- A. Vendor/Contractor is advised that the County has entered into an agreement with U.S. Immigration and Customs Enforcement (ICE) wherein the County will, in part, seek to promote the principles of ethical business conduct, prevent the knowing hiring of unauthorized workers through self-governance, and encourage voluntary reporting of the discovery of unauthorized workers to ICE (the IMAGE Agreement). Accordingly, by submitting your bid/proposal, Vendor/Contractor represents and warrants (a) that the Vendor/Contractor is in compliance with all applicable Federal, State and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States,

- (b) that all of the Vendor/Contractor employees are legally eligible to work in the United States, and (c) that the Vendor/Contractor has actively and affirmatively verified such eligibility utilizing the Federal Government's Employment Verification Eligibility Form (I-9 Form).
- B. A mere allegation of Vendor/Contractor's intent to use and/or current use of unauthorized workers may not be a basis to delay the County's award of a contract to the Vendor/Contractor unless such an allegation has been determined to be factual by ICE pursuant to an investigation conducted by ICE prior to the date the contract is scheduled to be awarded by the County.
- C. Legitimate claims of the Vendor/Contractor's use of unauthorized workers must be reported to both of the following agencies:
1. The County's Procurement Department at (352) 754-4020: and

- E. Vendor/Contractor is required to incorporate the following IMAGE Best Practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors:
1. Use the Department of Homeland Security employment eligibility verification program (E-Verify) to verify the employment eligibility of all new hires.
 2. Use the Social Security Number Verification Service and make good faith effort to correct and verify the names and Social Security Numbers of the current workforce.
 3. Establish a written hiring and employment eligibility verification policy.
 4. Establish an internal compliance and training program related to the hiring and employment verification process, to include, but not limited to, completion of Form I-9, how to detect fraudulent use of documents in the verification process, and how to use E-Verify and the Social Security Number Verification Service.
 5. Require the Form I-9 and E-Verify process to be conducted only by individuals who received appropriate training and include secondary review as of each employee's verification to minimize the potential for a single individual to subvert the process.
 6. Arrange for annual Form I-9 audits by an external auditing firm or a trained employee not otherwise involved in the Form I-9 process.

7. Establish a procedure to report to ICE credible information of suspected criminal misconduct in the employment eligibility verification process.
8. Establish a program to assess subcontractors' compliance with employment eligibility verification requirements. Encourage Vendor/Contractors to incorporate the IMAGE Best Practices contained in this paragraph and, when practicable, incorporate the verification requirements in subcontractor agreements.
9. Establish a protocol for responding to letters received from Federal and State government agencies indicating that there is a discrepancy between the agency's information and the information provided by the employer or employee; for example, "no match" letters received from the Social Security Administration.
10. Establish a tip line mechanism (inbox, e-mail, etc.) for employees to report activity relating to the employment of unauthorized workers, and a protocol for responding to employee tips.
11. Establish and maintain appropriate policies, practices, and safeguards against use of the verification process for unlawful discrimination, and to ensure that U.S. citizens and authorized workers do not face discrimination with respect to hiring, firing, recruitment or referral for a fee because of citizenship status or national origin.

 - 2. No provision of any such standard, specification, manual or code, or any instruction of a supplier shall be effective to change the duties or responsibilities of County, Vendor/Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees from those set forth in the Contract Documents. Vendor/Contractor shall not proceed with the

work affected thereby until an amendment or supplement to the Contract Documents has been issued. The more stringent requirements shall apply unless otherwise approved.

- E. The Vendor/Contractor shall take no advantage of any error or omission in the plans or of any discrepancy between the plans and specifications, and the professional shall make such interpretation as may be deemed necessary for the fulfillment of the intent of the plans and specifications as construed by him and his decision shall be final.
- F. Vendor/Contractor shall make reasonable efforts to identify potential changes which may enhance efficiency, reliability, serviceability or economy of operation, accelerate the construction schedule, reduce cost of construction, or otherwise enhance any benefits to Hernando County. The Vendor/Contractor, in its reasonable judgment, may propose in writing to Hernando County any such potential change, along with its proposed effect on the cost of the work or the installation schedule. Hernando County shall consider any such proposed change in good faith and may, in its sole discretion, approve in writing any such change.

Files in electronic media format of text, data, graphics, or other types are furnished only for the convenience of the receiving party. Any conclusion or information obtained or derived from such electronic files will be at the user's sole risk. If there is a discrepancy between the electronic files and the hard copies, the hard copies govern.
 - 2. Because data stored in electronic media format can deteriorate or be modified inadvertently or otherwise without authorization of the data's creator, the party receiving electronic files agrees that it will perform acceptance tests or procedures within sixty (60) days, after which the receiving party shall be deemed to have accepted the data thus

These may be accomplished by a field order and will be binding on County and also on Vendor/Contractor, who shall perform the work involved promptly. If County or Vendor/Contractor believes that a field order justifies an adjustment in the contract price or contract times, or both, and the parties are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment, a claim may be made therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".

 3. County Designated Representative's written decision on the issue referred will be final and binding on County and Vendor/Contractor, subject to the provisions in paragraph titled "LIMITATIONS ON COUNTY DESIGNATED REPRESENTATIVE'S AUTHORITY AND RESPONSIBILITIES".

County Designated Representative will not be responsible for Vendor/Contractor's failure to perform the work in accordance with the Contract Documents.
 3. County Designated Representative will not be responsible for the acts or omissions of Vendor/Contractor or of any subcontractor, any supplier, or of any other individual or entity performing any of the work.

4. County Designated Representative's review of the application for payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Section titled "PAYMENTS TO CONTRACTOR AND COMPLETION" paragraph titled "REVIEW OF APPLICATIONS" will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals that the results certified indicate compliance with the Contract Documents.

 - I. Such condition must meet any one (1) or more of the categories described in Section Titled "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES" paragraph titled "DELAYS" and
 - II. With respect to work that is paid for on a unit price basis, any adjustment in contract price will be subject to the provisions of stated in the Contract Documents.
 - ii. Vendor/Contractor shall not be entitled to any adjustment in the contract price or contract times if:

- I. Vendor/Contractor knew of the existence of such conditions at the time Vendor/Contractor made a final commitment to County with respect to contract price and contract times by the submission of a bid or becoming bound under a negotiated Contract; or
 - II. The existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the site and contiguous areas required by the bidding requirements or Contract Documents to be conducted by or for Vendor/Contractor prior to Vendor/Contractor's making such final commitment; or
 - III. Vendor/Contractor failed to give the written notice as required by provisions above.
- iii. If County and Vendor/Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the contract price or contract times, or both, a claim may be made therefore as provided in Contract Documents. However, County and County Designated Representative, and any of their related entities shall not be liable to Vendor/Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Vendor/Contractor on or in connection with any other project or anticipated project.

4. Underground Facilities:

- a. Shown or Indicated: The information and data shown or indicated in the Contract Documents with respect to existing underground facilities at or contiguous to the site is based on information and data furnished to Owner or Engineer by the owners of such underground facilities, including County, or by others. Unless it is otherwise expressly provided in the Bid documents:
 - i. County and Engineer shall not be responsible for the accuracy or completeness of any such information or data; and
 - ii. The cost of all of the following will be included in the contract price, and Vendor/Contractor shall have full responsibility for:
 - I. Reviewing and checking all such information and data,
 - II. Locating all underground facilities shown or indicated in the Contract Documents,
 - III. Coordination of the work with the owners of such underground facilities, including County, during construction, and

- IV. The safety and protection of all such underground facilities and repairing any damage thereto resulting from the work.
- iii. The Vendor/Contractor shall locate all existing utilities, vertical and horizontal, prior to commencement of construction and any excavation.
- b. Not Shown or Indicated:
 - i. If an underground facility is uncovered or revealed at or contiguous to the site which was not shown or indicated, or not shown or indicated with reasonable accuracy in the Contract Documents, Vendor/Contractor shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any work in connection therewith, identify the owner of such underground facility and give written notice to that owner and to County and Engineer. Engineer will promptly review the underground facility and determine the extent, if any, to which a change is required in the Contract Documents to reflect and document the consequences of the existence or location of the underground facility. During such time, Vendor/Contractor shall be responsible for the safety and protection of such underground facility.
 - ii. If Engineer concludes that a change in the Contract Documents is required, a Change Order will be issued to reflect and document such consequences. An equitable adjustment shall be made in the contract price or contract times, or both, to the extent that they are attributable to the existence or location of any underground facility that was not shown or indicated or not shown or indicated with reasonable accuracy in the Contract Documents and that Vendor/Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated. If County and Vendor/Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment in contract price or contract times, County or Vendor/Contractor may make a claim therefore as provided in the Contract Documents.
- c. Obstructions:
 - i. Any pipes, conduits, wires, mains, footings, driveways, or other structures encountered shall be carefully protected from injury or displacement. Any damage thereto shall be fully, promptly, and properly repaired by the Vendor/Contractor to the satisfaction of the County Designated Representative and the County thereof. Should it become necessary to change the position of water or gas or other pipes, sewer drains, or poles, the Engineer shall be at once notified of the locality and circumstances, and no claims for damages arising from the delay in adjusting the pipe, sewer drains or poles shall be made. Failure of the plans to show the locations, nature or extent of any existing structures or obstructions shall not be the basis of a

claim for extra work. Any survey monument or bench mark which must be disturbed shall be carefully referenced before removal, and unless otherwise provided for, shall be replaced upon completion of the work by a registered land surveyor. Any survey monuments or bench markers which are disturbed shall be replaced by a Florida registered land surveyor.

9.13. AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS; REFERENCE POINTS:
(continued)

A. Reference Points:

1. County shall provide engineering surveys to establish reference points for construction which in County Designated Representative's judgment are necessary to enable Vendor/Contractor to proceed with the work. Vendor/Contractor shall be responsible for laying out the work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of County. Vendor/Contractor shall report to County Designated Representative whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.
2. Vendor/Contractor will furnish all surveys and construction stakeouts unless otherwise specified. The Vendor/Contractor will provide horizontal control and benchmarks or elevations for vertical control. The number and extent of such control will be designated to the Vendor/Contractor by the County Designated Representative prior to bid opening, upon request. It shall be the responsibility of the Vendor/Contractor to check all stakes as set by the Engineer for possible error. The Vendor/Contractor shall furnish, free of charge, all additional stakes, all templates, and other materials necessary for marking and maintaining points and lines given. The Vendor/Contractor shall be held responsible for the preservation of all stakes and marks, and if any of the stakes or marks are destroyed or disturbed, the cost of replacing them shall be charged against, and shall be deducted from the payment for the work. The Vendor/Contractor shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.
3. The Vendor/Contractor shall provide reasonable and necessary opportunities and facilities for setting points and making measurements. He shall not proceed until he has made timely demand upon the County Designated Representative for, and received from him, such points as may be necessary as the work progresses. The work shall be done in strict conformity with such points.

