NARRATIVE
FOR
Oronzo Commercial
Rezoning
June 2022

Received

JUN 01 2022

Planning Department
Hernando County, Florida

Project Location: The property in question is 1.87 acres. The property is located on the west side of US 41 just South of the Brooksville Christian Church and north of the Sail Inn..

Project Key: 201454

Present Zoning: The land is presently zoned PDP (OP).

Present Land use: The land is currently designated as Commercial.

Desired Zoning: The applicant is desirous to rezone the property to PDP(GHC).

Summary of Request: The applicant is desirous to rezone the property to PDP(GHC) to allow the use of the property for general commercial uses. This would allow the owner to utilize the property for the use of anything under the PDP(GHC) and C1 use umbrella.

Setbacks:
Front: 125' (US 41.)
Sides: 20' ; 35' against Residential
Rear: 35'

All future buildings would meet these setbacks.

Buffers: The buffers will meet all Hernando County Landscape Code regulations.

Access: The site is accessed from US 41. Future Frontage road is required based on the project location however, there should be no need at this time. The adjacent parcel to the North is a residential house along US 41 and would be located where the proposed frontage road connection would be.

Soils: According to information found on the NRCS database, the existing soils are Nobleton Fine Sand fine sand. The soils are somewhat poorly drained soils, this is typical in this area.

Streets: Are all existing to the proposed project and no new streets or right of ways will be required for this site.

Sanitary Sewer: The Church to the north has an on-site lift-station and the engineer will make contact about connecting directly into their lift station. If this is not acceptable to the Church, the owner will need to pump to the connection located at the Church's driveway 600'+/- .

Potable Water: HCUD would provide connection to their system. According to the information we obtained there is an 8" water main on the west side of US 41 what was put in when the church required a fire hydrant and FDC connection on their building. The asbuilts show a 2" blowoff approximately 60'+/- to the north in US 41 Right of way.

Environmental: The existing soils and vegetation support habitat for gopher tortoise. The Developer will, prior to any construction, conduct a wildlife assessment.

NARRATIVE

Oronzo Commercial
Rezoning
June 2022

Floodplain: The project is located within the Peck Sink Basin. The FEMA map indicates the entire project is in a Zone X. There are areas denoted on the Northern, Southern, and western sides of the property that are A zones with no elevations available. However, they are all located outside the subject parcel.

Drainage: If approved, the project will be reviewed for drainage improvements and its effect on neighboring lands by Hernando County and the Southwest Florida Water Management District (SWFWMD). The site will be required to meet the following, for the major system:

- Water quality capture and treatment
- 25 Year peak rates of flow attenuation
- 100 Year detention of runoff volume.

Traffic: Based on the latest tables from the ITE manual, the proposed project may generate up to 7 Peak PM Trips. This will be further addressed at the time of concurrency when a traffic study may be required.

1. STATEMENT OF INTENT:

THE SUBJECT SITE IS VACANT. THE APPLICANT IS PROPOSING TO UTILIZE THE PROPERTY WITH MULTI-USE COMMERCIAL UNITS WITH OFFICE SPACE.

PARCEL INFORMATION:

KEY # 201454
 SITE ADDRESS: 5117 BROAD STREET (US HWY. 41)
 BROOKSVILLE, FL 34601
 SITE TOTAL AREA: 1.90 ACRES
 EXISTING USE: VACANT COMMERCIAL
 ZONING: PDP (OP)
 PROPOSED ZONING: PDP (GHC)

2. PROPOSED BUILDING DATA:

10- 1200 SF (MIN) UNITS IN TOTAL
 (INCLUDING ENTRY)

ENTIRE BLDG. AREA: 12188 SF

3. PERIMETER SETBACKS:

FRONT: 125'
 SIDE SETBACKS: 20'
 REAR: 35'
