22. RFP—EVALUATION

- 22.1. **Ranking Method:** Lee County uses the Dense Ranking (1223" ranking). In Dense Ranking, items that compare equal, receive the same ranking number, and the next item(s) receive the immediately following ranking number. This ranking method is used for each individual committee member's scores. Thus if A ranks ahead of B and C (which compare equal) which are both ranked ahead of D, then A is ranked number 1 ("first"), B is ranked number 2 ("joint second"), C is also ranked number 2 ("joint second") and D is ranked number 3 ("third").
 - 22.1.1. Each Ranking is derived by the individual committee member's scores being totaled and then ranked with the highest "score" being "ranked" first with each following in the same manner. For example: a score of 100 would rank 1, a score of 75 would rank 2, and continue until all proposals have been ranked.

EXHIBIT E
PROJECT FUNDING PACKAGE

Ver J-6-19

- 22.1.2. Upon completion of this method for each individual committee member the individual rankings are then totaled for an "Over-all Ranking." During the Over-all Ranking process the lowest total would be deemed the highest ranked (1). Example: Proposer A individual rankings totaled 5 and Proposer B individual rankings totaled 7 making "Over-all Ranking" order as Proposer A ranked 1, Proposer B ranked 2.
- 22.1.3. In the event of a tie, please refer to the tiebreaker section of this solicitation.)
- 22.2. **Evaluation Meeting(s):**
 - 22.2.1. Evaluation 1: The first evaluation will rank Proposers based on the scores from the selection criteria point values.

Form 1a – Proposal Form

LEE COUNTY
SOUTH WEST FLORIDA

Lee County Procurement Management
PROPOSAL FORM

Company Name: _____

Solicitation # RFP190164RJD Solicitation Name Disaster Management Services

Detailed Proposal, on Company letterhead, to be provided as part of and as described in project Submittal Requirements.

Tab 5: Detailed Proposal

The following provides an overview of Hagerty's hourly rates to support the County. Hagerty has had significant success recovering fees for consulting services for our clients from FEMA. Hagerty regularly advises our clients on FEMA's policies, regulations, practices, and procedures, including how to track costs, like Management Costs, to facilitate reimbursement for all eligible client costs, including contractor costs.

In collaboration with the County, we will develop a strategy for tracking these costs across all stakeholders, agencies, staff, consultants, and contractors. To do so, we will formally establish eligibility and tracking protocols with FEMA at the beginning of recovery, develop and implement the County-specific tracking methods and forms that utilize pre-existing and standard record keeping techniques and oversight structures, and ensure forms use terminology and categorizations that associate time to eligible and reimbursable tasks thus reducing risk for the County.

Hagerty understands the County will reimburse travel and other direct costs in alignment with the Federal Travel Regulation (FTR). As a result, Hagerty proposes a time-and-materials based contract with travel reimbursement based upon the General Services Administration (GSA)-approved per diem and lodging rates and FTR. This structure is fully compliant with FEMA programs and qualifies for reimbursement in the same manner as the labor component of this project. We believe this structure allows for optimal client service by aligning Hagerty and the County to focus on mobilizing staff with right skillsets to drive optimal financial results for the County. The following table presents the full schedule of proposed hourly rates.
