**SECTION 7.** All final plans, documents, reports, studies, and other data prepared by the Professional will bear the endorsement of a person in the full employ of the Professional and duly registered in the appropriate professional category.

a) After the County's acceptance of final plans and documents, the Professional shall provide to the County a reproducible form of the Professional's drawings, tracings, plans, and maps. - b) If the County requires termination of the Agreement for reasons other than unsatisfactory performance of the Professional, the County shall notify the Professional of such termination and specify the state of work at which time the Agreement is to be terminated, and the Professional shall be entitled to receive payment for all work reasonably, satisfactorily performed hereunder through the date of termination. An allowance for satisfactory work in progress but not yet completed shall be made.
- c) If the Agreement is terminated before performance is completed, the Professional shall be paid for work satisfactorily performed. Payment is to be on the basis of substantiated costs, not to exceed the percentage of the work performed.

**SECTION 13.** Adjustment of compensation and Contract time because of any major changes in the work that may become necessary or desirable as the work progresses shall be left to the County's absolute discretion. The parties shall commit such adjustment to a written supplemental agreement.

### Project Understanding

Hernando County ("County") was awarded a Safe Streets and Roads for All (SS4A) Action Plan Grant in 2023. The County is seeking to develop an Action Plan to identify potential lower cost, high impact strategies that will improve roadway user safety within the entire County. According to the schedule in the grant agreement, the County intends to have a complete Action Plan by February 2025, with adoption by April 2025. Kimley-Horn ("Consultant") proposes the following scope of services to the County, consistent with the SS4A Action Plan components detailed by the Federal Highway Administration (FHWA).

### Scope of Services

#### Task 1: Project Management and Administration

- **Kick-off Meeting:** The Consultant will arrange for an in-person kick-off meeting with up to four (4) Consultant staff and the County Project Manager and project team. This meeting will serve to clarify the lines of communication and other administrative details.
- **Project Management Meetings:** The Consultant will conduct project management and status meetings with County Staff on a monthly basis (up to eighteen (18) meetings) to discuss work in progress, work completed, and compliance with the delivery schedule. The project management meetings are anticipated to be completed as 1-hour in-person (4 meetings) or virtual meetings (14 meetings). Meeting minutes documenting the decisions made and action items will be prepared by the Consultant and submitted to the attending parties.
- **Project Schedule:** The Consultant will prepare and provide a project schedule showing project meetings, project deliverables, and the major milestones required by the County. The schedule shall be updated on a quarterly basis or when necessary due to significant changes in scheduled dates.
- **Invoicing and Progress Reports:** The Consultant will provide a project progress report which includes a schedule update. The monthly progress report shall be submitted to the County Project Manager. The CONSULTANT will submit progress reports with invoices in accordance with Hernando County's policies, procedures, and requirements.

#### *Task 1 Deliverables:*

#### Task 2: Zero Fatalities Goal

- **Best Practice Review:** The Consultant will conduct research on best practices in Zero Fatalities goal setting related to Hernando County's context.
- **Presentation and Resolution:** The Consultant will prepare a presentation of data and draft a Resolution establishing the zero fatalities goal to present to the County Commission for adoption for Hernando County. Based on review by County Commission and County Staff, the Consultant will develop an updated final Resolution (as required for an SS4A Safety Action Plan). The Consultant will attend up to one (1) Commission Meeting to present the Resolution.

*Task 2 Deliverables:*

- *Zero Fatalities Goal Presentation, and draft and final Resolution document.*

**Task 3: Safety Analysis**

- **Data Collection:** The Consultant will perform a safety analysis based on an evaluation of 5-year crash history for the County. Crash data will be obtained from Signal Four Analytics. Collection and a full review of crash data reports is considered additional services. Geospatial data will also be collected including readily available data for the roadway network, sidewalk and bike network, signalized intersections, school locations, points of interest, and activity-based travel demand.
- **Crash Trend Analysis:** The Consultant will analyze the crash data to demonstrate historical trends with respect to contributing factors and emphasis areas including but not limited to crash type, time of day, weather conditions, age of road user, and roadway characteristics. Crash trends will also be organized by roadway owner and maintaining agency (i.e., Hernando County, FDOT, etc.). The Consultant will review readily available past studies related to high crash areas and safety recommendations. The crash trend analysis will be summarized in tabular and graphical formats.
- **Safety Benefits:** Based on the crash and contributing factor trends, the Consultant will identify potential mitigation measures for the emphasis areas. The Consultant will identify the safety benefits of the mitigation measures based on methodologies in the Highway Safety Manual, including crash reduction factors, guidance from the Florida Strategic Highway Safety Plan (SHSP), and the FHWA Safe System Approach principles. The mitigation measures and estimated safety benefits will be documented in a Technical Memorandum for later inclusion in the final Action Plan.

