable, the **Lessee** will make the repairs immediately, at its own cost and expense.

17.B. Extensive Damage. In the event damages as referenced in **Section 17.A** shall be so extensive as to render all or a significant portion of the Premises untenable, but capable of being repaired within one hundred twenty (120) days, the **Lessee** will make the repairs with due diligence, at its sole expense.

17.C. Complete Destruction. In the event the Premises are completely destroyed by fire, explosion, the elements, a public enemy, terrorism, aircraft accident, or other casualty or are so damaged that they are untenable and cannot be replaced within one hundred twenty (120) days, the **Lessee** shall fully restore the Premises within twelve (12) months or, pay to the **Lessor**, the **Lessee**'s insurance payment equal to the replacement value of the Premises prior to the destruction.

18.C.2. **Lessee** acknowledges that any stormwater discharge permit issued to the **Lessor** may name the **Lessee** as a co-permittee or the **Lessee** may be required to submit a separate Notice of Intent for the Premises before the expiration date of the existing EPA NDPES Stormwater Multi-Sector General Permit (MSGP). The **Lessor** and the **Lessee** both acknowledge that close cooperation is necessary to ensure compliance with any stormwater discharge permit terms and

conditions, as well as to ensure safety and to minimize cost of compliance. The **Lessee** acknowledges further that it may be necessary to undertake actions to minimize the exposure of stormwater to "significant materials" (as such term may be defined by applicable stormwater rules and regulations) generated, stored, handled or otherwise used by the **Lessee** by implementing and maintaining "best management practice" (as such term may be defined in applicable stormwater rules and regulations).

18.C.3. **Lessor** will provide the **Lessee** with written notice of any stormwater discharge permit requirements applicable to the **Lessee** and with which the **Lessee** will be obligated to comply including the submittal of Notice of Intent to the appropriate agency along with a copy to the **Lessor**. **Lessee** may also be required to comply with the following requirements including but not limited to: certification of non-stormwater discharges; collection of stormwater samples; preparation of stormwater pollution prevention or similar plans; implementation of best management practices; and maintenance and submittal of necessary records. 18.H. Site Contamination. Nothing in this **Article 18** shall be construed to make the **Lessee** liable to the **Lessor** in any way for any contamination or release of Hazardous Substances affecting the Premises that occurs by reason of the migration or flow to the Premises from verifiable or documented offsite contamination that is not attributable in any way whatsoever to the **Lessee**'s activities at or upon the Premises or under this Agreement.

monetary penalty or other damages. This amount must be paid by the **Lessee** within ten (10) days of written notice.

MEMORANDUM

TO: ***The Honorable Chairman and Members of the Board of County Commissioners***

VIA: ***Gary Kuhl, County Administrator***

FROM: ***Donald Silvernell, Airport Director***

SUBJECT: ***Lease Agreement/Termination with Dennis and Pamela Wilfong Lots 36 and 37, Airport Industrial Park, Unit I***

Brief Overview: The Hernando County Airport has had a Ground Lease Agreement with Dennis and Pamela Wilfong for Lot 36 of the Airport Industrial Park, Unit I since April 11, 1995 and for Lot 37 of the Airport Industrial Park, Unit 1 since December 3,1991. The Airport has negotiated a new lease with the Wilfong's for Lot 37 utilizing the new lease template as drafted by the County Attorney's Office. The new lease terminates the Wilfong's lease on Lot 36 allowing this lot to be utilized for construction of the new Airport Office Facility currently approved in the Airport's budget and funded in part with a grant from FDOT.

Budget Impact: There will be a $10,534 reduction in the airport budget due to the termination of the Lot 36 lease. The lease payments for lot 37 will remain the same and there are lease payment adjustments scheduled throughout the term of the lease.

Recommended It is requested that the Board of County Commissioners approve this new lease with Dennis and Pamela Wilfong for Lot 37 of the Airport Industrial Park, Unit I. It is also requested that the Board of County Commissioners authorize the Chairman's signature on the related document.

on a per square foot rate using the gross square footage contained in the Survey (described in **Section 2.D**), or as established by the **Lessor** if no Survey is obtained by the **Lessee**. The parties agree that the gross square footage of the Land for purposes herein is 106,879 square feet.

During the first five years of this Agreement, annual Land Rent shall be at **$.085** per square foot

6.A.2. Adjustment of Land Rent. Beginning in the sixth year, and every fifth year thereafter (i.e. years 6, 11, 16, 21, 26, etc. including renewal and extension periods), the Land Rent shall be adjusted to equal ten percent (10.0%) per annum of the then current fair market appraised value (hereinafter referred to as "Current Fair Market Value"). The Current Fair Market Value shall be based upon the most recent appraisal performed for and paid for by the **Lessor**, but in no event shall said appraisal be older than 18 months (hereinafter referred to as the "Lessor's Appraisal"). The Lessor's Appraisal shall be prepared by a Florida-registered or Florida-licensed appraiser in accordance with the Uniform Standards of Professional Appraisal Practice ("USPAP") and Chapter 475, Part II, *Fla. Not less than 90 days and not more than 180 days before imposition of the new adjusted rent, the **Lessor** shall advise the **Lessee** in writing (the "Notice") of the new adjusted rent amount. Not later than thirty (30) days from the date of the Notice, the **Lessee** may dispute the new adjusted rent amount by notifying the **Lessor** in writing of such dispute; however, no later than 60 days from the date of the Notice, the **Lessee** shall provide the **Lessor**, at the **Lessee's** sole expense, its appraisal (the "Lessee's Appraisal") performed in accordance with USPAP and Florida Appraisal Law. In the event that there is a five percent (5%) or less difference in the appraised Current Fair Market Value amount between the Lessor's Appraisal and the Lessee's Appraisal, then the Lessor, in the Lessor's sole discretion, may chose either value or may chose a middle value. In the event that there is more than a five percent (5%) difference in appraised Current Fair Market Value amount between the Lessor's Appraisal and the Lessee's Appraisal, then within 15 days of the date of the Lessee's Appraisal, the two appraisers shall communicate as necessary and agree on the name of a third appraiser who shall be a Florida-registered or Florida-licensed appraiser. The Third Appraisal shall be performed in accordance with Florida Appraisal Law and USPAP. The third appraiser may review and utilize the first two appraisals to the extent permitted under USPAP. The cost of the Third Appraisal shall be split evenly between the **Lessor** and the **Lessee** and an appraisal report shall be prepared within 30 days from the date ordered. The Current Fair Market Value amount stated in the Third Appraisal shall be binding on the parties as the new adjusted rent for that five year period. The provisions in this Section shall be the **Lessee's** sole remedy for disputing the new adjusted rent for each and every five year period.

6.A.3. Cap on Adjustment of Land Rent. Notwithstanding **Section 6.A.2**, rent shall not be adjusted more than five percent (5%) in any one year (or adjusted more than twenty five percent (25%) over any five year period). Adjustments in excess of five percent (5%) in any one year shall be carried over to the subsequent year (not to exceed said cap in such year), and each year thereafter until the Current Fair Market Value is attained or a new appraisal is a required (in connection with the subsequent five year period).

6.A.4. Late Rent; Other Fees. Land Rent shall be due monthly as set forth above and shall be due and payable on the first day of each month. A ten percent (10%) penalty will be applied to all rents received after 5:00 p.m. on the tenth (10th) day of the month. The **Lessee** is separately responsible for all applicable taxes, sales taxes, late fees, special assessments, charges, other fees and penalties.

6.B. In addition to the Land Rent in **Section 6.A**, the **Lessee** shall pay the **Lessor** an Annual Fee of five hundred dollars ($500) relating to the cost, operation and maintenance of the common areas of the Airport. This Annual Fee shall be paid to the Lessor in equal monthly installments (1/12th of the Annual Fee) at the time the Land Rent is paid . The Lessor reserves the right to adjust this fee every five (5) years; provided, however, that any adjustment shall not exceed five (5%) percent of the preceding period.

