Narrative Description of the Request

This request is for a special use permit in Hernando County, Florida for my property at 23099 Mizell Rd Brooksville FL, 34602. Following the format from the Instruction and Application Package Conditional Use and Special Exception Use Permit Petition our answers are below.

- A. Proposed use and its relation to the parcel of the property
 - a. I, Steven and Christina Berry, request a special use permit to use a portion of our 20-acre parcel for a wedding barn/venue. The special use permit we are asking for is to use a portion of our property, approximately 5 acres, to host weddings during a few months out of the year as they are seasonal events typically during the fall-spring months. We intend on hosting approximately 10-15 events during these seasonal months. The existing structure we intend to use in relation to the property is the building on the west side of the property.
- B. Existing and future structures
 - a. The plan is to use the existing wooden pole barn on the west side of the property for this special use permit. We also intend to use the surrounding area, within the designated area outlined in the site plan if need be, for things such as canopies/tents, mobile bathrooms, etc...The existing barn currently has running water, (1) bathroom\apartment area, fire suppression devices aka fire extinguishers hung throughout the building and (3) garage doors around the sides for fire escape.
- C. Access and Parking
 - a. Access is granted to the property by way of Culbreath Rd and then our private paved road, Mizell Rd which is where the address\parcel is. This is where parking will be, which will be a sectioned off area of an empty grass pasture designated for parking. The area identified will be approx. 50' x 80' which could hold approx. 20-30 cars where the ability to expand is there if need be as there is a lot of vacant land around. Additional paved spots are asphalted next to the barn currently for handicap access if need be. No more than 30 trips per event will take place.
- D. If applicable, hours of operation and number of employees
 - a. Hours of operation will be throughout the week and weekends no later than 10pm during the seasonal hours. Throughout the week it will consist of customers setting up and tours for potential customers whereas the weekends will be for the actual events. The times for these activities will be 9am-10pm. No employees will be required as we, the homeowners, are going to run\manage the events. There will be vetted individuals including services such as catering, music, photography etc.. In regard to the maximum number of attendees we are limiting the number to 50 people per event.
