#### 8.5. PROPOSAL FORMAT:

Please complete per Proposal Format Instructions in the Vendor Questionnaire section (14.17).

#### 8.6. EVALUATION CRITERIA

Please see Evaluation Criteria Section (13).

#### 8.7. PROPOSAL EVALUATION PROCESS:

- A. The Professional Services Review Committee (PSRC) will review all Proposals received and establish a short list in order of preference of no fewer than three (3) Proposers deemed to be the most qualified to provide the service requested based on the criteria set forth in the Evaluation Criteria Section. It is the intent of the County to award one (1) contract.
- B. The Professional Services Review Committee will evaluate each Proposer's written Proposal and assign a consensus score for each evaluation criteria based upon consensus scoring. The score can be zero to the maximum value, as noted in the Evaluation Criteria Section.
- C. The scores for all evaluation criteria for each Proposer will be summed and averaged by way of consensus scoring. If a Proposer was given a perfect score, that Proposer would receive a total score of 100, as noted in the Evaluation Criteria Section.
- D. Based on the overall total evaluation consensus score, the Proposers will then be ranked highest (favorable) to lowest (unfavorable).

- E. Alternatively, the Board may direct the Committee to establish a "short list" of no fewer than three (3) Proposers without establishing a priority order. The Committee or the Board of County Commissioners may request oral presentations from the Proposers when establishing the priority list. If three (3) or fewer Proposals are received, all Proposers shall be included in the selection process as described below.
- F. The oral presentation score for each Proposer will be added to their Proposal evaluation score to arrive at a total overall consensus score. Proposers will once again be ranked highest (favorable) to lowest (unfavorable).
- G. Once the short list of Proposers has been prepared by the Committee, either the Board or the Committee shall attempt to negotiate a Contract with the most qualified Proposer at compensation which is fair, competitive and reasonable.
- H. If the Committee or the Board is unable to negotiate a satisfactory Contract with the first Proposer, negotiations with that Proposer shall be terminated and the Committee or the Board shall attempt to negotiate a Contract with the next most qualified Proposer. If these negotiations are not successful, negotiations shall be terminated with the second Proposer and attempted with the third most qualified. If the Board or the Committee is not successful in negotiating a satisfactory Contract with any of the selected Proposers, the Board or the Committee shall select additional Proposers in order of their qualifications and continue negotiations until an agreement is reached or if no agreement can be reached the Board may reject all Proposals and may re-advertise for new Proposals. All Contracts negotiated by the Committee shall be subject to final approval by the Board unless such approval is waived by the Board.
- I. Hernando County shall be the sole judge of its own best interests, the Proposals, and the resulting agreement. An award may be made to the most responsive and responsible firm whose Proposal is determined to be the most advantageous to the County. The County's decision shall be final and the County at all times reserves the right to:
  - 1. Reject any or all Proposals or parts thereof
  - 2. Issue subsequent Requests for Proposals
  - 3. Cancel the entire Request for Proposals
  - 4. Remedy technical errors in the Request for Proposals
  - 5. Negotiate with any, all, or none of the Proposers
  - 6. Award a Contract to one or more Proposers or none at all
  - 7. Accept other than the lowest price

- J. Hernando County reserves the right to consider historic information and fact, whether gained from the Proposer's response, question and answer conferences, references, and/or other sources in the evaluation process.
- K. The County reserves the right to conduct investigations as deemed necessary by the County to assist in the evaluation of any Proposal and to establish the responsibility, qualifications and financial ability of Proposers, Sub-Contractors, suppliers and other persons and organizations to perform and furnish the work in accordance with the Proposal documents.
- L. It is the Proposer's sole responsibility to submit information related to the evaluation categories. Hernando County is under no obligation to solicit such information if the Proposer fails to include it within their Proposal submittal. Failure to provide requested information may result in the rejection of the Proposal, or a deduction in evaluation points at the sole discretion of the evaluation committee.