ARTICLE 7 - LEASEHOLD MORTGAGE AND SECURITY AGREEMENT

7.A. **Lessor** hereby grants permission to the **Lessee** to execute and deliver unto _____ [name of financial institution] a Leasehold Mortgage and Security Agreement pledging this Agreement, and the buildings and attendant facilities, excluding fixed **Lessor** property, erected upon the Land, as security for said loan, as contemplated by this Section.

Lessor agrees that, in the event that the **Lessee** shall pledge this Agreement pursuant to the terms of a Leasehold Mortgage and Security Agreement, then the **Lessor**, so long as said Leasehold Mortgage and Security Agreement remains outstanding and has not been satisfied of record, will not enter into any agreement with the **Lessee** purporting to change, modify, amend or terminate this Agreement without the mortgagee's joinder and prior consent, which consent shall not be unreasonably withheld as to any non-material change, modification or amendment. The **Lessor** agrees that any attempted change, modification, amendment or mutual termination between the **Lessor** and the **Lessee** without the mortgagee's joinder and prior written consent shall be void and of no force or effect. However, in no event shall the **Lessee** enter into any Leasehold Mortgage or Security Agreement for a duration longer than the Anniversary Date of this Agreement.

In the event that the **Lessee** shall pledge this Agreement pursuant to a Leasehold Mortgage and Security Agreement as herein provided, then the **Lessor** agrees that if and when the **Lessor** notifies the **Lessee** of a default or claim of default by the **Lessee** under this Agreement, **Lessor** shall send a copy of the written notice or a written explanation of any oral notice concurrently therewith to the mortgagee, at an address certified to the **Lessor** in writing by said mortgagee upon the granting of said Leasehold Mortgage and Security Agreement. The mortgagee shall be permitted to remedy any such default or claimed default

specified in the notice within an equal period of time, commencing on the date mortgagee receives or is deemed to have received such notice, as the **Lessee** would be permitted to remedy same pursuant to this Agreement. Notwithstanding the foregoing provisions of this paragraph, said mortgagee shall have a minimum of thirty (30) days after its receipt of the notice to remedy the default. The **Lessor** further agrees that in the event that **Lessee** pledges the Agreement pursuant to a Leasehold Mortgage and Security Agreement, then should said mortgagee, or a purchaser at a foreclosure sale, acquire the **Lessee's** interest under this Agreement, through foreclosure or otherwise, the **Lessor** shall recognize said mortgagee, or such purchaser, as the lessee or tenant under this Agreement and shall accept performance by said mortgagee or purchaser under this Agreement provided that said mortgagee or purchaser agrees to be bound by the terms and conditions for the rest of the unexpired term of this Agreement or that the **Lessor**, mortgagee or purchaser can reach mutual agreement on any changes to the terms of this Agreement. The **Lessor** further agrees that in the event that the **Lessee** shall hereafter file for protection under the bankruptcy laws of the United States and shall reject or otherwise terminate this Agreement, the **Lessor** shall enter into a new ground lease on the exact same terms and conditions as this Agreement with the mortgagee, but only to the extent of the original terms of this Agreement. It is further understood and agreed that the Leasehold Mortgage and Security Agreement described herein and in favor of the named mortgagee shall be the only mortgage, pledge or encumbrance permitted on the Land absent prior written consent of the **Lessor**, which consent the **Lessor** may withhold for any reason or no reason.

7.B. The mortgagee named above shall be a bona fide federal or state chartered financial institution insured through the Federal Deposit Insurance Corporation.

7.C. The parties further understand and agree that any requests for the **Lessor** (County) to subordinate in any manner or form its position relative to, or any rights under, this Agreement shall be in the sole discretion of the County; and the County reserves the right to refuse requests for "subordination" for any reason or no reason. Notwithstanding anything in this Article, in no event shall the County, as a political subdivision of the State of Florida, give, lend, pledge or use its taxing powers or credit to any corporation, association, partnership or person in connection with or furtherance of this Agreement.

All costs incurred by the **Lessor** in performing the **Lessee**'s maintenance responsibility, plus a fifteen percent (15%) administrative charge, shall be paid by the **Lessee** within thirty (30) days of receipt of billing therefore. Failure of the **Lessee** to pay within thirty (30) days after receipt of the **Lessor**'s notice of delinquency shall be deemed a condition of default. The **Lessor** retains the right, after giving reasonable advance notice to the **Lessee**, to enter upon the Land to repair any utilities thereon that serve any areas, including the **Lessee**'s Premises. **Lessor** shall endeavor to use commercially reasonable efforts to minimize interference or disruption to the **Lessee**'s operations.

10.B. Conditions. If the **Lessee**'s request for approval to make improvements or alterations is permitted pursuant to **Section 10.A** (whether by express grant of the **Lessor** or by estoppel), the following conditions shall apply: **(1) Lessee** shall obtain all required permits and licenses necessary under, and shall comply with applicable zoning laws, building codes and other laws or regulations of all appropriate governing entities, including the Federal, State and County, applicable to the construction or installation of approved improvements or alterations.; **(2) Lessee** agrees that all construction shall conform to the general architectural and construction requirements of the Florida Building Code, as may be amended, from time to time, as well as the development standards and ordinances of Hernando County; **(3) Lessee** agrees to hire only licensed contractors and subcontractors and to indemnify the **Lessor** in the event of any loss or damage resulting from work performed on the Premises by its contractors and subcontractors; **(4) Lessee** shall comply with all then current building, permitting and licensing requirements; **(5) Lessee** covenants and agrees to accept and pay all costs necessary to complete the approved alterations or improvements; and **(6) Lessee** agrees to be solely responsible for any damage (other than normal wear and tear) resulting from the removal by the **Lessee** of its personal property or signs.

Any or all of the foregoing shall hereinafter be referred to as "Events of Default".

12.B. Lessor's Remedies. Upon the occurrence of any of the above Events of Default, the **Lessor** shall have the option to perform any one or more of the following, in addition to, and not in limitation of, any other remedy or right permitted by law or in equity: **(1)** the **Lessor** may at once or any time thereafter, without notice to the **Lessee** or any other person, re-enter and repossess the Premises and remove all persons and effects therefrom, using such forces as may be needed without being deemed guilty in any manner of trespass or forcible entry or detainer; **(2)** the **Lessor** may at once or any time thereafter, without notice to the **Lessee** or any other person, re-enter the Premises and cure, correct or repair any condition which shall constitute a failure on the **Lessee**'s behalf to keep, observe, perform, satisfy or abide by any term, condition, covenant, agreement or obligation of this Agreement or any alteration, amendment, change or addition thereto, and the **Lessee** shall fully reimburse and compensate the **Lessor** upon demand for any costs and expenses incurred in connection with such cure, correction or repair, which sums shall be deemed to be Additional Rent hereunder; **(3)** the **Lessor** may at once or any time thereafter either declare this Agreement to be terminated without prejudice to any and all rights which the **Lessor** may have against the **Lessee** for rents, damages or breach of this Agreement, or attempt to relet the Premises on such terms as the **Lessor** shall determine. In the event the **Lessor** relets the Premises, such reletting shall not be considered as a surrender or acceptance back of the Premises or a termination of this Agreement, and the **Lessee** shall pay the **Lessor** any deficiency between the amount received, if any, from such reletting after such amount is applied first to **Lessor**'s expenses in connection with re-entry, taking possession and reletting, including brokerage fees and commissions, alterations and redecorating as the **Lessor** may deem appropriate to prepare the Premises for reletting, and the amount of Land Rent, Additional Rent and other fees payable by the **Lessee** hereunder. The **Lessee** hereby waives the service of any notice of intention to terminate this Agreement or to re-enter the Premises, and waives the service of any demand for payment of rent or repossession. The **Lessee** further waives any and all rights of redemption granted by or under any present or future laws in the event of the tenant being evicted or dispossessed for any cause, or in the event of the **Lessor** obtaining possession of the Premises by reason of the violation by the **Lessee** of any of the covenants and conditions of this Agreement or otherwise.

