## **Measurement Procedure for Proper Fit**

### **1. Coats:**

- **Lengths:** Available: 28", 30", 32" & 34".
  - When DDNP is selected, it will add app. 5" to rear length of coat.
- **Chest Sizes:** Available in 36", 38", 40", 42", 44", 46", 48", 50", 52" & 54".
  - Sizes over 56" will be subjected to a 25% upcharge per coat.
- **Sleeve Lengths:** Available in 28", 30", 32", 34" & 36" lengths.
- **Shoulder:** Standard shoulder is graded according to chest size.

### **2. Pants:**

- **Inseam:** Available in 28", 30", 32", 34", 36" & 38".
- **Waist Sizes:** Available in 32", 34", 36", 38", 40", 42", 44", 46", 48" & 50".
  - Sizes over 52" will be subjected to a 25% upcharge per pant.
- **Crotch Rise:** Standard rise is graded according to the waist size.

Any non-proportional or unusual body dimensions should be noted on your order so our cutting room may make the necessary allowances (i.e.: pear shaped hips, larger thighs or larger biceps).

Please call our Customer Service Department for assistance with any fit challenges.

### **Creating a product number**

Color abbreviations are provided for materials where applicable. It's essential to understand that fabric manufacturers may use different terminology to describe colors. For instance, what is labeled as "Dark Navy" by one manufacturer might be considered "BLACK" by another. If there is any uncertainty about the color of the selected fabric, please do not hesitate to inquire.

Please be aware that fabric color options and availability may undergo changes without prior notice. It is advisable to verify the current status if there is any doubt. As our developments progress, new fabrics may be introduced, and others may be discontinued. For the latest updates, kindly consult with your regional manager or contact our customer service.

### **Please note:**

That due to the expenses associated with yearly NFPA fabric certifications, our product listings may only include a select number of fabric combinations. However, we want to assure our customers that we have the capability to utilize any combination listed on the NFPA UL Datashare files.

The NFPA UL Datashare files provide a comprehensive repository of certified fabric combinations, and we are committed to accommodating your specific needs. If you require a fabric combination that is not currently listed on our product pages, please feel free to reach out to our customer support team. We will work diligently to ensure that your desired fabric combination meets the necessary UL certification standards.