- a. **Alignment Markers.** The markers for alignment and location information which are shown on the plans have been previously established by a Florida registered land surveyor. Monuments and other field markers consist of railroad spikes, iron pins, concrete monuments, and other markers in customary use in the area. The Vendor/Contractor shall lay out his work from these markers and shall be responsible for all measurements in connection therewith. The Vendor/Contractor shall preserve all alignment and right-of-way markers, and shall reset or replace at his own expense, any and all which are removed, destroyed or covered up by his work. In the event that additional markers, stakes or monuments are required, or in the event that previously established markers must be replaced, the Vendor/Contractor shall employ a Florida registered land surveyor to reset or replace them.
 - b. **Benchmarks.** The Vendor/Contractor shall lay out his work from benchmarks and elevations set by the Engineer. Benchmarks and elevations set by the Engineer will be shown and explained to the Vendor/Contractor. Thereafter, these benchmarks and elevations become the sole responsibility of the Vendor/Contractor, and if replacement is required, either at the request of the Vendor/Contractor or in the judgment of the County Designated Representative, the Vendor/Contractor shall pay for the cost of replacement. The Vendor/Contractor shall furnish, at his own expense, all templates, stakes, equipment, labor and materials as may be required in laying out any part of the work.
- B. Hazardous Environmental Condition at Site:
- 1. **Reports and Drawings:** Any reports and drawings relating to a hazardous environmental condition identified at the site, if any, that have been utilized by the Engineer in the preparation of the Contract Documents will be included in the Contract Documents as Attachments under Reference Documents.
 - 2. **Limited Reliance by Vendor/Contractor on Technical Data Authorized:** Vendor/Contractor may rely upon the general accuracy of the technical data contained in such reports and drawings, but such reports and drawings are not Contract Documents. Such technical data is identified in the Technical Specifications. Except for such reliance on such technical data, Vendor/Contractor may not rely upon or make any claim against County or Engineer, or any of their related entities with respect to:
 - a. The completeness of such reports and drawings for Vendor/Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Vendor/Contractor and safety precautions and programs incident thereto; or
 - b. Other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings.

3. Vendor/Contractor shall not be responsible for any hazardous environmental condition uncovered or revealed at the site which was not shown or indicated in drawings or specifications or identified in the Contract Documents to be within the scope of the work. Vendor/Contractor shall be responsible for a hazardous environmental condition created with any materials brought to the site by Vendor/Contractor, subcontractors, suppliers, or anyone else for whom Vendor/Contractor is responsible.
4. If Vendor/Contractor encounters a hazardous environmental condition or if Vendor/Contractor or anyone for whom Vendor/Contractor is responsible creates a hazardous environmental condition, Vendor/Contractor shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all work in connection with such condition and in any area affected thereby; and (iii) notify County and County Designated Representative (and promptly thereafter confirm such notice in writing). County shall promptly consult with County Designated Representative concerning the necessity for County to retain a qualified expert to evaluate such condition or take corrective action, if any.
5. Vendor/Contractor shall not be required to resume work in connection with such condition or in any affected area until after County has obtained any required permits related thereto and delivered to Vendor/Contractor written notice: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of work; or (ii) specifying any special conditions under which such work may be resumed safely. If County and Vendor/Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in contract price or contract times, or both, as a result of such work stoppage or such special conditions under which work is agreed to be resumed by Vendor/Contractor, either party may make a claim therefore as provided in the Contract Documents.
6. If after receipt of such written notice Vendor/Contractor does not agree to resume such work based on a reasonable belief it is unsafe or does not agree to resume such work under such special conditions, then County may order the portion of the work that is in the area affected by such condition to be deleted from the work. If County and Vendor/Contractor cannot agree as to entitlement to or on the amount or extent, if any, of an adjustment in contract price or contract times as a result of deleting such portion of the work, then either party may make a claim therefore as provided in the Contract Documents. Owner may have such deleted portion of the work performed by County's own forces or others in accordance with Section "Other Work at the Site".
7. The provisions in this paragraph do not apply to a hazardous environmental condition uncovered or revealed at the site.

9.14. PRE-CONSTRUCTION CONFERENCE

Within twenty-one (21) calendar days after the effective date of the contract, but before Vendor/Contractor starts the work at the site, a conference attended by Vendor/Contractor, County Designated Representative, and other County staff personnel as appropriate will be held to discuss such topics as may include, but not limited to; schedules, procedures for handling shop drawings and other submittals and for processing Applications for Payment, MOT, initiation of coordination with affected utilities, agreement upon the Notice to Proceed date, and to establish a working understanding among the parties as to the work.

9.15. INITIAL ACCEPTANCE OF SCHEDULES:

At least ten (10) days before submission of the first application for payment, a conference attended by Vendor/Contractor, County Designated Representative, and others as appropriate will be held to review for acceptability to County Designated Representative. Vendor/Contractor shall have an additional ten (10) days to make corrections and adjustments and to complete and re-submit the schedules. No progress payment shall be made to Vendor/Contractor until acceptable schedules are submitted to County Designated Representative.

- A. The Progress Schedule will be acceptable to County Designated Representative if it provides an orderly progression of the work to completion within the contract times. Such acceptance will not impose on County Designated Representative responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the work nor interfere with or relieve Vendor/Contractor from Vendor/Contractor's full responsibility, therefore.
- B. Vendor/Contractor's Schedule of Submittals will be acceptable to County Designated Representative if it provides a workable arrangement for reviewing and processing the required submittals.
- C. Vendor/Contractor's Schedule of Values will be acceptable to County Designated Representative as to form and substance if it provides a reasonable allocation of the contract price to component parts of the work.

9.16. CHANGES IN THE WORK; CLAIMS:

- A. Authorized Changes in the Work:
 - 1. Without invalidating the Contract and without notice to any surety, County may, subject to written approval by Agency at any time or from time to time, order additions, deletions, or revisions in the work by a Change Order. Upon receipt of any such document, Vendor/Contractor shall promptly proceed with the work involved which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).
 - 2. If County and Vendor/Contractor are unable to agree on entitlement to, or on the amount or extent, if any, of an adjustment in the contract price or contract times, or both, that

should be allowed as a result of a change order, a claim may be made therefor as provided in the Paragraph titled: "CLAIMS" below.

- B. Unauthorized Changes in the Work: Vendor/Contractor shall not be entitled to an increase in the contract price or an extension of the contract times with respect to any work performed that is not required by the Contract Documents as amended, modified, or supplemented, except in the case of an emergency as stated in Paragraph titled "EMERGENCIES" above, or in the case of uncovering work as stated in Paragraph titled "UNCOVERING WORK", below.
- C. Execution of Change Orders:
1. County and Vendor/Contractor shall execute appropriate change orders recommended by County Designated Representative covering:
 - a. Changes in the work which are: (i) ordered by County pursuant to Paragraph titled "AUTHORIZED CHANGED IN THE WORK" above, (ii) required because of acceptance of defective work pursuant to Paragraph titled "ACCEPTANCE OF DEFECTIVE WORK", below or County's correction of defective work pursuant to Paragraph titled "COUNTY MAY CORRECT DEFECTIVE WORK", below or (iii) agreed to by the parties.
 - b. Changes in the contract price or contract times which are agreed to by the parties, including any undisputed sum or amount of time for work actually performed in accordance with a change order; and
 - c. Changes in the contract price or contract times which embody the substance of any written decision rendered by County Designated Representative pursuant to Section titled "TESTS AND INSPECTIONS: CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK", below ; provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the Contract Documents and applicable laws and regulations, but during any such appeal, Vendor/Contractor shall carry on the work and adhere to the Progress Schedule as provided in Section titled "STARTING THE WORK", above.
 2. The contract price constitutes the total compensation payable to the Vendor/Contractor for performing the work. All duties, responsibilities and obligations assigned to or undertaken by the Vendor/Contractor shall be at his expense without change in the contract price. The Contract Price may only be changed by a change order. Any claim for an increase in the Contract Price shall be in writing and delivered to the County Designated Representative within fifteen (15) days of the occurrence of the event giving rise to the claim. All claims for adjustment in the contract price shall be determined by the County Designated Representative. Any change in the contract price shall be incorporated in a change order.
- D. Notification to Surety: If notice of any change affecting the general scope of the work or the provisions of the Contract Documents (including, but not limited to, contract price or contract

times) is required by the provisions of any bond to be given to a surety, the giving of any such notice will be Vendor/Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

E. Claims:

1. Chief Procurement Officer's Decision Required: All claims, except those waived pursuant to Paragraph titled "WAIVER OF CLAIMS", below, shall be referred to the Chief Procurement Officer for decision. A decision by the Chief Procurement Officer shall be required as a condition precedent to any exercise by County or Vendor/Contractor of any rights or remedies either may otherwise have under Paragraph titled "OWNER MAY CORRECT DEFECTIVE WORK", below or by laws and regulations in respect of such claims.
2. Notice: Written notice stating the general nature of each claim shall be delivered by the claimant to the Chief Procurement Officer and the other party to the Contract promptly (but in no event later than thirty (30) days) after the start of the event giving rise thereto. The responsibility to substantiate a claim shall rest with the party making the claim. Notice of the amount or extent of the claim, with supporting data shall be delivered to the Chief Procurement Officer and the other party to the Contract within sixty (60) days after the start of such event (unless the Chief Procurement Officer allows additional time for claimant to submit additional or more accurate data in support of such claim). A claim for an adjustment in contract price shall be prepared in accordance with the provisions of Paragraph titled "CHANGE OF CONTRACT PRICE", above. A claim for an adjustment in Contract Time shall be prepared in accordance with the provisions of Paragraph titled "CHANGE OF CONTRACT TIMES". Each claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to the Chief Procurement Officer and the claimant within thirty (30) days after receipt of the claimant's last submittal (unless the Chief Procurement Officer allows additional time).
3. Chief Procurement Officer's Action: Chief Procurement Officer will review each claim and, within thirty (30) days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any, take one (1) of the following actions in writing:
 - a. Deny the claim in whole or in part,
 - b. Approve the claim, or
 - c. Notify the parties that the Chief Procurement Officer is unable to resolve the claim if, in the Chief Procurement Officer's sole discretion, it would be inappropriate for the Chief Procurement Officer to do so. For purposes of further resolution of the claim, such notice shall be deemed a denial.