12.C. Continuing Responsibilities of Lessee. Notwithstanding the occurrence of any Events of Default, the **Lessee** shall remain liable to the **Lessor** for all payments payable hereunder and for all preceding breaches of any covenant of this Agreement. Furthermore, unless the **Lessor** elects to cancel this Agreement pursuant to **Section 12.B**, the **Lessee** shall remain liable for and promptly pay any and all payments accruing hereunder until such time as this Agreement has been duly canceled. No retaking of possession of the Premises by the **Lessor** (under **Section 12.B** above) shall be construed as an election on its part to terminate this Agreement, unless a written notice of such intention be given to the **Lessee**, nor shall pursuit of any remedy herein provided constitute a forfeiture or waiver of any payments or other moneys due to the **Lessor** hereunder, or of any damages accruing to the **Lessor** by reason of the violations of any of the terms, provisions, and covenants herein contained. **Lessor**'s acceptance of payments or other moneys following any event of default hereunder shall not be construed as the

Lessor's waiver of such event of default unless the event of default is the delinquency in the payment of the amount accepted. No forbearance by the **Lessor** of action upon any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of the terms, provisions and covenants herein contained. Forbearance by the **Lessor** to enforce one or more of the remedies herein provided upon an Event of Default shall not be deemed or construed to constitute a waiver of any such remedy. It is agreed by the Parties that losses or damages that the **Lessor** may suffer by reason of termination of this Agreement, or the deficiency from any reletting as provided for above, shall include the expense of repossession or reletting, any unpaid amounts for construction of improvements, and any repairs or remodeling undertaken by the **Lessor** following repossession.

12.D. Lessee's Remedies. **Lessee** may, in its option, terminate this Agreement and all of its obligations hereunder, if the **Lessee** is not in default in the payment of any payments or other charges to the **Lessor** or in breach of any of the provisions of this Agreement, and only upon or after the happening of any of the following events: **(1)** the inability of the **Lessee** to use Airport for a period of longer than ninety (90) consecutive days due to war, terrorism, disaster or Act of God; **(2)** the issuance of any order, rule or regulation by a competent governmental authority or court having jurisdiction over this Agreement, preventing the **Lessee** from operating its business for a period of ninety (90) consecutive days, provided, however that such inability or such order, rule or regulation is not due to any fault of the **Lessee**.

12.E. Time of the Essence. Time is of the essence of this Agreement.

ARTICLE 13 - NO LIENS

13. **Lessee** shall pay for all labor done or materials furnished in the repair, replacement, development or improvement of the Premises by the **Lessee**, and shall keep said Premises and the **Lessee**'s possessory interest therein free and clear of any lien or encumbrance of any kind whatsoever created by the **Lessee**'s act or omission (excluding any Leasehold Mortgage and Security pursuant to **Article 7** herein). **Lessee**'s Personal Property is not subject to this provision.

ARTICLE 14 - TAXES AND FEES

14. **Lessee** shall timely pay applicable sales, use, intangible and ad valorem taxes of any kind, against the Premises, the real property and any improvements thereto or leasehold estate created herein, or which result from the **Lessee**'s occupancy or use of the Premises, whether levied against the **Lessee** or the **Lessor**. In this regard, **Lessor** will attempt to cause the appropriate taxing authorities to send the applicable tax bills directly to the **Lessee** and the **Lessee** shall remit payment directly to such authorities, and to the extent that such notices are sent to the **Lessor**, the **Lessor** agrees to immediately forward same to the **Lessee**. Additionally, **Lessee** shall timely pay any and all other taxes, assessments and fees (including, without limitation, Hernando County Fire Rescue assessment fees) against the Premises or leasehold estate created herein or any part thereof. **Lessee** may reserve the right to contest such other taxes or assessments and withhold payment of such taxes upon written notice to the **Lessor** of its intent to do so, so long as the nonpayment of such taxes does not result in a lien against the real property or any improvements thereon or a direct liability on the part of the **Lessor**. The **Lessee's** failure

to timely pay its taxes, assessments, and fees hereunder shall be deemed a material breach of this Agreement.

ARTICLE 15 - INDEMNIFICATION

15.A. **Lessee** agrees to protect, defend, reimburse, indemnify and hold the **Lessor**, its agents, employees and officers and each of them forever, free and harmless at all times from and against any and all claims, liability, expenses, losses, costs, fines and damages (including reasonable attorney fees) and causes of action of every kind and character (this is to the extent allowed by law, and except to the extent caused by the **Lessor**'s gross negligence or intentional misconduct) by reason of any damage to property, or the environment (including, without limitation, any contamination of Airport property, such as the soil or storm water, or by fuel, gas, chemicals or any Hazardous Substances as defined in **Section 18.A**, or as may be redefined by the appropriate regulatory agencies in the future), or bodily injury (including death) incurred or sustained by any party hereto, any agent or employee of any party hereto, or any other person whomsoever, or any governmental agency, arising out of or incident to or in connection with the **Lessee**'s performance under this Agreement, the **Lessee**'s use or occupancy of the Premises, the **Lessee**'s acts, omissions or operations hereunder or the performance, non-performance or purported performance of this Agreement or any breach of the terms of this Agreement. **Lessee** recognizes the broad nature of this indemnification and hold harmless clause, and voluntarily makes this covenant and expressly acknowledges the receipt of Ten Dollars ($10.00) and such other good and valuable consideration provided by the **Lessor** in support of this indemnification in accordance with laws of the State of Florida. This clause shall survive the termination of this Agreement. Compliance with the insurance requirements herein shall not relieve the **Lessee** of its liability or obligation to indemnify the **Lessor** as set forth in this Article.

15.B. Notwithstanding anything to the contrary in the foregoing or within this Agreement, the **Lessor** shall not relinquish or waive any of its rights as a sovereign local government and the **Lessor** reserves all rights and defenses under applicable sovereign immunity law.

ARTICLE 16 - INSURANCE

16.A. General Insurance Terms and Conditions. In the event the **Lessee** becomes in default of the following requirements, the **Lessor** reserves the right to take whatever actions deemed necessary to protect its interests. All insurance herein shall have a Best's Rating of "A" or better.

16.B. Minimum Coverage Requirements. **Lessee** shall maintain the following minimum limits and coverages uninterrupted or amended through the life of this agreement as set forth below:

16.B.1. Workers' Compensation/Employer's Liability. The minimum limits of insurance (inclusive of any amount provided by an umbrella or excess policy) shall be no less than the "Statutory" requirement for Part One.

16.B.2. Liability Insurance. Coverage shall be provided for liability resulting out of, or in connection with, ongoing operations performed by, or on behalf of, the **Lessee** under this Agreement or the use or occupancy of the Premises by, or on behalf

of, the **Lessee** in connection with this Agreement. The minimum limits of liability insurance covering the **Lessee** under this Agreement shall be no less than $1,000,000 and the Hernando County Board of County Commissioners shall be listed as an additional insured on an endorsement to all policies under this provision.

16.B.3. Property Insurance. This insurance shall cover any existing or hereafter constructed (including while under construction) buildings, structures, or any other improvements to the Land leased, rented or otherwise demised by the **Lessor** to the **Lessee** under this Agreement. Property insurance shall at all times be maintained in such amount to adequately cover the replacement cost of all buildings, structures and improvements located on the Land. The Hernando County Board of County Commissioners shall be listed as an additional insured on all policies hereunder.

16.B.4. Business Interruption Insurance. **Lessee**, at its option and sole expense, may obtain business interruption or rental insurance to cover its loss for any period that the Premises may be wholly or partially untenable or otherwise unusable hereunder; however, in no event shall the **Lessor** be responsible to pay, credit, or set off such sums or any Land Rent hereunder in the event the Premises become untenable or otherwise unusable for any reason whatsoever.

