What date will my case be presented to the board? I want to make sure that I am there if the board has any questions for me?

I just want the Hernando County Board of County Commissioners to know that when I plead nolo contendere on my case on July 17, 2012 and was sentenced to six months in the Hernando County Jail

"I was not informed by the public defender's office that the Judge was going to come after I plead out and was sentenced and sign a civil restitution lien order for cost of incarceration on me on August 22, 2012. If I would have known that the civil lien was going to be put on me, I could have taken this case to trial and won and not had to pay anything for cost of incarceration. The Hernando County Public Defender's office failed me by not informing me of these civil restitution lien orders for cost of incarceration. I did not know that this lien was going to be put on me".

I don't think this is fair of the Public Defender's Office to not inform me of this major lien that would be put on me before I plead out. I was assigned to Ray Shaw he got sick and then came in David Bauer on the day of court. I did not even have any legal counsel until 5 minutes before I was due to see Judge Merritt.

The fact of the matter is I was not informed of the civil restitution lien order for cost of incarceration. If I would have known of this, I would have taken this case to trial and won. This would have impacted the way I would have gone with the outcome of my case. You

can look at my court case 2011 CF 1793 and see that I was never made aware of this civil restitution lien until August 22, 2012. I resolved this case on July 17, 2012.

I am asking that the board please forgive this balance of \$9,000 plus interest and give me the satisfaction of lien paperwork, reduce this balance, and/or let me work it off with community service hours to the board of county commissioners or the Hernando County Government please so I can move on with my life. Just because I am labeled a Felon does not mean that I am a bad person and don't deserve to be informed in my own legal case.

Thank you and Best Regards,
Timothy D. Martin

I have a financial hardship and am not able to pay at all on this Civil Restitution Lien order. I get Social Security Disability each month (914.00) and after my monthly bills I am not able to pay on this restitution order. I also help care for a good friend of mine on a daily basis that has intellectual disabilities.

I recently applied for Clemency to restore my civil rights and for the third time was denied because of this restitution lien order for cost of incarceration. Will the board please allow me to do Community Service to Hernando County or to The Board to satisfy this lien or forgive this lien balance in full. I have not had any legal trouble since 2012 and am now a productive citizen here in Hernando County.

Since 2013 I have had great encounters with John Allocco, Jeff Holcomb, and Steve Champion all throughout Hernando County with events such as Operation backpack and American Pawn etc.. I love and cherish living in beautiful Hernando County and need my civil rights restored so I can put this behind me but my financial hardship will not allow me to pay on this restitution lien order. Is there anyway the County Attorney and The Hernando County Board of Commissioners can help me.

Thanks for your time and consideration on this matter