4. In the event that Chief Procurement Officer does not take action on a claim within said thirty (30) days, the claim shall be deemed denied.
5. Chief Procurement Officer's written action or denial pursuant to Paragraphs 3. and 4., above will be final and binding upon County and Vendor/Contractor, unless County or Vendor/Contractor invoke the dispute resolution procedure set forth in Section titled "DISPUTE RESOLUTION" within thirty (30) days of such action or denial.
6. No claim for an adjustment in contract price or contract times will be valid if not submitted in accordance with the provisions stated in Section titled "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES".

9.17. COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

A. Cost of the Work:

1. Costs Included: The term cost of the work means the sum of all costs, except those excluded according to Section titled "COSTS EXCLUDED" below, necessarily incurred and paid by Vendor/Contractor in the proper performance of the work. When the value of any work covered by a change order or when a claim for an adjustment in contract price is determined on the basis of cost of the work, the costs to be reimbursed to Vendor/Contractor will be only those additional or incremental costs required because of the change in the work or because of the event giving rise to the claim. Except as otherwise may be agreed to in writing by County, such costs shall be in amounts no higher than those prevailing in the locality of the project, shall include only the following items, and shall not include any of the costs itemized in Section titled "COSTS EXCLUDED".

All cash discounts shall accrue to Vendor/Contractor unless County deposits funds with Vendor/Contractor with which to make payments, in which

case the cash discounts shall accrue to County. All trade discounts, rebates and refunds and returns from sale of surplus materials and equipment shall accrue to County, and Vendor/Contractor shall make provisions so that they may be obtained.

- c. Payments made by Vendor/Contractor to subcontractors for work performed by subcontractors. If required by County, Vendor/Contractor shall obtain competitive bids from subcontractors acceptable to County and Vendor/Contractor and shall deliver such bids to County, who will then determine, with the advice of County Designated Representative, which bids, if any, will be acceptable. If any subcontract provides that the subcontractor is to be paid on the basis of cost of the work plus a fee, the subcontractor's cost of the work and fee shall be determined in the same manner as Vendor/Contractor's cost of the work and fee as provided in this Section titled "COST OF THE WORK".
- d. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the work.

 - iii. Rentals of all construction equipment and machinery, and the parts thereof whether rented from Vendor/Contractor or others in accordance with rental agreements approved by County with the advice of the County Designated Representative, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the work.
 - iv. Sales, consumer, use, and other similar taxes related to the work, and for which Vendor/Contractor is liable, imposed by laws and regulations.
 - v. Deposits lost for causes other than negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for

whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

- vi. Losses and damages (and related expenses) caused by damage to the work, not compensated by insurance or otherwise, sustained by Vendor/Contractor in connection with the performance of the work (except losses and damages within the deductible amounts of property insurance established in accordance with the Contract Documents), provided such losses and damages have resulted from causes other than the negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of County. No such losses, damages, and expenses shall be included in the cost of the work for the purpose of determining Vendor/Contractor's fee.
- vii. The cost of utilities, fuel, and sanitary facilities at the site.
- viii. Minor expenses such as telegrams, long distance telephone calls, telephone service at the site, expressages, and similar petty cash items in connection with the work.

Payroll costs and other compensation of Vendor/Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, procurement and contracting agents, expeditors, timekeepers, clerks, and other personnel employed by Vendor/Contractor, whether at the site or in Vendor/Contractor's principal or branch office for general administration of the work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 1. (in this section) or specifically covered by Paragraph 1. d. (in this section), all of which are to be considered administrative costs covered by the Vendor/Contractor's fee.
 - i. Expenses of Vendor/Contractor's principal and branch offices other than Vendor/Contractor's office at the site.
 - ii. Any part of Vendor/Contractor's capital expenses, including interest on Vendor/Contractor's capital employed for the work and charges against Vendor/Contractor for delinquent payments.
 - iii. Costs due to the negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective work, disposal of

materials or equipment wrongly supplied, and making good any damage to property.

- iv. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraphs 1. and 2. (in this section).
- 3. Vendor/Contractor's Fee: When all the work is performed on the basis of cost-plus, Vendor/Contractor's fee shall be determined as set forth in the Contract. When the value of any work covered by a change order or when a claim for an adjustment in contract price is determined on the basis of cost of the work, Vendor/Contractor's fee shall be determined as set forth in Section titled: "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES" Paragraph titled: "VENDOR/CONTRACTOR'S FEE".
- 4. Documentation: Whenever the cost of the work for any purpose is to be determined pursuant to Paragraph 1.(in this section), Vendor/Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Contract Designated Representative an itemized cost breakdown together with supporting data.

B. Allowances:

- 1. It is understood that Vendor/Contractor has included in the contract price all allowances so named in the Contract Documents and shall cause the work so covered to be performed for such sums and by such persons or entities as may be acceptable to County and Engineer.
- 2. Cash Allowances:
 - a. Vendor/Contractor agrees that:
 - i. The cash allowances include the cost to Vendor/Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the site, and all applicable taxes; and
 - ii. Vendor/Contractor's costs for unloading and handling on the site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.
- 3. Contingency Allowance: Vendor/Contractor agrees that a contingency allowance, if any, is for the sole use of County to cover unanticipated costs.
- 4. Prior to final payment, an appropriate change order will be issued as recommended by Engineer to reflect actual amounts due Vendor/Contractor on account of work covered by allowances, and the contract price shall be correspondingly adjusted.

C. Unit Price Work:

1. Where the Contract Documents provide that all or part of the work is to be unit price work, initially the contract price will be deemed to include for all unit prices work an amount equal to the sum of the unit price for each separately identified item of unit price work times the estimated quantity of each item as indicated in the Agreement.
2. The estimated quantities of items of unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial contract price. Determinations of the actual quantities and classifications of unit price work performed by Vendor/Contractor will be made by County Designated Representative subject to the provisions stated in the Contract Documents.
3. Each unit price will be deemed to include an amount considered by Vendor/Contractor to be adequate to cover Vendor/Contractor's overhead and profit for each separately identified item.

9.18. CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES

Change of Contract Price:

- A. The Contract Price may only be changed by a change order. Any claim for an adjustment in the Contract Price shall be based on written notice submitted by the party making the claim to the County Designated Representative and the Chief Procurement Officer to the Contract in accordance with Section titled "CHANGES IN THE WORK; CLAIMS" Paragraph titled "Claims" above.
- B. The value of any work covered by a change order or of any claim for an adjustment in the Contract Price will be determined as follows:
 1. Where the work involved is covered by unit prices contained in the Contract Documents, by application of such unit prices to the quantities of the items involved (subject to the provisions stated in Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled: "UNIT PRICE WORK"; or
 2. Where the work involved is not covered by unit prices contained in the Contract Documents, but by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with above Section titled: COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled "CASH ALLOWANCES"); or
 3. Where the work involved is not covered by unit prices contained in the Contract Documents and Agreement to a lump sum is not reached under above Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled: "COST OF THE WORK" , on the basis of the cost of the work, plus a Vendor/Contractor's fee for overhead and profit as described in this Section, Paragraph titled "VENDOR/CONTRACTOR'S FEE", immediately below.

- C. Vendor/Contractor's Fee: The Vendor/Contractor's fee for overhead and profit shall be determined as follows:
1. A mutually acceptable fixed fee; or

 - a. For costs incurred under Paragraphs B.1. and B.2. (in this section), the Vendor/Contractor's fee shall be fifteen percent (15%);
 - b. For costs incurred under Paragraph B.3. (in this section), the Vendor/Contractor's fee shall be five percent (5%);
 - c. Where one (1) or more tiers of Sub-Contracts are on the basis of cost of the work plus a fee and no fixed fee is agreed upon, the intent of Paragraph C.2.a. above (in this section) is that the subcontractor who actually performs the work, at whatever tier, will be paid a fee of fifteen percent (15%) of the costs incurred by such subcontractor under Paragraphs B.1 and B.2. (in this section) and that any higher tier subcontractor and Vendor/Contractor will each be paid a fee of five percent (5%) of the amount paid to the next lower tier subcontractor.
 - d. No fee shall be payable on the basis of costs itemized under Section titled "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled "COST OF THE WORK", "COSTS INCLUDED" paragraph 1.A.4, 1.A.5 and 1.B.;
 - e. The amount of credit to be allowed by Vendor/Contractor to County for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Vendor/Contractor's fee by an amount equal to five percent (5%) of such net decrease; and
 - f. When both additions and credits are involved in any one (1) change, the adjustment in Vendor/Contractor's fee shall be computed on the basis of the net change in accordance with above Paragraphs (in this section) C.2.a. through C.2.f., inclusive.
- D. In such case, the Vendor/Contractor will submit in the form prescribed by the County, an itemized cost breakdown together with supporting data. The amount of credit to be allowed by the Vendor/Contractor to the County for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the County. When both additions and credits are involved in any one (1) change, the combined overhead and profit shall be figured on the basis of the net decrease, if any.

9.19. CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES (continued)

- A. Change of Contract Times:

1. The Contract Times may only be changed by a change order. 2. Any adjustment of the contract times covered by a change order or any claim for an adjustment in the contract times will be determined in accordance with the provisions of this paragraph.

B. Delays:

1. Where Vendor/Contractor is prevented from completing any part of the work within the contract times due to delay beyond the control of Vendor/Contractor, the contract times will be extended in an amount equal to the time lost due to such delay if a claim is made therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS, paragraph titled "CLAIMS". Delays beyond the control of Vendor/Contractor shall include, but not be limited to, acts or neglect by County, acts or neglect of utility owners or other Vendor/Contractors performing other work, fires, floods, epidemics, abnormal weather conditions, or acts of God.
2. If County, Engineer, or other Vendor/Contractors or utility owners performing other work for County, or anyone for whom County is responsible, delays, disrupts, or interferes with the performance or progress of the work, then Vendor/Contractor shall be entitled to an equitable adjustment in the contract price or the contract times, or both.
Vendor/Contractor's entitlement to an adjustment of the contract times is conditioned on such adjustment being essential to Vendor/Contractor's ability to complete the work within the contract times.
3. If Vendor/Contractor is delayed in the performance or progress of the work by fire, flood, epidemic, abnormal weather conditions, acts of God, acts or failures to act of utility owners not under the control of County, or other causes not the fault of and beyond control of County and Vendor/Contractor, then Vendor/Contractor shall be entitled to an equitable adjustment in contract times, if such adjustment is essential to Vendor/Contractor's ability to complete the work within the Contract Times. Such an adjustment shall be Vendor/Contractor's sole and exclusive remedy for the delays described in this paragraph.
 - a. Time Extensions for Delays Caused by Weather - Extensions of Contract Time for delays caused by the effects of inclement weather are justified only when inclement weather conditions or related adverse soil conditions prevent the Contractor from productively performing controlling items of work resulting in:
 - i. The Vendor/Contractor being unable to work at least fifty percent (50%) of the normal workday on the predetermined controlling work items; or