16.C. Evidence of Insurance. The **Lessee** shall deliver to the **Lessor** all certificates or binders, together with the required endorsements, evidencing the existence of the insurance upon execution of this Agreement and shall be obligated to provide evidence of continuing coverage throughout the term of this Agreement. The insurance binder shall provide that the insurance carrier shall notify the Lessor twenty (20) days prior to the date of expiration of coverage thereunder. The **Lessee** shall notify the Lessor in writing a minimum of twenty (20) days in advance in the event of future insurability cancellation.

16.D. Periodic Review of Coverage Limits. Beginning in year six (6), and every five years thereafter, the **Lessor**, in its sole discretion, may review and adjust the required coverage limits set forth in **Section 16.B**; however, in no event may the **Lessor** increase required coverage in excess of one hundred and twenty five percent (125%) of the preceding five-year period.

ARTICLE 17 - DAMAGE OR DESTRUCTION OF PREMISES

17.A. Partial Damage. In the event all or a portion of the Premises are partially damaged by fire, explosion, the elements, a public enemy, terrorism, aircraft accident, or other casualty, but not rendered untenable, the **Lessee** will make the repairs immediately, at its own cost and expense.

17.B. Extensive Damage. In the event damages as referenced in **Section 17.A** shall be so extensive as to render all or a significant portion of the Premises untenable, but capable of being repaired within one hundred twenty (120) days, the **Lessee** will make the repairs with due diligence, at its sole expense.

17.C. Complete Destruction. In the event the Premises are completely destroyed by fire, explosion, the elements, a public enemy, terrorism, aircraft accident, or other casualty or are so damaged that they are untenable and cannot be replaced within one hundred twenty (120) days, the **Lessee** shall fully restore the Premises within twelve (12) months or, pay to the **Lessor**, the **Lessee**'s insurance payment equal to the replacement value of the Premises prior to the destruction.

ARTICLE 18 - ENVIRONMENTAL REGULATIONS AND GENERAL CONDITIONS

18.A. Hazardous Substances. The term "Hazardous Substance" means any substance:

18.A.1. The presence of which requires or may later require notification, investigation or remediation under any environmental law; or,

18.A.2. That is or becomes defined as a "hazardous waste", "hazardous material", "hazardous substance", "pollutant" or "contaminant" under any environmental law, including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. § 9601 *et seq.*), the Resource Conservation and Recovery Act (42 U.S.C. § 6901 *et seq.*) and the Code of Federal Regulations thereunder, as said regulations may be amended or renumbered; and including Chapters 376 and 403, *Fla. 18.A.4. The presence of which on the Premises causes or threatens to cause a nuisance on the Premises or to adjacent properties or poses or threatens to pose a hazard to the Premises or to the health or safety of persons on or about the Premises; or,

18.A.5. That contains gasoline, diesel fuel or other petroleum hydrocarbons or volatile organic compounds; or,

18.A.6. That contains polychlorinated biphenyls (PCBs), asbestos or urea formaldehyde foam insulation; or,

18.A.7. That contains or emits radioactive particles, waves or materials, including, without limitation, radon gas.

18.B. General Conditions: Environmental. Notwithstanding any other provisions of this Agreement, and in addition to any and all other requirements of this Agreement or any other covenants, representations or warranties of the **Lessee**, the **Lessee** hereby expressly covenants, warrants and represents to the **Lessor**, in connection with the **Lessee**'s operations on the Premises, the following:

18.B.1. **Lessee** is knowledgeable of all applicable federal, State and local environmental laws, ordinances, rules, regulations and orders, that apply to the **Lessee**'s operations at the Airport and acknowledges that such environmental laws, ordinances, rules, regulations and orders change from time-to-time, and the **Lessee** agrees to keep informed of any such future changes.

18.B.2. **Lessee** agrees to comply with all applicable federal, State and local environmental laws, ordinances, rules, regulations and orders that apply to the **Lessee**'s operations. **Lessee** agrees to hold harmless and indemnify the **Lessor** for any violation by the **Lessee** of such applicable federal, State and local environmental laws, ordinances, rules, regulations and orders and for any non-compliance by the **Lessee** with any permits issued to the **Lessee** pursuant to such environmental laws, which hold harmless and indemnify shall include but not be limited to, enforcement actions to assess, abate, remediate, undertake corrective measures and monitor environmental conditions and for any monetary penalties, costs, expenses or damages, including natural resource damages, imposed against the **Lessee**, its employees, invitees, suppliers or service providers or the **Lessor** by reason of the **Lessee**'s violation or non-compliance.

18.B.3. **Lessee** agrees to cooperate with any investigation, audit or inquiry by the **Lessor** or any governmental agency, regarding possible violation of any environmental law or regulation upon the Airport premises.

18.B.4. **Lessee** agrees that all remedies of the **Lessor** as provided herein with regard to violation of any federal, State or local environmental laws, ordinances, rules, regulations or orders shall be deemed cumulative in nature and shall survive termination of this Agreement.

18.B.5. **Lessee** agrees that any notice of violation, notice of non-compliance, or other enforcement action of the nature described in **Section 18.B.2** shall be provided to the **Lessor** within twenty-four (24) hours of receipt by the **Lessee** or the **Lessee**'s agent. Any violation or notice of violation or non-compliance with federal, State or local environmental law or ordinance that the **Lessee** fails to rectify within the earlier of thirty (30) days or such applicable provision herein shall be deemed a default under this Agreement. Any such default which is not cured shall be grounds for termination of this Agreement.

18.B.6. In entering this Agreement, the **Lessor** expressly relies on the covenants, representations and warranties of the **Lessee** as stated herein.

18.C. General Conditions: Stormwater.

18.C.1. Notwithstanding any other provisions or terms of this Agreement, the **Lessee** acknowledges that certain properties within the Airport, or on the **Lessor** owned land, are subject to stormwater rules and regulations. **Lessee** agrees to observe

and abide by such stormwater rules and regulations as may be applicable to the Premises.

18.C.2. **Lessee** acknowledges that any stormwater discharge permit issued to the **Lessor** may name the **Lessee** as a co-permittee or the **Lessee** may be required to submit a separate Notice of Intent for the Premises before the expiration date of the existing EPA NDPES Stormwater Multi-Sector General Permit (MSGP). The **Lessor** and the **Lessee** both acknowledge that close cooperation is necessary to ensure compliance with any stormwater discharge permit terms and conditions, as well as to ensure safety and to minimize cost of compliance. The **Lessee** acknowledges further that it may be necessary to undertake actions to minimize the exposure of stormwater to "significant materials" (as such term may be defined by applicable stormwater rules and regulations) generated, stored, handled or otherwise used by the **Lessee** by implementing and maintaining "best management practice" (as such term may be defined in applicable stormwater rules and regulations).

18.C.3. **Lessor** will provide the **Lessee** with written notice of any stormwater discharge permit requirements applicable to the **Lessee** and with which the **Lessee** will be obligated to comply including the submittal of Notice of Intent to the appropriate agency along with a copy to the **Lessor**. **Lessee** may also be required to comply with the following requirements including but not limited to: certification of non-stormwater discharges; collection of stormwater samples; preparation of stormwater pollution prevention or similar plans; implementation of best management practices; and maintenance and submittal of necessary records. In complying with such requirements, the **Lessee** shall observe applicable deadlines set by the regulatory agency that has jurisdiction over the permit. **Lessee** agrees to undertake, as its sole expense, those stormwater permit requirements for which it has received written notice from the regulatory agency and that apply to the Premises, and the **Lessee** agrees that it will hold harmless and indemnify the **Lessor** for any violations or non-compliance with any such permit requirements.

18.F.1. At least thirty (30) days, but no more than ninety (90) days, before the expiration of the Term of this Agreement, including renewals or extensions thereto (as provided in **Article 4** herein), the **Lessee**, shall conduct an environmental inspection, examination and audit to be performed within the aforementioned time period. The cost for professional consulting and engineering services required for such audit shall be at the sole cost of the **Lessee**. **Lessee** agrees to pay all associated laboratory and testing fees incurred to test and analyze samples collected during the audit process. If the existence of Hazardous Substances or hazardous waste are detected, the **Lessee** shall immediately take such action as is necessary to clean up the contamination at its own expense, and in accordance with applicable federal, State and local law and the foregoing provisions of this **Article 18**.

