REVISED GRANT WORK PLAN**

PROJECT TITLE: Septic to Sewer Conversion for District A Phase 1

PROJECT LOCATION: The Project will be located in the community of Spring Hill within Hernando County; Lat/Long (28.5193, -82.5571).

PROJECT BACKGROUND: Weeki Wachee Springs and River have been identified as impaired by high nitrate from numerous sources, including septic systems. A Basin Management Action Plan (BMAP) was established, including a priority focus area (PFA). A Septic to Sewer Conversion study was completed for the area in 2016. Areas were identified as appropriate for enhanced onsite treatment and disposal systems. Other areas were identified as better served by central sewer systems. District A is the closest to the spring and river and will have the most immediate impact in reducing nitrogen in upstream groundwater.

PROJECT DESCRIPTION: Hernando County (Grantee) will construct a sewer system necessary to convert approximately 201 individual connections from septic systems to centralized sewer. The sewer system will be installed to accommodate approximately 230 individual connections within the area including residential and commercial properties, and those currently undeveloped. The targeted neighborhood has been identified as a priority for eliminating nitrogen from septic tanks in the Weeki Wachee spring shed. The project includes demolition of septic tanks removed from service and restoration of private property and roads. The project, defined as Sewer Shed 2 and 6, is located in close proximity to the spring, South of State Highway 50 and East of US Highway 19, in Spring Hill Florida.

TASKS: All documentation should be submitted electronically unless otherwise indicated.

Task 1: Commitment to Basin Management Action Plan (BMAP)

Deliverables: The Grantee will submit an official letter to the Department's Division of Environmental Assessment and Restoration indicating its commitment to completing this project and requesting this project be included in the Weeki Wachee BMAP.

Documentation: The Grantee will submit a signed copy of this letter to the Department's Grant Manager.

Performance Standard: The Department's Grant Manager will review the copy of the letter to ensure it indicates the Grantee's commitment to completing this project and contains a request for this project to be included in the appropriate BMAP. Approval by the Department will be indicated by written acceptance by the Department's Grant Manager.

Financial Consequences: The Grantee may not proceed with any other tasks in this Agreement until written acceptance of the deliverable is provided by the Department's Grant Manager.

Additional Financial Consequences: The Department's Grant Manager must receive and accept the official letter to prior to the processing of reimbursement requests for any other tasks.

Payment Request Schedule: There is no reimbursement specifically for this task.

Task 2: Preconstruction Activities

Deliverables: The Grantee will complete the design of wastewater gravity systems, pumping stations, and force mains necessary to connect properties currently served by onsite septic systems, to central sewer service and obtain all necessary permits for construction of the project. Activities necessary for design, such as surveys, geotechnical evaluations, and environmental assessments, are eligible under this task.

Documentation: The Grantee will submit a signed summary of activities completed for the period of work covered in the payment request, including the percentage of design complete and permitting status, using the format provided by the Department's Grant Manager. For the final documentation, the Grantee will also submit a copy of the design completed with the funding provided for this task, a list of all required permits identifying issue dates and issuing authorities, and copies of any surveys, assessments, or other documents funded under this task. Upon request by the Department's Grant Manager, the Grantee will provide additional supporting documentation relating to this task.

Performance Standard: The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

Payment Request Schedule: The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

Task 3: Construction

Deliverables: The Grantee will construct a central sanitary sewer system and demolish existing septic tanks in accordance with the construction contract documents. The Grantee will submit through the Department's GIS web-interface data collection tool, parcel-level data identifying collection system extensions; lift stations and other infrastructure associated with the grant; and both the parcels connected to sewer and the parcels where sewer has been made available for connection but not yet connected along with associated grant information. Pursuant to section 381.00655, Florida Statutes, for any parcels for which sewer was made available, but for which connection has not yet been made, the Grantee will notify in writing owners of such parcels that the system is available for connection and that they must connect to the installed sewer system within 365 days of such written notification.

Documentation: The Grantee will submit: 1) a signed summary of activities completed for the period of work covered in the payment request, using the format provided by the Department's Grant Manager. For the final documentation, the Grantee will also submit: 2) an email from the Department's GIS web-interface data collection tool, confirming that data for the project has been submitted; and 3) one copy of a notification letter and a signed statement by the grant manager that notifications to all parcels for which sewer is available, but not yet connected, was sent. Upon request by the Department's Grant Manager, the Grantee will provide additional supporting documentation relating to this task.

Performance Standard: The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

Payment Request Schedule: The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

Attachment 5-2

The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in 2 CFR §200.330

1. A recipient that expends \$750,000 or more in Federal awards in its fiscal year, must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F. EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of Environmental Protection. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR 200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200.514 will meet the requirements of this part.

3. A recipient that expends less than \$750,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F-Audit Requirements. If the recipient expends less than \$750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other federal entities).
4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at <https://sam.gov/content/assistance-listings>.

Attachment 5-2

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017, and thereafter), the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this form lists the state financial assistance awarded through the Department of Environmental Protection by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes.
