To Hernando County Board of Directors,

Our company would like to purchase the property located at 4075 Tillery Ave, Spring Hill FL. 34608. The existing commercial structure is currently being used as office/storage. But, for our organization to be compliant with zoning laws there we would need to be a change to the zoning from C2 to C4. Our business manufactures water features for the pool professional and we are proud to say our products are locally made here in Hernando County. The process is light manufacturing of plastic sheet goods and injection molded of parts. All the manufacturing and storage of our products will be inside of the building and no external storage will be utilized. We respectfully ask that re-zoning of this property be considered.

Sincerely,

William H. Corbin
Owner Manager