#### **8.8. DEBRIEFING OF PROPOSERS:**

Not later than thirty (30) calendar days after Board approval of a selection or shortlist, a Proposer may submit a written request to the applicable Contract administrator or Procurement agent for a debriefing on the evaluation of their Proposal. The Procurement agent will schedule a meeting with the Proposer for the debriefing. However, at the Proposer's request, the debriefing may be conducted via telephone conference or the Proposer may request a copy of the digital recording of the selection on CD for \$15.00 fee. The debriefing shall include the following minimum information:

- A. Key requirements of the solicitation.

- C. The significant weaknesses or deficiencies in the Proposal in response to the requirements of the solicitation.
- D. If requested, an explanation of the score received for each evaluation criteria will be provided, including costs, if applicable.

## 9. SUPPLEMENTARY FEDERAL AND STATE CONDITIONS

### 9.1. ACCESS TO RECORDS 2 C.F.R. 200.336

- A. Records of non-Federal entities. Hernando County, the Florida Department of Economic Opportunity, Chief Financial Officer of the State of Florida, the Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability, the Housing Authority, U.S. Department of Housing and Urban Development, Inspectors General, the Comptroller General of the United States, and any of their authorized representatives, must have the right of access to any documents, papers, or other records of the non-Federal entity which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the non-Federal entity's personnel for the purpose of interview and discussion related to such documents.
- B. Only under extraordinary and rare circumstances would such access include review of the true name of victims of a crime. Routine monitoring cannot be considered extraordinary and rare circumstances that would necessitate access to this information. When access to the true name of victims of a crime is necessary, appropriate steps to protect this sensitive information must be taken by both the non-Federal entity and the Federal awarding agency. Any such access, other than under a court order or subpoena pursuant to a bona fide confidential investigation, must be approved by the head of the Federal awarding agency or delegate.
- C. Expiration of right of access. The rights of access in this section are not limited to the required retention period but last as long as the records are retained. Federal awarding agencies and pass-through entities must not impose any other access requirements upon non-Federal entities

### 9.2. RESTRICTIONS ON PUBLIC ACCESS TO RECORDS 2 C.F.R. § 200.337

No Federal awarding agency may place restrictions on the non-Federal entity that limit public access to the records of the non-Federal entity pertinent to a Federal award, except for protected personally identifiable information (PII) or when the Federal awarding agency can demonstrate that such records will be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) or controlled unclassified information pursuant to Executive Order 13556 if the records had belonged to the Federal awarding agency. The Freedom of Information Act (5 U.S.C. 552) (FOIA) does not apply to those records that remain under a non-Federal entity's control except as required under §200.315 Intangible property. Unless required by Federal, state, local, and tribal statute, non-Federal entities are not required to permit public access to their records. The non-Federal entity's records provided to a Federal agency generally will be subject to FOIA and applicable exemptions.

### 9.3. RETENTION OF RECORDS

The contractor/consultant shall retain all records relating to this contract for six (6) years after Hernando County makes final payment and all other pending matters are closed.

9.4. [EQUAL EMPLOYMENT OPPORTUNITY \(EEO\) 2 C.F.R. § 200, Appendix II\(C\), 41 C.F.R. § 60-1.4, 41 CFR § 60-4.3, Executive Order 11246](#)

Such action shall include, but not be limited to the following:
    - a. Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
  3. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
  4. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
  5. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

6. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
  7. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
  8. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:
    - a. *Provided*, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
- B. The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.
- C. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

