GENERAL LOCATION: Northeast corner of the intersection of Blackjack Street and Pineda Avenue

PARCEL KEY NUMBER(S): 401238

APPLICANT'S REQUEST

The petitioner requested a rezoning for a 3.8 parcel from AG (Agricultural) to AR (Agricultural/Residential) to allow the property to be subdivided into two lots of approximately 1.9 acres each, with a mobile home proposed on each lot. Due to the request for the mobile home, staff has amended the request to a Rezoning from AG (Agricultural) to AR-2 (Agricultural Residential 2).

SITE CHARACTERISTICS

Site Size: 3.8 acres

Surrounding Zoning Land Uses: North: AG(Agricultural); Single Family Residence
South: AG(Agricultural); Single Family Residence

UTILITIES REVIEW

Hernando County Utilities Department (HCUD) does not currently supply water or wastewater service to these parcels. Water and wastewater service are not available. HCUD has no objection to the zoning change from AG (Agricultural) to AR-2 (Agricultural/Residential) to allow a parcel split, since each lot exceeds 1 acre or larger.

ENGINEERING REVIEW

The subject parcel is located on Northwest corner of the intersection of Blackjack Street and Pineda Avenue. The County Engineer has reviewed the petitioner's request and provided the following comments:

- Driveway connections to both parcels shall comply with County standards, with paved driveways aprons required for the access to the County roadway.

COMPREHENSIVE PLAN REVIEW

The subject site is within the Rural land use designation; the permitted uses within the AR-2 (Agricultural/Residential) district are consistent with the goals, objectives, and strategies of this land use designation.

Future Land Use Map, Rural Category

Objective 1.04C: The Rural Category allows agriculture, agricultural commercial, agri-industrial, recreation, agritourism and residential land uses of a rural character. Certain neighborhood commercial uses may be allowed subject to locational criteria and performance standards. Residential density is 0.1 dwelling units per gross acre (1 unit per ten gross acres) except where otherwise indicated by the strategies listed herein and incorporated into the land development regulations.

Strategy 1.04C(2): The Rural Category contains areas of predominately platted or divided lands which have a more dense development pattern and character of a rural residential or residential nature that are recognized by existing zoning designations which allow for infill in a manner consistent with the character of the area, but does not allow for expansion into areas designated with lower land use densities.

Strategy 1.04C(3): Notwithstanding the density limitations stated in Objective 1.04C the areas described as recognized infill areas herein may be allowed to infill at densities consistent with the availability of utility services and the existing zoning designations. An appropriate transition shall be maintained between rural/agricultural uses and recognized infill areas to protect the use and enjoyment of land and maintain appropriate development patterns. Specific areas and circumstances where the infill pattern is expected and where infill would allow for more efficient use of existing infrastructure are recognized by this strategy.

Comments: The subject site is within the Rural Future Land Use designation; the permitted uses within the AR-2 (Agricultural/Residential) district are consistent with the goals, objectives, and strategies of this land use designation.

FINDING OF FACTS

The request for AR-2 (Agricultural/Residential) zoning is consistent with the Comprehensive Plan and compatible with the surrounding land uses.

NOTICE OF APPLICANT RESPONSIBILITY

The rezoning process is a land use determination and does not constitute a permit for either construction on, or use of, the property, or a Certificate of Concurrency. Prior to use of, or construction on, the property, the petitioner must receive approval from the appropriate County department(s) for the proposed use.

The granting of this land use determination does not protect the owner from civil liability for recorded deed restrictions which may exceed any county land use ordinances. Homeowner associations or architectural review committees require submission of plans for review and approval. The applicant for this land use request should contact the local association or the Public Records for all restrictions applicable to this property.

STAFF RECOMMENDATION

It is recommended that the Planning and Zoning Commission recommend the Board of County Commissioners adopt a resolution approving the petitioner's request for a rezoning from AG (Agricultural) to AR-2 (Agricultural/Residential 2) in accordance with the staff report.
