Re: FY 2022-2023 Community Planning Technical Assistance Grants

Dear Mr. Rogers:

We appreciate your interest in the Florida Department of Economic Opportunity's Community Planning Technical Assistance grant program and we are pleased to inform you that your grant proposal to *develop a Broadband Feasibility Study* was selected for funding in the amount up to \$102,000.

The Department will provide additional information to finalize the scope of work and complete the grant agreement. For your convenience, we have enclosed a copy of our grant agreement template for you to begin your internal review. Beginning on or after July 1, 2022, any invoice for work specifically related to the grant project will be eligible for reimbursement after the grant agreement has been fully executed. If for any reason the grant agreement is not executed by both parties, cost reimbursement for work performed will not be available.

We look forward to our continued partnership, and if you have any questions, please do not hesitate to contact Barbara Powell, Regional Planning Administrator, by telephone at 850-717-8504 or by email at Barbara.Powell@DEO.MyFlorida.com.

Sincerely,

Benjamin M. Melnick, Deputy Secretary
Division of Community Development