- D. The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

  - a. Within 120 calendar days of the subgrant award, the Recipient shall complete the following activities:
    - Request approval for all professional service contracts; and
    - Submit an initial payment request for administrative services, if applicable.
  - b. Within 180 calendar days of the subgrant award, the Recipient shall complete the following activities:
    - Complete the environmental review and submit the Request for Release of Funds and Certification (form HUD-7015.15) to DEO for review; and
    - Request a wage decision(s) using DEO form SC-56 for applicable construction activities if points were received on the application for “Readiness to Proceed;”
  - c. The Recipient shall advertise for its construction procurement within 30 calendar days after receiving its Authority to Use Grant Funds (form HUD-7015.16) and DEO’s written acceptance of the plans and specifications if Recipient received points for “Readiness to Proceed” on its Application for Funding.
  - d. If the Recipient did not receive points for “Readiness to Proceed,” it must request a wage decision(s) using DEO form SC-56 at least 30 days before advertising for its construction procurement.
2. The Recipient shall maintain records of expenditure of funds from all sources that will allow accurate and ready comparison between the expenditures and the budget/activity line items as defined in Attachment B -Project Detailed Budget, Attachment A- Project Narrative and Deliverables, Recipient Responsibilities, and Attachment C - Activity Work Plan.
3. No costs may be incurred prior to the effective date of this Agreement, except for those eligible application preparation costs outlined in the original Small Cities CDBG Application for Funding submitted to DEO, unless pre-agreement costs were approved in writing by DEO.
4. The Recipient shall not exclude any firm from submitting a bid or proposal for any work funded partially or wholly with CDBG funds based on a minimum experience requirement. However, a firm’s experience can be considered as an evaluation factor in the ranking for professional services and taken into account in evaluating the “responsibility” of a firm when determining the “low, responsive, responsible bidder” for services procured through bids, as required by 2 C.F.R. § 200.319(a).
5. CDBG procurement for consultant services and construction activities requires public notice in a newspaper of general circulation in the county where the Recipient is located. The public notice shall include the following criteria for the procurement process to meet legal requirements and be approved:
  - a. If the notice is published in a newspaper that is located in an Office of Management and Budget (OMB) designated metropolitan statistical area (MSA), only one responsible and responsive bid or proposal is needed to complete the procurement process. If the notice is not published in a newspaper that is located in an MSA, at least three responsible and responsive bids or proposals must be received by the Recipient to complete the procurement process;
  - b. A Recipient, whose newspaper of general circulation is not located in a MSA, may advertise in both a local newspaper and a newspaper in a nearby MSA. In this case, only one responsible and responsive bid or proposal would be needed to complete the procurement process;
  - c. The public notice must be published at least 12 days before the deadline for receipt of the proposals or bids. For construction activities, the public notice period shall conform to section 255.0525, F.S. regarding the numbers of days between publishing the notice and bid opening;

## Attachment D – Program and Special Conditions

---

- d. Nothing in subparagraphs a., b., or c., above shall preclude the Recipient from using additional media to solicit bids related to procurement of professional services and construction activities;
  - e. Each public notice for procurement of CDBG professional services, except for application preparation, must identify either the CDBG funding cycle or the CDBG contract number. In the absence of any identifier, the procurement will be presumed to be for the CDBG funding cycle closest to the publication date of the notice;
  - f. In procuring services for subgrant administration, the public notice or the Request for Proposals must include all the criteria that will be used to evaluate and score the proposals. Any firm that assists the Recipient in developing or drafting criteria used in the Request for Proposals (RFP) shall be excluded from competing for the procurement as required by 2 C.F.R. § 200.319(a); and
  - g. Any RFP which includes more than one service shall provide the following:
    - Proposals may be submitted for one or more of the services;
    - Qualifications and proposals shall be separately stated for each service; and
    - Separate evaluations shall be done on the proposals for each service.

