**ATTACHMENT 3-3**  
**REVISED GRANT WORK PLAN**

**PROJECT TITLE:** Septic to Sewer Conversion for District A Phase 1 and 2

**PROJECT LOCATION:** The Project will be located in the community of Spring Hill within Hernando County; Lat/Long (28.5193, -82.5571).

**PROJECT BACKGROUND:** Weeki Wachee Springs and River have been identified as impaired by high nitrate from numerous sources, including septic systems. A Basin Management Action Plan (BMAP) was established, including a priority focus area (PFA). A Septic to Sewer Conversion study was completed for the area in 2016. Areas were identified as appropriate for enhanced onsite treatment and disposal systems. Other areas were identified as better served by central sewer systems. District A is the closest to the spring and river and will have the most immediate impact in reducing nitrogen in upstream groundwater.

**PROJECT DESCRIPTION:** Hernando County (Grantee) will construct a new sewer system to convert septic systems to centralized sewer. During Phase 1 project management and preconstruction activities will be completed for sewer shed areas 2, 5 and 6, which include residential and commercial properties, and those currently undeveloped. Once designed the Grantee will construct a sewer system that will accommodate for approximately 487 individual connections.

The Grantee will also begin the design of District A Phase 2, which will accommodate approximately 394 individual connections within the area once constructed.

The DEP Grant Funds associated with this Agreement were awarded based on local contributions pledged towards the total project costs: \$750,000 from the Southwest Florida Water Management District. A summary of the local contributions will be required in the Final Quarterly Progress Report, and financial supporting documentation shall be provided upon request.

**TASKS:** All documentation should be submitted electronically unless otherwise indicated and should be submitted prior to the expiration of the grant agreement.

**Task 1: Commitment to Basin Management Action Plan (BMAP)**

**Deliverables:** The Grantee will submit an official letter to the Department's Division of Environmental Assessment and Restoration indicating its commitment to completing this project and requesting this project be included in the Weeki Wachee BMAP.

**Documentation:** The Grantee will submit a signed copy of this letter to the Department's Grant Manager.

**Performance Standard:** The Department's Grant Manager will review the copy of the letter to ensure it indicates the Grantee's commitment to completing this project and contains a request for this project to be included in the appropriate BMAP. Approval of the documentation will be indicated by written acceptance by the Department's Grant Manager.

**Payment Request Schedule:** There is no reimbursement specifically for this task.

## **Task 2: Preconstruction Activities**

**Deliverables:** The Grantee will complete the design of Septic to Sewer Conversion for District A Phase 1 and 2 and obtain all necessary permits for construction of the project. Activities necessary for design, such as surveys, geotechnical evaluations, pre-design studies, and environmental assessments are eligible under this task.

**Documentation:** The Grantee will submit a signed summary of activities completed for the period of work covered in the payment request, including the percentage of design complete and permitting status, using the format provided by the Department's Grant Manager.

For the final documentation, the Grantee will also submit a copy of the design completed with the funding provided for this task, a list of all required permits identifying issue dates and issuing authorities, and copies of any surveys, assessments, or other documents funded under this task. Upon request by the Department's Grant Manager, the Grantee will provide additional supporting documentation relating to this task.

**Performance Standard:** The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, a payment request may be processed.

**Payment Request Schedule:** The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

## **Task 3: Construction**

**Deliverables:** The Grantee will construct Septic to Sewer Conversion for District A Phase 1 in accordance with the final design. The Grantee will submit through the Department's GIS web-interface data collection tool, parcel-level data identifying collection system extensions; lift stations and other infrastructure associated with the grant; and both the parcels connected to sewer and the parcels where sewer has been made available for connection but not yet connected along with associated grant information. Pursuant to section 381.00655, Florida Statutes, for any parcels for which sewer was made available, but for which connection has not yet been made, the Grantee will notify in writing owners of such parcels that the system is available for connection and that they must connect to the installed sewer system within 365 days of such written notification.

**Documentation:** The Grantee will submit: 1) a signed summary of activities completed for the period of work covered in the payment request, using the format provided by the Department's Grant Manager. For the final documentation, the Grantee will also submit: 2) an email from the Department's GIS web-interface data collection tool, confirming that data for the project has been submitted; and 3) one copy of a notification letter and a signed statement by the grant manager that notifications to all parcels for which sewer is available, but not yet connected, was sent. Upon request by the Department's Grant Manager, the Grantee will provide additional supporting documentation relating to this task.

**Performance Standard:** The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, a payment request may be processed.

**Payment Request Schedule:** The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

#### **Task 4: Project Management**

**Deliverables:** The Grantee will provide project management services related to Septic to Sewer Conversion for District A Phase 1, to include review of documents and forms, budget oversight, preparation and submittal of quarterly progress reports, processing of payment requests and related documentation, field engineering services, construction observation, site meetings with construction contractor(s) and design professionals, and overall project coordination and supervision.

**Documentation:** The Grantee will submit a signed summary of activities completed for the period of work covered in the payment request, using the format provided by the Department's Grant Manager. Upon request by the Department's Grant Manager, the Grantee will provide additional supporting documentation relating to this task.

**Performance Standard:** The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, a payment request may be processed.

**Payment Request Schedule:** The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

**PROJECT TIMELINE & BUDGET DETAIL:** The tasks must be completed by the corresponding task end date. Cost reimbursable grant funding must not exceed the budget amounts as indicated below. Match funding shall be provided at minimum in the categories indicated below.

Tas k No.	Task Title	Budget Category	Grant Amount	Match Amount	Task Start Date	Task End Date

<b>Total:</b>			<b>\$30,585,000</b>	<b>\$1,944,490</b>		

Note that, per Section 8 of Attachment 1 of the Agreement, authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of the Department if the Legislature reduces or eliminates appropriations. Extending the contract end date carries the risk that funds for this project may become unavailable in the future. This should be a consideration for the Grantee with this and future requests for extension.

EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of Environmental Protection. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR 200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200.514 will meet the requirements of this part.
2. For the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR 200.508-512.
3. A recipient that expends less than \$1,000,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F-Audit Requirements. If the recipient expends less than \$1,000,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from non-federal entities).

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017, and thereafter), the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and the current Rules of the Auditor General. EXHIBIT 1 to this form lists the state financial assistance awarded through the Department of Environmental Protection by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. 2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes.