18.F.2. If the **Lessor** is unable to lease the Premises during the period of a cleanup, referred to in this Article, due to the environmental condition of the Premises, in addition to any other damages for which the **Lessee** may be liable, the **Lessee** shall be responsible for payment of lost Land Rent or lost use to the **Lessor**.

18.F.3. The firm conducting cleanup work must be approved by the **Lessor**, and the methodology used by such firm shall be consistent with then current engineering practices and methods required by the State of Florida or the United States government and be reasonably acceptable to the **Lessor**.

18.G. Lessor Contamination. Nothing in this **Article 18** shall be construed to make the **Lessee** liable to the **Lessor** in any way for any contamination or release of Hazardous Substances that occurs as a result of the actions of the **Lessor** or any of its employees, agents or contractors.

18.H. Site Contamination. Nothing in this **Article 18** shall be construed to make the **Lessee** liable to the **Lessor** in any way for any contamination or release of Hazardous Substances affecting the Premises that occurs by reason of the migration or flow to the Premises from verifiable or documented offsite contamination that is not attributable in any way whatsoever to the **Lessee**'s activities at or upon the Premises or under this Agreement.

ARTICLE 19 - COMPLIANCE WITH LAWS, REGULATIONS, ORDINANCES, RULES

19.A. **Lessee** and its subcontractors shall at all times comply with all applicable federal, State and local laws and regulations, Airport rules, regulations and operating directives as are now or may

hereinafter be prescribed by the **Lessor**, all applicable health rules and regulations and other mandates whether existing or as promulgated from time to time by the federal, State or local government, or the **Lessor** including, but not limited to, permitted and restricted activities, security matters, parking, ingress and egress, environmental and storm water regulations and any other operational matters related to the operation of the Airport. If the **Lessee**, its officers, employees, agents, subcontractors or those under its control shall fail or refuse to comply with said measures and such non-compliance results in a monetary penalty being assessed against the **Lessor**, then, in addition to any other remedies available to the **Lessor**, the **Lessee** shall be responsible and shall reimburse the **Lessor** in the full amount of any such monetary penalty or other damages. This amount must be paid by the **Lessee** within ten (10) days of written notice.

19.B. Further, where the **Lessee** is a corporation, limited liability company, limited partnership, professional association or any other business entity, whether domestic or foreign, which is required to be registered with the Florida Secretary of State, then the **Lessee** shall be so registered and in good standing at the time of execution of this Agreement and the **Lessee** shall remain current and in good standing with the Florida Secretary of State at all times during this Agreement (including renewals or extensions thereto).

Nor shall this Agreement be construed to grant or authorize the granting of an exclusive right within the meaning of 49 U.S.C. § 40103(e) or 49 U.S.C. § 47107(a), as said regulations may be amended or renumbered.

Part 77 (Objects Affecting Navigable Airspace), as said regulations may be amended or renumbered. **Lessee** further expressly agrees for itself, its successors and assigns, to prevent any use of the Premises which adversely affect the operation or maintenance of Airport, or otherwise constitute an Airport hazard.

The **Lessee** agrees to obtain all necessary permits or licenses with respect to said signs, to maintain said signs in a good state of repair, to save the **Lessor** harmless from any loss, cost or damage as a result of the erection, maintenance, existence or removal of said signs and to repair any damage which may have been caused by the erection, existence, maintenance or removal of said signs, and providing further that the plan and location for said signs be submitted to and approved by the **Lessor** in writing prior to the erection or alteration thereof. At the end of the term of this Agreement, the **Lessee** agrees to remove, at the **Lessee**'s sole expense, any exterior signs erected during the term of this Agreement and to repair, at the **Lessee**'s sole expense, any damage caused thereby.

ARTICLE 29 - ENJOYMENT

ARTICLE 30 - ASSIGNMENT AND SUBLETTING

30. **Lessee** may not voluntarily assign this Agreement or sublease the Premises, in whole or in part, without the prior written consent of the **Lessor**, which consent will not be unreasonably withheld, conditioned or delayed; however, in the event of any voluntary assignment (excluding bankruptcy, forfeiture, and foreclosure) or sub-lessee, the **Lessee** agrees that it shall remain jointly and severally liable, together with any assignee or sub-lessee , for the performance of all terms and conditions in this **Agreement** unless otherwise released by the **Lessor** in writing. ARTICLE 12 - EVENTS OF DEFAULT AND REMEDIES

12.A. Events of Default. 12.B. Lessor's Remedies. Upon the occurrence of any of the above Events of Default, the **Lessor** shall have the option to perform any one or more of the following, in addition to, and not in limitation of, any other remedy or right permitted by law or in equity: **(1)** the **Lessor** may at once or any time thereafter, without notice to the **Lessee** or any other person, re-enter and repossess the Premises and remove all persons and effects therefrom, using such forces as may be needed without being deemed guilty in any manner of trespass or forcible entry or detainer; **(2)** the **Lessor** may at once or any time thereafter, without notice to the **Lessee** or any other person, re-enter the Premises and cure, correct or repair any condition which shall constitute a failure on the **Lessee**'s behalf to keep, observe, perform, satisfy or abide by any term, condition, covenant, agreement or obligation of this Agreement or any alteration, amendment, change or addition thereto, and the **Lessee** shall fully reimburse and compensate the **Lessor** upon demand for any costs and expenses incurred in connection with such cure, correction or repair, which sums shall be deemed to be Additional Rent hereunder; **(3)** the **Lessor** may at once or any time thereafter either declare this Agreement to be terminated without prejudice to any and all rights which the **Lessor** may have against the **Lessee** for rents, damages or breach of this Agreement, or attempt to relet the Premises on such terms as the **Lessor** shall determine. In the event the **Lessor** relets the Premises, such reletting shall not be considered as a surrender or acceptance back of the Premises or a termination of this Agreement, and the **Lessee** shall pay the **Lessor** any deficiency between the amount received, if any, from such reletting after such amount is applied first to **Lessor**'s expenses in connection with re-entry, taking possession and reletting, including brokerage fees and commissions, alterations and redecorating as the **Lessor** may deem appropriate to prepare the Premises for reletting, and the amount of Land Rent, Additional Rent and other fees payable by the **Lessee** hereunder. The **Lessee** hereby waives the service of any notice of intention to terminate this Agreement or to re-enter the Premises, and waives the service of any demand for payment of rent or repossession. The **Lessee** further waives any and all rights of redemption granted by or under any present or future laws in the event of the tenant being evicted or dispossessed for any cause, or in the event of the **Lessor** obtaining possession of the Premises by reason of the violation by the **Lessee** of any of the covenants and conditions of this Agreement or otherwise.

12.C. Continuing Responsibilities of Lessee. Notwithstanding the occurrence of any Events of Default, the **Lessee** shall remain liable to the **Lessor** for all payments payable hereunder and for all preceding breaches of any covenant of this Agreement. Furthermore, unless the **Lessor** elects to cancel this Agreement pursuant to **Section 12.B**, the **Lessee** shall remain liable for and promptly pay any and all payments accruing hereunder until such time as this Agreement has been duly canceled. No retaking of possession of the Premises by the **Lessor** (under **Section 12.B** above) shall be construed as an election on its part to terminate this Agreement, unless a written notice of such intention be given to the **Lessee**, nor shall pursuit of any remedy herein provided constitute a forfeiture or waiver of any payments or other moneys due to the **Lessor** hereunder, or of any damages accruing to the **Lessor** by reason of the violations of any of the terms, provisions, and covenants herein contained. **Lessor**'s acceptance of payments or other moneys following any event of default hereunder shall not be construed as the

Lessor's waiver of such event of default unless the event of default is the delinquency in the payment of the amount accepted. No forbearance by the **Lessor** of action upon any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or construed to constitute a waiver of the terms, provisions and covenants herein contained. Forbearance by the **Lessor** to enforce one or more of the remedies herein provided upon an Event of Default shall not be deemed or construed to constitute a waiver of any such remedy. It is agreed by the Parties that losses or damages that the **Lessor** may suffer by reason of termination of this Agreement, or the deficiency from any reletting as provided for above, shall include the expense of repossession or reletting, any unpaid amounts for construction of improvements, and any repairs or remodeling undertaken by the **Lessor** following repossession.

