RE: Notice of Proposal Rejection for Solicitation No. 23-RFP00448/AP Various Services for Building Department Plan Reviews/Inspections-Residential and Commercial

Dear Mr. Bell,

Pursuant to the proposal specifications for solicitation **No. 23-RFP00448/AP Various Services for Building Department Plan Reviews/Inspections-Residential and Commercial**, Section 3.19. RESPONSIVENESS OF THE PROPOSAL AND DISQUALIFICATION, the proposal from SJUR SOLUTIONS INC. has been rejected.

During the initial review, it was determined that SJUR's proposal was considered non-responsive due to the company's submitted proposal indicating that the categories as outlined in Section 9. Vendor Questionnaire (items 12.5, 12.6 and 12.7) are not considered applicable to SJUR SOLUTIONS INC.

On April 10, 2024, Procurement reached out to your firm asking for clarification on the firm's intention regarding the received submission and the firm's response was: "Thank you for reaching out to us. We agree that these categories are not applicable to our application for this project."

If you have any questions concerning this rejection, please contact Alisa Pike, Procurement Coordinator, at 352-754-4014.

I want to thank you on behalf of Hernando County for your interest and response to the Request for Proposals.

Sincerely,

Alisa Pike