If separate procurements result in one firm being selected for both application and administration services, those services may be combined into one contract provided there are separate scopes of work and a separate fee for each service.
6. A written evaluation, such as a ranking sheet or narrative, shall be prepared for each proposal, ranking or comparing each proposal to the criteria in the published RFP.
  7. The Recipient is not required to publish a RFP for subgrant administration if it decides to contract with its Regional Planning Council to administer the subgrant.
  8. A Recipient whose application received “Readiness to Proceed” points may use the design engineer for services during construction if DEO determines that the procurement for design services is compliant with 2 C.F.R. part 200 and the RFP specifically included services during construction in the scope of work.
  9. For construction procurement, if other funding sources will be included in the bid documents, the activities to be paid for with CDBG funds must be shown separately so that the bid proposal identifies the CDBG activities and the amount of the contract to be reimbursed with CDBG funding.
  10. Construction contracts shall be awarded to the low, responsive and responsible bidder. If all bids exceed the available funds, the Recipient can apply one or more deductive bid alternates to determine the low, responsive and responsible bidder. The Recipient can reject all bids if they exceed the available funds and republish the notice.
  11. The Recipient shall request approval of all professional services contracts and/or agreements that will be reimbursed with CDBG funds. Copies of the following procurement documents must be provided to DEO for review:
    - a. A copy of the Request for Proposals (RFP);
    - b. A copy of the RFP advertisement, including an affidavit of publication from the newspaper;
    - c. A list of entities to whom a notification of the RFP was provided by mail or fax (if applicable);
    - d. Documentation of all efforts to get MBE/WBE firms to submit proposals;

SAMPLE CONTRACT**

**BOARD OF COUNTY COMMISSIONERS  
HERNANDO COUNTY, FLORIDA  
PROFESSIONAL SERVICES AGREEMENT  
NO. \_\_\_\_\_**

THIS Agreement made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between HERNANDO COUNTY BOARD OF COUNTY COMMISSIONERS, 15470 Flight Path Drive, Brooksville, Florida, a political subdivision of the State of Florida, hereinafter called the County and \_\_\_\_\_ duly authorized to conduct business in the State of Florida, hereinafter called the Professional.

W I T N E S S E T H:

**SECTION 1.** The County does hereby retain the Professional to furnish certain services in connection with:

\_\_\_\_\_  
\_\_\_\_\_

**SECTION 2.** The Professional and the County mutually agree to furnish, each to the other, the respective services, information and terms as described in Exhibit "A", attached hereto and made a part hereof.

Before any additions or deletions to the work described in Exhibit "A", and before undertaking any changes or revisions to such work, the parties shall negotiate any necessary cost changes and shall enter into a supplemental written Agreement covering such modifications and the compensation to be paid therefor.

Reference herein to this Agreement shall be considered to include any supplement thereto.

Reference herein to County Administrator shall mean the Hernando County Administrator or its designee.

**SECTION 3.** The services indicated in Exhibit "A" to be rendered by the Professional shall be commenced, subsequent to the execution of this Agreement, upon written notice from the Hernando County Administrator and or its designee and shall be completed within \_\_\_\_\_ from the date of issuance of the Purchase Order and /or Notice to Proceed.

**SECTION 4.** The Professional agrees to provide Project Schedule progress reports in a format acceptable to the County, either monthly or at intervals established by the County. The County will be entitled at all times to be advised, at its request, as to the status of work being done by the Professional and of the details thereof. Coordination shall be maintained by the Professional with representatives of the County. Either party to the Agreement may request and be granted a conference.

**SECTION 5.** In the event there are delays on the part of the County as to the approval of any of the materials submitted by the Professional, as if there are delays occasioned by circumstances beyond the control of the Professional which delay the project schedule completion date, the County shall grant to the Professional, by "Letter of Time Extension" an extension of the Contract time, equal to the aforementioned delays, provided there are no changes in compensation or scope of work, except those changes that may be agreed upon between the parties hereto.

It shall be the responsibility of the Professional to ensure at all times that sufficient Contract time remains within which to complete all services on the project. In the event there have been delays that would affect the project completion date, the Professional shall submit a written request to the County that identifies the reason(s) for the

delay and the amount of time related to each reason. The County shall timely review the request and make a determination as to granting all or part of the requested extension.

In the event Contract time expires and the Professional has not requested, or if the County has denied an extension of the completion date, partial progress payments will be stopped on the date time expires. No further payment for the project will be made until a time extension is granted or all work has been completed and accepted by the County.