- ii. The Vendor/Contractor must make major repairs to work damaged by weather, providing the damage was not attributable to a failure to perform or neglect by the Contractor.
 - iii. Vendor/Contractor must submit a written notice along with their updated Progress Schedule with their monthly progress payment request. If no monthly progress payment is being submitted for the month, then a written notice within thirty (30) days after occurrence of the event(s) giving rise to the weather delays must be submitted to the County, Engineer or designated person.
- b. Project Manager/Inspector - Daily reports shall be maintained for all projects by the Project Manager/Inspector. This shall include weather conditions, working conditions, erosion control, and effects of weather on major work items identified on the progress schedule and general comments as a minimum.
- c. Project Manager/Inspector - Daily reports shall be maintained for all projects by the Project Manager/Inspector. This shall include weather conditions, working conditions, erosion control, and effects of weather on major work items identified on the progress schedule and general comments as a minimum.
- d. Weather Delays for Projects - Time extensions will be granted on a contract day per delayed day.
 - i. The Contractor provides a schedule which identifies the intended work week, thus determining the scheduled workdays and the controlling items of work. The initial progress schedule must be approved and agreed to by County, Engineer, or designated person and Contractor's Representative prior to the notice to proceed being issued and before any work has been performed and monthly when submitted with the pay request if any changes have occurred during the reporting period. No weather delays will be recognized before the Vendor/Contractor actually begins work or attempts to begin work in accordance with the approved project work schedule. Weather delays will be granted only during the authorized contract time period.
 - ii. The County, Engineer or designated person shall review the request and the daily reports and determine if these delays are authorized. A written response will be given to the Contractor/Vendor within five (5) business days after receipt of the request. The Chief Procurement Officer will be provided a copy of this letter and any related correspondence.
- 4. County, Engineer and the related entities of each of them shall not be liable to Vendor/Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or

arbitration or other dispute resolution costs) sustained by Vendor/Contractor on or in connection with any other project or anticipated project.

5. Vendor/Contractor shall not be entitled to an adjustment in contract price or contract times for delays within the control of Vendor/Contractor. Delays attributable to and within the control of a subcontractor or supplier shall be deemed to be delays within the control of Vendor/Contractor.

9.20. TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK:

- A. Notice of Defects: Prompt notice of all defective work of which County or Engineer has actual knowledge will be given to Vendor/Contractor. All defective work may be rejected, corrected, or accepted as provided in this Paragraph.
- B. Access to Work: County, Engineer, their consultants and other representatives and personnel of County, independent testing laboratories, and governmental agencies with jurisdictional interests will have access to the site and the work at reasonable times for their observation, inspecting, and testing. Vendor/Contractor shall provide them proper and safe conditions for such access and advise them of Vendor/Contractor's site safety procedures and programs so that they may comply therewith as applicable.
- C. Tests and Inspections:
 1. Vendor/Contractor shall give Engineer timely notice of readiness of the work for all required inspections, tests, or approvals and shall cooperate with inspection and testing personnel to facilitate required inspections or tests.
 2. County shall employ and pay for the services of an independent testing laboratory to perform all inspections, tests, or approvals required by the Contract Documents except:
 - a. For inspections, tests, or approvals covered by Paragraphs D. and E. below.
 - b. That costs incurred in connection with tests or inspections conducted pursuant to Paragraph C.2. shall be paid according to Paragraph E.; and
 - c. As otherwise specifically provided in the Contract Documents.
 3. If laws or regulations of any public body having jurisdiction require any work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Vendor/Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish County Designated Representative the required certificates of inspection or approval.

4. Vendor/Contractor shall be responsible for arranging and obtaining and shall pay all costs in connection with any inspections, tests, or approvals required for County's and County Designated Representative's acceptance of materials or equipment to be incorporated in the work; or acceptance of materials, mix designs, or equipment submitted for approval prior to Vendor/Contractor's purchase thereof for incorporation in the work. Such inspections, tests, or approvals shall be performed by organizations acceptable to County and County Designated Representative.
5. If any work (or the work of others) that is to be inspected, tested, or approved is covered by Vendor/Contractor without written concurrence of County Designated Representative, it must, if requested by County Designated Representative, be uncovered for observation.
6. Uncovering work as provided in Paragraph D. shall be at Vendor/Contractor's expense unless Vendor/Contractor has given Engineer timely notice of Vendor/Contractor's intention to cover the same and Engineer has not acted with reasonable promptness in response to such notice.
7. Periodic inspections will be held throughout the work at the discretion of the County and Engineer to verify progress and compliance to Contract Documents, pay requests and general quality control.
8. Pre-final inspections are held for the purpose of substantiating completion of the work and preparing a punch-list of any deficiencies or corrections to be made. Pre-finals should be made with a representative of the Vendor/Contractor, County Designated Representative and Owner.
9. Final inspections will be held prior to acceptance in order to verify that all corrections and/or deficiencies have been performed or resolved and such inspection shall be mandatory prior to approval of final pay request. Finals shall be made with a representative of the Vendor/Contractor, Engineer and County.

D. Uncovering Work:

1. If any work is covered contrary to the written request of County Designated Representative, it must, if requested by County Designated Representative, be uncovered for County Designated Representative's observation and replaced at Vendor/Contractor's expense.
2. If County Designated Representative considers it necessary or advisable that covered work be observed by County Designated Representative or inspected or tested by others, Vendor/Contractor, at County Designated Representative's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as County Designated Representative may require, that portion of the work in question, furnishing all necessary labor, material, and equipment.

3. If it is found that the uncovered work is defective, Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and County shall be entitled to an appropriate decrease in the contract price. If the parties are unable to agree as to the amount thereof, County may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".
 4. If, the uncovered work is not found to be defective, and there are no related inspection requirements in the contract documents, Vendor/Contractor shall be allowed an increase in the contract price or an extension of the contract times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, Vendor/Contractor may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".
- E. County Designated Representative May Stop the Work: If the work is defective, or Vendor/Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the work in such a way that the completed work will conform to the contract documents, County may order Vendor/Contractor to stop the work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County to stop the work shall not give rise to any duty on the part of County to exercise this right for the benefit of Vendor/Contractor, any subcontractor, any supplier, any other individual or entity, or any surety for, or employee or agent of any of them.
- F. Correction or Removal of Defective Work:
1. Promptly after receipt of notice, Vendor/Contractor shall correct all defective work, whether or not fabricated, installed, or completed, or, if the work has been rejected by County Designated Representative, remove it from the project and replace it with work that is not defective. Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or removal (including but not limited to all costs of repair or replacement of work of others).
 2. When correcting defective work under the terms of this paragraph or the paragraph below, Vendor/Contractor shall take no action that would void or otherwise impair County's special warranty and guarantee, if any, on said work.
- G. Correction Period:

1. If within one (1) year after the date of substantial completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents) or by any specific provision of the contract documents, any work is found to be defective, or if the repair of any damages to the land or areas made available for Vendor/Contractor's use by County or permitted by laws and regulations as contemplated in the Contract Documents is found to be defective, Vendor/Contractor shall promptly, without cost to County and in accordance with County's written instructions:
 - a. Repair such defective land or areas; or
 - b. Correct such defective work; or
 - c. If the defective work has been rejected by County, remove it from the project and replace it with work that is not defective, and
 - d. Satisfactorily correct or repair or remove and replace any damage to other work, to the work of others or other land or areas resulting therefrom.
 2. If Vendor/Contractor does not promptly comply with the terms of County's written instructions, or in an emergency where delay would cause serious risk of loss or damage, County may have the defective work corrected or repaired or may have the rejected work removed and replaced. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others) will be paid by Vendor/Contractor.
 3. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the work, the correction period for that item may start to run from an earlier date if so provided in the specifications.
 4. Where defective work (and damage to other work resulting therefrom) has been corrected or removed and replaced under above paragraph F, the correction period hereunder with respect to such work will be extended for an additional period of one (1) year after such correction or removal and replacement has been satisfactorily completed.
 5. Vendor/Contractor's obligations under above paragraph F. are in addition to any other obligation or warranty. The provisions of Paragraph F. shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitation or repose.
- H. Acceptance of Defective Work: If, instead of requiring correction or removal and replacement of defective work, County (and, prior to County Designated Representative's recommendation of final payment, County Designated Representative) prefers to accept it, County may do so. Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or

arbitration or other dispute resolution costs) attributable to County's evaluation of and determination to accept such defective work (such costs to be approved by County Designated Representative as to reasonableness) and the diminished value of the work to the extent not otherwise paid by Vendor/Contractor pursuant to this sentence. If any such acceptance occurs prior to County Designated Representative's recommendation of final payment, a change order will be issued incorporating the necessary revisions in the contract documents with respect to the work, and County shall be entitled to an appropriate decrease in the contract price, reflecting the diminished value of work so accepted. If the parties are unable to agree as to the amount thereof, County may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "CLAIMS". If the acceptance occurs after such recommendation, an appropriate amount will be paid by Vendor/Contractor to County.

I. County May Correct Defective Work:

1. If Vendor/Contractor fails within a reasonable time after written notice from County Designated Representative to correct defective work or to remove and replace rejected work as required by County Designated Representative in accordance with Paragraph F., or if Vendor/Contractor fails to perform the work in accordance with the contract documents, or if Vendor/Contractor fails to comply with any other provision of the Contract Documents, County may, after seven (7) days written notice to Vendor/Contractor, correct or remedy any such deficiency.
2. In exercising the rights and remedies under this paragraph, County shall proceed expeditiously. In connection with such corrective or remedial action, County may exclude Vendor/Contractor from all or part of the site, take possession of all or part of the work and suspend Vendor/Contractor's services related thereto, take possession of Vendor/Contractor's tools, appliances, construction equipment and machinery at the site, and incorporate in the work all materials and equipment stored at the site or for which County has paid Vendor/Contractor but which are stored elsewhere. Vendor/Contractor shall allow County, County's representatives, agents and employees, County's other Vendor/Contractors, and Engineer and Engineer's consultants access to the site to enable County to exercise the rights and remedies under this paragraph.
3. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred or sustained by County in exercising the rights and remedies under Paragraph I. will be charged against Vendor/Contractor, and a change order will be issued incorporating the necessary revisions in the Contract Documents with respect to the work; and County shall be entitled to an appropriate decrease in the contract price. If the parties are unable to agree as to the amount of the adjustment, County may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "CLAIMS. Such claims, costs, losses and damages will include but not be limited to all

costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Vendor/Contractor's defective work.