12.D. Lessee's Remedies. **Lessee** may, in its option, terminate this Agreement and all of its obligations hereunder, if the **Lessee** is not in default in the payment of any payments or other charges to the **Lessor** or in breach of any of the provisions of this Agreement, and only upon or after the happening of any of the following events: **(1)** the inability of the **Lessee** to use Airport for a period of longer than ninety (90) consecutive days due to war, terrorism, disaster or Act of God; **(2)** the issuance of any order, rule or regulation by a competent governmental authority or court having jurisdiction over this Agreement, preventing the **Lessee** from operating its business for a period of ninety (90) consecutive days, provided, however that such inability or such order, rule or regulation is not due to any fault of the **Lessee**.

12.E. Time of the Essence. Time is of the essence of this Agreement.

ARTICLE 13 - NO LIENS

13. **Lessee** shall pay for all labor done or materials furnished in the repair, replacement, development or improvement of the Premises by the **Lessee**, and shall keep said Premises and the **Lessee**'s possessory interest therein free and clear of any lien or encumbrance of any kind whatsoever created by the **Lessee**'s act or omission (excluding any Leasehold Mortgage and Security pursuant to **Article 7** herein). **Lessee**'s Personal Property is not subject to this provision.

ARTICLE 14 - TAXES AND FEES

14. **Lessee** shall timely pay applicable sales, use, intangible and ad valorem taxes of any kind, against the Premises, the real property and any improvements thereto or leasehold estate created herein, or which result from the **Lessee**'s occupancy or use of the Premises, whether levied against the **Lessee** or the **Lessor**. In this regard, **Lessor** will attempt to cause the appropriate taxing authorities to send the applicable tax bills directly to the **Lessee** and the **Lessee** shall remit payment directly to such authorities, and to the extent that such notices are sent to the **Lessor**, the **Lessor** agrees to immediately forward same to the **Lessee**. Additionally, **Lessee** shall timely pay any and all other taxes, assessments and fees (including, without limitation, Hernando County Fire Rescue assessment fees) against the Premises or leasehold estate created herein or any part thereof. **Lessee** may reserve the right to contest such other taxes or assessments and withhold payment of such taxes upon written notice to the **Lessor** of its intent to do so, so long as the nonpayment of such taxes does not result in a lien against the real property or any improvements thereon or a direct liability on the part of the **Lessor**. The **Lessee's** failure

to timely pay its taxes, assessments, and fees hereunder shall be deemed a material breach of this Agreement.

TO: THE HONORABLE CHAIRMAN AND MEMBERS OF THE HERNANDO COUNTY BOARD OF COUNTY COMMISSIONERS

FROM: JAMES D. GANTT, C.P.M., CPPO, DIRECTOR PURCHASING and CONTRACTS DEPARTMENT

SUBJECT: TERM CONTRACT FOR FURNISHING WHITE CONCRETE SAND SOLICITATION NO. C07-025/KCb

Brief Overview: At the request of the Parks and Recreation Department the Purchasing and Contracts Department prepared procurement documents soliciting bids for a twenty-four month term contract with renewal clause, for providing white concrete sand.

Budget Impact: Funding is available in the following Accounts: 04451 - 5304601

:Reviewed

Legal Note: In accordance Part II, Chapter 2, Article V Hernando County Code of Ordinances. **(LR#07-76).**

:Reviewed

RECOMMENDED ACTION: Staff recommends that the Board award a twenty-four month term contract with renewal clause for the supply and delivery of white concrete sand to Patco Transport Inc. as the lowest, responsive bidder. Contract becomes effective upon date of award and is based on the unit prices bid. The estimated expenditure during the first twelve months is $48,000.00.

CONSENT AGENDA ITEM 6.

I. TABULATION OF BIDS

Purchasing and Contracts placed the legal advertisement and mailed Invitations for Bid to prospective vendor. The following is a summary of the responses received.

	Patco Transport	Cliff's Construction	E. R. Jahna , Lake Whates
1.White Concrete Sand	$16.30/ton	$24.75/ton	$27.50/ton

II. EVALUATION OF BIDS

Staff evaluated the bids on the basis of price, conformance with specifications and the Bidder's ability to perform the contract in accordance with the terms and conditions required. Bid responses were reviewed and evaluated by the Department of Parks and Recreation.

Patco Transport added a 10% increase for the second twelve month period of the 24-month term of the contract. The increase is an additional $1.63 more per ton or $17.93 per ton. Even with this increase, the price per ton for supply and delivery of white concrete sand is 43.5% less than the next lowest, responsive bid of $24.75.

Staff determined that Patco Transport Inc. submitted the lowest, responsive, responsible bid.

Hernando County Airport

MEMORANDUM

TO: James Gantt, Central Purchasing Director

THRU: Don Silvernell, Airport Director DAS

FROM: Rob Mills, Airport Deputy Director RLM

DATE: April 12, 2007

SUBJECT: **Approval of Bid Award** **Airport Roadway Improvements**
Solicitation No. 07-043

The Airport has reviewed the Bid Tabulations for The Airport Roadway Improvements Project, Solicitation No. 07-043 as prepared by the Hernando County Purchasing Department. Based on our review, The Airport considers the unit prices submitted by the apparent low bidder, Goodwin Brothers Construction, Inc. to be consistent with the scope of the project. Assuming Goodwin Brothers Construction, Inc. meets all other requirements of the contract documents we recommend the award of this contract to said company.

The Airport accepts Alternate Bid Item 1 ($15,840.00) and Bid Alternate 2 ($20,400.00). Alternate bid items 1 and 2 will increase the size of the proposed Drainage Retention Areas to accommodate future growth and development in the area of the project as dictated by Southwest Florida Water Management District permitting requirements.

The total contract amount of $2,847,434.76 according to the Bid Tabulation will be funded through the following accounts:

07411-5666514	$714,060.03
34392-5626589	$2,133,374.73

The Airport Office respectfully requests the authority to approve "Contract Time" change orders due to inclement weather conditions. This is the time of year for rain and possible hurricanes.

Please present this project and Budget Resolutions for recognition of loan proceeds and outside funding to the Board of County Commissioners for their consideration and approval.

ESCROW AGREEMENT

OFFICIAL RECORDS
BK: 2388 PG: 764

THIS ESCROW AGREEMENT ("Agreement") is made and entered into by and among HOLLAND SPRING DEVELOPMENT CORPORATION, a Florida corporation ("Developer"), HERNANDO COUNTY BOARD OF COUNTY COMMISSIONERS ("County") (Developer and County, each individually a "Party", and together, the "Parties"), and BROAD AND CASSEL ("Escrow Agent").

W I T N E S S E T H:

WHEREAS, Developer and County entered into that certain Agreement dated March 12, 2002, concerning the relocation, realignment and construction of the road known as Aerial Way, as subsequently amended by the Amendment to Agreement, dated December 14, 2004 (the "First Amendment"), and by the Second Amendment to Aerial Way Agreement, dated July 26, 2006 (the "Second Amendment") (with the Agreement, as amended by the First Amendment and by the Second Amendment being collectively referred to herein as the "Agreement"); and

WHEREAS, pursuant to the terms of the Second Amendment, the Parties agreed to establish an escrow in order to implement the terms of the Agreement;

NOW, THEREFORE, pursuant to the terms of the Agreement, and for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the Parties do hereby agree as follows:

1. The Parties acknowledge that the recitals set forth above are true and correct and are hereby made a part of this Agreement as if fully set forth herein.

2. Any capitalized terms not utilized herein which are not separately defined herein, shall have the meanings ascribed thereto in the Agreement.

