I do not know this property owner personally. How do you handle these requests?

Dear Commissioner Allocco,

I respectfully request that the county consider reducing or possibly eradicating my interest debt for an abatement I had no part of. I have spent considerable time improving the property by removing metal siding, iron poles, electrical cables, and household debris. I also cleared the property of broken glass, beer cans, and burned trash that appears to have been left by the previous tenants. In addition, I had a tree professionally removed at my expense that undoubtedly would have fallen on the power lines.

I had initially hoped to put a home on it for my older sister to live in. However, circumstances have changed and I need to sell the property.

As soon as the interest amount is adjusted, I will promptly pay the amount due on the principle lien.

Kindly respond to this request in writing at your earliest convenience. Thank you in advance for your understanding.

Sincerely,

Richard S. Doyle
