

ACTION ITEM
Extension to Remain a Direct Services Provider

BACKGROUND

In 2008, after the passing of Senate Bill 428, regional workforce boards were allowed to apply to be a provider of direct services. CareerSource Pasco Hernando (CSPH) chose to apply and our application was accepted (in the following order) by the Board Members, Chief Elected Officials, DEO, CareerSource Florida and the Governor.

CSPH first applied to be a Direct Service Provider in 2009. The request was granted by the state. In 2011, the first three-year extension was requested and granted. By eliminating the middle man (the Provider) PHWB was able to cut costs by shaving the profit and overhead by 19% in the first year. There were other cost cutting measures that were put into effect as well, beginning with hiring more part time staff to cover peak times in the Centers thereby providing better customer service.

Any Regional Workforce Board that wishes to receive an extension to operate as a direct provider of workforce services (other than training services) must formally request the extension to do so and continue to indicate this in its local service delivery plan. This is a requirement every three years unless otherwise instructed.

The formal process is initiated by the submission of a request for extension stating whether the region wishes to extend its permission to be designated as a direct provider of workforce services (other than training services).

JUSTIFICATION/REASON

CSPH is required to submit an extension request every three years if it wishes to maintain the status of Direct Services Provider. CSPH wishes to continue with the same service delivery model as we have used in the previous nine years. Performance has drastically increased since taking these services in house.

- CSPH has consistently maintained the lowest cost per placement in the State
- CSPH has performed successfully and sustained fiscal integrity for the previous two program years.
- Having had the Resource Rooms, Business Services and Employment Support Center “in house” for the past 14+ years has also provided marked improvements as seen in the Wagner Peyser portion of the Monthly Management Report. CSPH continued to place in the **top quartile** for the WP measures, ranking **#5** for entered employment.
- Veteran’s entered employment rate was ranked **#5** of 24 regions.

- Reemployment Services and Eligibility Assessment Program ranked 3rd in entered employment.
- The OJT/EWT program saw more opportunities for job seekers/customers and employers since bringing those programs in house, ranking 4th in the state for outcome rate.

RECOMMENDATION:

CSPH is requesting an extension beginning 07/01/2023 through 06/30/2026. This has been approved by the CSPH Local Board. CSPH staff now requests the approval of this plan by the Chief Local Elected Officials.