4. Vendor/Contractor shall not be allowed an extension of the contract times because of any delay in the performance of the work attributable to the exercise by County of County's rights and remedies under Paragraph I.

9.21. PAYMENTS TO CONTRACTOR AND COMPLETION

- A. Schedule of Values: The Schedule of Values established as provided in Section titled "STARTING THE WORK", paragraph A. 2. c. will serve as the basis for progress payments and will be incorporated into a form of application for payment acceptable to County Designated Representative. Progress payments on account of unit price work will be based on the number of units completed.
- B. Progress Payments:
 1. Application for Payments:
 - a. At least twenty (20) business days before the date established in the Contract for each progress payment (but not more often than once a month), Vendor/Contractor shall submit to County Designated Representative for review an application for payment filled out and signed by vendor/contractor covering the work completed as of the date of the application and accompanied by such supporting documentation as is required by the contract documents. If payment is requested on the basis of materials and equipment not incorporated in the work but delivered and suitably stored at the site or at another location agreed to in writing, the application for payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that County has received the materials and equipment all of which must be satisfactory to County.
 - b. Beginning with the second application for payment, each application shall include an affidavit of Vendor/Contractor stating that all previous progress payments received on account of the work have been applied on account to discharge Vendor/Contractor's legitimate obligations associated with prior applications for payment.
 - c. The amount of retainage with respect to progress payments will be as stipulated in Article 5.02 of the construction agreement.
 - d. All progress payments will be subject to withholding and payment of retainage as specified under the provisions of section 218.735, F.S. and as stipulated in the Contract Agreement attached herein. Payment requests will be processed within the time periods established by applicable provisions of the Florida Prompt Payment Act, Part VII, section 218.735, F.S.
 2. Review of Applications:

- a. County Designated Representative will, within five (5) business days after receipt of each application for payment, either indicate in writing a recommendation of payment and present the application to County or return the application to Vendor/Contractor indicating in writing County Designated Representative's reasons for refusing to recommend payment. In the latter case, Vendor/Contractor may make the necessary corrections and resubmit the application.
- b. County Designated Representative's recommendation of any payment requested in an application for payment will constitute a representation by County Designated Representative to County, based on County Designated Representative's observations on the site of the executed work as an experienced and qualified design professional and on County Designated Representative's review of the application for payment and the accompanying data and schedules, that to the best of County Designated Representative's knowledge, information and belief:
 - i. The work has progressed to the point indicated.
 - ii. The quality of the work is generally in accordance with the Contract Documents (subject to an evaluation of the work as a functioning whole prior to or upon substantial completion, to the results of any subsequent tests called for in the Contract Documents, to a final determination of quantities and classifications for unit price work under above Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK",, and to any other qualifications stated in the recommendation); and
 - iii. The conditions precedent to Vendor/Contractor's being entitled to such payment appear to have been fulfilled in so far as it is County Designated Representative's responsibility to observe the work.
- c. By recommending any such payment County Designated Representative will not thereby be deemed to have represented that:
 - i. Inspections made to check the quality or the quantity of the work as it has been performed have been exhaustive, extended to every aspect of the work in progress, or involved detailed inspections of the work beyond the responsibilities specifically assigned to County Designated Representative in the Contract Documents; or
 - ii. That there may not be other matters or issues between the parties that might entitle Vendor/Contractor to be paid additionally by County or entitle County to withhold payment to Vendor/Contractor.
- d. Neither County Designated Representative's review of Vendor/Contractor's work for the purposes of recommending payments nor County Designated Representative's

recommendation of any payment, including final payment, will impose responsibility on County Designated Representative:

- i. To supervise, direct, or control the work, or
 - ii. For the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or
 - iii. For Vendor/Contractor's failure to comply with laws and regulations applicable to Vendor/Contractor's performance of the work, or
 - iv. To make any examination to ascertain how or for what purposes Vendor/Contractor has used the moneys paid on account of the contract price, or
 - v. To determine that title to any of the work, materials, or equipment has passed to County free and clear of any liens.
- e. County Designated Representative may refuse to recommend the whole or any part of any payment if, in County Designated Representative's opinion, it would be incorrect to make the representations to County stated in Paragraph 2.b., above. County Designated Representative may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, revise or revoke any such payment recommendation previously made, to such extent as may be necessary in County Designated Representative's opinion to protect County from loss because:
- i. The work is defective, or completed work has been damaged, requiring correction or replacement.
 - ii. The contract price has been reduced by change orders.
 - iii. County has been required to correct defective work or complete work in accordance with above Paragraph titled "County May Correct Defective Work" in Section titled: "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK"; or
 - iv. County Designated Representative has actual knowledge of the occurrence of any of the events enumerated in below Paragraph titled "County May Terminate for Cause: " in Section titled: "TERMINATION AND SUSPENSION OF WORK".
3. Payment Becomes Due: The application for payment, and all of the required Federal and State submittals, with the County Designated Representative's recommendations will be presented to the County for consideration. If the County finds the application for payment acceptable, the recommended amount, less any reduction under the provisions of Paragraph B. 2. (in this section), will become due twenty-five (25) business days after the

application for payment is presented to the County, and the County will make payment to the Vendor/Contractor.

4. Payment to Vendor/Contractor by Electronic Payment Solution: ACH (Direct Deposit): If the Vendor/Contractor is enrolled in the County's ACH electronic payment solution, all payments will be made using the direct deposit which may or may not include a pre-note transaction. The Vendor/Contractor's bank account information will remain confidential to the extent provided by law and necessary to make direct deposit payments. Once the County has approved payment, an electronic remittance advice will be sent to the Vendor/Contractor via e-mail.
5. Reduction in Payment:
 - a. County may refuse to make payment of the full amount recommended by County Designated Representative because:
 - i. Claims have been made against County on account of Vendor/Contractor's performance or furnishing of the work.
 - ii. Liens have been filed in connection with the work, except where Vendor/Contractor has delivered a specific bond satisfactory to County to secure the satisfaction and discharge of such liens.
 - iii. The Vendor/Contractor's performance or furnishing of the work is inconsistent with funding agency requirements.
 - iv. There are other items entitling County to a set off against the amount recommended; or
 - v. County has actual knowledge of the occurrence of any of the events enumerated in Paragraphs B. 2. e. i. through B. 2. e. iii. (in this section) or below Paragraph titled "County May Terminate for Cause" in Section titled: "TERMINATION AND SUSPENSION OF WORK."
 - b. If County refuses to make payment of the full amount recommended by County Designated Representative, County will (in no case more than twenty (20) business days after receipt and twenty-five (25) business days for payment) give Vendor/Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and promptly pay Vendor/Contractor any amount remaining after deduction of the amount so withheld. County shall promptly pay Vendor/Contractor the amount so withheld, or any adjustment thereto agreed to by County and Vendor/Contractor, when Vendor/Contractor corrects to County's satisfaction the reasons for such action.

- c. If it is subsequently determined that County's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph B. 3. (in this section).
- d. No payments will be made that would deplete the retainage, place in escrow any funds that are required for retainage or invest the retainage for the benefit of the Vendor/Contractor.

C. Vendor/Contractor's Warranty of Title:

- 1. Vendor/Contractor warrants and guarantees that title to all work, materials, and equipment covered by any application for payment, whether incorporated in the project or not, will pass to County prior to the making of the application for payment, free and clear of all liens, claims, security interests and encumbrances; and that no work, materials or equipment covered by an application for payment will have been acquired by the Vendor/Contractor or by any other person performing the work at the site or furnishing materials and equipment for the project subject to an agreement under which an interest therein or encumbrance thereon is retained by the seller or otherwise imposed by the Vendor/Contractor or such other person.
- 2. In compliance with the above and as verification of the Vendor/Contractor's compliance with applicable provisions of the Florida Prompt Payment Act, Part VII, section 218.735, F.S., concerning payment to subcontractors and suppliers, the Vendor/Contractor, in addition to any other payment provisions set in this contract, shall prior to submission of the second application for payment, produce for the County evidence, in the form of releases of lien or subcontractor(s)/suppliers affidavits of payment received, that all subcontractors and suppliers have been paid any sum or sums then due within the time periods so specified. This reporting process shall be repeated following each succeeding payment to the Vendor/Contractor throughout the life of the Contract. A failure on the part of the Vendor/Contractor to provide the releases as required herein shall result in further progress or partial payments being withheld until the releases or payment affidavits are provided.

D. Partial Utilization:

- 1. Prior to Substantial Completion of all the work, County may use or occupy any substantially completed part of the work which has specifically been identified in the Contract Documents, or which County, County Designated Representative, and Vendor/Contractor agree constitutes a separately functioning and usable part of the work that can be used by County for its intended purpose without significant interference with Vendor/Contractor's performance of the remainder of the work, subject to the following conditions.
 - a. County at any time may request Vendor/Contractor in writing to permit County to use or occupy any such part of the work which County believes to be ready for its intended use and substantially complete. If and when Vendor/Contractor agrees that such part of

the work is substantially complete, Vendor/Contractor will certify to County and County Designated Representative that such part of the work is substantially complete and request County Designated Representative to issue a certificate of substantial completion for that part of the work.

- b. Vendor/Contractor at any time may notify County and County Designated Representative in writing that Vendor/Contractor considers any such part of the work ready for its intended use and is thus substantially complete and may request County Designated Representative to issue a certificate of substantial completion for that part of the work.
- c. Within a reasonable time after either such request, County, Vendor/Contractor, and County Designated Representative shall make an inspection of that part of the work to determine its status of completion. If County Designated Representative does not consider that part of the work to be substantially complete, County Designated Representative will notify County and Vendor/Contractor in writing giving the reasons, therefore. If County Designated Representative considers that part of the work to be substantially complete, the provisions stated herein will apply with respect to certification of Substantial Completion of that part of the work and the division of responsibility in respect thereof and access thereto.
- d. No use or occupancy or separate operation of part of the work may occur prior to compliance with the requirements of the contract documents regarding property insurance.

E. Substantial Completion:

- 1. When Vendor/Contractor considers the entire work ready for its intended use Vendor/Contractor shall notify County and County Designated Representative in writing that the entire work is substantially complete (except for items specifically listed by Vendor/Contractor as incomplete) and request that the County issue a certificate of substantial completion.
- 2. Promptly after Vendor/Contractor's notification, County, Agency, Vendor/Contractor, and County Designated Representative shall make a pre-final inspection of the work to determine the status of completion. If County Designated Representative does not consider the work substantially complete, County Designated Representative will notify Vendor/Contractor in writing giving the reasons, therefore.
- 3. If the County Designated Representative considers the work substantially complete, County Designated Representative will deliver to County a tentative certificate of substantial completion which shall fix the date of substantial completion. There shall be attached to the certificate a tentative list of items to be completed or corrected before final payment. County shall have seven (7) days after receipt of the tentative certificate during which to

make written objection to County Designated Representative as to any provisions of the certificate or attached list. If, after considering such objections, County Designated Representative concludes that the work is not substantially complete, County Designated Representative will within fourteen (14) days after submission of the tentative certificate to County notify Vendor/Contractor in writing, stating the reasons, therefore. If, after consideration of County's objections, County Designated Representative considers the work substantially complete, County Designated Representative will within said fourteen (14) days execute and deliver to County and Vendor/Contractor a definitive certificate of substantial completion (with a revised tentative list of items to be completed or corrected) reflecting such changes from the tentative certificate as County Designated Representative believes justified after consideration of any objections from County.