**SECTION 6.** The Professional shall maintain an adequate and competent professional staff within the State of Florida and may associate with Specialists, Sub-Professionals, and/or other Professionals, for the purpose of its services hereunder, without additional cost to the County. Should the Professional desire to utilize other Specialists, Sub-Professionals, and/or Professionals in the performance of the work, the Professional shall be responsible for satisfactory completion of all such Specialists', Sub-Professionals' and/or other Professionals' work, and may not assign or transfer work under this Agreement to other Specialists, Sub-Professionals, or Professionals unless approved in writing by the County. It is agreed that only Specialists, Sub-Professionals, and/or other Professionals which have been approved by an authorized representative of the County will be used by the Professional. It is also agreed that the County will not, except for services so designated herein, or as may be approved by the County, if applicable, permit or authorize the Professional to perform less than the total Contract work with other than its own organization.

**SECTION 7.** All final plans, documents, reports, studies, and other data prepared by the Professional will bear the endorsement of a person in the full employ of the Professional and duly registered in the appropriate professional category.

a) After the County's acceptance of final plans and documents, a reproducible form of the Professional's drawings, tracings, plans, and maps will be provided to the County. Upon completion of construction by the Contractor, the Professional shall furnish acceptable field verified "record drawings" of full-size prints. The Professional shall signify, by affixing an appropriate endorsement, on every sheet of the record sets, that the work shown on the endorsed sheets was reviewed by the Professional. With the tracings and the record sets of prints, the Professional shall submit three (3) final sets of operation and maintenance manuals.

b) The Professional shall not be liable for use by the County of said plans, documents, studies, or other data for any purpose other than stated in the Scope of Services, Exhibit "A" of this Agreement.

**SECTION 8.** All tracings, plans, specifications, maps, surveys, field survey notes, and/or reports prepared or obtained under this Agreement shall be considered works made for hire and shall become the property of the County restricted to the terms of (7) above; and reproducible copies shall be made available, upon request, at direct printing costs, to the County at any time during the period of this Agreement. The County will have the right to visit the site for inspection of the work and the drawings of the Professional at any time. Unless changed by written Agreement of the parties, said site shall be the address of the firm. Records of cost incurred under the terms of this Agreement shall be maintained and made available upon request of the County at all times during the period of this Agreement and for five (5) years after final payment is made. Copies of these documents and records shall be furnished to the County upon request at direct printing cost.

Records of cost incurred includes the Professional project accounting records, together with supporting documents and records of the Professional and all Specialists, Sub-Professionals and/or other Professionals performing work on the project, and all other records of the Professional and Specialists, Sub-Professionals and/or other Professionals considered necessary by the County for a proper audit of project costs.

Whenever travel costs are included in Exhibit B, the provisions of Section 112.061, Florida Statutes (Current Edition), shall govern as to reimbursable costs.

The Professional shall furnish to the County at direct printing cost all final work documents, papers, and letters,

or any other such materials which may be subject to the provisions of Chapter 119, Florida Statutes (Current Edition), made or received by the Professional in conjunction with this project. Failure by the Professional to provide such records shall be grounds for immediate unilateral cancellation of the Agreement by the County.

**SECTION 9.** The Professional shall comply with all federal, state, and local laws and ordinances applicable to the work or payment thereof, and shall not discriminate on the grounds of race, color, religion, sex, or national origin in the performance of work under this Agreement.

**SECTION 10.** The County agrees to pay the Professional compensation as detailed in Exhibit B, attached hereto and made a part hereof. Unless otherwise agreed to, this is a lump sum Contract. No additional fees or expenses will be paid by the County.

**SECTION 11.** The Professional is employed to render a professional service only and that payments made to the Professional are compensation solely for such services rendered and recommendations made in carrying out the work. The Professional shall perform and complete all work in a workmanlike manner to the best of its abilities and in accordance with sound engineering and professional consulting practices and principles.

