Any materials purchased by the County pursuant to such Agreements or assignments will be referred to as "Owner Direct Purchases" (ODP) and is a method that may be utilized to create saving for the County. The responsibilities of both the County and the Vendor/Contractor relating to such ODP will be governed by the terms and conditions of these Owner Direct Purchase Conditions, which will take precedence over other conditions and terms of the Contract Documents where inconsistencies or conflicts exist. Owner Direct Purchases shall be made in accordance with Florida Administrative Code Rule 12A-1.094.
- 73.1. Material suppliers shall be selected by Vendor/Contractor using competitive bidding/proposals. Supply Contracts shall be awarded by the Vendor/Contractor to the supplier whose Bid/Proposal is most advantageous to the County, price and other factors considered.
 - 73.2. The Vendor/Contractor shall include the price for all construction materials in lump sum price in bid. Bidder shall also include all **Florida State sales** and other taxes normally applicable to such material and equipment. The County may consider purchasing any item but does not expect to issue purchase orders for less than \$5,000. County-Purchasing of selected construction materials will be administered on a deductive Change Order basis.
 - 73.3. Vendor/Contractor shall provide County a list of all intended suppliers, vendors, and material men for consideration as ODP. This list shall be submitted at the same time as the preliminary schedule of values and the project CPM schedule. The Vendor/Contractor shall submit price quotes from the vendors, as well as a description of the materials to be supplied, estimated quantities and prices.
 - 73.4. Upon request from County, and in a timely manner, Vendor/Contractor shall prepare a Purchasing Requisition Request Form which shall, in form and detail acceptable to County, specifically identify the materials which County may, in its discretion, elect to purchase directly. The Purchasing Requisition Request Form shall include:
 - 73.4.1. the name, address, telephone number and contact person for the material supplier
 - 73.4.2. manufacturer or brand, model or specification number of the item

The purchase order shall be sent to the Vendor/Contractor with a copy sent to the Vendor/Contractor. Pursuant to the Purchase Order, the Vendor/Contractor will provide the required quantities of material at the price established in the Vendor/Contractor's quote to the Vendor/Contractor, excluding any sales tax associated with such price. The Project Manager shall be the approving authority for the County on Purchase Orders in conjunction with ODP. The Purchase Order shall also require the delivery of the ODP on the delivery dates provided by the Vendor/Contractor in the Purchasing Requisition Request Form.
- 73.6.** In conjunction with the execution of the Purchase Orders by the suppliers, Vendor/Contractor shall execute and deliver to County one or more deductive Change Orders, referencing the full value of all ODP to be provided by each supplier from whom the County elected to purchase material directly, plus all sales taxes associated with such materials in Vendor/Contractor's bid to County, plus any savings to Vendor/Contractor in the cost of Payment and Performance Bonds associated with such ODP. To compensate the Vendor/Contractor for the warranty enforcement obligation the Vendor/Contractor's overhead and profit associated with ODP shall not be deducted from the Contract. - 73.7.** Vendor/Contractor shall be fully responsible for all matters relating to the procurement of materials furnished by and incorporated into the Project in accordance with these Supplementary Conditions including, but not limited to, assuring the correct quantities, placing the order in a timely manner, and assuring coordination of purchases, providing and obtaining all warranties and guarantees required by the Contract Documents, inspection and acceptance of the goods at the time of delivery. The Vendor/Contractor shall coordinate delivery schedules, sequence of delivery, loading orientation, and other arrangements normally required by the Vendor/Contractor for the particular materials furnished. The Vendor/Contractor shall provide all services required for the unloading, handling and storage of materials through installation. The County assumes the risk of loss of building material through their incorporation into the installation.
- 73.8.** As ODP are delivered to the jobsite, the Vendor/Contractor shall visually inspect all shipments from the suppliers, and sign off on the receiving reports for material delivered. The Vendor/Contractor shall assure that each delivery of ODP is accompanied by documentation adequate to identify the Purchase Order against which the purchase is made. This documentation may consist of a delivery ticket and an invoice from the supplier conforming to the Purchase Order together with such additional information as the County may require. The Vendor/Contractor will then forward the receiving report to the County Project Manager to match up with the invoice for payment.
- 73.9.** The Vendor/Contractor shall insure that ODP conform to the Specifications, and determine prior to incorporation into the Work if such materials are patently defective, and whether such materials are identical to the materials ordered and match the description on the bill of lading. If the Vendor/Contractor discovers defective or non-conformities in ODP upon such visual inspection, the Vendor/Contractor shall not utilize such nonconforming or defective materials in the Work and

instead shall promptly notify the County of the defective or nonconforming condition so that repair or replacement of those materials can occur without any undue delay or interruption to the Project. If the Vendor/Contractor fails to perform such inspection and otherwise incorporates into the work such defective or nonconforming ODP, the condition of which it either knew or should have known by performance of an inspection, Vendor/Contractor shall be responsible for all damages to County resulting from Vendor/Contractor's incorporation of such materials into the Project, including liquidated or delay damages.

- 73.10.** The Vendor/Contractor shall maintain records of all ODP it incorporates into the Work from the stock of ODP in its possession. The Vendor/Contractor shall account monthly to the County for any ODP delivered into the Vendor/Contractor's possession, indicating portions of all such materials which have been incorporated into the work.
- 73.11.** The Vendor/Contractor shall be responsible for obtaining and managing all warranties and guarantees for all materials and products as required by the Contract Documents. All repair, maintenance or damage-repair calls shall be forwarded to the Vendor/Contractor for resolution with the appropriate supplier, vendor, or Sub-contractor. Additionally, ODP items shall be warranted by the Vendor/Contractor as part of the Vendor/Contractor's warranty. The Vendor/Contractor agrees and understands that it shall undertake all warranty enforcement and other related duties of the County for its Owner Direct Purchase equipment and materials. These duties shall be governed by and carried out pursuant to Section 1740 of Exhibit A, Bid Specifications. To that end, the Vendor/Contractor expressly agrees it shall make no distinction in discharging such warranty duties under Section 1740 between Owner Direct Purchase equipment and materials and equipment and materials otherwise supplied by the Vendor/Contractor.
- 73.12.** Notwithstanding the transfer of ODP by the County to the Vendor/Contractor's possession, the County shall retain legal and equitable title to any and all ODP.
- 73.13.** The transfer of possession of ODP from the County to the Vendor/Contractor shall constitute a bailment for the mutual benefit of the County and the Vendor/Contractor. The County shall be considered the bailor and the Vendor/Contractor the bailee of the ODP. ODP shall be considered returned to the County for purposes of their bailment at such time as they are incorporated into the Project.
- 73.14.** The County shall purchase and maintain builders risk insurance sufficient to protect against any loss of or damage to ODP. Such insurance shall cover the full value of any ODP not yet incorporated into the Project during the period between the time the County first takes title to any of such ODP and the time when the last of such is incorporated into the Project. The Vendor/Contractor shall purchase and maintain builders' risk, all risk, insurance based on the completed value of project, less the County's ODP values. The Vendor/Contractor must name Hernando County as additional insured on its policy.
- 73.15.** The County shall in no way be liable for any interruption or delay in the Project, for any defects or other problems with the Project, or for any extra costs resulting from any delay in the delivery of, or defects in, ODP. Vendor/Contractor's sole or exclusive remedy shall be an extension of the Contract Time for such reasonable time as determined by Project Manager.
- 73.16.** Vendor/Contractor shall be required to review invoices submitted by all suppliers of ODP delivered to the project sites and either concur or object to the County's issuance of payment to the suppliers, based upon Vendor/Contractor's records of materials delivered to the site and any defects detected in such materials.
- 73.17.** In order to arrange for the prompt payment to the supplier, prompt submittal of a copy of the applicable Purchase Order as receiving report, invoices, delivery tickets, written acceptance of the delivered items, and such other documentation as may be reasonably required by the County. Upon receipt of the appropriate documentation, the County shall prepare a check drawn to the supplier based upon the data provided. This check will be released and remitted directly to the supplier. The Vendor/Contractor agrees to assist the County to immediately obtain partial or final release of waivers as appropriate.

73.18. At the end of the project Vendor/Contractor will be provided with a deductive Change Order for the costs incurred by County to provide all ODP, not covered by previous change orders. Salvage materials shall be stored or removed from the site at the County's direction, or may be turned over to the Vendor/Contractor by the County for salvage or disposal at the Vendor/Contractor's option.