3. Escrow Agent hereby acknowledges receipt of the sum of $350,000.00 (the "Escrow Funds") from the Developer, as required by Paragraph 3 of the Second Amendment. The Escrow Funds have been deposited in an interest bearing account at a federally insured institution and held in escrow by Escrow Agent in accordance with the terms of this Agreement. All interest earned on the Escrow Funds shall accrue to the benefit of Developer.

4. Developer has executed and delivered to Escrow Agent a Special Warranty Deed conveying the 1.06 acre property and the VFW Property, as specified in Paragraphs 1 and 2 of the Agreement, to the County, a copy of which is attached hereto as Exhibit "A" (the "Developer Deed").

5. The Developer hereby requests that the County convey the 5.47 acre property referenced in Paragraph 5 of the Agreement to JOSCHA, LTD., a corporation organized and existing under the laws of the Cayman Islands, British-West Indies ("Joscha"), rather than to Developer. The County shall forthwith execute and deliver to Escrow Agent a statutory deed pursuant to Section 125.411, Florida Statutes, conveying the 5.47 acre property referenced in Paragraph 5 of the Agreement to Joscha (the "County Deed").

6. Developer hereby agrees that the easement referenced in Paragraph 6 of the Agreement will not be required at this time.

7. The County acknowledges that the Escrow Agent, as agent for First American Title Insurance Company (the "Title Company"), has issued to County a title insurance commitment for an owner's title insurance policy showing marketable title to the 1.06 acre property and the VFW Property vested in Developer and subject to no exceptions to title which render the 1.06 acre property or the VFW Property unusable by the County for public road purposes;

8. The Developer acknowledges that the Escrow Agent, as agent for the Title Company, has issued to Developer a title insurance commitment for an owner's title insurance policy showing marketable title to the 5.47 acre property as being vested in the County and subject to no exceptions to title which would render such property unsuitable for drainage and/or passive park/open space purposes;

9. The County acknowledges that the Developer has obtained from Civil-Tech Consulting Engineers, Inc. (the "Surveyor"), a boundary survey (the "Survey" of the 1.06 acre property, the VFW Property, the 5.47 acre property and the easement, and has delivered two (2) signed and sealed copies of the Survey to the County.

10. The Escrow Agent shall forthwith prepare and deliver to the Developer and the County, a Closing Statement, setting forth all costs and expenses to be paid by each of the Parties and a standard owner's affidavit for execution by each of the parties, and any and all other documents reasonably required by the Title Company to insure title to the respective properties (collectively, the "Closing Documents").

11. At such time as:

(a) The Escrow Agent has received the executed Closing Documents, and any costs to be paid by Developer pursuant to the Closing Statement, from Developer; and

(b) The Escrow Agent has received the executed County Deed, Closing Documents, and any costs to be paid by the County pursuant to the Closing Statement from the County.

(c) The Escrow Agent shall:

(i) record the Developer Deed and the County Deed;

(ii) disburse the Escrow Funds to the County; and

(iii) distribute the fully-executed Closing Documents to the appropriate Parties.

12. The Escrow Agent agrees and is authorized by acceptance of the Escrow Funds and the documents specified above to hold same in escrow and disburse same in accordance with the terms and conditions of this Agreement. In the event of doubt as to its duties or liabilities

under the provisions of this Agreement, the Escrow Agent may, in its sole discretion, continue to hold the Escrow Funds and documents until the Parties mutually agree to the disbursement thereof, or until a judgment of a court of competent jurisdiction shall determine the rights of the parties thereto, or Escrow Agent may deposit the Escrow Funds and documents with the Clerk of Circuit Court of Hernando County, Florida, and, upon notifying Parties of such deposit, all liability on the part of the Escrow Agent shall fully terminate, except to the extent of accounting for any Escrow Funds theretofore delivered out of escrow. In the event of any suit between the Parties wherein the Escrow Agent is made a party by virtue of acting as Escrow Agent hereunder, or in the event of any suit wherein Escrow Agent interpleads the Escrow Funds and documents, the Escrow Agent shall be entitled to recover reasonable costs, fees and expenses, including, but not limited to, witness fees, expert fees, consultant fees, attorney, paralegal and legal assistant fees, costs and expenses, and other professional fees, costs and expenses whether suit be brought or not, and whether in settlement, in any declaratory action, in mediation, arbitration, bankruptcy or administrative proceedings, or at trial or on appeal, said fees and costs to be charged and assessed as court costs in favor of the prevailing Party, and to be deducted from the Escrow Funds before delivery to the prevailing Party. Escrow Agent shall exercise ordinary care with respect to the custody and delivery of the Escrow Funds and documents and any other duties of Escrow Agent under this Agreement. Escrow Agent will not be liable for any act or omission that is undertaken in good faith and with ordinary care. Without limitation, Escrow Agent may assume, without verifications, the genuineness of any signatures on any writings that are regular on their face and may maintain the Escrow Funds in a federally insured, commingled trust account. Escrow Agent will not be liable for any act, omission or failure of the depository institution. No provision of this Agreement authorizes recovery of money damages, costs, expenses or attorneys' fees from or against Escrow Agent. Escrow Agent will have a reasonable period of time to comply with all further instructions received pursuant to this Agreement, which, in all events, shall not be less than five (5) business days. Escrow Agent shall not be responsible for the performance of any financial institution into which the Escrow Funds are deposited. The Parties agree that the status of Developer's counsel as Escrow Agent under this Agreement does not disqualify said counsel from representing Developer in connection with the underlying transaction and in any disputes that may arise between the Parties concerning the underlying transaction, including any dispute or controversy with respect to the Escrow Funds and/or documents. The Escrow Agent is executing this Agreement solely to indicate its intention to abide by the terms hereof.

MEMORANDUM

TO: **James Gantt, Central Purchasing Director**

THRU: **Don Silvernell, Airport Director** DAS

FROM: **Rob Mills, Airport Deputy Director** RLM

DATE: **April 12, 2007**

SUBJECT: **Approval of Bid Award Airport Roadway Improvements**
Solicitation No. 07-043

The Airport has reviewed the Bid Tabulations for The Airport Roadway Improvements Project, Solicitation No. 07-043 as prepared by the Hernando County Purchasing Department. Based on our review, The Airport considers the unit prices submitted by the apparent low bidder, Goodwin Brothers Construction, Inc. to be consistent with the scope of the project. Assuming Goodwin Brothers Construction, Inc. meets all other requirements of the contract documents we recommend the award of this contract to said company.

The Airport accepts Alternate Bid Item 1 ($15,840.00) and Bid Alternate 2 ($20,400.00). Alternate bid items 1 and 2 will increase the size of the proposed Drainage Retention Areas to accommodate future growth and development in the area of the project as dictated by Southwest Florida Water Management District permitting requirements.

The total contract amount of $2,847,434.76 according to the Bid Tabulation will be funded through the following accounts:

07411-5666514	$714,060.03
34392-5626589	$2,133,374.73

The Airport Office respectfully requests the authority to approve "Contract Time" change orders due to inclement weather conditions. This is the time of year for rain and possible hurricanes.

Please present this project and Budget Resolutions for recognition of loan proceeds and outside funding to the Board of County Commissioners for their consideration and approval.

ESCROW AGREEMENT

OFFICIAL RECORDS
BK: 2388 PG: 764

THIS ESCROW AGREEMENT ("Agreement") is made and entered into by and among HOLLAND SPRING DEVELOPMENT CORPORATION, a Florida corporation ("Developer"), HERNANDO COUNTY BOARD OF COUNTY COMMISSIONERS ("County") (Developer and County, each individually a "Party", and together, the "Parties"), and BROAD AND CASSEL ("Escrow Agent").