In performing construction phase services, the Professional may be requested to act as agent of County. The Professional's review or supervision of work prepared or performed by other individuals or firms employed by the County shall not relieve those individuals or firms of complete responsibility for the adequacy of their work.

**SECTION 12.** The County may terminate this Agreement in whole or in part at any time the interest of the County requires such termination.

- a) If the County reasonably determines that the performance of the Professional is not satisfactory, the County shall have the option of:
  - 1) immediately terminating the Agreement and paying the Professional for work reasonably satisfactorily performed hereunder through the date of termination;
  - 2) notify the Professional of the deficiency, with a requirement that the deficiency be corrected within a reasonable specified time, otherwise the Agreement will be so terminated at the end of such time, and the Professional shall be paid for work satisfactorily completed to such specified date.
- b) If the County requires termination of the Agreement for reasons other than unsatisfactory performance of the Professional, the County shall notify the Professional of such termination and specify the state of work at which time the Agreement is to be terminated, and the Professional shall be entitled to receive payment of all work reasonably satisfactorily performed hereunder through the date of termination. An allowance for satisfactory work in progress but not yet completed shall be made.
- c) If the Agreement is terminated before performance is completed, the Professional shall be paid for work satisfactorily performed. Payment is to be on the basis of substantiated costs, not to exceed the percentage of the work performed.

**SECTION 13.** Adjustment of compensation and Contract time because of any major changes in the work that may become necessary or desirable as the work progresses shall be left to the absolute discretion of the County and supplemental Agreement(s) of such a nature as required may be entered into by the parties in accordance herewith.

**SECTION 14.** All words used herein in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words used in any gender shall extend to and include all genders.

Proof of insurance shall be provided to the County upon execution of this Agreement.

Additionally, the Professional shall procure and maintain Commercial General Liability insurance in the amount of \$1,000,000/\$2,000,000; \$1,000,000 for Auto; and Statutory amounts for Worker's Compensation coverage whenever Professional enters County property.

The Professional will also cause professional Specialists and/or Sub-Professionals retained by Professional for the project to procure and maintain comparable professional liability insurance coverage. Before commencing the work, the Professional shall furnish the County a certificate(s) showing compliance with this paragraph (Exhibit C). *Said certificate(s) shall provide that policy(s) shall not be changed or canceled until thirty (30) days prior written notice has been given to the County; Hernando County is named as additional insured as to Commercial General Liability and Certificate Holder must read: Hernando County Board of County Commissioners.*

**SECTION 16.** The Professional warrants that he has not employed or retained any company or person, other than a bona fide employee working solely for the Professional, to solicit or secure this Agreement, and that he has not paid or agreed to pay any person, company, corporation, individual or firm any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award or making of this Agreement. It is understood and agreed that the term "fee" shall also include brokerage fee, however denoted.

The Professional also agrees that it shall not publish, copyright, or patent any of the site-specific data furnished in compliance with this Agreement; it being understood that, under Paragraph 8 hereof, such data or information is the property of the County. The Professional agrees to incorporate the provisions of this paragraph in any subcontract into which it might enter with reference to the work performed.

**SECTION 19.** The County reserves the right to suspend, cancel, or terminate the Agreement in the event one or more of the Professional's Corporate Officers is indicted or has a direct information issued against him for any crime arising out of or in conjunction with any work being performed by the Professional for or on behalf of the County under this Agreement without penalty. It is understood and agreed that in the event of such termination, that reproducible copies of all tracings, plans, specifications, maps, and data prepared or obtained under this Agreement shall immediately be turned over to the County in conformity with the provisions of Paragraph 8 hereof. Contractor/Consultant/Professional is advised that the County has entered into an Agreement with U.S. Immigration and Customs Enforcement (ICE) wherein the County will, in part, seek to promote the principles of ethical business conduct, prevent the knowing hiring of unauthorized workers through self-governance, and encourage voluntary reporting of the discovery of unauthorized workers to ICE (the IMAGE Agreement). Accordingly, by submitting your Bid/Proposal, Contractor / Consultant / Professional represents and warrants (a) that the Contractor / Consultant / Professional is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States, (b) that all of the Contractor/Consultant/Professional employees are legally eligible to work in the United States, and (c) that the Contractor/Consultant/Professional has actively and affirmatively verified such eligibility utilizing the Federal Government's Employment Verification Eligibility Form (I-9 Form).

