Re: Titles for Temporary Housing Unit Project

Hernando County is processing the transfer of Temporary Housing Unit (Travel Trailers) from ownership of the Florida Department of Emergency Management to Hernando County Government.

These units are in storage awaiting to be issued to qualified survivors of Hurricane Milton.

Hernando County understands that the titling of these units is for the purpose of transferring the units to the qualified survivors. It is also understood that if the units are used for any other purpose that the application for a tag will be required.

Upon issuance to the qualified survivor(s), the receiving party will be informed of the requirement to have a tag issued upon final title transfer.

Total number of units: 49

Listing of Trailer VINs:
