CAUTION: This email originated from outside the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

You should have received a solicitation notice from Central Office regarding an off-cycle opportunity to apply for additional Section 5311 funding.

As a reminder:

- **Application Deadline:** Friday, November 21, 2025
- **Project Selection Notice:** Week of January 19, 2026

Additional Information:

- The application process is via **TransCIP**.
- Project eligibility includes **capital and operating** projects.
- Awarded **capital projects** will be provided **toll revenue credit** as soft match.
- **New Board Resolutions** are required. They do *not* have to be signed at the time of application but **must be executed** by the time project selection is underway and will be required to finalize the PTGA if your project is selected by Central Office.

Please note that this opportunity is **in addition to** the Section 5311 funds approved in the **POP approval letter** sent to you yesterday.

Best,

María DeJesús