A mere allegation of Contractor/Consultant/Professional intent to use and/or current use of unauthorized workers may not be a basis to delay the County's award of a Contract to the Contractor/Consultant/Professional unless such an allegation has been determined to be factual by ICE pursuant to an investigation conducted by ICE prior to the date the Contract is scheduled to be awarded by the County.

Legitimate claims of the Contractor/Consultant/Professional use of unauthorized workers must be reported to both of the following agencies:

- (i) The County's Purchasing Contracts Department at (352) 754-4020: and
- (ii) ICE (Immigration and Customs Enforcement) at 1-866-DHS-2-ICE

In the event it is discovered that the Contractor/Consultant/Professional employees are not legally eligible to work in the United States, then the County may, in its sole discretion, demand that the Contractor/Consultant/Professional cure this deficiency within a specified time frame, and/or immediately terminate the Contract without any cost or penalty to the County, and/or debar the Contractor/Consultant/Professional from bidding on all County Contracts for a period up to twenty<sub>5</sub>four (24) months, and/or take any and all legal action deemed necessary and appropriate.

Contractor/Consultant/Professional is encouraged (but not required) to incorporate the following IMAGE Best Practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors:

1. Use the Department of Homeland Security employment eligibility verification program (E-Verify) to verify the employment eligibility of all new hires.
2. Use the Social Security Number Verification Service and make good faith effort to correct and verify the names and Social Security numbers of the current workforce.
3. Establish a written hiring and employment eligibility verification policy.
4. Establish an internal compliance and training program related to the hiring and employment verification process, to include, but not limited to, completion of Form I-9, how to detect fraudulent use of documents in the verification process, and how to use E-Verify and the Social Security Number Verification Service.
5. Require the Form I-9 and E-Verify process to be conducted only by individuals who received appropriate training and include secondary review as to each employee's verification to minimize the potential for a single individual to subvert the process.
6. Arrange for annual Form I-9 audits by an external auditing firm or a trained employee not otherwise involved in the Form I-9 process.
7. Establish a procedure to report to ICE credible information of suspected criminal misconduct in the employment eligibility verification process.
8. Establish a program to assess Sub-Contractors' compliance with employment eligibility verification requirements. Encourage Contractors to incorporate the IMAGE Best Practices contained in this Article and, when practicable, incorporate the verification requirements in subcontractor Agreements.
9. Establish a protocol for responding to letters received from Federal and State government agencies indicating that there is a discrepancy between the agency's information and the information provided by the employer or employee; for example, "no match" letters received from the Social Security Administration.
10. Establish a tip line mechanism (inbox, e-mail, etc.) for employees to report activity relating to the employment of unauthorized workers, and a protocol for responding to employee tips.
11. Establish and maintain appropriate policies, practices, and safeguards against use of the verification process for unlawful discrimination, and to ensure that U.S. Citizens and authorized workers do not face discrimination with respect to hiring, firing, recruitment, or referral for a fee because of citizenship status or national origin.
12. Maintain copies of any documents accepted as proof of identify and/or employment authorization for all new hires.