4. At the time of delivery of the tentative certificate of Substantial Completion, County Designated Representative will deliver to County and Vendor/Contractor a written recommendation as to division of responsibilities pending final payment between County and Vendor/Contractor with respect to security, operation, safety, and protection of the work, maintenance, heat, utilities, insurance, and warranties and guarantees. Unless County and Vendor/Contractor agree otherwise in writing and so inform County Designated Representative in writing prior to County Designated Representative's issuing the definitive certificate of substantial completion, County Designated Representative's aforesaid recommendation will be binding on County and Vendor/Contractor until final payment.
 5. County shall have the right to exclude Vendor/Contractor from the site after the date of Substantial Completion subject to allowing Vendor/Contractor reasonable access to complete or correct items on the tentative list.
- F. Final Inspection: Upon written notice from Vendor/Contractor that the entire work or an agreed portion thereof is complete, County Designated Representative will promptly make a final inspection with County, Agency, and Vendor/Contractor and will notify Vendor/Contractor in writing of all particulars in which this inspection reveals that the work is incomplete or defective. Vendor/Contractor shall immediately take such measures as are necessary to complete such work or remedy such deficiencies.

9.22. PAYMENTS TO CONTRACTOR AND COMPLETION (continued)

A. Final Payment:

1. Application for Payment:

- a. After Vendor/Contractor has, in the opinion of County Designated Representative, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the contract documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance certificates of inspection, marked up record documents, and other documents,

Vendor/Contractor may make application for final payment following the procedure for progress payments.

- b. The final application for payment shall be accompanied (except as previously delivered) by:
 - i. All documentation called for in the Contract Documents, including but not limited to the evidence of insurance required by above Section titled: "INSURANCE REQUIREMENTS";
 - ii. Consent of the surety, if any, to final payment.
 - iii. A list of all claims against County that Vendor/Contractor believes are unsettled; and
 - iv. Complete and legally effective releases or waivers (satisfactory to County) of all lien rights arising out of or liens filed in connection with the work.
 - c. In lieu of the releases or waivers of liens specified in above Paragraph A. 1. b. iv. and as approved by County, Vendor/Contractor may furnish receipts or releases in full and an affidavit of Vendor/Contractor that: (i) the releases and receipts include all labor, services, material, and equipment for which a lien could be filed; and (ii) all payrolls, material and equipment bills, and other indebtedness connected with the work for which County or County's property might in any way be responsible have been paid or otherwise satisfied. If any subcontractor or supplier fails to furnish such a release or receipt in full, Vendor/Contractor may furnish a bond or other collateral satisfactory to County to indemnify County against any lien.
2. County Designated Representative's Review of Application and Acceptance:
- a. If, on the basis of County Designated Representative's observation of the work during construction and final inspection, and County Designated Representative's review of the final application for payment and accompanying documentation as required by the Contract Documents, County Designated Representative is satisfied that the work has been completed and Vendor/Contractor's other obligations under the Contract Documents have been fulfilled, County Designated Representative will, within ten (10) days after receipt of the final application for payment, indicate in writing County Designated Representative's recommendation of payment and present the application for payment to County for payment. At the same time County Designated Representative will also give written notice to County and Vendor/Contractor that the work is acceptable to the provisions as described in above Paragraph A titled "Final Payment" (in this section). Otherwise, County Designated Representative will return the application for payment to Vendor/Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Vendor/Contractor shall make the necessary corrections and resubmit the application for payment.

3. Payment Becomes Due: After the presentation to County of the application for payment and accompanying documentation to include all of the required Federal and State submittals, the County will, within the time periods established by applicable provisions of the Florida Prompt Payment Act, Part VII, section 218.735, F.S., pay the Vendor/Contractor the amount recommended by County Designated Representative, less any sum County is entitled to set off against County Designated Representative's recommendation, including but not limited to liquidated damages.
- B. Final Completion Delayed: If, through no fault of Vendor/Contractor, final completion of the work is significantly delayed, and if County Designated Representative so confirms, County shall, upon receipt of vendor/contractor's final application for payment (for work fully completed and accepted) and recommendation of County Designated Representative, and without terminating the Contract, make payment of the balance due for that portion of the work fully completed and accepted. If the remaining balance to be held by County for work not fully completed or corrected is less than the retainage stipulated in the Contract, and if bonds have been furnished as required in above Section titled "PERFORMANCE AND PAYMENT BOND", the written consent of the surety to the payment of the balance due for that portion of the work fully completed and accepted shall be submitted by Vendor/Contractor to County Designated Representative with the application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims. The remaining balance of any sum included in the final application for payment but held by County for work not fully completed and accepted will become due when the work is fully completed and accepted.
- C. Waiver of Claims: The making and acceptance of final payment will constitute:
 1. Neither approval of any progress or final payment by the County, the issuance of Certificate of Completion, any payment by the County to the Vendor/Contractor under the contract documents, any use or occupancy of the work or any part thereof by the County, any act of

acceptance by the County, any failure to do so, nor any correction of defective work by the County shall constitute an acceptance of work not in accordance with the contract documents.

Failure to adequately cure the deficiency shall result in termination action. Such termination may also result in suspension or debarment of the Vendor/Contractor in accordance with the County's Procurement Ordinance. The Vendor/Contractor and its sureties (if any) shall be liable for any damage to the County resulting from the Vendor/Contractor's default of the contract. This liability includes any increased costs incurred by the County in completing contract performance.
3. In the event of termination by the County for any cause, the Vendor/Contractor will have, in no event, any claim against the County for lost profits or compensation for lost opportunities. After a receipt of a termination notice and except as otherwise directed by the County the Vendor/Contractor shall:

Examples of such causes include (1) acts of God or the public enemy, (2) acts of a government in its sovereign capacity, (3) fires, (4) floods, (5) epidemics, (6) strikes and (7) unusually severe weather.
- B. Termination for Convenience: The County, by written notice, may terminate this Contract, in whole or in part, when it is in the County's interest. If this Contract is terminated, the County shall be liable only for goods or services delivered and accepted. The county notice of termination may provide the Vendor/Contractor thirty (30) days prior notice before it becomes effective. A termination for convenience may apply to individual delivery orders, purchase orders or to the Contract in its entirety.
- C. Vendor/Contractor May Stop Work or Terminate:
1. If, through no act or fault of Vendor/Contractor, (i) the work is suspended for more than ninety (90) consecutive days by County or under an order of court or other public authority, or (ii) Engineer fails to act on any application for payment within thirty (30) days after it is submitted, or (iii) County fails for thirty (30) days to pay Vendor/Contractor any sum finally determined to be due, then Vendor/Contractor may, upon seven (7) days written notice to

- County and Engineer, and provided County or Engineer do not remedy such suspension or failure within that time, terminate the Contract and recover from County.
2. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an application for payment within thirty (30) days after it is submitted, or County has failed for thirty (30) days to pay Vendor/Contractor any sum finally determined to be due, Vendor/Contractor may, seven (7) days after written notice to County and Engineer, stop the work until payment is made of all such amounts due Vendor/Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Vendor/Contractor from making a claim as described in above Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "Claims", for an adjustment in contract price or contract times or otherwise for expenses or damage directly attributable to Vendor/Contractor's stopping the work as permitted by this paragraph.
- D. County May Suspend Work: County may suspend work at any time and without cause, for a period of not more than ninety (90) consecutive days by notice in writing to Vendor/Contractor and Engineer which will fix the date on which work will be resumed. Vendor/Contractor shall resume the work on the date so fixed. - E. County May Terminate for Cause:
1. The occurrence of any one (1) or more of the following events will justify termination for cause:
 - a. Vendor/Contractor's persistent failure to perform the work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule established under above Section titled "STARTING THE WORK" Paragraph A. 2. a. as adjusted from time to time pursuant to above Section titled "CONTRACTOR'S RESPONSIBILITY" Paragraph titled "Progress Schedule";
 - b. Vendor/Contractor's disregard of laws or regulations of any public body having jurisdiction.
 - c. Vendor/Contractor's disregard of the authority of Engineer; or
 - d. Vendor/Contractor's violation in any substantial way of any provisions of the Contract Documents.
 2. If one (1) or more of the events identified in above Paragraph E. 1. occur, County may, after giving Vendor/Contractor (and surety) seven (7) days written notice of its intent to terminate the services of Vendor/Contractor:

- a. In exercising the rights and remedies under above Section titled "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK" Paragraph titled "County May Correct Defective Work", County shall proceed expeditiously. In connection with such corrective or remedial action, County may exclude Vendor/Contractor from all or part of the site (without liability to Vendor/Contractor for trespass or conversion), take possession of all or part of the work and suspend Vendor/Contractor's services related thereto, take possession of Vendor/Contractor's tools, appliances, construction equipment and machinery at the site, and incorporate in the work all materials and equipment stored at the site or for which County has paid Vendor/Contractor but which are stored elsewhere. Vendor/Contractor shall allow County, County's representatives, agents and employees, County's other Vendor/Contractors, and Engineer and Engineer's consultants access to the site to enable County to exercise the rights and remedies under above Section titled "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK" Paragraph titled "County May Correct Defective Work".
 - b. Complete the work as County may deem expedient.
3. If County proceeds as provided in Paragraph E. 2 above, Vendor/Contractor shall not be entitled to receive any further payment until the work is completed. If the unpaid balance of the contract price exceeds all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by County arising out of or relating to completing the work, such excess will be paid to Vendor/Contractor. If such claims, costs, losses, and damages exceed such unpaid balance, Vendor/Contractor shall pay the difference to County. Such claims, costs, losses, and damages incurred by County will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a change order. When exercising any rights or remedies under this paragraph County shall not be required to obtain the lowest price for the work performed.
4. Notwithstanding above Paragraphs E. 2. and E. 3., Vendor/Contractor's services will not be terminated if Vendor/Contractor begins within seven (7) days of receipt of notice of intent to terminate to correct its failure to perform and proceeds diligently to cure such failure within no more than thirty (30) days of receipt of said notice.
5. Where Vendor/Contractor's services have been so terminated by County, the termination will not affect any rights or remedies of County against Vendor/Contractor then existing or which may thereafter accrue. Any retention or payment of moneys due Vendor/Contractor by County will not release Vendor/Contractor from liability.
6. If and to the extent that Vendor/Contractor has provided a Performance Bond under the provisions of above section, titled: "PERFORMANCE AND PAYMENT BOND", the termination procedures of that bond shall supersede the provisions of above Paragraphs E. 2. and E. 3.

