## LAND USE REVIEW

Minimum Building Setbacks Required in the R-1B (Residential) District:

- Front: 25'
- Side: 10'
- Rear: 20'

A conditional use permit is intended to be used as a special permit which temporarily allows uses not otherwise permitted by the ordinance. The Commission can grant a conditional use permit for a period up to two years if they determine that a hardship exists.

## NOTICE OF APPLICANT RESPONSIBILITY

*The conditional use permit process is a land use determination and does not constitute a permit for either construction, or use of, the property, or a Certificate of Concurrency. Prior to use of, or construction on, the property, the petitioner must receive approval from the appropriate County department(s) for the proposed use.*

*The granting of this land use determination does not protect the owner from civil liability for recorded deed restrictions which may exceed any county land use ordinances. Homeowner associations or architectural review committees require submission of plans for review and approval. The applicant for this land use request should contact the local association or the Public Records for all restrictions applicable to this property.*

## STAFF RECOMMENDATION:

3. The proposed RV shall meet the setbacks of the R-1B (Residential) zoning district.
