Good morning:

As we have discussed previously, we need to get AIP 2721, the Runway Rehabilitation grant, closed out as soon as possible. Per your quarterly reports, the FAA portion of the work has been substantially complete for some time. As you know, the FAA is not funding the localizer portion of the project, and we cannot leave this grant open until that is complete. There hasn't been any activity on drawing down on this grant in some time. I believe our portion is complete, and would like to close it out.

Would you please provide me with a closeout package as soon as possible.

Thank you.