F. Litigation:

1. Should the County be temporarily prohibited or enjoined from proceeding with the work herein contemplated, the Vendor/Contractor shall not be entitled to any claim or damages, or otherwise, nor may the Vendor/Contractor withdraw from the Contract except by and with the consent of the County. The Vendor/Contractor shall, however, be entitled to an extension of time for completion of the work equal to the time of such interruption or delay as determined and certified by the County Designated Representative.
2. If the County is permanently prohibited or enjoined from proceeding with the work herein contemplated, the County may terminate this Contract and pay the Vendor/Contractor a sum equal to all expenses legitimately incurred by him in connection with this work, plus ten percent (10%) of such expenses, less an amount equal to the sum of all partial payments previously made to the Vendor/Contractor. The sum thus computed shall be paid to the Vendor/Contractor within thirty (30) days after the County shall have terminated this Contract and the payment of said sum shall be payment in full for any and all liquidated damages for the termination of this Contract and shall constitute full settlement of all claims in connection with this Contract.

9.24. DISPUTE RESOLUTION

- A. County and Vendor/Contractor may mutually request mediation of any claim submitted to the County for a decision as provided in above Section titled "CHANGES IN THE WORK; CLAIMS:" Paragraph entitled "Claims" before such decision becomes final and binding. The mediation will be governed by the Construction Industry Mediation Rules of the American Arbitration Association in effect as of the effective date of the Agreement. The request for mediation shall be submitted in writing to the American Arbitration Association. Timely submission of the request shall stay the effect as described in said "Claims" Paragraph.
- B. County and Vendor/Contractor shall participate in the mediation process in good faith. The process shall be concluded within sixty (60) days of filing of the request. The date of termination of the mediation shall be determined by application of the mediation rules referenced above.
- C. If the claim is not resolved by mediation, Chief Procurement Officer's action or denial pursuant to above Section entitled "CHANGES IN THE WORK; CLAIMS" Paragraph titled "Execution of Change Orders" paragraph C. or Paragraph Titled "Notification of Surety" Paragraph D. shall become final and binding thirty (30) days after termination of the mediation unless, within that time period, County or Vendor/Contractor:

The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

D. Survival of Obligations: All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract Documents, as well as all continuing obligations indicated in the Contract Documents, will survive final payment, completion, and acceptance of the work or termination or completion of the Contract or termination of the services of Vendor/Contractor.

 - b. If County and Vendor/Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the contract price or contract times that should be allowed as a result of such other work, a claim may be made therefore as provided in above Section titled: "CHANGES IN THE WORK; CLAIMS" Paragraph titled: "Claims".
2. Vendor/Contractor shall afford other Vendor/Contractors who are a party to such a direct contract, each utility owner and County, if County is performing other work with County's employees, proper and safe access to the site, a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work and shall properly coordinate the work with theirs. Vendor/Contractor shall do all cutting, fitting, and patching of the work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Vendor/Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of County Designated Representative and the others whose work will be affected. The duties and responsibilities of Vendor/Contractor under this paragraph are for the benefit of such utility owners and other Vendor/Contractors to the extent that there are comparable provisions for the benefit of Vendor/Contractor in said direct contracts between County and such utility owners and other Vendor/Contractors.
3. If the proper execution or results of any part of Vendor/Contractor's work depends upon work performed by others under this section titled "OTHER WORK AT THE SITE", Vendor/Contractor shall inspect such other work and promptly report to County Designated Representative in writing any delays, defects, or deficiencies in such other work that render

it unavailable or unsuitable for the proper execution and results of Vendor/Contractor's work. Vendor/Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Vendor/Contractor's work except for latent defects and deficiencies in such other work.

B. Coordination:

1. If County intends to contract with others for the performance of other work on the project at the site, the following will be set forth in the Contract Documents:

The Vendor/Contractor shall have five (5) days from receipt of notice to refute the false certification allegation. If such false certification is discovered during the active contract term, the Vendor/Contractor shall have ninety (90) days following receipt of the notice to respond in writing and demonstrate that the determination of false certification was made in error. 10.1. CONTRACTOR PURCHASED EQUIPMENT FOR LOCAL OWNERSHIP – 23 CFR 140 and 49 CFR 18

Vendor/Contractor shall not purchase any equipment to be transferred to the ownership of either the State of Florida or Hernando County. "Equipment" means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.

10.2. DEBARMENT AND SUSPENSION: (2 CFR part 180 (Subpart C); 2 CFR part 1200

- A. Certificate Regarding Debarment and Suspension (Bidder Or Offeror): By submitting a bid/proposal under this solicitation, the Bidder or Offeror certifies that neither it nor its principals are presently debarred or suspended by any federal department or agency from participation in this transaction.
- B. Certification Regarding Debarment and Suspension (Successful Bidder Regarding Lower Tier Participants): The successful Bidder, by administering each lower tier subcontract that exceeds \$25,000 as a "covered transaction", must verify each lower tier participant of a "covered transaction" under the project is not presently debarred or otherwise disqualified from participation in this federally assisted project. The successful Bidder will accomplish this by:
 - 1. Checking the System for Award Management at website: <http://www.beta.sam.gov>
 - 2. Collecting a certification statement similar to the Certificate Regarding Debarment and Suspension (Bidder or Offeror), above.
 - 3. Inserting a clause or condition in the covered transaction with the lower tier contract
 - 4. If the FDOT later determines that a lower tier participant failed to disclose to a higher tier participant that it was excluded or disqualified at the time it entered the covered transaction, the FDOT may pursue any available remedies, including suspension and debarment of the non-compliant participant.

10.3. FOREIGN VENDOR/CONTRACTOR AND SUPPLIER RESTRICTION – 49 CFR 30: Applies to all Federal-aid construction projects. Proposal may not limit project to domestic-owned contractors only.

- A. Definitions. The definitions pertaining to this clause are those that are set forth in 49 CFR 30.7-30.9.
- B. General. This clause implements the procurement provisions contained in the Continuing Resolution on the Fiscal Year 1988 Budget, Public Law No. 100-202, and the Airport and Airway Safety and Capacity Expansion Act of 1987, Public Law No. 100-223.

- C. Restrictions. The Vendor/Contractor shall not knowingly enter into any Sub-Contract under this contract: (1) With a Sub-Contractor of a foreign country included on the list of countries that discriminate against U.S. firms published by the United States Trade Representative (U.S.T.R.); or (2) for the supply of any product for use on the Federal Public works project under this contract that is produced or manufactured in a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R.
- D. Certification. The Vendor/Contractor may rely upon the certification of a prospective Sub-Contractor that it is not a Sub-Contractor of a foreign country included on the list of countries that discriminates against U.S. firms published by the U.S.T.R. and that products supplied by such Sub-Contractor for use on the Federal public works project under this contract are not products of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R., unless the contractor has knowledge that the certification is erroneous.
- E. Erroneous certification. The certification in Paragraph (b) of the provision entitled “Restriction on Federal Public Works Projects—Certification,” is a material representation of fact upon which reliance was placed when making the award. If it is later determined that the Vendor/Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may cancel this contract for default at no cost to the Government.
- F. Cancellation. Unless the restrictions of this clause are waived as provided in Paragraph (e) of the provision entitled “Restriction on Federal Public Works Projects—Certification,” if the Vendor/Contractor knowingly enters into a Sub-Contract with a Sub-Contractor that is a Sub-Contractor of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R. or that supplies any product for use on the Federal public works project under this contract of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R., the Contracting Officer may cancel this contract for default, at no cost to the Government.
- G. Sub-Contracts. The Vendor/Contractor shall incorporate the clause found in 49 CFR 30.15, without modification, including this Paragraph (G.) in all Solicitations and Sub-Contracts under this contract. This project is partially funded with Federal aid Highway Program Funds, the only governmental applicable prohibition against contracting with scrutinized companies are the ones that are in accordance with the economic sanctions established by the US Department of State and the US Department of the Treasury.
- H. Proposal may not include the Florida orders on business with Syria, Cuba, Iran, Israel and Sudan.

10.4. [INCENTIVE/DISINCENTIVE CLAUSES – 23 CFR 635.127 \(d,f\)](#)

The Incentive/Disincentive clause is not applicable for this project.

10.5. INDIAN PREFERENCE ON FEDERAL AID PROJECTS – 23 CFR 635.117

This requirement is not applicable for this project.

10.6. COUNTY FORCE ACCOUNT/COST EFFECTIVE JUSTIFICATION – 23 CFR 635B UNDER 635.205

The County will be utilizing an independent contractor to perform the scope of work.

10.7. PATENTED PROPRIETARY MATERIALS – 23 CFR 635.411

Several requirements (e.g., use of a proprietary product, use of public equipment, or contract award based on other than competitive Bidding) may be waived under specific conditions if it is found to be in the public interest or cost effective. These findings should be used sparingly since such a determination is an acknowledgment that the needs of the public will be better met by not following the general rules. Since the general requirement addresses a specific issue or concern, waiving that requirement should be done only after careful consideration of the effect or precedent that will be set.

- A. The actual cost effectiveness / public interest finding will consist of a written document outlining the basis for the request and any supporting documentation such as a cost/benefit analysis; discussion of product compatibility; logistical concerns; etc.

The cost effectiveness / public interest finding can only be used if approved by FDOT and it is specified in Bid document.

10.8. PREQUALIFICATION – 23 CFR 635.110

The County shall certify that Florida DOT Pre-qualified Contractors will be used to perform LAP projects when on the NHS, SHS and Class C projects. However, when the project is on the NHS or SHS, and the contract is under \$250,000 then a pre-qualified contractor is not required, per FDOT Standard Specifications 2-1 Prequalification of Bidders.

- A. Non-NHS/SHS projects may use County pre-qualified contractors.
- B. This project is Non-NHS/SHS and is not a Class C project. Hernando County does not pre-qualify contractors for construction projects.

10.9. PUBLIC AGENCIES IN COMPETITION WITH THE PRIVATE SECTOR – 23 CFR 635.112(e)

No public agency shall be permitted to Bid in competition or to enter into Sub-Contracts with private contractors. A public agency is defined as any organization with administrative or functional responsibilities that are either directly or indirectly affiliated with a governmental body of any nation, state, or local jurisdiction.