W I T N E S S E T H:

WHEREAS, Developer and County entered into that certain Agreement dated March 12, 2002, concerning the relocation, realignment and construction of the road known as Aerial Way, as subsequently amended by the Amendment to Agreement, dated December 14, 2004 (the "First Amendment"), and by the Second Amendment to Aerial Way Agreement, dated July 26, 2006 (the "Second Amendment") (with the Agreement, as amended by the First Amendment and by the Second Amendment being collectively referred to herein as the "Agreement"); and

WHEREAS, pursuant to the terms of the Second Amendment, the Parties agreed to establish an escrow in order to implement the terms of the Agreement;

NOW, THEREFORE, pursuant to the terms of the Agreement, and for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the Parties do hereby agree as follows:

1. The Parties acknowledge that the recitals set forth above are true and correct and are hereby made a part of this Agreement as if fully set forth herein.

2. Any capitalized terms not utilized herein which are not separately defined herein, shall have the meanings ascribed thereto in the Agreement.

3. Escrow Agent hereby acknowledges receipt of the sum of $350,000.00 (the "Escrow Funds") from the Developer, as required by Paragraph 3 of the Second Amendment. The Escrow Funds have been deposited in an interest bearing account at a federally insured institution and held in escrow by Escrow Agent in accordance with the terms of this Agreement. All interest earned on the Escrow Funds shall accrue to the benefit of Developer.

4. Developer has executed and delivered to Escrow Agent a Special Warranty Deed conveying the 1.06 acre property and the VFW Property, as specified in Paragraphs 1 and 2 of the Agreement, to the County, a copy of which is attached hereto as Exhibit "A" (the "Developer Deed").

5. The Developer hereby requests that the County convey the 5.47 acre property referenced in Paragraph 5 of the Agreement to JOSCHA, LTD., a corporation organized and existing under the laws of the Cayman Islands, British-West Indies ("Joscha"), rather than to Developer. The County shall forthwith execute and deliver to Escrow Agent a statutory deed pursuant to Section 125.411, Florida Statutes, conveying the 5.47 acre property referenced in Paragraph 5 of the Agreement to Joscha (the "County Deed").

6. Developer hereby agrees that the easement referenced in Paragraph 6 of the Agreement will not be required at this time.

7. The County acknowledges that the Escrow Agent, as agent for First American Title Insurance Company (the "Title Company"), has issued to County a title insurance commitment for an owner's title insurance policy showing marketable title to the 1.06 acre property and the VFW Property vested in Developer and subject to no exceptions to title which render the 1.06 acre property or the VFW Property unusable by the County for public road purposes;

8. The Developer acknowledges that the Escrow Agent, as agent for the Title Company, has issued to Developer a title insurance commitment for an owner's title insurance policy showing marketable title to the 5.47 acre property as being vested in the County and subject to no exceptions to title which would render such property unsuitable for drainage and/or passive park/open space purposes;

9. The County acknowledges that the Developer has obtained from Civil-Tech Consulting Engineers, Inc. (the "Surveyor"), a boundary survey (the "Survey" of the 1.06 acre property, the VFW Property, the 5.47 acre property and the easement, and has delivered two (2) signed and sealed copies of the Survey to the County.

10. The Escrow Agent shall forthwith prepare and deliver to the Developer and the County, a Closing Statement, setting forth all costs and expenses to be paid by each of the Parties and a standard owner's affidavit for execution by each of the parties, and any and all other documents reasonably required by the Title Company to insure title to the respective properties (collectively, the "Closing Documents").

11. At such time as:

(a) The Escrow Agent has received the executed Closing Documents, and any costs to be paid by Developer pursuant to the Closing Statement, from Developer; and

(b) The Escrow Agent has received the executed County Deed, Closing Documents, and any costs to be paid by the County pursuant to the Closing Statement from the County.

(c) The Escrow Agent shall:

(i) record the Developer Deed and the County Deed;

(ii) disburse the Escrow Funds to the County; and

(iii) distribute the fully-executed Closing Documents to the appropriate Parties.

12. The Escrow Agent agrees and is authorized by acceptance of the Escrow Funds and the documents specified above to hold same in escrow and disburse same in accordance with the terms and conditions of this Agreement. In the event of doubt as to its duties or liabilities

under the provisions of this Agreement, the Escrow Agent may, in its sole discretion, continue to hold the Escrow Funds and documents until the Parties mutually agree to the disbursement thereof, or until a judgment of a court of competent jurisdiction shall determine the rights of the parties thereto, or Escrow Agent may deposit the Escrow Funds and documents with the Clerk of Circuit Court of Hernando County, Florida, and, upon notifying Parties of such deposit, all liability on the part of the Escrow Agent shall fully terminate, except to the extent of accounting for any Escrow Funds theretofore delivered out of escrow. In the event of any suit between the Parties wherein the Escrow Agent is made a party by virtue of acting as Escrow Agent hereunder, or in the event of any suit wherein Escrow Agent interpleads the Escrow Funds and documents, the Escrow Agent shall be entitled to recover reasonable costs, fees and expenses, including, but not limited to, witness fees, expert fees, consultant fees, attorney, paralegal and legal assistant fees, costs and expenses, and other professional fees, costs and expenses whether suit be brought or not, and whether in settlement, in any declaratory action, in mediation, arbitration, bankruptcy or administrative proceedings, or at trial or on appeal, said fees and costs to be charged and assessed as court costs in favor of the prevailing Party, and to be deducted from the Escrow Funds before delivery to the prevailing Party. Escrow Agent shall exercise ordinary care with respect to the custody and delivery of the Escrow Funds and documents and any other duties of Escrow Agent under this Agreement. Escrow Agent will not be liable for any act or omission that is undertaken in good faith and with ordinary care. Without limitation, Escrow Agent may assume, without verifications, the genuineness of any signatures on any writings that are regular on their face and may maintain the Escrow Funds in a federally insured, commingled trust account. Escrow Agent will not be liable for any act, omission or failure of the depository institution. No provision of this Agreement authorizes recovery of money damages, costs, expenses or attorneys' fees from or against Escrow Agent. Escrow Agent will have a reasonable period of time to comply with all further instructions received pursuant to this Agreement, which, in all events, shall not be less than five (5) business days. Escrow Agent shall not be responsible for the performance of any financial institution into which the Escrow Funds are deposited. The Parties agree that the status of Developer's counsel as Escrow Agent under this Agreement does not disqualify said counsel from representing Developer in connection with the underlying transaction and in any disputes that may arise between the Parties concerning the underlying transaction, including any dispute or controversy with respect to the Escrow Funds and/or documents. The Escrow Agent is executing this Agreement solely to indicate its intention to abide by the terms hereof.

CONSENT AGENDA ITEM

TO: HONORABLE CHAIRMAN AND MEMBERS OF THE BOARD OF COUNTY COMMISSIONERS

VIA: GARY KUHL, COUNTY ADMINISTRATOR

FROM: FRANK McDOWELL III, CODE ENFORCEMENT DIRECTOR

DATE: APRIL 10, 2007

SUBJECT: REDUCTION OF PUBLIC NUISANCE ABATEMENT SPECIAL ASSESSMENT LIEN, KEY #1330296, FERNLEAF DRIVE

Brief Overview: Code Enforcement received a request to reduce the payoff of an outstanding public nuisance abatement special assessment lien on property identified as: Key #1330296. The public nuisance abatement special assessment lien filed against this property has a pay-off of $443.33 as of April 1, 2007.

Mr. Alex Reece, of Madison Avenue of Gainesville, remitted payment in the amount of $380.00 and stated that the property will be kept properly maintained and in compliance of Hernando County Code. This remittance reflects the total amount due with a reduction of interest in the amount of $63.33.

Settlement appears to be in the best interest of Hernando County, as actual costs incurred (administration fees, nuisance surcharge, inspection fees and mowing costs) would be recovered. Code Enforcement recommends that the Board accept payment for the public nuisance abatement special assessment lien in the amount of $380.00.

Budget Impact: Additional revenue deposited to general fund.

Legal Note: The Board is authorized to proceed in accordance with Chapter 125, Florida Statutes.

Staff Recommendation: The Board approve the reduction of interest on the public nuisance abatement special assessment lien and accept payment of $380.00; and authorize the Chairperson's signature on the release of lien.