*Task 3 Deliverables:*

**Task 4: Engagement with the Public and Stakeholders**

- **Public Engagement Events:** The Consultant will prepare for and conduct ten (10) in-person public information/engagement events (two (2) events will be held in each commission district). It is anticipated that events will be held at two phases during the development of the Action Plan – (1) to present the safety analysis findings in Task 3, solicit stakeholder and community goals and priorities, and (2) to present the projects and findings established in Task 7 and review a draft of the Action Plan before adoption. The in-person events are anticipated to be held in coordination with existing district/community/neighborhood events. The County will be responsible with noticing, scheduling, and coordinating space for the events.

The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the DOT. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

8. **PATENT RIGHTS AND RIGHTS IN DATA** 2 C.F.R. part 200, Appendix II (F); 37 C.F.R. part 401

*The Patent Rights and Rights in Data requirements flow down to all third-party contractors and their contracts at every tier that meet the definition of a research-type project under 37 C.F.R. part 401.2.*

As such, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of this Contract. The Contractor shall grant Hernando County intellectual property access and licenses deemed necessary for the work performed under this Agreement and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by U.S. DOT. The terms of an intellectual property agreement and software license rights will be finalized prior to execution of this Agreement and shall, at a minimum, include the following restrictions: Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of DOT, until such time as DOT may have either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution. For purposes of this agreement, the term "subject data" means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of "subject data" include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

1. The Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for “Federal Government Purposes,” any subject data or copyright described below. For “Federal Government Purposes,” means use only for the direct purposes of the Federal Government. Without the copyright owner’s consent, the Federal Government may not extend its Federal license to any other party.
  - a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and
  - b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the DOT.
2. Unless DOT determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit DOT to make available to the public, either DOT’s license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.
3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.
4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.
5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.
6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the DOT assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
- B. The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by DOT under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Contractor, to the extent the Federal Government deems appropriate.
- C. The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by DOT. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms "company-owned" and "company-leased" refer to vehicles owned or leased either by the Contractor or Hernando County.
- B. Distracted Driving. The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

**11. TERMINATION** 2 C.F.R. part 200.339; 2 C.F.R. part 200 Appendix II(B)

- A. Termination for Convenience (Professional Contracts). Hernando County, by written notice, may terminate this contract, in whole or in part, when it is in Hernando County's interest. If this contract is terminated,

Hernando County shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

B. Termination for Default (Service).

1. If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, Hernando County may terminate this contract for default. Hernando County shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.
2. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor as not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Hernando County.

- C. Waiver of Remedies for any Breach. In the event that Hernando County elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by Hernando County shall not limit Hernando County's remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

12. **VIOLATION AND BREACH OF CONTRACT** 2 C.F.R. part 200.326; 2 C.F.R. part 200 Appendix II(A)

*The Violations and Breach of Contracts clause flow down to all third-party contractors and their contracts at every tier.*

- A. Rights and Remedies of Hernando County. Hernando County shall have the following rights in the event that Hernando County deems the Contractor guilty of a breach of any term under the Contract.
1. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;
  2. The right to cancel this Contract as to any or all of the work yet to be performed;
  3. The right to specific performance, an injunction or any other appropriate equitable remedy; and

- B. Rights and Remedies of Contractor. Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this Contract, which may be committed by Hernando County, the Contractor expressly agrees that no default, act or omission of Hernando County shall constitute a material breach of this Contract, entitling Contractor to cancel or rescind the Contract (unless Hernando County directs Contractor to do so) or to suspend or abandon performance.

A. During the performance of this contract, the contractor agrees as follows:

1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
2. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
3. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
4. The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
5. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
6. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
8. The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

15. **DISADVANTAGED BUSINESS ENTERPRISE (DBE)** 49 C.F.R. part 26

*The DBE contracting requirements flow down to all third-party contractors and their contracts at every tier. It is the recipient's and prime contractor's responsibility to ensure the DBE requirements are applied across the board to all subrecipients/contractors/subcontractors. Should a subcontractor fail to comply with the DBE regulations, DOT would look to the recipient to make sure it intervenes to monitor compliance. Should a subcontractor fail to comply with the DBE regulations, DOT would look to Hernando County to make sure it intervenes to monitor compliance.*

- A. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
  1. Withholding monthly progress payments;
  2. Assessing sanctions;
  3. Liquidated damages; and/or
  4. Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. part 26.13(b).
- B. Prime contractors are required to pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment Hernando County makes to the prime contractor. 49 C.F.R. part 26.29(a)
- C. Finally, for contracts with defined DBE contract goals, each DOT Recipient must include in each prime contract a provision stating that the contractor shall utilize the specific DBEs listed unless the contractor obtains Hernando County's written consent; and that, unless Hernando County's consent is provided, the

contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. part 26.53(f)(1).

- D. It is the policy of Hernando County and the United States Department of Transportation (“DOT”) that Disadvantaged Business Enterprises (“DBE’s”), as defined herein and in the Federal regulations published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT assisted contracts.

16. **GOOD FAITH EFFORTS**

- A. The Bidder or Proposer shall demonstrate the good faith efforts. Failure to include all requested information shall result in the Bid or Proposal being determined as nonresponsive to the DBE requirements.
- B. Hernando County will consider the Bidder’s/Proposer’s documented good faith efforts in determining responsiveness.