10.10. PUBLICLY OWNED EQUIPMENT – 23 CFR 635.106

Hernando County does not permit the use of publicly owned equipment to compete with privately owned equipment on a project to be let to contract.

10.11.RESTRICTIONS ON MATERIALS 23 CFR 635.409

No requirement shall be imposed and no procedure shall be enforced by any state transportation department in connection with a project which may operate:

- A. To require the use of or provide a price differential in favor of articles or materials produced within the state, or otherwise to prohibit, restrict or discriminate against the use of articles or materials shipped from or prepared, made or produced in any state, territory or possession of the United States; or
- B. To prohibit, restrict or otherwise discriminate against the use of articles or materials of foreign origin to any greater extent than is permissible under policies of the Department of Transportation as evidenced by requirements and procedures prescribed by the FHWA Administrator to carry out such policies.

10.12.USE OF MATERIALS MADE AVAILABLE BY A PUBLIC AGENCY 23 CFR 635.407

- A. Contracts for highway projects shall require the contractor to furnish all materials to be incorporated in the work and shall permit the contractor to select the sources from which the materials are to be obtained. Exception to this requirement may be made when there is a definite finding by the State transportation department and concurred in by the FHWA Division Administrator, that it is in the public interest to require the contractor to use material furnished by the State transportation department or from sources designated by the State transportation department. In cases such as this, the FHWA does not expect mutual sharing of costs unless the State transportation department receives a related credit from another agency or political subdivision of the State. Where such a credit does accrue to the State transportation department, it shall be applied to the Federal-aid project involved. The designation of a mandatory material source may be permitted based on environmental considerations, provided the environment would be substantially enhanced without excessive cost. Otherwise, if a State transportation department proposal to designate a material source for mandatory use would result in higher project costs, Federal-aid funds shall not participate in the increase even if the designation would conserve other public funds.
- B. The provisions of paragraph (a) of this section will not preclude the designation in the plans and specifications of sources of local natural materials, such as borrow aggregates, that have been investigated by the State transportation department and found to contain materials meeting specification requirements. The use of materials from such designated sources shall not be mandatory unless there is a finding of public interest as stated in paragraph (a) of this section.
- C. Federal funds may participate in the cost of specifications materials made available by a public agency when they have been actually incorporated in accepted items of work, or in the cost of such materials meeting the criteria and stockpiled at the locations specified in § 635.114 of this chapter.

- D. To be eligible for Federal participation in its cost, any material, other than local natural materials, to be purchased by the State transportation department and furnished to the contractor for mandatory use in the project, must have been acquired on the basis of competitive bidding, except when there is a finding of public interest justifying the use of another method of acquisition. The location and unit price at which such material will be available to the contractor must be stated in the special provisions for the benefit of all prospective bidders. The unit cost eligible for Federation participation will be limited to the unit cost of such material to the State transportation department.
- E. When the State transportation department or another public agency owns or has control over the source of a local natural material the unit price at which such material will be made available to the contractor must be stated in the plans or special provisions. Federal participation will be limited to
 - 1. the cost of the material to the State transportation department or other public agency; or
 - 2. the fair and reasonable value of the material, whichever is less. Special cases may arise that will justify Federal participation on a basis other than that set forth above. Such cases should be fully documented and receive advance approval by the FHWA Division Administrator.
- F. Costs incurred by the State transportation department or other public agency for acquiring a designated source or the right to take materials from it will not be eligible for Federal participation if the source is not used by the contractor.
- G. The contract provisions for one or a combination of Federal-aid projects shall not specify a mandatory site for the disposal of surplus excavated materials unless there is a finding by the State transportation department with the concurrence of the FHWA Division Administrator that such placement is the most economical except that the designation of a mandatory site may be permitted based on environmental considerations, provided the environment would be substantially enhanced without excessive cost.

10.13. EQUIPMENT RENTAL RATES – 23 CFR 635.120 AND 48 CFR 31

For any work proposed to be performed by equipment-rental Agreement, Vendor/Contractor shall notify the Engineer in writing of such intention before using the rented equipment, and indicate whether the equipment will be rented on an operated or non-operated basis. Include with the written notice a listing and description of the equipment and a description of the particular work to be performed with such equipment. As an exception to the above requirements, the County will not require written notice for equipment to be rented (without operators) from an equipment dealer or from a firm whose principal business is the renting or leasing of equipment.

- A. The operators of all rented equipment, whether rented on an operated or a non-operated basis are operators are subject to all wage rate requirements applicable to the project. When renting equipment without operators, the Vendor/Contractor shall carry the operators on his own

payroll. For equipment that is rented on an operated basis, and when required by the Contract or requested by the Engineer, Vendor/Contractor shall furnish payrolls from the lessor with the names of the operators shown thereon.

- B. When a lessor provides rentals of equipment on an operated basis that exceed \$10,000, such lessor is subject to any Equal Employment Opportunity requirements that are applicable to the project.

10.14.CONFLICT OF INTEREST

Neither Hernando County nor any of its contractors or their subcontractors shall enter into any contract, subcontract or arrangement in connection with the Project or any property included or planned to be included in the Project in which any member, officer or employee of Hernando County or the locality during tenure or for 2 years thereafter has any interest, direct or indirect. If any such present or former member, officer or employee involuntarily acquires or had acquired prior to the beginning of tenure any such interest, and if such interest is immediately disclosed to Hernando County, Hernando County, with prior approval of the Department, may waive the prohibition contained in this paragraph provided that any such present member, officer or employee shall not participate in any action by Hernando County or the locality relating to such contract, subcontract or arrangement. Hernando shall insert in all contracts entered into in connection with the Project or any property included or planned to be included in any Project, and shall require its contractors to insert in each of their subcontracts, the following provision:

- A. "No member, officer or employee of the Recipient or of the locality during his tenure or for 2 years thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."
- B. The provisions of this paragraph shall not be applicable to any agreement between Hernando County and its fiscal depositories or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

10.15.DOMESTIC PREFERENCES FOR PROCUREMENTS 2 CFR 200.322

The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.
- B. For purposes of this section:
 - 1. "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - 2. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as

polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

10.17. [PROCUREMENT OF RECOVERED MATERIALS 2 CFR 200.323](#)

A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at [40 CFR part 247](#) that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

10.18. [EQUAL EMPLOYMENT OPPORTUNITY \(EEO\) 2 CFR 200, Appendix II\(C\), 41 CFR § 60-4.1, Executive Order 11246](#)

Federally assisted construction contracts.

(1) Except as otherwise provided, each administering agency shall require the inclusion of the following language as a condition of any grant, contract, loan, insurance, or guarantee involving federally assisted construction which is not exempt from the requirements of the equal opportunity clause:

The County hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at [41 CFR Chapter 60](#), which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, the following equal opportunity clause:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*,

That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

13.2. DBE

OVERALL FDOT DBE GOALS:

FDOT is required to set overall DBE goals every three (3) years. The overall race neutral program FDOT DBE goal is **10.67%, effective October 1, 2023** FDOT aspires to spend 10.67% of FHWA funds on projects with Certified DBEs as prime Contractors/Sub-Contractors and prime Consultants/Sub-Consultants. ***The goal is not a Contractual requirement and neither FDOT nor Local Agencies in the LAP program may take sanctions or other punitive actions for failure of Contractor(s) to meet the 10.67% goal.*** However, FDOT strongly encourages Vendor/Contractors to seek out, solicit Bids/Quotes and use DBEs wherever possible, and it expects Local Agencies in LAP do likewise.

BID OPPORTUNITY DATA COLLECTION:

In order to ensure that the DBE program is narrowly tailored in compliance with **49 CFR 26.45** and applicable Supreme Court decision(s), FDOT must maintain a statewide database of all firms that are participating or attempting to participate in FHWA-assisted Contracts. The list must include all firms that Bid on prime Contracts or Bid or Quote Sub-Contracts on FHWA-assisted projects, including both DBEs and non-DBEs. The ***Bid Opportunity List*** is used to record Bidders' information for all Sub-Contractors or Sub-Consultants who submitted Bids to primes. **All Vendor/Contractors must enter their Bid opportunity information in the Equal Opportunity Compliance (EOC) System within three (3) business days of submission of the Bid or Proposal for all Sub-Contractors or Sub-Consultants who Quoted Bids for FHWA-assisted projects.** The link to the EOC system is located in ***Chapter 1 Section 1.4, Directory of Compliance Websites & Addresses***. For further information reference the DBE Bid package information and Form 275-030-11. **Failure of Bidders to enter Bid Opportunity List information is a violation of 49 C.F.R. 26.11 and grounds for compliance actions up to and including withholding of progress payments.**

ANTICIPATED DBE PARTICIPATION OR COMMITMENTS:

The Prime Vendor/Contractor is required to enter anticipated DBE utilization data in the EOC System at or before the Pre-Construction Conference. The anticipated DBE participation is also known as

“commitments” and would also be reflected on the Certificate of Sublet work submitted by the prime Vendor/Contractor. The data includes:

- A. DBE company name,
- B. specialty code/North American Industry Classification System (NAICS) code identifying work to be performed, and
- C. the total Contract amount.

In addition, prime Vendor/Contractors are required to promptly update the EOC System whenever DBEs are added or removed from the Certificate of Sublet Work, or when utilization changes. Even when DBEs are not used on a project, the prime Vendor/Contractor is still responsible for reporting zero DBE utilization in the EOC System. Prime Vendor/Contractors who are certified DBEs must report the portion of the Contract which will be performed directly by them with their own workforces. Other DBE Sub-Contractors that the DBE prime Vendor/Contractor anticipates using must also be reported.

PAYMENTS TO DBEs:

The Prime Vendor/Contractor reports data on actual payments, minority status, and the type of work of all Sub-Contractors and major suppliers **monthly** in the EOC System. Included in the reporting are monies paid from each monthly pay application to each DBE for the work performed in their certified area(s). If no payment is made to a DBE, the Prime must report a zero-dollar payment. The Prime must continue monthly reporting in the EOC System until such time that the DBE has been ‘finalized or closed out’ of the project.

PROMPT PAYMENT:

Monthly actual payment reporting requirements for prime Vendor/Contractors and Consultants are based on prompt payment rules and laws. The same holds true for return of retainage after the Sub-Contractor has completed its work, not when the overall project is finished. Florida Law requires timely payment for both construction and nonconstruction services. Generally, invoices for construction Contracts must be paid within twenty-five (25) days of receipt. Invoices for Consultant Contracts are payable per the Contract terms, but shall not exceed federal regulations in **49 CFR 26.29** that requires payment of all Sub-Contractors for satisfactory performance within thirty (30) days of payment to the Prime.
