Capital Improvement Project

Project Description

Construction of a new Constitutional Building to expand services for Hernando County.

Project Background

Existing Government Center will no longer be able to house the Supervisor of Elections, Property Appraiser, or Tax Collector due to the expansion of the Judicial Branch's needs within the facility.

Project Justification

To continue to provide services for the Citizens of Hernando County with the growing population and future jobs.

Ramifications of Incomplete Project

Backlog of services and increased costs.