## 9. SUPPLEMENTARY FEDERAL AND STATE CONDITIONS

### 9.1. ACCESS TO RECORDS 2 C.F.R. 200.336

- A. Records of non-Federal entities. Hernando County, the Florida Department of Economic Opportunity, Chief Financial Officer of the State of Florida, the Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability, the Housing Authority, U.S. Department of Housing and Urban Development, Inspectors General, the Comptroller General of the United States, and any of their authorized representatives, must have the right of access to any documents, papers, or other records of the non-Federal entity which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the non-Federal entity's personnel for the purpose of interview and discussion related to such documents.
- B. Only under extraordinary and rare circumstances would such access include review of the true name of victims of a crime. Routine monitoring cannot be considered extraordinary and rare circumstances that would necessitate access to this information. When access to the true name of victims of a crime is necessary, appropriate steps to protect this sensitive information must be taken by both the non-Federal entity and the Federal awarding agency. Any such access, other than under a court order or subpoena pursuant to a bona fide confidential investigation, must be approved by the head of the Federal awarding agency or delegate.
- C. Expiration of right of access. The rights of access in this section are not limited to the required retention period but last as long as the records are retained. Federal awarding agencies and pass-through entities must not impose any other access requirements upon non-Federal entities

### 9.2. RESTRICTIONS ON PUBLIC ACCESS TO RECORDS 2 C.F.R. § 200.337

No Federal awarding agency may place restrictions on the non-Federal entity that limit public access to the records of the non-Federal entity pertinent to a Federal award, except for protected personally identifiable information (PII) or when the Federal awarding agency can demonstrate that such records will be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) or controlled unclassified information pursuant to Executive Order 13556 if the records had belonged to the Federal awarding agency. The Freedom of Information Act (5 U.S.C. 552) (FOIA) does not apply to those records that remain under a non-Federal entity's control except as required under §200.315 Intangible property. Unless required by Federal, state, local, and tribal statute, non-Federal entities are not required to permit public access to their records. The non-Federal entity's records provided to a Federal agency generally will be subject to FOIA and applicable exemptions.

### 9.3. RETENTION OF RECORDS

The contractor/consultant shall retain all records relating to this contract for six (6) years after Hernando County makes final payment and all other pending matters are closed.

9.4. [EQUAL EMPLOYMENT OPPORTUNITY \(EEO\) 2 C.F.R. § 200, Appendix II\(C\), 41 C.F.R. § 60-1.4, 41 CFR § 60-4.3, Executive Order 11246](#)

*Applies to all contracts.*

- A. During the performance of this contract, the contractor agrees as follows:
1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:
    - a. Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
  2. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
  3. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
  4. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
  5. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

6. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
7. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
8. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:
  - a. *Provided*, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
- B. The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.
- C. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

- D. The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The successful bidder, by administering each lower tier subcontract that exceeds \$25,000 as a “covered transaction”, must verify each lower tier participant of a “covered transaction” under the project is not presently debarred or otherwise disqualified from participation in this federally assisted project. Upon termination of the Agreement, the Consultant must deliver to Hernando County all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by the Engineer under this contract, whether complete or partially complete.
  3. Owner agrees to make just and equitable compensation to the Consultant for satisfactory work completed up through the date the Consultant receives the termination notice. Compensation will not include anticipated profit on non-performed services.
  4. Owner further agrees to hold Consultant harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.
  5. If, after finalization of the termination action, Hernando County determines the Consultant was not in default of the Agreement, the rights and obligations of the parties shall be the same as if Hernando County issued the termination for the convenience of Hernando County.
- D. Termination by Consultant:
1. The Consultant may terminate this Agreement in whole or in part, if Hernando County:
    - a. Defaults on its obligations under this Agreement;
    - b. Fails to make payment to the Consultant in accordance with the terms of this Agreement;
    - c. Suspends the Project for more than [180] days due to reasons beyond the control of the Consultant.
  2. Upon receipt of a notice of termination from the Consultant, Owner agrees to cooperate with Consultant for the purpose of terminating the agreement or portion thereof, by mutual consent. If Owner and Consultant cannot reach mutual agreement on the termination settlement, the Consultant may, without prejudice to any rights and remedies it may have, proceed with terminating all or parts of this Agreement based upon Hernando County's breach of the contract.

3. In the event of termination due to Owner breach, the Engineer is entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all justified reimbursable expenses incurred by the Consultant through the effective date of termination action. Owner agrees to hold Consultant harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.
