APPLICANT'S REQUEST

The applicant is requesting approval to place a second residence on their property, specifically an RV where caregiver could reside, due to medical hardship. The temporary dwell unit being proposed as the second residence is strictly limited to medical hardship and must be removed after two years or when hardship ceases to exist.

NOTICE OF APPLICANT RESPONSIBILITY

The conditional use permit process is a land use determination and does not constitute a permit for either construction, or use of, the property, or a Certificate of Concurrency. Prior to use of, or construction on, the property, the petitioner must receive approval from the appropriate County department(s) for the proposed use.

The granting of this land use determination does not protect the owner from civil liability for recorded deed restrictions which may exceed any county land use ordinances. Homeowner associations or architectural review committees require submission of plans for review and approval. The applicant for this land use request should contact the local association or the Public Records for all restrictions applicable to this property.
