Has a minimum roof pitch of 3 on 12; and e. Has roof materials of either shingles or tile*

***FINDINGS***

**OF FACT:** ALL of the facts and conditions presented to the BOCC in connection with the public hearing in this matter are incorporated herein by reference and made a material part of this Resolution as integral to the BOCC's action. The BOCC finds that the testimony and record supporting denial of the requested dimensional variance to be credible and to constitute competent substantial evidence. In further support thereof, the BOCC makes the following specific.

**FINDINGS OF FACT:**

1. The requested dimensional variance **does not** satisfy ALL of the following prerequisites set forth in Appendix A, Article V, Section 3, Hernando County Code of Ordinances:
  - (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district.
  - (b) That the special conditions and circumstances do not result from the actions of the applicant.
  - (c) That granting the variance requested will not confer on the applicant any special privilege that is denied by this ordinance to other lands, buildings, or structures in the same zoning district;
  - (d) That literal interpretation of the provisions of the ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the ordinance and would work unnecessary and undue hardship on the applicant
  - (e) That the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;
  - (f) That the granting of the variance will not be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare *The detached accessory building shall be no more than four hundred (400) square feet in size. And vii. One detached garage, in addition to the detached building provided for in item, vi. above, d. Has a minimum roof pitch of 3 on 12; and e. Has roof materials of either shingles or tile;*
2. The requested dimensional variance is not consistent with the County's adopted Comprehensive Plan and land development regulations.

**CONCLUSIONS  
OF LAW:**

The BOCC is authorized to act on this matter pursuant to Chapters 125 and 163, *Fla. Stat.*, and Appendix A, Article V, Section 3, Hernando County Code of Ordinances. Accordingly, after public hearing and testimony, being fully advised in the record, and based upon competent substantial evidence, the BOCC makes the following specific conclusions of law:

1. The requested **DIMENSIONAL VARIANCE** is not consistent with the County's adopted Comprehensive Plan and land development

regulations, subject to all conditions made a part of the public hearing in this matter and which conditions are incorporated herein by reference.

**ACTION:** After notice and public hearing, based upon the record in this matter and **ALL** of the findings of fact and conclusions of law above, the BOCC hereby denies the requested variance.

**ADOPTED IN REGULAR SESSION THE 9<sup>th</sup> DAY OF April, 2024.**
